Welcome to the University of Arkansas

This catalog of studies is a comprehensive reference for your years of study – a list of degrees and courses offered at the University of Arkansas. In addition, it gives you valuable information such as suggested and required degree plans and information about costs, scholarships and financial assistance, and campus resources. Read it with pleasure and with care.

Take every opportunity to consult your academic adviser to ensure that you are taking advantage of courses and university resources that will help you reach your educational and career goals and graduate on time. If you are not sure where to find your academic adviser, contact the dean's office of your college; the phone numbers are listed under Contact Information (p. 44). If your major is "undecided," contact the advising office in the J. William Fulbright College of Arts and Sciences at 479-575-3307.

Remember, the University of Arkansas is committed to your success. The faculty and staff are here to support you as you work to achieve your goals. Ask for help and advice whenever you need it.

The University of Arkansas is committed to the policy of providing educational opportunities to all qualified students regardless of their economic or social status and will not discriminate on the basis of race, color, sex, creed, sexual orientation, disability, veteran's status, age, marital or parental status, or national origin.

General Information

Vision

The University of Arkansas represents the best of public higher education, advancing Arkansas while building a better world.

Mission

The University of Arkansas is determined to build a better world by providing transformational opportunities and skills, promoting an inclusive and diverse culture, nurturing creativity, and solving problems through research and discovery, all in service to Arkansas.

Since 1871, our fundamental purpose as a land-grant institution and state flagship remains unchanged — to serve the state of Arkansas as a partner, resource and catalyst by:

- Providing access to a comprehensive and internationally competitive public education, and fostering student success across a wide spectrum of disciplines.
- Utilizing research, discovery and creative activity to improve the quality of life, develop solutions to the challenges we face and drive the state's economy.
- Contributing service and expertise through outreach, engagement and collaboration.

Quick Facts

- **Location:** Fayetteville, Arkansas
- **Founded:** 1871
- **Enrollment:** 27,778 (Fall 2018)
- **Average ACT:** 26
- **Average high school GPA:** 3.72

Got to the university's Quick Facts page (<https://www.uark.edu/about/quick-facts.php>) for more information.

History

Founded in 1871 as a land-grant college and state university, the University of Arkansas established its campus on a hilltop overlooking the Ozark Mountains. There were few facilities and little money that first academic year, but the eight students and three faculty members who gathered for the first classes in January 1872 showed the same dedication to learning and commitment to excellence that has carried the University of Arkansas into the 21st century.

More than 147 years later, the university's enrollment has passed 27,000, and its students represent all 75 counties of Arkansas, all 50 states and 120 countries. The university is the state's foremost partner and resource for education and economic development. It serves as the major provider of graduate-level instruction in Arkansas. And its public service activities reach every county in Arkansas, throughout the nation, and around the world. Read a fuller history of the university (<https://www.uark.edu/about/history.php>).

The University of Arkansas has 10 colleges and schools offering more than 200 academic programs including bachelor's degrees in 75 areas of study. The university maintains a low student-to-faculty ratio of 19:1 that promotes personal attention and mentoring opportunities. Individual classes may range from a large general-lecture class of more than 400 to a focused special-topics class of 4 or 5 students. U of A students are given the tools and encouragement needed to excel. Over the last 15

years, Arkansas students have become Rhodes, Gates Cambridge, Madison, Marshall, Goldwater, Fulbright, Boren, Gilman and Truman scholars. More than 120 students have received National Science Foundation Graduate Research Fellowships.

Students pursue a broad spectrum of academic programs leading to baccalaureate, master's, doctoral, and professional degrees, not only in traditional disciplines within arts, humanities, social sciences, and natural sciences, but also in the core professional areas of agricultural, food and life sciences; architecture; business; education; engineering; nursing; human environmental sciences; and law.

Students may also pursue a wide range of graduate degrees, including the Master's, the Educational Specialist, the Doctor of Education, and the Doctor of Philosophy.

As you make your way around campus, you're sure to notice something unique about many of the sidewalks. Historic Senior Walk showcases the names of more than 175,000 University of Arkansas graduates, grouped by year of graduation starting with the Class of 1876. A long tradition in both time and mileage, it's concrete proof of the university's commitment to students.

You won't be able to discover everything the university has to offer in a day, but here are a few attractions that you don't want to miss.

- **The Arkansas Union** — A primary gathering place for more than 40 years, the Arkansas Union serves as a place for students to attend educational and cultural events, access campus resources, eat, study and just meet friends between classes. The facility offers a food court, fitness center, technology center, bank, post office, Razorback shop, art gallery, theatre and much more.
- **Jim and Joyce Faulkner Performing Arts Center** — The university's old Field House, in which such legendary performers as Chuck Berry, Louis Armstrong and Peter, Paul and Mary have performed, was renovated recently into a 600-seat acoustically tuned performance hall. More than 200 musical concerts, operas and theatrical performances occur in the course of each year.
- **Chi Omega Greek Theatre** — The Chi Omega Greek Theatre, based on the designs of ancient Greece, is a popular place for concerts, pep rallies or just catching some rays between classes. Chi Omega, founded at the U of A in 1895 and now the largest women's fraternity in the nation, donated the Greek Theatre in 1930.
- **Fulbright Peace Fountain and Statue** — These two impressive landmarks commemorate the legacy of the late U.S. Senator J. William Fulbright, a graduate and former president of the University of Arkansas. Fulbright famously helped create the Fulbright Scholarship Program, the largest international exchange program of its kind. Internationally renowned architect E. Fay Jones, a U of A graduate and former dean of the School of Architecture, designed the Peace Statue.
- **Old Main** — This architectural centerpiece of campus opened for classes in 1875, making it the oldest building at the University of Arkansas. Visit the restored classrooms, take a closer look at the inner workings of the tower clock on the fourth floor and enjoy the shade of the trees on the Old Main Lawn.
- **The Inn at Carnall Hall** — Built in 1905, the first women's residence hall on campus is now a historic inn. The Inn at Carnall Hall is also home to the award-winning Ella's Restaurant and Lambeth Lounge, the perfect spot for a little R&R on campus.
- **The Fine Arts Center** — Designed by renowned architect Edward Durrell Stone, the Fine Arts Center at the University of Arkansas was

the first complex to integrate the fine arts — theatre, music and art — in one building with the intention that students from each discipline would be inspired by each other. The center houses the University of Arkansas Theatre, the Fine Arts Gallery and the Stella Boyle Smith Concert Hall.

- **Silas Hunt Memorial Sculpture** — Near Old Main, you'll find this tribute to the first black student to integrate a major Southern public university since Reconstruction. A veteran of World War II, Hunt was admitted without litigation into the University of Arkansas School of Law in 1948.
- **Pi Beta Phi Centennial Gate** — A new landmark, the gate serves as a formal entrance to the university's historic core. The striking entranceway was a gift, commemorating the first 100 years of Pi Beta Phi on campus.
- ***Il Porcellino*** — This wild boar statue with fountain is a replica of the original *Il Porcellino*, in Florence, Italy. The Italian title of the statue means "piglet" and comes from the local Florentine nickname for the statue. One of many Razorback tributes on campus!
- **Razorback Stadium/Hall of Champions Museum** — Donald W. Reynolds Razorback Stadium is one of the finest collegiate football facilities in the nation and home to the Jerry Jones/Jim Lindsey Hall of Champions Museum, located in the Frank Broyles Athletic Center. Bud Walton Arena houses two more athletic museums.
- **Walmart On Campus** — The nation's first Walmart on Campus is also the smallest Walmart in the country. It's located in the Garland Center, which also includes the U of A Bookstore as well as boutiques, salons and dining options.

The campus features many other landmarks and noteworthy facilities including the Clinton House, the small brick home on campus in which future President Bill Clinton and future Secretary of State Hillary Rodham Clinton lived while both served on the U of A's law school faculty.

Fayetteville is routinely considered among the country's finest college towns, and the area is regularly ranked as one of the best places in the United States to live, raise a family, work, play and retire. A thriving city of 77,000, Fayetteville is located in the hilly northwest corner of the state and has been named one of the top 5 cities in America the last two years by *U.S. News & World Report*.

Quickly gaining recognition as a nationwide center for arts and culture, the region is home to Crystal Bridges Museum of American Art. This world-class museum features a permanent collection of art spanning five centuries, from the Colonial era to the current day. The collection includes several works considered masterpieces. Crystal Bridges also offers miles of wilderness trails and a unique dining experience. If that's not enough, admission is free. Another major cultural amenity, the Walton Arts Center, is located just two blocks from campus, where Broadway touring shows appear regularly.

Dickson Street, one of the state's most popular entertainment districts, is also just a short walk from campus. A part of Fayetteville's downtown historic district, Dickson Street offers a variety of restaurants, boutiques, galleries, and clubs unique to the area. Fayetteville's historic square, College Avenue and the area around the Northwest Arkansas Mall are also great places for shopping and dining. The Fayetteville Farmers' Market, an area tradition since 1974, was recently named one of "America's Favorite Farmers' Markets."

Nearby Rogers offers the region's newest open-air shopping experience with many of the nation's most popular shops and eateries. And Eureka Springs, a Victorian mountain village known as the "Little Switzerland of

the Ozarks," offers more than 100 specialty shops and 70 restaurants about 45 minutes from campus.

Arkansas is a natural wonder of forests, mountains and lakes framed by picturesque rivers and streams. Some of the nation's best outdoor amenities and most spectacular hiking trails are within a short drive of campus. Devil's Den State Park is a short distance south of Fayetteville. Beaver Lake is 30 minutes to the northeast. Hawksbill Crag and the Buffalo National River, America's first National River and one of the few remaining undammed rivers in the lower 48 states, are an hour's drive to the east. The Razorback Greenway, a 36-mile bicycle route, runs from campus north to Bella Vista. Even closer to campus, Fayetteville's Botanical Garden of the Ozarks offers another outdoor option.

Northwest Arkansas is one of the most economically stable regions in the nation and serves as the base of operations for Walmart, Tyson Foods Inc. and J.B. Hunt Transport Services. Because of their presence, many other corporations have established primary or secondary headquarters in the region. Their close proximity to the U of A campus, along with their executives' and employees' active involvement in university life, offers students and faculty exceptional opportunities for research partnerships, internships, and post-graduation employment.

The Northwest Arkansas Regional Airport has direct flights to most major metropolitan areas, including Atlanta, Chicago, Cincinnati, Charlotte, Dallas, Denver, Houston, Las Vegas, Los Angeles, Minneapolis, San Francisco, New York, Newark and Orlando; and, Fayetteville is within a day's drive of several larger metropolitan areas, including Dallas, Kansas City, Little Rock, Memphis, St. Louis and Tulsa.

Academic Calendar

Summer 2019/May Intercession

May Intercession 2019 - (10 Class Days/1 Final Day)

Classes will meet on Saturday, May 18

Date	Description
May 13	Classes Begin
May 13	Last day to register, add a course, or change from audit to credit
May 14	Last day to drop without a mark of "W" or change from credit to audit
May 20	Last day to drop a May Intercession class with a "W"
May 23	Last day to officially withdraw from the May Intercession
May 23	Last day of classes for the May Intercession
May 25	Final Exams

Summer Session 2019 - 10 Week (48 Class Days)

Date	Description
May 27	Memorial Day Holiday
May 28	Classes Begin
May 30	Last day to register, add a course, or change from audit to credit
June 5	Last day to drop without a mark of "W" or change from credit to audit
July 4	Independence Day Holiday
July 12	Last day to drop a 10 Week class with a "W"
August 2	Last day to officially withdraw from the 10 Week session
August 3	Last day of classes for the 10 Week session

Summer Session 2019 - First 5 Week (24 Class Days)

Date	Description
May 27	Memorial Day Holiday
May 28	Classes Begin
May 29	Last day to register, add a course, or change from audit to credit
May 31	Last day to drop without a mark of "W" or change from credit to audit
June 19	Last day to drop a First 5 Week class with a "W"
June 27	Last day to officially withdraw from the First 5 Week session
June 28	Last day of classes for the First 5 Week session

Summer Session 2019 - Second 5 Week (24 Class Days)

Date	Description
May 27	Memorial Day Holiday
July 1	Classes Begin
July 2	Last day to register, add a course, or change from audit to credit
July 3	Last day to drop without a mark of "W" or change from credit to audit
July 4	Independence Day Holiday
July 24	Last day to drop a Second 5 Week class with a "W"
August 1	Last day to officially withdraw from the Second 5 Week session
August 2	Last day of classes for the Second 5 Week session

Summer Session 2019 - 8 Week (37 Class Days)

Date	Description
May 27	Memorial Day Holiday
May 28	Classes Begin
May 30	Last day to register, add a course, or change from audit to credit
June 3	Last day to drop without a mark of "W" or change from credit to audit

July 4	Independence Day Holiday
July 5	Last day to drop an 8 Week session class with a "W"
July 17	Last day to officially withdraw from the 8 Week session
July 18	Last day of classes for the 8 Week session

Fall 2019/August Intercession

August Intercession 2019 - (10 Class Days/1 Final Day)

Classes will meet on Saturday, August 10

Date	Description
August 5	Classes Begin
August 5	Last day to register, add a course, or change from audit to credit
August 6	Last day to drop without a mark of "W" or change from credit to audit
August 12	Last day to drop an August Intercession class with a "W"
August 15	Last day to officially withdraw from the August Intercession
August 15	Last day of classes for the August Intercession
August 16	Final Exams

Fall 2019 - (73 Class Days; 43 MWF, 30 TT)

Date	Description
August 26	Classes Begin
August 30	Last day to register, add a course, or change from audit to credit
September 2	Labor Day Holiday
September 9	Last day to drop without a mark of "W" or change from credit to audit
October 21-22	Fall Break (student break; University offices will be open)
November 4	Priority Registration for Spring 2019 begins for currently enrolled students
November 22	Last day to drop a full semester class with a "W"
November 27	Thanksgiving Break (student break; University offices will be open)
November 28-29	Thanksgiving Holiday
December 12	Last day to officially withdraw from all classes
December 12	Last day of classes for fall semester
December 13	Dead Day
December 16-19	Final Exams
December 21	Commencement

2020 Academic Calendar

January 2020/January Intercession

January Intercession 2020 - (8 Class Days/1 Final Day)

Classes will meet on Saturday, January 5

Date	Description
January 2	Classes Begin
January 2	Last day to register, add a course, or change from audit to credit
January 3	Last day to drop without a mark of "W" or change from credit to audit
January 9	Last day to drop a January Intercession class with a "W"
January 10	Last day to officially withdraw from the January Intercession
January 10	Last day of classes for the January Intercession
January 11	Final Exams

Spring 2020 - (73 Class Days; 43 MWF, 30 TT)

Date	Description
January 13	Classes Begin
January 17	Last day to register, add a course, or change from audit to credit
January 20	Martin Luther King Day

January 27	Last day to drop without a mark of "W" or change from credit to audit
March 23-27	Spring Break Week
March 30	Priority Registration for Summer and Fall 2020 terms begins for currently enrolled students
April 17	Last day to drop a full semester class with a "W"
April 30	Last day to officially withdraw from all classes
April 30	Last day of classes for spring semester
May 1	Dead Day
May 4-7	Final Exams
May 8-9	Commencement
May 16	Law School Commencement

Summer 2020/May Intercession

May Intercession 2020 - (10 Class Days/1 Final Day)

Classes will meet on Saturday, May 18

Date	Description
May 11	Classes Begin
May 11	Last day to register, add a course, or change from audit to credit
May 12	Last day to drop without a mark of "W" or change from credit to audit
May 18	Last day to drop a May Intercession class with a "W"
May 21	Last day to officially withdraw from the May Intercession
May 21	Last day of classes for the May Intercession
May 22	Final Exams

Summer Session 2020 - 10 Week (48 Class Days)

Date	Description
May 25	Memorial Day Holiday
May 26	Classes Begin
July 4	Independence Day Holiday
July 31	Last day of classes for the 10 Week session

Summer Session 2020 - First 5 Week (24 Class Days)

Date	Description
May 25	Memorial Day Holiday
May 26	Classes Begin
June 26	Last day of classes for the First 5 Week session

Summer Session 2020 - Second 5 Week (24 Class Days)

Date	Description
June 29	Classes Begin
July 3	Independence Day Holiday
July 31	Last day of classes for the Second 5 Week session

Summer Session 2020 - 8 Week (37 Class Days)

Date	Description
May 25	Memorial Day Holiday
May 26	Classes Begin
July 3	Independence Day Holiday
July 16	Last day of classes for the 8 Week session

Board of Trustees

The trustees of the University of Arkansas System are appointed by the governor of Arkansas to 10-year overlapping terms. The board sets policy for the University of Arkansas as well as other universities, colleges and institutes within the system.

John Goodson, chair

John Goodson of Texarkana is a law partner at Keil & Goodson, P.A. He earned his bachelor's degree in 1987 and law degree in 1989 from the University of Arkansas. His term expires in 2021.

Mark Waldrip, vice chair

Mark Waldrip of Moro is owner of East Arkansas Seeds Inc. and Armor Seed LLC, companies that develop and sell soybeans, wheat, rice and corn. He also owns and manages Waldrip Farms Inc., a several thousand acre family farm. Waldrip is a 1977 graduate of the University of Arkansas. His term expires in 2020.

Morril Harriman, secretary

Morril Harriman of Little Rock has served as Governor Mike Beebe's chief of staff since Beebe took office in 2007. Prior to that, Harriman served 16 years in the Arkansas Senate. He earned both his bachelor and law degrees from the University of Arkansas. His term expires in 2024.

Kelly Eichler, assistant secretary

Kelly Eichler of Little Rock is the public policy director for Gov. Asa Hutchinson. She previously served as a deputy prosecutor for Pulaski County and on the Arkansas Board of Corrections. She earned a bachelor's degree from the University of Arkansas and a law degree from the University of Arkansas at Little Rock Bowen School of Law. Her term expires in 2026.

Stephen Broughton

Dr. Stephen Broughton of Pine Bluff is a staff psychiatrist for the Southeast Arkansas Behavioral Health System. Broughton earned his bachelor's degree from the University of Arkansas at Pine Bluff and completed his medical education at the University of Arkansas for Medical Sciences. His term expires in 2022.

C.C. "Cliff" Gibson III

C.C. "Cliff" Gibson III of Monticello is founder of Gibson and Keith Law Firm and serves as county attorney for Drew County, Ark. The former president of the Monticello Economic Development Commission, Gibson attended the University of Arkansas at Monticello and earned his Juris Doctor at the UALR Bowen School of Law. His term expires in 2023.

Sheffield Nelson

Sheffield Nelson of Little Rock is a retired president and chief executive office of Arkla Gas. He has served on the board of the Arkansas Department of Higher Education and the Arkansas Game and Fish Commission. Nelson earned his undergraduate degree from Arkansas State Teachers College, now the University of Central Arkansas, and his law degree from the University of Arkansas. His term expires in 2025.

Tommy Boyer

Tommy Boyer, of Fayetteville, graduated from the University of Arkansas, Fayetteville in 1964, where he was also an All-American basketball player. He retired from the Eastman Kodak Company in 1989, and founded Micro Images in Amarillo, Texas. Within two years, Micro Images had become the largest Kodak document imaging systems broker and reseller in the United States. Boyer was inducted into the Arkansas Business Hall of Fame in 2013 and the Arkansas Sports Hall of Fame in 2000. His term expires in 2027.

Steve Cox

Steve Cox of Jonesboro graduated from the University of Arkansas in 1982 after having earned All Southwest Conference and All America honors during his football career as a punter and kicker, later playing in the NFL for the Cleveland Browns and Washington Redskins. He rose through the ranks of banking before becoming a managing partner at Rainwater and Cox LLC, which oversees ownership and management of an array of commercial, hotel and agricultural properties. His term expires in 2028.

Ed Fryar

Edward Fryar Jr. of Rogers is a graduate and former professor of the University of Arkansas. He earned degrees in economics and agricultural economics and was a professor of agricultural economics for more than 13 years. He co-founded Ozark Mountain Poultry in Rogers in 2000, which grew from 15 employees to more than 1,800 before selling it in 2018. He was inducted into the Arkansas Agriculture Hall of Fame in 2019. His term expires in 2029.

Administrative Officers

System Administration

President, University of Arkansas System — Donald Bobbitt, B.S., Ph.D.

Chancellor and Vice Chancellors

Chancellor, University of Arkansas — Joseph E. Steinmetz, B.S., M.A., Ph.D.

Provost and Executive Vice Chancellor for Academic Affairs — Jim Coleman, B.S., M.S., M.Phil., Ph.D.

Vice Chancellor for Diversity and Inclusion — Yvette Murphy-Erby, B.A., M.S.W., Ph.D.

Vice Chancellor for Economic Development — Stacy L. Leeds, B.A., M.B.A., LL.M., J.D.

Vice Chancellor for Finance and Administration — Chris McCoy, B.S.Comp.S., M.B.A., M.Eng.

Vice Chancellor for Government and Community Relations — Randy Massanelli, B.S.B.A.

Vice Chancellor for Intercollegiate Athletics — Hunter R. Yurachek, B.S., M.A.

Vice Chancellor for Research and Innovation — Dan Sui, B.S., M.S., Ph.D.

Vice Chancellor for Student Affairs — Charles F. Robinson II, B.A., M.A., Ph.D.

Vice Chancellor for University Advancement — Mark Power, B.A.

Deans and Vice Provosts

Dean of Honors College — Lynda Coon, B.A., M.A., Ph.D.

Dean of Dale Bumpers College of Agricultural, Food and Life Sciences — Deacue Fields III, B.S., M.S., Ph.D.

Dean of Fay Jones School of Architecture and Design — Peter MacKeith, B.A., M.Arch.

Dean of J. William Fulbright College of Arts and Sciences — Todd Shields, B.A., M.A., Ph.D.

Dean of Sam M. Walton College of Business — Matt Waller, B.S., M.S., Ph.D.

Dean of College of Education and Health Professions — Brian Primack, B.A., Ed.M., M.D., M.S., Ph.D.

Dean of College of Engineering — John English, B.S.E.E., M.S.O.R., Ph.D.

Dean of Graduate School and International Education — Kimberly LaScola Needy, B.S.I.E., M.S.I.E., Ph.D.

Dean of School of Law — Margaret Sova McCabe, B.A., J.D.

Dean of Students — Melissa Harwood-Rom, B.A., M.F.A., M.S.Ag.E.

Dean of University Libraries — Dennis T. Clark, B.A., M.L.S.

Dean of Admissions and Vice Provost for Enrollment Services — Suzanne McCray, B.A., M.A., Ph.D.

Vice Provost for Academic Affairs — Terry Martin, B.S.E.E., M.S.E.E., Ph.D.

Vice Provost for Distance Education — Donald Judges, B.A., J.D., Ph.D.

Vice Provost for Faculty Development and Enhancement — Ro Di Brezzo, B.S., M.S., Ph.D.

Vice Provost for Planning — Colleen Briney, B.A., M.S.

University Profile

Vision

The University of Arkansas represents the best of public higher education, advancing Arkansas while building a better world.

Mission

The University of Arkansas is determined to build a better world by providing transformational opportunities and skills, promoting an inclusive and diverse culture, nurturing creativity, and solving problems through research and discovery, all in service to Arkansas.

Since 1871, our fundamental purpose as a land-grant institution and state flagship remains unchanged — to serve the state of Arkansas as a partner, resource and catalyst by:

- Providing access to a comprehensive and internationally competitive public education, and fostering student success across a wide spectrum of disciplines.
- Utilizing research, discovery and creative activity to improve the quality of life, develop solutions to the challenges we face and drive the state's economy.
- Contributing service and expertise through outreach, engagement and collaboration.

History

Founded as a land-grant college and state university in 1871, the University of Arkansas opened its doors to students on January 22, 1872. Under the Morrill Land-Grant College Act of 1862, federal land sales provided funds for the new university, which was charged with teaching “agricultural and the mechanic arts,” “scientific and classical studies,” and “military tactics” to Arkansas scholars.

Statewide elections, held to establish bonds to help finance the university, eventually determined the school's location. Washington County and the city of Fayetteville submitted the highest bid, a total of \$130,000, to which was added a \$50,000 state appropriation for the benefit of the institution and \$135,000 from the sale of federal lands. With \$12,000 of this money, the university purchased a 160-acre farm, the homestead of William and Martha McIlroy, and established its campus on a hilltop overlooking the Ozark Mountains.

There were few facilities and little money that first academic year, but the eight students and three faculty members who gathered for classes in 1872 showed the same dedication to learning and commitment to excellence that has carried the University of Arkansas into the 21st century. Over the past 140 years, the university has developed into a mature institution with 10 schools and colleges, more than 1,100 full-time faculty members, and more than 26,000 students. It serves as the major provider of graduate-level instruction in Arkansas. The research and scholarly endeavors of its faculty make it an economic and cultural engine for the state. And its public service activities reach every county in Arkansas, throughout the nation, and around the world. Find out more about the university's history (<http://www.uark.edu/about/history.php>) or browse our timeline (<http://uark.edu/about/time-line.php>).

Today at the University of Arkansas Campus

Students pursue a broad spectrum of academic programs leading to baccalaureate, master's, doctoral, and professional degrees, not only in

traditional disciplines within arts, humanities, social sciences, and natural sciences, but also in the core professional areas of agricultural, food and life sciences; architecture; business; education; engineering; nursing; human environmental sciences; and law.

The University of Arkansas houses more than 200 academic programs and offers bachelor's degrees in more than 75 areas of study. Students may also pursue a wide range of graduate degrees, including the Master's, the Educational Specialist, the Doctor of Education, and the Doctor of Philosophy.

The Carnegie Foundation categorizes the University of Arkansas as a research institution with “highest research activity,” placing the university among only 2.7 percent of universities and colleges nationwide and in a class by itself within the state of Arkansas. *U.S. News and World Report* consistently ranks the university among the top tier of institutions of higher education. Faculty members perform cutting-edge research for which they annually win prestigious grants and awards, and the university encourages undergraduates to participate in the research process. Such opportunities enhance the learning process by providing hands-on experience in lab and research techniques, by developing students' abilities to implement, experiment, discover and teach, and by fostering a mentoring relationship early in students' academic careers.

Research programs involving both faculty and students serve as vital sources of information on the economic and social needs of Arkansas. In many fields, research performed at the University of Arkansas reaches beyond the state to provide insight and guidance on issues of national and international concern. The university provides extensive technical and professional services to varied groups and individuals throughout the state, helping to further Arkansas' economic growth. The university operates nationally respected self-paced (correspondence) courses; it assists other institutions in developing educational programs; it offers graduate programs, both cooperatively and singly, throughout the state; and it makes specialized campus resources such as computing services and library holdings available to other institutions in the state.

Classes at the university maintain a low average ratio of students to instructor, although individual classes may range from a large general-lecture class of 200 to a focused special-topics class of 4 or 5 students. University of Arkansas students are given the tools and encouragement needed to excel. Over the last 15 years, more than 200 undergraduate Arkansas students have become Rhodes, Gates Millennium, Madison, Marshall, Goldwater, Fulbright, Boren, Gilman and Truman scholars. More than 100 graduate students have received National Science Foundation Graduate Research Fellowships. Find out more about the university's numbers (<http://www.uark.edu/about/by-the-numbers.php>).

Academic Facilities

The University of Arkansas provides a variety of resources for students to enhance their ability to attend college, improve their studies in class, and aid their academic research as they advance through their curricula.

The programs and services listed at left provide advice, tools and inspiration for high school students; individual tutoring for students on campus and infrastructure such as libraries and technology support that offer University of Arkansas students ongoing support throughout their college careers.

Center for Multicultural and Diversity Education

The Center for Multicultural and Diversity Education provides academic, cultural and social programs intended to promote inclusiveness, foster achievement and assist in the development and advancement of a diverse student body.

The center is located on the fourth floor of the Arkansas Union in Room 404, and can be contacted at 479-575-8405 or by visiting multicultural.uark.edu (<http://multicultural.uark.edu>).

Information Technology Services

Information Technology Services, or IT Services as most people refer to it, provides technology solutions that support and enable teaching, learning, research and discovery for students, faculty and staff at the University of Arkansas.

Supported services include student information systems, learning management systems, cloud storage, email and collaboration tools, research computing resources, software, internet access and the campus network. Learn more about everything IT Services provides at its.uark.edu (<https://its.uark.edu>).

New members of the university community can get started with technology using the Get Started with Tech guide (<https://its.uark.edu/get-started/>).

Tech support is available 7 days a week at the IT Help Desk in the Arkansas Union, by phone at 479-575-2905 or online at help.uark.edu (<https://help.uark.edu/>).

Student Support Services

The department of Student Support Services is designed to provide a powerful combination of programs and services to students who are first-generation, and/or modest-income, and/or individuals with disabilities. The services provided by Student Support Services place an emphasis on individual assessment, counseling, advising, and skill building. Some of these services include: academic/financial/personal counseling, financial scholarships, social etiquette instruction, career and graduate school preparation, academic/cultural enrichment, assistance with tutoring, and mentorship. The overarching goal of the University of Arkansas Student Support Services program is to empower students, assist them in achieving academic excellence, and seeing them through to graduation.

Student Support Services is a department in the Division of Student Affairs. The office is located on the Garden Level of Gregson Hall.

For more details, call Student Support Services at 479-575-3546 or visit the Student Support Services website (<http://sss.uark.edu/>).

Talent Search Programs

College Project Talent Search, Educational Talent Search, and University Access Talent Search

Talent Search is an early intervention/educational opportunity program.

Serving students in grades 6-12, the program promotes skills and disseminates information necessary for successfully entering college and completing a baccalaureate degree. Emphasizing personal/career development, financial literacy, technological/academic skills, and ACT readiness through a developmental curriculum of college preparatory workshops, students are prepared for the rigors of higher education.

Campus visits, academic monitoring/advising, and guidance in the completion of college and financial aid applications are key components for participants and their families. Summer enrichment and campus-based events are also hosted as funding permits.

Talent Search is a federal TRIO program funded by the U.S. Department of Education. The University of Arkansas has three Talent Search grant projects which serve distinct target areas in Benton, Carroll, Crawford, Sebastian and Washington counties in Arkansas, and McDonald County, Missouri. At least two-thirds of students served by the programs must be low-income and in the first generation of their family to attend college. They exhibit academic potential and attend one of the 37 target schools served. For additional information and a full listing of target schools, visit the Talent Search website (<http://talentsearch.uark.edu/>).

The Talent Search Programs office is located at the university's Uptown Campus East, 1083 E. Sain Street, UPT 128, Fayetteville, Arkansas. Call 479-575-3553 for more information.

Testing Services

Testing Services is charged with the responsibility of administering standardized academic tests at the University of Arkansas. The office administers such national tests as:

- the ACT Assessment
- the Law School Admission Test (LSAT)
- the Graduate Management Admission Test (GMAT)
- the Graduate Record Examination (GRE)
- the CLEP exams in addition to others throughout the year.

National testing companies determine testing dates and deadlines. Testing Services also offers a number of institutional tests such as the Test of English as a Foreign Language (TOEFL) and the Spoken Language Proficiency Test (SLPT). These tests are scheduled at various times as demand dictates. Test fees vary depending on the test.

To obtain a registration bulletin or information about exam dates and deadlines, please stop by the Testing Center at 97 N. Razorback Road (https://campusmap.uark.edu/?pnl_disp=Y&bldg_code=TEST&parklot=Y-Student-Faculty%2FStaff-Parking_Meters-ADA_Parking-Remote/), Fayetteville, or call 479-575-3948.

Find out more at the Testing Services website (<http://test.uark.edu/>).

University Libraries

The library system of the University of Arkansas, Fayetteville, includes the David W. Mullins Library, the main research facility on campus, and four branch libraries:

- The Robert A. and Vivian Young Law Library (<http://law.uark.edu/library/>)
- The Fine Arts Library (<http://libinfo.uark.edu/FAL/>)
- The Chemistry and Biochemistry Library (<http://libinfo.uark.edu/chemistry/>)
- The Physics Library (<http://libinfo.uark.edu/physics/>)

The spacious Helen Robson Walton Reading Room is Mullins Library's most popular quiet study area, but group study space and graduate student study space is also available. More than 200 databases and thousands of electronic journals are accessible from anywhere with a University ID. Librarians onsite assist in locating and using library resources, or students may send questions by email, phone, or 24/7 chat.

Subject librarians (<http://libinfo.uark.edu/info/specialists.asp>) are also available for one-on-one research consultations tailored to individual research questions, whether onsite, over the phone, or even remotely by video software. Librarians conduct orientation sessions on research methods and software throughout the semester and the Quality Writing Center (<http://qwc.uark.edu/>) has a satellite location inside Mullins Library.

With 2.1 million volumes and more than 56,000 journal titles, students will find research material for every subject. Other resources in the collections include several thousand maps, manuscripts, and more than 33,000 audio and visual materials, including music scores, recordings, and movies, available through the Performing Arts and Media (<http://libraries.uark.edu/AV/default.asp>) Department on the lower-level of Mullins Library.

A full-service computer commons (GACL) is located on the lobby level of Mullins, complete with printing stations and state-of-the-art scanners. Laptops and iPads are available to check-out to take advantage of wireless access anywhere in the library. Visit the University Libraries website (<http://libinfo.uark.edu/>) to learn more about services and collections, or access My Library (<https://library.uark.edu/patroninfo~S1/>) to check accounts, renew books, request holds, or save catalog searches.

Items not owned by the University Libraries may be obtained through Interlibrary Loan (<http://libinfo.uark.edu/ill/default.asp>). Requested items in electronic format will be sent directly to desktops, usually within 24 hours; physical items are held for pickup at the main service desk on the Lobby Level. The University Libraries have had official status as a United States government depository since 1907, and the Government Documents Department has been a depository for Arkansas state publications since 1993. The University Libraries' map collection and GIS (<http://libinfo.uark.edu/GIS/default.asp>) (geographic information systems) program, including a public GIS workstation equipped with ArcGIS Desktop Suite, are also available.

In Special Collections, students can read rare books from around the world; consult the largest book collection related to Arkansas; handle historic letters, diaries, magazines, and old photographs in the archives; and watch old black and white films made in or about the state. A number of digital collections and exhibits (<http://libinfo.uark.edu/eresources/digitalcollections.asp>) are available through the Special Collections website (<http://libinfo.uark.edu/SpecialCollections/>). Special Collections

also holds the University Archives, the Arkansas Collection, and the Arkansas Architectural Archives.

To stay up-to-date on the Libraries' programs, resources, and events, follow @UARKLibraries on Facebook, Twitter, Instagram, and Pinterest. For information concerning collections and services, please inquire at 479-575-4104 or refer@uark.edu. For any other questions, please contact the Dean's Office at 479-575-6702.

Upward Bound Programs

Upward Bound and Upward Bound Math and Science

Upward Bound (<http://ub.uark.edu/>) and Upward Bound Math and Science are early intervention programs that help low-income and potential first-generation college students prepare for higher education. These programs bring high school students in grades 9 – 12 to the University of Arkansas campus on weekends and during the summer to receive instruction in mathematics, laboratory sciences, composition, literature, and foreign languages. The programs also provide academic and social support through tutoring, counseling, mentoring, cultural enrichment, financial literacy, field trips, college planning, and financial aid assistance. For students just completing their senior year of high school, Upward Bound provides a summer residential bridge program that enables participants to earn up to six hours of college credit. Funding is provided through grants from the U.S. Department of Education.

Veterans Upward Bound

Veterans Upward Bound (<http://vub.uark.edu/>) is designed to identify and serve the unique needs of veterans who are low-income and potential first-generation college students, who have the academic potential and desire to enter and succeed in a program of higher education. Eligible veterans must have completed a minimum of 180 days of active duty in the military and hold any discharge other than dishonorable, or discharged because of a service connected disability, a member or a reserve component of the U.S. Armed Forces called to active duty for a period of more than 30 days, or a member of a reserve component of the U.S. Armed Forces who served on active duty in support of a contingency operation on or after September 11, 2001. Services include Accuplacer testing, tutoring, guidance counseling, assistance in filing financial aid and VA benefit forms, academic/career advisement, test preparation for entrance exams, and courses in English, Spanish, math, science, and computer technology. Courses are offered days and evenings each semester. Funding is provided through a grant from the U.S. Department of Education. Call 479-575-2442 for more information.

The Upward Bound and Veterans Upward Bound offices are located at the university's Uptown Campus West, 1001 E. Sain St., Fayetteville.

Online Education

Donald P. Judges
Vice Provost for Distance Education
Global Campus
800-952-1165
globalcampus@uark.edu

Academic colleges and schools at the University of Arkansas provide flexible learning options through distance education and online learning options for undergraduate and graduate students. Traditional online courses, self-paced online (correspondence) courses, and online degree programs remove the barriers of time and distance. Support units provide the web-based resources and services necessary for distance and online students to reach their educational and professional goals.

Global Campus

The Global Campus (<http://globalcampus.uark.edu/>), School of Continuing Education and Academic Outreach, serves as a portal for online, distance and professional education programs and courses provided by the University of Arkansas. Experienced staff members collaborate with the university's academic colleges and other academic units to develop and facilitate quality courses and programs that help students reach educational and professional goals.

State Authorization and Distance Education Beyond Arkansas

The University of Arkansas, Fayetteville delivers online education programs and courses throughout the United States and internationally. All programs have been approved by the Arkansas Department of Higher Education. Many states have prescribed an "authorization" process for out-of-state institutions delivering online programs to its state residents to ensure quality post-secondary education, to preserve the integrity of an academic degree and to instill greater consumer protection for its student citizens.

Authorization (sometimes referred to as "registration," "licensure," "approval," etc.) indicates that certain minimum standards have been met by the institution under the laws and regulations of that state. Authorization does not constitute an endorsement of any institution, course or degree program. Credits earned at an institution may not transfer to all other institutions.

The University of Arkansas, Fayetteville, through the Global Campus, has taken steps to protect its students and operations through nationwide compliance and has been granted authorizations, exemptions and waivers from many states. In other states, the University of Arkansas, Fayetteville can operate without such authorization because the state's laws do not pertain to a public institution, to an accredited institution or to the University of Arkansas activities in that state. More specific information about state authorization can be found at the University of Arkansas Online Web page (<http://online.uark.edu/about/state-authorization.html>). The Global Campus supports the university's development and delivery of online and distance education.

Student Affairs

The Division of Student Affairs supports students in pursuing knowledge, earning a degree, finding meaningful careers, exploring diversity, and connecting with the global community. We provide students housing, dining, health care resources, and create innovative programs that educate and inspire. We enhance the University of Arkansas experience and help students succeed, one student at a time.

The Office of the Vice Chancellor for Student Affairs provides leadership for the division and serves as a liaison to other administrative offices, faculty, and student governing groups. The office is a central source of information concerning university policies and procedures affecting student life and co-curricular programs and services.

The Office of the Dean of Students under the Vice Chancellor for Student Affairs emphasizes student advocacy while broadening the development of services and programs that address a range of student and campus needs. Departments in the Division of Student Affairs are dedicated to developing exceptional programs and services that enhance the University of Arkansas experience and enrich the quality of student life on campus. Staff members are available and willing to assist with any issue or question that a student, staff, or faculty member may have regarding student and campus life at the University of Arkansas. The office is available for the clarification of university policies and procedures, confidential consultation, personal and family crisis assistance for students, and referral to all campus and community services. The office also seeks to assist students and faculty members in cases of emergency or extenuating circumstances. Student Affairs staff members are firmly committed to addressing the challenges and individual needs of the University of Arkansas family.

Arkansas Union

The Arkansas Union is the community center of campus; serving students, faculty, staff, alumni, and guests. Through its facilities, programs, and services, the Arkansas Union is the place to build relationships, enrich academics, and experience campus life to the fullest. But more importantly, the Arkansas Union plays a pivotal role in putting University of Arkansas students first. It is home to essential student needs, such as food service, computer technology, student accounts, banking, and the Campus Card Office. The Arkansas Union provides social and educational programming space, as well as lounge and study areas. Additionally, recreational opportunities are available in the Arkansas Union, through the satellite fitness center, cinema, and Student Technology Center. Located inside the Arkansas Union are:

Retail Outlets

- ATMs (various banks)
- Au Bon Pain
- Catering and Dining Services
- Club Red Convenience Store
- Where the Wild Greens AR
- Passport Office
- PMC – Drop-Off Copy Center
- Razorback Shop
- U.S. Post Office
- Union Hair Care

Union Market

- Chick-fil-A
- BRIC Subs, Pizza, Pasta, Salads and Bakery
- True Burger
- Pei Wei
- Flying Burrito Co.

Facilities

- Anne Kittrell Art Gallery
- Computer Lab and Help Desk
- Verizon Ballroom
- International Connections Lounge
- Student Technology Center
- Meeting rooms
- Reception rooms
- Union Living Room
- Union Information Center
- Union Theatre
- University Recreation Fitness Center
- UP Theater

Student Services

- Academic Initiatives and Integrity
- Arkansas Union Administration & Event Services
- Associated Student Government
- Campus Card Office
- Career Development Center
- Center for Community Engagement
- Center for Educational Access
- Multicultural Center
- New Student and Family Programs
- Off-Campus Student Services
- Student Activities
- Treasurer's Office and Student Accounts
- University Productions

Campus Life

Center for Community Engagement

The purpose of the Center for Community Engagement is to promote civic engagement and leadership by connecting University of Arkansas students, faculty, and staff with nonprofit organizations in the Northwest Arkansas area and beyond.

In order to serve this purpose, the center maintains uark.givepulse.com (<http://volunteer.uark.edu/>), which enables the University of Arkansas community to search for agencies and volunteer opportunities. It allows users to log volunteer hours, or "impacts," and earn opportunities for community recognition, such as the Presidential Volunteer Service Award and Chancellor's Community Service Award. Northwest Arkansas agencies and University of Arkansas registered student organizations also utilize the site to post service opportunities and recruit volunteers. Over 350 organizations and subgroups are registered on the site, such as Habitat for Humanity, Uark Cardinal Nights, and Potter's House Thrift.

Volunteer Action Center

The Center for Community Engagement also houses the Volunteer Action Center, a student-led volunteer coordination board with 45 members who are dedicated to active service in the community. Each year the Volunteer Action Center provides meaningful service opportunities through events and ongoing projects that engage the university and Northwest Arkansas communities. The Volunteer Action Center sponsors programs and events including the Jane B. Gearhart Full Circle Food Pantry, Make a Difference Day, Dream B.I.G. (Believing in Girls) Mentoring Program, VAC Literacy Program, and Razorback Food Recovery. The Jane B. Gearhart Full Circle Campus Food Pantry is a nationally recognized program; the pantry serves students, staff and their families. Requests and more information can be found at fullcircle.uark.edu (<http://service.uark.edu/foodprograms/jane-b-gearhart-full-circle-food-pantry/>).

Get involved in the following ways:

- Drop by the Center for Community Engagement, Arkansas Union, Room A643, and chat with the office's great staff and students.
- Look for service opportunities on uark.givepulse.com (<http://volunteer.uark.edu/>) and log your hours. Just ten hours makes you a VAC member.
- Participate in events hosted by Volunteer Action Center and the Center for Community Engagement throughout the year.
- Become a Volunteer Action Center board member or weekly program volunteer. Applications are accepted each semester.

Greek Life

The Charles and Cappy Whiteside Greek Life Leadership Center facilitates the educational process and provides resources related to programs that strengthen the growth and development of students affiliated with fraternities and sororities on campus. The overall mission is to strengthen the academic, cultural, moral, and social development of students in Greek organizations; provide training in strengths-based leadership and other personal and social skills; promote involvement in extracurricular activities and community service projects; and promote Greek Life as a productive and viable lifestyle on campus. The Greek Life Leadership Center coordinates programs such as Recruitment, Greek Getaway, Greek Life Facilitators, and Greek Summit in collaboration with the Interfraternity Council, the National Pan-Hellenic Council, the Panhellenic Council, and the United Greek Council.

The Interfraternity Council (IFC), National Pan-Hellenic Council (NPHC), Panhellenic Council (PC) and United Greek Council (UGC) govern 16 national sororities and 19 fraternities. The officers and representatives of each council work with the staff of the Greek Life Leadership Center to provide positive programs and strengths-based leadership opportunities to the members of the Greek organizations. The Charles and Cappy Whiteside Greek Life Leadership Center is in Walton Hall 101; phone 479-575-5001 or fax 479-575-3531; Web: uagreeks.uark.edu.

New Student & Family Programs

The Office of New Student & Family Programs connects students and their families to the University of Arkansas campus and community by providing diverse, innovative programs and resources that support a successful collegiate experience. The department supports and collaborates on the following major initiatives:

- Extended Orientation Programs: R.O.C.K. Camp, R.O.C.K. Camp Adventure, Hog W.I.L.D. (Welcome, Involvement, Leadership and Diversity) Welcome Weeks, and Help-A-Hog

- Parent & Family Programs: Family Weekend, Spring Family Reunion, Regional Razorback Family Networks, and the Parent & Family Association
- Leadership & Late Night Programs: UARK Cardinal Nights, Emerging Leaders, Student Leader of the Month, and Diversity Leadership Institute
- Transition Initiatives: New Student Welcome, Alpha Lambda Delta First Year Honor Society, A-Week, and First-Yer Leadership Summit

By providing transitional support for incoming students, their parents, and family members, our programs effectively promote the students' academic growth and support the mission of the university.

New Student & Family Programs is located in the Arkansas Union, Room A688; phone 479-575-5002; Web: nsfp.uark.edu (<http://nsfp.uark.edu/>).

Office of Student Activities

With a students-first philosophy, the Office of Student Activities provides an environment for involvement, empowerment, and collaboration through student organizations, programmatic experiences, and shared governance. The office maximizes the UA experience by advocating for all students, promoting intercultural understanding, and developing citizens who are prepared to positively impact their communities.

The Office of Student Activities, located in the Arkansas Union A665, is the central location for student organizations and activities for the university. The office can be reached at 479-575-5255 or visit the office's website at osa.uark.edu (<http://osa.uark.edu/>). The Office of Student Activities is responsible for the oversight and administration of the following areas:

Student Organizations

All student organizations must register annually with the Office of Student Activities. The Office of Student Activities provides student organizations with assistance and services to help them succeed. The office also assists student organizations in event planning, provides information on facility reservations and fundraising, trademark forms, mailboxes, and locker space, and offers educational workshops for students and advisers. A limited number of offices are also awarded annually in the Arkansas Union to organizations. In partnership with SOOIE, the Student Organization Outreach and Involvement Experience, fall and spring involvement fairs are offered to help registered student organizations connect with interested students.

Types of registered student organizations (RSOs):

- **Governing** – An organization whose primary purpose is to serve as a governing body for a large or specific constituency of students.
- **Honorary/Service** – An organization that requires a minimum grade point average as a prerequisite to membership and/or is affiliated with a national service or honorary organization.
- **International/Cultural** – An organization whose primary purpose is to provide a forum in which participants create awareness for a specific culture through educational, social, and recreational activities.
- **Professional** – An organization whose primary purpose is to provide a forum for participants to discuss and develop professional careers and/or is affiliated with a national or regional association.
- **Religious** – An organization whose primary purpose is to provide information and activities associated with one or more religions.

- **Special Interest** – An organization whose primary purpose is to provide an organized format for the practice and/or pursuit of a special or common interest.
- **Greek organizations** are also RSOs, but register through the Greek Life Office. These are organizations with Greek letters that are members of the National Interfraternity Council, the Panhellenic Council, National Pan-Hellenic Council, or the United Greek Council.

Student Government

As a result of a student-led process that saw the passage of both legislation and a student referendum, student governance at the University of Arkansas is now organized under the *Associated Students Supreme Constitution* into two, co-equal governing bodies: the Associated Student Government and the Graduate and Professional Student Congress. Both bodies are a part of the practice of shared governance at the university.

The Associated Student Government and is an undergraduate student-led organization that enables its members to have an active voice in the decisions and policy that directly affect undergraduate students at the university. Students involved in Associated Student Government have the opportunity to positively impact the quality of student life, work with and allocate student fees, provide a voice for student concerns as well as oversee programs and policies for undergraduate students. Through the executive, legislative, and judicial branches of student government students have the opportunity to work for and among their peers to make a difference on all levels of the university. Involvement levels and time commitment vary upon duties. Visit the ASG website at asg.uark.edu (<http://asg.uark.edu/>) or the ASG office (Arkansas Union A669) to find out more.

As its name indicates, the Graduate and Professional Student Congress serves students who have earned a baccalaureate degree and are completing coursework for graduate certificates or degrees as well as professional practice doctoral programs. The congress works to advocate for the collective welfare of its constituents, manage and distribute student fee monies, represent the common interests of its constituents, and to speak with one voice the opinions of its members. Through its executive and legislative branches, the congress seeks to improve the lives, careers, and research of all graduate-professional students at the university. Involvement levels and time commitments vary upon duties. Visit the Graduate and Professional Student Congress website at gpsc.uark.edu (<https://gpsc.uark.edu/>) or the its office (Arkansas Union A647) to find out more.

University Programs

University Programs is a volunteer student organization responsible for planning and coordinating more than 100 events annually for the campus community. University Programs provides students with cultural and educational experiences, entertainment, and fun. Eight committees, all made up of students, select, schedule and produce events such as concerts, movies, lectures, fine arts performances, gallery exhibitions, and daytime programs. Being a part of University Programs gives the student committee members leadership training and real opportunities to gain practical planning experience. Supported by a student activity fee, University Programs events are free to students.

For further information, visit the University Programs website at up.uark.edu (<http://up.uark.edu/>).

University Career Development Center

The University Career Development Center (CDC) educates and empowers students to fulfill their career goals. All U of A students are welcome to take advantage of the center's valuable resources:

Career Advising: Career Counselors in the CDC are available to assist students who may need help selecting a college major, seeking career information, researching or exploring careers, preparing for their job search, or considering graduate school.

Career and Strength-Awareness Assessments: The STRONG Interest Assessment, FOCUS 2 and TypeFocus are career assessments that can help students make career decisions based on their interests and values. StrengthsQuest is an assessment which helps individuals discover their talents and strengths. After discovering their talents, the Career Center assists students in learning how to use their talents to achieve academic, career, and personal success.

Career Fairs: In partnership with academic areas on campus, the CDC hosts a number of career fairs each year to provide opportunities for students to connect with employers and to learn more about companies and organizations. These connections could lead to valuable internships or full-time employment.

Job Search Preparation: The CDC offers resume critiques, interview skills training, mock interviews, networking opportunities, career presentations and several professional development events throughout the academic year to prepare students for internships, co-ops or full-time jobs.

Cooperative Education Opportunities: Cooperative Education is a program that enables students to gain professional work experience in paid, degree-related positions. Co-op students earn credit, a competitive wage and valuable "real world" work experience.

Handshake: Handshake is the ultimate job and internship search tool for current UA students and recent graduates. Apply for 4000+ jobs or internships, view career fairs and events, schedule career advising appointments, and research companies all through Handshake.

Online Resources: Through the CDC's website, students have access to a multitude of resources including Optimal Resume which contains hundreds of resume templates, cover letter examples, and interview questions for students to practice and enhance their interviewing skills. Students can also view 1000+ CandidCareer short videos featuring various careers and advice from professionals in the field or view our "What Can I Do With This Major?" pages featuring common careers and helpful job search sites for each UA major. These are just a few of the many resources which can be found at career.uark.edu.

Career Track Razorbacks (formerly Professional Development Institute): This nationally recognized program creates opportunities for UA students to develop professional career-building skills. Participation in this program can help students gain the valuable skills which give them the competitive advantage in their job or graduate school search.

For more information, check out career.uark.edu (<http://career.uark.edu/>).

The University Career Development Center is conveniently located in Arkansas Union Room 607, or call 479-575-2805.

Student Health and Wellness Center

Pat Walker Health Center supports students along their academic journey by providing access to professional and quality medical care, mental health care, wellness, health promotion and education.

As a department of the Division of Student Affairs, the health center strives to enrich academic and personal development by creating an inclusive environment that promotes positive behavior and healthy lifestyle changes.

Students are strongly encouraged to maintain health insurance coverage. A university-sponsored student health insurance policy is available to all students, student spouses and dependent children. Enrollment and cost information can be found at health.uark.edu (<https://health.uark.edu/billing-insurance/insurance.php>).

While the health center offers a variety of free programs and services, there are some charges associated for medical office visits and procedures, as well as individual counseling/psychiatry sessions. Medical services can be billed to insurance. For more information about health center billing and charges, go to the Insurance Billing page (<http://health.uark.edu/billing-insurance/>).

Medical Care

Pat Walker Health Center offers high-quality and affordable medical care through its signature clinics and programs. All medical services are performed by board-certified physicians and advanced practice registered nurses. Appointments can be scheduled online via the Patient Portal at myhealth.uark.edu, or by calling 479-575-4451.

- **Primary Care Clinic** offers illness and injury diagnosis and treatment, laboratory services, minor surgery, nurse triage, nutrition consultations, orthopedic consultations and X-ray.
- **Allergy, Immunization and Travel Clinic** offers allergy desensitization, immunizations, international travel consultations and tuberculosis screenings.
- **Women's Clinic** provides comprehensive gynecological services with sensitivity to the unique needs of female clients.

Mental Health

Counseling and Psychological Services (CAPS) helps students navigate the pressures of college life and beyond with various evidence-based mental health services and programs. CAPS is staffed with licensed psychologists, counselors and social workers who work to help address common mental health issues and concerns that impact student success, such as anxiety, depression and stress.

CAPS offers services such as individual counseling, group counseling, psychiatry, emergency services, and case management. Although some services, such as ongoing individual counseling and psychiatry have minimal charges, most CAPS services and resources are offered at no charge beyond the student health fee. To learn more about CAPS services and programs, go to <http://health.uark.edu/mental-health/>.

24-hour emergency mental health services are available for all students.

To access CAPS services or 24-hour emergency services, call 479-575-5276.

Wellness and Health Promotion

Pat Walker Health Center's Department of Wellness and Health Promotion inspires, motivates and supports student wellness and holistic health through a variety of academic courses, outreach presentations and events, peer education, training and wellness coaching.

The health center cultivates a campus culture of wellness through programming and services related to positive psychology and resilience, substance abuse prevention, sexual assault risk reduction, personal empowerment and lifestyle behavior change.

Employing a comprehensive holistic approach, Wellness and Health Promotion helps students maximize their personal and academic potential across eight essential dimensions of health and well-being – physical, intellectual, emotional, social, spiritual, occupational, environmental and financial.

Learn more about free Wellness services at health.uark.edu/wellness-health (<http://health.uark.edu/wellness-health/>).

Accreditation

Pat Walker Health Center is accredited by Accreditation Association for Ambulatory Health Care.

CAPS is accredited by the International Association of Counseling Services.

The health center is located at 525 N. Garland Ave. If you have questions about specific services, call 479-575-4451; TTY 479-575-4124. Visit us online at health.uark.edu (<http://health.uark.edu/>).

Housing and Dining

University Housing

University Housing is committed to providing a safe, comfortable, convenient, and reasonably priced living and learning environment that promotes student success.

Success on Campus

National research shows that academic success in the first year and beyond is directly linked to residing in an on-campus residence environment. The University of Arkansas recognizes the benefits that students receive from living on campus their first year.

Freshman Residency Requirement

All single students who are admitted to the university with a freshman classification and under 21 years of age are required to live on campus in a residence hall, or in their parent or legal guardian's permanent home.

Students who are admitted to the University of Arkansas as transfer students from another post-secondary institution, and who have completed at least 24 credit hours at that institution are not required to live on campus.

Requests for a newly admitted freshmen to live somewhere other than with parents or a legal guardian in their permanent home will not be approved under most circumstances.

Students planning to live with their parents or legal guardian in their permanent home should complete the Living with Parent Notification form prior to attending an orientation session.

Students requesting an exemption from the University of Arkansas Freshmen Residency Requirement (http://housing.uark.edu/Freshman_Residency_Requirement.php) should send all required paperwork to University Housing at least three weeks prior to attending an orientation session. This ensures the student receives approval or denial prior to attending orientation.

Failure to do so could cause long delays in the orientation process. Students who need a Living with Parent Notification Form or who wish to apply for an exemption to the university's requirement for single freshmen to live on campus may refer to the information on the Housing website (<http://housing.uark.edu/Contracting/contracts.php>), call University Housing at 479-575-3951 or email housing@uark.edu.

Residence Hall Leadership

Residence Halls are managed by a full-time coordinator for residence education, or CRE, who has completed a master's degree program in higher education, counseling or a related degree. This individual is selected for his or her academic credentials and interest in helping others as well as his or her ability to work well with college students.

In addition, every area or floor is staffed by a resident assistant, or RA, who is an upper-class student with the knowledge to answer students' questions and help students find their own answers.

Counselors in residence (doctoral graduate assistants) provide short-term counseling for students living in the residence halls in response to personal, social, academic, and developmental needs.

Living Learning Communities

University Housing offers several innovative Living Learning Communities (http://housing.uark.edu/Residence_Education/Living_Learning/), or LLCs, for students. These communities enhance student's academic success.

In an LLC, students get to live with peers who have similar interests, majors, or career plans. Living Learning Communities do not cost extra. LCC members have the opportunity to participate in fun experiences that connect learning in and out of the classroom.

Some of the initiatives include faculty-led events, major specific academic learning teams, more general thematic learning communities and other programs that assist students in their academic endeavors.

Living Facility Options

Living options include traditional halls, suites and apartments with designations of single-gender or co-ed. Rooms are available for visually or hearing-impaired students as well as those who are physically challenged (<http://housing.uark.edu/disability-accommodation.php>).

Residence hall entry/exit doors are secured and/or monitored 24 hours a day. Some entries are unlocked to accommodate offices housed in our facilities and classes that are held in our classrooms. Most, but not all, of these areas have interior doors that secure the living floors.

Residents are provided access via an electronic access system. Students should be careful not to allow non-residents to follow them into their residence hall. Residents are provided access via a fob issued when they check-in. Students are responsible for escorting all visitors and guests at all times.

Campus Dining

Each of the three separate dining facilities (http://housing.uark.edu/campus_communities/dining_rates.php) on campus is managed by Campus Dining Services and provides a natural setting for socializing with friends and enjoying a wide variety of high quality, nutritious meals. All students living in a residence hall, except those residing in summer school housing, are required to have a meal plan. There are several meal plans available to meet the needs of both on-campus and off-campus students.

Learn more about Campus Dining Services online at campus dining services (<http://dineoncampus.com/razorbacks/>).

Inclusion and Leadership Center for Multicultural and Diversity Education

The Center for Multicultural and Diversity Education provides academic, cultural and social programs intended to promote inclusiveness, foster achievement and assist in the development and advancement of a diverse student body.

The center is located on the fourth floor of the Arkansas Union in Room 404, and can be contacted at 479-575-8405 or by visiting multicultural.uark.edu (<http://multicultural.uark.edu>).

Student Support Services

The department of Student Support Services is designed to provide a powerful combination of programs and services to students who are first-generation, and/or modest-income, and/or individuals with disabilities. The services provided by Student Support Services place an emphasis on individual assessment, counseling, advising, and skill building. Some of these services include: academic/financial/personal counseling, financial scholarships, social etiquette instruction, career and graduate school preparation, academic/cultural enrichment, assistance with tutoring, and mentorship. The overarching goal of the University of Arkansas Student Support Services program is to empower students, assist them in achieving academic excellence, and seeing them through to graduation.

Student Support Services is a department in the Division of Student Affairs. The office is located on the Garden Level of Gregson Hall. For more details, call Student Support Services at 479-575-3546 or visit the Student Support Services website (<http://sss.uark.edu/>).

Talent Search

Talent Search is an early intervention/educational opportunity program.

Serving students in grades 6-12, the program promotes skills and disseminates information necessary for successfully entering college and completing a baccalaureate degree. Emphasizing personal/career development, financial literacy, technological/academic skills, and ACT readiness through a developmental curriculum of college preparatory workshops, students are prepared for the rigors of higher education.

Campus visits, academic monitoring/advising, and guidance in the completion of college and financial aid applications are key components for participants and their families. Summer enrichment and campus-based events are also hosted as funding permits.

Talent Search is a federal TRIO program funded by the U.S. Department of Education. The University of Arkansas has three Talent Search grant projects which serve distinct target areas in Benton, Carroll, Crawford, Sebastian and Washington counties in Arkansas, and McDonald County, Missouri. At least two-thirds of students served by the programs must be low-income and in the first generation of their family to attend college.

They exhibit academic potential and attend one of the 37 target schools served. For additional information and a full listing of target schools, visit the Talent Search website (<http://talentsearch.uark.edu/>).

The Talent Search Programs office is located at the university's Uptown Campus East, 1083 E. Sain Street, UPT 128, Fayetteville, Arkansas. Call 479-575-3553 for more information.

Upward Bound

Upward Bound and Upward Bound Math and Science

Upward Bound (<http://ub.uark.edu/>) and Upward Bound Math and Science are early intervention programs that help low-income and potential first-generation college students prepare for higher education. These programs bring high school students in grades 9 – 12 to the University of Arkansas campus on weekends and during the summer to receive instruction in mathematics, laboratory sciences, composition, literature, and foreign languages. The programs also provide academic and social support through tutoring, counseling, mentoring, cultural enrichment, financial literacy, field trips, college planning, and financial aid assistance. For students just completing their senior year of high school, Upward Bound provides a summer residential bridge program that enables participants to earn up to six hours of college credit. Funding is provided through grants from the U.S. Department of Education.

Veterans Upward Bound

Veterans Upward Bound (<http://vub.uark.edu/>) is designed to identify and serve the unique needs of veterans who are low-income and potential first-generation college students, who have the academic potential and desire to enter and succeed in a program of higher education. Eligible veterans must have completed a minimum of 180 days of active duty in the military and hold any discharge other than dishonorable, or discharged because of a service connected disability, a member or a reserve component of the U.S. Armed Forces called to active duty for a period of more than 30 days, or a member of a reserve component of the U.S. Armed Forces who served on active duty in support of a contingency operation on or after September 11, 2001. Services include Accuplacer testing, tutoring, guidance counseling, assistance in filing financial aid and VA benefit forms, academic/career advisement, test preparation for entrance exams, and courses in English, Spanish, math, science, and computer technology. Courses are offered days and evenings each semester. Funding is provided through a grant from the U.S. Department of Education. Call 479-575-2442 for more information.

The Upward Bound and Veterans Upward Bound offices are located at the university's Uptown Campus West, 1001 E. Sain St., Fayetteville.

Student Life

Reasonable Accommodations for Students with Disabilities

The Center for Educational Access, 209 Arkansas Union, is the central campus resource for students who require reasonable accommodations in order to access the programs, services and activities offered through the University of Arkansas. The center's staff work in partnership with the individual student to communicate and facilitate any accommodation needs to faculty and staff. Accommodation determination is based in part on medical or psychological documentation provided to the Center for Educational Access by the student. Students must meet with one of the center's staff for an access plan meeting to discuss their needs and provide such documentation before any accommodations can be granted.

To register for services or for more information, contact the Center for Educational Access, University of Arkansas, 209 ARKU, Fayetteville, AR 72701, phone 479-575-3104 ; e-mail: ada@uark.edu; Web: Center for Educational Access (<http://cea.uark.edu/>) (online request for services available).

Off-Campus Student Services

Off-Campus Student Services (OCSS)

Off-Campus Student Services (formerly Off Campus Connections) provides friendly and helpful resources, services and programs for off-campus undergraduates. Off-campus students are defined as undergraduates not living in a residence hall, fraternity, or sorority house.

For information, visit the Off-Campus Student Services website (<http://occ.uark.edu/>), make an appointment with a staff member in Arkansas Union Room 632, email iliveoff@uark.edu, or call 479-575-7351.

OCSS emphasizes two major priorities:

- Freshman Commuter Programs
- Off-Campus Living Education and Services

The University of Arkansas has more than 16,000 undergraduates living off-campus. Some off-campus students live near the university while others commute from hours away. Some students take advantage of online classes or majors and seldom visit campus. It is important that students living off-campus feel as welcome at the university as students living on-campus. Ongoing communication with off-campus students is important, so they know how to be an active part of the campus community as their schedule and other commitments allow. Additional challenges are faced by off-campus students and they need support from those who understand the differences they face.

Freshman Commuters are first-time, full-time, degree-seeking students who live at home with a parent or guardian during their first year of college. Off-Campus Student Services reaches out to more than 500 freshman commuters each summer and fall to share campus and academic resources, to provide opportunities to meet other cohort members, and to share mentorship and connection opportunities.

Finding a place to live is a basic need for many students after their freshman year. To help meet the needs of those students looking for housing near campus, OCSS provides the official, searchable off-campus housing website: offcampushousing.uark.edu (<https://offcampushousing.uark.edu/>). The website is free for student use, and properties on the site have an interest in student tenants. Off-Campus Living Fairs and educational resources are also offered on the site to prepare those who are planning to live on their own for the first time in our local community. Students can search for a roommate or someone to sublease when they plan to study abroad.

Off-Campus Meal Plans have proven important to student success. Meal plans of various prices have been designed to meet off-campus students' needs for eating while on campus for class, work, or other activities. Meal plans are available for purchase through a link provided on the Off-Campus Student Services website (<http://occ.uark.edu/>). Around 4,000 meal plans are purchased each year by off-campus students. Having a meal plan encourages students to eat regular meals so they can better focus on academics. Meal plans are charged to a student's account, so costs may be covered with scholarships, financial aid awards, or paid out with tuition payments.

A friendly and comfortable Commuter Lounge — with a refrigerator, microwave, television, study tables and office spaces — is located on the Sixth Floor West of the Arkansas Union. Timely tips and information about jobs, deadlines, campus, and community life are shared through a weekly electronic newsletter published and emailed to off-campus undergraduates throughout the fall and spring semesters.

Off-Campus Student Services' desire is for each student living off-campus to feel an important part of the University of Arkansas, earn at least one degree, and have their name forever inscribed on the historic Senior Walk.

Office of Student Standards and Conduct

It is the vision of the Office of Student Standards and Conduct to foster a campus community that values citizenship, personal and civic responsibility, peer accountability, and care/concern for the university and surrounding communities.

The mission of the Office of Student Standards and Conduct (OSSC) is to create a safe and inclusive community by upholding the Code of Student Life, which promotes responsibility, accountability, and student learning through;

- Educational opportunities and outreach.
- The adjudication of Code of Student Life violations.
- Providing a consistent, fair, equitable, educational, student conduct process.
- The development of ethics and adherence to personal values.
- Education on the norms and values of the University of Arkansas.

Students who are interested in involvement with the All-University Conduct Board should contact the Director of OSSC at judicial@uark.edu. The All-University Conduct Board comprises faculty, staff, and students and is responsible for the adjudication of cases of alleged student misconduct as outlined in the Code of Student Life. This board is an advanced leadership opportunity for students who would like to gain valuable experience working with faculty and staff on an impartial peer review board.

For more information regarding the Code of Student Life, please see the Student Handbook at handbook.uark.edu (<http://handbook.uark.edu/>). The Office of Student Standards and Conduct is located in Pomfret B 110, phone 479-575-5170; Web: ethics.uark.edu (<http://ethics.uark.edu/>).

Veteran Resource and Information Center

The University of Arkansas Veterans Resource and Information Center contributes to the academic and professional success of current and prospective student veterans and their dependents by providing innovative resources and support; assisting with military educational benefits; and by serving as a central "Rally Point" for a seamless collaboration among various departments within the University of Arkansas, the U.S. Department of Veterans Affairs, and the diverse network of community partners supporting veterans.

Veterans and dependents of service members may be eligible to receive monthly educational assistance from the Veterans Administration while enrolled at the University of Arkansas. For more information, including GI Bill eligibility and scholarship opportunities, contact the Veterans Resource and Information Center at vrhc@uark.edu or 479-575-8742. Students may also visit the center at the Garland Center Shops, suites 115 and 116 or online at veteranscenter.uark.edu (<http://veteranscenter.uark.edu/>).

Student Media

The Office of Student Media administers and advises the official student media outlets of the university. These outlets are: the student newspaper, *The Arkansas Traveler*; the University of Arkansas yearbook, the *Razorback*; the student magazine, *The Hill*; the student television station, UATV; the student radio station, KXUA; and the student advertising agency, Main Hill Media. All provide a forum for student expression, entertainment, news and information of interest to the campus community. Other than a small professional support staff, these groups are entirely staffed by student employees and volunteers, including editors and station managers. For more information, contact Student Media at 479-575-3406.

Centers and Research Units

Research programs are the means by which the university contributes to the generation of knowledge as well as to the preservation and dissemination of it. With nationally recognized programs in many areas and funding from government, industry, and other private sources, the research effort of the university is strong and diversified and provides special learning opportunities for students as discoveries are made.

In addition to the extensive work performed by faculty through individual and team efforts in academic departments, special programs of research are conducted by the university divisions described below.

Graduate students are likely to be involved in research conducted by these research units, but the university encourages undergraduates as well to pursue research in their areas of academic interest. Students who wish to engage in research of any kind should seek the guidance of their advisers and professors to identify research teams and projects. In addition to the extensive work performed by faculty through individual and team efforts in academic departments, special programs of research are conducted by faculty members and staff in many associated university research centers. The university invites students to learn more about these centers and the research opportunities they offer by visiting the websites or by contacting the individuals listed below.

Arkansas Center for Space and Planetary Sciences

Larry Roe, director
Mechanical Engineering Building, 204D
479-575-3750
csaps@uark.edu

Arkansas Center for Space and Planetary Sciences website (<http://spacecenter.uark.edu/>)

The Arkansas Center for Space and Planetary Sciences is a research institute of the University of Arkansas, created by faculty from six departments, including Biological Sciences, Chemical Engineering, Chemistry and Biochemistry, Electrical Engineering, Geosciences, Mechanical Engineering, and Physics. Those departments, representing the J. William Fulbright College of Arts and Sciences and the College of Engineering, work closely with the Graduate School and the Honors College.

The center operates world-class research facilities and cutting-edge research projects. It houses the only university-based, large-scale planetary simulation chamber in the country along with major facilities for the analysis of extraterrestrial samples. Major research interests include the analysis of returned samples from space, the nature of Mars, and instrumentation for use in space. The center also operates a number of programs of interest to the university community, grade school teachers and students, and the public.

The space center administers master's and doctoral degree programs in space and planetary science. These provide a unique integrative interdisciplinary education and research training based on a suite of core courses spread across the departments and specialist courses appropriate to the student's specific interests. Professional development in communications, ethics and space policy is also included. Such training

gives graduates a competitive edge in today's space and planetary job market.

Additionally, the Departments of Biological Sciences, Geosciences and Physics offer space and planetary science as an option in their own graduate programs. Admission procedures are outlined on the space center Web site along with detailed information about the programs, the research areas, and current research projects.

Arkansas High Performance Computing Center

Rick McMullen, director
479-575-6794

Arkansas High Performance Computing Center website (<http://hpc.uark.edu>)

The Arkansas High Performance Computing Center is a campuswide provider of supercomputing resources for teaching and research by students and faculty. For nearly a decade, the university has strongly supported high-performance computing as a tool for enabling scientific discovery and making researchers more productive. With support from the university, the National Science Foundation and the state of Arkansas, the center has fielded two Top500 supercomputers and currently offers 4,985 cores, 13.4TB of memory, about 73 TFLOPS CPU peak performance, 93TB of long-term storage, 374TB of scratch storage, and 96TB of backup storage making it among the largest and most capable academic systems in the world. Staff members of the Arkansas High Performance Computing Center support a broad range of research programs in computational condensed matter physics, computational chemistry, nanotechnology and materials science, bioinformatics, astrophysics, and geospatial image analysis. The center also provides education and training in computational science, parallel programming and high-performance computer operations to provide both tools and skills needed in computationally intensive research.

Arkansas Water Resources Center

Brian E. Haggard, director
479-575-4403
awrc@uark.edu

Arkansas Water Resources Center website (<https://arkansas-water-center.uark.edu/>)

The Arkansas Water Resources Center, a unit of the Division of Agriculture, was established by Public Law in 1964. The Center utilizes scientific personnel and facilities of all campuses of the University of Arkansas System (and other Arkansas colleges and universities) in maintaining a water resources research program. The center supports specific research projects throughout Arkansas, which often provide research training opportunities for undergraduate and graduate students, and it disseminates information on water resources via publications and conferences. The center works closely with federal, state, municipal, educational, and other public groups concerned with water resources in development of its research, training, and dissemination programs.

Bessie Boehm Moore Center for Economic Education

Rita Littrell, director
RCED 217

479-575-2855

Bessie Boehm Moore Center for Economic Education website (<http://bmcee.uark.edu>)

The Bessie Boehm Moore Center for Economic Education, established in 1978 and located in the Walton College of Business, promotes an understanding of the American economy among the people of Arkansas. Its major efforts are directed to elementary and secondary school children. The center's faculty and staff hold workshops and seminars for public school teachers, conduct research in economic education, develop instructional materials, maintain a lending library, and sponsor adult economic educational programs for business, labor, industry, and the general community. In recent years, center personnel have been involved in educating teachers in transitional or developing economies about market economics. The center is officially certified by the Arkansas Council on Economic Education and the National Council on Economic Education.

Center for Advanced Spatial Technologies

Jackson Cothren, director
J.B. Hunt Center for Academic Excellence, Room 304
479-575-6159
info@cast.uark.edu

Center for Advanced Spatial Technologies website (<http://cast.uark.edu/>)

The Center for Advanced Spatial Technologies (CAST) focuses on application of geospatial technologies in research, teaching, and service. These technologies include geomatics, GIS, GPS, remote sensing, photogrammetry, geospatial software and systems design, interoperability, and large (multi-terabyte) geospatial databases.

Established in 1991, CAST is a unit of the J. William Fulbright College of Arts and Sciences. CAST has a campus-wide focus, working with the departments of anthropology; architecture; crop, soil, and environmental science; biology; bioengineering; civil and industrial engineering; geosciences; entomology; and landscape architecture. Other related partners include the Environmental Dynamics Program, the Arkansas Water Resources Center, Mullins Library, and the Arkansas Archeological Survey.

CAST has been selected as a Center of Excellence by many corporations, including the Intergraph Corporation, Trimble Navigation Inc., the Oracle Corporation, Definiens Imaging, Sun Microsystems, Spatial Acquis, and PCI Geomatics. These and other corporate sponsors have provided more than \$22 million of in-kind support of the research teaching facilities of the center. The center has extensive hardware and software capabilities, including more than 100 high-performance workstations, multiple Linux, Windows XP and Solaris servers (combined seven terabyte of on-line disk), large-format plotters, mapping and survey-grade GPS, MSS instruments, spectroradiometers, terrestrial laser scanners, and an extensive inventory of software.

University of Arkansas undergraduate and graduate students have a wide range of geomatics courses available to them that utilize CAST facilities and laboratories. These courses, taken along with related courses in cartography, remote sensing, image interpretation, photogrammetry, surveying, and spatial statistics, provide the student with a range of career options. In addition to classroom instruction, CAST facilities are used by students in both undergraduate and graduate research projects.

The internship program in Applied Spatial Information Technologies offers students an opportunity to gain hands-on experience in geospatial technologies.

CAST staff are engaged in research projects in a wide range of areas. A few recent research projects focused on areas such as the creation of a seamless, on-line spatial data warehouse; K-12 GIS education; soil survey by remote sensing; land-use/land-cover identification; remote sensing for historic resources; natural resources wetlands analyses; multi-sensor remote sensing for historic resources; and predicting red oak borer populations.

Center for Advanced Surface Engineering

Min Zou
Director
Nanotech Building 212
479-575-6671

Research Leadership

- Mechanical Thrust — Min Zou and Gregory Salamo
- Cellulosic Thrust — Jin-Woo Kim
- Cyberinfrastructure Team — Jackson Cothren and Paul Millett

The mission of the Center for Advanced Surface Engineering is to accelerate the discovery, design, development, and technology transfer of the next generation of material surfaces, enabling new applications and innovative products to address national research priorities and industry needs. The vision of the center is to become a leading research and education center for engineering durable, nanostructured multifunctional, tunable, and bioactive surfaces.

These surfaces have the potential to impact a broad range of industries, ranging from manufacturing, aerospace and defense, agriculture, oil and gas, to healthcare. The Center for Advanced Surface brings together a multidisciplinary team of about 40 researchers with expertise in physics, chemistry, biology, engineering, and computational science from 10 Arkansas universities to conduct the interdisciplinary research.

Center for Business and Economic Research

Mervin Jebaraj, director
WJWH 545
479-575-4151
cber@walton.uark.edu

Center for Business and Economic Research website (<http://cber.uark.edu/>)

The Center for Business and Economic Research at the Sam M. Walton College of Business provides excellence in applied economic and business research to federal, state, and local government, as well as to businesses currently operating or those that desire to operate in the state of Arkansas. The Center further works to improve the economic opportunities of all Arkansans by conducting policy research in the public interest.

The Center was originally established as the Bureau of Business and Economic Research in 1943 to explore and report on economic, business, and social conditions in Arkansas. In addition to supporting research

within the College, the Center supports economic development by providing economic and demographic data and analysis to business, government, and individuals. Over the years, the Center has grown to become a well-known point for communications and exchange of ideas, research, publications and data for universities, businesses, government, and individuals. In addition, the Center serves as a focal point in providing assistance to faculty and students in experimentation with their ideas and techniques in both theoretical and applied research.

Center for Communication and Media Research

Robert H. Wicks, director
KIMP 417
479-575-3046
rwicks@uark.edu

Center for Communication and Media Research website (<http://fulbright.uark.edu/departments/communication/center-for-communication-and-media-research/>)

The Center for Communication and Media Research (CCMR) advances knowledge and supports scholarly and applied inquiry into the study of interpersonal, group, organizational, and media communication. The center sponsors outreach programs designed to help under-served populations, educational institutions, media companies, businesses, and non-profit organizations.

Multidisciplinary in nature, the center facilitates scholarship among allied disciplines such as journalism, law, business, political science, psychology, sociology, and computer science. Research topics include communication and advertising, dispute resolution, education, environmental concerns, family, health, information technology, legal concerns, life stages, media audiences, organizational concerns, politics, and religion.

Center for Children and Youth

Chris Goering, director
PEAH 305
479-575-4209
cgoering@uark.edu

Center for Children and Youth website (<http://cied.uark.edu/center-for-children-and-youth.php>)

The Center for Children and Youth is designed to address issues of intellectual growth, social development, literacy, the arts, and techniques for addressing generational or regional poverty issues. This will be accomplished through teacher professional development, pre-service education, research, as well as curriculum development and dissemination. The center was established by a generous gift of the Windgate Family Foundation in 2006 to the College of Education and Health Professions.

In 2010, the Center for Children and Youth hosted a national conference in Springdale, Ark., focused on the confluence of literacy and the arts. The conference featured speakers from the Kennedy Center for Performing Arts, Temple University, the National Council of Teachers of English, and local experts on arts integration approaches to teaching. Later in 2010, Dr. Chris Goering in the Curriculum and Instruction Department was appointed as the center's first director.

Center for Executive Education

Blythe Eggleston, associate director for executive education
WJWH 549
479-575-5871
execed@walton.uark.edu

Center for Executive Education website (<http://execed.uark.edu/>)

The Center for Executive Education in the Sam M. Walton College of Business provides executive and middle management training opportunities designed to enhance quality in leadership, management decision making, and human resource skills and abilities for corporate and public clients. Programs are custom designed for individual clients. The center serves local, national, and multinational businesses. The center operates on a fee-for-service basis, and its activities are supported from fee-based revenues.

Center for Grid-Connected Advanced Power Electronic Systems

Alan Mantooth
Executive Director
1475 W. Cato Springs Road
479-575-4985
grapes@uark.edu

The mission of this Center for Grid-Connected Advanced Power Electronic Systems is to accelerate the adoption and insertion of power electronics into the electric grid in order to improve system stability, flexibility, robustness, and economy. The members of the center expect to accomplish that mission by focusing on the following main objectives:

- Develop new technologies for advanced power electronic systems in the areas supporting grid connected distributed energy resources, power steering and routing devices, and intelligent load-side devices.
- Develop the software and tools for controlling embedded- and grid-connected power electronics to benefit the grid as well as controlled loads.
- Educate engineers who understand the power electronic technologies important to the member companies.

Center for Information Security and Reliability

Brajendra Panda, director
JBHT 504
479-575-2067
bpanda@uark.edu

Center for Information Security and Reliability website (<http://isr.csce.uark.edu/>)

The center was established to promote education and research in the field of computer security and information assurance at University of Arkansas. The activities of this center includes, but not limited to the following: fostering multidisciplinary research, securing large-scale funding from federal, state, and other funding agencies, providing education and training to future work-force, increasing awareness in the field of

information security and reliability by offering appropriate seminars and workshops.

Center for Mathematics and Science Education

Lynne Hehr, director
346 N. West Avenue, No. 102
479-575-3875

Center for Mathematics and Science Education website (<http://cmase.uark.edu>)

The Center for Mathematics and Science Education – a University of Arkansas K-16 education outreach facility within the College of Education and Health Professions – works in conjunction with the Arkansas Department of Higher Education as part of a network of twelve mathematics and science centers on university and college campuses around Arkansas. The main objectives of the center are to:

1. Provide science, mathematics and technology professional development for K-16 pre-service and in-service teachers;
2. Assist in statewide K-16 education initiatives;
3. Coordinate regionally beneficial grant-funded programs among universities and colleges for K-16 education;
4. Provide science, mathematics and technology educational materials, resources, and information to the K-16 community; and
5. Link common K-16 education allies throughout the state.

University Day, Science/Engineering Fairs, Springfest, and various K-16 teacher and student programs are conducted through the center. Day-to-day educational outreach information is sent to local, regional, and statewide constituencies through the center's website and various email listservs. The Center for Mathematics and Science Education is a host site for the federally sponsored Eisenhower National Clearinghouse and the Southwest Educational Development Laboratory Consortium. The center also serves as the Arkansas National Aeronautics and Space Administration Educator Resource Center, responsible for warehousing and disseminating NASA materials and providing regular updates on NASA programs and materials to the state.

Web pages specifically designed to provide a wealth of material resources and information available for public, private and home-school educators across the state can be accessed at the website.

Center for Protein Structure and Function

Frank Millett and Roger Koeppe, co-directors
CHEM 119
479-575-4601

Center for Protein Structure and Function Website (<http://fulbright.uark.edu/departments/chemistry/research/center-for-protein-and-structure/>)

The Center for Protein Structure and Function is an interdisciplinary unit for research and teaching within the departments of chemistry/biochemistry and biological sciences in the J. William Fulbright College of Arts and Sciences. The center raises funds from federal, state, and private sources and sponsors faculty- and student-initiated basic research on the folded structures of protein molecules, their dynamic properties,

and their diverse functions in biological systems. The center has been awarded funding from the National Science Foundation, the Arkansas Science and Technology Authority, and the National Institutes of Health.

Center for Social Research

Casey Harris, co-director
Patricia Herzog, co-director

Center for Social Research Website (<https://www.ua-csr.org/>)

Since 1982 the Center for Social Research has provided research services to government agencies, communities and businesses. Located in the Department of Sociology, the center can conduct survey and public opinion research, impact assessment, evaluation and policy assessment. The center's staff can provide assistance with research methodology and design, sampling, data collection and analysis.

The center's professional staff has vast experience in virtually every aspect of social research. In addition, the center's resources include computer-assisted telephone interviewing facilities; extensive archival data holdings, including online access to the archival holdings of the Inter-University Consortium for Political and Social Research at the University of Michigan; and, in-house statistical analysis.

Center for Statistical Research and Consulting

Joon Jin Song, director
SCEN 309B
479-575-6319
csrc@uark.edu

The Center for Statistical Research and Consulting is a service and research unit of the University of Arkansas, administratively housed in Department of Mathematical Sciences, providing faculty and graduate students in the university with an environment for collaboration in research and instruction emphasizing statistical and quantitative approaches. It offers statistical consulting and statistical software support to faculty, staff, graduate and undergraduate students conducting research at the university. The center will extend this statistical support to the state of Arkansas, directly providing some consulting services but primarily acting as a conduit for industry, government, and non-profit organizations to engage campus faculty and graduate students in consulting opportunities. The community support activities from the center will stimulate and enhance campus research and instructional efforts as well as provide important services to organizations throughout the region.

The mission of the Center for Statistical Research and Consulting is to participate in research to provide high quality statistical input to high quality research projects, train statisticians to interact effectively with investigators from other disciplines, and encourage collaborative research between statisticians and investigators from other disciplines.

The center is a fee-for-service unit. The initial consulting meeting with a client is provided at no cost. All subsequent and follow-up visits will require financial support.

Center for Utilization of Rehabilitation Resources for Education, Networking, Training and Services

Robin Freeman, director
121 Cedar St.
Hot Springs, AR 71901
501-623-7700

CURRENTS website (<http://www.uacurrents.org/>)

Established in 1974, this center provides human resource and organization development services for a broad audience in the rehabilitation and disability communities. Projects managed by CURRENTS vary in scope from state and local to regional and national levels. The center is housed on the campus of the Arkansas School for Mathematics, Sciences and the Arts, Hot Springs, Arkansas.

Center of Excellence for Poultry Science

Michael Kidd, director
POSC 114
479-575-3699

Center of Excellence for Poultry Science website (<https://poultry-science.uark.edu/poultry-science-research.php>)

With designation by the University of Arkansas Board of Trustees to make poultry science a center of excellence in the state's university system, the department of poultry science became a reality in 1992.

The Center of Excellence for Poultry Science is comprised of full-time poultry science faculty members, full-time USDA/ARS Poultry Research Group faculty members, graduate assistants, adjunct faculty, and poultry science departmental staff. The center receives multidisciplinary contributions from several university departments including animal science; biological and agricultural engineering; biological sciences; crop, soil, and environmental sciences; entomology; food science; industrial engineering; the School of Human and Environmental Sciences; and the UALR College of Pharmacy.

The Department of Poultry Science and the research group are housed in the John W. Tyson Building, which is a 112,000-square-foot, state-of-the-art laboratory and office complex that was completed the fall of 1995 on the U of A campus. In addition to the John W. Tyson Building on the main campus, the Center of Excellence for Poultry Science comprises the following facilities:

- FDA-licensed feed mill;
- 10,000-square-foot processing plant used for teaching processing techniques and for ongoing food safety research projects;
- 12,000-square-foot John Kirkpatrick Skeeles Poultry Health Laboratory, which holds the highest bio-safety rating (P3) available in the country;
- A poultry research farm facility including hatchery, genetics unit, pullet-rearing facility, battery brooder, caged layer house, broiler breeder houses and turkey houses;

- Four full-sized broiler houses equipped with computerized environmental control and data collection systems capable of commercial-type production research; and
- A broiler breeder research facility that includes two full-size broiler breeder houses, a pullet-rearing facility, and quality assurance building with offices, classroom, and egg holding capacity.

Chemical Hazards Research Center

Jerry Havens, director
BELL 3157
479-575-3857
jhavens@uark.edu

Chemical Hazards Research Center website (<http://www.cheg.uark.edu/4444.php/>)

The Chemical Hazards Research Center determines the consequences of atmospheric release of potentially hazardous materials with a present emphasis on liquefied natural gas in transportation and storage operations. Computational models are used in conjunction with the wind tunnel at the center, which is presently the largest low-speed wind tunnel suited for such studies.

Community and Family Institute

Kevin Fitzpatrick, director
MAIN 211
479-575-3777
kfitzpa@uark.edu

Community and Family Institute Website (<https://fulbright.uark.edu/departments/sociology/research-centers/community-family-institute/>)

The Community and Family Institute is a joint effort of the University of Arkansas and the Harvey and Bernice Jones Center for Families in Springdale, Arkansas. The institute is a multidisciplinary research center in the J. William Fulbright College of Arts and Sciences that conducts basic and applied research, as well as policy-related studies on the critical issues facing families and communities in the region and the nation. The institute raises funds from federal, state, and private sources and sponsors applied research by faculty and students on the family and the community.

Community Design Center

Stephen Luoni, director
1 East Center Street, Suite 220
Fayetteville, AR 72701
sluoni@uark.edu

U of A Community Design Center Website (<http://uacdc.uark.edu/>)

The mission of the University of Arkansas Community Design Center is to advance creative development in Arkansas through education, research, and design solutions that enhance the physical environment. As an outreach center of the Fay Jones School of Architecture and Design, the Community Design Center is developing a repertoire of new design methodologies applicable to community development issues in Arkansas, with currency at the national level. The center's design solutions introduce a multiple bottom line, integrating social and environmental measures into economic development. Integrative design solutions add long-term value and offer collateral benefits related to sustained economic

capacity, enhanced ecologies, and improved public health. The design center also offers hands-on civic design experience to students who work under the direction of design professionals. The University of Arkansas Community Design Center was founded in 1995 and has provided design and planning services to more than 30 communities across Arkansas. The design center's planning has helped Arkansas communities and organizations to secure nearly \$62 million in grant funding to enact suggested improvements.

David and Barbara Pryor Center for Arkansas Oral and Visual History

Randy Dixon, director
East Square Plaza
1 East Center Street, Suite 216
479-575-6829

Pryor Center website (<http://pryorcenter.uark.edu/>)

The mission of the Pryor Center for Arkansas Oral and Visual History is to document Arkansas' rich history by collecting the "living memories" of those who have been witness to various aspects of the state's past. Using traditional oral history methodology, the center interviews individuals, transcribes those interviews, and maintains those collections for future generations. The center is responsible for preserving these memories and making them available to scholars and researchers interested in the culture and heritage of Arkansas. The center is located in East Square Plaza on the east side of the Fayetteville Square; to contact the center, call 479-575-6829, or visit the website.

Diane D. Blair Center of Southern Politics and Society

Angie Maxwell, director
MAIN 506-A
479-575-3356

Blair Center website (<https://blaircenter.uark.edu/>)

The Blair Center, located in the Department of Political Science, is dedicated to fostering political scholarship, public service, civic consciousness, and the study of Southern politics, history and culture. The center supports graduate students studying topics relevant to the South and hosts conferences and periodic speakers discussing issues relevant to Southern politics and society.

Community and Family Institute

Kevin Fitzpatrick, director
MAIN 211
479-575-3777
kfitzpa@uark.edu

Community and Family Institute Website (<https://fulbright.uark.edu/departments/sociology/research-centers/community-family-institute/>)

The Community and Family Institute is a joint effort of the University of Arkansas and the Harvey and Bernice Jones Center for Families in Springdale, Arkansas. The institute is a multidisciplinary research center in the J. William Fulbright College of Arts and Sciences that conducts basic and applied research, as well as policy-related studies on the critical issues facing families and communities in the region and the nation.

The institute raises funds from federal, state, and private sources and sponsors applied research by faculty and students on the family and the community.

Garrison Financial Institute

Wayne Lee, executive director
RCED 205
479-575-4505

Garrison Financial Institute website (<http://gfi.uark.edu>)

The Garrison Financial Institute is an institute organized within the Sam M. Walton College of Business to advance financial education and knowledge through practice. Its mission is to enhance student learning through experience, foster research that extends and perfects best practices, and contribute to the economic development of the State of Arkansas and the welfare of its citizens. The center was founded in 2005.

Garvan Woodland Gardens

Bob Byers, garden director
550 Arkridge Road, PO Box 22240
Hot Springs National Park, AR 71913
1-800-366-4664
gardeninfo@garvangardens.org

Garvan Woodland Gardens website (<http://www.garvangardens.org/>)

Garvan Woodland Gardens is the botanical garden of the University of Arkansas, established in 1993 by an endowment from Mrs. Verna C. Garvan. Her vision is the foundation of the Garden's mission to serve the public and provide teaching and research opportunities for the Department of Landscape Architecture and the Fay Jones School of Architecture and Design.

As early as 1985, the Department of Landscape Architecture was utilizing portions of the 210 acres on Lake Hamilton, in Hot Springs, AR, as a resource to teach local ecology and design principles. Teaching opportunities continue in these areas and currently feature urban forestry, wetland ecology, construction methods and materials, design implementation, and horticulture. Numerous designed features offer case studies for landscape architecture and architecture students as well as professionals, including the Asiatic Garden by David Slawson, a nationally recognized Japanese garden designer, and the Verna C. Garvan Pavilion, by internationally recognized architects Fay Jones and Maurice Jennings.

Research opportunities lie in wetland ecology and constructed wetland design, sustainable design, and therapeutic gardens. Ongoing public programs feature workshops on gardening techniques, bonsai collections, and perennials.

An annual symposium focuses on timely issues affecting the quality of life of people in Arkansas and the nation. Past topics include historic landscape preservation practice in Arkansas and sustainable golf course design.

Garvan Woodland Gardens is a member of the American Association of Botanical Gardens and Arboreta.

High Density Electronics Center

Simon Ang, director
HiDEC/ENRC 700

479-575-4627

HiDEC website (<http://www.hidec.uark.edu/>)

The High Density Electronics Center (HiDEC) was established in 1991 as an interdisciplinary research program in advanced electronic packaging technologies, particularly the rapidly developing technology of multichip modules (MCMs), which allow electronic systems to be small, fast, and cheap.

With generous support from the Defense Advanced Research Projects Agency (DARPA), a large clean room was constructed, and an MCM fabrication facility, unique among universities, was installed. Current research programs focus on 3-D electronic packaging, high density laminate substrates, co-fired ceramic substrates for wireless applications, high temperature superconducting (HTSC) tunable filters, micro electromechanical systems (MEMS), and integrated passives development. The program is located in the Department of Electrical Engineering but involves faculty from six departments and more than 25 graduate students. Continuing funding comes from DARPA and several industrial sponsors. Significant national recognition has resulted from work performed at HiDEC.

HiDEC also houses the Center of Excellence for Nano-, Micro-, and Neuro-Electronics, Sensors and Systems (CENNESS).

Inclusion, Diversity, Equity, Leadership, and Strategy Institute

Yvette Murphy-Erby

Vice Provost for Diversity and Inclusion

Administration Building 415A

479-575-3338

Office of Diversity and Inclusion website (<https://diversity.uark.edu/>)

The mission of the IDEALS Institute is twofold:

- To undertake cutting-edge research on issues of diversity and inclusion and be a research-hub of expertise, leadership, and support for equity, inclusion, and other dimension of diversity.
- To develop and deliver a comprehensive array of educational and training components (courses, workshops, online seminars, etc.) about diversity and inclusion that will provide knowledge, skills, and tools for stakeholders to create and sustain change in their organizations.

Such change will foster a more creative, inclusive, respectful, and productive workforce and workplace and contribute to the type of climate and culture that will yield enriched learning experiences that foster academic and workforce success for all.

Information Technology Research Institute

Eric Bradford, managing director

JPHT 409

479-575-4261

Information Technology Research Institute website (<http://itri.uark.edu/>)

The Information Technology Research Institute is an interdisciplinary unit for research within the Sam M. Walton College of Business. The mission of the institute is to advance the state of research and practice

in the development and use of information technology for enhancing the performance of individuals and organizations; provide a forum for multidisciplinary work on issues related to information technology; promote student interest in the study of information technology; and facilitate the exchange of information between the academic and business communities. The Information Technology Research Institute was established by a grant from the Walton Family Charitable Support Foundation.

Institute for Nanoscience and Engineering

Gregory Salamo, director

NANO 104

479-575-4187

Institute for Nanoscience and Engineering website (<http://nano.uark.edu/>)

The Institute for Nanoscience and Engineering is based in the Nanoscale Material Science and Engineering Building, opened in 2011 with the state-of-the-art equipment and clean rooms necessary for building materials one atom at a time. The institute provides an interdisciplinary team of researchers in the fields of physics, engineering, chemistry and biology whose mission, in part, is to develop businesses in Arkansas based on nanoscience and engineering.

Institute of Food Science and Engineering

Jean-Francois Meullenet, director

Food Science Building

2650 N. Young Ave., Fayetteville, AR 72704

479-575-4040

Institute of Food Science and Engineering website (<http://www.uark.edu/depts/ifse/>)

The Institute of Food Science and Engineering and its three technology centers grew from the commitment of the University of Arkansas Division of Agriculture to finding creative ways to bring its expertise and resources to bear on specific problems and issues that affect productivity and growth in the food processing industry, with the mission of strengthening that critical component of the agricultural sector and the entire economy.

The institute assists industry by fostering cooperative, multidisciplinary efforts that provide research to solve problems, technology transfer to put new information to work, and education in skills needed by specific industries. Alliances between the institute and private industry devise solutions to identified problems. This demand-driven approach assures a direct, positive impact on the value-added processing of food products.

The Center for Food Processing and Engineering's primary objective is to facilitate research leading to value-added products and improving the efficiency and effectiveness of the processing of agricultural products. Activities of the Center for Food Safety and Quality seek to maintain or improve the safety of foods through production, harvest, processing, distribution, and storage. The main thrust of the Center for Human Nutrition is to develop new value-added functional foods with elevated levels of health-promoting compounds and ways to motivate people to include generous amounts of these foods in their daily diets. These efforts will assure food safety and improve the sensory and nutritional quality

of food to meet the nutritional requirements and food preferences of a changing society.

The offices of the Institute of Food Science and Engineering are located in the Food Science Building at the Arkansas Agricultural Research and Extension Center.

International Center for the Study of Early Asian and Middle Eastern Musics

Rembrandt Wolpert, director
MUSC 201
479-575-4701
ceam@cavern.uark.edu

International Center for the Study of Early Asian and Middle Eastern Musics website (<http://www.uark.edu/ua/eam/>)

The International Center for the Study of Early Asian and Middle Eastern Musics, established in 2000, is a research center located in the Department of Music in the J. William Fulbright College of Arts and Sciences.

The center coordinates the international Tang Music Project and is linked with the Ancient Asian Music Preservation Project of the Library of Congress, a partnership that includes internships at the Library as well as an acquisitions program. The center also functions as the base for graduate training in historical ethnomusicology and related fields, specifically tailored toward early documented repertoires of ritual- and art-music and present day performance practices in historically significant musical traditions of Asia and the Middle East. The recovery of early Asian musics and the design of music-centered algorithms and their implementation in computer programs are central aspects of the center's research and teaching activities. The center works closely with both the Department of Music and the King Fahd Center for Middle East and Islamic Studies in sponsoring lectures, seminars, concerts, and workshops, and it collaborates in developing international ties to other institutions and in promoting student and performing-artist exchanges. For more information, contact Elizabeth Markham or Rembrandt Wolpert at 479-575-4702.

King Fahd Center for Middle East Studies

Todd Shields, interim director
MAIN 202
479-575-2175

King Fahd Center for Middle East Studies website (<http://mest.uark.edu/>)

The King Fahd Center for Middle East Studies is an academic and research unit in the J. William Fulbright College of Arts and Sciences. It is an interdisciplinary and interdepartmental area studies center that offers diverse cultural, intellectual, and educational opportunities for the University of Arkansas community. Its functions include the promotion of research and teaching in interdisciplinary Middle East studies and global Islamic studies.

Through the King Fahd Middle East Studies Program, the center offers an undergraduate major in Middle East studies and supports graduate studies in Middle East-related departments and programs. Students of superior ability who are majoring in Middle East studies may apply for

MEST scholarships to help fund their studies. The center also supports summer language study and research assistantships for graduate students and teaching and research by visiting scholars from affiliated universities and programs.

Through its core faculty, the center coordinates with university departments to offer a full range of Middle East courses, supports faculty research in Middle East and Islamic studies, engages in outreach activities, and supports an ambitious program of visiting speakers and workshops. The King Fahd Center currently maintains relationships with universities in Saudi Arabia, Jordan, Morocco, Tunisia, and Russia. The center also cooperates with the Aga Khan Humanities Program in Central Asia, the Middle East Institute in Washington, D.C., and the Elijah Center for the Study of Wisdom in World Religions in Jerusalem.

Mack-Blackwell National Rural Transportation Study Center

Heather Nachtmann, director
BELL 4184
479-575-3484

Mack-Blackwell National Rural Transportation Study Center website (<http://mackblackwell.uark.edu>)

The Mack-Blackwell National Rural Transportation Study Center was established by a grant from the U.S. Department of Transportation to provide educational opportunities and conduct research in the area of rural transportation. Additional support is received from the Arkansas Highway and Transportation Department.

The broad objective of the center is to improve the quality of life in rural areas through transportation. The educational objective is to provide graduates qualified to enter the transportation-related professions with the diversity of backgrounds needed to lead transportation development in the 21st century. Although housed within the Department of Civil Engineering, the Mack-Blackwell Center's activities are not limited to engineering. All disciplines related to or impacted by transportation participate in the center's research and educational activities.

National Agricultural Law Center

Harrison Pittman, director
479-575-7640
nataglaw@uark.edu

National Agricultural Law Center Website (<http://www.NationalAgLawCenter.org/>)

The National Agricultural Law Center serves as the nation's leading source of agricultural and food law research and information and is a unit of the University of Arkansas System Division of Agriculture. Created in 1987, the center fulfills its mission by conducting and sponsoring objective and authoritative agricultural and food law research and by providing bibliographic and other resources on agricultural and food law.

The center works closely with a diverse range of public and private sector stakeholders throughout Arkansas and the nation. The center is the only institution of its kind in the United States and has received national recognition. Publications and research assistance are available in print and through the website.

National Center for Reliable Electric Power Transmission

Alan Mantooth, executive director
2055 South Innovation Way
479-575-4838

National Center for Reliable Electric Power Transmission website (<http://ncrept.uark.edu/>)

The National Center for Reliable Electric Power Transmission in the College of Engineering is located in a new building at the Arkansas Research and Technology Park. The center seeks to research and develop prototypes of advanced power electronics systems for applications in the power grid, including both protection and storage devices.

The center also serves as a test facility for advanced power electronic circuit and package designs for distribution-level voltages and high currents. The center is a unique educational resource for students interested in working in the power utility and power electronics sectors.

Office for Studies on Aging

Michelle Gray and Barbara Shadden, co-directors
HPER 321X
479-575-5262
aging@uark.edu

Office for Studies on Aging website (<http://coehp.uark.edu/osa/>)

The Office for Studies on Aging in the College of Education and Health Professions was established in August 1999 to coordinate the resources of the university in addressing the needs of the aging population in Arkansas and beyond. The office was developed to be the center for research and study of the physical, social, and psychological aspects of the aging process drawing on a host of disciplines across campus. The office conducts research, provides services, and acts as an interface between the university and the variety of service modalities for the aging population. Initial efforts of the office are directed toward a variety of issues facing older Americans to provide meaningful solutions so that the process of aging is a positive experience, both emotionally and physically.

Office of Education Policy

Gary Ritter, director
201 Graduate Education Building
479-575-3773

www.officeforeducationpolicy.org (<http://www.officeforeducationpolicy.org>)

The Office of Education Policy serves as a resource to state lawmakers, educators, administrators, and other leaders, providing them with current national, state, and regional research in education to support them in thoughtful decision-making concerning K-12 education in the state of Arkansas. The Office of Education Policy strives to look at pressing issues through the lens of academic research, bridging the gap between research and practice.

Small Business and Technology Development Center

Larry Brian, director
RCED 210

479-575-5148

Small Business and Technology Development Center website (<http://sbtdc.uark.edu/>)

The Walton College Arkansas Small Business and Technology Development Center is part of a national network of more than 1,000 small business development centers that provide small business training seminars, as well as free market research and consulting services from three full-time business consultants to startup and existing small businesses. The Arkansas system also provides the services of a free innovation and technology consultant for the state. The Walton College center operates as a regional office of the Arkansas Small Business and Technology Development Center half funded by the United States Small Business Administration and the Walton College located in the Donald W. Reynolds Center for Enterprise Development.

The Arkansas system serves all of Arkansas through the University of Arkansas at Little Rock's lead center and six regional offices located on college campuses throughout the state of Arkansas. Any for-profit small business intending to locate or currently located within the Walton College center's service area may receive free assistance. This center serves the following counties: Benton, Boone, Carroll, Madison, Marion, Newton, Searcy, and Washington.

Supply Chain Management Research Center

John Kent, director
WJWH 544
479-575-6107
jkent@walton.uark.edu

Supply Chain Management Research Center website (<http://scmr.uark.edu/>)

The Supply Chain Management Research Center at the Sam M. Walton College of Business sponsors and promotes supply chain, logistics, and transportation research and education. Center faculty view the supply chain as the channel that integrates business processes from suppliers through end users, providing value-added products, services, and information. Supply chain management incorporates both inter- and intra-company logistics, transportation, and management systems.

The center undertakes research and training in all aspects of the supply chain. It has sponsored research on vendor-managed inventory, trained salespersons and developed systems for material requirements planning, and simulated supply chains for logistics executives. The center has a broad range of interests and capabilities and has close ties to and cooperative programs within the Walton College, such as the Center for Retail Excellence, the Information Technology Research Center and other centers at the university, such as the Logistics Institute in the College of Engineering. The Supply Chain Management Research Center is unique in that its capabilities span the technical and managerial arenas of supply chain management.

The center's Board of Directors includes representatives of firms such as ABF Freight Systems, American Freightways, Colgate-Palmolive, Federal Express, J.B. Hunt Transport, Pillsbury, Sunbeam, Tyson Foods, Unilever HPC, and Wal-Mart. The Board of Directors, along with notable supply chain professionals from business and academia, meet annually to discuss the state of the art in supply chain management and to provide advice and direction for the center.

For additional information about the Supply Chain Management Research Center at the Sam M. Walton College of Business contact the center at 479-575-7334.

Terrorism Research Center

Brent L. Smith, director
MAIN 228
479-575-3401
bls@uark.edu

Terrorism Research Center website (<http://trc.uark.edu/>)

The Terrorism Research Center in the J. William Fulbright College of Arts and Sciences houses the American Terrorism Study, the nation's only comprehensive longitudinal database on American terrorism. Conducted in cooperation with the Federal Bureau of Investigation and sponsored by the U.S. Senate Judiciary Committee, the American Terrorism Study provides a record of federal terrorism cases resulting from indictment under an FBI "terrorism enterprise" investigation from 1980 to the present. The center is also engaged in several projects examining the spatial and temporal dimensions of terrorism, precursor and preparatory terrorist crimes, and prosecutorial and defense strategies in terrorism trials. The center's research is funded by the Department of Homeland Security through the Memorial Institute for the Prevention of Terrorism and the Department of Justice through the National Institute of Justice.

Tyson Center for Faith and Spirituality in the Workplace

WJWH 518
479-575-3721
jan002@uark.edu

Tyson Center for Faith and Spirituality in the Workplace website (<http://tfsw.uark.edu/>)

The center's vision is to be recognized as an international center networked with other international centers, where students, academics, practitioners, business leaders and faith leaders come together to understand the effects of faith and spirituality in the workplace and develop methodologies to help transform organizations in a way that has a positive impact on the world. The center teaches courses on faith and spirituality in the workplace, provides resources to businesses and community, and maintains a database of relevant research, including conducting its own case studies.

The Tyson Center for Faith and Spirituality in the Workplace was established by a grant from Tyson Foods Inc. and the Tyson Family Foundation in 2009.

Glossary

Academic Dismissal. An academic status (<http://catalog.uark.edu/undergraduatecatalog/academicregulations/academicprobationsuspensionanddismissal/>) resulting from unsatisfactory grades in which students are not permitted to enroll at the university until approved through an appeal process.

Academic Probation. An academic status (p. 83) resulting from unsatisfactory grades.

Academic Suspension. An academic status (p. 83) for unsatisfactory grades in which students are not permitted to register for courses for a specified time period.

Act 1052/467. Section 21 of Arkansas Act 467 of 1989 specifies that all first-time entering freshmen who are enrolled in a bachelor's degree program will be placed in either college-level credit courses in English and mathematics or developmental courses in English composition, reading, and mathematics on the basis of their scores on specified tests. Find out more in the Registration (p. 69) section of the catalog.

Activity Course. Course devoted to participation in, knowledge of, or performance of some form of physical activity.

Add. See *Drop/Add* below.

Additional Major. Students fulfilling all requirements for the B.S., B.S.W., B.F.A. and B.M. degrees, including all core requirements and at least one major in these degree programs, may also claim an additional major in a humanistic discipline, social science, or interdisciplinary program associated with a B.A. degree. Upon completion of all major requirements of the additional discipline, the additional major will be made part of the student's transcript; however, a B.A. degree is not awarded. This is also an option in German for any non-arts and science student.

Advance Registration. A period of time scheduled during a regular (fall or spring) semester that allows currently enrolled students to register for the next regular semester. In addition, advance registration for the summer sessions is scheduled during the spring semester.

Applied Instruction. A course that integrates both the teaching and hands-on application of knowledge or information; attends to the practical and utilitarian function of the subject (distinguished from theoretical). Examples may include: livestock judging team, music and art courses, cooperative education, and experiential learning.

Apprenticeship/Externship. Experiential learning opportunity to give students practical exposure and training in a career field. This is generally off-campus, supervised, and designed to prepare students for the transition from school to career.

Area Studies. Interdisciplinary study of geographical or cultural areas. Topics include the history, geography, politics, culture, language, and literature of the area. Generally, an area study is offered as a minor or a second major.

Audit. To take a course without credit.

Adviser. A faculty or staff member assigned to a student to advise that student on academic matters that include degree requirements and selection of courses.

Certification Requirements. The set of course, hour, and other academic requirements that must be completed to receive certification.

Class Schedule. List of courses and sections for a specific semester, including names of instructors; day, hour, and place of class meetings; and detailed registration procedures. The class schedule is available online.

Clinical Rotation/Instruction. Course that takes place in a clinical setting, including practice labs, hospitals, and other agencies; students apply methods and principles of a clinical discipline.

College or School. One of ten major divisions within the university that offers specialized curricula.

Combined Major. A combination of subsets of two primary discipline specific requirements, each of which is typically 15 to 24 hours and less than the number required for a major, which together constitute the major in a program of study leading to one bachelor's degree with a combined major in two disciplines.

Concentration. A subset of requirements within the discipline-specific requirements of a program of study (graduate field of study or undergraduate major) leading to a graduate or bachelor's degree.

Consent. A prerequisite that requires the student to obtain approval from the instructor or the department before he or she will be allowed to register for the course.

Core. A core of required coursework may be specified for students at the university level, the college or school level, the department level, and the program or area level. A core is what is required for all students at that level or in that program. Core and major requirements are usually stated either in terms of specific required courses or of lists of courses from which any course chosen will meet the requirement. The "list" may actually be a defined set such as lower-level courses or upper-level courses; courses in the department, in the program, or in the college; or courses identified by one or more course, program, or department codes. Elective courses may involve a greater or lesser degree of student choice. A general elective course could be one that is needed to complete the number of hours required for the degree when no other requirements remain to be met. A free elective course may be one that is not needed to complete either course requirements or hour requirements. See *University Core* below.

Corequisite. A course that must be taken at the same time as the course described.

Correspondence. See *Self-Paced (Correspondence)* below.

Course. A unit of academic instruction.

Course Deficiencies. Lacking required units of study in high school. Find out more in the Placement and Proficiency portion (p. 57) of the Enrollment Services section of the catalog.

Course Load. The number of semester credit hours a student may schedule in a given term.

Credit Hour. See Academic Policy 1200.40 (<https://provost.uark.edu/policies/120040.php>) for university's credit hour definition.

Cumulative Grade-Point Average. An average computed by dividing the total number of grade points earned by the total number of credit hours attempted in all courses for which grades (rather than marks) are given.

Curriculum. A program of courses comprising the formal requirements for a degree in a particular field of study.

Degree Program. A program of study defined by sets of academic requirements that lead to a degree which the university is authorized to offer. Undergraduate degree requirements are typically stated in terms of numbers of credit hours and specific courses at the university, college or school, and discipline levels. Graduate degree requirements are typically stated in terms of number of credit hours and specific courses at the discipline level.

Department. Division of faculty or instruction within a college, such as Department of Accounting within the Sam M. Walton College of Business.

Dependent Major. See *Second Major* below.

Dissertation/Thesis Research. Research conducted and submitted in support of candidature for a degree or professional qualification; a formal treatise presenting the results of study submitted in partial fulfillment of the requirements of an advanced degree; process requires intensive interaction between student and professor.

Double Degree Program. A program of study that includes one set of university requirements and two sets of college or school and primary discipline-specific requirements and leads to two different bachelor's degrees with two different majors.

Double Major. The two complete sets of primary discipline-specific requirements, typically consisting of a minimum of 30 hours each, constituting the two majors within a program of study leading to one bachelor's degree with two complete majors.

Drill. Supplemental instruction or practice using repetition or discussion.

Drop/Add. Dropping or adding of select courses while still remaining enrolled in the university. This can only be done during specified times as published in the academic calendar (<http://registrar.uark.edu/academic-dates/academic-semester-calendar/>). See also *Withdrawal* below.

Eight-Semester Degree Completion Program. Most majors offered by the University of Arkansas can be completed in eight semesters, and the university provides plans that show students which classes to take each semester in order to finish in eight semesters. A few undergraduate majors either require a summer internship or fieldwork or are five-year professional programs, and may therefore not qualify for the eight-semester degree completion program.

Elective. Elective courses may involve a greater or lesser degree of student choice. A general elective course could be one that is needed to complete the number of hours required for the degree when no other requirements remain to be met. A free elective course may be one that is not needed to complete either course requirements or hour requirements.

Equivalent. A course allowed in place of a similar course in the same academic discipline. May require approval by an academic dean.

Externship. See *Apprenticeship/Externship* above.

Fees. Charges, additional to tuition, that cover specific university services, programs, facilities, activities and/or events. Find out more in the undergraduate Fee and Cost Estimates (p. 72) section or the graduate Fee and Cost Estimates (<http://catalog.uark.edu/graduatecatalog/feeandgeneralinformation/>) section.

Field of Study. The primary discipline-specific (or multidisciplinary or interdisciplinary) set of requirements in a graduate program of study. The

field of study typically consists of a minimum of 30 hours at the master's degree level, of 30 hours beyond the master's degree at the educational specialist level, and of 96 hours for the doctor of education degree. Field of study hour requirements vary more widely for the doctor of philosophy degree, but 60 hours is typical.

Field Studies. Hands-on study undertaken outside the laboratory or place of learning, usually in a natural environment or among the general public. Examples may include archeological and geological field studies.

Focused Studies. A set of courses that a student may elect to take as part of the major requirements and which provides focus in a particular area related to the major. Completing a focused study is not required for the major, but serves as a guide for students who want to further specialize their studies. Focused studies do not need Arkansas Department of Higher Education approval and do not appear on the transcript.

Grade Points. Points per semester hour assigned to a grade (not a mark), indicating numerical value of the grade. The grade-point average indicates overall performance and is computed by dividing the total number of grade points earned by the number of semester hours attempted.

Grade Sanction(s). A penalty for academic dishonesty. Grade sanctions may consist of either a grade of zero or a failing grade on part or all of a submitted assignment or examination or the lowering of a course grade, or a failing grade of XF to denote failure by academic dishonesty.

Hazing. Any activity that is required of an individual that may cause mental or physical stress and/or embarrassment when in the process of joining or belonging to any organization.

Independent Study. Project collaboratively designed by the instructor and student to pursue an area of study not covered by the established curriculum; typically completed without class attendance but through formal supervision by an instructor.

Internship. A formal program that provides practical experience in an occupation or profession; applied, monitored, and supervised, field-based learning experience for which the student may or may not be paid; may include field work/experience, supervised courses, student teaching, and cooperative education; provides opportunities for students to gain experience in a career field.

Intersession. A two-week mini-session that is held at the beginning of the regular fall, spring, and summer terms. Coursework during an intersession is very concentrated and intensive. Intersession classes are not available to new freshmen.

Laboratory. Course meeting in a defined physical setting for the hands-on application of methods and principles of a discipline; credit-bearing section which requires a registration separate from the lecture component of the course.

Lecture. A class session in which an instructor speaks on a specific topic.

Lecture/laboratory. Lecture course which integrates a lab component as part of the same course registration.

Major. The primary set of discipline-specific (or multidisciplinary or interdisciplinary) requirements in an undergraduate program of study. The major typically consists of a minimum of 30 hours and identifies by name a specific degree area.

Minor. The lesser set of discipline-specific (or multidisciplinary or interdisciplinary) requirements in an undergraduate program of study. The minor typically consists of a minimum of 15 hours or more in a designated discipline.

Noncredit Course. A course for which no credit is given. (Some credit courses will not count toward degrees.)

Overload. A course load of more semester hours than a student is normally permitted to schedule in a given period.

Practicum. Involves supervised activities emphasizing practical application of theory, especially one in which a student gains exposure to a field of study; generally required as part of the program curriculum.

Pre-Professional Requirements. The set of course, hour, and other academic requirements that must be completed before entry into a school, a program of study, or an advanced level of a program of study, either at the U of A or at another institution.

Prerequisite. A course or requirement that must be completed before the term when the described course is taken.

Private Study. Involves individual instruction with regular meetings; one-to-one demonstration, performance critique, music, fine arts or performing arts are examples.

Readings. A course where the instructor assigns readings and facilitates discussion at regular class meetings.

Registration. Enrollment at the beginning or prior to the beginning of a semester, including selection of classes and payment of fees and tuition.

Research. Research conducted that is independent of that done for a dissertation or thesis.

Sanction(s). The penalty for noncompliance to a policy. Usually a response that will redirect the individual or group's inappropriate behavior, encourage responsible judgment and ethical reasoning, protect the community's property and rights, and affirm the integrity of the institution's conduct standards.

Section. A division of a course for instruction. A course may be taught in one or more sections or classes or at different times, depending on enrollment in the course.

Second Major. (Also referred to as a Dependent Major.) A second complete set of primary discipline-specific requirements in a discipline in which only a second or dependent major may be earned. A second major must be earned in a degree program in which the first major is one authorized to be given independently. Typically a minimum of 30 hours is earned in each major area or discipline.

Self-Paced (Correspondence). Course in which instruction is web-based and students are physically separated from the instructor. Interaction between instructor and student is not regular or substantive, and is primarily initiated by the student. These courses are self-paced and are not distance education. Students are not required to be admitted to the University of Arkansas to take a self-paced course.

Semester Credit Hour. Unit of measure of college work. One semester credit hour is normally equivalent to one hour of class work or from two to six hours of laboratory work per week for a semester.

Seminar. Involves a small group of students engaged in advanced study and original research under a member of the faculty and meeting regularly

to exchange information and hold discussions; highly focused and topical course; may include student presentations and discussions of reports based on literature, practices, problems, or research.

Special Problems. Individualized investigation of topics or case studies in a specific field under the supervision of an instructor for the purpose of enhancing or illuminating the regular curriculum.

Special Topics. An organized course devoted to a particular issue in a specific field; course content is not necessarily included in the regular curriculum for the major.

State Minimum Core. See *University Core* below.

Student Number. A number given to each student as a permanent identification number for use at the university.

Studio Course. Involves the application of design and theory in a defined physical setting; students explore and experiment under the guidance of an instructor.

Summer Sessions. Periods of time during the summer when course work is offered. (Go to the Academic Calendar (p. 13) for specific times and dates.)

Syllabus. An outline or summary of the main points of a course of study, lecture, or text.

Telecommunications. Course that utilizes technology in conveying teaching material. This only includes courses that use technology as the primary delivery method of course content, not courses that simply use technology to support another delivery method. These are distant education courses that generally: Uses one or more of the following technologies to deliver instruction to students who are separated from the instructor and to support regular and substantive interaction between the students and the instructor, synchronously or asynchronously. The technologies used may include:

- The Internet;
- One-way and two-way transmissions through open broadcast, closed circuit, cable, microwave, broadband lines, fiber optics, satellite, or wireless communications devices;
- Audio-conferencing, etc.; or
- Videocassettes, DVDs, and CD-Roms, if the videocassettes, DVDs, or CD-Roms are used in conjunction with any of the technologies listed in the first three options

Thesis Research. See *Dissertation/Thesis Research* above.

Track. A subdivision of a concentration or certificate, which a student must select and fulfill to complete the requirements of the concentration or certificate.

Transcript. A **complete** record of the student's enrollment and academic history at the University of Arkansas, including **all** undergraduate, graduate, and law courses.

Tuition. The charge for university enrollment and registration, calculated per credit hour each semester. Tuition rates may vary depending on a student's resident status, undergraduate or graduate standing, and college affiliation. Tuition does not include cost of room and board. Additional charges will apply depending on student status. See the entry for Fees above.

UAConnect (<https://uaconnect.uark.edu/>). The online database that maintains student, faculty and staff records and class schedules.

Undeclared Major. Designation indicating students who have not selected a major.

Undergraduate Study. Work taken toward earning an associate or a baccalaureate degree.

University Core. The state of Arkansas specifies a number of core courses that students must successfully pass to obtain a degree. These are also sometimes referred to as the State Minimum Core. Find out more in the Requirements for Graduation (p. 91) and University Core (p. 97) portions of the Academic Regulations section.

Withdrawal. Official withdrawal (<http://registrar.uark.edu/registration/withdrawal.php>) from all courses during a semester at the university.

For More Information

See the University of Arkansas Directory (<http://directory.uark.edu/>) for a more comprehensive directory of offices and personnel.

Undergraduate Programs of Study

The academic units of the University of Arkansas include the following colleges, schools and military departments:

- The Dale Bumpers College of Agricultural, Food and Life Sciences (p. 104), which includes the School of Human Environmental Sciences (p. 161)
- The Fay Jones School of Architecture and Design (p. 173)
- The J. William Fulbright College of Arts and Sciences (p. 198), which includes the School of Art (p. 218), the School of Journalism and Strategic Media (p. 289), and the School of Social Work (p. 376)
- The Sam M. Walton College of Business (p. 394)
- The College of Education and Health Professions (p. 447), which includes the Eleanor Mann School of Nursing (p. 474)
- The College of Engineering (p. 512)
- Graduate School (<http://catalog.uark.edu/graduatecatalog/>), which includes the Graduate School of Business (<http://catalog.uark.edu/graduatecatalog/business/>)
- School of Law (<http://catalog.uark.edu/lawcatalog/>)
- Honors College (p. 99)
- Global Campus (<http://globalcampus.uark.edu/>), School of Continuing Education and Academic Outreach
- Departments of Army ROTC (p. 549) and Air Force ROTC (p. 549)

The Global Campus, School of Continuing Education and Academic Outreach, serves as a portal for online, distance and professional education programs and courses provided by the University of Arkansas. Experienced staff members collaborate with the university's academic colleges and schools and other academic units to develop and facilitate quality, cutting-edge courses and programs.

The School of Law and the Graduate School offer professional and graduate degrees. See the *Graduate Catalog* and the *Law School Catalog* for more information.

Accreditations

The University of Arkansas, Fayetteville, is accredited by the Higher Learning Commission.

Some colleges and programs are also accredited by other agencies, associations, or professional organizations, including those listed below.

Dale Bumpers College of Agricultural, Food and Life Sciences

The Bachelor of Science in Human Environmental Sciences (B.S.H.E.S.) degree programs are accredited by the Council for Professional Development of the American Association of Family and Consumer Sciences. The degree program in dietetics is accredited by the Accreditation Council for Education in Nutrition and Dietetics of the Academy of Nutrition and Dietetics. The Jean Tyson Child Development Study Center is accredited by the National Association for the Education of Young Children (NAEYC). The Bachelor of Science in Agricultural, Food and Life Sciences (B.S.A.) in food science is accredited by the Institute of Food Technologists. Teacher education programs in

agriculture and family and consumer sciences are coordinated with educational programs in the College of Education and Health Professions and are accredited by the National Council for Accreditation of Teacher Education (NCATE).

Fay Jones School of Architecture and Design

The Bachelor of Architecture (B.Arch.) program is accredited by the National Architectural Accreditation Board, and the Bachelor of Landscape Architecture (B.L.A.) program is accredited by the Landscape Architectural Accreditation Board of the American Society of Landscape Architects. The Bachelor of Interior Design (B.I.D.) degree is accredited by the Council for Interior Design Accreditation (CIDA).

J. William Fulbright College of Arts and Sciences

The Bachelor of Science (B.S.) degree program in chemistry is accredited by the American Chemical Society. The American Council on Education in Journalism and Mass Communications has accredited the Bachelor of Arts (B.A.) degree program in journalism. The Bachelor of Arts (B.A.), Bachelor of Music (B.M.), and Master of Music (M.M.) degree programs in the Department of Music are accredited by the National Association of Schools of Music. The Doctor of Philosophy (Ph.D.) degree program in clinical psychology is accredited by the American Psychological Association. The Bachelor of Social Work (B.S.W.) and the Master of Social Work (M.S.W.) degree programs are accredited by the Council of Social Work Education.

Sam M. Walton College of Business

The Sam M. Walton College of Business offers degree programs for undergraduate students and for graduate students at both the master's and doctoral levels and has been a member of and accredited by AACSB International, the Association to Advance Collegiate Schools of Business, since 1931. The accounting program was separately accredited in 1986 at both the bachelor's and master's levels. The master's in business administration program was approved in 1963. Accreditation by AACSB and membership in that organization signifies the college's commitment to AACSB goals of promoting and achieving the highest standards of business education.

College of Education and Health Professions

The teacher education programs in the College of Education and Health Professions are accredited by the National Council for Accreditation of Teacher Education. The M.A.T. program in childhood education is in compliance with the standards of the National Association for the Education of Young Children. The various M.A.T. licensure programs in secondary education are in compliance with the standards of the specialty organizations including National Council of Teachers of English, National Council of Teachers of Mathematics, National Science Teachers Association, and National Council for the Social Studies. The Master of Science degree program in speech pathology-audiology is accredited by the Council on Academic Accreditation of the American Speech-Language-Hearing Association, but is currently on probationary status. See Graduate Catalog (<http://catalog.uark.edu/graduatecatalog/programsofstudy/communicationdisorderscds/>) for more information. The Bachelor of Science in Nursing (B.S.N.) degree program is accredited by the National League for Nursing Accrediting Commission (61 Broadway Street, New York, NY 10006, 212-363-5555, Ext. 153) and is approved by the Arkansas State Board of Nursing. The Bachelor of Science in Education (B.S.E.) degree program in health science, kinesiology, recreation, and dance is accredited by the Council on Accreditation of the National Recreation and Park Association. The Master of Science degree

in rehabilitation counseling is accredited by the Council on Rehabilitation Education.

College of Engineering

The College of Engineering offers the following programs accredited by the Engineering Accreditation Commission of ABET (visit <http://www.abet.org> for more information): Bachelor of Science in Biological Engineering (B.S.B.E.), Bachelor of Science in Chemical Engineering (B.S.Ch.E.), Bachelor of Science in Civil Engineering (B.S.C.E.), Bachelor of Science in Computer Engineering (B.S.Cmp.E.), Bachelor of Science in Electrical Engineering (B.S.E.E.), Bachelor of Science in Industrial Engineering (B.S.I.E.), Bachelor of Science in Mechanical Engineering (B.S.M.E.), Master of Science in Environmental Engineering (M.S.En.E.), and Master of Science in Biomedical Engineering (M.S.B.M.E.)

The College of Engineering offers a Bachelor of Science in Computer Science (B.S.) that is accredited by the Computing Accreditation Commission of ABET (visit <http://www.abet.org> for more information).

School of Law

The degree programs in the School of Law on the Fayetteville campus are accredited by both the American Bar Association and the Association of American Law Schools.

Certificate Programs

- Brewing Science (p. 153)
- Child Advocacy Studies Training (p. 376)
- Geospatial Technologies (p. 272)
- Poultry Science (p. 160)

Following is a list of major programs of undergraduate study – grouped by college and school – offered at the University of Arkansas, followed by a list of minors and certificates offered by each college and school.

Majors

Dale Bumpers College of Agricultural, Food and Life Sciences

- Agricultural Business (p. 111)
- Agricultural Education, Communication and Technology (p. 119)
- Animal Science (p. 127)
- Crop Science (p. 136)
- Environmental, Soil, and Water Science (p. 142)
- Food Science (p. 145)
- Horticulture, Landscape and Turf Sciences (p. 154)
- Poultry Science (p. 157)

School of Human Environmental Sciences

- Apparel Merchandising and Product Development (p. 162)
- Birth Through Kindergarten (p. 164)
- Food, Nutrition and Health (p. 165)
- Hospitality Management (p. 167)
- Human Development and Family Sciences (p. 169)
- Human Nutrition and Dietetics (p. 171)

Fay Jones School of Architecture and Design

- Architecture (p. 183)
- Architectural Studies (p. 179)
- Interior Design (p. 187)

- Landscape Architecture (p. 192)
- Landscape Architectural Studies (p. 189)

J. William Fulbright College of Arts and Sciences

- Anthropology (p. 214)
- Art (Studio Art) (p. 218)
- Art History (p. 218)
- Biology (p. 230)
- Chemistry (p. 235)
- Classical Studies (p. 245)
- Communication (p. 248)
- Criminology (p. 250)
- Earth Science (p. 253)
- Economics (p. 254) (Bachelor of Arts)
- English (p. 258)
- French (p. 385)
- Geography (p. 266)
- Geology (p. 268)
- German (p. 385)
- Graphic Design (p. 218)
- History (p. 274)
- Interdisciplinary Studies (p. 279)
- International and Global Studies (p. 281)
- Journalism (p. 289)
- Mathematics (p. 303)
- Music (p. 313)
- Philosophy (p. 349)
- Physics (p. 351)
- Political Science (p. 368)
- Psychology (p. 372)
- Social Work (p. 376)
- Sociology (p. 380)
- Spanish (p. 385)
- Theatre (p. 383)

Second (or dependent) Majors

A second (or dependent) major may be earned in a degree program when a student already is pursuing a first major that is authorized to be given independently.

- African and African American Studies (p. 212)
- Asian Studies (p. 228)
- Latin American and Latino Studies (p. 301)
- Middle East Studies (p. 312)

Sam M. Walton College of Business

- Accounting (p. 412)
- Business, General (p. 433)
- Business, International (p. 402)
- Economics (p. 416)
- Finance (p. 420)
- Information Systems (p. 429)
- Management (p. 433)
- Marketing (p. 438)
- Retail (p. 438)
- Supply Chain Management (p. 443)

College of Education and Health Professions

- Career and Technical Education (p. 452)

Childhood Education (p. 459)
 Communication Disorders (p. 469)
 Educational Studies (p. 473)
 Elementary Education (p. 485)
 English Education (p. 487)
 Exercise Science (p. 489)
 French Education (p. 492)
 German Education (p. 493)
 Human Resource and Workforce Development Education (p. 496)
 Nursing (p. 474)
 Public Health (p. 498)
 Recreation and Sport Management (p. 500)
 Social Studies Education (p. 503)
 Spanish Education (p. 505)
 Special Education (p. 507)
 Teaching K-12 Physical Education and Health (p. 509)

College of Engineering

Biological Engineering (p. 518)
 Biomedical Engineering (p. 522)
 Chemical Engineering (p. 542)
 Civil Engineering (p. 524)
 Computer Engineering (p. 527)
 Computer Science (p. 527)
 Electrical Engineering (p. 531)
 Industrial Engineering (p. 534)
 Mechanical Engineering (p. 537)

Undeclared Major

Degree-seeking students who are undecided about their choice of a major field of study should enroll in the college or school that best reflects their current academic interest. Advisors in each academic unit can provide guidance to students who are undecided about their choice of a major field of study. Each college has its own rules concerning the point at which a student must declare a major.

Dale Bumpers College of Agriculture and Food Life Sciences (AFLS)

- Undergraduate students are expected to officially declare a major prior to earning 30 college credit hours. Advisors in each academic unit can provide guidance regarding majors and career opportunities to students with undeclared status and transfer students who have not declared a major. An administrative advising hold, to be released after meeting with an academic advisor, will be placed on undeclared students' records each term until a major has been declared to encourage thoughtful consideration and selection of majors.

Faye Jones School of Architecture and Design (ARCH) –

Undergraduate students must elect one of the three academic departments upon acceptance into the School. Undeclared status is not an option.

J. William Fulbright College of Arts and Sciences (ARSC) -

Undergraduate students are expected to officially declare a major prior to earning 30 college credit hours. The Fulbright College Advising Center will provide enhanced advising services specific to exploratory students regarding major and career decisions. An administrative advising hold, to be released after meeting with an academic advisor, will be placed on undeclared students' records each term until a major has been declared to encourage thoughtful consideration and selection of majors.

College of Education and Health Professions (COEHP) –

Undergraduate students are admitted into pre-majors in selected

fields, including Communication Disorders (PCDIS), Nursing (PNURS), Elementary Education (PELED), and Human Resource Development (PHRWD). Students must apply to the majors associated with their pre-major in certain semesters, and should work with their advisors to determine the most appropriate time to make this application. Students are admitted directly to programs in Recreation and Sport Management, Educational Studies, Kinesiology, and Public Health. Students may also be admitted to the College as an undeclared student and should work with an academic advisor to declare a major or pre-major prior to earning 30 credit hours.

College of Engineering (ENGR) – All undergraduate engineering students are classified as pre-engineering students until they have successfully completed the two semester freshman engineering sequence and achieved a C or better in MATH 2554, Calculus 1.

Walton College of Business (WCOB) – Students pursuing a degree in Walton College are classified as pre-business until all core-business requirements are fulfilled.

Minors

Each college and school of the University of Arkansas can determine whether to offer minors within their respective departments and whether to allow a student to pursue a minor in another college or school. Most, but not all, minors are offered in fields in which a major is also offered. Students should check with academic advisers in their college or school to determine the eligibility and requirements of a minor. They are listed below.

Interdisciplinary

Microelectronics-Photonics (p. 100) (administered by the Graduate School)
 Nanotechnology (p. 102) (administered by the Provost's Office)
 Planning (p. 104) (administered by the departments of Landscape Architecture and Political Science)
 Sustainability (p. 197) (administered by the Fay Jones School of Architecture and Design)

Dale Bumpers College of Agricultural, Food and Life Sciences

Agricultural Business (p. 111)
 Agricultural Communications (p. 119)
 Agricultural Education (p. 119)
 Agricultural Leadership (p. 127)
 Agricultural Systems Technology Management (p. 119)
 Animal Science (p. 127)
 Crop Biotechnology (p. 136)
 Crop Science (p. 136)
 Entomology (p. 141)
 Equine Science (p. 127)

- Study Abroad
- Graduate, Law, Pre-Law and other Pre-Professional Programs

Honors Studies

Interested students should write to the Director of Honors Program in the appropriate college.

The honors program in the Dale Bumpers College of Agricultural, Food and Life Sciences provides students with opportunities for intellectual enrichment beyond the traditional undergraduate experience. This is accomplished through honors courses, completion of an undergraduate capstone honors project or thesis, and other significant activities including interactions with students in honors programs in other colleges. The results of the student's original research or creative project may be published in *Discovery*, the undergraduate research journal of the Bumpers College, or *Inquiry*, the university-wide journal of undergraduate research and creative activity. In support of these efforts, participants in the Honors Program are eligible to receive an honors stipend in support of their research projects. The transcript and diploma of each honors graduate will designate the student as an honors graduate of the college. At the college commencement ceremony, each honors graduate will wear special regalia and have the title of their honors thesis and their mentors' names listed in the graduation program. Students must maintain a cumulative grade-point average of 3.50 and subscribe to the Statement of Ethical Standards to remain in the program. For additional information, see the Bumpers College (p. 104) section of this catalog.

The Fay Jones School of Architecture and Design provides opportunities for students of superior academic and creative ability to enhance and enrich their professional and liberal education by participating in the School's honors programs. For additional information, please see the Fay Jones School of Architecture and Design (p. 173) section of this catalog.

To create an intellectual environment that will challenge the best of students, the J. William Fulbright College of Arts and Sciences provides a comprehensive program of honor studies. From the first year to the senior year, an honors student is provided the opportunity to study with other superior students in small distinctive classes taught by highly motivated and skilled faculty members. There are also opportunities for independent study so that students learn to work on their own and to develop their abilities and interests in ways that are not normally possible in regular college course work. Students participating in a program of honors studies also receive special academic counseling to satisfy their future career objectives. Students are offered every opportunity to achieve a high level of intellectual maturity and accomplishment. For additional information, see the Fulbright College (p. 198) section of this catalog.

The honors program in the Sam M. Walton College of Business is offered to high-achieving students interested in obtaining an outstanding business education at the University of Arkansas. Students who participate in the program will take honors classes in the University Core and pre-business curriculum as well as honors colloquia in the Walton College offered exclusively to honors students. The subject matter of these colloquia varies from year to year and focuses on current business issues. Honors students complete a thesis in the senior year. Students in the honors program are entitled to register on the first day of registration week, have exclusive access to an honors computer lab and study area, and will be given priority consideration in such programs as the Arkansas Cooperative Education Program. For further information, see the Walton College (p. 394) section of this catalog.

The honors program in the College of Education and Health Professions enables undergraduate students who have demonstrated potential for outstanding scholarship achievement an opportunity to broaden and deepen their liberal and professional education. Honors students participate in honors seminars, leadership skills development and a required undergraduate thesis/project. Students are provided opportunities to enhance their learning experience through critical thinking, leadership skills development and independent study. For additional information, see the College of Education and Health Professions (p. 447) section of this catalog.

The College of Engineering has established an honors program to challenge superior students with a more in-depth academic program and research experience and to provide a structure for working more closely with faculty members and other students in a team environment. An honors program is highly recommended for individuals planning academic or research-related careers that require considerable critical and original independent thinking. Students must formally apply for admission to the Engineering Honors Program. Once accepted into the program, honors students take a minimum of 12 hours of honors courses (a minimum of 6 of these 12 hours must be in engineering), participate in undergraduate research and write an undergraduate thesis, and must fulfill any additional departmental requirements. To graduate with honors, a student must hold a cumulative GPA of 3.50 or better for all course work, computed at graduation. For more information, see the College of Engineering (p. 512) chapter of this catalog.

Campuswide Academic Honor Societies

For other academic honor societies, see the various school and college sections of this catalog.

Golden Key is an academic honor society open to selected juniors and seniors who have a minimum grade-point average of 3.50.

Order of Omega honor society is exclusive to members of the Greek community on the university campus. Selection of members is based upon leadership in the inter-Greek activities, academic honors, and contributions to the University community. A 2.50 GPA is necessary for membership consideration.

Phi Eta Sigma is an academic honor society for freshman students. Membership is selected in the spring each year, and the only requirement is a minimum GPA of 3.50 or better for the first semester of the freshman year.

Phi Kappa Phi is a national honor society whose primary objective is the recognition and encouragement of superior scholarship in all academic disciplines. Junior and senior undergraduate students who have a minimum GPA of 3.85 are eligible for membership. Also eligible are

graduate students, registered for one year, who have a minimum GPA of 3.85.

Tau Alpha Upsilon is an honor society that honors outstanding students who live in the University of Arkansas Residence Hall system.

Who's Who, a general honor society, honors students who have excelled in scholarship, leadership and campus activities throughout their college careers. Membership requirements are a minimum cumulative GPA of 2.00, completion of 85 credit hours, and at least two full semesters attendance at the University of Arkansas, Fayetteville, prior to application.

Campuswide Leadership Honor Societies

Blue Key is a service-oriented honor fraternity that recognizes outstanding scholarship, leadership and involvement in campus activities. Applicants must be classified as juniors and meet a minimum GPA of 2.75 for membership consideration.

Cardinal Key is a junior service-oriented honor society whose membership selection is based on scholarship, leadership, and community and campus activities. A 3.00 GPA requirement must be met in order to be considered for membership at the end of the sophomore year.

Cardinal XXX is a service-oriented honor society whose membership consists of a select group of sophomores. Membership selection is based on scholarship, leadership, and community and campus service. A 3.00 GPA is required for consideration, and selection is made at the end of the freshman year.

Gamma Beta Phi is a service-oriented honor society established to recognize and encourage excellence in education. Membership in the organization is open to students who are in the top 20 percent of their class.

Mortar Board is a senior honor society that considers outstanding scholarship, leadership, and service to the campus and community when selecting members. Applicants must have a 3.00 GPA in order to be eligible for consideration.

Reserve Officers' Training Corps

A true job training program, ROTC is offered at the University of Arkansas through both the U.S. Air Force and the U.S. Army. Each department provides a unique, career-oriented set of courses relevant to future leadership positions within its particular branch. In addition to studying Aerospace Education or Military Science, students interact with one another in a practical setting as they examine and apply the dynamics of leadership, management, ethics, communication, and teamwork. Participants are given the background and comprehensive building blocks to become commissioned officers in the U.S. military, if qualified. Physical activities and summer orientation programs are enhanced with continually updated curricula. Classes are taught by military personnel, ensuring realistic perspectives on the military professions.

In the finest traditions of the University of Arkansas and the ROTC programs, students are challenged to grow, develop and assume responsibilities throughout their academic years. Underlying that teaching is a foundation of service, integrity and excellence – expected and demanded of all officer candidates. Scholarships and details of the two programs are found in the ROTC chapter of this catalog. Army ROTC is located in the Army ROTC building, 479-575-4251 or toll free 1-866-891-5538, armyrotc.uark.edu (<http://armyrotc.uark.edu/>). Air Force

ROTC is located in 319 Memorial Hall, 479-575-3651, afrotc.uark.edu (<http://afrotc.uark.edu/>).

Cooperative Education Program

Cooperative Education is a unique program offered by the Office of Career Services that allows students to alternate between going to school and working in their chosen vocation. In addition, the program allows employers the opportunity to train and evaluate future employees before offering them positions.

Employment assignments are diversified to provide students with a variety of experiences related to their major field and with work of increasing difficulty and responsibility. Although the primary objective is to supplement theoretical knowledge with practical experience, students earn full-time pay while on work assignments. This benefit produces welcome income while the students are still pursuing a degree.

Positions are available to students in many disciplines, primarily engineering, architecture, landscape architecture, business, agriculture, natural science and mathematics. Co-op students must be in good academic standing, must be at least 18 years of age, must be making normal progress toward a degree, and must meet the specific requirements of their college. (For example: the College of Engineering and Dale Bumpers College of Agricultural, Food and Life Sciences require completion of the freshman year; Fulbright College of Arts and Sciences requires 45 credit hours and a 2.5 grade-point average; the Walton College of Business requires completion of pre-business program requirements; and the Fay Jones School of Architecture requires completion of the junior year.) In addition, employers may establish their own academic criteria for selecting students.

For further information, contact the Career Development Center, 607 Arkansas Union, 479-575-2805.

Study Abroad

The university encourages the expansion of students' educational experiences through study abroad. Student exchange programs have been established with Kansai University and Shimane University (Japan), Hankuk University (Korea), Al-Akhawayn University (Morocco), University of Graz (Austria), University of Essex (England), University of Maine (France), and Carlos III University of Madrid (Spain). Other UA study abroad programs include summer/semester/year-long programs in Austria, England, Scotland, Ireland, France, Germany, Italy, Mexico, and Spain. A limited number of scholarships and travel grants are available each year for these programs.

For more information about study, work, and travel abroad, contact the Office of Study Abroad, 722 W. Maple, 479-575-7582. Students in the Dale Bumpers College of Agricultural, Food and Life Sciences may contact Dr. Andrew Proctor, Director of International Agricultural Programs, Bumpers College Dean's Office, E-108 AFLS Building, 479-575-2252, aproctor@uark.edu. Students in the Walton College of Business may contact the Undergraduate Programs Office at 479-575-4622. Students in the College of Engineering may contact the Assistant Dean for International Programs at 479-575-7236.

Graduate and Professional Study

The University of Arkansas is the major center for comprehensive graduate-level instruction in the state, offering students the opportunity to continue their studies or to specialize in a particular field through the Graduate School. The university offers a wide range of graduate degrees, including the master's, the Educational Specialist, the Doctor

of Education, and the Doctor of Philosophy. Non-degree graduate certificates are also offered. Information about graduate programs may be found in the Graduate School Catalog or at grad.uark.edu (<http://grad.uark.edu/>).

The School of Law on the Fayetteville campus offers a juris doctor degree program for qualified students with a bachelor's degree, and it offers the nation's only master's program in agricultural law for students with a law degree. Further information concerning professional study may be obtained by contacting the School of Law dean's office for a copy of the current catalog: University of Arkansas School of Law, Leflar Law Center, 107 Waterman Hall, Fayetteville, AR 72701, 479-575-3102 or at law.uark.edu (<http://law.uark.edu/>).

Pre-Law

The University of Arkansas School of Law does not prescribe a specific pre-law curriculum and does not require any single "pre-law major." Prospective students are encouraged to select baccalaureate majors best suited to individual interests and abilities, and writing courses are often very valuable.

A baccalaureate degree is required for admission to the University of Arkansas School of Law, except for those students in the Dale Bumpers College of Agricultural, Food and Life Sciences or the Fulbright College of Arts and Sciences who are admitted to the special six-year program. All applicants for admission are required to take the Law School Admission Test.

Other Pre-Professional Programs

Fulbright College offers pre-professional programs and advisers in law, medicine, dentistry, optometry, medical technology, chiropractic, physical therapy, pharmacy, dental hygiene, occupational therapy, social work, and theology. The Dale Bumpers College of Agricultural, Food and Life Sciences coordinates the pre-veterinary medicine program.

Enrollment Services

Mission

Enrollment Services seeks to enroll a diverse group of capable students, who will engage and excel at the University of Arkansas, and to assist these students in achieving their academic and career goals.

The mission of the Enrollment Services Division of the University of Arkansas is to enroll and graduate students who will engage fully in academic and service programs, develop intellectually and personally, and contribute to the campus, the state, and the global community. Encouraging academic engagement from a diverse group of communities will create a dynamic educational environment that will promote a broad learning experience for the entire campus community. To carry out this mission, the Enrollment Services Division is comprised of nine professional and service-oriented offices: Admissions, Center for Learning and Student Success, Financial Aid, Graduation and Retention, Nationally Competitive Awards, Orientation, Registrar, Scholarships, and UAConnect. Through collaborative efforts, Enrollment Services strives to:

- Promote the University of Arkansas and the pursuit of higher education;
- Foster initiatives that support diversity as a key goal of the University of Arkansas community;
- Attract, admit, and prepare new and returning students for enrollment on campus while working with academic affairs to ensure planned and sustainable growth in accordance with institutional priorities;
- Accurately and efficiently reduce financial obstacles through federal, state, institutional scholarship and aid programs;
- Commit to preparing traditional and non-traditional students, including returning adult learners, for academic achievement and success in life;
- Assist future, current, and former students as they navigate administrative requirements to achieve their academic goals;
- Ensure accuracy for registration and academic records;
- Commit to retaining students who enroll at the University of Arkansas and assisting them through academic transitions on their path to graduation;
- Prepare students to be nationally competitive;
- Craft and maintain policy that facilitates effective administration to support Division goals, including coherence of policy across all divisions;
- Develop innovations in the use of technology and information systems aimed at supporting a research engine for best practices in enrollment services and data-based decision making;
- Increase state and global knowledge by achieving a net increase in Arkansas residents holding bachelor's, master's, and doctoral degrees;
- Support the university's pursuit to become a nationally recognized research institution that puts students first.

Orientation

All new undergraduate students are expected to participate in an orientation experience. The orientation program is designed to introduce every aspect of the university community to our students, enabling them to establish a bond with the institution and those here to support them. A significant aspect of this experience will be to provide students with information about the learning opportunities, resources, policies, support systems, and student activities at the University. New freshmen must attend orientation before enrolling in classes. For more information on New Student Orientation, go to orientation.uark.edu (<http://orientation.uark.edu/>).

Academic Bankruptcy

Students returning to the University of Arkansas after an absence of five or more years may be eligible to declare academic bankruptcy if they meet the following criteria:

1. Must have been enrolled previously at the University of Arkansas, Fayetteville, as an undergraduate student and be returning as an undergraduate student.
2. Must not have been enrolled at the university during the previous five years.
3. Students who have attended another institution since their last attendance at the university must meet requirements for transfer students (2.00 GPA on all coursework attempted more than five years after last enrollment at the University of Arkansas, Fayetteville) to be eligible for readmission.
4. Must submit an application for readmission and official transcripts of all college work attempted since last attendance at the University of Arkansas by the application deadlines and submit a Declaration of Academic Bankruptcy form (<http://registrar.uark.edu/1621.php>) to the Office of the Registrar. The following are the conditions of academic bankruptcy:
 - a. Students will forfeit all credit hours previously awarded by the University of Arkansas, Fayetteville. This includes course work completed at the university (regardless of grades earned), courses accepted in transfer, credit by examination, and any self-paced (correspondence) course work awarded.
 - b. A new calculation of GPA and credit hours will begin when the student returns to the University of Arkansas.
 - c. The transcript will reflect the student's complete record (including all previous college work) with an added notation of "Academic Bankruptcy Declared."
 - d. Courses taken at another institution within five years of the last University of Arkansas enrollment will not be accepted for transfer. Coursework completed more than five years after last attending the University of Arkansas may be accepted in transfer, subject to university transfer credit policies. For purposes of this policy, University of Arkansas self-paced (correspondence) coursework will be treated in the same manner as transfer work.
 - e. For the university to provide appropriate advising and (as required by Arkansas Act 1052) appropriate assessment, a student may be required to submit ACT, SAT, or ACT COMPASS test scores prior to registration for classes if, as a result of academic bankruptcy, that student is returning to the university as a freshman with fewer than 24 transfer hours.

Admission

Undergraduate Admission

Any person who intends to register for a course at the University of Arkansas must first be admitted to the university. Students returning to the university after an absence of a fall or spring semester must also complete an application.

The University of Arkansas offers a variety of services to students with physical or learning disabilities through the Center for Educational Access. Students with any type of physical or learning disability are strongly encouraged to contact the CEA in Room 209 of the Arkansas Union or call 479-575-3104 (TDD/Voice) to learn more about specific services and the overall accessibility of the university.

The university reserves the right to modify admission requirements. Application forms and the most current information about admission requirements are available from the Office of Admissions. Please send all application materials and supporting documents to the following address:

Office of Admissions
232 Silas H. Hunt Hall

Fayetteville, AR 72701
479-575-5346 or 1-800-377-8632
[admissions.arkansas.edu](http://admissions.uark.edu) (<http://admissions.uark.edu>)
uofa@uark.edu

When to Apply

Students interested in applying to the University of Arkansas for the fall semester are encouraged to apply by the November 1 priority deadline. By applying early, students take advantage of scholarship, housing, and orientation privileges; however, regular fall applications will be accepted until August 1 prior to the start of term. Applicants for freshman scholarships are encouraged to apply for admissions by November 1 and complete the separate scholarship application by the priority scholarship deadline, November 15. Applicants for entering transfer scholarships should submit completed applications to the Office of Admissions and the Office of Academic Scholarships no later than April 1, for the fall semester, and October 1, for the spring semester.

Deadlines for Admission Consideration

Applications and required transcripts must be received in the Office of Admissions by the following deadlines to be accepted for the respective enrollment periods:

- Fall – August 1
- Spring – December 20

Students who are unable to submit their applications by the deadline may be denied admission and considered for admission for the following term.

International students should refer to "International Students" in this section for application deadlines, procedures, and requirements.

Graduate School

Applications for admission to the University of Arkansas Graduate School and an official copy of transcripts of the applicant's academic record at each college and university attended since high school graduation, and official test score on the Graduate Record Examination (GRE) or other national standard test, must be submitted to the graduate school admissions office and approved in advance of registration. The

transcripts will become a part of the student's permanent file at the University. Applications may be obtained by writing to the Graduate and International Admissions Office, 213 Gearhart Hall, 1 University of Arkansas, Fayetteville, AR 72701; by calling 479-575-6246; by e-mailing gradinfo@uark.edu; or by applying at apply.uark.edu (<http://apply.uark.edu>).

Additional information and procedures for making application to the Graduate School are included in the Graduate School Catalog (<http://catalog.uark.edu/graduatecatalog/admissions/>).

Admission to Graduate Standing

To be admitted to graduate standing, a student must have 1) earned a baccalaureate degree from a regionally accredited U.S. institution or from an institution with substantially equivalent requirements for a baccalaureate degree and must have a GPA of 3.0 or better on the last 60.0 credit hours of attempted coursework prior to receiving the baccalaureate degree and 2) present satisfactory scores on the Graduate Record Examination (GRE) or other national standard test.

Admission to graduate standing does not admit a student to a specific program of study leading to a graduate degree. Therefore, in addition to satisfying the general requirements of the Graduate School, the applicant must also comply with the specific requirements and have the approval of the department in which graduate study is desired.

For more details, go to the Graduate School Catalog (<http://catalog.uark.edu/graduatecatalog/admissions/>).

How to Apply

1. **Submit a completed application for undergraduate admission and the non-refundable application fee to the Office of Admissions.** You may apply for admission online at apply.uark.edu (<http://apply.uark.edu>).
2. **Request that all required transcripts be sent to the Office of Admissions.** Only official transcripts will be accepted. Transcripts are not considered official unless submitted in a sealed, stamped envelope, or sent via electronic data interchange from the previous institution. Questionable or unreadable transcripts may be refused. **High school transcripts are required of all entering freshmen and transfer students with fewer than 24 transferable semester hours.** A preliminary admission will be provided to high school seniors on the basis of sixth- or seventh-semester transcripts. **College transcripts must be provided from each college or university attended.** Transcripts must be sent directly to the Office of Admissions from each institution attended, in an official sealed school envelope, or sent via electronic data interchange.
3. **All new freshmen and transfer students with fewer than 24 transferable credit hours must submit ACT or SAT scores.** **Non-traditional students applying three or more years after high school graduation have the option of submitting the ACT COMPASS or The College Board Accuplacer to satisfy testing requirements. The University of Arkansas will not accept test scores taken more than five years prior to enrollment.** Test scores should be sent directly to the university by the testing agency. The university's institutional codes are: ACT-0144; SAT-6866.
4. **All students born after January 1, 1957, must submit immunization health records to the Pat Walker Health Center after admission.** Immunization proof is required prior to first registration. See the Health Center's immunization page (<http://health.uark.edu/immunizations/>).

5. **English Proficiency:** Applicants whose native language is not English must submit a Test of English as a Foreign Language (TOEFL) score of at least 550 (paper based), 79 (internet based), or a minimum score of 6.5 on the IELTS (writing) taken within the preceding two years. Students who have completed grades 10-12 at a U.S. accredited high school and have a satisfactory ACT English subscore may request a review for waiver of this requirement. Students transferring from an accredited U.S. institution (or institution in a country where English is the native language) with at least 24 transferable credit hours and successful completion of English Composition I and II with a grade of "C" or above will not be required to submit the TOEFL or IELTS for admission consideration. For more information about the TOEFL, you may write to TOEFL Services, ETS, PO Box 899, Princeton, New Jersey 08541, or visit ets.org/toefl (<http://www.ets.org/toefl/>).
6. **The university shall admit only those applicants whose enrollment will not be detrimental to the quality of life and the educational programs of the university.** The Admissions and Appellate Board has final authority to interpret university admission or transfer policy and to grant a variance. An applicant who has withheld pertinent information regarding educational background or who has falsified information or credentials may be denied admission to the university or, if enrolled, may be immediately withdrawn.

International Students

All international students must present officially certified academic credentials, evidence of adequate financial support, and, for non-native English speakers only, a minimum TOEFL score of 550 (paper based), 79 (Internet based), or a minimum score of 6.5 on the IELTS, taken within the preceding two years. Students who have completed grades 10-12 at a U.S. accredited high school and have a satisfactory ACT English subscore may request a review for waiver of this requirement. Students transferring from an accredited U.S. institution (or institution in a country where English is the native language) with at least 24 transferable credit hours and completion of English Composition I and II with a grade of "C" or above will not be required to submit the TOEFL or IELTS for admission consideration.

Applicants who meet the academic and financial requirements but who do not meet the English proficiency requirement of the University of Arkansas will be offered conditional admission to attend an intensive English program through the Spring International Language Center. Students will be eligible to enroll in University of Arkansas academic courses upon successful completion of the highest level of the intensive English program with a 3.00 grade average and recommendation of the director of Spring International.

An entering freshman who has completed secondary school at either U.S. or foreign institutions must have a) the equivalent of a final cumulative GPA of at least 3.0 (or its equivalent) and b) competency equivalent to that developed by taking four years of English and three years each of mathematics, natural sciences, and social studies, and an additional three units of electives chosen from English, speech, foreign languages, mathematics, natural sciences, or social studies in U.S. high schools.

A student transferring with fewer than 24 semester hours of post-secondary coursework at either U.S. or foreign institutions must a) have a cumulative GPA of at least a 2.50 (or its equivalent) on all post-secondary coursework attempted, and b) meet the requirements specified for entering freshmen. A student transferring from either a U.S. or foreign post-secondary institution with at least 24 semester hours must have the

equivalent of a cumulative GPA of at least 2.50 on all post-secondary course work attempted.

A non-refundable application fee of \$50 is required for all international applicants. All applications and supporting documents must be submitted by May 31 for the fall semester; October 31 for the spring semester; and March 1 for the summer sessions.

Any international student returning to the university after an absence of a full semester (fall or spring) or more must submit an application for admission. For these students, the application deadlines are August 15 for the fall term and January 1 for the spring term. It should be noted that a student previously enrolled at the University of Arkansas who takes a full term of courses elsewhere and then seeks readmission to the university returns as a transfer student and must meet university admission requirements for international transfer students, submit a photocopy of the I-20 issued by the transferring institution, and submit a new financial statement. An application fee is not required for returning students.

For specific admission requirements and application materials pertaining to students on F-1, J-1, or any non-immigrant visas, applicants should write directly to the International Admission Office, 340 N. Campus Drive, 213 Gearhart Hall, 1 University of Arkansas, Fayetteville, Arkansas 72701, or call 1-479-575-6246 or e-mail iao@uark.edu.

Please see the section Placement and Proficiency Tests (p. 57) for university policy regarding English language use by non-native speakers.

New Freshmen

Applications are reviewed on an individual basis with consideration given to the applicant's overall grade-point average (GPA) and standardized test scores. New freshmen and those transfer students with fewer than 24 transferable credit hours should have completed or be in the process of completing the following college preparatory curriculum in high school:

16 Units Total

- **English – 4 units**
- **Mathematics – 4 units** (Units must be equivalent to or higher level than Algebra I)
- **Social Studies – 3 units**
- **Natural Sciences – 3 units**
 - **1 unit general sciences and 2 units lab sciences** (Choose two courses from biology, chemistry, and physics laboratory. Two years of principles of technology will meet one unit of natural sciences [physics]. Two years of applied biology/chemistry will meet one unit of natural sciences [biology].)
- **Others – 2 units**
 - Oral Communication – 1/2 unit
 - Physical Education – 1/2 unit
 - Health and Safety – 1/2 unit
 - Fine Art – 1/2 unit

Arkansas residents who have taken these course requirements and who have an overall high school GPA of 3.00 or better and an ACT score of 20 or an equivalent 930 SAT or 1020 Redesigned SAT score or better meet the minimum admission requirements. Out-of-state applicants must meet minimum admission requirements and may be required to meet higher standards, depending on demand. Students not meeting minimum

admission requirements are still encouraged to apply and will be reviewed for possible admission by the Admissions and Appellate Board.

Accelerated Admission

Superior high school students who have completed a rigorous college preparatory curriculum may seek admission to the freshman class at the end of their junior year of high school. Applicants for accelerated admission must complete certain required subjects during three years of high school study, submit letters of recommendation, and submit an ACT or SAT score equivalent to at least the 90th percentile of the university's previous entering class. Additional information and application materials may be obtained at the Office of Admissions, by calling 1-800-377-8632, or visiting admissions.uark.edu (<http://admissions.uark.edu>).

Non-Degree Seeking Students

Applicants who are not interested in working toward a degree while taking classes may, under certain conditions, be approved to do so upon submitting an application for admission. Degree-seeking students attending part-time or as an "undeclared major" should not confuse their status with this special, non-degree seeking category. Students who are admitted provisionally and placed in a non-degree seeking status until they earn a minimum 2.0 GPA on 12 credit hours should also not confuse their status with this special category. The Office of Admissions reserves the right to determine the proper category of admission and to determine what credentials may be required.

Classification as a special student permits enrollment in credit classes (or as an auditor) on a space-available basis; however, special students are not eligible for financial aid, and the university incurs no particular obligation to provide academic advisement.

Admission as a special, non-degree seeking student is not intended to serve as a means of access to regular, degree-seeking status nor is it intended for a person who has earned unsatisfactory grades in previous high school or college course work. Students who have been denied regular undergraduate admission are not eligible for this status. All special students are subject to the same regulations concerning scholastic probation, suspension, and dismissal as other undergraduate students. Students who have previously been assessed developmental course requirements or high school course deficiencies will retain that status as a special non-degree student.

Non-degree seeking students must meet course prerequisites and should be prepared to verify to the department by official documentation that university course prerequisites have been met, if appropriate. Students planning to enroll in any upper-division education courses should verify admission to the Teacher Education Program prior to registration. A non-degree seeking student may not enroll for more than nine hours of courses in a term without approval of the student's academic dean. No more than 24 semester hours earned while in a non-degree seeking status will apply to a degree at the university.

Unless otherwise specified, students with non-degree seeking status who wish to be admitted into a degree program at the University of Arkansas must apply for admission as such prior to the beginning of the term for which the change of status is requested. All requirements for admission to regular status must then be met, except for students in the provisional non-degree-seeking status.

When to Apply

Non-degree seeking students must meet the same application deadlines as other students. See the Deadlines for Admission Consideration (p. 54) on the previous page for deadlines.

How to Apply

The following students may be considered for non-degree seeking status:

1. Visiting students who attend other colleges or universities and wish to enroll at the university to earn credits that they plan to transfer back to their home institution. It is the student's responsibility to verify with his or her college that courses taken here will be acceptable as transfer credit.

Application procedure: Submit a completed application, a non-refundable application fee, and a letter of good standing verifying eligibility to return to the home institution.

2. Students who want to take courses of special interest for personal or professional development but who are not interested in working toward a degree. Applicants in this category are normally expected to have been out of high school for five or more years.

Application procedure: Submit a completed application and non-refundable application fee. Students who have been out of high school less than five years should submit a transcript and test scores verifying that admission requirements have been met.

The application fee is not required for residents of Arkansas who are 60 years and older and wish to participate in the senior tuition waiver program (<https://admissions.uark.edu/apply/seniorcitizens.php>). (<http://admissions.uark.edu/apply/seniorcitizens.php>)

3. Students who already have a college degree and who want to take credited classes but not earn credit toward another degree at this time. Credits earned under this classification will not count toward a graduate degree.

Application procedure: Submit a completed application and non-refundable application fee. Students who wish to enroll for successive terms should submit a transcript showing their degree.

4. Dually enrolled high school students. Dually enrolled high school students must have at least a 20 ACT score and a 3.00 high school GPA to enroll. Dually enrolled high school students are ineligible to enroll in remedial courses.

Application procedure: Submit a completed application, a non-refundable application fee, ACT or SAT scores, a high school transcript, a letter of intent regarding courses in which the student wishes to enroll, and a letter of recommendation from the high school principal or counselor. Admissions applications should be submitted at least one month in advance of the term.

Dually enrolled high school seniors who plan to enroll in the fall as regular freshmen must submit a separate application for regular admission for the fall.

Placement and Proficiency Tests

ACT, SAT, ACT COMPASS, and College Board Accuplacer scores are used to determine placement in university courses. Students whose scores indicate the need for additional preparation may be placed in courses designed to prepare them for college-level work. (See Arkansas Requirements for Developmental Course Placement (p. 69).) Credit earned in such courses does not count toward degrees in all colleges. (See Courses That Do Not Count Toward Degrees (p. 69).)

Freshman Composition Placement

- Students who score below 19 on the English section of the ACT, below 450 on the Critical Reading section of the SAT, below 490 on the Evidence-Based Reading and Writing section of the redesigned SAT, below 80 on the Compass Writing Skills section (the test was discontinued in 2016 but scores are valid for five years), below 83 on the College Board Accuplacer Classic Sentence Skills test, or below 255 on the Accuplacer Next-Generation Writing test must enroll in ENGL 1013 and ENGL 0002.
- Students with ACT English scores of 19-27, SAT Evidence-Based Reading and Writing scores of 490-620, ACT Compass Writing Skills scores of 80 or higher, or College Board Accuplacer Sentence Skills scores of 83 or higher should enroll in ENGL 1013 and ENGL 1023.
- Students with ACT English scores of 28-29 or SAT Evidence-Based Reading and Writing scores of 630-680 may enroll in ENGL 1013 and ENGL 1023 or in ENGL 1013H and ENGL 1023H.
- Students with ACT English scores of 30 or greater or SAT Evidence-Based Reading and Writing scores of 690 or greater may enroll in ENGL 1013H and ENGL 1023H or elect exemption. Some degree programs require credit in composition, and students should confer with their advisors before exempting.

The Math Placement Test

All students have the opportunity to take the online mathematics placement assessment, available starting in April. To take the assessment, or for more information regarding it and its requirements, visit the University of Arkansas Mathematical Sciences website (<http://math.uark.edu/>).

Arkansas State Requirements for Developmental Course Placement

Arkansas law specifies that all first-time entering freshmen enrolled in a bachelor's degree program will be placed in either college-level credit courses in English and mathematics or remedial courses in English composition, reading, and mathematics on the basis of their scores on specified tests.

- Students who score below 19 on the English section of the ACT, below 450 on the Critical Reading section of the SAT, below 490 on the Evidence-Based Reading and Writing Section of the redesigned SAT, below 80 on the Compass Writing Skills section (the test was discontinued in 2016 but scores are valid for five years), below 83 on the College Board Accuplacer Classic Sentence Skills test, or below 255 on the Accuplacer Next-Generation Writing test must enroll in ENGL 1013 and ENGL 0002.
- Students who score below 19 on the Reading section of the ACT, below 470 on the Critical Reading section of the SAT, below 470 on the Evidence-Based Reading and Writing section of the redesigned SAT, below 82 on the Compass Reading section (scores are valid for five years) below 78 on the College Board Accuplacer Classic Reading Comprehension test, or below 252 on the College Board Accuplacer Next-Generation Reading test must enroll in EDHP 1012 and concurrently enroll in PLSC 2003.
- Students who score below 19 on the Mathematics section of the ACT, below 460 on the Math section of the SAT (Pre-March 2016), below 510 on the Math section of the redesigned SAT, below 41 on the Compass Algebra section (scores are valid for five years), below 42 on the College Board Accuplacer Classic College-Level Math test, or below 255 on the College Board Accuplacer Next-Generation

Qualitative Reasoning, Algebra, and Statistics (QAS) test must enroll in MATH 1203 and MATH 0002L or MATH 1313 and MATH 0131L. All new first-year freshman students are encouraged to take the online mathematics placement assessment, available starting in April. To take the assessment, or for more information regarding it and its requirements, visit the University of Arkansas Mathematical Sciences website (<http://math.uark.edu/>).

Students may place out of these prescribed remedial courses with appropriate scores on the relevant subject placement tests offered through the appropriate university department:

- Students may place out of ENGL 0002 by earning a score of 80 or higher on the COMPASS Writing Skills section or a score of 83 or higher on the Accuplacer Sentence Skills section, or by demonstrating college-level writing skills on a required essay administered during the first week of class. Students in ENGL 1013 who exhibit writing challenges in their first essay may be asked to enroll concurrently in ENGL 0002.
- Students who earn 80% or higher on the Pre-Algebra (PALG) section of the Math Placement Test (https://fulbright.uark.edu/departments/math/undergraduate/math_placement_test.php) may enroll in MATH 1203.

Students will be required to register for these courses during their first term at the university and, if necessary, in subsequent terms until passing grades have been earned in all required courses. Students who need further information or clarification are encouraged to discuss their course placement with their academic advisor or dean.

Courses That Do Not Count Toward a Degree

The following courses do not count toward degree credit in any college or school: ENGL 0002, ENGL 0013, MATH 0003, MATH 0001L, MATH 0002L and MATH 0131L.

The following courses do not count toward any degree in the College of Engineering: MATH 1203, MATH 1213, MATH 1284C, and ENGL 2003.

Speech Communication Exemption Examination

Students who have had speech in high school and/or experience in public speaking may elect to take this test for exemption from or credit in COMM 1313. Both the written and oral (a five-minute impromptu speech) examinations must be passed to receive exemption or credit.

World Language Placement Examinations

Students with previous world language experience in French, German, or Spanish are encouraged to take language placement examinations offered during summer orientation. Those test scores will be used by academic advisors to determine an appropriate world language placement level. Students who omit one or more course in the basic language sequence will receive credit for omitted courses when they have validated their high placement by passing the course into which they were placed with a "C" or better. Conversation courses (3033, 4033) and self-paced (correspondence) courses may not be used to validate such prior knowledge.

General Chemistry Placement Examinations

These tests will be offered throughout the year. Students who performed at above average levels in high school chemistry may find it to their advantage to enroll directly in the second semester of general chemistry. This examination is designed to provide guidance in making this course selection. Students who place into the second semester of general chemistry and earn a grade of "C" or better in the course will also receive credit for the first semester of the course.

English Language Use by Non-Native Speakers

Non-native speakers of English admitted to undergraduate study at the University of Arkansas are required to present an acceptable writing score on one of the following tests: Internet based TOEFL (iBT), IELTS PTE Academic, or ELPT. Depending on exam scores, a student may be required to take one or more English Language and Culture (ELAC) course prior to the beginning of classes in their first term of study. Non-native speakers in the following categories are exempt from this requirement:

1. Undergraduate students who transfer at least 24 hours of credit from U.S. institutions, including courses that meet the freshman composition requirement;
2. Undergraduate students who have completed grades 10 through 12 in and graduated from a U.S. high school and have obtained an ACT English section score of 19 or above or a SAT verbal score of 500 or above;
3. Undergraduate students with a TOEFL iBT writing score of 28 or IELTS writing score of 6.5 or PTE Academic writing score of 77 or ELPT writing score of 81.

Diagnostic and placement testing is designed to test students' ability to use English effectively in an academic setting, and its purpose is to promote the success of non-native speakers in completing their chosen course of study at the University of Arkansas. Test results provide the basis for placement into English Language and Culture (ELAC) support courses or course sequences. Courses are offered by the Graduate School and International Education for those students whose language skills are diagnosed as insufficient for college-level work at the level to which they have been admitted (undergraduate or graduate study). Credit in ELAC courses may count toward University of Arkansas degrees. Non-native speakers diagnosed as having language competence sufficient for their level of study will not be required to enroll in ELAC courses.

The ELPT is administered by Testing Services during New Student Orientation, and there is a \$15.00 charge.

Undergraduate and graduate students assessed ELAC courses are required to complete these courses during their first semester of enrollment at the university.

Readmission

Any former student who wishes to return to the University of Arkansas after missing a fall or spring semester should complete an application for admission. Students enrolled in University of Arkansas self-paced (correspondence) courses during their absence must be readmitted. A non-refundable application fee is required for former students.

When to Apply

An early readmission will enable a student to register during priority registration. The student should submit an application and all appropriate credentials at least one month prior to the time of registration. Registration dates and procedures are found on the Schedule of Classes (<http://registrar.uark.edu/465.php>).

Deadlines for Admission Consideration

Applications and required transcripts must be received in the Office of Admissions by the following deadlines to be accepted for the respective enrollment periods:

- Fall – August 1
- Spring – December 20

Students who are unable to submit their applications by the deadline may be denied admission and considered for admission for the following term.

Requirements

1. Students must be academically eligible to return to the university and are readmitted with the same academic status as held during their last attendance. Course work taken at another institution will not affect a student's probationary status or university GPA. Students may change degree programs on re-admission to the University of Arkansas regardless of academic status, except for students entering the College of Engineering. A student who is not in good standing may not enter the College of Engineering. Students who have not satisfied their initial provisions of admission (but are still eligible to return) will be required to satisfy those conditions upon their return.
2. Students who have attended another institution while away from the University of Arkansas will be considered returning transfer students and must have either a 2.00 GPA on all college work attempted and/or a 2.00 GPA on all course work attempted since last attending the University of Arkansas. Official transcripts of all course work attempted since last attendance at the university must be submitted. (See Admission of Transfer Students.)
3. Students who previously attended or currently attend the university as special, non-degree seeking students and wish to return as degree-seeking candidates must apply for admission as freshmen or transfer students, furnishing all appropriate admission credentials, including any required test scores. All requirements for admission to regular status must be met. (See appropriate section of this catalog for requirements.)
4. Former students who are submitting petitions to either the Academic Standards Committee or the Admission and Appellate Board to request readmission must have on file all required documents by the application deadlines. (See the Academic Standards Committee Calendar (<http://registrar.uark.edu/508.php>) for deadlines for submitting petitions.)

School of Law

A baccalaureate degree is required for admission to the University of Arkansas School of Law, except for those students in the J. William Fulbright College of Arts and Sciences or in the Dale Bumpers College of Agricultural, Food and Life Sciences who are admitted to the special six-year program. All applicants for admission are required to take the LSAT. (See the Fulbright College Pre-Law Program (p. 201) or the Dale Bumpers College of Agricultural, Food and Life Sciences (p. 111).)

For complete details concerning admission to the University of Arkansas School of Law, see the Admission page (p. 54) or write to Office of Admissions, Leflar Law Center, University of Arkansas, Fayetteville, AR 72701; or by calling 479-575-3102. Applications can be submitted online at apply.uark.edu/ (<http://apply.uark.edu/>).

Transfer Students

Transfer Admission Requirements

Applicants who have attended other colleges or universities after high school graduation are considered transfer students. Applicants must submit official transcripts of all previous college courses attempted, whether or not credit was earned and regardless of whether the applicant wishes to transfer any credit to the University of Arkansas. Transcripts from each institution attended should be sent directly to the Office of the Registrar. All transfer students must meet the following requirements:

1. Have a cumulative GPA of at least 2.00 on all course work attempted;
2. Be eligible to return to the last institution attended. Grade-point average is calculated on all coursework attempted.

Students who have completed fewer than 24 transferable semester hours must, in addition to the above requirements, meet all requirements for freshman admission (see Admission of Entering Freshmen (p. 56)). Test scores and transcripts are also evaluated to determine whether State of Arkansas requirements for developmental course placement have been met. (See Registration (p. 69).) For policies regarding transfer of credit from other institutions, see Academic Regulations (p. 94).

Financial Aid and Scholarships

Financial Aid

The University of Arkansas annually awards nearly \$180 million of financial aid and scholarships to students. Financial aid is divided into categories of grants, work, loans, and scholarships. Unless otherwise specified, a student needs to complete only two forms to apply for federal aid: the Free Application for Federal Student Aid (FAFSA), which analyzes the ability of the student's family to pay for college, and the university's application for admission. These forms collect information used by the Office of Financial Aid in determining awards. In some cases, copies of the parents' and/or student's tax return transcripts and verification documents are needed.

The Financial Aid Office (<http://finaid.uark.edu/>) is part of Enrollment Services and is housed in Silas Hunt Hall, Room 114.

Scholarships

The University of Arkansas Academic Scholarship Office awards scholarships totaling more than \$12 million for students each year. This total does not include funds that support external scholarships held by U of A students such as Governor's Scholarships, Arkansas Academic Challenge Scholarships, or non-resident tuition waivers. Scholarships funded by the university fall into three broad categories: distinguished fellowships, academic scholarships, and special interest/skills scholarships. The scholarship information contained in this section applies to students entering for the 2017-18 academic year. Current high school students interested in matriculating for the 2018-19 academic year are encouraged to consult the Office of Academic Scholarships for the most up-to-date information.

The Academic Scholarship Office (<http://scholarships.uark.edu/>) is part of Enrollment Services and is housed in Silas Hunt Hall, Room 114.

College and Departmental Scholarships

The following college and departmental scholarships are available to both entering and currently enrolled students at the University of Arkansas. Complete addresses and phone numbers of the colleges, schools, or departments listed below may be found in the respective college or school sections of this catalog.

Fay Jones School of Architecture and Design

The Fay Jones School of Architecture and Design offers a limited number of scholarships at various amounts to entering freshman in any of the degree programs offered by the School. Several scholarships are renewable annually to the recipient who maintains all the requirements of the scholarship.

Many upper level scholarships are available to continuing students. Applications are available in the fall, and recipients are selected in the spring for the following academic year. Find out more information about the Fay Jones School's scholarship applications (<http://fayjones.uark.edu/admissions/>).

J. William Fulbright College of Arts and Sciences

The J. William Fulbright College of Arts and Sciences offers many outstanding scholarship opportunities. For comprehensive information about these awards, call 479-575-5219 or visit the Fulbright College's scholarships page (<http://fulbright.uark.edu/deans-office/offices-and-services/scholarships-and-fellowships/>).

Three college-wide scholarships merit special attention: Through the Sturgis Fellowship Program, Fulbright College offers premier scholarships worth \$70,000 over four years to exceptionally talented students with the intellectual potential to become future leaders in society. In addition, all honors students are eligible to apply for research and study abroad funding through the Sturgis Grants Program. For information or an application, contact the Director of Honors Studies at 479-575-2509.

The King Fahd Center for Middle East and Islamic Studies offers substantial four-year and two-year renewable scholarships to superior students majoring in Middle East Studies. The program also offers competitive funding for language study in Morocco, Tunisia, and Egypt. Funding for summer study abroad and research projects is considered on a case-by-case basis. Scholarship applications and information about the program can be obtained by contacting mest@uark.edu or calling 479-575-4157.

In honor of the Fulbright commitment to international education, the college offers the J.W. and Elizabeth W. Fulbright Endowed Scholarship, which supports a year of study abroad. To qualify, students must display an interest in one of the following fields: literature, history (including theatre, art, and music history), jurisprudence, philosophy, archaeology, comparative languages, and those aspects of the social sciences that employ philosophical or historical approaches. For more information about these opportunities, call 479-575-5219 or visit the Fulbright College's scholarships page (<http://fulbright.uark.edu/deans-office/offices-and-services/scholarships-and-fellowships/>).

Dale Bumpers College of Agricultural, Food and Life Sciences

Scholarships for students seeking rewarding careers involving food, family, or the environment are made possible by generous gifts from many firms and individuals. The criteria for these scholarships include academics, financial need, interests, organizational involvement, and leadership. Bumpers College scholarships include the Division of Agriculture Land Grant Scholars Endowment Program which offers renewable scholarships to high achieving students; The Dale Bumpers Distinguished Scholars Program which provides an annual scholarship to an outstanding transfer student, an outstanding Ph.D. graduate student, and an outstanding M.S. graduate student; and International Study Abroad scholarships for students expanding their experiences around the world.

Information and application procedures for the more than 200 Bumpers College and departmental scholarships are available at the Bumpers College scholarship page (<http://bumperscollege.uark.edu/academics/scholarships-and-financial-aid/>) or by contacting the Associate Director of Scholarship at 479-575-2252, or via email to dbcafs@uark.edu.

Sam M. Walton College of Business

The Boyer Fellowship is offered to Walton College students who have achieved at an outstanding level both in and out of the classroom. High grades and standardized test scores are required along with a strong

academic curriculum and exceptional academic performance. Applicants for the Boyer Fellowship also must demonstrate financial need, be an Arkansas resident, and graduate from an Arkansas high school.

Other scholarships are available through the departments of accounting, information systems, economics, finance, management, marketing, and supply chain management, as well as through the Walton College's general scholarship program. Scholarships are primarily awarded on the basis of academic achievement and/or financial need.

For further information on Walton College scholarships, contact the Undergraduate Programs Office at 479-575-4622.

College of Education and Health Professions

Thanks to the generosity of our donors, the College of Education and Health Professions offers several scholarship opportunities. These gifts allow us to support the university's mission of recruiting and retaining high-achieving students who enrich and diversify the academic environment. Scholarships are available for both graduate and undergraduate students. Please visit the College's scholarship webpage (<https://coehp.uark.edu/for-students/scholarships/>) for more information.

College of Engineering

The College of Engineering awards numerous scholarships and fellowships beginning with the sophomore year to continuing students, transfer students, and graduate students. Most scholarships are based primarily on academic performance. However, some scholarships are also awarded on the basis of financial need and diversity. Scholarships are available from both the college and its individual departments.

College scholarships are available to any engineering student while departmental scholarships are intended for students enrolled in a particular discipline of engineering. Students must be admitted to the University of Arkansas and accepted into the College of Engineering to qualify and receive either a college or departmental scholarship. The college has a one-step application process that allows students to be considered for all college level scholarships and departmental scholarships.

For more information concerning scholarship and diversity opportunities, please see the college's scholarship website (<http://engineering.uark.edu/academics/scholarships-and-financial-aid.php>).

Music and Band

The Department of Music offers scholarships (both music scholarships and band scholarships) for talented students who sing or play instruments. All scholarships are based on musical ability, academic achievement, and potential contribution to music department ensembles. Scholarships are renewable for up to five years (ten semesters), as long as the student meets the conditions specified on the scholarship letter or contract.

Music and band scholarships are available to music majors and to students majoring in other areas who participate in certain ensembles. All scholarships require an audition. To set up an audition, contact the music department at 479-575-4701 or the band office at 479-575-4100.

Financial Aid

The University of Arkansas annually awards nearly \$180 million of financial aid and scholarships to students. Financial aid is divided into

categories of grants, work, loans, and scholarships. Students need to complete the Free Application for Federal Student Aid (FAFSA), which analyzes the ability of the student's family to pay for college, as well as the various scholarship applications offered through the Academic Scholarship Office, the university's colleges and departments, and the Arkansas Alumni Association. These forms collect information used by the Office of Financial Aid and the university's scholarship committees in determining awards. In some cases, copies of the parents' and/or student's tax return transcripts and other verification documents are needed.

Determining Financial Need

To determine financial need, a student must complete the FAFSA. Students release their information to the University of Arkansas by completing the college release section with the University of Arkansas Title IV Code of 001108.

There is a priority date of **March 1** for the submission of the FAFSA for the approaching school year for new students. Federally funded financial aid will be awarded on the basis of need as reflected by the FAFSA.

The Student Aid Report from the FAFSA (consisting of several pages) will be sent directly to the student by the Central Processing Service. A student needs to be enrolled or accepted for enrollment before a financial aid award may be generated. To continue receiving financial aid, the student needs to make satisfactory progress toward a degree, as defined by the University of Arkansas, and complete the FAFSA each year. (See Satisfactory Academic Progress below.)

Application Procedure

1. Apply for admission to the university, if not currently enrolled or admitted.
2. Complete the Free Application for Federal Student Aid (FAFSA) and submit it to the federal processor by mail or online. You may submit the FAFSA at the Federal Student Aid website (<http://www.fafsa.ed.gov/>).

To receive priority consideration for financial aid, all forms and applications need to be submitted by March 1. Students are encouraged to apply even if they miss this priority date. Funds will be available after the priority date.

A student has a couple of choices concerning processing his or her FAFSA. These include mailing the form to the Federal Student Aid Programs or submitting it electronically on the Federal Student Aid website (<http://www.FAFSA.ed.gov/>). The processing time for electronic applications is three days, and processing time for mailed applications is four to six weeks.

Satisfactory Academic Progress (SAP)

Federal regulation requires that a student must be making satisfactory academic progress regardless of whether he or she has previously received Title IV aid. All students enrolled at the University of Arkansas who receive financial aid through the Title IV Assistance Programs must meet satisfactory academic progress requirements as defined below to be eligible for further aid. Satisfactory academic progress is deemed to have been made by any undergraduate student who meets both the quantitative and qualitative requirements indicated below.

Quantitative Requirements

There are two quantitative requirements that the student must meet in order to remain eligible to apply for federal financial assistance. First, the student must pass, at a minimum, 67% of the credits attempted while attending the university. For the purpose of the 67% rule, grades of 'W' and 'I' are not considered passing grades and the completion percentage is truncated after the first decimal place and rounded to the nearest whole number. In addition, the student will remain eligible to apply for aid as long as the number of credits required for the student's published degree plan.

A transfer student may have earned credits at another school that will count toward his or her degree at the University of Arkansas. Class credits transferred to the University of Arkansas and classes taken for remediation at the University of Arkansas are used in both the 67% and 150% calculation.

The determination of each student's meeting the quantitative requirements for satisfactory academic progress will be made annually following the conclusion of the spring semester. If a student fails to pass at least 67% of the credits attempted or has attempted more than the 150% of the number of credits required for graduation, then the student must appeal for reinstatement of financial aid eligibility.

Qualitative Requirements

A student is deemed to have met the qualitative requirements for satisfactory academic progress for financial aid purposes provided the student's cumulative GPA is 2.0 or greater. By default, students who do not have any university credit will pass the qualitative requirement. The determination of each student's meeting the qualitative requirement for satisfactory academic progress will be made annually following the conclusion of the spring semester.

Additional Information About SAP Calculations

Dual majors and degrees are calculated at 150% of the total unit requirements of the primary plan. Changing of major will mean future SAP calculations will use the new primary plan or degree but all previous completed and attempted hours will still be used in SAP calculations. All transfer hours will be added into calculations as completed and attempted. Once an undergraduate degree is earned, students are only eligible for direct loans whether the degree is indicated by graduation or not. For second degrees, the calculation will monitor progress from the date of the previous degree (excluding technical certificates and associate degrees).

Graduate and Law Students

Satisfactory academic progress for **graduate and law students** is determined as described above with one exception. In order to meet the quantitative requirement that students pass at least 67% of credits attempted, **graduate and law** students must pass each course with a grade of C or better while attending the university at the graduate level.

Satisfactory Academic Policy Appeals

When a student loses federal aid eligibility because they failed to make satisfactory progress, they may appeal that result because of their injury or illness, the death of a relative, or other special circumstances. Their appeal must explain why they failed to make satisfactory progress and what has changed in their situation that will allow them to make satisfactory progress at the next evaluation. The only way to regain aid eligibility without a successful SAP appeal is by meeting the SAP criteria above.

Students who fail to meet the above requirements will be notified that their financial aid has been denied. Each student denied aid will automatically be given an option to appeal to the Student Aid Committee. The Committee will review each appeal on an individual basis to determine whether there are circumstances beyond the student's control that prevented him or her from maintaining satisfactory progress. The decision of the Committee is final in appeal matters.

Scholarships

The Academic Scholarship Office is a part of Enrollment Services and is housed in Silas Hunt Hall, Room 114.

The Academic Scholarship Office awards over 4,000 scholarships totaling more than \$12 million for students each year. This total does not include funds that support external scholarships held by UA students such as Governor's Scholarships, Arkansas Academic Challenge Scholarships, or non-resident tuition waivers. Scholarships funded by the university fall into three broad categories: prestigious fellowships, academic scholarships, and special interest/skills scholarships. The scholarship information contained here applies to students entering for the 2016-17 academic year. Current high school students interested in matriculating for the 2017-18 academic year are encouraged to consult the Academic Scholarships Office website at Academic Scholarship Office website (<http://scholarships.uark.edu>) for the most up-to-date information.

Scholarships for New Students

Prestigious Fellowships

The University of Arkansas offers approximately 90 prestigious fellowships per year. The fellowships are given in one of four different programs: Honors College Fellowships, established in 2002; Bodenhamer Fellowships, established in 1998; Sturgis Fellowships, established in 1985; and Boyer Fellowships, established in 2000. The prestigious fellowships are among the most competitive in the nation and are awarded to the top 2 percent of students. U of A Fellowships are awarded competitively. Students who wish to apply should visit the Honors College website (<http://honorscollege.uark.edu/>).

Name	Annual Award	Eligibility Criteria	Application Procedure	Renewal Criteria	Sturgis Fellowship	\$17,500 per year and includes partial out-of-state tuition differential based on hours enrolled.	For majors in Fulbright College of Arts & Sciences. 32 ACT/1400 SAT (Pre-March 2016) or 1450 SAT (Redesigned SAT) and 3.80 GPA or higher. Strong academic curriculum and exceptional academic performance. Letters of recommendation required. Competitively awarded.	Requires application for admission along with the Honors College Fellowship application. Priority Deadline: November 15 (Scholarship Priority Consideration Deadline) Final Deadline: February 1	Cumulative 3.00 GPA and 30 hours earned by the end of the second semester of each academic year. Renewable for 4 years or 8 semesters total.
Honors College Fellowship	\$17,500 per year and includes partial out-of-state tuition differential based on hours enrolled.	32 ACT/1400 SAT (Pre-March 2016) or 1450 SAT (Redesigned SAT) and 3.80 GPA or higher. Strong academic curriculum and exceptional academic performance. Letters of recommendation required. Competitively awarded.	Requires application for admission along with the Honors College Fellowship application. Priority Deadline: November 15 (Scholarship Priority Consideration Deadline) Final Deadline: February 1	Cumulative 3.00 GPA and 30 hours earned by the end of the second semester of each academic year. Renewable for 4 years or 8 semesters total. (For programs with degree plans longer than 4 years, extra semester(s) of funding may be available.)	Sturgis Fellowship	\$17,500 per year and includes partial out-of-state tuition differential based on hours enrolled.	For majors in Fulbright College of Arts & Sciences. 32 ACT/1400 SAT (Pre-March 2016) or 1450 SAT (Redesigned SAT) and 3.80 GPA or higher. Strong academic curriculum and exceptional academic performance. Demonstrated intellectual curiosity and creative pursuits. Letters of recommendation required. Competitively awarded.	Requires application for admission along with the Honors College Fellowship application. Priority Deadline: November 15 (Scholarship Priority Consideration Deadline) Final Deadline: February 1	Cumulative 3.00 GPA and 30 hours earned by the end of the second semester of each academic year. Renewable for 4 years or 8 semesters total.
Bodenhamer Fellowship	\$17,500 per year and includes partial out-of-state tuition differential based on hours enrolled.	32 ACT/1400 SAT (Pre-March 2016) or 1450 SAT (Redesigned SAT) and 3.80 GPA or higher. Strong academic curriculum and exceptional academic performance. Demonstrated leadership. Letters of recommendation required. Competitively awarded.	Requires application for admission along with the Honors College Fellowship application. Priority Deadline: November 15 (Scholarship Priority Consideration Deadline) Final Deadline: February 1	Cumulative 3.00 GPA and 30 hours earned by the end of the second semester of each academic year. 4 years or 8 semesters total. Renewable for 4 years or 8 semesters total. (For programs with degree plans longer than 4 years, extra semester(s) of funding may be available.)					

Boyer Fellowship	\$18,000 per year	For majors in the Sam M. Walton College of Business. 32 ACT/1400 SAT (Pre-March 2016) or 1450 SAT (Redesigned SAT) and 3.75 GPA or higher OR National Merit or National Achievement semifinalist. Strong academic curriculum and exceptional academic performance. Letters of recommendation required. FAFSA demonstrated financial need required. Graduation from an Arkansas high school and Arkansas residency required. Competitively awarded.	Requires application for admission along with the Honors College Fellowship application (honorscollege) Priority Deadline: November 15 (Scholarship Priority Consideration Final Deadline: February 1	Cumulative 3.50 GPA, good standing In the honors program and 30 hours earned by the end of the second semester of each academic year. Renewable for 4 years or 8 semesters total.
------------------	-------------------	--	---	---

Academic Scholarships

A number of academic scholarships also are awarded to entering freshmen. Selection criteria include national test scores (ACT or SAT), grade-point average, National Merit or National Achievement recognition, quality and quantity of courses taken, application materials, and other pertinent factors. For online information, go to scholarships.uark.edu (<http://scholarships.uark.edu/>). Transfer student scholarships are awarded to students transferring from two-year colleges in Arkansas in conjunction with the Arkansas Association of Two Year Colleges' (AATYC) Academic All-Star program. Nominations are submitted to the AATYC and recognized at their annual conference. Additional transfer student scholarships are also available. See scholarships.uark.edu (<http://scholarships.uark.edu/>).

Name	Annual Award	Eligibility Criteria	Application Procedure	Renewal Criteria
Chancellor's Merit Scholarship	Up to \$10,000, plus the amount of either a Corporate or a UofA National Merit Scholarship, per year toward the direct cost of education, includes partial out-of-state tuition differential	National Merit or National Achievement finalists. Exceptional academic performance. Competitively awarded.	Apply for admission. Complete Entering Freshman Scholarship Application (http://scholarships.uark.edu) Priority Deadline: November 15	Cumulative 3.00 GPA and 30 hours earned by the end of the second semester of each academic year. 4 years or 8 semesters total (5 years for the Bachelor of Architecture, Bachelor of Landscape Architecture, and Master of Arts in Teaching programs).
Chancellor's Scholarship	Up to \$8,000 per year toward direct cost of education, including tuition, fees and double-occupancy room and board in UA residence hall or Greek housing.	Applications are competitive and typically come from the top 5 percent of the applicant pool. National Merit Semifinalists and National Achievement Semifinalists are also considered. Competitively awarded.	Apply for admission. Complete Entering Freshman Scholarship Application (http://scholarships.uark.edu) Priority Deadline: November 15	Criteria same as for Chancellor's Merit Scholarship (see above).
Chancellor's Community Scholarship	\$5,000 per year	Top applicants in the applicant pool who also have a demonstrable commitment to community service.	Apply for admission. Complete Entering Freshman Scholarship Application (http://scholarships.uark.edu) Priority Deadline: November 15	Criteria same as for Chancellor's Merit Scholarship (see above).

Honors College Academy Scholarship	\$4,000 per year	Top applicants from the applicant pool with a minimum 27 ACT and 3.50 GPA. Competitively awarded.	Apply for admission. Complete Entering Freshman Scholarship Application (http://scholarships.u Priority Deadline: November 15	Criteria same as for Chancellor's Merit Scholarship (see above).
------------------------------------	------------------	---	--	--

Freshman Academic Scholarship	\$1,000 non-renewable	Students who have demonstrated outstanding academic achievement. Competitively awarded.	Apply for admission. Complete Entering Freshman Scholarship Application (http://scholarships.uark.edu) Priority Deadline: November 15	Non-renewable
-------------------------------	-----------------------	---	--	---------------

New Arkansan Non-Resident Tuition Scholarship Award	Partial out-of-state tuition differential. Variable amount based on hours enrolled. See http://nrta.uark.edu for more information.	Students from TX, MS, LA, KS, MO, OK or TN. Entering freshmen for Fall 2016 must have at least a 3.20 GPA and score 24 on the ACT or an equivalent 1090 SAT critical reading and math combined (Pre-March 2016) or an equivalent 1160 SAT (Redesigned SAT); Transfer students must have 24 credit hours and at least a 3.00 GPA.	Apply for admission. No scholarship application is required.	Renewable with completion of 24 hours per academic year and 2.75 minimum GPA. Up to 4 years (5 years for students in Architecture or the Master of Arts in Teaching program).
---	---	--	--	---

University of Arkansas Leadership Award	\$2,000 per year	Students who have demonstrated outstanding academic achievement and leadership potential. Competitively awarded.	Apply for admission. Complete Entering Freshman Scholarship Application (http://scholarships.u Priority Deadline: November 15	Criteria same as for Chancellor's Merit Scholarship (see above).
---	------------------	--	--	--

Silas Hunt Distinguished Scholarship	Variable awards of \$5,000 or \$8,000	Students who have demonstrated outstanding academic leadership qualities and potential and are from under-represented communities, which include but are not limited to: underrepresented ethnic and minority groups; students with interest in fields of study that do not attract members of their ethnicity or gender; under-represented counties in Arkansas; or first-generation college students. Competitively awarded.	Apply for admission. Complete Entering Freshman Scholarship Application (http://scholarships.uark.edu) Priority Deadline: November 15	Criteria same as for Chancellor's Merit Scholarship (see above).
--------------------------------------	---------------------------------------	--	--	--

Freshman Success Scholarship	\$2,000 non-renewable	Students who have demonstrated outstanding academic achievement. Competitively awarded.	Apply for admission. Complete Entering Freshman Scholarship Application (http://scholarships.u Priority Deadline: November 15	Non-renewable
------------------------------	-----------------------	---	--	---------------

Razorback Bridge Scholarship	\$3,500 per year	Students who have demonstrated outstanding academic leadership qualities and potential and are from under-represented communities, which include but are not limited to: underrepresented ethnic and minority groups; students with interest in fields of study that do not attract members of their ethnicity or gender; under-represented counties in Arkansas; or first-generation college students. Competitively awarded.	Apply for admission. Complete Entering Freshman Scholarship Application (http://scholarships.uark.edu) Priority Deadline: November 15	Criteria same as for Chancellor's Merit Scholarship (see above).	University Enrichment Scholarship	\$2,000 non-renewable	Students who have demonstrated outstanding academic leadership qualities and potential and are from under-represented communities, which include but are not limited to: underrepresented ethnic and minority groups; students with interest in fields of study that do not attract members of their ethnicity or gender; under-represented counties in Arkansas; or first-generation college students. Competitively awarded.	Apply for admission. Complete Entering Freshman Scholarship Application (http://scholarships.uark.edu) Priority Deadline: November 15	Non-renewable
Jewel Minnis Scholarship	\$2,000 non-renewable	Students who have demonstrated outstanding academic achievement. Competitively awarded.	Apply for admission. Complete Entering Freshman Scholarship Application (http://scholarships.uark.edu) Priority Deadline: November 15		Arkansas Academic All Star Transfer Scholarship	AATYC Academic All Star receives annual award that pays tuition and tuition related fees up to \$5,000 per semester.	Awarded to students named the "Academic All-Star" by their Arkansas two-year college.	Students nominated as AATYC Academic All Star by their two-year college. Scholarship application is not required.	Maintain 3.00 cumulative U of A GPA after each semester. Renewable up to five semesters.

Chancellor's Transfer Scholarship	\$3,000 per year	Arkansas residents with strong academic performance at Arkansas two-year colleges. Competitively awarded.	Deadline: April 1 for fall semester and October 15 for spring semester	Cumulative 3.00 GPA and 24 hours per year of eligibility. Renewable for one year.
-----------------------------------	------------------	---	--	---

Phi Theta Kappa Transfer Scholarship	\$2,500 per year	Awarded to top applicants from two-year colleges who are members of Phi Theta Kappa. Competitively awarded.	Deadline: April 1 for fall semester and October 15 for spring semester. Provide Phi Theta Kappa membership documentation.	Cumulative 3.00 GPA and 24 hours per year of eligibility. Renewable for one year.
--------------------------------------	------------------	---	---	---

Transfer Scholarship	\$2,000 per year. Renewable for one year.	Strong academic performance at another 2-year or 4-year college or university. Competitively awarded.	Deadline: April 1 for fall semester and October 15 for spring semester	Cumulative 3.00 GPA and 24 hours per year of eligibility. Renewable for one year.
----------------------	---	---	--	---

UA Scholarships – General Information

The following regulations govern the general university freshman scholarships described below:

1. **November 15** is the priority scholarship deadline for entering freshmen. Applicants must apply to the university by November 1 to be considered for these scholarships.
2. An "entering freshman" is defined as a student who has not enrolled in another post-secondary institution in a fall or spring semester following graduation from high school.
3. Eligibility for renewal of the Chancellor's Scholarship and general university scholarships is determined at the end of the second semester each award year. Students may "catch up" in summer terms by taking classes at their own expense on the Fayetteville campus.
4. These scholarships are generally awarded per academic year to cover the fall and spring terms, up to an eight-semester maximum for most students, or a ten-semester maximum for students in the Bachelor of Architecture, Bachelor of Landscape Architecture and the Master of Arts in Teaching programs, each of which is a five-year program. Renewal criteria are evaluated every two semesters.

Special Scholarships and Conditions

ACT 1185

Arkansas income taxpayers who earn a minimum of \$5,500 in wages and, with their dependents, reside in a bordering state in a county or parish contiguous to an Arkansas county in which a public institution of

higher education is located may enroll at the University of Arkansas and receive the non-resident tuition award under the provisions of ACT 1185 of 1995, Section 34. The availability of funds may vary each year, and the students must provide certain documentation. Please contact the Academic Scholarship Office at 479-575-4464 for more information.

Arkansas Alumni Association Scholarships

The Arkansas Alumni Association, through its members, donors, chapters, and societies, sponsors five scholarship and grant programs. See brief information in the chart below. For information on the association's scholarship program, visit the Arkansas Alumni Association website (<http://www.arkansasalumni.org/s/1429/start.aspx>).

Name	Annual Award	Eligibility Criteria	Application Procedure	Renewal Criteria
Alumni Association Endowed Scholarship	\$6,500 per year for four years	Incoming freshmen with a minimum GPA of 3.60 and 24 ACT (Pre-March 2016) or 1160 SAT (Redesigned SAT)	Complete Arkansas Alumni Freshman Scholarship Application (www.arkansasalumni.org/freshmanscholarships)	Cumulative 3.00 GPA and 30 hours earned by the end of the second semester each year. 4 years or 8 semesters (5 years for the Bachelor of Architecture, Bachelor of Landscape Architecture, and Master of Arts in Teaching programs).
Arkansas License Plate "Roads" Scholarship/Alumni Board of Directors Scholarship	\$2,500 per year for four years	Applicant finalists from the Alumni Association Endowed Scholarship who are residents of Arkansas. Non-resident finalists will receive equivalent Alumni Board of Directors Scholarship.	Applications from the Alumni Endowed Scholarship will be considered.	Criteria same as for Alumni Endowed Scholarship (see above).

Razorback Generations Scholarship	\$2,500 per year for four years	Arkansas finalists from the Alumni Association Endowed Scholarship with a family connection to the University of Arkansas, Fayetteville.	Applications from the Alumni Endowed Scholarship will be considered.	Criteria same as for Alumni Endowed Scholarship (see above).
-----------------------------------	---------------------------------	--	--	--

Alumni Chapter and Society Scholarships	Variable amount based on chapter funds.	Minimum GPA of 3.50 and 24 ACT.	Considered from both the Alumni Scholarship application and private chapter/society applications.	Varies
---	---	---------------------------------	---	--------

Alumni Legacy Scholarship	Partial out-of-state tuition differential. Variable amount based on hours enrolled. See http://www.arkansasalumni.org/legacyscholarships for more information.	Non-resident students must have a qualifying family member who is a U of A graduate and member of the Alumni Association. Entering freshmen must have a 3.00 GPA and 20 ACT or 1030 SAT. Transfer students must have 24 credit hours and a 3.00 GPA.	Complete the Alumni Legacy Scholarship Application.	Renewable with completion of 24 hours per academic year, 2.75 minimum GPA. Up to 4 years (5 years for students in Architecture or the Master of Arts in Teaching program).
---------------------------	---	--	---	--

Military Student Scholarships

The University of Arkansas provides three different scholarships to current and former military service members and the dependents of service members. The military service member scholarship provides 35 one-year scholarships in the amount of \$4,000 to support current and former service members. The military dependents scholarship provides 10 one-year scholarships in the amount of \$1,500 to support dependents of service members. The military book scholarship provides 10 one-semester scholarships (each fall and spring semester) in the amount of \$500 to support service members and dependents with book expenses. Students should contact the Academic Scholarship Office at 479-575-4464 or <http://scholarships.uark.edu> for further information.

Air Force and Army ROTC

The Air Force and Army Reserve Officers' Training Corps programs offer a number of scholarship opportunities for entering freshmen and on-campus students. See the Reserve Officers' Training Corps section of this catalog for detailed information.

Military Benefits

The University of Arkansas is approved by the Arkansas Department of Higher Education and the U.S. Department of Veterans Affairs to participate in military educational benefit programs for veterans, current military members, reservists, national guard, and dependents of veterans who are working toward a degree. For more information regarding programs and eligibility please contact the university's Veterans Resources and Information Center (VRIC) at 479-575-8742 or <http://veteranscenter.uark.edu>.

Registration

Undergraduate students, including students not declaring a major, must enroll in one of six academic units: the J. William Fulbright College of Arts and Sciences; the Dale Bumpers College of Agricultural, Food and Life Sciences, the Sam M. Walton College of Business, the College of Education and Health Professions, the College of Engineering, or the Fay Jones School of Architecture and Design. Information regarding registration periods and procedures is found on the Registrar's website (<http://registrar.uark.edu/>).

Registration Periods

Students must register during one of the formal registration periods. Currently enrolled students are expected to register during the priority registration held each semester for the following semester. New freshmen are expected to register during orientation. New freshmen not already registered during orientation should register during the open registration period that immediately precedes the beginning of classes each semester. New transfer students should contact their academic college for advising and registration information. There is a late registration period of five days at the beginning of fall and spring semesters, a one-day late registration period at the beginning of intersessions and a one- or two-day late registration period at the beginning of the summer sessions, but students may find that many classes are filled.

Student Addresses

It is the responsibility of all students to maintain and correct their addresses with the university and to report any change of address promptly either in writing to the Office of the Registrar or on the Student Information System (<http://isis.uark.edu/>). Failure to do so may result in undelivered official correspondence and announcements. Emergency contact information is also required.

Important academic announcements are frequently sent to the students through university-assigned email accounts. Students must check this account frequently to avoid missing critical notices.

Identification Cards

Identification cards are made at orientation and at the ID Card Office during the year. Several privileges on campus require an ID card, and it can be used as a debit card for purchases at various locations throughout the campus. Part-time students are also eligible for a card.

Academic Advising

Academic advising is an active, ongoing exchange between the advisers and students, grounded in teaching and learning. Advising is based on students gaining accurate and appropriate information and direction to help make their educational experience relevant, coherent, and meaningful. It is a process that assists students in connecting with the University of Arkansas, making thoughtful decisions related to their academic experiences, and maximizing their educational and career opportunities. Quality academic advising is essential to achieving the university's vision. (Academic Advising Council Mission Statement, 2010)

While procedures may vary among schools and colleges, all successful academic advising should include the following:

- A mutual respect between adviser and student with the student possessing final responsibility for successful completion of a degree.

- Respect for students' ethnic and racial heritage, age, gender, culture, national origin, sexual orientation, and religion, as well as their physical, learning, and psychological abilities.
- A developmental and educational process that occurs over time.
- Consideration of individual students' interests, abilities, and needs.
- A collaborative effort to connect students to campus resources and services.
- Reasonable availability and accessibility to advisers.
- Interpretation of University of Arkansas, college, and departmental rules and courses.
- A student's understanding of the purpose and nature of the university core courses.
- Recommendation of appropriate courses.
- A student's understanding of and progress toward academic requirements.
- General information regarding career options and opportunities, with appropriate referrals as necessary.
- An understanding of and adherence to laws and regulations that relate to academic advising.
- Adherence to the highest principles of ethical behavior.

The University of Arkansas is committed to developing each student to his or her fullest potential. To this end, programs in each college have been established to improve the academic achievement and persistence of students on academic warning and of other students in need of academic assistance. Such assistance is provided through a variety of instructional and informational services.

Courses That Do Not Count toward a Degree

The following courses do not count toward degree credit in any college or school: ENGL 0002 Basic Writing, ENGL 0013 Reading Strategies for College Students, MATH 0003, MATH 0001L College Algebra Laboratory I, MATH 0002L College Algebra Laboratory II and MATH 0131L Quantitative Reasoning Laboratory.

The following courses do not count toward any degree in the College of Engineering: MATH 1203 College Algebra (ACTS Equivalency = MATH 1103), MATH 1213 Plane Trigonometry (ACTS Equivalency = MATH 1203), MATH 1284C Precalculus Mathematics (ACTS Equivalency = MATH 1305), and ENGL 2003 Advanced Composition.

Adding and Dropping Courses

A currently enrolled student who has registered during the advance registration period should make any necessary or desired schedule adjustments such as adding or dropping courses or changing course sections during the schedule-adjustment period of the same semester. Students may add courses during the first five class days of a fall or spring semester. Students who drop classes will have their fees adjusted according to Fayetteville Policies and Procedures 330.0 – Tuition and Fee Adjustment Policy for Dropping Classes (<https://vcfa.uark.edu/policies/fayetteville/avcf/3300.php>). Drops and withdrawals are two different functions. In a drop process, the student remains enrolled. The result of the withdrawal process is that the student is no longer enrolled for the term. Fee adjustment deadlines for an official withdrawal are noted in Fayetteville Policies and Procedures 518.0 – Tuition and Fee Adjustment Policy for Official Withdrawal (<https://vcfa.uark.edu/policies/fayetteville/avcf/5180.php>).

A student may drop a full-semester course during the first 10 class days of a fall or spring semester without having the drop shown on the official academic record. After the first 10 class days, and before the drop deadline of the semester, a student may drop a course, but a mark of "W," indicating the drop, will be recorded. A student may not drop a full-semester course after the Friday of the thirteenth week of classes in a fall or spring semester. Drop-add deadlines for partial semesters, intersessions, and summer sessions are listed on the semester calendars located on the Office of the Registrar's website (<http://registrar.uark.edu/>).

Audit Registration

Students wishing to audit a class should contact the instructor teaching that class and request permission to audit. If the instructor approves the audit, the academic department will register the student in that class as an audit. Auditing of a class is allowed on a space-available basis, and a student must pay fees for that class. The instructor shall notify the student of the requirements for receiving the mark of "AU" for the course being audited. The instructor and the student's dean may drop a student from a course being audited if the student is not satisfying the requirements specified by the instructor. The student is to be notified if this action is taken. The only grade or mark that may be awarded is "AU."

Enrollment Status and Course Load

The enrollment status of undergraduate students is based on the number of hours enrolled in a term. The university recognizes full-time status as carrying a minimum of 12 semester hours in a regular (fall and spring) and summer term. Students should be aware that the minimum number of hours is insufficient for completion of a four-year degree program in eight academic semesters (four years). Since most university degree programs require a minimum of 120 semester hours, or 30 hours per year, a student should earn 15 hours per semester to complete most degree programs in four years (eight semesters). The university offers degree-completion plans; see the Office of the Registrar's website (<http://registrar.uark.edu/425.php>) or the Academic Regulations (p. 87) section of this catalog.

The chart below shows the enrollment status for each term, based on hours enrolled.

Term	Hours	Enrollment Status
Fall, Spring, Summer	1-5	Less than half-time
	6-8	Half-time
	9-11	Three-quarter time
	12 or more	Full-time

Number of Hours Allowed per Semester

The number of hours in which a student is allowed to register includes self-paced (correspondence) courses taken through Global Campus, School of Continuing Education and Academic Outreach.

- Undergraduate students who wish to enroll in more than 18 hours in a regular term must be approved by their academic dean's office. Enrollment in an intercession is limited to a maximum of one lecture or lab course, with the exception of co-requisite courses, for a maximum of four hours.
- Undergraduate students who wish to enroll in more than 21 hours in a regular term must get a recommendation from their academic dean's office *and* be approved by the Academic Standards Committee.

(<http://registrar.uark.edu/student-records/academic-standards-committee-petition.php>)

- Undergraduate students who wish to take more than 7 hours in one five-week summer session or more than 14 hours total in the summer term must get a recommendation from their academic dean's office *and* be approved by the Academic Standards Committee. (<http://registrar.uark.edu/student-records/academic-standards-committee-petition.php>)
- For students with severe injury or illness of a temporary or permanent nature, less than 12 hours may be certified on a semester-by-semester basis as full-time with the approval of the student's dean and the concurrence of a physician or licensed examiner.

Online Credit

Online Credit Hours for On-Campus Undergraduate Students

Any student pursuing an on-campus (face-to-face) undergraduate degree from the University of Arkansas may take up to 35 percent, of the total credit hours required to complete the degree, of regular online (semester/summer) and self-paced online (correspondence) courses for degree credit.

- A freshman (first 30 hours) may take no more than two courses (8 hours) online.
- No student can enroll in more than 12 hours of online courses in any given semester^{*†}
- For students that have transferred academic credits from other institutions, the percentage of total credit hours obtained at the University of Arkansas through regular (semester/summer) online and self-paced online (correspondence) courses for degree credit cannot exceed 35 percent of the total remaining hours needed to complete the degree after transfer credits are accounted for.
- Exemption from this policy may apply for students in their last semester. All exemption requests must be signed by the department chair and Dean's office that oversee the degree program the student is pursuing.
- All online courses must include the course limits in the class notes presented to students when they register on UAConnect. For instance, the class notes for each class section should include:

"Students pursuing an on-campus (face-to-face) undergraduate degree at the University of Arkansas have the following credit-hour restrictions for online and self-paced courses:

- "Only 35 percent of the total credit hours required to complete the degree can be obtained through online and self-paced course
- "A freshman (fewer than 30 credit hours earned) may take no more than two online and self-paced courses (8 credit hours)
- "No student can enroll in more than 12 online and self-paced hours in any given semester
- "For students that have transferred academic credits from other institutions, the percentage of total credit hours obtained at the University of Arkansas through regular (semester/summer) online and self-paced online (correspondence) courses for degree credit cannot exceed 35 percent of the total remaining hours needed to

complete the degree after transfer credits are accounted for.

- "Other restrictions may apply due to federal financial aid policies."

* For students on financial aid, no more than 6 of these 12 credit hours can come from self-paced online (correspondence) courses. Other financial aid regulations and policies may be applicable on a case by case basis.

‡ International students enrolled full-time are limited to 3 credit hours of online courses per academic term due to federal policies.

Pass Fail

Registration for Grades of Pass-Fail for Undergraduates

Undergraduate students in some programs may register to take certain courses on a pass-fail basis. In such cases, a mark of "P" (passed) or a grade of "F" (failed) will be recorded. The grade will remain either "P" or "F" and may not be changed at a later date.

Students in the J. William Fulbright College of Arts and Sciences, the Fay Jones School of Architecture, and the Dale Bumpers College of Agricultural, Food and Life Sciences are eligible to enroll for certain courses on a pass-fail basis under the following conditions:

1. Students should contact the instructor teaching that class and request permission to enroll for a pass-fail grade. Instructors may deny this request when it is not consistent with course goals or methods (e.g., if there is significant group work or other types of collaboration by students). If the instructor approves, students should then seek approval from their adviser. (Students in Agricultural, Food and Life Sciences must also have the approval of their academic dean.)
2. That the student has attained sophomore rank or higher.
3. That the student is not on academic probation and has achieved a cumulative grade-point average of at least 2.00.
4. That such enrollment is limited to one course per semester.
5. That the total enrollment on a pass-fail basis be limited to no more than 18 hours in any student's degree program.
6. That the courses involved are general electives and are not required as part of the student's program, including major, minor, concentration, etc., or State Minimum Core requirements. Courses being used to fulfill any specific program requirement or to complete a State Minimum Core requirement are excluded from the pass/fail grading option and must be taken as a regularly graded course.
7. Registration for pass-fail credit must be completed prior to the final date for changing registration by adding a course.

Instructors can submit only a "P" or "F" grade on the final grade roster for a student approved for the pass-fail option. In order to receive a "P" the student must earn a grade of "C-minus" or above in the course. The "P" mark will not be counted in grade point average but will increment hours earned; the "F" grade will be counted in the grade point average.

Students in the College of Education and Health Professions may enroll in courses on a pass-fail basis under the same conditions but only in courses offered by the Fulbright College of Arts and Sciences or the College of Education and Health Professions. Walton College of Business and College of Engineering students may not take courses on a pass-fail basis.

Student Classification

Definitions of undergraduate student classification are as follows:

Classification	Course Hours Passed
Freshman	Less than 30 hours
Sophomore	30 or more hours but less than 60
Junior	60 or more hours but less than 90
Senior	90 or more hours

Withdrawal from the University

Withdrawing from the University of Arkansas means withdrawing from all classes that have not been completed up to that time. A student who leaves the university voluntarily before the end of the fall or spring semester must withdraw from all classes on the student registration system or notify the Office of the Registrar in writing. Withdrawal may occur anytime during the semester through the last day of classes. Withdrawal deadlines for summer sessions are listed on the semester calendars located on the Office of the Registrar's website (<http://registrar.uark.edu/>). Students who do not withdraw officially from a class they fail to complete will receive an "F" in that class. Students who holds on their registration should contact the Office of the Registrar for assistance in processing their official withdrawal from the university.

A currently enrolled student who has registered during the advance registration period should make any necessary or desired schedule adjustments such as adding or dropping courses or changing course sections during the schedule-adjustment period of the same semester. Students who drop classes will have their fees adjusted according to Fayetteville Policies and Procedures 330.0 – Tuition and Fee Adjustment Policy for Dropping Classes (<https://vcfa.uark.edu/policies/fayetteville/avcf/3300.php>). Drops and withdrawals are two different functions. In a drop process, the student remains enrolled. The result of the withdrawal process is that the student is no longer enrolled for the term. Fee adjustment deadlines for an official withdrawal are noted in Fayetteville Policies and Procedures 518.0 – Tuition and Fee Adjustment Policy for Official Withdrawal (<https://vcfa.uark.edu/policies/fayetteville/avcf/5180.php>).

Fees & Cost Estimates

Educational expenses will vary according to a student's course of study, personal needs, and place of residence. Student progress or general course of action in pursuit of higher education at the University of Arkansas is determined during the application and acceptance process. At the conclusion of the application and acceptance process, the progress or general course of action for each student will be assigned a category, called a career.

The career categories at the University of Arkansas — in order of magnitude by the cost of tuition per credit hour — are Agricultural & Food Law, Law, Graduate, and Undergraduate. Students concurrently enrolled in multiple careers will be assigned one primary career for all tuition billing purposes, called a billing career, based on the order of magnitude listed above. The Office of the Registrar is responsible for assigning the appropriate billing career. Students pursuing an Undergraduate career will also be classified by undergraduate program. The undergraduate programs of College of Education and Health Professions' plan of Nursing and the Fay Jones School of Architecture and Design's undergraduate program of Architecture have specific tuition rates, while all other undergraduate programs are the Undergraduate tuition rate. Similar to career, although a student may be concurrently enrolled in multiple undergraduate programs, the Office of the Registrar will assign each student only one primary undergraduate program for tuition billing purposes based on the order of magnitude by the cost of tuition per credit hour. All fees, charges, and costs quoted in this catalog are subject to change without notice. A survey tool for tuition and fee estimation is available at the Treasurer's website (<http://treasurer.uark.edu/Tuition.asp?pagestate=Estimate/>).

Financial obligations to the University of Arkansas must be satisfied by the established deadlines. Payment may be made at the University Cashier's Office in the Arkansas Union, Room 214, by cash, personal check, money order or certified check. E-check (electronic check) and credit/debit payments are made online on UAConnect (<http://uaconnect.uark.edu>). If you pay with a debit or credit card, there is a convenience fee charged of 1.8 percent.

Acceptance of payment for fees does not imply academic acceptance to the university.

Estimated Expenses

Estimated Necessary Expenses for an Academic Year

Estimates of necessary expenses listed below are for the 2019-20 academic year for a typical undergraduate student taking 30 credit hours per academic year at the University of Arkansas:

Name	Undergraduate Resident	Undergraduate Non-Resident
Tuition*	\$7,568.00	\$24,056.00
University Fees**	\$1,816.00	\$1,816.00
Books	\$1,100.00	\$1,100.00
Personal Expenses	\$2,092.00	\$2,092.00
Transportation	\$2,238.00	\$2,238.00
Room***	\$7,290.00	\$7,290.00

Board***	\$4,040.00	\$4,040.00
TOTAL****	\$26,144	\$42,632

* The standard undergraduate in-state tuition rate is \$252.28 per credit hour. Students enrolled in College of Business courses are charged \$335.53 per credit hour in-state tuition. Students in the School of Architecture and Design are charged \$277.43 per credit hour in-state tuition. Students enrolled in College of Engineering courses are charged \$295.17 per credit hour in-state tuition. Nursing students are charged \$298.22 per credit hour in-state tuition.

** University fees per year include the following student-initiated and student-approved fees:

- Student Activity fee calculated at \$2.71/credit hour — \$81.30
- Student Health fee, calculated at \$7.25/credit hour — \$217.50
- Media fee, calculated at \$0.90/credit hour — \$27.00
- Transit fee, calculated at \$3.09/credit hour — \$92.70
- Network Infrastructure and Data Systems fee at \$10.78/credit hour — \$323.40
- Facilities Fee, calculated at \$18.85/credit hour — \$565.50
- College of Arts and Sciences Fee at \$14.06/credit hour — \$421.80
- Library Fee, calculated at \$2.91/credit hour — \$87.30

*** Weighted average expenses for living in a residence hall, double occupancy, with an unlimited meal plan. Actual room and board fees vary.

**** Budget amounts were adjusted for rounding to accommodate UAConnect budgetary rules.

When paying tuition, room and board, and associated fees, anticipated financial aid for a current semester may be deducted when it is listed as anticipated aid on the student's account. Students receiving financial aid are strongly encouraged to have sufficient personal funds available to purchase books and to meet necessary expenses for at least one month at the start of school as some aid funds may not be available for disbursement.

The latest information regarding costs and other aspects of university life may be obtained by calling or writing the Office of Admissions, 200 Hunt Hall, University of Arkansas, Fayetteville, AR 72701. In Arkansas call 1-800-377-8632; from outside of Arkansas call 479-575-5346.

Fee Adjustments

A currently enrolled student who has registered during the advance registration period should make any necessary or desired schedule adjustments such as adding or dropping courses or changing course sections during the schedule-adjustment period of the same semester. Students who drop classes will have their fees adjusted according to Fayetteville Policies and Procedures 330.0 – Tuition and Fee Adjustment Policy for Dropping Classes (<https://vcfa.uark.edu/policies/fayetteville/avcf/3300.php>). Drops and withdrawals are two different functions. In a drop process, the student remains enrolled. The result of the withdrawal process is that the student is no longer enrolled for the term. Fee adjustment deadlines for an official withdrawal are noted in Fayetteville Policies and Procedures 518.0 – Tuition and Fee Adjustment Policy for Official Withdrawal (<https://vcfa.uark.edu/policies/fayetteville/avcf/5180.php>).

Student Invoices

Students who pre-register for a semester will be invoiced approximately six weeks prior to the first day of classes. The Treasurer's Office will send out an email notification when the student invoices are

available on UAConnect. Students should log into UAConnect (<http://uaconnect.uark.edu>), navigate to the Treasurer's Office tile, and click the 'Student Invoice' link.

Late Fees

Students are required to pay all charges by the posted payment deadline. Students who fail to pay all charges or who fail to execute an installment payment plan by the deadline may be assessed a late payment fee equal to the outstanding balance, not to exceed \$75.00.

Any student with an outstanding balance, to include registration-related fees and/or housing charges, by the last payment deadline will be assessed an additional late payment fee equal to the outstanding balance, not to exceed \$75.00.

The late fee will not be waived because an invoice was not received.

Disbursement of Refunds

Disbursement of refunds due to overpayments by scholarships, loans, and/or grants will begin approximately five days prior to the start of classes.

The University of Arkansas has partnered with BankMobile to deliver financial aid and other school refunds to the University of Arkansas students. For more information visit the BankMobile refund page (<http://bankmobiledisbursements.com/refundchoicessso/>).

Addresses

Students may create a check address, which will be used specifically for overpayment checks. This address may be created in addition to the local and permanent addresses. If a check address is not created, the default address will be the permanent address. The student may change their address in the Student Center section of UAConnect (<https://uaconnect.uark.edu/>).

Military Service

Students Called into Active Military Service

When a student or student's spouse is activated for full-time military service and is required to cease attending the University of Arkansas without completing and receiving a grade in one or more courses, they shall receive compensation for the resulting monetary loss as provided by Fayetteville Policy 504.2. The student must cease attendance because 1) the student is activated or deployed by the military or 2) the student's spouse is activated or deployed by the military and the student or student's spouse has dependent children residing in the household.

To be eligible for the compensation, the student must provide, prior to activation or deployment for military service, an original or official copy of the military activation or deployment orders to the university's Veterans Resource and Information Center. A student whose spouse is a service member shall provide proof of registration with the Defense Enrollment Eligibility Reporting System (DEERS) of the Department of the Defense that establishes that dependent children reside in the household of the student and the service member.

Upon leaving the University of Arkansas because of active duty or deployment, the student may choose one of three compensatory options. The student may officially withdraw and receive full adjustment and refund of tuition and non-consumable fees for the term involved; the student can remain enrolled and arrange for a mark of "Incomplete" for each class and finish the courses 12 months after deactivation; or the student may receive free tuition and fees for one semester after deactivation. For more

detailed information, read Fayetteville Policy 504.2 (<http://vcfa.uark.edu/policies/fayetteville/avcf/5042.php>).

Other General Fees

Fee Information

See the following sections below

- General Fees

- Teaching Equipment and Laboratory Enhancement Fees
- Fee Adjustments
- Students Called Into Military Service
- Senior Citizen Tuition and Fees Waiver
- Other General Fees

General Fees*

Title	Description	Amount**
Facilities Fee	Provides support dedicated specifically to campus facilities needs, including major projects and deferred maintenance.	\$18.85
Media Fee	The university's student publications, specifically the Arkansas Traveler newspaper and the Razorback yearbook, are partially funded by the media fee. Students reserving a copy are provided with a Razorback yearbook.	\$0.90
Network Infrastructure And Data Systems Fee	Provides support for the development and operation of the campus network, including electronic equipment, servers with software, and cabling. The network systems serve computer labs, academic and administrative buildings, residence halls and off-campus access facilities. Data systems will enable Web-based access to the university's information systems for students, faculty, and staff. Also provides support for upgrades and replacement of the student information system.	\$10.78
Student Activity Fee	Empowers the Associated Student Government (ASG) to make funding available to over 300 Registered Student Organizations and program activities on campus to develop lasting friendships and leadership abilities and provide all students with a unique opportunity to participate in cultural social, educational, and recreational events throughout the year.	\$2.71

Student Health Fee	Covers wellness and health promotion educational programs and healthy student behavior programs to maintain health and safety. Covers individual consultations with a certified wellness coach, consultation with a registered dietician and consultation with an orthopedic specialist from the community. Student Health Fee also covers sexual assault counseling, prevention and advocacy services. The Student Health Fee also covers several mental health services, such as 24-hour mental health emergency care, the cost for two intake assessments with a mental health clinician per semester, most group counseling sessions, case management/referral services, psychiatric nurse consultations, refill requests and outreach/advocacy.	\$7.25
Transit Fee	Helps fund the Razorback Bus Transit System, which services the campus and neighboring community year round.	\$3.09
Library Fee	Provides additional support for library materials acquisition	\$2.91

* Assessed each academic semester for which the student is enrolled: fall, spring, and summer

** Per Credit Hour

Program/Service Specific Fees

Some individual services at the university assess fees related to their respective service, such as the cost of administering national tests, late payments or choosing to park on campus.

Program/Service	Specific Fees
The Arkansas Non-Resident Tuition Scholarship Award Fee will be assessed for undergraduate non-residents (including transfer students) and international students who enter after the summer of 2013 and who are receiving the Non-Resident Tuition Award. The fee will be 50, 70, 80 or 90 percent of the difference between the in-state and out-of-state tuition per semester as long as students are receiving the award. Non-resident and international students receiving the award prior to the 2011-12 academic year are exempt as are non-resident students who are not receiving the award. To view eligibility requirements, please view the Academic Scholarship Office website at http://scholarships.uark.edu/nrta/index.php (http://scholarships.uark.edu/nrta/)	
Autism Support Program Fee	\$5,000.00/semester
English Language Placement Test (ELPT)	\$15.00
CLEP Registration Fee	\$30.00
Accuplacer Fee	\$45.00
Developmentally Disabled Program Fee	\$5,000/semester
Global Campus Fee	\$30.00
Global Campus Extension Fee	\$30.00

Premium Online Proctored Exam Fees

• "Take It Now" Fee	\$8.75
• "Take It Soon" Fee	\$5.00
• Online Proctoring Fee for Credit by Exam	

Graduation fees:

• Baccalaureate Degree	\$75.00
• Certificate	\$45.00
• Graduation Application Late Fee	\$25.00
Greek Life Assessment	\$30.00

I.D. Card

• Authentication Fee (exclusively online students)	\$10.00
• First card (exclusively online students)	\$25.00
• First card	\$22.00
• Each replacement card	\$18.00
IELTS Registration Fee	\$230.00
Installment Payment Plan	\$35.00

International Students

• International student (non-immigrant) application fee	\$60.00
• International student per semester service fee (non-immigrants)	\$100.00
• International Visiting Student Program Fee	\$300.00
• Mandatory Health Insurance	\$1,103/year
• Sponsored Student Management Fee	\$360.00
• Visiting Student Custom Program Fee – Level 1	\$100.00
• Visiting Student Custom Program Fee – Level 2	\$600.00

Jean Tyson Child Development Study Center

• Application Fee one-time per child	\$200.00
• Materials per semester	\$150.00
• Infants/1-2 years old per month (full-time)	\$980.00
• Older than 2 to 3 years old, per month (full-time)	\$935.00
• Older than 3 to 5 years old, per month (full-time)	\$905.00

Late payment:

• On Sept. 30 or Feb. 28 if balance has not been paid	\$75.00
• Additional fee at Nov. 30, April 30, and July 31 for fall, spring, and summer, respectively, if payment has not been made	\$75.00
Late Registration Fee – Prior to Census Day	\$25.00
Late Registration Fee – After Census Day	\$50.00
Late Test Registration Fee	\$20.00

New student orientation fees:

• First Year Experience (New Admits Only)	\$55.00
• Students (New Admits Only)	\$85.00
• Parents	\$50.00

Parking Permit (per vehicle)

• Remote	\$68.57
• Student	\$101.97
• Resident Reserved	\$660.83
• Parking Garage Reserved	\$900.78
• Motorcycle	\$68.57
• Scooter	\$68.57
• Scooter Reserved	\$205.69
Proctoring Fee	\$50.00
Professional Liability Insurance (non-refundable)	\$7.45/course

Professional Liability Insurance-Nurse Practitioners (non-refundable)	\$23.88/course
Residence Hall nonrefundable application fee	\$40.00
Residual ACT	\$65.00
Study Abroad Service fee	
• Per program, fall and spring	\$210.00
• Per program, summer	\$105.00
Teacher Education Application Fee	\$100.00/ application
Tests	
Career Exploration and Strong Interest Inventory Assessment Test (UNIV 1401)	\$10.00/course
• COEHP – Health Sciences Reasoning Test	\$25.00
• Miller Analogies Test (MAT)	\$80.00
• Spoken Language Placement Test (SLPT)	\$70.00
• TOEFL	\$70.00
Transcript Fee - Official Copy	\$8.00
Undergraduate application for resident admission	\$40.00
Undergraduate application fee for non-residents	\$50.00
Withdrawal from the University fee	\$45.00

College/Course Specific Fees

Some courses require fees that offset additional costs inherent in the course, such as lab fees, travel expenses or internship fees.

College	Course	Specific Fees
SCHOOL OF ARCHITECTURE AND DESIGN		
Interior Design Fee	IDES 1035, IDES 1045, IDES 2804, IDES 2814, IDES 3805, IDES 3815, IDES 4805, IDES 4815	\$15.00/credit hour
Interior Design Travel Fee		\$100.00/academic plan
International Study Fee (Architecture and Landscape Architecture Academic Plans)		\$5,254.00*
COLLEGE OF ARTS AND SCIENCES		
Certificate in Business French	FREN 4333, FREN 4433	\$100/semester
Expendable ARTS and GDES Consumables and Equipment Fee	All ARTS and GDES courses	\$53.74/credit hour
Expendable MUAC, MUED and MUEN Supplies and Instrument Repair/Maintenance	All MUAC, MUED and MUEN courses	\$5.12/credit hour
Expendable THTR Supplies and Materials (all THTR courses)	All THTR courses	\$20.00/credit hour
Fifth-year Internship Fee (M.A.T.)	ARED 476V, MUED 451V, MUED 452V	\$100.00/semester

One-on-one instruction	All MUAP courses	\$25.00/credit hour
Program/Excursion Fee	GEOS 437V, GEOS 537V	\$200.00
COLLEGE OF BUSINESS		
Computer Competency	ISYS 1120	\$58.50/semester
COLLEGE OF EDUCATION AND HEALTH PROFESSIONS		
Adult and Lifelong Learning Seminar Fee	ADLL 6173	\$23.00/credit hour
Athletic Training Clinical Rotation Fee	ATTR 5232, ATTR 5242, ATTR 5262, ATTR 5272	\$11.25/course
B.S.E. Fourth-year Student Teaching Fee	CIED 4173, CATE 406X, PHED 407V, SPED 4538, SPED 4568	\$250.00/semester
CDIS Applied Education Fee	CDIS 3233, CDIS 4183	\$100.00/course
Communications Disorders Clinical Fee	CDIS 4001, CDIS 5181, CDIS 5281, CDIS 5381, CDIS 599V	\$100/credit hour
Counseling Practicum Fee	CNED 5343, CNED 6711	\$23.00/credit hour
Counseling Internship Fee	CNED 574V, CNED 674V section 1	\$23.00/credit hour
Curriculum Instruction Education Internship Fee	CATE 406X, CATE 5016, CIED 1013, CIED 3013, CIED 3033, CIED 3053, CIED 3103, CIED 3113, CIED 3123, CIED 3133, CIED 3143, CIED 3453, CIED 4113, CIED 4131, CIED 4153, CIED 4173, CIED 4183, CIED 4363, CIED 4423, CIED 4533, CIED 508V, CIED 528V, EDST 3913, EDST 3923, EDST 4933, SPED 4413, SPED 4453, SPED 4473, SPED 4483, SPED 4538, SPED 4568	\$20.00/credit hour
Equipment and Supplies Fee-Outdoor Adventure Leadership	RESM 4023	\$35.00/credit hour

Equipment and Supplies Fee-Teaching and Leading Outdoor Recreation and Experiential Activities	PHED 3003	\$5.00/course
Equipment and Supplies Fee-Recreation and Natural Resources	RESM 1023	\$15.00/course
Equipment, Instruction and Certification Fee-Beginning Scuba Diving	PEAC 1831	\$125.00/credit hour
Fifth-year Internship Fee (M.A.T.)	CIED 508V, CIED 528V, CATE 5016, SPED 532V	\$250.00/semester
First Responder Special Course Fee	PBHL 3633	\$35.00/credit hour
Health, Human Performance and Recreation Internship Fee	EXSC 4903, PBHL 4043, RESM 440V	\$5.00/semester
Internship Fee-Student Teaching Supervision	PHED 407V	\$30.00/semester
Internship for Communication Disorders	CDIS 578V	\$100.00/semester
Internship Program in Education Leadership and support for Leadership seminars	EDLE 574V, EDLE 674V	\$20.00/semester
Internship Supervision Liability and Background Check		
• Exercise Science (non-refundable)	EXSC 4903	\$14/course
• Public Health (non-refundable)	PBHL 4043	\$14/course
• Recreation and Sports Management (non-refundable)	RESM 440V	\$14/course
Laboratory Fee for Practicum in Special Education	CIED 532V	\$25.00/credit hour
Liability Insurance – Teacher Education	CIED 4173, SPED 4538, SPED 4568	\$7.50/course
Liability Insurance – Teacher Education	CATE 4013, PHED 407V, STEM 4409	\$15.00/course
Literacy Clinic		
• Methodology Fee	CIED 3113, CIED 4113, CIED 4363	\$15/course
• Beginning Assessment	CIED 4123, CIED 4133, CIED 5173	\$20/course
Nursing		

• B.S.N. Test Fee – First semester Junior year		\$145.00/semester
• B.S.N. Test Fee – Second semester Junior year, First and Second semester senior year		\$132.50/semester
• L.P.N.-B.S.N. Clinical Fee	NURS 3111, NURS 3782, NURS 4073, NURS 4143, NURS 4212, NURS 4552	\$145.00/credit hour
• L.P.N.-B.S.N. Test Fee		\$145.00/semester
• Nursing Clinical Fee	NURS 3321L, NURS 3424, NURS 3644, NURS 3752, NURS 4092, NURS 4164, NURS 4252, NURS 4452, NURS 4613, NURS 4722	\$145.00/credit hour
Off-Campus Practicum: Clinical Site	CDIS 568V	\$50.00/semester
Off-Campus Internship: Clinical Site	CDIS 558V	\$100.00/semester
Off-Campus Practicum: Public School Site	CDIS 548V	\$50.00/semester
COLLEGE OF ENGINEERING		
Course fee, computer aided design (CAD) competency	MEEG 2100	\$50.00/semester
Distance technology fee	Off-campus Engineering graduate courses	\$50.00/credit hour
Distance technology fee	Operations Management	\$50.00/credit hour

* Due initial semester of enrollment and paid in semester installments.

Teaching Equipment and Laboratory Enhancement Fees

These fees provide and maintain state-of-the-art classroom equipment and instructional laboratory equipment. These fees vary, based upon the student's college of enrollment.

During the regular fall, spring and summer academic semesters, these fees are assessed on a per credit hour basis (see chart below).

College or School	Per Credit Hour Fee
Bumpers College Agricultural, Food and Life Sciences	\$25.70
Fay Jones School of Architecture	\$32.60
Fulbright College of Arts and Sciences	\$14.06

Walton College of Business	\$23.50
College of Education and Health Professions	\$17.04
College of Engineering	\$35.87

Other General Fees

Checks tendered to the university are deposited immediately. The university does not accept postdated checks. Checks returned for "insufficient funds" (NSF checks) are generally presented for payment only once. Each check returned by a bank for any reason will be assessed a returned check fee. The university may, at its discretion, verify available bank funds for any checks written for payment of indebtedness before accepting a check.

The University of Arkansas reserves the right to withhold transcripts or priority registration privileges, to refuse registration, and to withhold diplomas for students or former students who have not fulfilled their financial obligations to the university. These services may also be denied students or former students who fail to comply with the rules governing the audit of student organization accounts or to return property entrusted to them.

Requests for exceptions to university's fees, charges, and refund policies must be made in writing. Instructions for submitting requests for exceptions to the various fees, charges, and refund policies of the university may be obtained as follows:

- For residence life and dining services fees, charges, and refund policies contact University Housing Assistant Director for Business, housing@uark.edu (%20housing@uark.edu) or (479) 575-3951.
- For parking services fees, charges, and refund policies contact: Parking and Transit, Administrative Services Building, 155 Razorback Road, (479) 575-3507.
- For other fees, charges, and refunds, contact the Treasurer's Office, 214 Arkansas Union, Attention: Treasurer, (479) 575-5651.

Students receiving financial aid are strongly encouraged to have sufficient personal funds available to purchase books and to meet necessary expenses for at least one month at the start of school as some aid funds may not be available for disbursement.

Students are allowed to have automobiles at the university, although parking is quite limited. There is a parking permit and registration fee for each vehicle, varying in cost depending upon the parking option selected.

Resident Status

Student Residence Status for Tuition and Fee Purposes

Board Policy 520.8 (January 18, 1985, revised)

Determination of Residence Status

1. Purpose

The purpose of these regulations is to enable the administrative officers of the University of Arkansas to classify students for the purpose of paying student fees, as either "in-state" or "out-of-state," so as to accord fairness and equity to the students of the university and to the public that provides support for the educational services provided by the university.

2. Initial Classifications

- A student shall be admitted to the university in an "in-state" or "out-of-state" status for university fee purposes, as established under these regulations.
Except as otherwise provided under these regulations, a student classified as "in-state" for university fee purposes at the time of admission must have established a bona fide domicile in Arkansas and must have resided continuously in this state in that bona fide domiciliary status for at least six consecutive months prior to the beginning of the term or semester for which fees are paid.
- A bona fide domicile is a home of apparent true, fixed, and permanent nature, a place of actual residing for all purposes of living that may be distinguished from a temporary sojourn in this state as a student. The person claiming domicile in Arkansas must provide evidence of permanent connection with the State of Arkansas and demonstrate the expectation of remaining in this state beyond graduation. For purposes of implementing these policies, the administration is directed to articulate standards that will be applied in making the determination of residence.
- Except as otherwise provided under these regulations, the domicile of an adult (18 years of age or older) or emancipated minor student shall be determined on the basis of his or her own domicile.
- Except as otherwise provided under these regulations, the domicile and residence of an unemancipated minor student (less than 18 years of age) or an unmarried dependent who has not attained the age of 23 is legally that of the parents or surviving parent; or such other person legally standing in the place of a parent to the student and with whom the student in fact makes his or her home and who has been making substantial contributions to the support of the student for at least six consecutive months prior to the term or semester for which the fees are paid.
- A student who cannot satisfy the criteria for Arkansas domicile and residence will be classified as an "out-of-state" student and will pay fees and tuition accordingly. The student on a temporary visa will be classified as a foreign student and will pay non-resident tuition and fees. A student who has been granted a permanent visa and has been domiciled in Arkansas for six consecutive months following receipt of the permanent visa shall be classified as an Arkansas resident for fee purposes.
- The responsibility for registering under a proper classification for student fee purposes is placed upon the student. It is the duty of each student at each time of registration to call any question about residency classification status to the attention of the campus classification review officer in a timely fashion in order that the question may be settled (see 4. Procedures).
- The six-month period required in paragraph A of these regulations may be waived for persons, their spouse, and their unmarried children who have not yet attained the age of 23 (dependents are the spouse and unmarried children who are legal dependents as defined by the IRS) and who move to Arkansas with attendance at the university only a by-product of the primary purpose of establishing domicile in this state.
- An unmarried student who has not reached the age of 23 years having one parent residing in Arkansas (for at least six consecutive months immediately prior to the beginning of the term or semester in which the fees are to be paid) may be considered an "in-state" student for fee purposes, even if that student resided outside the state with the other parent before coming to Arkansas to attend the university.

- i. Marriage is recognized as emancipation for both females and males.
- j. The spouse of a person continuously domiciled in Arkansas (for at least six consecutive months immediately prior to the beginning of the term or semester in which the fees are to be paid) upon request shall be classified as “in-state” for fee purposes.

3. **Reclassifications**

- a. The initial classification of a student will not prejudice a different classification for following terms or semesters. However, a student’s prior domicile is assumed to continue until he or she clearly establishes a new domicile in Arkansas (see #4 below).
- b. A student previously classified as “out-of-state” may be reclassified as “in-state” for fee purposes if he or she has established a bona fide domicile in Arkansas and has resided continuously in this state in that bona fide domiciliary status for at least six consecutive months prior to his or her reclassification by the university. In order for an adult or an emancipated minor to establish a bona fide domicile in Arkansas for fee purposes, he or she must have left the parental home, must have established in this state a home of a permanent character as manifested objectively by good faith acts, and must have the expectation of remaining in this state beyond graduation. The single fact of presence in Arkansas for at least six months of attendance as a student enrolled in the University of Arkansas, or any other educational institution, neither constitutes nor necessarily precludes reclassification as one domiciled in Arkansas but will be a factor to be considered.

4. **Procedures**

- a. A student shall have the burden of establishing any claim that he or she is entitled to be treated as “in-state” for fee purposes. Persuasive evidence to that effect must be presented in writing and verified under oath by the student. Mere claims of local domicile and duration of stay are of little weight. A student who knowingly gives erroneous information in an attempt to evade the payment of “out-of-state” fees may be subject to dismissal from the university.
- b. All disputed classifications for student fee purposes, whether at initial enrollment or subsequent enrollments, and all disputed reclassifications will be decided initially on each campus by a classification review officer designated by each chancellor.
- c. The chancellor of each campus will designate a campus classification appeal officer to receive petitions from decisions made by the campus classification review officer. Each campus classification appeal officer may, in his or her discretion, make investigations, receive evidence, and conduct informal hearings. After considering the case, the campus classification appeal officer will render a decision and notify the affected student of the decision in writing. Any decision of the campus classification appeal officer may be appealed to the vice president for academic affairs of the University of Arkansas System, who shall recommend final disposition to the president of the university.
- d. Written notice of the appeals procedure will be provided to each student raising a question about his or her status with the campus residency classification review officer.
- e. Determination of domicile will be based on a review of all pertinent facts, evidence, and circumstances that collectively show, in an objective and clear manner, the actual domicile of the student.

NOTE: In implementing these policies, it is presumed that dependent students who are classified as non-residents based upon parental/guardian domicile outside of Arkansas do not acquire Arkansas residency

under Board of Trustees Policy 520.8 unless and until their parent(s)/guardian(s) have established a domicile in Arkansas, or the student has left the parental home and established a domicile in Arkansas evidenced by proof that he or she has established a home of a permanent character as manifested objectively by good faith acts, resided in Arkansas in bona fide domiciliary status for at least six consecutive months prior to his or her reclassification as an Arkansas resident, and demonstrates the expectation of remaining in this state beyond graduation.

Reclassification Deadlines

Students who have established a bona fide domicile in Arkansas following initial classification as a non-resident must request reclassification if they want their status recognized for fee purposes. Applications and appropriate documentation must be received by the Office of the Registrar no later than the fifth class day (second class day of a summer session) of the term for which in-state fee assessment is requested. Applications received after the deadline will be considered for the next term. All fees are to be paid by published due dates. Students who receive a favorable decision after payment will be provided a refund of out-of-state fees paid. Please direct questions about residence classification review procedures to the Office of the Registrar, 146 Silas H. Hunt Hall.

Resident Status of Native Americans

(Board Policy 520.1, “Waiver of Non-Resident Tuition for Native Americans.”)

Native American people in other states belonging to tribes that formerly lived in Arkansas before relocation, and whose names are on the rolls in tribal headquarters, shall be classified as in-state students of Arkansas for tuition and fee purposes, on all campuses of the University of Arkansas. Tribes so identified include the Caddo, Cherokee, Chickasaw, Choctaw, Creek, Delaware, Kickapoo, Osage, Peoria, Quapaw, Shawnee, and Tunica.

Resident Status of Members of the Armed Forces and Their Dependents

(Board Policy 520.7, “Fees for Members of Armed Forces and Dependents.”)

For the purpose of tuition and fees applicable for all programs of study, including distance learning programs, effective July 1, 2017, all campuses of the University of Arkansas System shall classify a student as in-state or resident, if the student meets any of the following criteria regardless of his or her residence:

1. A veteran who was honorably discharged or released from a period of not less than ninety (90) days of active duty in the United States Armed Forces within three (3) years before the date of enrollment in a program of study;
2. A dependent¹ or spouse of a veteran under Paragraph 1.
3. A member of the armed forces.
4. A spouse of a member of the armed forces.
5. A Reserve Officers’ Training Corps cadet who has an executed armed forces service contract.
6. A dependent of a member of the active duty armed forces, when the member of the armed forces:
 - a. is stationed in the State of Arkansas pursuant to permanent change of station (PCS) military orders;
 - b. is continuously domiciled in Arkansas for at least six consecutive months before entering active military service and who maintains

Arkansas as the permanent home of record while on active military duty, or

- c. demonstrates a change of *bona fide* domicile from another state to Arkansas at least 12 consecutive months prior to separation, discharge, or retirement from active military duty. This provision is forfeited if the military person does not return to Arkansas within 36 months after separation, discharge, or retirement from active duty.
7. A veteran using educational assistance under either Chapter 30 (Montgomery G.I. Bill—Active Duty Program) or Chapter 33 (Post-9/11 G.I. Bill), of Title 38 of the United States Code, who lives in the State of Arkansas while attending a school located in the State of Arkansas (regardless of his/her formal state of residence) and enrolls in the school within three years of discharge or release from a period of active duty service of 90 days or more.
8. Anyone using transferred Post-9/11 G.I. Bill benefits (38 U.S.C. §3319) who lives in the State of Arkansas while attending a school located in the State of Arkansas (regardless of his/her formal state of residence) and enrolls in the school within three years of the transferor's discharge or release from a period of active duty service of 90 days or more.
9. Anyone described in paragraphs 7 and 8 while he or she remains continuously enrolled (other than during regularly scheduled breaks between courses, semesters, or terms) at the same school. The person so described must have enrolled in the school prior to the expiration of the three year period following discharge or release as described in paragraphs 7 and 8 and must be using educational benefits under either chapter 30 or chapter 33, of title 38 of the United States Code.
10. Anyone using benefits under the Marine Gunnery Sergeant John David Fry Scholarship (38 U.S.C. §3311(b)(9)) who lives in the State of Arkansas while attending a school located in the State of Arkansas (regardless of his/her formal state of residence).
11. Anyone using transferred Post 9/11 G.I. Bill benefits (38 U.S.C. § 3319) who lives in Arkansas while attending a school located in Arkansas (regardless of his/her formal state of residence) and the transferor is a member of the uniformed service who is serving on active duty..
12. A member of the armed forces or "covered individual" as identified in Section 702 of the Veterans Access, Choice and Accountability Act of 2014.

This system-wide policy and procedure has been amended as necessary for compliance with the requirements of 38 U.S.C. 3679, as amended, and Ark. Code Ann. § 6-60-205.

¹ For the purpose of this policy, dependents are unmarried children who are legal dependents of the military person as defined by the IRS.

Resident Status of Students from Texarkana, Texas, and Bowie County, Texas

(Board Policy 520.10)

In accordance with the reciprocity agreement described in H.C.R. 32, signed by the governor of Arkansas on February 12, 1965, Board Policy 520.10 states, "Residents of Texarkana, Texas, and Bowie County, Texas, will be classified as in-state students for university fee purposes at the University of Arkansas."

Room and Board Campus Housing (Rates are subject to change)

Single freshmen under 21 years of age are required to live in University of Arkansas residence halls, fraternity or sorority houses, or with their parents, unless permission to live off-campus has been obtained through University Housing. Permission to reside off-campus is granted on a semester basis and must be obtained prior to enrolling or prior to the semester in which off-campus residency is desired.

Specific questions concerning on-campus housing may be directed to University Housing at 479-575-3951, by email at housing@uark.edu or by visiting the University Housing website (<http://housing.uark.edu/>).

Summer rates for a room in a university residence hall during summer sessions are available through the Housing office. Charges start on the requested move-in day and run through the date of check-out.

Dining

Specific questions concerning on-campus meal plans may be directed to University Housing 479-575-3951 or visit the Dining on Campus website (<http://www.dineoncampus.com/razorbacks/>).

Fraternities and Sororities

Specific questions concerning sorority and fraternity living may be directed to the Office of Greek Affairs 479-575-5001.

Off-Campus Housing

Students eligible to live off-campus may contact local real estate offices for rental information or check the Off-Campus Housing website (<http://offcampushousing.uark.edu/>).

Senior Citizens

Waiver of Tuition and Fees for Senior Citizens

Arkansas residents who are 60 years of age or older and show proper proof of age may choose to have tuition and fees waived for on-campus courses under the senior citizen waiver of fees. Admission and enrollment under these conditions is open only on a "space available" basis in existing classes, and students choosing to use this waiver may not register until just prior to the beginning of the term.

Tuition Fees

Students classified as "in-state" for fee payment purposes are assessed tuition. Students classified as "out-of-state" for fee payment purposes are assessed additional non-resident tuition.

Official policies of the University of Arkansas Board of Trustees provide the basis for classifying students as either "in-state" or "out-of-state" for purposes of paying student fees. Board policies relating to residency status for fee payment purposes are included at the end of this chapter of the catalog. Out-of-state students who question their residency classification are encouraged to contact the Registrar's Office, 146 Silas H. Hunt Hall, for more information about residency classification review procedures.

The Arkansan Non-Resident Tuition Scholarship Award Fee will be assessed for undergraduate non-residents (including transfer students) and international students who are receiving the Non-Resident Tuition Award. The fee will be 10, 20, 30 or 50 percent of the difference between

the in-state and out-of-state tuition per semester as long as students are receiving the award. To view eligibility requirements, please view the Academic Scholarship Office website (<http://scholarships.uark.edu/nrta/>).

Academic Year

Undergraduate students are assessed tuition of \$252.28 per credit hour. Students with out-of-state residency status are assessed tuition of \$801.87 per credit hour.

Undergraduate students enrolled in developmental instruction courses are charged tuition of \$134.55 per credit hour in-state and \$672.54 per credit hour for out-of-state students.

Undergraduate students enrolled in the Walton College of Business courses are charged tuition of \$335.53 per credit hour in-state and \$1,093.75 per credit hour for out-of-state students.

Undergraduate students enrolled in the Fay Jones School of Architecture and Design are charged tuition of \$277.43 per credit hour in-state and \$881.90 per credit hour for out-of-state students.

Undergraduate nursing students are assessed tuition of \$298.22 per credit hour. Students with out-of-state residency status are assessed tuition of \$947.89 per credit hour.

Undergraduate students enrolled in College of Engineering courses are charged tuition of \$295.17 per credit hour in-state and \$938.19 per credit hour for out-of-state students.

Undergraduate students enrolled in Global Campus self-paced online correspondence courses are charged tuition of \$135.00 per credit hour.

Academic Regulations

Academic Integrity

As a core part of its mission, the University of Arkansas provides students with the opportunity to further their educational goals through programs of study and research in an environment that promotes freedom of inquiry and academic responsibility. Accomplishing this mission is only possible when intellectual honesty and individual integrity prevail. Each University of Arkansas student is required to be familiar with and abide by the university's Academic Integrity Policy (<http://honesty.uark.edu/policy/>) at honesty.uark.edu (<http://honesty.uark.edu/>). Students with questions about how these policies apply to a particular course or assignment should immediately contact their instructor.

Attendance Policy for Students

Attendance and Engagement: Education at the university level requires students' active involvement in the learning process. Therefore, students have the responsibility to attend classes and to actively engage in all learning assignments or opportunities provided in their classes. Students should treat class attendance as mandatory. Instructors have the responsibility to provide a written policy on student attendance that is tied to course objectives and included in a course syllabus.

Excusable Absences: There may be times, however, when illness, family crises, or university sponsored activities require a student to be absent from class. In these situations, the student is responsible for making timely arrangements with the instructor to make up work missed. The make-up work should be completed in a timeframe that has been arranged with the instructor. Such arrangements should be made in writing and prior to the absence, when possible.

Examples of absences that should be considered excusable include those resulting from: 1) student illness, 2) serious illness or death of a member of the student's immediate family or other family crisis, 3) University sponsored activities for which the student's attendance is required by virtue of scholarship or leadership/participation responsibilities, 4) religious observances (see Religious Observances policy tab), 5) jury duty or subpoena for a court appearance, and 6) military duty. The instructor has the right to require that the student provide appropriate documentation for any absence for which the student wishes to be excused.

Religious Observances

When students seek to be excused from class for religious reasons, they are expected to provide their instructors with a schedule of religious holidays that they intend to observe, in writing, before the completion of the first week of classes. The Semester Calendar (<http://registrar.uark.edu/academic-dates/academic-semester-calendar/>) on the Office of the Registrar's website will inform students of the university calendar of events, including class meeting and final examination dates, so that before they enroll they can take into account their calendar of religious observances. Scheduling should be done with recognition of religious observances where possible. However, faculty members are expected to allow students to make up work scheduled for dates during which they observe the holidays of their religion.

Final Examination Policy

Each faculty member is required to give final examinations at times specified in the final examination schedule. All final examinations must be given at times scheduled within the official final examination period

designated for the course. A final examination represents the final assessment of each student's knowledge of the subject material within a course. Whenever circumstances make necessary a deviation from the announced schedule, clearance for such deviation must be obtained from the appropriate dean and the Provost and Vice Chancellor for Academic Affairs.

During finals week, students are required to sit for no more than two final exams in a single calendar day period. Students with three or more finals in a single calendar day period have the right to an alternative exam date (s) for each exam exceeding two. They must submit a formal request for an alternative date in writing, along with an official copy of their class schedule for verification purposes, to the professors of those classes involved to see if one will voluntarily move the exam. If voluntary accommodation is not achieved, instructors of classes with lower enrollments will have to accommodate before classes with higher enrollments.

Requests must be submitted on or before the last day to drop a full semester class or classes with a mark of "W". Professors will provide the student with an alternative exam date and time no later than one week after the last day to drop a full semester class or classes with a mark of "W". All rescheduled final exams are to take place during the university designated final exam dates and times. If a student has an objection to the alternative exam date/time, she or he may appeal to the instructor's department chair.

It is the policy of the University to minimize student participation in extracurricular activities during the final examination period. No meetings, social activities, athletic events, or other extracurricular activities that require student participation will be scheduled on Dead Day or during the final examination period. Any exceptions to this policy must receive prior approval from the Provost and Vice Chancellor for Academic Affairs.

Grades And Marks

Final grades for courses are "A," "B," "C," "D," and "F" (except for courses taken in the Fay Jones School of Architecture and Design and the Dale Bumpers College of Agricultural, Food and Life Sciences).

Grade/Mark	Given For	Grade Points
A	Outstanding achievement	4
B	Good achievement	3
C	Average achievement	2
D	Poor but passing work	1
F	Failure, unsatisfactory work	0
XF	Failure, academic dishonesty	0
I	Incomplete course requirements	N/A
AU	Audit, officially registered	N/A
CR	Credit without grade points	N/A
R	Registered, no credit	N/A
S	Satisfactory work in courses w/o credit	N/A
W	Withdrawal	N/A

No credit is earned for courses in which a grade of "F" is recorded. A final grade of "F" shall be assigned to a student who is failing on the basis of work completed and who has not completed all requirements. The instructor may change an "F" so assigned to a passing grade if warranted by satisfactory completion of all requirements. Students who fail to present an acceptable reason for not having completed all course requirements including the final examination will receive the grade they would have received had they failed such requirements. In the case of an "XF" grade given for reasons of academic dishonesty, upon graduation or completion of the period of suspension, the student may request that the "X" be removed from the transcript by submitting a written request to the Provost/Vice Chancellor for Academic Affairs.

A mark of "I" may be assigned when a legitimate circumstance has prevented the student from completing all course requirements and the work completed at the time of assigning the "I" is of passing quality. It is the discretion of the instructor that determines what qualifies as a legitimate circumstance. It is recommended that the instructor, prior to the assignment of an "I" mark, document the legitimate circumstance and conditions for completing course requirements. An "I" so assigned may be changed to a grade provided all course requirements have been completed within 12 months after the end of the term in which the "I" was assigned. If the instructor does not report the grade within the 12-month period, the "I" shall be changed to an "F." When a mark of "I" is changed to a final grade, the grade points and academic standing are appropriately adjusted on the student's official academic records.

A mark of "AU" (Audit) is given to a student who officially registers in a course for audit purposes (see Registration for Audit (p. 70)).

A mark of "CR" (Credit) is given for a course (for example, practice teaching, certain seminars, certain honors colloquia, and courses where credit is earned by examination) for which the university allows credit toward a degree, but for which no grade points are earned.

A mark of "R" (Registered) is given to a student who is registered in a course for no credit or grade points. This is typically used at the undergraduate level for Study Abroad or other situations where a placeholder mark is needed.

A mark of "S" (Satisfactory) is assigned in courses such as special problems and research when a final grade is inappropriate. The mark "S" is not assigned to courses or work for which credit is given (and thus no grade points are earned for such work). If credit is awarded upon the completion of such work, a grade or mark may be assigned at that time, and, if a grade is assigned, grade points will be earned.

A mark of "W" (Withdrawal) will be given for courses from which students withdraw after the first 10 days of the semester and before the drop deadline of the semester.

"I," "AU," "CR," "R," "S," and "W" marks will not be counted in the grade-point average. Grades of plus and minus are assigned grade-point values in the Bumpers College of Agricultural, Food and Life Sciences (p. 104) and the Fay Jones School of Architecture and Design (p. 173). The grade-point average is computed by dividing the total number of grade points by the total number of credit hours attempted in courses for which grades (rather than marks) are given. Students who utilized grade renewal or grade forgiveness in retaking courses (prior to fall Semester 1986 and after fall 1996) have only the last grade used in computing grade-point averages.

Undergraduate Grade Forgiveness Policy

Under the Grade Forgiveness Policy, a student may improve the undergraduate cumulative GPA by repeating a maximum of two courses (up to nine hours) in which a grade of "D" or "F" was received and requesting that the repeat grade be the only one that is counted in the calculation. Only two such requests are available to any student in his or her undergraduate career. The repeated grade must be in the same course taken at the University of Arkansas, Fayetteville. Only a course in which a grade of "D" or "F" was earned may be repeated under the Forgiveness Policy. The student must file a written petition to use grade forgiveness indicating which course(s) he/she chooses to grade renew: the petition must be completed and approved prior to graduation. Both attempts at the course will remain on the transcript, but only the second will be used to calculate both credit and GPA. The first attempt and the grade earned will be recorded on the transcript with the symbol "R" to denote that it has been repeated. Students considering grade forgiveness should be aware that many graduate schools, professional schools, employers or other institutions, in considering admission or employment, recompute the GPA and include all courses attempted even though a course was repeated. This means that if the cumulative GPA has been raised because of grade renewal or forgiveness, the recomputed GPA will be lower. The Grade Forgiveness Policy begins with the Fall 1996 semester. This policy may be used to forgive the grade of courses taken prior to that semester as long as the retaken course was in or after the Fall 1996 semester.

Academic Bankruptcy

Students returning to the University of Arkansas after an absence of five or more years may be eligible to declare academic bankruptcy if they meet the following criteria:

1. Must have been enrolled previously at the University of Arkansas, Fayetteville, as an undergraduate student and be returning as an undergraduate student.
2. Must not have been enrolled at the university during the previous five years.
3. Students who have attended another institution since their last attendance at the university must meet requirements for transfer students (2.00 GPA on all coursework attempted more than five years after last enrollment at the University of Arkansas, Fayetteville) to be eligible for readmission.
4. Must submit an application for readmission and official transcripts of all college work attempted since last attendance at the University of Arkansas by the application deadlines and submit a Declaration of Academic Bankruptcy form (<http://registrar.uark.edu/1621.php>) to the Office of the Registrar. The following are the conditions of academic bankruptcy:
 - a. Students will forfeit all credit hours previously awarded by the University of Arkansas, Fayetteville. This includes course work completed at the university (regardless of grades earned), courses accepted in transfer, credit by examination, and any self-paced (correspondence) course work awarded.
 - b. A new calculation of GPA and credit hours will begin when the student returns to the University of Arkansas.
 - c. The transcript will reflect the student's complete record (including all previous college work) with an added notation of "Academic Bankruptcy Declared."
 - d. Courses taken at another institution within five years of the last University of Arkansas enrollment will not be accepted for transfer. Coursework completed more than five years after last attending

the University of Arkansas may be accepted in transfer, subject to university transfer credit policies. For purposes of this policy, University of Arkansas self-paced (correspondence) coursework will be treated in the same manner as transfer work.

- e. For the university to provide appropriate advising and (as required by Arkansas Act 1052) appropriate assessment, a student may be required to submit ACT, SAT, or ACT COMPASS test scores prior to registration for classes if, as a result of academic bankruptcy, that student is returning to the university as a freshman with fewer than 24 transfer hours.

Academic Probation, Suspension and Dismissal

A student's academic status at the university is determined at the end of each regular term of enrollment (fall, spring, or summer) on the basis of the student's cumulative and/or term grade-point average (GPA) and number of hours attempted. The student's academic status governs his or her re-enrollment status and determines any conditions associated with re-enrollment or denial of enrollment for a subsequent term. Normally, students are notified of their status individually by the university shortly after the end of each term. However, this policy statement is the formal notification to all students of the conditions that determine academic status and the consequences for each term, regardless of individual notification.

Good Status: Upon initial admission and during a student's first term of enrollment, except for students conditionally admitted on academic probation, the student is in good status. A student remains in, or returns to, good academic status at the end of any regular term (spring, summer, fall) when the cumulative GPA is at or above the required minimum of 2.0.

Academic Probation: When a student's cumulative grade-point average at the end of any fall, spring, or summer term is less than a 2.00 with more than three cumulative hours attempted, the student will be placed on academic probation.

First-Year Freshmen: First-year freshmen who have less than a 2.00 cumulative grade-point average at the end of their first semester of enrollment are considered at risk. During the first six weeks of their second semester, these at risk students must, at a minimum, consult with an academic adviser to develop a plan to get off of probation before being eligible to register for their third semester courses.

Removal from Academic Probation: When a student's cumulative GPA at the end of any fall, spring, or summer term is a 2.00 or above, he or she will be removed from academic probation.

Continuing on Academic Probation: The semester grade point average a student on academic probation must earn to continue on academic probation and avoid academic suspension depends on the cumulative grade hours attempted as outlined in the academic probation chart below.

Academic Probation Chart

Cumulative Hours Attempted (excludes grades of W)	Placed on Probation If Cumulative GPA Is:	Continued on Probation If Semester GPA Is:	Removed From Probation If Cumulative GPA Is:
4-30 hours attempted	Less than 2.0	Greater than or equal to 1.8	Greater than or equal to 2.0

Greater than 30 hours attempted	Less than 2.0	Greater than or equal to 2.0	Greater than or equal to 2.0
---------------------------------	---------------	------------------------------	------------------------------

Academic Suspension: A student on academic probation who does not earn the minimum required term GPA will be academically suspended. No student may be academically suspended who has not spent the prior term of enrollment on academic probation. A student on academic suspension will be on academic leave from the university for one major semester (spring or fall) and all contiguous summer and intersessions from the close of the term which resulted in the academic suspension. Thus, a student academically suspended at the end of the spring semester would not be eligible to enroll until the next spring semester; a student academically suspended at the end of the summer semester would not be eligible to enroll until the following spring term; and a student academically suspended at the end of a fall semester would not be eligible to enroll until the next fall semester. The first enrollment when returning from academic suspension may not be in an intersession.

Students who sit out for one major semester after the term of the academic suspension may apply for readmission to the university.

A student who does not earn credit from another institution may be readmitted on academic probation following academic suspension. A student who earns credit from another institution(s) during or subsequent to the academic suspension must apply to the university for admission as a transfer student and, if readmitted, will be on academic probation following academic suspension. A student readmitted on academic probation after academic suspension must make a semester grade-point average of at least 2.00 for each semester, (fall, spring, or summer) until he or she is removed from probation. Failure to do so will result in academic dismissal.

Academic Dismissal: A student who returns to the university after an academic suspension is continued on academic probation following suspension and must make a semester grade-point average of at least 2.00 for each fall, spring, or summer term until he or she is removed from academic probation. Failure to do so will result in academic dismissal.

Returning after Academic Dismissal: Students who sit out for at least one full academic year **and** submit at least 12 hours of general education core classes or upper-level classes with at least a 3.0 grade-point average in this coursework will be eligible for automatic readmission from their first academic dismissal. This can be done by taking self-paced courses through the Global Campus (<http://globalcampus.uark.edu/>)¹ at the University of Arkansas or by courses taken at another regionally accredited institution of higher education. Students meeting these requirements must complete a petition to the Academic Standards Committee (<http://registrar.uark.edu/student-records/academic-standards-committee-petition.php>) and submit official transcripts for all work attempted since being academically dismissed. The petition is to be submitted to the Office of the Registrar (<http://registrar.uark.edu/>) before applying (<http://admissions.uark.edu/>) for readmission.

Students who do not meet these conditions, and students who have been academically dismissed more than once, must petition to the Academic Standards Committee (<http://registrar.uark.edu/student-records/academic-standards-committee-petition.php>) to be considered for readmission. It is strongly recommended that students meet with an academic adviser to develop a plan for returning from academic dismissal. Students approved for readmission from academic dismissal must reapply (<http://admission.uark.edu/>) for admission.

A student who reenters the university by favorable action of the Academic Standards Committee after an academic dismissal is continued

on academic probation after academic dismissal and must make a semester grade-point average of at least 2.00 for each semester until the cumulative GPA reaches 2.00 and he or she is removed from academic probation. Failure to do so will result in academic dismissal.

Individual colleges or programs have the discretion to set academic admission and continuation standards for specific programs that are higher than university standards.

- Students who are not in good academic standing at the University of Arkansas may be enrolled in no more than six hours of self-paced Global Campus courses at any one time.

Waiver of Academic Policies

The Academic Standards Committee (<http://registrar.uark.edu/student-records/academic-standards-committee-petition.php>), composed of faculty and students, serves as a referral body for matters of academic probation, suspension, dismissal, and other rules and regulations related to academic progress and graduation. Petitions for waiver of academic rules and information on the petitioning process may be obtained on the Office of the Registrar's website (<http://registrar.uark.edu/418.php>). Students should note petitioning deadlines.

Advanced-Standing Programs

Advanced-Standing Programs

Credit by Examination

There are two ways a student enrolled at the University of Arkansas, Fayetteville, may establish undergraduate credit by examination in courses offered by the university: either through the University of Arkansas Credit by Examination Program (see the next section), or through approved national testing programs, such as the College Level Examination Program (CLEP), the Advanced Placement Program (AP), or the International Baccalaureate Program (IB).

Credit established by examination must be evaluated in terms of the specific program the student wishes to pursue. The decision regarding the appropriate application of such credit to a degree program will be made in each college or school. Credit established by examination will be applied to a degree program in the same manner as credit established in any other way. If credit is earned by examination, the mark of CR will be entered in the student's record. Grades are not assigned.

In certain instances, however, instead of actually receiving credit in semester hours, a student may receive advanced standing and be authorized to enroll for advanced courses in the subject matter area.

Credit by examination may not be used to satisfy minimum residency requirements as established by each college or school. Credit by examination is recorded only for students currently enrolled at the University of Arkansas, Fayetteville.

University of Arkansas Program

The following conditions apply to the departmental programs for credit by examination:

- The student must apply for such examination using forms available in the academic dean or department office. Permission to take the examination must be obtained from the faculty of the department offering the course. The faculty of each department is responsible for designating the courses in that department that may be challenged by examination.

- The appropriate department or college offering the course will designate and administer the examination.
- A passing grade on the examination must be "B" or above. A second trial for credit by examination in that course will not be permitted.
- A \$25 credit by examination fee will be assessed per course.

National Testing Programs

When credit by a national examination is granted, the student's academic record will list the score used as a basis for credit as well as the type of examination used to establish credit, such as CLEP subject examination or general examination, AP examination or IB examination.

Credit is awarded on the basis of official score reports, which must be sent by the national testing service directly to the Office of the Registrar, 141 Uptown East, University of Arkansas, Fayetteville, AR 72701.

Minimum score requirements as established by the University of Arkansas, Fayetteville, must be met to receive credit.

College Level Examination Program (CLEP)

The University of Arkansas is a CLEP testing center and is authorized to administer CLEP examinations both on a national basis and on an institutional basis. However, CLEP examinations may be taken at scheduled times at any national test center, and the results sent to the University of Arkansas. The test center code number and score recipient code number for the University of Arkansas is 6866. For information or to make application, write to the Office of Testing Services, 1435 W. Walton Street, 1 University of Arkansas, Fayetteville, AR 72701, or telephone 479-575-3948.

Approval has been granted by the appropriate governing body, upon recommendation of the academic department, to award credit in the following courses by the use of CLEP examinations. Minimum scores for the paper-based version and the new computer-based version were established by the departments of the subject areas concerned.

Please note that minimum scores for credit for computer-based CLEP exams may differ from paper-based CLEP examinations.

CLEP Examination	UA Course	Paper-based text (pre July 2001)	Computer-based test (Effective July 2001)	Maximum Credit Allowed

Advanced Placement Program (AP)

The Advanced Placement (AP) Program of the College Entrance Examination Board gives students the opportunity to pursue college-level studies while still in high school and, with an appropriate score on an AP exam, to receive advanced placement and/or credit upon entering the University. The AP examinations are offered annually by high schools that participate in this program. The appropriate UA governing body, upon recommendation of the academic department, has authorized credit and/or placement for students who present qualifying scores in the AP courses listed below.

Symbols for placement and credit:

- P = placement;
- Pq = qualified placement (student may be placed in an advanced course, with credit awarded for prerequisite courses upon satisfactory completion, subject to departmental review.);
- C = credit;
- Cq = qualified credit (placement and credit subject to departmental review);
- E = Exempt.

* Students must pass a departmental test to receive credit

** To receive credit for courses preceding the course for which AP credit has been granted, students must enroll in and complete with a grade of "C" or higher, that course which follows in sequence the course for which AP credit was granted.

*** At most, 3 hours credit allowed for AP Statistics.

International Baccalaureate

The International Baccalaureate (IB) program is a comprehensive and rigorous two-year high school curriculum offered in the United States and in 72 countries around the world. The IB program provides students with a balanced education, facilitates geographic and cultural mobility, and promotes international understanding through a shared academic experience. The IB program gives students the opportunity to pursue college-level studies while in upper secondary school and to receive credit for final examinations upon entering the University.

The IB examinations are offered annually, usually in May, by high schools participating in this program. Students seeking credit for examinations must request that a final, official IB transcript of certificate or diploma results be sent by mail to the Office of the Registrar, 146 Silas H. Hunt Hall, University of Arkansas, Fayetteville AR 72701. These materials may be requested from International Baccalaureate North America, 200 Madison Avenue, Suite 2007, New York, NY 10016, telephone: 212-696-4464.

Approval has been granted by appropriate academic departments to award credit in the following courses. The minimum scores were established by the departments of the subject areas concerned.

International Course	UA Course	Score (Higher Level)
Anthropology	ANTH 1023	4-7 SL or HL
Biology	BIOL 1284	4-7 SL

Eight-Semester Degree Completion Policy

The University of Arkansas is committed to helping all of its students identify and achieve their educational goals. The many University of Arkansas programs of study and activities provide opportunities to students to follow varied career and learning paths and enjoy educational experiences of different kinds. Plans for degree completion are available in the Catalog of Studies and from colleges, schools, and departments. Academic advising services in each college and school assist students in making plans for their own degree completion and in carrying them out consistent with students' abilities, circumstances, and preferences.

The Eight-Semester Degree Completion Program (DCP), makes it possible for qualified degree-seeking freshmen to express their intention — and assume the associated obligations — to complete identified bachelor's degree programs of study in four academic years. The list of majors and degrees designed to be completed in eight semesters and for which the DCP is available is maintained by each college and school. It may be accessed from the DCP Web site and is published in the Catalog of Studies. Colleges, schools and individual departments can provide this list as well. Before registering for their first semester of study, all freshmen entering the university must accept participation, decline participation, or acknowledge ineligibility for participation in the DCP by signing the Participation Document. New freshmen will be notified regarding how to view the Participation Document on-line and learn more about registering for a Degree Completion Program. A student's participation or nonparticipation in the DCP will not affect scholarship eligibility.

Students who are admissible to the DCP and who choose to participate have the responsibility for meeting all requirements specified by the university and their degree completion plan and the responsibility for complying with the DCP policy. The university is responsible for providing academic support and for ensuring that students can complete university, program and course requirements within eight consecutive semesters. The university will also provide students with timely notifications to the student's official university e-mail address regarding advising, registration, and other requirement completion information.

A student may choose at any time to discontinue participation in the DCP without penalty. Students are encouraged to discuss such choices with an authorized academic adviser for the program of study. Participation and subsequent withdrawal from the DCP will not jeopardize the student's opportunity to complete the degree program, to do so in a timely manner, or to complete another degree program or major by fulfilling program requirements.

In some circumstances it may be in a student's best interest to decline participation or withdraw from the DCP. Examples include students who are not prepared to choose a major before enrolling for the first semester and students who feel that a full semester class load of 15 or 16 hours will be too heavy given other responsibilities. Other students may plan to study abroad for a semester in an institution where the required courses are not offered or to participate in a semester-long internship program not included in the program plan. A decision or need to work or participate in certain time-intensive curricular and extra-curricular activities such as band and intercollegiate athletics may make it impossible to schedule all requirements in some programs. A student may be required to withdraw from the DCP as a result of illness or other personal circumstances that make it impossible to do his or her best work, continue as a full-time student, or complete requirements in the time available. There are also a number of acts and events that may or will cause the DCP agreement to be voided; these are identified below in the section "Student acts and other events that will or may void the degree completion plan agreement."

Requirements for Admission to the Eight-Semester Degree Completion Program (DCP):

1. Participants must begin their program of study in the fall semester as first-time, full-time freshmen and must be committed to be full-time students able to enroll in and successfully complete at least 31-36 hours each academic year.
2. Participants must have chosen a major included in the DCP, must meet all admission requirements for the chosen program of study including applicable program grade point average and other grade requirements, and must have been admitted to programs requiring formal program admission.
3. Participants must be qualified to begin enrollment in the fall semester without being required to take remedial courses in math, English, or reading or other course prerequisites to entry-level courses in the chosen program of study

Requirements for Continuance and Completion of the Eight-Semester Degree Completion Program:

1. Students must follow exactly the degree completion plan for the chosen major and must meet all the specified requirements in their degree plan each semester unless an alternative is approved by an authorized academic adviser for their program or unless they have already met the requirement.
2. Students must be continuously enrolled in and successfully complete at least 31-36 semester credit hours of appropriate course work each academic year as outlined in their degree completion plan.
3. Students must make satisfactory academic progress as defined by the university and degree program and must maintain the grade point average required by the university and the program of study.
4. Students must monitor their own progress in meeting the requirements identified in their degree completion plan, consistent with the program plan.
5. Students must register for classes at the first/earliest assigned time during their designated registration period each semester for the following term. For courses required for graduation, students must accept any available course or class section that does not conflict with other required courses. Students should understand that special scheduling accommodations cannot be guaranteed for work or other activities including athletics and band. Students must seek assistance from an authorized academic adviser for their chosen program of study if they are unable to identify or

register for any course(s) required for that semester in their degree program. For situations in which an authorized academic adviser for the program cannot identify a required course for the student to take, the adviser must notify the department chair and dean for the student's program of study that it has not been possible for the student to complete registration for a required course for the next semester of enrollment. Notification must be made in writing immediately following the unsuccessful attempt to register. Consistent with the terms of the degree completion program, the chairperson or dean will identify an alternate course, in writing, to fulfill graduation requirements or will provide an override to allow the student to enroll in the required course(s). Students must complete registration no later than the last official day of class for the fall or spring term preceding the next term of enrollment, unless the identification of an appropriate course to complete the student's registration is still in progress.

- 6. Students must have prior written approval by an authorized academic adviser before enrolling in any course at another institution (such as concurrent enrollment, enrollment during a summer term, or study abroad) if the student wishes to transfer the course and have the course included in the coursework submitted for the degree completion plan.
- 7. Students must confer with an authorized academic adviser for their program before withdrawing from a required course as such a withdrawal will void the DCP agreement.
- 8. Students must at all times maintain an accurate local address, and telephone number in official university records. Students may make changes to such information in the Student Information System Self Service component as needed and should make them immediately following any change. Students may also make changes by written notice to the Registrar.
- 9. Students must respond in a timely way to any official notice or message from an authorized academic adviser and to any official notice regarding registration, degree progress, financial obligations or aid, or any other university requirement.
- 10. Students must make timely application for all necessary financial assistance, consistent with deadlines.
- 11. Students must meet all university degree requirements (including formal application for graduation consistent with deadlines and requirements as established by the Registrar for the semester in which the student is scheduled for graduation).

Student Acts and Other Events That Will or May Void the Degree Completion Plan Agreement:

- 1. Withdrawing from ("dropping") a required course
- 2. Receiving a failing grade in a required course or receiving a grade below that required by the program
- 3. Changing one's major or degree program
- 4. Withdrawing from the University of Arkansas
- 5. Failure to meet any degree requirement(s) as specified and in the time specified
- 6. Unauthorized non-payment or delayed payment of any tuition or fees
- 7. Incurring a disciplinary action affecting the student's enrollment
- 8. Failing to comply with any other requirement of the Eight-Semester Degree Completion Policy.

Appeal Process

A student may appeal the voiding of the DCP to the dean of the college or school in which the student is enrolled. The appeal process requires that the student submit a statement of the basis for the appeal to the dean in writing within 30 days following notification of the voiding of the program, with a copy to an authorized academic adviser for the program. The dean will notify the student and the adviser of the outcome of the appeal within 60 days after receiving the statement.

Graduation Rates

In accordance with the Student Right-to-Know and Campus Security Act of 1990, the following table is a summary of the institution's six-year graduation rates, those degree-seeking freshmen who enrolled in 2012 and graduated by 2018:

Year	Total Graduate Men	Total Graduate Women	Total Graduate Overall	Percent of Total Men	Percent of Total Women	Percent Overall
All Degree-Seeking Freshmen						
The graduation rate for all first-time, full-time, degree-seeking new freshmen.	1,335	1,644	2,979	61%	69%	66%
Student Athletes Who Received Athletically Related Aid						
The graduation rate for all first-time, full-time, degree-seeking new freshmen who received athletic aid during the first year of enrollment				50%	64%	58%

Student-
Athlete
Graduation
Success
Rate

The Student-Athlete Graduation Success Rate was developed by the NCAA to supplement the Federal Graduation Rate. It includes the Federal Graduation Rate Cohort, and also includes students who first enroll in the spring term and also students who transfer in. It discounts student-athletes who leave the institution with eligibility remaining, but would have been academically eligible to compete had they remained. It is more a reflection of the success of students who remain at the institution for all years

75% 92% 84%

of their athletic eligibility. The Student-Athlete Graduation Success Rate report is filed annually in conjunction with the Federal Graduation Rate Report.

Honors and Scholars

Dean's and Chancellor's List

After the end of each semester, all colleges and schools in the university publish an honor roll of the names of the undergraduate students who achieve a 3.75 to 4.00 grade-point average. Students are eligible for the honor roll if they are carrying at least 12 semester hours normally required for graduation by their college for their respective year. This honor roll is the Dean's List.

In addition, a Chancellor's List is published each semester that recognizes those undergraduate students who achieve a 4.00 grade-point average. Students must also be carrying at least 12 semester hours normally required for graduation to be eligible for the chancellor's list.

First-Ranked Senior Scholars

A first-ranked senior scholar must have a cumulative grade-point average of 4.00 on all course work completed at the time selection is made, must have applied for graduation for a semester to be a member of the appropriate class and must have completed all courses required for the baccalaureate degree at the University of Arkansas, Fayetteville, or in a program of study approved by the Director of Honors or other designee in the college in which the student is enrolled. In determining the cumulative grade-point average for the purposes of such awards, grade forgiveness is not accepted.

Senior Scholar

Selected graduating seniors who are among those with the highest grade-point average and who have completed at least half of their degree work at the University of Arkansas are recognized by each undergraduate college as a Senior Scholar.

Graduation Honors

For detailed, discipline-specific information, see the honors section for each college or school major. Students must be members of the Honors College to earn the distinction of graduating *cum laude*, *magna cum laude* or *summa cum laude*. The honors program in the college or school of major sets specific requirements for graduating with honors including a minimum of 12 honors credit hours and the completion of an undergraduate thesis. A combination of honors credit hours, thesis quality,

and GPA requirements lead to Latin designation of *cum laude*, *magna cum laude* or *summa cum laude*.

Requirements for Graduation

University Core Requirements

In addition to the requirements listed below, undergraduate students must successfully complete 35 hours of courses in the University Core, also known as the "State Minimum Core." See more on the University Core page (p. 97).

Enrollment Requirement

To ensure the opportunity to engage with faculty and peers in their area of study at the University of Arkansas, students must fulfill the U of A Enrollment Requirement:

1. Earn a minimum of 30 semester hours at the University of Arkansas, Fayetteville campus—this includes UA faculty-led study abroad classes, online/on-campus classes, and courses offered through the Global Campus (School of Continuing Education and Academic Outreach); and all other courses paid toward Fayetteville campus tuition and fees;
2. These 30 semester hours are to be upper-division semester hours required for the completion of a degree program;
3. Additional hours in residence can be required for completing a minor;
4. Hours earned in another school or college at the University of Arkansas, Fayetteville, may be used to satisfy this requirement — with appeal of appropriate faculty curriculum committee;
5. Appeals to the standards identified in this policy should be made to the Academic Standards Committee.

Minimum Credits

All students awarded a baccalaureate degree must have a minimum of 120 credit hours. Individual programs may require additional hours. Courses not marked in the course description as eligible to be repeated for degree credit may be included in this total only once.

Minimum Grade-Point Average

No student will be allowed to graduate if the student has earned below a 2.00 GPA in credit earned at this institution. No student will be allowed to graduate if that student's academic standing is other than good standing.

Online Credit Hours for On-Campus Undergraduate Students

Any student pursuing an on-campus (face-to-face) undergraduate degree from the University of Arkansas may take up to 35 percent, of the total credit hours required to complete the degree, of regular online (semester/summer) and self-paced online (correspondence) courses for degree credit.

- A freshman (first 30 hours) may take no more than two courses (8 hours) online.
- No student can enroll in more than 12 hours of online courses in any given semester[†]
- For students that have transferred academic credits from other institutions, the percentage of total credit hours obtained at the University of Arkansas through regular (semester/summer) online and self-paced online (correspondence) courses for degree credit cannot exceed 35 percent of the total remaining hours needed to complete the degree after transfer credits are accounted for.

- Exemption from this policy may apply for students in their last semester. All exemption requests must be signed by the department chair and Dean's office that oversee the degree program the student is pursuing.
- All online courses must include the course limits in the class notes presented to students when they register on UAConnect. For instance, the class notes for each class section should include:

"Students pursuing an on-campus (face-to-face) undergraduate degree at the University of Arkansas have the following credit-hour restrictions for online and self-paced courses:

- "Only 35 percent of the total credit hours required to complete the degree can be obtained through online and self-paced course
- "A freshman (fewer than 30 credit hours earned) may take no more than two online and self-paced courses (8 credit hours)
- "No student can enroll in more than 12 online and self-paced hours in any given semester
- "For students that have transferred academic credits from other institutions, the percentage of total credit hours obtained at the University of Arkansas through regular (semester/summer) online and self-paced online (correspondence) courses for degree credit cannot exceed 35 percent of the total remaining hours needed to complete the degree after transfer credits are accounted for.
- "Other restrictions may apply due to federal financial aid policies."

* For students on financial aid, no more than 6 of these 12 credit hours can come from self-paced online (correspondence) courses. Other financial aid regulations and policies may be applicable on a case by case basis.

† International students enrolled full-time are limited to 3 credit hours of online courses per academic term due to federal policies.

Freshman Course Requirement

University Perspectives is an innovative required one-hour freshman course designed to enhance student success. A "flipped" class, it will have an online component in addition to in-class interaction. The course will emphasize the transition to the university and university-level work by addressing topics such as critical thinking and civic engagement. Other units intended to enhance overall student success include — but are not limited to — note-taking, time management, and academic integrity. All freshmen must complete UNIV 1001 by the end of the first academic year.

Application for Graduation

Students who plan to graduate must file an official application to do so. Applications should be filed for the term in which degree requirements will be completed. A graduation fee will be required at the time of application.

To ensure that students will be certified for graduation in a timely manner, the following graduation application deadlines have been established:

Date	Description
October 1	for students graduating in Fall
March 1	for students graduating in Spring
July 1	for students graduating in Summer

Students must apply by the established deadline for that term. Any student missing the deadline may apply to graduate in a subsequent term.

A student who fails to complete the degree during the intended semester must contact the Office of the Registrar to renew the application for the term in which the degree requirements will be completed.

Other Graduation Requirements

Individual colleges and schools may have special graduation requirements, in addition to degree program requirements. Consult the college or school section in this catalog for statements of additional requirements.

Degree Program Requirements

A student's degree program requirements are normally those specified in the catalog for the student's first year of enrollment. However, students may choose to meet the program requirements specified in a catalog for a later year and, under some circumstances, students may be required to meet degree program requirements incorporated into the curriculum at a level beyond that at which the student is enrolled.

Students who transfer from institutions with articulation agreements with the university may also be allowed to meet the university program requirements in effect during their first year of enrollment in those institutions, subject to the time limits described below and the availability of course work. Students who transfer to a different degree program may be required to meet the program requirements specified in the catalog for the year of entry into that program. Students who are not enrolled for a period of two years or longer may be required to reenter under program requirements in the current catalog. Students who wish to be granted a degree on the basis of requirements specified in a catalog more than seven years old may be required to petition the college or school to be allowed to do so.

Students are expected to keep themselves informed regarding program requirements and changes.

Additional Bachelor's Degree

A student seeking two or more undergraduate degrees from the University of Arkansas must meet the graduation requirements for each degree, including all university, college or school, and departmental requirements as stated in the catalog. When two or more undergraduate degrees are being completed concurrently, or while being continuously enrolled at the University of Arkansas, course work for the first degree may be used to satisfy requirements for the second degree. Students must apply to graduate individually for each degree. A student earning two or more bachelor's degrees in a single academic year will have their name appear only once on Senior Walk.

A student who previously completed a bachelor's degree from the University of Arkansas, or from any other institution, must complete at least 30 hours of additional, not necessarily subsequent, course work in residence from the University of Arkansas. More than 30 hours of course work may be required to satisfy all university, college or school, and departmental requirements.

Student Grievances and Appeals

Informal Resolution

Undergraduate students who wish to seek further review of an academic or non-academic decision or action by the University or a University employee (in an official capacity) that the student contends was in

violation of written campus policies, or constitutes unfair or unequal application of such policies, should first seek to resolve such concerns through informal discussions. In particular, grievances regarding academic matters should generally begin with informal discussions with the student's instructor or with the faculty member supervising a course.

If such informal discussions do not reach a satisfactory resolution, then the student may pursue a grievance following the steps in this policy.

Applicability of Policy

This policy applies to undergraduate students enrolled in traditional courses as well as online courses. This policy does **not** apply to matters which are covered by other campus policies or appeal procedures, including, but not limited to, the following:

- grade appeals (see description of process below);
- allegations of discrimination or harassment (including sexual harassment) under the university's non-discrimination policy;
- allegations of failure to provide reasonable accommodations for a disability;
- financial aid;
- enforcement of campus parking regulations;
- violations of the Code of Student Life or the university's Academic Dishonesty Policy; or
- violations of the university's Research Misconduct Policy.

In particular, matters involving allegations of unlawful harassment (including sexual harassment), discrimination and/or retaliation should be reported to the university's Office of Equal Opportunity and Compliance, and matters involving alleged failure to provide reasonable accommodations for a disability should be pursued through the grievance process described on the university's Center for Educational Access website. Additional information about each of the above policies is available on the university's website and through the Office of the Dean of Students.

Furthermore, this grievance process is intended to address alleged violations of university policy with respect to individual students, rather than disagreements with existing policies. Questions regarding the applicability of this grievance policy to a particular issue will be determined by the dean of students, in consultation with the provost and other university officials, as necessary.

Formal Grievance Process

If efforts to resolve a grievance informally are not successful, no later than 60 calendar days following the decision or action that the student seeks to have reviewed, the student shall put the grievance in writing, clearly and succinctly stating the facts relating to the grievance and which policies the student contends have been violated or misapplied. For an academically related grievance, the written grievance shall be submitted to the academic unit chair, head or his or her designee; if the concern relates to the chair, then the written grievance may be submitted to the Dean who may appoint an alternate official to consider the grievance. For a non-academic matter, the grievance should be considered by an administrator with authority over the relevant area. The administrator considering the grievance will review the material provided by the student, and may, at the administrator's discretion, gather any additional information that will be helpful to a decision, whether in writing or through meeting with the student or other persons involved. The administrator reviewing the grievance shall make a decision, in writing, within 10 working days after receiving the student's grievance (excluding the day of receipt), or as soon as possible thereafter. The decision will

explain the basis for the decision, remedial steps required, if any, and the procedure for requesting an appeal.

Appeals

If the student believes the grievance decision is in error, then that person may, within 10 working days after the date of the written decision, appeal the decision to the relevant dean (for an academic matter) or to the relevant vice chancellor or a designee (for non-academic matters). The administrator considering the appeal will review the material provided by the student, the grievance decision, any other material which has been assembled regarding the matter, and any applicable university policies and may, at his or her discretion, gather any additional information that will be helpful to a decision, whether in writing or through meeting or consulting with any individuals deemed necessary in the administrator's discretion. The administrator reviewing the appeal shall make a decision, in writing, within 10 working days of receiving the student's grievance, or as soon as possible thereafter. The appeal decision shall be final.

External Complaint Resolution

If a grievance cannot be resolved internally within the university, a student may file a complaint with the appropriate authority in his/her state of residence. Arkansas residents must file complaints in writing with the Arkansas Department of Higher Education (ADHE), 423 Main Street, Suite 400, Little Rock, AR 72201, within 20 days of completing the institution's grievance process. As required by ADHE, the grievant must provide a statement from the institution verifying that the institution's appeal process has been followed. ADHE inquiries are limited to courses/degree programs certified by the Arkansas Higher Education Coordinating Board (AHECB) under Ark. Code § 6#61#301 and to matters related to the criteria for certification. For other states, the State Higher Education Executive Officers Association website (<http://www.shceo.org/node/434/>), provides a list of appropriate state officials and/or entities for each state. Students may also contact the Higher Learning Commission of the North Central Association of Colleges and Schools (<http://www.ncahlc.org/>), which is the university's regional accrediting body, at 230 South LaSalle Street, Suite 7-500, Chicago, IL 60604, or at inquiry@hlcommission.org or 1-800-621-7440. This information is provided pursuant to 34 CFR § 668.43(b).

Grade Appeal Structure for Undergraduate Students

If a student questions the fairness or accuracy of a grade, there is recourse through a student grade appeal structure. Disagreements shall be heard that allege the instructor's policy was not applied consistently to all students, differed substantially from the announced policy, or that a policy was not announced. All grievances concerning course grades must be filed within one calendar year of the end of the term in which the grade that is being appealed was assigned. The procedures are:

The student should first discuss the matter with the instructor involved, doing so as soon as possible after receiving the grade. The instructor should be willing to listen, to provide explanation, and to be receptive to changing the grade if the student provides convincing argument for doing so. The student's questions may be answered satisfactorily during this discussion.

If the student chooses to pursue the grievance and submits an appeal, the student shall take the appeal in written form to the appropriate department or unit chairperson of the program in which the course was instructed. The appeal should present the basis of the appeal and merits of the grievance with evidence the student may have to support the appeal. If that person

determines the case has no merit, that person will inform the student and the instructor. If that person believes the complaint may have merit, that person will discuss it with the instructor. In the case that the department or unit chairperson is the instructor, the student should submit an appeal in written form to the appropriate dean of the college in which the course was instructed.

If the matter remains unresolved, it will be referred to an ad hoc committee composed of programmatic or departmental faculty. This committee would be appointed by the department or unit chairperson and should have at least three faculty representing the program or department in which the course was instructed. In the case where there are fewer than three faculty within the program or department to serve on the committee, faculty members from a closely related discipline will be appointed to serve. In the case where the department or unit chairperson is the instructor of the grievance, the ad hoc committee would be appointed by the appropriate dean of the college in which the course was instructed. The instructor whose grade is being challenged shall not serve on this ad hoc committee. The committee will examine available written information on the dispute, will be available to meet with the student and with the instructor, and will meet with others as it sees fit.

If the ad hoc faculty committee majority determines, through its inquiries and deliberations, that the grade should not be changed, the committee should communicate this conclusion to the student, the faculty member, and the chairperson. If the ad hoc faculty committee majority determines that the grade should be changed, the committee will request that the instructor make the change and provide the instructor with a written explanation. Should the instructor decline, he or she must provide an explanation for refusing in writing to the ad hoc faculty committee.

If the ad hoc faculty committee, after considering the instructor's written explanation, concludes it would be unjust to allow the original grade to stand, it may then recommend to the department chairperson, or dean in the case where the department chairperson is the faculty whose grade is being challenged that the grade be changed. That individual (department chair or dean) will provide the instructor with a copy of the recommendation and will ask the instructor to implement it. If the instructor continues to decline, the chairperson or dean is then obligated to change the grade, notifying the instructor and the student of this action. Only the chairperson or dean has the authority to effect a grade change over the objection of the instructor who assigned the original grade, and only after the foregoing procedures have been followed.

Student Privacy

Annual Notice of Student Rights Under the Family Educational Rights and Privacy Act (FERPA)

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. They are as follows:

1. The right to inspect and review the student's education records, with some exceptions under the Act, within 45 days of the day the university receives a request for access. Students should submit to the Office of the Registrar written requests that identify the record(s) they wish to inspect. The university official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the university official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

2. The right to request the amendment of the student's education records that the student believes are inaccurate or misleading. Students should write the university official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. A sample form, which may be used in making this request, is contained in the appendix to UA Systemwide Policies and Procedures 515.1 (<http://www.uasys.edu/policies/ua-system-policies/>).

If the university decides not to amend the record as requested by the student, the university will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing and is also contained in UA Systemwide Policies and Procedures 515.1 (<http://www.uasys.edu/policies/ua-system-policies/>).

3. The right to withhold consent of disclosure of directory information, defined as the following information: the student's name; address; telephone number; email address; major field of study; classification by year; number of hours in which enrolled and number completed; participation in officially recognized activities and sports; weight and height of members of athletic teams; dates of attendance including withdrawal dates; degrees, scholarships, honors, and awards received, including type and date granted; and photograph.

This information will be subject to public disclosure unless the student restricts such information through the appropriate settings in UAConnect, the student information system, or informs the Office of the Registrar in writing that he or she does not want this information designated as directory information.

4. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the university in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the university has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an educational record to fulfill his or her professional responsibility. Upon request, the university also discloses education records without consent to officials for another school in which a student seeks or intends to enroll.

Postsecondary institutions may also disclose personally identifiable information from education records, without consent, to appropriate parties, including parents of an eligible student, in connection with a health or safety emergency. Under this provision, colleges and universities may notify parents when there is a health or safety emergency involving their son or daughter, even if the parents do not claim the student as a dependent.

There are several other exceptions to FERPA's prohibition against non-consensual disclosure of personally identifiable information from education records, some of which are briefly mentioned below. Under certain conditions (specified in the FERPA regulations), a school may

non-consensually disclose personally identifiable information from education records:

- to authorized representatives of the Comptroller General of the United States, the Attorney General of the United States, the U.S. Secretary of Education, and State and local educational authorities for audit or evaluation of Federal or State supported education programs, or for the enforcement of or compliance with Federal legal requirements that relate to those programs;
 - to the National Student Clearinghouse for enrollment and degree reporting;
 - to organizations conducting studies for or on behalf of the school making the disclosure for the purposes of administering predictive tests, administering student aid programs, or improving instruction;
 - to officials of another school where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student's enrollment or transfer;
 - to comply with a judicial order or a lawfully issued subpoena;
 - to the victim of an alleged perpetrator of a crime of violence or a non-forcible sex offense concerning the final results of a disciplinary hearing with respect to the alleged crime; and
 - to any third party the final results of a disciplinary proceeding related to a crime of violence or non-forcible sex offense if the student who is the alleged perpetrator is found to have violated the school's rules or policies. The disclosure of the final results only includes: the name of the alleged perpetrator, the violation committed, and any sanction imposed against the alleged perpetrator. The disclosure must not include the name of any other student, including a victim or witness, without the written consent of that other student.
5. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the university to comply with the requirements of FERPA. The name and address of the office that administers FERPA is as follows:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington DC 20202-4605

6. UA System Policy and Procedure 515.1 (<http://www.uasys.edu/policies/ua-system-policies/>) serves as a supplement to the campus FERPA policy.
7. FERPA applies to students at the University of Arkansas at the point of their enrollment into courses.

Photographic and Video Images

The university is proud to publish and display photographic and video images of U of A students, their activities and accomplishments. Any student who does not wish to be represented in such photographic and video images by the university should choose to withhold photos on the FERPA option on the university's student information system.

Transfer of Credit

The following policies control the granting of credit for course work taken at other institutions:

1. Transfer credits are subject to a two-stage evaluation process. First, the eligibility of the hours for transfer is evaluated by the Office of the Registrar based upon decisions of appropriate faculty,

the Arkansas Course Transfer System (<http://acts.adhe.edu/studenttransfer.aspx>), and the Transfer Course Equivalency Guide (<https://courseequivalency.uark.edu/>). Credits found to be eligible for general transfer may not count toward the minimum requirements for every degree at the University of Arkansas. The second step in the evaluation, performed by the academic dean's office or department responsible for the program of study, determines which hours evaluated will satisfy degree program requirements.

2. Grades earned at other institutions are not calculated in the student's grade-point average earned at the university.
3. General transfer credit is awarded for courses in which a grade of "C" or higher has been earned. Course work must be applicable to a baccalaureate degree; credit is not granted for course work that is remedial or technical in nature.
4. Students can petition to have up to six hours of "D" grades transfer for degree credit to the University of Arkansas. Students must have a 2.00 GPA on a 4.00 scale to be considered, and courses must meet core or elective requirements in the student's degree program. Courses outside the degree program and courses in the major cannot be considered for transfer. The Admissions and Appellate Committee makes all decisions regarding "D" transfers. Petitions can be obtained from the Office of the Registrar.
5. In the case of course work taken at institutions not fully accredited by a regional accrediting agency, transfer credit may be denied altogether or may be granted provisionally subject to successful completion of specified courses at the university. Normally, credit is provisionally granted only if the institution is a candidate for regional accreditation.
6. The State Minimum Core (SMC): Act 98 of 1989 requires each institution of higher learning in Arkansas to identify a minimum core of general education courses that shall be fully transferable between state-supported institutions. Under guidelines from the State Board of Higher Education, the SMC consists of 35 hours distributed among the following education areas: English, U.S. history or government, mathematics, science, fine arts and humanities, and social sciences. Students transferring credit with grades of "C" or better from the approved SMC of another state-supported institution in Arkansas may expect to have all these hours applied toward their degree at the University of Arkansas.
7. Transfer credit policy under Arkansas Act 182 from 2009 requires a four-year public institution of higher education in Arkansas to accept all credits earned from students earning an Associate of Arts, Associate of Science or Associate of Arts in Teaching degree from a state-supported public institution in Arkansas.

Major stipulations of Act 182 are outlined below:

- The transfer degree contains the curriculum that is approved by the Arkansas Higher Education Coordinating Board.
- The four-year public institution of higher education is to admit a transfer student to junior status in a baccalaureate degree program at the four-year public institution of higher education.
- A four-year public institution of higher education receiving a transfer student shall not require additional lower division coursework if the additional course is considered a general education lower division course.
- The receiving four-year public institution of higher education may only require the additional lower division course if the additional lower division course is:

- A prerequisite for courses in the transfer student's baccalaureate degree program;
- A discipline-specific course that is required by the transfer student's baccalaureate degree program and the student has not completed a course at the two-year public institution of higher education that is comparable to the discipline-specific course at the four-year public institution of higher education in the Arkansas Course Transfer System;
- A requirement of an independent licensing or accrediting body
- Act 182 does not remove the requirement that a transfer student must meet total baccalaureate degree program credit hour and course requirements in order to be eligible for a baccalaureate degree.
- The receiving four-year public institution of higher education shall determine whether to accept a grade of "D" for academic course credit for a student transferring from a two-year public institution of higher.

Students should be prepared to submit course descriptions and syllabi of transfer work if there is any question concerning acceptance of credit toward a degree program. The university reserves the right to revise credit for advanced standing after the student has been in residence.

Please refer to the appropriate college or school section of this catalog for additional information concerning acceptance into specific degree programs.

Military Transfer Credit

The University of Arkansas accepts transfer credit based upon completed military training as evaluated by the American Council of Education (ACE) guidelines and recommendations. The evaluation must be presented to the university on an official transcript from ACE, or a Joint Services Transcript (JST). Equivalencies for military credit as recommended by ACE are evaluated by departmental faculty and may not be exactly the same as ACE. University of Arkansas equivalencies for ACE credit are displayed on the website of the Office of the Registrar in the Transfer Credit section (<http://registrar.uark.edu/transfer-and-test-credit/>). Students may elect to receive 6 hours of general military science credit for basic training as evaluated by presentation of the military DD214 with honorable discharge. Officer training would qualify the student for 6 additional hours of general military science credit. The same training may not be presented for both general military science credit and ACE credit.

More information on transfer credit can be found online by going to the Office of the Registrar website (<http://registrar.uark.edu/410.php>).

Arkansas Course Transfer System (ACTS)

The Arkansas Course Transfer System (ACTS) is a postsecondary education resource service coordinated by the Arkansas Department of Higher Education (ADHE) that provides comparable course information to facilitate student transfer within Arkansas public colleges and universities. The ACTS database contains faculty-generated comparable course information for a number of courses offered at public institutions in Arkansas. Comparable courses within ACTS are guaranteed to transfer for full credit to any Arkansas public institution. Course transferability is not guaranteed for courses listed in ACTS as "No Comparable Course." Find out more at the Arkansas Course Transfer System website (<http://acts.adhe.edu/studenttransfer.aspx>). **Questions regarding ACTS may be directed to an academic adviser or the Office of the Registrar.**

The chart below provides the University of Arkansas course equivalents for each of the ACTS courses offered on the campus. The ACTS course numbers are also identified in the course title of the equivalent U of A

course. For instance, the course title for the university's ANTH 1023 Introduction to Cultural Anthropology is listed as:

**ANTH 1023 Introduction to Cultural Anthropology (ACTS
Equivalency = ANTH 2013).**

Both this chart and the information in the course description are designed to assist students with identifying U of A courses that are guaranteed to transfer between Arkansas public institutions.

² Accounting and business courses are not general education core classes.

University Core University Core Requirements

The University of Arkansas has adopted a "State Minimum Core" of 35 semester-credit-hours of general education courses that are required of all baccalaureate degree candidates. This is in compliance with Arkansas Act 98 of 1989 and the subsequent action of the Arkansas State Board of Higher Education. Since 1991, all state institutions of higher education in Arkansas have had a 35-hour minimum core requirement with specified hours in each of seven academic areas in the table below. The university has identified those courses that meet the minimum requirement, and they are listed in the chart below.

Students should consult the requirements for specific colleges and programs when choosing courses for use in the University Core.

State Minimum Core

Areas	Hours	University Core
English	6	ENGL 1013, ENGL 1023, ENGL 1033
Mathematics*	3	MATH 1203/MATH 1204, MATH 1313, MATH 1514 or any higher-level mathematics course with MATH 1203 as a prerequisite or as required by major; to include STAT 2303

Science** (Students required to take corresponding lecture/lab combinations as listed)

ANTH 1013/ANTH 1011L, ASTR 2003/ASTR 2001L, BIOL 1003/BIOL 1001L, BIOL 1524, BIOL 1543/BIOL 1541L, BIOL 1584, BIOL 1603/BIOL 1601L, BIOL 1613/BIOL 1611L, BIOL 2213/BIOL 2211L, BIOL 2443/BIOL 2441L, CHEM 1053/CHEM 1051L, CHEM 1073/CHEM 1071L, CHEM 1103/CHEM 1101L, CHEM 1123/CHEM 1121L, CHEM 1203/CHEM 1201L, CHEM 1223/CHEM 1221L, ENSC 1003/ENSC 1001L, ENTO 1023/ENTO 1021L, GEOS 1113/GEOS 1111L, GEOS 1133/GEOS 1131L, PHYS 1023/PHYS 1021L, PHYS 1034, PHYS 1044, PHYS 1054, PHYS 2013/PHYS 2011L, PHYS 2033/PHYS 2031L, PHYS 2054, PHYS 2074

* Some students majoring in math, engineering, science and business may be required to take a higher math as part of the State Minimum Core.

** Some students majoring in math, engineering, science, education and health-related professions may be required to take higher or specific science courses as part of the State Minimum Core.

*** Numbered at the 2000 level. See Department of World Languages, Literatures and Cultures (p. 385) in the J. William Fulbright College of Arts and Sciences chapter.

**** If not selected to meet the three hours of the U.S. History requirement.

Rationale for U of A General Education Core

In order to prepare its students for lives of the highest individual quality and the greatest potential contribution to the making of a better world, the University of Arkansas has developed a comprehensive program of general education. Although the basic skills, knowledge, methodologies,

and judgments derived from experience in the core area set forth here may provide the basis for a major or professional concentration, the aims of these core requirements are not career specific. Rather, the following areas are designed to develop the tools for critical thinking and effective communication, an understanding of our richly diverse human heritage, the flexibility to adapt successfully to a rapidly changing world, a capacity for lifelong learning, and an enthusiasm for creativity.

English/Communication (6 hours)

Courses offered in this area are designed to develop the ability to organize ideas and to communicate them in grammatically correct written English with clarity, precision, and syntactical maturity. Freshman English courses taken at other universities will satisfy this requirement only if they are courses in composition. Students whose ACT scores in English are 18 or below must enroll in the sequence of courses ENGL 0002, ENGL 1013, and ENGL 1023. Students whose ACT scores in English are between 19 and 27 should enroll in ENGL 1013 and ENGL 1023. Students with English ACT scores of 28 or above may enroll in Honors English (ENGL 1013H and ENGL 1023H) or regular English (ENGL 1013 and ENGL 1023). Students with English ACT scores of 30 or above may take ENGL 1013H and ENGL 1023H or elect exemption. Some programs require credit in composition, and students should confer with their advisers before choosing exemption.

Fine Arts/Humanities (6 hours)

Courses presented in this area are drawn from the study of human thought, emotion, values, culture, and aesthetics. They are designed to develop the capacity for reflection, an appreciation of our own diverse culture and a tolerance of those foreign to us, and a heightened aesthetic and ethical sensibility. The courses are not performance-based, but offer students a basis for the gradual acquisition of broad cultural literacy.

Mathematics (3 hours)

Courses offered in this area are designed to develop the student's ability to understand the diverse mathematical concepts that shape our increasingly technical culture. Core mathematics courses presuppose the ability to apply mathematical techniques at the level of high school algebra and geometry. The specific course(s) selected will depend upon each student's curriculum, but no course below college algebra may be used to fulfill core requirements.

Science (8 hours)

A primary goal of these courses is to develop an appreciation of the basic principles that govern natural phenomena and the role of experiment and observation in revealing these principles. Students should acquire an understanding of the relationship between hypothesis, experiment, and theory, and develop the skills common to scientific inquiry, including the ability to frame hypotheses and defend conclusions based on the analysis of data. These courses are designed to prepare a student for informed citizenship by illustrating the importance of science and technology to the present and future quality of life and the ethical questions raised by scientific and technological advances.

Social Science (9 hours)

The purpose of the social science core is to introduce students to the breadth of inquiry in the social sciences—such as the study of ideas, the behavior of individuals, groups, institutions, and their interactions. The core should expose students to the history of and the challenges encountered in our complex, culturally diverse world.

American History and Civil Government (3 hours)

Under Arkansas law, no undergraduate degree may be granted to any student who has not passed a college course in American history and civil government. Courses offered by the University of Arkansas, any one of which will meet this requirement, are HIST 2003, HIST 2013, and PLSC 2003.

Colleges and Schools

Five colleges and six schools offer academic programs leading to undergraduate degrees.

- The Dale Bumpers College of Agricultural, Food and Life Sciences (p. 104), which includes the School of Human Environmental Sciences (p. 161)
- The Fay Jones School of Architecture and Design (p. 173)
- The J. William Fulbright College of Arts and Sciences (p. 198), which includes the School of Art (p. 218), the School of Journalism and Strategic Media (p. 289), and the School of Social Work (p. 376)
- The Sam M. Walton College of Business (p. 394)
- The College of Education and Health Professions (p. 447), which includes the Eleanor Mann School of Nursing (p. 474)
- The College of Engineering (p. 512)

Freshmen and current students in all of the colleges and schools may also be eligible for admission to the Honors College. Students may also enroll in courses offered through the University of Arkansas Global Campus. Last, there are also two interdisciplinary minors that are administered outside these colleges and schools but which use the resources of more than one of them.

Honors College

Mission and Objectives

The Honors College at the University of Arkansas brings together high-achieving students and the university's top faculty members in a learning environment characterized by discovery, creativity, and service. Founded in 2002 with a large portion of the \$300 million gift from the Walton Family Charitable Support Foundation, the Honors College has a substantial endowment for undergraduate research, service learning and international education.

The Honors College builds a diverse, transformative community of students and faculty preparing graduates who excel professionally, flourish personally and lead globally. To achieve this mission, the Honors College collaborates with honors programs across campus to provide a flexible, interdisciplinary honors curriculum that fosters creative and critical thinking and inspires action. The Honors College encompasses the honors programs from each undergraduate college or school.

Facilities and Resources

The Honors College is housed in a 21,000-square-foot addition to Gearhart Hall, a historic Collegiate Gothic structure located in the heart of campus. Honors students enjoy a spacious lounge, study areas and rooms for group discussions. A 216-seat auditorium below provides space for lectures, film screenings and other events.

Hotz Honors Hall, situated in the heart of the northwest housing area, provides housing for 400 first-year honors students in spaces designed to foster community. Hotz offers a large room for relaxation on the main floor, a computer lounge, music room, conference rooms and a small theater. Each floor is equipped with study areas, alcoves for TV viewing and video gaming, and spa-style bathrooms. The Honors College offers special programming for Hotz residents and upper-level honors students in nearby dorms.

Degrees Offered

Honors programs are offered in all disciplines, tailored to students' academic interests, with interdisciplinary collaborations encouraged. The college or school of major confers honors degrees. Only Honors College students can earn the distinction of graduating *cum laude*, *magna cum laude* or *summa cum laude*.

Other Programs

Honors College Grants

Each year the Honors College awards more than \$1 million in study abroad and undergraduate research grants, which are available to honors students who submit competitive proposals and meet all other requirements. Honors College faculty and staff work closely with the Office of Study Abroad and International Exchange to help honors students find programs that best meet their academic and professional goals. Honors College grants support domestic and international research, internships, community engagement, study abroad and travel to an archive or conference. Deadlines and application instructions are available on the Honors College website at honorscollege.uark.edu.

Nationally Competitive Awards

The Honors College coordinates with the Office of Nationally Competitive Awards to provide assistance to all students who are applying for national and international graduate fellowships and scholarships (i.e. Marshall, Rhodes, Schwarzman, Truman, Udall, Gates Cambridge, Rotary, Fulbright, and National Science Foundation). For more information, refer to the Enrollment Services section of this catalog.

College Admission Requirements

To apply for honors, students should visit the Honors College website at honorscollege.uark.edu (<http://honorscollege.uark.edu/>) and click on Apply. There they can review admission requirements and the honors program requirements in their college. Honors-eligible new freshmen should fill out the Honors College Application, available online. To register for honors classes in their first semester, they should apply before attending freshman orientation.

New transfer students and current students should contact the honors program director or assistant director in their college to determine eligibility and, for some programs, which form of honors (four-year or departmental) would best meet their needs. Then they should fill out the Honors College Application form. The list of honors program directors and both honors application forms are available online at honorscollege.uark.edu (<http://honorscollege.uark.edu/>).

The chart below contains basic requirements for each of the honors programs. For detailed information, see the individual honors program sections for each college or school in this catalog. Note that honors admission is based on the highest composite ACT or SAT score, not on superscores. In calculating GPA, extra weight is given only for Advanced Placement and International Baccalaureate courses.

College or School	New Freshmen	Current Students
Fulbright College of Arts and Sciences	Minimum 28 ACT or 1310 SAT and 3.75 high school GPA	3.75 cumulative University of Arkansas GPA
Fay Jones School of Architecture	Minimum 28 ACT or 1310 SAT and 3.5 high school GPA	3.5 cumulative University of Arkansas GPA

College of Education and Health Professions	Minimum 28 ACT or 1310 SAT and 3.5 high school GPA	3.5 cumulative University of Arkansas GPA
College of Engineering	Minimum 28 ACT or 1310 SAT and 3.5 high school GPA	3.5 cumulative University of Arkansas GPA
Bumpers College of Agricultural, Food and Life Sciences	Minimum 28 ACT or 1310 SAT and 3.5 high school GPA	3.5 cumulative University of Arkansas GPA
Walton College of Business	Minimum 28 ACT or 1310 SAT and 3.75 high school GPA	3.75 cumulative University of Arkansas GPA

Fellowships and Scholarships

The Honors College administers the most prestigious new freshman awards at the University of Arkansas. The Bodenhamer, Sturgis and Honors College Fellowships provide from \$72,000 in support over a four-year period, are highly competitive and require an in-depth application process and interview. For more details, visit the Honors College website at honorscollege.uark.edu and click on Future Students.

The Academic Scholarship Office awards scholarships to a variety of students. Students do not have to be in the Honors College to receive these scholarships. For additional information, visit the Academic Scholarship Office website at scholarships.uark.edu and see the chapter on Financial Aid and Scholarships in this catalog.

Student Organizations

All honors students are eligible to apply for the Honors College Ambassadors program. This group supports the honors community by participating in campus recruiting events and meeting with prospective students. The Honors College Student Advisory Council offers a select group of student leaders an opportunity to make a real impact on the Honors College. The Honors College Student Advisory Council offers a select group of student leaders an opportunity to make a real impact on the Honors College.

College Academic Regulations

The college or school of major sets specific requirements for graduating with honors including a minimum of 12 honors credit hours and the completion of an undergraduate thesis. A combination of honors credit hours, thesis quality, and GPA requirements lead to Latin designation of *cum laude*, *magna cum laude* or *summa cum laude*. Registration for honors courses is restricted to honors students or other students who meet the honors criteria and who have been approved by the honors program offering the course. For more information, see the honors sections for the college or school major.

Interdisciplinary Studies

Mission and Objectives

The University of Arkansas provides several options for students to pursue education more broadly than one field of undergraduate study might allow, including interdisciplinary and multidisciplinary programs. These programs allow broader instruction and research opportunities, especially in emerging fields that haven't reached the academic breadth to constitute a full academic department or in cases in which collaboration between one or more departments allows faculty from each existing department to contribute to the interdisciplinary or multidisciplinary major. In the Catalog of Studies (<http://catalog.uark.edu/catalogofstudies/>), requirements for each interdisciplinary program are listed in the chapter of the college or school that oversees the program.

Three interdisciplinary minors — Microelectronics-Photonics (p. 100), Nanotechnology (p. 102), and Planning (p. 104) — are not administered by a single academic department. The minor in Microelectronics-Photonics is administered by the Division of Interdisciplinary Studies in the Graduate School. The minor in Nanotechnology is administered by the Provost's Office. The minor in Planning is jointly administered by the departments of Landscape Architecture and Political Science. The requirements for completing each minor are at their respective links.

E-mail: microEP@uark.edu (microEP@cavern.uark.edu)

<http://microEP.uark.edu>

Microelectronics-Photonics (microEP) is an interdisciplinary program based in the Division of Interdisciplinary Studies in the Graduate School that prepares students for careers involving micro/nano materials, processing, and devices applied in areas such as photonics, microelectronics, bio/chemical analysis, etc. The microEP Graduate Program offers M.S. and Ph.D. degrees, as well as an undergraduate minor in Microelectronics-Photonics.

The purpose of this minor is to allow undergraduates in science and engineering to be able to capitalize on the research and educational core of the microEP Graduate Program as they prepare to enter the job market or compete for positions in top level graduate programs.

Requirements for a minor in Microelectronics-Photonics:

Select one of the following:

3

INEG 4323 Quality Engineering and Management

INEG 4433 Systems Engineering and Management

INEG 4443 Project Management

Select four of the following:

12

BENG 4123 Biosensors & Bioinstrumentation

CHEM 4213 Instrumental Analysis

ELEG 4203	Semiconductor Devices
ELEG 4223	Design and Fabrication of Solar Cells
MEEG 4303	Materials Laboratory
MEPH 488V	MicroEP Undergraduate Research
PHYS 3603	Introduction to Modern Physics
PHYS 4713	Solid State Physics
PHYS 4213	Physics of Devices
Or from other appropriate courses not on this list if approved first by the microEP Program and by the course instructor. ¹	
Total Hours	15

¹ See examples at the microEP Web site.

Students accepted into the microEP minor must attend an orientation session at the beginning of each semester as well as the monthly microEP graduate student research presentations. Students enrolled in the microEP minor must attend at least one public presentation of a Master of Science thesis in microEP or a Doctor of Philosophy dissertation in microEP each semester. Students wishing to declare this minor must apply through the microEP Program Web site, <http://microEP.uark.edu>, and be accepted into the minor at least two regular semesters before their graduation date.

Faculty

A

Ang, Simon S., Ph.D. (Southern Methodist University), M.S.E.E. (Georgia Institute of Technology), B.S.E.E. (University of Arkansas), Professor, Department of Electrical Engineering, 1988.

B

Barraza-Lopez, Salvador, Ph.D. (University of Illinois-Urbana-Champaign), B.S. (Instituto Politecnico Nacional de Mexico), Associate Professor, Department of Physics, 2011.

Bellaiche, Laurent, Ph.D., M.S., B.S. (University of Paris VI, France), Distinguished Professor, Department of Physics, 1999.

Benamara, Mourad, Ph.D., M.S. (University of Toulouse III, France), Assistant Professor, Nanotechnology, 2007.

Beyzavi, M. Hassan, Ph.D. (Freie Universität Berlin, Germany), Assistant Professor, Department of Chemistry and Biochemistry, 2017.

C

Chen, Zhong, Ph.D. (North Carolina State University), M.Eng. (National University of Singapore), B.S. (Zhejiang University), Assistant Professor, Department of Electrical Engineering, 2015.

Churchill, Hugh O.H., Ph.D., A.M. (Harvard University), B.A. (Oberlin College), B.M. (Oberlin Conservatory of Music), Assistant Professor, Department of Physics, 2015.

Coridan, Robert, Ph.D., M.S. (University of Illinois-Urbana-Champaign), B.S. (The Ohio State University), Assistant Professor, Department of Chemistry and Biochemistry, 2015.

D

Di, Jia, Ph.D. (University of Central Florida), M.S., B.S. (Tsinghua University), Professor, Department of Computer Science and Computer Engineering, 2004.

E

El-Shenawee, Magda O., Ph.D. (University of Nebraska-Lincoln), M.S., B.S. (Assiut University, Egypt), Professor, Department of Electrical Engineering, 2001.

F

Fu, Huaxiang, Ph.D., M.S. (Fudan University), B.S. (University of Science and Technology of China), Professor, Department of Physics, 2002.

H

Harter, William G., Ph.D. (University of California-Irvine), B.S. (Hiram College), Professor, Department of Physics, 1986.

Hestekin, Jamie A., Ph.D. (University of Kentucky), B.S.Ch.E. (University of Minnesota-Duluth), Professor, Ralph E. Martin Department of Chemical Engineering, 2006.

Heyes, Colin David, Ph.D. (Georgia Institute of Technology), B.S. (Loughborough University), Associate Professor, Department of Chemistry and Biochemistry, 2008.

Huitink, David, Ph.D., M.S.M.E., B.S.M.E. (Texas A&M University), Assistant Professor, Department of Mechanical Engineering, 2016.

J

Jensen, Morten O., Ph.D. (University of Aarhus, Denmark), M.Sc. (Georgia Institute of Technology), Associate Professor, Department of Biomedical Engineering, 2014.

K

Kumar, Pradeep, Ph.D. (Boston University), M.Sc. (Indian Institute of Technology, Mumbai, India), Associate Professor, Department of Physics, 2013.

M

Malshe, Ajay P., Ph.D., M.S., B.S. (University of Poona, India), Distinguished Professor, Department of Mechanical Engineering, 1995.

Manasreh, Omar, Ph.D. (University of Arkansas), M.S. (University of Puerto Rico-Rio Piedras), B.S. (University of Jordan), Professor, Department of Electrical Engineering, 2003.

McCann, Roy A., Ph.D. (University of Dayton), M.S.E.E., B.S.E.E. (University of Illinois), Professor, Department of Electrical Engineering, 2003.

Millett, Paul, Ph.D., M.S. (University of Arkansas), B.E. (Vanderbilt University), Assistant Professor, Department of Mechanical Engineering, 2013.

Moradi, Mahmoud, Ph.D. (North Carolina State University), M.S., B.S. (Sharif University of Technology), Assistant Professor, Department of Chemistry and Biochemistry, 2015.

Muldoon, Timothy J., M.D. (Baylor College of Medicine), Ph.D. (Rice University), B.S. (Johns Hopkins University), Associate Professor, Department of Biomedical Engineering, 2012.

N

Nair, Arun, Ph.D. (Virginia Tech), M.S. (Colorado State University), B.T. (Mahatma Gandhi University), Assistant Professor, Department of Mechanical Engineering, 2013.

Naseem, Hameed A., Ph.D., M.S. (Virginia Polytechnic State University), M.Sc. (Panjab University), University Professor, Department of Electrical Engineering, 1985.

P

Pohl, Edward A., Ph.D., M.S.R.E. (University of Arizona), M.S.S.E. (Air Force Institute of Technology), M.S.E.M. (University of Dayton), B.S.E.E. (Boston University), Professor, Department of Industrial Engineering, 2004.

Porter, Errol, M.S.E.E., B.S.E.E. (University of Arkansas), Research Associate, Microelectronics-Photonics, 1997.

S

Salamo, Gregory J., Ph.D. (City University of New York), M.S. (Indiana University-Purdue University-Indianapolis), B.S. (City University of New

York, Brooklyn College), Distinguished Professor, Department of Physics, 1975.

Selvam, R. Panneer, Ph.D. (Texas Tech University), M.S.C.E. (South Dakota School of Mines and Technology), M.E., B.E. (University of Madras, India), University Professor, Department of Civil Engineering, 1986.

Shew, Woodrow L., Ph.D. (University of Maryland-College Park), B.A. (College of Wooster), Associate Professor, Department of Physics, 2012.

Singh, Surendra P., Ph.D., M.A. (University of Rochester), M.Sc., B.Sc. (Banaras Hindu University, India), University Professor, Department of Physics, 1982.

- Po-Hao Adam Huang, Associate Professor, Mechanical Engineering

The Nanotechnology minor is an interdisciplinary program that provides students with foundational knowledge and skills related to the emerging field of nanotechnology, including hands-on experience in several major areas of nanotechnology, such as synthesis of nanomaterials, nanoscale imaging, nanostructure assembly and manipulation, device and system integration, and performance evaluation. The Nanotechnology minor draws faculty expertise and coursework from the College of Engineering and the J. William Fulbright College of Arts and Sciences and utilizes state-of-the-art equipment and facilities at the Institute for Nanoscience and Engineering. The Nanotechnology minor is intended to prepare participating students for a career in which nanotechnology is playing an increasingly important role, and increase students' research competitiveness for graduate studies. The Nanotechnology minor is designed to be accessible to students majoring in engineering, physics, or chemistry and biochemistry. It is open to all students who have the necessary prerequisites to enroll in the courses that constitute the minor.

Requirements for the Nanotechnology Minor

Students wishing to participate in the Nanotechnology minor must declare participation formally. The students are required to meet with the faculty coordinator of an individual department who will help the student to develop a list of courses suitable for the minor and a schedule for taking those courses. Examples of model programs for each participating department are given below.

Students need to take a total of 15 credit hours, which includes 6 credit hours of required courses and 9 credit hours of elective courses and must earn a grade of "C" or better for all courses used to fulfill the requirements of the Nanotechnology minor.

Required Courses (6 hours)

Nanotechnology Laboratory	3
BENG 4753L Nanotechnology Laboratory or BENG 4753M Honors Nanotechnology Laboratory	
BMEG 4103L Nanotechnology Laboratory or BMEG 4103M Honors Nanotechnology Laboratory	
CHEM 4153L Nanotechnology Laboratory or CHEM 4153M Honors Nanotechnology Laboratory	
MEEG 4323L Nanotechnology Laboratory or MEEG 4323M Honors Nanotechnology Laboratory	
PHYS 4793L Nanotechnology Laboratory or PHYS 4793M Honors Nanotechnology Laboratory	
Nanotechnology Research (Independent Study or Honors Thesis in nanotechnology)	3

Students can choose from the following courses:

BENG 450V	Special Problems
BENG 451VH	Honors Thesis
BMEG 450VH	Honors Thesis
BMEG 460VH	Honors Individual Study
CHEG 488V	Special Problems
CHEM 400V	Chemistry Research
ELEG 488V	Special Problems
ELEG 488VH	Honors Special Problems
MEEG 492V	Individual Study in Mechanical Engineering
MEEG 4903H	Honors Mechanical Engineering Research
PHYS 498V	Senior Thesis
PHYS 306V	Projects
PHYS 399VH	Honors

Elective Courses

A minimum of 9 hours of elective courses selected from the following: 9

BENG 3113	Measurement and Control for Biological Systems or BENG 3113H Honors Measurement and Control for Biological Systems
BENG 3733	Transport Phenomena in Biological Systems
BENG 4743	Food and Bio-Product Systems Engineering
BENG 4123	Biosensors & Bioinstrumentation
BENG 4743	Food and Bio-Product Systems Engineering
BMEG 3634	Biomaterials
BMEG 3824	Biomolecular Engineering
BMEG 4243	Advanced Biomaterials and Biocompatibility
CHEG 3713	Chemical Engineering Materials Technology
CHEM 4123	Advanced Inorganic Chemistry I
CHEM 4213	Instrumental Analysis
CHEM 4283	Energy Conversion and Storage
ELEG 4253	Nanotechnology in Engineering & Medicine
ELEG 4203	Semiconductor Devices
ELEG 4303	Introduction to Nanomaterials and Devices
ELEG 4213	
MEEG 491V	Special Topics in Mechanical Engineering
MEEG 4313	Introduction to Tribology
MEEG 4303	Materials Laboratory
PHYS 3213	Electronics in Experimental Physics
PHYS 4073	Introduction to Quantum Mechanics
PHYS 4213	Physics of Devices
PHYS 4713	Solid State Physics
PHYS 4773	Introduction to Optical Properties of Materials

or from other appropriate courses not on this list if approved first by the Nanotechnology Minor Curriculum Committee and by the course instructor.

Below are model programs for students from different participating departments. Students also have the flexibility to design their own programs according to the stated requirements above.

Model program for a student majoring in Biological Engineering

Required Courses (6 hours)

Minor in Planning

A student who wants to minor in Planning should notify either the Department of Landscape Architecture or Political Science and consult an academic adviser. A Planning minor consists of 18 hours of required and elective courses subdivided into three concentrations. A student should choose one concentration and take 6 hours of elective courses in that concentration. The minor's required and elective courses include:

Required Courses:

LARC 5386 Landscape Architecture Design VIII 6
or LARC 5493 Environmental Land Use Planning
and one 3 credit-hour elective from the Spatial Concentration

PLSC 3253	Urban Politics	3
PLSC 4103	Introduction to Urban Planning	3

Electives	6
------------------	---

Select two courses from one group

Policy Group:

ANTH 4443	Cultural Resource Management I
ANTH 5113	Anthropology of the City

ENSC 3413	Principles of Environmental Economics
LARC 4033	Landscape Architecture Theory
LARC 4743	Public Participation in Design and Planning (Public Participation in Design and Planning not offered until 2014)
PLSC 390V	Special Topics
PLSC 4283	Federalism and Intergovernmental Relations
HDFS 4603	Environmental Sociology
SCMT 3443	Transportation and Distribution Management
Spatial Group:	
ARCH 5493	History of Urban Form
ARCH 5933	Preservation and Restoration
ANTH 5113	Anthropology of the City
ENSC 3413	Principles of Environmental Economics
GEOS 4073	Urban Geography
LARC 402V	Special Studies
LARC 4033	Landscape Architecture Theory
LARC 4753	Incremental Sprawl Repair (Incremental Sprawl Repair not offered until 2014)
LARC 5053	Historic Landscape Preservation
HDFS 4603	Environmental Sociology
Environmental Group:	
ANTH 4443	Cultural Resource Management I
ANTH 4603	Landscape Archaeology
BIOL 3863	General Ecology
ENSC 3223	Ecosystems Assessment
ENSC 3221L	Ecosystems Assessment Laboratory
ENSC 3413	Principles of Environmental Economics
LARC 4033	Landscape Architecture Theory
LARC 5053	Historic Landscape Preservation
HDFS 4603	Environmental Sociology

Total Hours	18
-------------	----

Dale Bumpers College of Agricultural, Food and Life Sciences

Mission and Vision

The **vision** of the Dale Bumpers College of Agricultural, Food and Life Sciences is to lead Arkansas and the world by delivering pre-eminent programs in agricultural, food and life sciences that produce leaders through education, research and outreach.

The **mission** of the Dale Bumpers College of Agricultural, Food and Life Sciences is to improve the quality of life for Arkansans by preparing students for successful careers, conducting impactful research, and sharing knowledge to promote viable food and agricultural systems, sustainable environments, healthy families and vibrant communities.

History and Organization

As the state's land-grant university, the University of Arkansas has the responsibility for leadership in teaching, research, and service in the agricultural and human environmental sciences. This responsibility is shared with the Division of Agriculture.

The Bumpers College is an integral component of the University of Arkansas and addresses the teaching responsibility of the land-grant university. Its roots lie in the First Morrill Act of 1862, which created the land-grant system by providing a grant of land to each state for the establishment of a college “where the leading objective shall be, without excluding other scientific and classical studies and including military tactics, to teach such branches of learning as are related to agriculture and the mechanical arts in such manner as the legislatures of the state may prescribe to promote the liberal and practical education of the industrial classes in the several pursuits and professions of life.” Agricultural sciences have been taught at the University of Arkansas almost from the beginning of the institution in 1872. The university conferred the first degrees in agriculture in 1904.

Early instruction and outreach efforts focused on improving rural life for men, women, and children. Farm wives were interested in beautifying the home, food preparation and safety, and gardening. Foods and nutrition, bacteriology, chemistry, and other related subjects held a common scientific interest for both agriculture and home economics, so it naturally evolved that studies in home economics should develop within the realm of agricultural education. Domestic science classes were offered as early as 1909, and a department of home economics was established in 1913. The department was elevated to school status in 1994, and its name was changed to the School of Human Environmental Sciences.

The passage of the Hatch Act in 1887 and subsequent legislation made possible the Agricultural Experiment Station, the research component of the Division of Agriculture. Most faculty who teach in the Bumpers College also hold appointments in the Experiment Station and are able to incorporate active research into their teaching.

The dissemination of university research in agriculture and human environmental sciences is carried out by personnel in the Cooperative Extension Service, created by the Smith-Lever Act of 1914. Many Extension specialists also hold adjunct faculty status and bring their expertise to the teaching program.

It is this blending of teaching, research, and service functions that create a unique learning environment in the college. As students learn to relate basic areas of science to human needs, they study in laboratory-based classes and are taught in research facilities supported by the Division of Agriculture. Similarly, students are encouraged to intern with professionals in industry and governmental agencies, including the Cooperative Extension Service.

In recognition of the land-grant mission of the university and its commitment to serve the entire state, the Dale Bumpers College of Agricultural, Food and Life Sciences has worked cooperatively with numerous community colleges to facilitate the “seamless” transfer of students to the Bumpers College. Coordinated advising, recruiting, and curricula development are working goals of the Bumpers College and students interested in transferring while enrolled at a community college should contact the Bumpers College dean’s office at 479-575-2252 or aflsdean@uark.edu (%20aflsdean@uark.edu).

Facilities and Resources

The Dale Bumpers College of Agricultural, Food and Life Sciences is composed of nine academic departments and the School of Human Environmental Sciences. The college offers both undergraduate and graduate level degrees.

The Agricultural, Food and Life Sciences Building houses the Dean’s Office, the Department of Agricultural Education, Communications and

Technology, and the Department of Animal Science and serves as the headquarters for the college academic functions. There are six other buildings on campus operated by the college including the Agriculture Building, Human Environmental Sciences Building, Rosen Center, Plant Science Building, Agricultural Annex, and the Center of Excellence for Poultry Science. Additionally, the Don Tyson Center for Agricultural Sciences, the Food Science Building, Alzheimer Laboratory, Abernathy Agriscience and Technology Center, Pauline Whitaker Animal Science Arena, and the Dorothy E. King Equine Science facilities are located at the Research and Extension Center north of the main campus. These serve as additional teaching laboratories or classroom facilities. Also, the Jean Tyson Child Development Study Center is managed by the college to provide instructional training for the child development program.

Several classrooms are equipped with “class capture” technology to allow students to view lectures online and to aid distance education courses. Students can receive academic assistance through resources provided by the dean’s office. Students can also seek assistance through the Class+, a campus-wide resource.

College Scholarships

In addition to the scholarships awarded by the university, there are a number of scholarships available to students in agricultural and human environmental sciences made possible by generous gifts from many firms and individuals. To be considered for a college scholarship, students must first be admitted to the university. Most scholarships require students to be enrolled full-time, at least 12 credit hours per semester. A college scholarship application, which serves as an application to all available scholarships offered by the college and/or individual departments, must be submitted each year. For additional information, please see the Bumpers College Scholarship website (<https://bumperscollege.uark.edu/future-students/scholarships.php>). A listing of various outside scholarships is available for review on the college’s web site. There are also miscellaneous outside scholarships for which applications are available in some departmental offices. For more information on scholarships, contact the dean’s office.

Student Organizations

Agricultural Business Club is for students interested in agricultural business and economics.

Agricultural Communicators of Tomorrow (ACT) is designed for students with an interest in agricultural communications.

Agricultural Mechanization Club is a student organization for those with an interest in agricultural systems technology management.

American Association of Family and Consumer Sciences (AAFCS) offers student membership to all human environmental sciences majors. Monthly meetings highlight various phases of human environmental sciences and provide social contact with other majors. In addition, members become involved in local service projects and may attend statewide workshops and leadership training sessions.

Association for American Textile Chemists and Colorists (AATCC) is an organization open to all students interested in the fashion industry.

Collegiate FFA is for any student who has been active in 4-H or FFA or has a current interest in service to these youth-oriented organizations. This club is especially designed for students interested in teaching agricultural education or working for the Cooperative Extension Service.

Collegiate Farm Bureau helps prepare tomorrow's agricultural leaders. Through Collegiate Farm Bureau, members get the opportunity to take part in shaping agricultural issues and in setting the current Farm Bureau legislative agenda at the county, state, and national level.

Crop, Soil, and Environmental Science Club is a student organization for those interested in crops and soils through both an agricultural and environmental perspective.

Food Science Club is an organization for those students interested in food science.

Friends of the Infant Development Center is a student organization comprised of parents of children who are currently attending the Infant Development Center, and other friends of the IDC.

Horticulture Club is a student organization for those interested in horticulture including floriculture, ornamentals, turf, small fruits and vegetables.

Isely-Baerg Entomology Club is open to those who wish to stimulate interest in the field of entomology, perform outreach programs for the public and to promote and encourage professional exchange of ideas in the field of entomology.

Minorities in Agriculture, Natural Resources Related Sciences

(MANRRS): The purpose of this organization is to promote and implement initiatives which foster inclusion and advancement of members of ethnic/cultural groups under-represented in the agricultural and natural sciences and related fields in all phases of career preparation and participation.

Block and Bridle Club is for students who are interested in any phase of animal science. Students with interests in horses, cattle, sheep, dogs, cats, or swine will find this club a good place to become involved.

Plant Pathology Graduate Student Association (PPGSA) is an organization open to graduate students interested in plant pathology or related fields.

Poultry Science Club is open to all students interested in any phase of the poultry industry or related fields.

Poultry Science Graduate Student Association is open to all graduate students interested in any phase of the poultry industry or related fields.

Pre-Vet Club is for students interested in veterinary medicine and is especially designed for those students in the pre-veterinary medicine curriculum.

Professional Convention Managers Association is for students interested in the profession of hospitality, restaurant management and related fields.

Student Dietetic Association (SDA) is open to any student interested in the field of dietetics. Activities are designed to inform members of the field of dietetics and to spread information to the public. Membership provides an excellent opportunity to interact with dietetics professionals and a chance to work with the community.

Turf Club is a student organization open to all students interested in turfgrass management.

There are also numerous general organizations on the university campus, and students of the Dale Bumpers College of Agricultural, Food and Life Sciences participate in most of them. These include fraternities, sororities,

honor and scholarship organizations, religious and music groups, sports organizations, and others.

Alpha Tau Alpha is a national honorary professional fraternity for those preparing to become teachers of agricultural education. Its mission is to develop a true professional spirit in the teaching of agriculture, to help train teachers of agriculture who shall be leaders in their communities, and to foster a fraternal spirit among students in teacher training in agricultural education.

Alpha Zeta is the professional honor fraternity for students of agriculture. To be invited to become a member, a student must rank in the upper two-fifths of the class and be recognized for leadership and character.

Eta Sigma Delta is the professional honor society for those students studying within the Hospitality Management major in the School of Human Environmental Sciences.

Gamma Sigma Delta is the honor fraternity for graduating seniors, graduate students, faculty, and alumni of the Dale Bumpers College of Agricultural, Food and Life Sciences. Seniors must rank in the upper 25 percent of their class to be eligible for membership, but not more than 15 percent of the class may be elected for membership. The highest-ranking sophomore and the highest-ranking senior are recognized annually by the society.

Academic Advising

Bumpers College advising mission is to enhance the educational experience and maximize opportunities for students. Therefore, we are committed to a strong, effective academic advising program. Advising plays a significant role in the total process of educating students for lifelong learning. The adviser assists students with the development and implementation of their educational plans.

Research demonstrates that the more contact students have with faculty, the more likely they are to persist and complete their educational goals in a timely manner. The Bumpers College adviser serves as a facilitator to assist students in maximizing their education potential. The advising relationship is a partnership between the student and the Bumpers College adviser that is dependent on effective communication and regular contact.

Selection of a Major

A student who elects to major in some area of study in the college should plan the program with a Bumpers College adviser. While undecided students are welcome, early selection of a major will permit better planning and proper sequencing of courses. The student and Bumpers College adviser work closely to ensure that curriculum requirements are met in a timely fashion. A student uncertain about a major will be advised as an undeclared major through the Bumpers College student services office (AFLS E202).

Degrees Offered

All entering students (including freshmen, international and transfer students) admitted to the University of Arkansas, Fayetteville, are eligible to pursue a degree program in the Dale Bumpers College of Agricultural, Food and Life Sciences. Undergraduate degrees offered are as follows:

- The Bachelor of Science in Agricultural, Food and Life Sciences (B.S.A.)
- The Bachelor of Science in Human Environmental Sciences (B.S.H.E.S.)

Graduate Studies

The Graduate School of the university, in cooperation with the Dale Bumpers College of Agricultural, Food and Life Sciences, offers the Master of Science degree in each of its nine departments and in the School of Human Environmental Sciences. Six doctoral degrees are offered. More detailed information regarding individual programs may be obtained by contacting the administrative office of each department, or by consulting the Graduate School Catalog.

Accreditations

The Bachelor of Science in Human Environmental Sciences (B.S.H.E.S.) degree programs are accredited by the Council for Professional Development of the American Association of Family and Consumer Sciences. The degree program in nutrition is accredited by the Accreditation Council for Education in Nutrition and Dietetics of the Academy of Nutrition and Dietetics. The Jean Tyson Child Development Study Center is accredited by the National Association for the Education of Young Children (NAEYC). The Bachelor of Science in Agricultural, Food and Life Sciences (B.S.A.) in food science is accredited by the Institute of Food Technologists. Teacher education programs in agriculture and family and consumer sciences are coordinated with educational programs in the College of Education and Health Professions and are accredited by the National Council for Accreditation of Teacher Education (NCATE).

Study Abroad

An educational experience outside the U.S. has become an integral component for today's student in higher education. The ability to compete and perform in the global arena requires an understanding of world cultures, economic systems, religions, trends, governments and politics. Students in the Bumpers College are encouraged to engage in study abroad that will lead to life-long partnerships, cultural awareness and understanding of the global dimensions of their majors. The college years provide the best opportunity for students to gain this understanding and experience through faculty-led study tours; summer, semester or year-long study abroad; and international internships or research experiences which closely relate to their career goals.

The mission of the International Programs Office is to provide structured international experiences that enhance the marketability of students for career and academic opportunities through faculty driven, sustainable initiatives. The office serves to support faculty, students, international partners, and university leadership to increase opportunities for students to engage in faculty-led programs, internships, exchange programs, and study abroad activities that include research. The International Programs Office works closely with the UA Study Abroad Office and seeks opportunities for students to engage in international career preparation and workforce ready development. In 2017-2018, the International Programs Office provided \$41,000 to support students and faculty, and 70 Bumpers College students studied abroad. For more information, visit our website at bumpersinternational.uark.edu (<http://bumpersinternational.uark.edu>).

Graduate opportunities are available for study in agricultural economics, agribusiness and related subjects via the UA's TransAtlantic Master of Science program at Ghent University, Belgium. Second language capability is helpful, but not required.

Bumpers College students interested in a study abroad program or internships with full-time status usually can maintain their scholarships

while abroad. Limited funding is available for travel grants through Bumpers and Honors colleges.

College Admission Requirements

All students seeking admission to the Dale Bumpers College of Agricultural, Food and Life Sciences must meet the general requirements for admission to the university. Students transferring from other colleges at the University of Arkansas or from other institutions are expected to meet the same entrance standard.

College Academic Requirements

All students must satisfy the following university graduation requirements

1. Complete a minimum of 120 semester hours.
2. Fulfill University Core Requirements of 35 hours. Go to the University Core (p. 97) for a list of courses that meet the requirements. Check requirements for each major as some majors require specific core courses as prerequisites to upper level courses.
3. Earn a grade-point average of 2.00 ("C" average) on all work attempted at the University of Arkansas.
4. All students must meet the university enrollment requirements found on the Academic Regulations (p. 91) page.

Specific Degree Requirements

1. To fulfill the residency requirements of the degree of Bachelor of Science in Agricultural, Food and Life Sciences, students must complete a minimum of 36 hours of courses at the 3000-level or above. In addition, a minimum of 9 hours of broadening electives (Bumpers College courses taken outside the departmental code) must be completed.
2. To fulfill the residency requirements of the degree of Bachelor of Science in Human Environmental Sciences, students must complete a minimum of 30 hours within the School of Human Environmental Sciences at the University of Arkansas.
3. In addition to university requirements students must meet other defined degree requirements specific to each major and concentration. Bumpers College courses outside of the major may be included in degree requirements.
4. General electives will vary by major. Electives may be selected to meet the requirements for a minor; however, all elective credits are subject to approval of the academic adviser.

Rules Applying to Course Work Used for Degree Credit

1. No credit will be given for duplicate coursework.
2. A maximum of six hours of internship and six hours of special problems may be counted for degree credit.
3. A total of six semester hours of elective credits in university band, chorus, judging teams, drama, debate, physical education, etc., may be counted toward a degree.
4. Any self-paced online (correspondence) course taken must be approved in advance in the dean's office if the credits earned in the course are to be applied toward a degree. This rule applies regardless of the school from which the course is taken. Responsibility to secure approval is the student's.
5. All transfer course work to be applied toward the degree must be an approved course listed in the transfer equivalency guide maintained by the Registrar's office. For courses not listed in the guide, petitions

can be submitted to the Dean's office by the student and his or her academic adviser.

- All study abroad courses must be approved in advance in the student's academic department and by the Study Abroad Office if the credits earned in the courses are to be applied toward a degree.
- Former students of the college who are readmitted after an absence of one year may be expected to meet the curriculum requirements in effect at the time of their readmission. Students should consult their academic adviser for degree planning before registering for classes.
- Students interested in earning an additional bachelor's degree should refer to the university requirements (p. 91).

Honors and Scholars

After the end of each semester, all colleges and schools in the university publish an honor roll of the names of the undergraduate students who achieve a 3.75 to 4.00 grade-point average. Students are eligible for the honor roll if they are carrying at least 12 semester hours normally required for graduation by their college for their respective year. This honor roll is the Dean's List.

In addition, a Chancellor's List is published each semester to recognize those undergraduate students who achieve a 4.00 grade-point average. Students must also be carrying at least 12 semester hours normally required for graduation to be eligible for the chancellor's list.

Requirements to Graduate with Honors

Students who have demonstrated exceptional academic performance in baccalaureate degree while completing the Honors Program in the Bumpers College will be recognized at graduation by the honors designations of *cum laude*, *magna cum laude*, or *summa cum laude*. To earn such designation, students must meet the following criteria:

- Must have completed at least one-half of his or her degree work at the University of Arkansas.
- Must have at least a 3.5 GPA on University of Arkansas course work, computed at graduation.
- Must successfully complete the Bumpers College Honors Program, which includes a minimum of 9 hours of honors course work, 6 hours of honors thesis, and a completed honors capstone research or creative project culminating in a written thesis documenting the project.
- For *cum laude*, the student must achieve a cumulative U of A GPA of 3.5 to 3.74.
- For *magna cum laude*, the student must achieve a cumulative U of A GPA of 3.75 to 3.89.
- For *summa cum laude*, the student must achieve a cumulative U of A GPA of 3.9 to 4.00.

These criteria may be evaluated and changed periodically by the College of Agricultural, Food and Life Sciences.

Requirements to Graduate with Distinction

Students who have not completed the Bumpers College Honors Program, but have demonstrated excellent academic performance in baccalaureate degree programs in the Bumpers College will be recognized at graduation by the designation of "with distinction," "with high distinction," and "with highest distinction." To earn this designation, students must meet the following criteria:

- Must have completed at least one-half of his or her degree work at the University of Arkansas.

- Must have at least a 3.5 GPA on University of Arkansas course work, computed at graduation.
- For "with distinction," the student must achieve a cumulative U of A GPA of 3.5 to 3.74.
- For "with high distinction," the student must achieve a cumulative U of A GPA of 3.75 to 3.89.
- For "with highest distinction," the student must achieve a cumulative U of A GPA of 3.9 to 4.00.

These criteria may be evaluated and changed periodically by the College of Agricultural, Food and Life Sciences.

Grading System

The Dale Bumpers College of Agricultural, Food and Life Sciences utilizes a plus/minus grading system that assigns numerical values to 12 different grades. These values are used for courses when grade-point averages are calculated.

The 12-step grading system with assigned values is as follows:

Grade	Value
A	4.00
A-	3.67
B+	3.33
B	3.00
B-	2.67
C+	2.33
C	2.00
C-	1.67
D+	1.33
D	1.00
D-	0.67
F	0.00

Majors, Concentrations, and Minors

Agricultural, Food and Life Sciences

B.S.A. Degree

Majors and Concentrations

- Agricultural Business (p. 111) (AGBS)
 - Agricultural Business Management and Marketing (ABMM)
 - Agricultural Economics (AGEC)
 - Pre-Law (PRLW)
- Agricultural Education, Communication and Technology (p. 119) (AECT)
 - Agricultural Communications (ACOM)
 - Agricultural Education (AGED)
 - Agricultural Leadership (AGLE)
 - Agricultural Systems Technology Management (ASTM)
- Animal Science (p. 127) (ANSC)
 - Animal Science (ANSC)
 - Equine (EQSC)
 - Pre-Professional Science (PPRF)
- Crop Science (p. 136) (CPSC)
- Environmental, Soil, and Water Science (p. 142) (ESWS)
- Food Science (p. 145) (FDSC)
 - Food Science (FDSC)
 - Food Technology (FDTN)
 - Food and Culinary Sciences (FDCU)
- Horticulture, Landscape and Turf Sciences (p. 154) (HLTS)
- Poultry Science (p. 157) (POSC)

Minors Offered

- Agricultural Business (AGBS-M)
- Agricultural Communications (ACOM-M)
- Agricultural Education (AGED-M)
- Agricultural Leadership (AGLE-M)
- Agricultural Systems Technology Management (ASTM-M)
- Animal Science (ANSC-M)
- Crop Biotechnology (CPBT-M)
- Crop Science (CPSC-M)
- Entomology (ENTO-M)
- Equine Science (EQSC-M)
- Food Science (FDSC-M)
- Horticulture (HORT-M)
- International Economic Development (INDV-M)
- Landscape Horticulture (LHRT-M)
- Natural Resources Management (NRMT-M)
- Pest Management (PMGT-M)
- Plant Pathology (PLPA-M)
- Poultry Science (POSC-M)

- Soil Science (SOIL-M)
- Turf Management (TURF-M)

School of Human Environmental Sciences

B.S.H.E.S. Degree

Majors and Concentrations

- Apparel Merchandising and Product Development (p. 162) (AMPD)
- Birth Through Kindergarten (p. 164) (BRKD)
- Food, Nutrition and Health (p. 165) (FNAH)
- Hospitality Management (p. 167) (HOSP)
- Human Development and Family Sciences (p. 169) (HDFS)
- Human Nutrition and Dietetics (p. 171) (NUTR)

Minors Offered

- Event Management (p. 167) (EVMG-M)
- Hospitality Management (p. 167) (HOSP-M)
- Human Development and Family Sciences (p. 169) (HDFS-M)
- Human Nutrition (p. 165) (NUTR-M)

Minors in Other Colleges

Students in the Dale Bumpers College of Agricultural, Food and Life Sciences may pursue an academic minor in any other college at the University of Arkansas. These minors usually consist of 15 to 20 hours of course work. For requirements regarding minors, check the catalog under the department offering the minor. Students must notify the Bumpers College Dean's Office (AFLS E202) of their intention to pursue a minor.

Special (Non-Degree Seeking) Students

While most students enrolled in the Dale Bumpers College of Agricultural, Food and Life Sciences work toward a degree, students who desire additional education of a specific nature but who do not wish to fulfill all requirements for a degree may enroll as special students. It is recommended that students declare a minor by the end of their sophomore year.

Other Programs**Pre-veterinary Medicine**

Because Arkansas does not have a college of veterinary medicine, the Arkansas General Assembly has authorized funds for education in veterinary medicine at out-of-state institutions. The State Board of Higher Education is the designated agent for the State of Arkansas, and the Student Loan Authority is authorized to administer the program. Terms and conditions prescribed by the Student Loan Authority are as follows: the grant will cover only out-of-state tuition, and the student will pay his or her own fees and expenses. Additional information regarding this program can be found at: www.adhe.edu (<http://www.adhe.edu/>)

Contracts have been negotiated with the Board of Control for Southern Regional Education for education in veterinary medicine at Louisiana State University and at Tuskegee University. Arrangements have also been made with the University of Missouri and Oklahoma State University. Under the provisions of the legislation, only citizens of Arkansas are eligible. They must enroll in and complete the pre-veterinary medicine curriculum to satisfy the admission requirements of these colleges of veterinary medicine.

Arkansas Act 881, passed in 2011, established a loan repayment program for Arkansas residents who attend Mississippi State University College of Veterinary Medicine. The loan repayment program will assist

Arkansas residents with the repayment of federally funded student loans incurred while attending veterinary school at Mississippi State University. Beginning in April 2012, participants in the program will be required to practice in the state of Arkansas for up to five consecutive years with a minimum of 30 percent of their practice devoted to food or mixed animal medicine in rural areas of Arkansas. This may include corporate or private veterinary practice.

The pre-veterinary medicine program at the University of Arkansas is administered in the departments of Animal Science and Poultry Science of the Dale Bumpers College of Agricultural, Food and Life Sciences. There are faculty in these departments who help counsel and advise students regarding their pre-veterinary medicine program. There are also faculty veterinarians who provide some insight into the practice of veterinary medicine and are knowledgeable about many of the considerations encountered in establishing a practice upon graduation. Some of these veterinarians have been in private practice; others have been involved in full-time agricultural research since graduation from veterinary medicine and graduate school. Because there is a wide cross-section of experience among these faculty, students find their counsel valuable in planning a future in veterinary medicine.

While it is possible to complete requirements for admission to some colleges of veterinary medicine in two years, most students take three years or more to complete the requirements, and most complete a B.S. degree before being admitted. Students who carefully plan their work may complete a B.S. degree by transferring hours earned in the first two years at an accredited college of veterinary medicine back to the University of Arkansas, provided they complete certain degree requirements at the university prior to entering a school or college of veterinary medicine. These students must complete a minimum of 94 hours of a 124-hour program of prescribed courses. This will require three years and one or two 6-week summer terms for most students. Therefore, students should inform their advisers early in their program that they wish to be in a pre-vet degree program.

The Bumpers College of Agricultural, Food and Life Sciences is ready to assist students in fulfilling their pre-veterinary medicine requirements whether they desire to complete them in a two-year span or over three or four years. The supporting departments at the university, including chemistry, English, and biological sciences, all offer quality courses that give a student an excellent background for the pursuit of a degree in veterinary medicine.

To earn the professional degree, a student must complete the pre-veterinary medicine requirements and the four-year prescribed curriculum in one of the colleges of veterinary medicine.

Required Examinations: All required examinations are given on campus and administered by testing services (97 N. Razorback Road, phone: 479-575-3948, email: testing@uark.edu). Exams must be taken by late summer of the year prior to entering vet school. Students interested in taking examinations should contact testing services to schedule an examination date. All contract schools accept the Graduate Records Exam (GRE), which is given frequently.

Applications: Students applying to Louisiana State University, Oklahoma State, Tuskegee University, Mississippi State University and University of Missouri must fill out a Veterinary Medical College Application Service (VMCAS) form, available at their online site (www.aavmc.org (<http://www.aavmc.org>)). Students must complete the application and have it submitted by September 15th of the year prior to beginning studies. Since requirements for the various veterinary schools periodically change, it is

important that students check with their advisers about specific school requirements as they progress through the pre-veterinary requirements.

All students should contact the Coordinator of Veterinary Medicine, Dale Bumpers College of Agricultural, Food, and Life Sciences, AFLS B114, University of Arkansas, Fayetteville, AR 72701, phone 479-575-4351 in the spring prior to making fall application for admission to a veterinary school to verify that they can complete the requirements for the school they wish to attend. Pre-professional requirements and specific requirements for admission to colleges of veterinary medicine at Louisiana State University, Oklahoma State University, University of Missouri, Mississippi State University and Tuskegee University are listed with information on the Web at www.aavmc.org.

Bumpers College Honors Program

The mission of Bumpers College Honors Program is to provide students with opportunities to participate in academic, research and creative activities beyond the traditional undergraduate experience. This is accomplished through honors courses, completion of an undergraduate honors thesis, and other significant activities. Students must maintain a GPA of 3.50 and subscribe to the Statement of Ethical Standards to remain in the program.

Statement of Ethical Standards:

"As a member of the Bumpers College Honors Program, I pledge to uphold the ethical standards of honesty and trustworthiness in all academic and research/creative activities. I recognize that it is a privilege to be a member of the University of Arkansas Honors College and will dedicate my efforts to ensure that the highest levels of ethical standards are maintained."

Student Eligibility Requirements

There are several avenues by which qualified candidates can become eligible to participate in the Bumpers College Honors Program. Students will receive an invitation to participate in the Honors Program if they are incoming freshmen with an ACT of at least 28 or a high school GPA of at least 3.50. Transfer students will be invited if they transfer no more than 62 hours with a college GPA of at least 3.50. Currently enrolled freshman and sophomore students who have completed less than 62 hours with a college GPA of 3.50 or greater may apply for admission to the Honors Program through the Honors College website (<http://honorscollege.uark.edu/>). Students wishing to join the Honors Program after completing 62 hours of college credit may petition for admission by submitting a plan of study to the Bumpers College Honors Program Director documenting how they propose to incorporate the Honors Program requirements into their remaining degree requirements.

To be eligible for continued participation in the Honors Program, students must maintain a cumulative 3.5 GPA and actively work toward earning an Honors degree designation. Students will be considered academically ineligible when:

- A student's cumulative GPA is below 3.5 for two consecutive terms or
- A student's cumulative GPA is below 3.0 for one term.

Students are required to prepare a proposal for study and identify an honors mentor who mutually agrees to the topic proposed by the end of 80 hours of course credit completion.

Honors Orientation

All entering freshman honors students are required to complete AFLS 1023H. This course will cover the requirements of UNIV 1001 and provides an overview of the Bumpers College Honors Program, program requirements, research and creative project requirements, and to introduce all honors students to potential undergraduate student mentors as a part of the Honors Mentor/Mentee program.

Honors Curriculum

Graduation with Honors Distinction from the College requires that each student must complete 15 credit hours in the Honors Program. Each student must complete at least 9 credit hours of Honors courses, three of which must include AFLS 3413H. In addition, each student must complete at least 3 credit hours of thesis hours with a faculty mentor on the student's honors committee and thesis culminating their program. In addition to honors courses taken within Bumpers College, students are also encouraged to take Honors courses in other colleges as well.

Students are encouraged to complete 6 credit hours of Honors courses during their freshman year. This will qualify students for research and international program funding from the Honors College.

Honors Project

All honor students are required to develop and complete an honors thesis or creative project appropriate for their degree and interests to graduate from the Honors Program. Traditional research projects, such as laboratory and field studies and surveys are encouraged and welcomed in addition to novel methods of research that may be accomplished at sites other than on campus or on research stations. Creative projects are also allowed with the approval of the student's Honors Committee and a final written document is required. The thesis or creative project should consist of at least one semester of proposal preparation, one semester of data collection or creative design, and one semester of thesis preparation. Honors students are encouraged to develop proposals for funding of their projects, as well as to conduct and present their results.

The student's Honors Mentor and Honors Committee prior to graduation from the Honors Program will approve the honors thesis or creative project. Upon approval and graduation, an original copy of the honors document will be submitted to the University Library. Publication of the thesis in an appropriate venue is encouraged. Creative and research thesis project guidelines are available on the Bumpers College Honors Program website (<http://bumpershonors.uark.edu/>).

To support their research or creative projects, participants in the Honors Program are eligible to apply for undergraduate research grants from the Arkansas Student Undergraduate Research Fellowships (SURF) program awarded by the state, the University Honors College, and from the Bumpers College. The results of the student's original research or creative project can be published in *Discovery*, the undergraduate research journal of the Bumpers College or *Inquiry: The University Journal of Undergraduate Research and Creative Activity*. Honors students can also apply to the Honors College for Study Abroad and conference grants and to the Bumpers College Study Abroad program. Students who have fulfilled the requirements of the Bumpers College Honors Program will be recognized as graduating with Honors Program Distinction. The transcript and diploma will designate the student as an honors program graduate of the college. At the college commencement ceremony, each honors graduate will wear special regalia, have the title of his or her honors thesis and mentor's name listed in the graduation program, and be recognized separately as part of the Bumpers College Honors Program graduates.

Honors Graduation

Honors students enrolled in the Honors Program will be expected to perform at very high levels of achievement, earning credentials beyond the classroom experiences. Therefore, they will be eligible for several privileges during commencement not accorded to other students in the College.

Bumpers College honors students will graduate as a body and as members of the Honors Program at the College Commencement each spring. Separate regalia consisting of appropriate honors hood, stole, braid, tassel, and/or mortarboard will distinguish all students in the Honors Program. Students graduating from the Honors Program will be further distinguished from students receiving traditional College and University recognition of scholastic achievement (distinction, high distinction, or highest distinction) by graduating cum Laude with Honors Distinction, Magna cum Laude with Honors Distinction, or Summa cum Laude with Honors Distinction if cumulative grade point averages of 3.5 to 3.74, 3.75 to 3.89, or above 3.9 are maintained, respectively.

Incentives for student participation in the Honors Program include:

- Transcripts of honors students will specify that they are graduates of the College Honors Program.
- Honors students may request project support by applying for a grant from Bumpers College Undergraduate Research and Creative Project Grant Program.
- Honors students have the benefit of working one-on-one with faculty members on research or creative projects.
- Honors students will be eligible to apply for competitive scholarships supporting undergraduate honors studies or research (i.e., SURF grants).
- Honors students will receive all other rights and privileges as outlined in the Honors College benefits.

Agricultural Economics and Agribusiness (AEAB)

Kelly Bryant
Interim Department Head
217 Agriculture Building
479-575-2258

Department of Agricultural Economics and Agribusiness Website (<http://agribus.uark.edu/>)

The Department of Agricultural Economics and Agribusiness offers a major with three concentrations that lead to a Bachelor of Science in Agriculture degree. The department also offers a minor in Agricultural Business and a minor in International Economic Development. The minor in Agricultural Business can be completed 100% online.

The agricultural business major provides education suited to career opportunities in farm management, agricultural business management, and agricultural marketing in both the domestic and international areas.

Managers of farms and agricultural businesses are continually required to make organizational and operational decisions. The basic skills and knowledge needed for making sound decisions are provided by the agricultural business curriculum. Students may elect to specialize in areas compatible with their personal objectives, depending on the extent of accounting and business orientation desired.

Students educated in agricultural business are in demand for positions in agricultural industries, farm operation, marketing agencies, agricultural service organizations, state and federal agencies, and numerous other positions. For those who go on to graduate school, teaching and research positions are available with land-grant colleges as well as with other institutions. Three concentrations are available to meet career objectives:

1. Agricultural Business Management and Marketing (ABMM)
2. Pre-Law, for students preparing to attend law school (PRLW)
3. Agricultural Economics, which emphasizes quantitative and analytical skills to prepare students for graduate school (AGEC).

Requirements for a Major in Agricultural Business (AGBS)

State minimum core and discipline specific general education requirements:

(Course work that meets state minimum core requirements is in bold.)

MATH 2043 Survey of Calculus (ACTS Equivalency = MATH 2203) (or higher MATH course from the University Core excluding MATH 2183)	
Science	8
Select 2 Science Courses from University Core (8 total hours)	
Fine Arts and Humanities	6-7
Select Fine Arts and Humanities Core Courses	
Social Sciences (9 hours)	9
Select one of the following:	
PSYC 2003 General Psychology (ACTS Equivalency = PSYC 1103)	
SOCI 2013 General Sociology (ACTS Equivalency = SOCI 1013)	
HDFS 2603 Rural Families and Communities	
Select one of the following:	
AGEC 1103 Principles of Agricultural Microeconomics	

ECON 2023 Principles of Microeconomics (ACTS Equivalency = ECON 2203)

Select one of the following:

AGEC 2103 Principles of Agricultural Macroeconomics

ECON 2013 Principles of Macroeconomics (ACTS Equivalency = ECON 2103)

AEAB Requirements 33

AGEC 2142 Agribusiness Financial Records & AGECE 2141L and Agribusiness Financial Records Lab or ACCT 201 Accounting Principles

AGEC 2303 Introduction to Agribusiness

AGEC 3303 Food and Agricultural Marketing

AGEC 3403 Farm Business Management

AGEC 3503 Agricultural Law I

Select two of the following (AGEC 4603 may be used only in one block):

AGEC 3413 Principles of Environmental Economics

AGEC 4163 Agricultural and Rural Development

AGEC 4603 Food Economics and Health

AGEC 4613 Political Economy of Agriculture and Food

AGEC 4623 International Agricultural Trade and Commercial Policy

Select two of the following (AGEC 4603 may be used only in one block):

AGEC 3313 Agribusiness Sales

AGEC 3373 Futures and Options Markets

AGEC 4113 Agricultural Prices and Forecasting

AGEC 4303 Agribusiness Marketing Management

AGEC 4373 Basis Trading: Applied Price Risk Management

AGEC 4383 Basis Trading: Case Study

AGEC 4603 Food Economics and Health

Select two of the following:

AGEC 4143 Agricultural Finance

AGEC 4313 Agricultural Business Management

AGEC 4323 AgriBusiness Entrepreneurship

AGEC 4403 Advanced Farm Business Management

Additional Requirements for Agricultural Economics Concentration (46-52 hours):

Math and Statistics 6-7

MATH 2053 Finite Mathematics (or higher MATH course from the University Core excluding MATH 2183)

Select one from the following:

AGEC 2403 Quantitative Tools for Agribusiness

AGST 4023 Principles of Experimentation

WCOB 1033 Data Analysis and Interpretation

STAT 4003 Statistical Methods & STAT 4001L and Statistics Methods Laboratory

Agricultural Economics Concentration 15

ECON 3033 Microeconomic Theory

ECON 3133 Macroeconomic Theory

Choose nine hours from MATH or STAT or upper division electives from AGECE or WCOB.

General Electives ¹	24-31
Total hours	120

¹ New freshmen will enroll in UNIV 1001 for 1 hour of general elective credit.

The approved list of courses, check sheet, and degree program for all concentrations is available in the Agricultural Economics and Agribusiness departmental office.

Agricultural Business B.S.A. with Agricultural Economics Concentration Eight-Semester Degree Program

Students wishing to follow the degree plan in Agricultural Economics and Agribusiness should see the Eight-Semester Degree Policy (p. 87) in the Academic Regulations chapter for university requirements of the program. The Agricultural Economics and Agribusiness major has three concentrations: Agricultural Business Management and Marketing, Pre-Law, and Agricultural Economics.

3/3 Program – Agriculture

Exceptional students in the pre-law concentration in the Dale Bumpers College of Agricultural, Food and Life Sciences may enroll in the School of Law in their fourth year provided that all requirements have been met. Students must have:

- Completed all university, college, and major course requirements for the pre-law concentration;
- Completed 12 hours in the specialization list for pre-law;
- Earned a cumulative GPA of at least 3.50 without grade renewal; and
- Received an LSAT score of at least 159.

A student admitted to this program may substitute School of Law course work for the remaining total hours required for the bachelor's degree in agricultural business.

It is a requirement of the School of Law's accrediting standards that no student be admitted to the School of Law until they have completed at least three-fourths of the work necessary for the baccalaureate degree. The requirements embodied in the 3/3 programs satisfy this requirement.

Agricultural Business B.S.A. with Pre-Law Concentration

Eight-Semester Degree Program

Students wishing to follow the degree plan in Agricultural Economics and Agribusiness should see the Eight-Semester Degree Policy (p. 87) in the Academic Regulations chapter for university requirements of the program. The Agricultural Economics and Agribusiness major has three

concentrations: Agricultural Business Management and Marketing, Pre-Law, and Agricultural Economics.

Minor in Agricultural Business (AGBS-M)

The Agricultural Business Minor will consist of 18 semester hours to include:

AGEC 1103	Principles of Agricultural Microeconomics	3
Select one of the following:		3
AGEC 2103	Principles of Agricultural Macroeconomics	
AGEC 2303	Introduction to Agribusiness	
Select two of the following core electives:		6
AGEC 3303	Food and Agricultural Marketing	

AGEC 3313	Agribusiness Sales	
AGEC 3373	Futures and Options Markets	
AGEC 3403	Farm Business Management	
AGEC 3413	Principles of Environmental Economics	
AGEC 4313	Agricultural Business Management	
AGEC 4323	AgriBusiness Entrepreneurship	
Select six hours from the following controlled electives:		6
Any AGECE course not already used		
ECON 3033	Microeconomic Theory	
ECON 3133	Macroeconomic Theory	
MATH 2043	Survey of Calculus (ACTS Equivalency = MATH 2203)	
POSC 4213	Integrated Poultry Management Systems	

Additional upper-division courses in the Sam M. Walton College of Business may be substituted with approval, provided prerequisites for those courses have been satisfied outside the minor. A minimum of six hours of upper-division AGECE courses without substitution is required for the minor.

A student planning to minor in Agricultural Business should contact the program adviser for consultation and more detailed information.

Minor in International Economic Development (INDV-M)

Course Requirements

Successfully complete four of the following five courses:		12
AGEC 4163	Agricultural and Rural Development	
AGEC 4623	International Agricultural Trade and Commercial Policy	
ECON 3843	Economic Development, Poverty & the Role of the World Bank and IMF in Low-Income Countries	
ECON 3853	Emerging Markets	
ECON 4633	International Trade	
Take a minimum of 3 hours of pre-approved study abroad experience		3
Total Hours		15

Kovacs, Kent F., Ph.D. (University of California-Davis), B.A. (Vassar College), Associate Professor, 2012.

Luckstead, Jeff A., Ph.D. (Washington State University), M.S., B.S. (University of Idaho), Associate Professor, 2013.

McKenzie, Andrew Malcolm, Ph.D. (North Carolina State University), M.Sc. (Stirling University), B.Admin. (University of Dundee), Professor, 1998.

Miller, Wayne P., Ph.D. (University of Wisconsin), M.S. (University of Illinois), B.S. (Purdue University), Extension Professor, 1992.

Nalley, Lawton Lanier, Ph.D. (Kansas State University), M.S. (Mississippi State University), B.S. (The Ohio State University), Professor, 2008.

Nayga, Rudy, Ph.D. (Texas A&M University), M.S. (University of Delaware), B.S. (Foreign Institution), Distinguished Professor, 2009.

Popp, Michael P., Ph.D. (Colorado State University), M.B.A. (University of Colorado-Boulder), B.Comm. (University of Manitoba), Professor, 1998.

Popp, Jennie Sheerin, Ph.D., M.S. (Colorado State University), B.S. (University of Scranton), Professor, 1998.

Rainey, Daniel V., Ph.D., M.S. (Purdue University), B.S.A. (University of Arkansas), Associate Professor, 2000.

Rainey, Ronald L., Ph.D., M.S., B.S.A. (University of Arkansas), Professor, 1993.

Rumley, Elizabeth Rebecca, LL.M. (University of Arkansas), J.D. (University of Toledo), B.A. (Michigan State University), Research Assistant Professor, 2008.

Rumley, Rusty W., J.D. (University of Oklahoma), Research Assistant Professor, 2009.

Thomsen, Michael R., Ph.D. (University of Minnesota-Morris), M.S., B.S. (Utah State University), Professor, 1998.

Wailes, Eric J., Ph.D. (Michigan State University), B.S. (Cornell University), Distinguished Professor, 1980.

Watkins, Kenton Bradley, Ph.D. (Oklahoma State University), M.S., B.A. (University of Arkansas), Professor, 2002.

Interpersonal and group communication, public relations, graphic design, electronic communication, communications campaign planning, and writing for the media are emphasized in this program.

- The Agricultural Systems Technology Management concentration is for students who are planning a professional career related to technical operations and management in the agricultural industry. Graduates assume positions of leadership and responsibility in such areas as agricultural services and sales, agricultural management, agricultural production systems, product service, product testing, and service management. The program focuses on preparing students as problem solvers in the application, management and/or marketing of agricultural technology.
- The Agricultural Leadership concentration incorporates interdisciplinary coursework that focuses on leadership and ethics in food and fiber systems, with courses offered from multiple disciplines. Interdisciplinary courses benefit students by offering different insights to problem solving, fostering collaboration with students from other majors, and reinforcing the importance of teamwork.

Students with this major are in constant demand due to the rapidly changing educational needs of the agricultural and natural resources industries. Graduates with this degree have a broad knowledge of agricultural disciplines. They are prepared as agricultural technology transfer specialists to enter a variety of careers in formal and non-formal teaching roles in either the public or private sector as agricultural educators, extension agents, industry-based trainers, information specialists, or technology-management specialists.

The department also offers programs for four minors: Agricultural Education, Agricultural Communications, Agricultural Systems Technology Management, and Agricultural Leadership.

Changes to the B.S.E. degree program in Agricultural Education, Communications and Technology with a concentration in agricultural communications have been added pending approval of the Arkansas Higher Education Coordinating Board.

Agricultural Education, Communications and Technology (AECT)

George W. Wardlow
Head of the Department
205 Agriculture Building
479-575-2035

Agricultural Education, Communications and Technology Website (<http://aeed.uark.edu/>)

The department of agricultural education, communications and technology offers a degree program with four concentrations that lead to a Bachelor of Science in Agriculture. Students may choose one of four areas of concentration, or, with adviser's approval, select courses from more than one concentration area.

- The Agricultural Education concentration is designed for students who wish to receive initial teacher licensure to teach agricultural science in public schools.
- The Agricultural Communications concentration is designed to produce graduates with both technical knowledge about the food and fiber industry and the communication skills needed to convey the story of agriculture to consumers, policy makers, and the public.

Requirements for a Major in Agricultural Education, Communication and Technology (AECT)

State minimum core and discipline specific general education requirements:

(Course work that meets state minimum core requirements is in bold.)

University Perspectives		1
UNIV 1001	University Perspectives

Additional Requirements for the Agricultural Education Concentration

Complete an evaluation for internship. Students must also meet the following criteria to be cleared for the internship:

1. Successful completion of core competency exams by meeting or exceeding the UA Teacher Preparation Program cut-off

scores. This test should be taken after the student has completed 30 credit hours and upon completion of ENGL 1013 (<http://catalog.uark.edu/undergraduatecatalog/collegesandschools/jwilliamfulbrightcollegeofartsandsciences/artarts/>), ENGL 1023 (<http://catalog.uark.edu/undergraduatecatalog/collegesandschools/jwilliamfulbrightcollegeofartsandsciences/artarts/>), and MATH 1203 (<http://catalog.uark.edu/undergraduatecatalog/collegesandschools/jwilliamfulbrightcollegeofartsandsciences/artarts/>).

Option 1 — ACT

- Reading: 20
- Writing: 7
- Math: 20

Option 2 — SAT

- Reading: 544
- Writing: 5
- Math: 533

Option 3 — GRE

- Reading: 151
- Writing: 4
- Math: 162

Option 4 — Praxis Core

- Reading: 168
- Writing: 165
- Math: 162

2. Obtain a “C” or better in the following pre-education core courses: AGED 1123, CIED 3023/CIED 4023, and CIED 3033.

3. Obtain a “C” or better in concentration education courses: AGED 3111, AGED 3133, AGED 3143, AGED 4211, AGED 4231, and AGED 4843.

4. Complete and submit the online application to teacher education through the university-wide Office of Teacher Education and pay the Teacher Education Application Fee (<http://catalog.uark.edu/undergraduatecatalog/feeandcosts/othergeneralfees/>). Apply to the Office of Teacher Education (<https://teacher-education.uark.edu/>) by Jan. 15 prior to the fall semester of the junior year. For more information, contact the Teacher Education Office in GRAD 336. Complete degree with a cumulative GPA of 2.5 or higher. The degree must be posted to your University of Arkansas transcript at the Registrar's Office prior to certification. For more information, please contact the Office of Teacher Education in Peabody Hall (PEAH) 109.

5. Obtain departmental clearance for GPA requirements, course work requirements, an interview, and/or other requirements. Obtain clearance through an Arkansas Department of Education background check. Note: Another background check will be required prior to graduation in order to be eligible for licensure.

6. Student is aware that he/she is responsible for meeting enrollment requirements for any scholarships received and is responsible for enrolling in the proper number of hours to meet graduation requirements.

Other Certification Requirements

A. NTE Principles of Learning and Teaching (7-12)

- Test Code 0524 — Minimum Score: 164

B. Subject Matter Test Agriculture

- Test Code 0700 — Minimum Score: 150

C. Criminal Background Check

GEOS 4593 Introduction to Global Positioning Systems and
Global Navigation Satellite Systems

Total Hours 21

Agricultural Systems Technology Management B.S.A. Nine-Semester Plan

First Year	Units		
	Fall	Spring	Summer
UNIV 1001 University Perspectives	1		
AGME 1613 Fundamentals of Agricultural Systems Technology	3		
Departmental Core Elective	3		
BIOL 1543 Principles of Biology (ACTS Equivalency = BIOL 1014 Lecture) & BIOL 1541L Principles of Biology Laboratory (ACTS Equivalency = BIOL 1014 Lab)	4		
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3		
ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023)		3	
Fine Arts/Humanities Core Elective		3	
HIST 2003 History of the American People to 1877 (ACTS Equivalency = HIST 2113) (or HIST 2013 History of the American People, 1877 to Present (ACTS Equivalency = HIST 2123) (Sp, Su, Fa)) or PLSC 2003 American National Government (ACTS Equivalency = PLSC 2003)		3	
MATH 1203 College Algebra (ACTS Equivalency = MATH 1103) (or higher)		3	
PSYC 2003 General Psychology (ACTS Equivalency = PSYC 1103)		3	
Year Total:	14	15	

Second Year	Units		
	Fall	Spring	Summer
AGEC 1103 Principles of Agricultural Microeconomics or AGECE 2103 Principles of Agricultural Macroeconomics	3		
AGME 2903 Agricultural and Human Environmental Sciences Applications of Microcomputers	3		
CHEM 1073 Fundamentals of Chemistry (ACTS Equivalency = CHEM 1214 Lecture) & CHEM 1071L Fundamentals of Chemistry Laboratory (ACTS Equivalency = CHEM 1214 Lab)	4		
General Elective	3		
Departmental Core Elective	3		

AGEC 2303 Introduction to Agribusiness	3	
AGED 3143 Communicating Agriculture to the Public	3	
Math/Science Elective	3	
Departmental Core Elective	3	
General Electives	3	
Year Total:	16	15

Third Year	Units		
	Fall	Spring	Summer
ASTM Concentration Elective	3		
AGED 3133 Instructional and Presentation Strategies	3		
General Electives	3		
Fine Arts/Humanities Core Elective	3		
Social Science Core Elective	3		
AGEC 3303 Food and Agricultural Marketing		3	
AGED 3153 Leadership Development in Agriculture		3	
AGME 3102 Small Power Units/Turf Equipment & AGME 3101L Small Power Units/Turf Equipment Laboratory		3	
AGME 3173 Electricity in Agriculture		3	
General Electives		3	
AGED 475V Internship in Agricultural Education			3
Year Total:	15	15	3

Fourth Year	Units		
	Fall	Spring	Summer
AGED 4003 Issues in Agriculture	3		
AGEC 4303 Agribusiness Marketing Management	3		
General Electives	9		
AGME 4203 Mechanized Systems Management		3	
General Electives		9	
Year Total:	15	12	

Total Units in Sequence: 120

Minor in Agricultural Communications (ACOM-M)

The Agricultural Communications Minor will consist of 18 hours to include the following:

AGED 2143	Introduction to Agricultural Communications and Leadership	3
AGED 3143	Communicating Agriculture to the Public	3
JOUR 1033	Fundamentals of Journalism	3
Select 9 hours from the following:		9
AGED 3243	Ag Reporting and Feature Writing	

AGED 3943	Professional Development in Agricultural Communications	
AGED 4143	Electronic Communications in Agriculture	
AGED 4243	Graphic Design in AFLS	
AGED 4343	Communication Campaigns in Agriculture	
AGED 4543	Ag Publications	

Total Hours 18

A student planning to minor in Agricultural Education must notify the program adviser.

Minor in Agricultural Education (AGED-M)

The Agricultural Education Minor will consist of 21 hours to include the following:

AGED 1123	Foundations of Agricultural Education	3
AGED 3133	Instructional and Presentation Strategies	3
AGED 3162	Curriculum Development and Assessment Techniques in AGED	2
AGED 4231	Program Development	1
AGED 3161L	Curriculum Development and Assessment Techniques in Career and Technical Education Laboratory	1
AGED 4211	Teachers as Professionals	1
AGED 3111	Student Management	1
AGED 4843	Methods in Agricultural Laboratories	3
CIED 3033	Classroom Learning Theory	3
CIED 3023	Survey of Exceptionalities	3
or CIED 4023	Teaching in Inclusive Secondary Settings	
Total Hours		21

Teacher Education Requirements: To gain teacher certification, students must apply during the Fall semester of their sophomore year. We recognize not all programs can follow this timeline, but applying early will allow ample time to complete the requirements for clearance through Teacher Education.

Minor in Agricultural Leadership (AGLE-M)

The Agricultural Leadership Minor will consist of 18 semester hours to include:

AGED 2143	Introduction to Agricultural Communications and Leadership	3
AGED 3153	Leadership Development in Agriculture	3
AGED 4153	Survey of Leadership Theory in Agriculture	3

Select 9 hours from the following: 9

AGED 3313	Agribusiness Sales	
AGED 3133	Instructional and Presentation Strategies	
AGED 3943	Professional Development in Agricultural Communications	
AGED 4163	Leadership Analysis Through Film	
AGED 4443	Principles of Technological Change	
EXED 4183	Management of Volunteer Programs	

A student planning to minor in Agricultural Leadership should contact the program adviser for consultation and more detailed information.

Minor in Agricultural Systems Technology Management (ASTM-M)

The Agricultural Systems Technology Management Minor will consist of 18 hours to include the following:

AGME 1613	Fundamentals of Agricultural Systems Technology	3
AGME 2903	Agricultural and Human Environmental Sciences Applications of Microcomputers	3

Select 12 hours from the following: 12

AGME 1611L	Fundamentals of Agricultural Systems Technology Laboratory	
AGME 2123	Metals and Welding	
AGME 3153	Surveying in Agriculture and Forestry	
AGME 3102	Small Power Units/Turf Equipment & AGME 3101Land Small Power Units/Turf Equipment Laboratory	
AGME 3173	Electricity in Agriculture	
AGME 4203	Mechanized Systems Management	
AGME 4973	Irrigation	
ENSC 3603	GIS for Environmental Science	
Total Hours		18

A student planning to minor in Agricultural Systems Technology Management must notify the program adviser for consultation and more detailed information.

Faculty

Cox, Casandra Kay, M.S., B.S. (University of Arkansas), Instructor, 2003.
Estes, Hanna, M.S., B.S. (University of Arkansas), Instructor, 2014.
Graham, Donna Lucas, Ph.D. (University of Maryland-College Park), M.Ed., B.S. (University of Arkansas), University Professor, 1985.
Johnson, Donald M., Ph.D. (University of Missouri-Columbia), M.A., B.S. (Western Kentucky University), Professor, 1993.
Miller, Jefferson Davis, Ph.D., M.A. (Oklahoma State University), B.A. (Northeastern State University), Professor, 2001.
Miller, Rene P., Ed.D. (Texas Tech University/Texas A&M University), Lecturer, 2013.
Poling, Richard L., Ph.D, B.S., M.S. (Ohio State University), Adjunct Associate Professor, 2009.
Rice, Lanny, M.S. (University of Arkansas), Instructor, 2012.
Rucker, Kathryn Jill, Ph.D., M.B.A., B.S. (Oklahoma State University), Associate Professor, 2013.
Shoulders, Kate, Ph.D. (University of Florida), M.S., M.A. (Murray State University), Associate Professor, 2012.
Wardlow, George W., Ph.D. (The Ohio State University), M.Ed., B.S. (University of Missouri-Columbia), Professor, 1992.

Animal Science (ANSC)

Michael L. Looper
 Head of the Department
 B114 Agricultural, Food, and Life Sciences Building
 479-575-4351
<http://animal-science.uark.edu/>

The animal science major offers three areas of concentration designed to provide the scientific and technical education to prepare students for positions of leadership and responsibility. Students gain valuable experience pertaining to the production of beef and dairy cattle, swine, horses, sheep, and companion animals. In addition, extensive study is

offered in the specialized areas of animal health, breeding and genetics, meat science, nutrition, and physiology.

Students majoring in animal science are prepared for a variety of careers. Pre-veterinary, pre-medical, and pre-professional course requirements may be fulfilled while meeting degree requirements. Specific career opportunities include positions and services related to the production, merchandising, processing and distribution of meat, milk, and related products. Additional opportunities include field persons, farm and herd managers, and other agribusiness-related positions. With additional academic training, animal science majors may become extension livestock specialists, nutritionists, geneticists, and physiologists.

The General Animal Science Concentration is a science-based degree program designed for students desiring a broader general background in animal science and offers students the greatest degree of flexibility in adapting their degree program to a wide variety of career paths. It offers a larger list of elective classes and opportunity to minor in other disciplines.

The Pre-Professional/Science Concentration is designed primarily for students who intend to compete for admission to professional schools, advanced post-graduate degree programs, or other career paths that require a strong background and understanding of basic and applied sciences.

The Equine Concentration is designed for students who desire a sound science-based background in Animal Science, but desire a more intense study of equine management and equine science.

Students should consult an animal science adviser for specific course selections in the elective areas. With appropriate advising, students have an opportunity to complete at least one minor within the 120-hour degree program.

Requirements for a Major in Animal Science (ANSC) with Animal Science Concentration

State minimum core and discipline specific general education requirements:

(Course work that meets state minimum core requirements is in bold.)

University Requirements	1
UNIV 1001 University Perspectives	
Communications	12
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	
ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023)	
6 hours of Communication Intensive Electives (See adviser for approved communication intensive course list.)	
History or Government	3
HIST 2003 History of the American People to 1877 (ACTS Equivalency = HIST 2113)	
or HIST 2013 History of the American People, 1877 to Present (ACTS Equivalency = HIST 2123)	
or PLSC 2003 American National Government (ACTS Equivalency = PLSC 2003)	
Mathematics	3
MATH 1203 College Algebra (ACTS Equivalency = MATH 1103) (or higher level MATH)	
Sciences	16

BIOL 1543 Principles of Biology (ACTS Equivalency = BIOL & BIOL 1541L 1014 Lecture)
and Principles of Biology Laboratory (ACTS Equivalency = BIOL 1014 Lab)

BIOL 2013 General Microbiology (ACTS Equivalency = BIOL & BIOL 2011L 2004 Lecture)
and General Microbiology Laboratory (ACTS Equivalency = BIOL 2004 Lab)

Select 4 hours from the following:

CHEM 1073 Fundamentals of Chemistry (ACTS Equivalency = & CHEM 1071L CHEM 1214 Lecture)
and Fundamentals of Chemistry Laboratory (ACTS Equivalency = CHEM 1214 Lab)

or CHEM 1123 University Chemistry II (ACTS Equivalency = CHEM & CHEM 1121L 1224 Lecture)
and University Chemistry II Laboratory (ACTS Equivalency = CHEM 1424 Lab)

Select from the following:

CHEM 2613 Organic Physiological Chemistry (ACTS & CHEM 2611L Equivalency = CHEM 1224 Lecture)
and Organic Physiological Chemistry Laboratory (ACTS Equivalency = CHEM 1224 Lab)

or CHEM 3603 Organic Chemistry I
& CHEM 3601L Organic Chemistry I Laboratory

Fine Arts and Humanities 6

Select 3 hours Fine Arts and 3 hours Humanities courses from University Core List.

Social Sciences 9

Select 9 hours Social Sciences courses from University Core List.

ANSC Requirements 24

ANSC 1001L Introductory to Animal Sciences Laboratory
ANSC 1032 Introductory Animal Sciences
ANSC 1041 Introduction to Companion Animal Industry
or ANSC 1051 Introduction to the Livestock Industry
ANSC 2252L Introduction to Livestock and Meat Evaluation
ANSC 2781 Career Preparation and Development
ANSC 3133 Animal Breeding and Genetics
ANSC 3143 Principles of Animal Nutrition
ANSC 3433 Fundamentals of Reproductive Physiology
ANSC 4142 Advanced Animal Handling Techniques

Select 6 hours from the following:

ANSC 4252 Cow-Calf Management
ANSC 4262 Swine Production
ANSC 4272 Sheep Production
ANSC 4283 Horse Production
ANSC 4452 Milk Production
ANSC 4482 Companion Animal Management
ANSC 4652 Stocker-Feedlot Cattle Management

Animal Science Electives 13

Select 13 hours from the following:

ANSC 3003 Applied Animal Parasitology
ANSC 3013 Parasitisms of Domesticated Non-Herbivores
ANSC 3032 Animal Physiology I
ANSC 3042 Animal Physiology II
ANSC 3123 Principles of Genetics

ANSC 3152	Applied Animal Nutrition & ANSC 3151L and Applied Animal Nutrition Laboratory
ANSC 3333	Diseases of Livestock
ANSC 3613	Meat Science
ANSC 4163	Companion Animal Nutrition
ANSC 4303	Comparative Veterinary Anatomy
ANSC 4552	Forage-Ruminant Relations
Discipline-Related Electives 16	
Select 16 hours from the following:	
ANSC 2003	Introduction to Equine Industry
ANSC 2213	Behavior of Domestic Animals
ANSC 2303L	Introduction to Horsemanship
ANSC 3072	Equine Selection and Evaluation
ANSC 3282	Livestock Judging and Selection
ANSC 3291	Livestock Junior Judging Team Activity
ANSC 3491L	Artificial Insemination in Cattle
ANSC 3723	Horse and Livestock Merchandising
ANSC 3753	Equine Assisted Activities and Therapies
ANSC 400V	Special Problems
ANSC 401V	Internship in Animal Sciences
ANSC 4072	Advanced Equine Selection and Evaluation
ANSC 410V	Special Topics in Animal Sciences
ANSC 4123	Legal Issues in Animal Agriculture
ANSC 4173	Thoroughbred Horse Industry
ANSC 4291	Livestock Senior Judging Team Activity
AFLS 400VH	Honors Thesis
AGEC 1103	Principles of Agricultural Microeconomics
AGEC 2103	Principles of Agricultural Macroeconomics
AGEC 2303	Introduction to Agribusiness
AGME 2903	Agricultural and Human Environmental Sciences Applications of Microcomputers
BIOL 1601L	Principles of Zoology Laboratory (ACTS Equivalency = BIOL 1054 Lab)
BIOL 1603	Principles of Zoology (ACTS Equivalency = BIOL 1054 Lecture)
BIOL 2531L	Cell Biology Laboratory
BIOL 2533	Cell Biology
CSES 1203	Introduction to Plant Sciences
CSES 2013	Pest Management
CHEM 1101L	University Chemistry I Laboratory (ACTS Equivalency = CHEM 1414 Lab)
CHEM 1103	University Chemistry I (ACTS Equivalency = CHEM 1414 Lecture)
CHEM 1121L	University Chemistry II Laboratory (ACTS Equivalency = CHEM 1424 Lab)
CHEM 1123	University Chemistry II (ACTS Equivalency = CHEM 1424 Lecture)
CHEM 2261L	Analytical Chemistry Laboratory
CHEM 2263	Analytical Chemistry Lecture
MATH 1213	Plane Trigonometry (ACTS Equivalency = MATH 1203) (or higher)
PHYS 2011L	College Physics I Laboratory (ACTS Equivalency = PHYS 2014 Lab)

PHYS 2013	College Physics I (ACTS Equivalency = PHYS 2014 Lecture)
PHYS 2031L	College Physics II Laboratory (ACTS Equivalency = PHYS 2024 Lab)
PHYS 2033	College Physics II (ACTS Equivalency = PHYS 2024 Lecture)
POSC 2353	Poultry Breeder Management
BLAW 2013	The Legal Environment of Business (ACTS Equivalency = BLAW 2003)
ACCT 2013	Accounting Principles
Or any upper division course in AGECE, AGED, AGME, AGST, BIOL, CHEM, CSES, FDSC, HORT, POSC, or WCOB.	
General Electives 17	
Total Hours 120	

Animal Science B.S.A. with Animal Science Concentration Eight-Semester Degree Program

Students wishing to follow the degree plan should see the Eight Semester Degree Policy (p. 87) for university requirements of the program. (*See degree audit in UAConnect for complete course list.)

First Year	Units	
	Fall	Spring
UNIV 1001 University Perspectives	1	
ANSC 1001L Introductory to Animal Sciences Laboratory	1	
ANSC 1032 Introductory Animal Sciences	2	
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3	
MATH 1203 College Algebra (ACTS Equivalency = MATH 1103) (or higher level MATH)	3	
BIOL 1543 Principles of Biology (ACTS Equivalency = BIOL 1014 Lecture) & BIOL 1541L Principles of Biology Laboratory (ACTS Equivalency = BIOL 1014 Lab)	4	
ANSC 1041 Introduction to Companion Animal Industry or ANSC 1051 Introduction to the Livestock Industry	1	
Social Science Core Elective*		3
ANSC 2252L Introduction to Livestock and Meat Evaluation		2
General Elective		3
Fine Arts/Humanities Core Elective*		3
ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023)		3
Discipline-related Elective* (CHEM 1103/1101L if completing University Chemistry I & II requirement)		3-4
Year Total:	15	17
Second Year	Units	
	Fall	Spring
ANSC 2781 Career Preparation and Development	1	

ANSC 3433 Fundamentals of Reproductive Physiology	3	
Select 4 hours from the following:	4	
CHEM 1073 Fundamentals of Chemistry (ACTS Equivalency = CHEM 1214 Lecture) & CHEM 1071L Fundamentals of Chemistry Laboratory (ACTS Equivalency = CHEM 1214 Lab)		
or CHEM 1123/1121L University Chemistry II (ACTS Equivalency = CHEM 1424 Lecture)		
Fine Arts/Humanities Core Elective*	3	
History University Core Elective	3	
ANSC 3133 Animal Breeding and Genetics	3	
Discipline-related Elective*	4	
Communication Intensive Elective*	3	
General Elective	3	
Choose from the following:	3	
Social Science Core Elective*		
Year Total:	14	16

Third Year	Units	
	Fall	Spring
ANSC 4142 Advanced Animal Handling Techniques	2	
Communication Intensive Elective*	3	
BIOL 2013 General Microbiology (ACTS Equivalency = BIOL 2004 Lecture) & BIOL 2011L General Microbiology Laboratory (ACTS Equivalency = BIOL 2004 Lab)	4	
Select 4 hours from the following:	4	
CHEM 3603 Organic Chemistry I & CHEM 3601L Organic Chemistry I Laboratory		
CHEM 2613 Organic Physiological Chemistry (ACTS Equivalency = CHEM 1224 Lecture) & CHEM 2611L Organic Physiological Chemistry Laboratory (ACTS Equivalency = CHEM 1224 Lab)		
Animal Science Electives*	5	
ANSC 3143 Principles of Animal Nutrition		3
Animal Science Electives*		5
Social Science Core Elective*		3
Discipline-related Elective*		3
General Elective		3
Year Total:	18	17

Fourth Year	Units	
	Fall	Spring
Animal Science Elective*	3	
ANSC Core Elective*	2	
General Electives	8	
ANSC Core Electives*		4
Discipline-related Electives*		5-6
Year Total:	13	10

Total Units in Sequence: 120

Requirements for a Major in Animal Science (ANSC) with Pre-Professional Science Concentration

State minimum core and discipline specific general education requirements:

(Course work that meets state minimum core requirements is in bold.)

University Requirements	1
UNIV 1001 University Perspectives	
Communications	12
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	
ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023)	
COMM 1313 Public Speaking (ACTS Equivalency = SPCH 1003)	
3 hours of Communication Intensive Elective (See degree audit in UAConnect for complete list)	
History or Government	3
HIST 2003 History of the American People to 1877 (ACTS Equivalency = HIST 2113)	
or HIST 2013 History of the American People, 1877 to Present (ACTS Equivalency = HIST 2123)	
or PLSC 2003 American National Government (ACTS Equivalency = PLSC 2003)	
Mathematics	3
MATH 1213 Plane Trigonometry (ACTS Equivalency = MATH 1203)	
Sciences	8
BIOL 1543 Principles of Biology (ACTS Equivalency = BIOL & BIOL 1541L 1014 Lecture) and Principles of Biology Laboratory (ACTS Equivalency = BIOL 1014 Lab)	
CHEM 1123 University Chemistry II (ACTS Equivalency = & CHEM 1121L CHEM 1424 Lecture) and University Chemistry II Laboratory (ACTS Equivalency = CHEM 1424 Lab)	
Fine Arts and Humanities	6
Select 3 hours Fine Arts and 3 hours Humanities from University Core List.	
Social Sciences	9
Select 9 hours Social Sciences from University Core List.	
ANSC Core Requirements	22
ANSC 1001L Introductory to Animal Sciences Laboratory	
ANSC 1032 Introductory Animal Sciences	
ANSC 1041 Introduction to Companion Animal Industry or ANSC 1041 Introduction to the Livestock Industry	
ANSC 2252L Introduction to Livestock and Meat Evaluation	
ANSC 2781 Career Preparation and Development	
ANSC 3123 Principles of Genetics	
ANSC 3143 Principles of Animal Nutrition	
ANSC 3433 Fundamentals of Reproductive Physiology	
ANSC 4142 Advanced Animal Handling Techniques	

Select four hours from the following:

ANSC 4252	Cow-Calf Management
ANSC 4262	Swine Production
ANSC 4272	Sheep Production
ANSC 4283	Horse Production
ANSC 4452	Milk Production
ANSC 4482	Companion Animal Management
ANSC 4652	Stocker-Feedlot Cattle Management

Animal Science Electives 6

Select 6 hours from the following:

ANSC 3003	Applied Animal Parasitology
ANSC 3013	Parasitisms of Domesticated Non-Herbivores
ANSC 3133	Animal Breeding and Genetics
ANSC 3152	Applied Animal Nutrition
& ANSC 3151L	and Applied Animal Nutrition Laboratory
ANSC 3333	Diseases of Livestock
ANSC 3613	Meat Science
ANSC 4163	Companion Animal Nutrition
ANSC 4303	Comparative Veterinary Anatomy
ANSC 4552	Forage-Ruminant Relations

Pre-Professional / Science Concentration 35

ANSC 3032	Animal Physiology I
ANSC 3042	Animal Physiology II
BIOL 1603	Principles of Zoology (ACTS Equivalency = BIOL & BIOL 1601L 1054 Lecture)
	and Principles of Zoology Laboratory (ACTS Equivalency = BIOL 1054 Lab)
BIOL 2013	General Microbiology (ACTS Equivalency = BIOL & BIOL 2011L 2004 Lecture)
	and General Microbiology Laboratory (ACTS Equivalency = BIOL 2004 Lab)
CHEM 1103	University Chemistry I (ACTS Equivalency = & CHEM 1101L CHEM 1414 Lecture)
	and University Chemistry I Laboratory (ACTS Equivalency = CHEM 1414 Lab)
CHEM 3603	Organic Chemistry I
& CHEM 3601L	and Organic Chemistry I Laboratory
CHEM 3613	Organic Chemistry II
& CHEM 3611L	and Organic Chemistry II Laboratory
CHEM 3813	Elements of Biochemistry
PHYS 2013	College Physics I (ACTS Equivalency = PHYS & PHYS 2011L 2014 Lecture)
	and College Physics I Laboratory (ACTS Equivalency = PHYS 2014 Lab)
PHYS 2033	College Physics II (ACTS Equivalency = PHYS & PHYS 2031L 2024 Lecture)
	and College Physics II Laboratory (ACTS Equivalency = PHYS 2024 Lab)

Discipline-Related Electives 10

Select 10 hours from the following:

Suggested electives:

BIOL 2533	Cell Biology
MATH 2554C	Calculus I (ACTS Equivalency = MATH 2405)
STAT 2303	Principles of Statistics (ACTS Equivalency = MATH 2103)

or STAT 202 Biostatistics

Other discipline related electives:

ANSC 2003	Introduction to Equine Industry
ANSC 2213	Behavior of Domestic Animals
ANSC 2303L	Introduction to Horsemanship
ANSC 3072	Equine Selection and Evaluation
ANSC 3282	Livestock Judging and Selection
ANSC 3291	Livestock Junior Judging Team Activity
ANSC 3491L	Artificial Insemination in Cattle
ANSC 3723	Horse and Livestock Merchandising
ANSC 3753	Equine Assisted Activities and Therapies
ANSC 400V	Special Problems
ANSC 401V	Internship in Animal Sciences
ANSC 4072	Advanced Equine Selection and Evaluation
ANSC 410V	Special Topics in Animal Sciences
ANSC 4123	Legal Issues in Animal Agriculture
ANSC 4173	Thoroughbred Horse Industry
ANSC 4291	Livestock Senior Judging Team Activity
AFLS 400VH	Honors Thesis
AGEC 1103	Principles of Agricultural Microeconomics
AGEC 2103	Principles of Agricultural Macroeconomics
AGEC 2303	Introduction to Agribusiness
AGME 2903	Agricultural and Human Environmental Sciences Applications of Microcomputers
BIOL 2531L	Cell Biology Laboratory
BIOL 2533	Cell Biology
CSES 1203	Introduction to Plant Sciences
CSES 2013	Pest Management
CHEM 2261L	Analytical Chemistry Laboratory
CHEM 2263	Analytical Chemistry Lecture
POSC 2353	Poultry Breeder Management
ACCT 2013	Accounting Principles
BLAW 2013	The Legal Environment of Business (ACTS Equivalency = BLAW 2003)

Or any upper division course in AGECE, AGED, AGME, AGST, BIOL, CHEM, CSES, FDSC, HORT, POSC, or WCOB.

General Electives 5

Third Year		Units
	Fall	Spring
ANSC 3032 Animal Physiology I	2	
CHEM 3813 Elements of Biochemistry	3	
Fine Arts/Humanities Core Elective*	3	

ANSC 3123 Principles of Genetics	3	
Discipline-related Elective* (MATH 2554 suggested)	4	
ANSC 3042 Animal Physiology II		2
ANSC Electives or ANSC Core*		2
Social Science Core Elective*		3
Discipline-related Elective* (STAT 2303 & BIOL 2533 suggested)		6
Fine Arts/Humanities Core Elective*		3
Year Total:	15	16

Fourth Year		Units
	Fall	Spring
ANSC 3433 Fundamentals of Reproductive Physiology	3	
ANSC 4142 Advanced Animal Handling Techniques	2	
PHYS 2013 College Physics I (ACTS Equivalency = PHYS 2014 Lecture) & PHYS 2011L College Physics I Laboratory (ACTS Equivalency = PHYS 2014 Lab)	4	
Social Sciences Core Elective*	3	
History/Government Core Elective*	3	
ANSC Electives and/or ANSC Core*		6
PHYS 2033 College Physics II (ACTS Equivalency = PHYS 2024 Lecture) & PHYS 2031L College Physics II Laboratory (ACTS Equivalency = PHYS 2024 Lab)		4
General Electives		2
Year Total:	15	12

Total Units in Sequence: 120

Requirements for a Major in Animal Science (ANSC) with Equine Concentration

State minimum core and discipline specific general education requirements:

(Course work that meets state minimum core requirements is in bold.)

University Requirements		1
UNIV 1001	University Perspectives	
Communications		12
ENGL 1013	Composition I (ACTS Equivalency = ENGL 1013)	
ENGL 1023	Composition II (ACTS Equivalency = ENGL 1023)	
6 hours of Communication Intensive Electives (See UAConnect Degree Audit for complete list)		
History or Government		3
HIST 2003	History of the American People to 1877 (ACTS Equivalency = HIST 2113)	
	or HIST 201:History of the American People, 1877 to Present (ACTS Equivalency = HIST 2123)	
	or PLSC 20C American National Government (ACTS Equivalency = PLSC 2003)	
Mathematics		3

MATH 1203	College Algebra (ACTS Equivalency = MATH 1103) (or higher level MATH)	
-----------	--	--

Sciences 16

BIOL 1543 & BIOL 1541L	Principles of Biology (ACTS Equivalency = BIOL 1014 Lecture) and Principles of Biology Laboratory (ACTS Equivalency = BIOL 1014 Lab)	
BIOL 2013 & BIOL 2011L	General Microbiology (ACTS Equivalency = BIOL 2004 Lecture) and General Microbiology Laboratory (ACTS Equivalency = BIOL 2004 Lab)	

Select 4 hours from the following:

CHEM 1073 & CHEM 1071L	Fundamentals of Chemistry (ACTS Equivalency = CHEM 1214 Lecture) and Fundamentals of Chemistry Laboratory (ACTS Equivalency = CHEM 1214 Lab)	
or CHEM 1123 & CHEM 1121L	University Chemistry II (ACTS Equivalency = CHEM 1424 Lecture) and University Chemistry II Laboratory (ACTS Equivalency = CHEM 1424 Lab)	

Select 4 hours from the following:

CHEM 2613 & CHEM 2611L	Organic Physiological Chemistry (ACTS Equivalency = CHEM 1224 Lecture) and Organic Physiological Chemistry Laboratory (ACTS Equivalency = CHEM 1224 Lab)	
or CHEM 3603 & CHEM 3601L	Organic Chemistry I and Organic Chemistry I Laboratory	

Fine Arts and Humanities 6

Select 3 hours from Fine Arts and 3 hours from Humanities courses from University Core List

Social Sciences 9

Select three Social Science courses from University Core List

ANSC Requirements 22

ANSC 1001L	Introductory to Animal Sciences Laboratory	
ANSC 1032	Introductory Animal Sciences	
ANSC 1041	Introduction to Companion Animal Industry	
or ANSC 1051	Introduction to the Livestock Industry	
ANSC 2252L	Introduction to Livestock and Meat Evaluation	
ANSC 2781	Career Preparation and Development	
ANSC 3133	Animal Breeding and Genetics	
ANSC 3143	Principles of Animal Nutrition	
ANSC 3433	Fundamentals of Reproductive Physiology	
ANSC 4142	Advanced Animal Handling Techniques	

Select 4 hours from the following:

ANSC 4252	Cow-Calf Management	
ANSC 4262	Swine Production	
ANSC 4272	Sheep Production	
ANSC 4452	Milk Production	
ANSC 4482	Companion Animal Management	
ANSC 4652	Stocker-Feedlot Cattle Management	

Animal Science Electives 13

Select 13 hours from the following:

ANSC 3003	Applied Animal Parasitology	
ANSC 3013	Parasitisms of Domesticated Non-Herbivores	
ANSC 3032	Animal Physiology I	

ANSC 3042	Animal Physiology II	
ANSC 3123	Principles of Genetics	
ANSC 3152 & ANSC 3151L	Applied Animal Nutrition and Applied Animal Nutrition Laboratory	
ANSC 3333	Diseases of Livestock	
ANSC 3613	Meat Science	
ANSC 4163	Companion Animal Nutrition	
ANSC 4303	Comparative Veterinary Anatomy	
ANSC 4552	Forage-Ruminant Relations	

Equine Concentration Required Courses 14

ANSC 2003	Introduction to Equine Industry	
ANSC 3072	Equine Selection and Evaluation	
ANSC 3723	Horse and Livestock Merchandising	
ANSC 4173	Thoroughbred Horse Industry	
ANSC 4283	Horse Production	

Discipline-Related Electives 13

Select 13 hours from the following:

ANSC 2213	Behavior of Domestic Animals	
ANSC 2303L	Introduction to Horsemanship	
ANSC 3282	Livestock Judging and Selection	
ANSC 3291	Livestock Junior Judging Team Activity	
ANSC 3491L	Artificial Insemination in Cattle	
ANSC 3753	Equine Assisted Activities and Therapies	
ANSC 400V	Special Problems	
ANSC 401V	Internship in Animal Sciences	
ANSC 4072	Advanced Equine Selection and Evaluation	
ANSC 410V	Special Topics in Animal Sciences	
ANSC 4123	Legal Issues in Animal Agriculture	
ANSC 4291	Livestock Senior Judging Team Activity	
AFLS 400VH	Honors Thesis	
AGEC 1103	Principles of Agricultural Microeconomics	
AGEC 2103	Principles of Agricultural Macroeconomics	
AGEC 2303	Introduction to Agribusiness	
AGME 2903	Agricultural and Human Environmental Sciences Applications of Microcomputers	
BIOL 1601L	Principles of Zoology Laboratory (ACTS Equivalency = BIOL 1054 Lab)	
BIOL 1603	Principles of Zoology (ACTS Equivalency = BIOL 1054 Lecture)	
BIOL 2531L	Cell Biology Laboratory	
BIOL 2533	Cell Biology	
CSES 1203	Introduction to Plant Sciences	
CSES 2013	Pest Management	
CHEM 1101L	University Chemistry I Laboratory (ACTS Equivalency = CHEM 1414 Lab)	
CHEM 1103	University Chemistry I (ACTS Equivalency = CHEM 1414 Lecture)	
CHEM 1121L	University Chemistry II Laboratory (ACTS Equivalency = CHEM 1424 Lab)	
CHEM 1123	University Chemistry II (ACTS Equivalency = CHEM 1424 Lecture)	
CHEM 2261L	Analytical Chemistry Laboratory	
CHEM 2263	Analytical Chemistry Lecture	

MATH 1213	Plane Trigonometry (ACTS Equivalency = MATH 1203) (or higher)	
PHYS 2011L	College Physics I Laboratory (ACTS Equivalency = PHYS 2014 Lab)	
PHYS 2013	College Physics I (ACTS Equivalency = PHYS 2014 Lecture)	
PHYS 2031L	College Physics II Laboratory (ACTS Equivalency = PHYS 2024 Lab)	
PHYS 2033	College Physics II (ACTS Equivalency = PHYS 2024 Lecture)	
POSC 2353	Poultry Breeder Management	
ACCT 2013	Accounting Principles	
BLAW 2013	The Legal Environment of Business (ACTS Equivalency = BLAW 2003)	
Or any upper division course in AGECE, AGED, AGME, AGST, BIOL, CHEM, CSES, FDSC, HORT, POSC, or WCOB.		
General Electives		8
Total Hours		120

Animal Science B.S.A. with Equine Concentration

Eight-Semester Degree Program

Students wishing to follow the degree plan should see the Eight Semester Degree Policy (p. 87) for university requirements of the program. (*See UAConnect Degree Audit for complete course list.)

First Year	Units	
	Fall	Spring
UNIV 1001 University Perspectives	1	
ANSC 1001L Introductory to Animal Sciences Laboratory	1	
ANSC 1032 Introductory Animal Sciences	2	
BIOL 1543 Principles of Biology (ACTS Equivalency = BIOL 1014 Lecture) & BIOL 1541L Principles of Biology Laboratory (ACTS Equivalency = BIOL 1014 Lab)	4	
ANSC 1041 Introduction to Companion Animal Industry or ANSC 1051 Introduction to the Livestock Industry	1	
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3	
MATH 1203 College Algebra (ACTS Equivalency = MATH 1103) (OR higher level math)	3	
ANSC 2003 Introduction to Equine Industry		3
ANSC 2252L Introduction to Livestock and Meat Evaluation		2
Discipline-related Elective* (CHEM 1103/1101L if completing University Chemistry I&II requirement)		3-4
ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023)		3
Social Sciences Core Elective*		3
Fine Arts/Humanities Core Elective*		3
Year Total:	15	17

Second Year	Units	
	Fall	Spring
Choose 4 hours Chemistry from:	4	
CHEM 1073 Fundamentals of Chemistry (ACTS Equivalency = CHEM 1214 Lecture) & CHEM 1071L Fundamentals of Chemistry Laboratory (ACTS Equivalency = CHEM 1214 Lab)		
CHEM 1123 University Chemistry II (ACTS Equivalency = CHEM 1424 Lecture) & CHEM 1121L University Chemistry II Laboratory (ACTS Equivalency = CHEM 1424 Lab)		
Fine Arts/Humanities Core Elective*	3	
ANSC 3723 Horse and Livestock Merchandising	3	
ANSC 3433 Fundamentals of Reproductive Physiology	3	
ANSC 2781 Career Preparation and Development	1	
ANSC 3072 Equine Selection and Evaluation		2

Minor in Equine Science (EQSC-M)

A minor in Equine Science prepares students for jobs in the equine industry. A student planning to minor in Equine Science should meet with an Animal Science adviser for more information. The Equine Science minor is only available to students outside of the ANSC major.

The minor consists of 19 hours to include the following:

Core Requirements	13
ANSC 1032 Introductory Animal Sciences	
ANSC 3032 Animal Physiology I	
ANSC 3133 Animal Breeding and Genetics or ANSC 343 Fundamentals of Reproductive Physiology	
ANSC 3143 Principles of Animal Nutrition	
ANSC 4283 Horse Production	
Core Equine Electives:	6
ANSC 2303L Introduction to Horsemanship	
ANSC 3072 Equine Selection and Evaluation	
ANSC 3723 Horse and Livestock Merchandising	
ANSC 401V Internship in Animal Sciences	
ANSC 4123 Legal Issues in Animal Agriculture	
ANSC 4173 Thoroughbred Horse Industry	
Total Hours	19

Minor in Animal Science (ANSC-M)

A minor in Animal Science prepares students for jobs in the animal industries. A student planning to minor in animal science must consult with an Animal Science adviser. The minor consists of 20 hours to include the following:

ANSC 1001L Introductory to Animal Sciences Laboratory	1
ANSC 1032 Introductory Animal Sciences	2
ANSC 1041 Introduction to Companion Animal Industry or ANSC 1051 Introduction to the Livestock Industry	1
ANSC 2252L Introduction to Livestock and Meat Evaluation	2
ANSC 3133 Animal Breeding and Genetics	3
ANSC 3143 Principles of Animal Nutrition	3
ANSC 3433 Fundamentals of Reproductive Physiology	3
Select two of the following:	5
ANSC 4252 Cow-Calf Management	
ANSC 4262 Swine Production	
ANSC 4272 Sheep Production	
ANSC 4283 Horse Production	
ANSC 4452 Milk Production	

ANSC 4652 Stocker-Feedlot Cattle Management	
Total Hours	20

Faculty

Ahrens, Chelsey, Ph.D. (Texas Tech), M.S. (University of Georgia), B.S.A. (University of Arkansas), Assistant Professor, 2015.

Apple, Jason, Ph.D., M.S. (Kansas State University), B.S.A. (Oklahoma State University), Professor, 1995.

Bailey, Clayton, Ph.D. (University of Arizona), M.S., B.S. (University of Arkansas), Adjunct Assistant Professor, 2015.

Baird, Douglas H., D.V.M. (Louisiana State University), Adjunct Professor, 2011.

Beck, Paul Arthur, Ph.D. (University of Arkansas), M.S., B.S. (Oklahoma State University), Professor, 1997.

Chewning, Jeffrey, Ph.D. (University of Arkansas), M.S. (University of Missouri), B.S. (Western Kentucky University), Adjunct Professor, 1997.

Coffey, Ken, Ph.D. (University of Missouri-Columbia), M.S. (University of Kentucky), B.S. (University of Tennessee), Professor, 1996.

Gadberry, M. Shane, Ph.D., M.S., B.S. (University of Arkansas), Associate Professor, 2006.

Gunter, Stacey A., Ph.D. (Oklahoma State University), M.S. (University of Nevada Reno), B.S. (Oregon State University), Adjunct Professor, 1996.

Huang, Yan, Ph.D. (University of Wyoming), M.S. (Dankook University), B.S. (China Agricultural University), Assistant Professor, 2015.

Jennings, John A., Ph.D. (University of Missouri), M.S. (University of Arkansas), B.S. (Southwest Missouri State University), Professor, 1998.

Jogan, Kathleen, Ed.D., M.S. (University of Arkansas), B.S. (Ursinus College), Instructor, 2015.

Kegley, Beth, Ph.D., M.S. (North Carolina State University), B.S. (Virginia Polytech Institute and State University), Professor, 1996.

Koltes, Dawn A., Ph.D. (Iowa State University), Adjunct Assistant Professor, 2015.

Kutz, Bryan Richard, M.S. (Western Kentucky University), B.S. (Oklahoma State University), A.S. (Northern Oklahoma College), Instructor, 1997.

Looper, Michael L., Ph.D. (Oklahoma State University), M.S., B.S. (University of Arkansas), Professor, 2011.

Maxwell, Charles, Ph.D. (University of Wisconsin-Madison), M.S., B.S. (University of Georgia), Professor, 1996.

Nugent, Russell A., Ph.D., M.S. (Virginia Polytechnic Institute and State University), B.S. (Pennsylvania State University), Adjunct Professor, 2011.

Philipp, Dirk, Ph.D. (Texas Tech University), M.S., B.S. (University of Leizig, Germany), Associate Professor, 2007.

Pohlman, Fred W., Ph.D. (Kansas State University), M.S. (University of Tennessee), B.S. (University of Missouri-Columbia), Professor, 1997.

Potter, Daniel S., M.N.A.S., B.S. (Missouri State University), Instructor, 2016.

Powell, Jeremy G., Ph.D. (University of Arkansas), D.V.M. (Oklahoma State University), B.S. (University of Arkansas), Professor, 2009.

Roeder, Richard A., Ph.D., M.S. (Texas A&M University), B.A. (Glassboro State College), Professor, 2002.

Rorie, Rick, Ph.D. (Louisiana State University), M.S., B.S. (University of Arkansas), Professor, 1989.

Rosenkrans, Charles F., Ph.D. (Kansas State University), M.S., B.S. (University of Missouri-Columbia), Professor, 1991.

Russell, Mark, Ed.D. (Texas Tech University), M.S., B.S. (Colorado State University), Assistant Professor, 2010.

Shanks, Bruce C., Ph.D. (South Dakota State University), M.S. (Montana State University), B.S. (Missouri State University), Adjunct Assistant Professor, 2011.

Thomas, Lauren, D.V.M. (Oklahoma State University), B.S. (University of Arkansas), Clinical Assistant Professor, 2016.

Ward, Heidi, Ph.D. (University of Oklahoma), D.V.M. (Oklahoma State University), B.S. (University of Oklahoma), Assistant Professor, 2015.

Yazwinski, Tom, Ph.D. (North Carolina State University), M.S. (University of Maine), B.S. (University of Vermont), University Professor, 1977.

Zhao, Jiangchao, Ph.D. (University of Wisconsin-Madison), M.S., B.S. (China Agricultural University), Assistant Professor, 2015.

Crop Science (CPSC)

Robert Bacon
Professor and Head
115 Plant Science Building
479-575-2347

Opportunities for employment and post-graduate study are numerous for graduates of the Department of Crop, Soil, and Environmental Sciences. Crop Science graduates become involved in crop production or find employment in public agencies providing support services for agriculture (e.g., Extension Service, State Plant Board, Natural Resources Conservation Service), or as consultants serving production agriculture, in the agrichemical and seed industries, and in agricultural research programs.

The crop science major includes courses in crop management, production agriculture, plant breeding and genetics, crop and forage production, pest management (weeds, insects, and plant diseases), and soil fertility.

Requirements for a Major in Crop Science (CPSC)

State minimum core and discipline specific general education requirements.

(Course work that meets state minimum core requirements is in bold.)

English/Communications	15
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	
ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023)	
ENGL 2003 Advanced Composition	
or ENGL 303 Technical and Report Writing (ACTS Equivalency = ENGL 2023)	
COMM 1313 Public Speaking (ACTS Equivalency = SPCH 1003)	
CSES 3023 Crop, Soil, and Environmental Sciences Colloquium	
US History or Government	3
Select 3 hours U.S. History course from University Core.	
Mathematics and Computer Science	6
MATH 1203 College Algebra (ACTS Equivalency = MATH 1103) (or higher level MATH)	
Select one of the following:	
AGME 2903 Agricultural and Human Environmental Sciences Applications of Microcomputers (Students minoring in Agricultural Business should choose AGME 2903.)	
AGST 4023 Principles of Experimentation	
STAT 2303 Principles of Statistics (ACTS Equivalency = MATH 2103)	
Physical and Biological Sciences	18-23

BIOL 1543 Principles of Biology (ACTS Equivalency = BIOL & BIOL 1541L 1014 Lecture)
and Principles of Biology Laboratory (ACTS Equivalency = BIOL 1014 Lab)

BIOL 1613 Plant Biology (ACTS Equivalency = BIOL 1034 & BIOL 1611L Lecture)
and Plant Biology Laboratory (ACTS Equivalency = BIOL 1034 Lab)

or CSES 1203 Introduction to Plant Sciences

CHEM 2613 Organic Physiological Chemistry (ACTS & CHEM 2611L Equivalency = CHEM 1224 Lecture)
and Organic Physiological Chemistry Laboratory (ACTS Equivalency = CHEM 1224 Lab)

Select one CHEM group (4-8 hours)

CHEM 1073 Fundamentals of Chemistry (ACTS Equivalency = & CHEM 1071L CHEM 1214 Lecture)
and Fundamentals of Chemistry Laboratory (ACTS Equivalency = CHEM 1214 Lab)

CHEM 1103 University Chemistry I (ACTS Equivalency = & CHEM 1101L CHEM 1414 Lecture)
and University Chemistry I Laboratory (ACTS Equivalency = CHEM 1414 Lab)

AND

CHEM 1123 University Chemistry II (ACTS Equivalency = & CHEM 1121L CHEM 1424 Lecture)
and University Chemistry II Laboratory (ACTS Equivalency = CHEM 1424 Lab)

Select one of the following:

BIOL 4303 Plant Physiology

ANSC 3123 Principles of Genetics

POSC 3123 Principles of Genetics

BIOL 2323 General Genetics

Fine Arts and Humanities 6

Select one Fine Arts course and one Humanities course from University Core.

Social Sciences 9

AGEC 1103 Principles of Agricultural Microeconomics

Select 6 hours from Social Sciences from University Core (3 hours must be outside AGEC/ECON discipline) Students minoring in Agricultural Business should choose AGEC 2103*.

CPSC Requirements 26

General Agronomy

CSES 2103 Crop Science
& CSES 2101L and Crop Science Laboratory

CSES 2203 Soil Science
& CSES 2201L and Soil Science Laboratory

CSES 4013 Advanced Crop Science
CSES 4224 Soil Fertility

Select one from the following (3 hours)**:

CSES 462V Internship

CSES 400V Special Problems

Select at least 8 hours from the following two groups. At least 6 hours must be from Group A.

Group A

CSES 3112 Forage Management

CSES 3312 Cotton Production

CSES 3322	Soybean Production	
CSES 3332	Rice Production	
CSES 3342	Cereal Grain Production	
Group B		
CSES 3214	Soil Resources and Nutrient Cycles	
CSES 355V	Soil Profile Description ((1-2 hours))	
CSES 400V	Special Problems ((1-6 hours))	
CSES 4103	Plant Breeding	
CSES 4303	Bioenergy Feedstock Production	
CSES 4253	Soil Classification and Genesis	
ENSC 3103	Plants and Environmental Restoration	
ENSC 3263	Soil and Water Conservation	
HORT 2303	Introduction to Turfgrass Management	
PLPA 4333	Biotechnology in Agriculture	
Pest Management		10
ENTO 3013	Introduction to Entomology	
PLPA 3004	Principles of Plant Pathology	
CSES 4133	Ecology and Morphology of Weedy and Invasive Plants	
	or CSES 414 Principles of Weed Control	
CPSC Requirements		9-12
Select one group (C-G) for CPSC Requirements (9-12 hours). Courses selected within major cannot be taken for duplicate credit. Students who wish to declare a minor must contact the Bumpers College Dean's Office.		
Group C - Pest Management (9 hours)		
CSES 4133	Ecology and Morphology of Weedy and Invasive Plants	
	or CSES 414 Principles of Weed Control	
PLPA 4223	Plant Disease Control	
ENTO 4123	Insect Pest Management	
Group D - Agricultural Business (12 hours)		
AGEC 2303	Introduction to Agribusiness	
AGEC 3403	Farm Business Management	
Select 3 hours from the following:		
Core elective hours from approved list in AGBS-Minor		
Select 3 hours from the following:		
Controlled elective hours from approved list in AGBS-minor (3 hours)		
GROUP E - Crop Biotechnology (10 hours)		
PLPA 4333	Biotechnology in Agriculture	
CSES 400V	Special Problems	
(2 2-hr courses taken in two different semesters)		
Choose 6 hours from the following:		
BIOL 4303	Plant Physiology	
CHEM 3813	Elements of Biochemistry	
CSES 4103	Plant Breeding	
GROUP F - Soil Science (9-10 hours)		
CSES 3214	Soil Resources and Nutrient Cycles	
ENSC 3263	Soil and Water Conservation	
CSES 355V	Soil Profile Description ((1 hour, may take twice for credit))	
CSES 4253	Soil Classification and Genesis	

ENSC 4263	Environmental Soil Science	
ENSC 4401	Professional Certification Preparation	
CSES 4553	Wetland Soils	
GROUP G - Natural Resources Management (9 hours)		
ENSC 1003	Environmental Science & ENSC 1001L and Environmental Science Laboratory	
Select at least 5 hours from the following:		
ENSC 3003	Introduction to Water Science	
AGEC 3413	Principles of Environmental Economics or ENSC 341 Principles of Environmental Economics	
ENSC 3413	Principles of Environmental Economics	
AGEC 3503	Agricultural Law I	
AGEC 3523	Environmental and Natural Resources Law	
BIOL 3861L	General Ecology Laboratory	
BIOL 3863	General Ecology	
CSES 4133	Ecology and Morphology of Weedy and Invasive Plants	
CSES 4553	Wetland Soils	
CSES 462V	Internship ((3 hours))	
ENSC 3003	Introduction to Water Science	
ENSC 3103	Plants and Environmental Restoration	
ENSC 3223	Ecosystems Assessment	
ENSC 3603	GIS for Environmental Science	
ENSC 4021L	Water Quality Laboratory	
ENSC 4023	Water Quality	
ENSC 4034	Analysis of Environmental Contaminants	
ENSC 4263	Environmental Soil Science	
ENSC 4401	Professional Certification Preparation	
GEOS 3043	Sustaining Earth	
GEOS 3543	Geospatial Applications and Information Science	
GENERAL ELECTIVES		10-18
UNIV 1001	University Perspectives (****)	
Total Hours		120

*Students minoring in Agricultural Business should choose AGECE 2103 in the Social Sciences block and will need to select another course in the list of AGBS-M Controlled Electives (as part of the General Electives for the CPSC major) to fulfill the requirements for the minor.

**One 3-hr study abroad course, either Experiential Learning in Indian Agriculture (Jan) or Sustainability in the Eurozone Agro-Food Chain (May), which are both taken under AFLS 401V/AFLS 401VH, or CSES 462V International Research Internship (SU) may be used in fulfilling the General Agronomy requirement.

***If students declare a minor, then no more than 9 credit hours of courses selected within major (including courses within the CPSC Requirements Groups C-G) can be taken for duplicate credit in applying toward a minor associated with CPSC Requirements Groups C-G.

**** UNIV 1001 required for new freshmen only.

Crop Science B.S.A. Nine-Semester Degree Program

Because the Crop Science program requires an internship, it doesn't qualify for the Eight-Semester Program. See more about the Eight-

Semester Degree Policy (p. 87) for university requirements of the program.

First Year	Units		
	Fall	Spring	Summer
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3		
MATH 1203 College Algebra (ACTS Equivalency = MATH 1103)	3

COMM 1313 Public Speaking (ACTS Equivalency = SPCH 1003)		3	
AGEC 1103 Principles of Agricultural Microeconomics		3	
Year Total:	14	16	

Second Year	Units		
	Fall	Spring	Summer
CHEM 1103 University Chemistry I (ACTS Equivalency = CHEM 1414 Lecture) & CHEM 1101L University Chemistry I Laboratory (ACTS Equivalency = CHEM 1414 Lab) or CHEM 1073 and CHEM 1071L	4		
ENGL 2003 Advanced Composition or ENGL 3053 Technical and Report Writing (ACTS Equivalency = ENGL 2023)	3		
Social Science University Core Elective	3		
Fine Arts/Humanities University Core Elective	3		
Select one (1) course from Group A or B on checksheet	2-3		
CHEM 2613 Organic Physiological Chemistry (ACTS Equivalency = CHEM 1224 Lecture) & CHEM 2611L Organic Physiological Chemistry Laboratory (ACTS Equivalency = CHEM 1224 Lab) or CHEM 1123 and CHEM 1121L		4	

AGME 2903 Agricultural and Human Environmental Sciences Applications of Microcomputers or AGST 4023 Principles of Experimentation or STAT 2303 Principles of Statistics (ACTS Equivalency = MATH 2103)	3		
Social Science University Core Elective			3
Fine Arts/Humanities University Core Elective			3
Select one (1) course from Group A or B on checksheet			2-3
Year Total:	15	15	

Third Year	Units		
	Fall	Spring	Summer
PLPA 3004 Principles of Plant Pathology	4		
ENTO 3013 Introduction to Entomology	3		
Select one (1) course from Group A on checksheet	2		
CSES 2203 Soil Science & CSES 2201L Soil Science Laboratory	4		
General Elective or CHEM 2613/2611L	4		
Select one of the following: BIOL 2323 General Genetics BIOL 4303 Plant Physiology ANSC/POSC 3123 Principles of Genetics			3
Select one (1) course from Group A or B on checksheet			2-3
CPSC Requirement Elective			3
General Elective			6
Choose 3 hours from the following: CSES 462V Internship CSES 400V Special Problems AFLS 401V Special Topics in AFLS			3
Year Total:	17	14	3

Fourth Year	Units		
	Fall	Spring	Summer
CSES 3023 Crop, Soil, and Environmental Sciences Colloquium	3		
CSES 4133 Ecology and Morphology of Weedy and Invasive Plants	3		
CSES 4224 Soil Fertility	4		
CPSC Requirement Elective	3		
CSES 4013 Advanced Crop Science			3
CPSC Requirement Elective			3
General Electives			0-7
Year Total:	13	13	

Total Units in Sequence: 120

Minor in Crop Science (CPSC-M)

A student planning to minor in Crop Science must notify the program adviser for consultation and more detailed information. The Crop Science Minor consists of 18 semester hours of 2000-level courses or above, including the following:

CSES 2103	Crop Science	3
CSES 2203	Soil Science	3
Select 12 hours with at least 4 hours coming from Group A:		12
Group A		
CSES 3112	Forage Management	
CSES 3312	Cotton Production	
CSES 3322	Soybean Production	
CSES 3332	Rice Production	
CSES 3342	Cereal Grain Production	
Group B		
CSES 3214	Soil Resources and Nutrient Cycles	
CSES 4013	Advanced Crop Science	
CSES 4103	Plant Breeding	
CSES 4133	Ecology and Morphology of Weedy and Invasive Plants	
CSES 4143	Principles of Weed Control	
CSES 4224	Soil Fertility	
Total Hours		18

Minor in Crop Biotechnology (CPBT-M)

A student planning to minor in Crop Biotechnology must notify the program adviser for consultation and more detailed information. The Crop Biotechnology Minor consists of 16 hours of courses and to include the following:

Core Courses

PLPA 4333	Biotechnology in Agriculture	3
-----------	------------------------------	---

Genetics

CSES 400V	Special Problems (two 2-hour courses taken in two different semesters)	4
-----------	--	---

Select one of the following:		3
------------------------------	--	---

BIOL 2323	General Genetics	
ANSC/POSC 3123	Principles of Genetics	

Controlled Electives

Select two of the following:		6
------------------------------	--	---

BIOL 4303	Plant Physiology	
CHEM 3813	Elements of Biochemistry	
CSES 4103	Plant Breeding	

Total Hours		16
-------------	--	----

Faculty

Bacon, Robert Keith, Ph.D. (Purdue University), M.S., B.S.A., (University of Arkansas), Professor, 1984.

Barber, Thomas, Ph.D., M.S., B.S. (University of Arkansas), Professor, 2007.

Bartlett, Andrew, Ph.D., M.S. (University of Georgia), M.S. (College of Charleston), B.S. (Coastal Carolina University), Clinical Assistant Professor, 2016.

Bourland, Fred, Ph.D. (Texas A&M University), M.S., B.S.A. (University of Arkansas), Professor, 1988.

Brye, Kristofor R., Ph.D., M.S. (University of Wisconsin-Madison), B.S. (University of Wisconsin-Stevens Point), Professor, 2001.

Burgos, Nilda Roma, Ph.D., M.S. (University of Arkansas), B.S. (Visayas State College of Agriculture-Philippines), Professor, 1998.

Counce, Paul Allen, Ph.D. (University of Georgia), M.S. (Purdue University), B.S. (University of Tennessee-Martin), Professor, 1983.

Daniels, Michael B., Ph.D., M.S. (University of Arkansas), B.S. (Pennsylvania State University), Professor, 1996.

Espinoza, Leonel A., Ph.D., M.S. (University of Florida), B.S. (Iowa State University), Associate Professor, 2003.

Gbur, Edward E., Ph.D., M.S. (The Ohio State University), B.S. (Saint Francis University), Professor, 1987.

Hardke, Jarrod T., Ph.D. (Louisiana State University), B.S.A. (University of Arkansas), Associate Professor, 2013.

Kelley, Jason, Ph.D., M.S. (Oklahoma State University), B.S. (Kansas State University), Associate Professor, 2003.

Lee, Jung Ae, Ph.D., M.S. (University of Georgia), M.A., B.A., (Ewha Womans University), Assistant Professor, 2016.

Mason, Richard Esten, Ph.D., B.A. (Texas A&M University), Associate Professor, 2010.

Mauromoustakos, Andy, Ph.D., M.S. (Oklahoma State University), B.S. (Oral Roberts University), Professor, 1989.

Miller, David M., Ph.D. (University of Georgia), M.S., B.S. (Purdue University), Professor, 1988.

Moldenhauer, Karen Ann-Kuenzel, Ph.D. (Iowa State University), M.S. (North Carolina State University), B.S. (Iowa State University), Professor, 1982.

Mozaffari, Morteza, Ph.D. (University of Delaware), M.S., B.S. (University of Massachusetts), Assistant Professor, 2002.

Mozzoni, Leandro, Ph.D. (University of Arkansas), M.S. B.S. (Rosario National University), Associate Professor, 2017.

Norman, Richard J., Ph.D. (University of Illinois-Urbana-Champaign), M.S., B.S. (University of Missouri), Professor, 1983.

Norsworthy, Jason Keith, Ph.D., M.S. (University of Arkansas), B.S. (Louisiana Tech University), Professor, 2006.

Pereira, Andy, Ph.D. (Iowa State University), M.S. (Indian Agricultural Research Institute, India), B.Sc.Ag. (Govind Ballabh Pant University of Agriculture and Technology, India), Professor, 2011.

Purcell, Larry C., Ph.D. (University of Florida), M.S., B.S. (University of Georgia), Distinguished Professor, 1993.

Roberts, Trenton L., Ph.D. (University of Arkansas), M.S. (University of Arizona), B.S. (Oklahoma State University), Associate Professor, 2010.

Robertson, Bill, Ph.D., M.S. (Texas A&M University), B.S. (West Texas State University), Professor, 2014.

Ross, Jeremy, Ph.D, M.S., B.S. (University of Arkansas), Professor, 1996.

Savin, Mary Cathleen, Ph.D., M.S. (University of Rhode Island), B.S. (University of Notre Dame), Professor, 2002.

Scott, Robert C., Ph.D. (Mississippi State University), M.S., B.S. (Oklahoma State University), Professor, 2002.

Sha, Xueyan, Ph.D. (Louisiana State University), Professor, 2012.

Shakiba, Ehsan, Ph.D., M.S. (University of Arkansas), M.S., B.S. (Azad University, Iran), Assistant Professor, 2015.

Sharpley, Andrew N., Ph.D. (Massey University, New Zealand), B.S. (University College of North Wales), Distinguished Professor, 2006.

Skinner, Jerral V., Ph.D. (University of Arkansas), Lecturer, 1990.

Slaton, Nathan A., Ph.D., M.S. (University of Arkansas), B.S. (Murray State University), Professor, 2001.

Srivastava, Vibha, Ph.D. (Jawaharlal Nehru University, New Delhi), M.S. (Govind Ballabh Pant University of Agriculture and Technology), B.S. (D.E.I. University), Professor, 2001.

Willett, Cammy, Ph.D., M.S. (University of Missouri), B.S. (Evangel University), Assistant Professor, 2016.

Wilson, Charles E., Ph.D., M.S. (University of Arkansas), B.S. (Arkansas State University), Professor, 2011.

Wood, Lisa S., Ph.D., M.S., B.S. (University of Arkansas), Clinical Assistant Professor, 2012.

Crop, Soil and Environmental Sciences (CSES)

Robert K. Bacon
Head of the Department
115 Plant Science Building
479-575-2354

Crop, Soil and Environmental Sciences Website (<http://catalog.uark.edu/undergraduatecatalog/collegesandschools/dalebumperscollegeofagriculturalfoodandlifesciences/cropsoilandenvironmentalsciencescses/%20http://cses.uark.edu/>)

Courses in the Department of Crop, Soil and Environmental Sciences provide fundamental and applied studies in two majors:

- Crop Science (p. 136)
- Environmental, Soil and Water Science (p. 142)

Areas studied within the Crop Science major include crop science, production agriculture, plant breeding and genetics, crop and forage production, pest management (weeds, insects, and plant diseases), and soil fertility. The Environmental, Soil and Water Science major includes courses in areas such as environmental science, water quality, soil science, soil and water conservation, and the sustainable productivity of natural resources.

Many graduates from both majors also choose to continue their education in graduate programs in a wide variety of disciplines both related and complementary to the B.S.A. degrees.

Butts, Thomas R., Ph.D. (University of Nebraska), M.S., B.S.A., (University of Wisconsin), Assistant Professor, Department of Crop, Soil, and Environmental Sciences, 2018.

Entomology and Plant Pathology (ENTO-PLPA)

Ken Korth
Interim Department Head
217 Plant Science Building
479-575-5191

Entomology Website (<http://entomology.uark.edu/>)

Plant Pathology Website (<https://plant-pathology.uark.edu/>)

The Department of Entomology and Plant Pathology offers two undergraduates minors:

- Entomology (<http://catalog.uark.edu/undergraduatecatalog/collegesandschools/dalebumperscollegeofagriculturalfoodandlifesciences/entomologyento/>)
- Plant Pathology (<http://catalog.uark.edu/undergraduatecatalog/collegesandschools/dalebumperscollegeofagriculturalfoodandlifesciences/plantpathologyplpa/>)

Full degree programs are offered only at the graduate level.

Entomology is the branch of science concerned with the study of insects and related organisms. It involves studies of their biology, structure, identification, economic significance, and population management. The major emphasis of the curriculum is understanding insect biology and applying that knowledge in an integrated approach to insect-pest management.

Plant pathology is the study of interrelationships of plants with the abiotic and biotic agents that affect plant health and productivity. The goal of the discipline is to minimize the impact of plant diseases on agricultural production and human health. Scientific training within the department focuses on the nature, cause, and management of plant diseases.

Undergraduate students interested in graduate work in entomology or plant pathology should pursue one of the minors here or the Pest Management minor. See Pest Management (p. 157) for degree requirements.

Minor in Entomology (ENTO-M)

The Entomology minor will consist of a minimum of 15 semester hours to include the following:

ENTO 3013	Introduction to Entomology	3
ENTO 4024	Insect Diversity and Taxonomy	4
Select three of the following:		8-9
ENTO 4013	Insect Behavior and Chemical Ecology	
ENTO 4043	Apiculture	
ENTO 4053	Insect Ecology	
ENTO 4133	Advanced Applied Entomology	
ENTO 400V	Special Problems	
Total Hours		15-16

Minor in Plant Pathology (PLPA-M)

A student planning to minor in plant pathology should notify the Department of Entomology and Plant Pathology and consult an adviser. A minor in Plant Pathology consists of 19 hours to include the following:

PLPA 3004	Principles of Plant Pathology	4
PLPA 400V	Research	3
Select one of the following:		3
PLPA 4223	Plant Disease Control	
PLPA 4304	Applied Plant Disease Management	
Select three of the following:		9
BIOL 4233	Genomics and Bioinformatics	
BIOL 4303	Plant Physiology	
BIOL 4353	Ecological Genetics/Genomics	
BIOL 4424	Mycology	
BIOL 4753	General Virology	
PLPA 4333	Biotechnology in Agriculture	
Total Hours		19

Graduate Faculty

Bateman, Nick, Ph.D. (Mississippi State University), B.S. (University of Arkansas-Monticello), Assistant Professor, 2016.

Bluhm, Burt H., Ph.D., M.S. (Purdue University), B.S. (University of Oklahoma), Associate Professor, 2008.

Cartwright, Richard D., Ph.D. (University of California at Davis), M.S., B.S. (University of Arkansas), Extension Professor, 1993.

Correll, Jim, Ph.D., M.S. (University of California-Berkeley), B.S. (Pennsylvania State University), Distinguished Professor, 1989.

Dowling, Ashley Patrick Gregg, Ph.D. (University of Michigan-Ann Arbor), B.S. (University of Arizona), Associate Professor, 2008.

Egan, Martin J., Ph.D., B.Sc. (University of Exeter, United Kingdom), Assistant Professor, 2016.

Faske, Travis, Ph.D. (Texas A&M University), M.S. (Oklahoma State University), B.S. (Tarleton State University), Associate Professor, 2015.

Goggin, Fiona, Ph.D. (University of California-Davis), B.S. (Cornell University), Professor, 2001.

Hopkins, John D., Ph.D. (University of Arkansas), M.S., B.S. (Clemson), Associate Professor, 2002.

Johnson, Donn T., Ph.D., M.S. (Michigan State University), B.S. (University of Minnesota, Duluth), Professor, 1978.

Joshi, Neelendra, Ph.D. (Pennsylvania State University), Assistant Professor, 2015.

Kirkpatrick, Terry, Ph.D. (North Carolina State University), M.S., B.S. (University of Arkansas), Professor, 1984.

Korth, Ken L., Ph.D. (North Carolina State University), B.S. (University of Nebraska), Professor, 1999.

Loftin, Kelly M., Ph.D. (New Mexico State University), M.S. (University of Arkansas), B.S. (Arkansas Tech), Associate Professor, 2002.

Lorenz, Gus M., Ph.D., B.S.A., M.S. (University of Arkansas), Distinguished Professor, 1997.

Robbins, Robert Thomas, Ph.D. (North Carolina State University), M.S., B.S. (Kansas State University), University Professor, 1979.

Rojas, Clemencia, Ph.D. (Cornell University), M.S. (Purdue University), B.S. (Universidad de Los Andes, Colombia), Assistant Professor, 2015.

Rojas, Alejandro, Ph.D., M.S. (Michigan State University), M.S., B.S. (Los Andes University), Assistant Professor, 2018.

Rupe, John C., Ph.D., M.S. (University of Kentucky), B.S. (Colorado State University), Professor, 1984.

Spradley, J. Ples, M.S. (University of Arkansas), B.S. (Hendrix College), Extension Associate Professor, 1984.

Spurlock, Terry, Ph.D. (University of Arkansas), Extension Assistant Professor, 2015.

Steinkraus, Donald C., Ph.D. (Cornell University), M.S. (University of Connecticut), B.A. (Cornell University), Professor, 1989.

Stephen, Fred M., Ph.D. (University of California-Berkeley), B.S. (San Jose State University), University Professor, 1974.

Studebaker, Glenn, Ph.D., M.S. (University of Arkansas), B.S. (Missouri Southern State University), Associate Professor, 1993.

Szalanski, Allen Lawrence, Ph.D. (University of Nebraska-Lincoln), M.S. (Kansas State University), B.S. (University of Manitoba), Professor, 2001.

Thrash, Ben, Assistant Professor, 2018.

Tzanetakis, Ioannis E., Ph.D. (Oregon State University), M.S., B.S. (Agricultural University of Athens, Greece), Professor, 2008.

Wamishe, Yesi Andenow, Ph.D. (University of Arkansas) M.S., B.S. (Addis Ababa University, Ethiopia), Associate Professor, 2011.

Wiedenmann, Robert N., Ph.D., B.S. (Purdue University), Professor, 2005.

Environmental, Soil, and Water Science (ESWS)

Mary C. Savin
ESWS Coordinator
115 Plant Science Building
479-575-5740

Opportunities for employment and post-graduate study are numerous for graduates of the Department of Crop, Soil, and Environmental Sciences. Environmental, Soil, and Water Science graduates find jobs with environmental consulting companies, environmental education organizations, state agencies (e.g., Extension Service, Department of Environmental Quality, Health Department), federal agencies (e.g., Environmental Protection Agency, Natural Resources Conservation Service), municipalities and local environmental services (e.g., waste management and recycling, water and wastewater treatment facilities, parks and tourism departments), a wide variety of private businesses, and environmental research.

The Environmental, Soil, and Water Science major includes courses in areas such as environmental science, water quality, soil science, soil and water conservation, and the sustainable productivity of natural resources.

Requirements for a Major in Environmental, Soil, and Water Science (ESWS)

State minimum core and discipline specific general education requirements:

(Course work that meets state minimum core requirements is in bold.)

University Requirements		1
UNIV 1001	University Perspectives (Counts as General Elective)	
Communication		12
Choose from English Core course (6 hours)		
COMM 1313	Public Speaking (ACTS Equivalency = SPCH 1003)	
CSES 3023	Crop, Soil, and Environmental Sciences Colloquium	
	or AGED 31•Communicating Agriculture to the Public	

U.S. History and Government 3

Choose 3 hours U.S. History/Government from University Core

Mathematics 6

MATH 1203	College Algebra (ACTS Equivalency = MATH 1103)
MATH 1213	Plane Trigonometry (ACTS Equivalency = MATH 1203) (Higher level MATH is encouraged for students with an ACT of 26 or higher and considering graduate school.)

Sciences 35

BIOL 1543 & BIOL 1541L	Principles of Biology (ACTS Equivalency = BIOL 1014 Lecture) and Principles of Biology Laboratory (ACTS Equivalency = BIOL 1014 Lab)
BIOL 2013 & BIOL 2011L	General Microbiology (ACTS Equivalency = BIOL 2004 Lecture) and General Microbiology Laboratory (ACTS Equivalency = BIOL 2004 Lab)
BIOL 3863 & BIOL 3861L	General Ecology and General Ecology Laboratory
	or ENSC 3223 Ecosystems Assessment & ENSC 3224 Lab Ecosystems Assessment Laboratory
CSES 1203	Introduction to Plant Sciences
CHEM 1103 & CHEM 1101L	University Chemistry I (ACTS Equivalency = CHEM 1414 Lecture) and University Chemistry I Laboratory (ACTS Equivalency = CHEM 1414 Lab)
CHEM 1123 & CHEM 1121L	University Chemistry II (ACTS Equivalency = CHEM 1424 Lecture) and University Chemistry II Laboratory (ACTS Equivalency = CHEM 1424 Lab)
CHEM 2613 & CHEM 2611L	Organic Physiological Chemistry (ACTS Equivalency = CHEM 1224 Lecture) and Organic Physiological Chemistry Laboratory (ACTS Equivalency = CHEM 1224 Lab)
	or CHEM 3603 Organic Chemistry I & CHEM 3604 Lab Organic Chemistry I Laboratory
GEOS 1113 & GEOS 1111L	General Geology (ACTS Equivalency = GEOL 1114 Lecture) and General Geology Laboratory (ACTS Equivalency = GEOL 1114 Lab)
PHYS 2013 & PHYS 2011L	College Physics I (ACTS Equivalency = PHYS 2014 Lecture) and College Physics I Laboratory (ACTS Equivalency = PHYS 2014 Lab)

Fine Arts and Humanities 6

Select 3 hours Fine Arts from University Core

Select 3 hours Humanities from University Core

Social Sciences 9

Select 9 hours Social Sciences from University Core

ESWS Requirements*

Environmental Science Core 17

CSES 2203	Soil Science
CSES 2201L	Soil Science Laboratory
ENSC 1003	Environmental Science
ENSC 1001L	Environmental Science Laboratory

AGME 2903	Agricultural and Human Environmental Sciences Applications of Microcomputers
ENSC 3003	Introduction to Water Science
STAT 2303	Principles of Statistics (ACTS Equivalency = MATH 2103)
or AGST 4023	Principles of Experimentation

Soil Science Core

Select one of the following:	3-4
CSES 3214	Soil Resources and Nutrient Cycles (with Lab Component)
CSES 4224	Soil Fertility (with Lab Component)
CSES 4253	Soil Classification and Genesis (with Lab Component)
CSES 4553	Wetland Soils
ENSC 3263	Soil and Water Conservation
ENSC 4263	Environmental Soil Science (with Lab Component)

Water Science Core

Select one of the following:	3
ENSC 4023	Water Quality
GEOS 3333	Oceanography
GEOS 4033	Hydrogeology
GEOS 4363	Climatology
GEOS 4473	Applied Climatology

Natural Resources Core

Select 9 hours from the following two groups:	9
---	---

Environmental Science**

AGME 3153	Surveying in Agriculture and Forestry
CSES 2013	Pest Management
CSES 355V	Soil Profile Description (1 hour, may take twice)
CSES 462V	Internship (1-6 credit hours)
CSES 4553	Wetland Soils
ENSC 3103	Plants and Environmental Restoration
ENSC 3263	Soil and Water Conservation
ENSC 3603	GIS for Environmental Science
ENSC 4021L	Water Quality Laboratory
ENSC 4034	Analysis of Environmental Contaminants
ENSC 4401	Professional Certification Preparation
GEOS 3043	Sustaining Earth
GEOS 3543	Geospatial Applications and Information Science

Environmental Studies (0-3 hours)

AGEC 3413	Principles of Environmental Economics
AGEC 3503	Agricultural Law I
AGEC 3523	Environmental and Natural Resources Law
ENSC 3933	Environmental Ethics
SOCI 4603	Environmental Sociology

General Electives	16-17
-------------------	-------

Total Hours	120
--------------------	------------

*Courses within major cannot be taken for duplicate credit.

**One 3-hr study abroad course, either Experiential Learning in Indian Agriculture (Jan) or Sustainability in the Eurozone Agro-Food Chain (May), which are both taken under AFLS 401V/401VH, can be substituted for 3 hours of Natural Resources core.

Environmental, Soil, and Water Science B.S.A.

Eight-Semester Degree Program

Students wishing to follow the degree plan should see the Eight-Semester Degree Policy (p. 87) for university requirements of the program.

First Year	Units	
	Fall	Spring
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3	
ENSC 1003 Environmental Science & ENSC 1001L Environmental Science Laboratory	4	
BIOL 1543 Principles of Biology (ACTS Equivalency = BIOL 1014 Lecture) & BIOL 1541L Principles of Biology Laboratory (ACTS Equivalency = BIOL 1014 Lab)	4	
MATH 1203 College Algebra (ACTS Equivalency = MATH 1103)	3	
UNIV 1001 University Perspectives	1	
Fine Arts/Humanities University Core Elective		3
ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023)		3
CSES 1203 Introduction to Plant Sciences		3
Social Sciences University Core Elective		3
CHEM 1103 University Chemistry I (ACTS Equivalency = CHEM 1414 Lecture) & CHEM 1101L University Chemistry I Laboratory (ACTS Equivalency = CHEM 1414 Lab)		4
Year Total:	15	16

Second Year	Units	
	Fall	Spring
General Elective as Broadening Elective (could apply toward a minor)	3	
GEOS 1113 General Geology (ACTS Equivalency = GEOL 1114 Lecture) & GEOS 1111L General Geology Laboratory (ACTS Equivalency = GEOL 1114 Lab)	4	
History University Core Elective	3	
COMM 1313 Public Speaking (ACTS Equivalency = SPCH 1003)	3	
MATH 1213 Plane Trigonometry (ACTS Equivalency = MATH 1203)	3	
CHEM 1123 University Chemistry II (ACTS Equivalency = CHEM 1424 Lecture) & CHEM 1121L University Chemistry II Laboratory (ACTS Equivalency = CHEM 1424 Lab)		4
Fine Arts/Humanities University Core Elective		3
Social Sciences University Core Elective		3
ENSC 3003 Introduction to Water Science		3
AGME 2903 Agricultural and Human Environmental Sciences Applications of Microcomputers		3
Year Total:	16	16

Third Year	Units	
	Fall	Spring
CSES 2203 Soil Science & CSES 2201L Soil Science Laboratory	4	
PHYS 2013 College Physics I (ACTS Equivalency = PHYS 2014 Lecture) & PHYS 2011L College Physics I Laboratory (ACTS Equivalency = PHYS 2014 Lab)	4	
Water Science or Natural Resources Core	3	
Select one of the following:	3-4	
General Electives as AFLS Broadening Electives (Could apply toward a minor)		
CHEM 3603 Organic Chemistry I & CHEM 3601L Organic Chemistry I Laboratory		
BIOL 2013 General Microbiology (ACTS Equivalency = BIOL 2004 Lecture) & BIOL 2011L General Microbiology Laboratory (ACTS Equivalency = BIOL 2004 Lab)	4	
CHEM 2613 Organic Physiological Chemistry (ACTS Equivalency = CHEM 1224 Lecture) & CHEM 2611L Organic Physiological Chemistry Laboratory (ACTS Equivalency = CHEM 1224 Lab)	4	
Social Sciences Core Elective	3	
Water Science or Soil Science Core (For Water Science: Recommended: ENSC 3003; Soil Science: Pre-at least CSES 2203)	3-4	
Year Total:	14	14
Fourth Year	Units	
	Fall	Spring
Select one of the following:	3	
CSES 3023 Crop, Soil, and Environmental Sciences Colloquium		
AGED 3143 Communicating Agriculture to the Public		
Select one of the following:	4	
ENSC 3223 Ecosystems Assessment & ENSC 3221L Ecosystems Assessment Laboratory		
BIOL 3863 General Ecology & BIOL 3861L General Ecology Laboratory		
Statistics or Natural Resources Core	3	
Soil Science or Natural Resources Core	3-4	
Natural Resources Core or General Elective (Could apply elective toward a minor)	3	
Natural Resources Core or General Elective	3	
Statistics or Natural Resources Core	3	
General Elective	3	
General Elective as Broadening Elective (Could apply toward a minor)	2-3	
General Elective (May wish to take another elective. Could apply toward a minor)	2-3	
Year Total:	16	13
Total Units in Sequence:	120	

Minor in Natural Resources Management (NRMT-M)

A student planning to minor in Natural Resources Management must notify the program adviser for consultation and more detailed information. No more than 9 hours can be counted towards a Natural Resources Management minor with an ESWS major. The Natural Resources Management Minor consists of 18 hours to include the following:

Required courses		7
ENSC 1003	Environmental Science	
ENSC 1001L	Environmental Science Laboratory	
CSES 2203	Soil Science or ENSC 30(Introduction to Water Science	
Optional courses (11 hours, at least 8 hours must be 3000-level or above)		11
AGEC 3413	Principles of Environmental Economics	
AGEC 3503	Agricultural Law I	
AGEC 3523	Environmental and Natural Resources Law	
BIOL 3863	General Ecology	
& BIOL 3861L	and General Ecology Laboratory	
CSES 1203	Introduction to Plant Sciences	
CSES 2013	Pest Management	
CSES 2201L	Soil Science Laboratory	
CSES 3214	Soil Resources and Nutrient Cycles	
CSES 355V	Soil Profile Description	
CSES 4013	Advanced Crop Science	
CSES 4133	Ecology and Morphology of Weedy and Invasive Plants	
CSES 4224	Soil Fertility	
CSES 4253	Soil Classification and Genesis	
CSES 4553	Wetland Soils	
CSES 462V	Internship	
ENSC 3103	Plants and Environmental Restoration	
ENSC 3223	Ecosystems Assessment	
& ENSC 3221L	and Ecosystems Assessment Laboratory	
ENSC 3263	Soil and Water Conservation	
ENSC 3603	GIS for Environmental Science	
ENSC 4021L	Water Quality Laboratory	
ENSC 4023	Water Quality	
ENSC 4034	Analysis of Environmental Contaminants	
ENSC 4263	Environmental Soil Science	
ENSC 4401	Professional Certification Preparation	
GEOS 3043	Sustaining Earth	
GEOS 3543	Geospatial Applications and Information Science	
Total Hours		18

Minor in Soil Science (SOIL-M)

A student planning to minor in Soil Science must notify the program adviser for consultation and more detailed information.

The Soil Science minor will consist of a total of 18 hours comprising the following required and elective courses. No more than 9 hours can be counted towards a Soil Science minor with an Environmental Soil and Water Science major. Those students interested in obtaining certification in the area of soil science will need at least 15 soil science

hours, preferably covering each of the sub-disciplines (i.e., fertility, genesis, morphology, and classification, chemistry, physics, soil biology and ecology, and land use and management).

Required Courses

CSES 2203	Soil Science	4
& CSES 2201L	and Soil Science Laboratory	

Elective Courses

Select the remaining 14 hours from the following courses:

Undergraduate Courses		
CSES 3214	Soil Resources and Nutrient Cycles	
CSES 355V	Soil Profile Description (1 hour; may be taken for up to 2 hours credit)	
CSES 4224	Soil Fertility	
CSES 4253	Soil Classification and Genesis	
CSES 4553	Wetland Soils	
ENSC 3263	Soil and Water Conservation	
ENSC 4263	Environmental Soil Science	
ENSC 4401	Professional Certification Preparation (soils exam)	
Graduate Courses		
CSES 5033	Advanced Soil Fertility and Plant Nutrition	
CSES 5224	Soil Physics	
CSES 5264	Microbial Ecology	
CSES 5453	Soil Chemistry	

Total Hours 18

Food Science (FDSC)

Jeyam Subbiah
Department Head
N-201 Food Science Building
479-575-4605
jsubbiah@uark.edu

Department of Food Science Website (<http://food-science.uark.edu/>)

Food science is the application of science and technology to processing, packaging, safety, product innovation and distribution of food products. Food science deals with all aspects of food between production and consumption and involves many disciplines, including chemistry, microbiology, nutrition, engineering and sensory science.

Food science prepares students for many interesting, rewarding and challenging professional career opportunities in industry, business, governmental and educational organizations associated with food and food-related products. Due to the diversity and abundance of opportunities available, students graduating with a B.S.A. in food science readily obtain employment or continue studies for graduate school. Additionally, requirements for several pre-professional programs can be fulfilled while meeting requirements for the food science degree.

Students may choose one of three areas of concentration for their degree program: Food Science (FDSC), Food Technology (FDTN) or Food and Culinary Sciences (FDCU). The FDSC concentration at the University of Arkansas is one of only 40 programs in the United States and the only one in Arkansas that is approved by the Institute of Food Technologists. It provides students with a strong background in basic and applied sciences and food chemistry, microbiology, analysis, quality and engineering.

The FDTN concentration provides students interested in food industry careers with an integrated background in food science and business or nutrition. Students in the food technology concentration will complete a minor in agribusiness, general business, or nutrition while completing their core requirements, thus leaving elective hours available for further educational enhancement.

The FDCU concentration provides students interested in product development careers with an interdisciplinary background in food science and culinary arts. This concentration is a partnership program with Northwest Arkansas Community College (NWACC). Students complete their culinary arts coursework for transfer credit to the UA at Brightwater: A Center for the Study of Food (an academic division of NWACC located in Bentonville, AR) and are eligible to receive a Certificate of Proficiency in Culinary Arts from NWACC with no additional coursework. Culinary coursework can be taken prior to admission to the UA or taken while in residence at the UA. Food and Culinary Sciences concentration will provide students with the course work necessary to be eligible to become a Certified Culinary Scientist through the Research Chef's Association.

Students in each concentration are offered opportunities for research, internships, international experiences and selection of a minor.

Requirements for a Major in Food Science (FDSC)

State minimum core and discipline specific general education requirements:

(Course work that meets state minimum core requirements is in bold.)

Communication (6-12 hours)

ENGL 1013	Composition I (ACTS Equivalency = ENGL 1013) (unless exempt)	3
ENGL 1023	Composition II (ACTS Equivalency = ENGL 1023) (unless exempt)	3

Select two courses from approved list of communication intensive courses (FDCU must choose 3000-4000 level courses) 6

U.S. History and Government (3 hours)

Select one U.S. History Core courses 3

Mathematics and Statistics (9-13 hours)

MATH 1203	College Algebra (ACTS Equivalency = MATH 1103)	3
-----------	--	---

FDSC Concentration: 10

MATH 1213	Plane Trigonometry (ACTS Equivalency = MATH 1203)	
MATH 2554	Calculus I (ACTS Equivalency = MATH 2405)	

Select one of the following:

STAT 2303	Principles of Statistics (ACTS Equivalency = MATH 2103)	
STAT 2023	Biostatistics	
AGST 4023	Principles of Experimentation	

FDTN Concentration: 6-9

MATH 2043	Survey of Calculus (ACTS Equivalency = MATH 2203)	
MATH 2053	Finite Mathematics (for students declaring Agricultural Business or General Business minors only)	

Select one of the following:

AGEC 2403	Quantitative Tools for Agribusiness	
-----------	-------------------------------------	--

WCOB 1033	Data Analysis and Interpretation	
STAT 2303	Principles of Statistics (ACTS Equivalency = MATH 2103)	
AGST 4023	Principles of Experimentation	
FDCU Concentration:		6

MATH 2043	Survey of Calculus (ACTS Equivalency = MATH 2203)	
STAT 2303	Principles of Statistics (ACTS Equivalency = MATH 2103)	

Physical and Biological Sciences (20-31 hours)

BIOL 1543 & BIOL 1541L	Principles of Biology (ACTS Equivalency = BIOL 1014 Lecture) and Principles of Biology Laboratory (ACTS Equivalency = BIOL 1014 Lab)	4
BIOL 2013 & BIOL 2011L	General Microbiology (ACTS Equivalency = BIOL 2004 Lecture) and General Microbiology Laboratory (ACTS Equivalency = BIOL 2004 Lab)	4
CHEM 1103 & CHEM 1101L	University Chemistry I (ACTS Equivalency = CHEM 1414 Lecture) and University Chemistry I Laboratory (ACTS Equivalency = CHEM 1414 Lab)	4
CHEM 1123 & CHEM 1121L	University Chemistry II (ACTS Equivalency = CHEM 1424 Lecture) and University Chemistry II Laboratory (ACTS Equivalency = CHEM 1424 Lab)	4

Select one of the following concentrations:

FDCU Concentration:	11-15
---------------------	-------

CHEM 2613 & CHEM 2611L	Organic Physiological Chemistry (ACTS Equivalency = CHEM 1224 Lecture) and Organic Physiological Chemistry Laboratory (ACTS Equivalency = CHEM 1224 Lab)	
or CHEM 361 & CHEM 361L	Organic Chemistry I (and Organic Chemistry I Laboratory)	
& CHEM 362 & CHEM 362L	Organic Chemistry II (and Organic Chemistry II Laboratory)	
CHEM 3813	Elements of Biochemistry	
PHYS 2013 & PHYS 2011L	College Physics I (ACTS Equivalency = PHYS 2014 Lecture) and College Physics I Laboratory (ACTS Equivalency = PHYS 2014 Lab)	

FDTN Concentration:	4-7
---------------------	-----

CHEM 2613 & CHEM 2611L	Organic Physiological Chemistry (ACTS Equivalency = CHEM 1224 Lecture) and Organic Physiological Chemistry Laboratory (ACTS Equivalency = CHEM 1224 Lab)	
CHEM 3813	Elements of Biochemistry (for students declaring General Foods and Nutrition minor only)	

FDCU Concentration:	4
---------------------	---

CHEM 2613 & CHEM 2611L	Organic Physiological Chemistry (ACTS Equivalency = CHEM 1224 Lecture) and Organic Physiological Chemistry Laboratory (ACTS Equivalency = CHEM 1224 Lab)	
------------------------	--	--

Fine Arts and Humanities (6 hours)

Select two Fine Arts, Humanities Core courses	6
---	---

Social Sciences (9 hours)

Select three Social Science Core courses	9
--	---

Students declaring Agricultural Business minor must take AGECE 1103 Agricultural Microeconomics and students declaring General Business minor must take ECON 2143 Basic Economics - Theory & Practice, or both ECON 2013 Macroeconomics and ECON 2023 Microeconomics

FDSC Degree Requirements (26 hours)

UNIV 1001	University Perspectives	1
FDSC 1011	Exploring Topics in Food Science	1
FDSC 1103	Introduction to Food Science	3
FDSC 3103	Principles of Food Processing	3
FDSC 3202	Introduction to Food Law	2
FDSC 4304	Food Chemistry	4
FDSC 4113 & FDSC 4111L	Food Analysis and Food Analysis Lab	4
FDSC 431V	Internship in Food Science	3
FDSC 4413	Sensory Evaluation of Food	3
FDSC 4713	Product Innovation for the Food Scientist	3
General Electives (9-19 hours)		9-19

Additional Requirements for Food Science Concentration (10 hours)

NUTR 1213	Fundamentals of Nutrition	3
FDSC 4122 & FDSC 4121L	Food Microbiology and Food Microbiology Lab	3
FDSC 4754	Engineering Principles of Food Processing	4

Food Science B.S.A., Food Science Concentration**Nine-Semester Degree Program**

Because the Food Science Concentration requires an internship one summer, students cannot enroll in an Eight-Semester Program. See the Eight-Semester Degree Policy (p. 87) for requirements of the eight-semester programs.

First Year	Units		
	Fall	Spring	Summer
UNIV 1001 University Perspectives	1		
BIOL 1543 Principles of Biology (ACTS Equivalency = BIOL 1014 Lecture) & BIOL 1541L Principles of Biology Laboratory (ACTS Equivalency = BIOL 1014 Lab)	4

General Electives (9-19 hours) 9-19

Additional Requirements for Food Technology Concentration (18-21 hours)

Select one of the following: 3

FDSC 2523 Sanitation and Safety in Food Processing Operations

FDSC 4122 Food Microbiology & FDSC 4121L and Food Microbiology Lab

Complete one of the following options (students must declare chosen minor with Bumpers College Dean's Office)

Option 1: Agribusiness Minor (AGBS-M) 15

ISYS 1120 Computer Competency Requirement

AGEC 2142 Agribusiness Financial Records & AGECE 2141L and Agribusiness Financial Records Lab

AGEC 2303 Introduction to Agribusiness

AGEC 3303 Food and Agricultural Marketing

AGEC 4313 Agricultural Business Management

Select one 3000-4000 level business course from the departmental codes: ACCT, AGECE, ECON, FINN, ISYS, MGMT, MKTG, SPCM or WCOB	
Option 2: General Business Minor (GBUS-M)	15
ISYS 1120 Computer Competency Requirement	
ACCT 2013 Accounting Principles	
MGMT 3563 Management Concepts and Organizational Behavior	
MKTG 3433 Introduction to Marketing	
Select two 3000-4000 level Walton College courses chosen from department codes: ACCT, ECON, FINN, ISYS, MGMT, MKTG, SPCM or WCOB	
Option 3: General Foods and Nutrition Minor (GFNU-M)	18
NUTR 1213 Fundamentals of Nutrition	
NUTR 2113 Principles of Foods & NUTR 2111L and Principles of Foods Laboratory	
NUTR 3203 Human Nutrition	
NUTR 4213 Advanced Nutrition	
Select two of the following:	
NUTR 2203 Sports Nutrition	
NUTR 4223 Life Cycle Nutrition	
NUTR 4243 Community Nutrition	

Food Science B.S.A., Food Technology Concentration

Nine-Semester Degree Program

Because the Food Technology Concentration requires an internship one summer, students cannot enroll in an Eight-Semester Program. See the Eight-Semester Degree Policy (p. 87) for requirements of the eight-semester programs. Students in the Food Technology Concentration must also minor in agribusiness, general business or nutrition.

Requirements for a Major in Food Science (FDSC)

State minimum core and discipline specific general education requirements:

(Course work that meets state minimum core requirements is in bold.)

Communication (6-12 hours)

ENGL 1013	Composition I (ACTS Equivalency = ENGL 1013) (unless exempt)	3
ENGL 1023	Composition II (ACTS Equivalency = ENGL 1023) (unless exempt)	3

Select two courses from approved list of communication intensive courses (FDCU must choose 3000-4000 level courses) 6

U.S. History and Government (3 hours)

Select one U.S. History Core courses 3

Mathematics and Statistics (9-13 hours)

MATH 1203	College Algebra (ACTS Equivalency = MATH 1103)	3
-----------	--	---

FDSC Concentration: 10

MATH 1213	Plane Trigonometry (ACTS Equivalency = MATH 1203)	
MATH 2554	Calculus I (ACTS Equivalency = MATH 2405)	
Select one of the following:		

STAT 2303	Principles of Statistics (ACTS Equivalency = MATH 2103)	
STAT 2023	Biostatistics	
AGST 4023	Principles of Experimentation	
FDTN Concentration:		6-9
MATH 2043	Survey of Calculus (ACTS Equivalency = MATH 2203)	
MATH 2053	Finite Mathematics (for students declaring Agricultural Business or General Business minors only)	
Select one of the following:		
AGEC 2403	Quantitative Tools for Agribusiness	
WCOB 1033	Data Analysis and Interpretation	
STAT 2303	Principles of Statistics (ACTS Equivalency = MATH 2103)	
AGST 4023	Principles of Experimentation	
FDCU Concentration:		6
MATH 2043	Survey of Calculus (ACTS Equivalency = MATH 2203)	
STAT 2303	Principles of Statistics (ACTS Equivalency = MATH 2103)	
Physical and Biological Sciences (20-31 hours)		
BIOL 1543 & BIOL 1541L	Principles of Biology (ACTS Equivalency = BIOL 1014 Lecture) and Principles of Biology Laboratory (ACTS Equivalency = BIOL 1014 Lab)	4
BIOL 2013 & BIOL 2011L	General Microbiology (ACTS Equivalency = BIOL 2004 Lecture) and General Microbiology Laboratory (ACTS Equivalency = BIOL 2004 Lab)	4
CHEM 1103 & CHEM 1101L	University Chemistry I (ACTS Equivalency = CHEM 1414 Lecture) and University Chemistry I Laboratory (ACTS Equivalency = CHEM 1414 Lab)	4
CHEM 1123 & CHEM 1121L	University Chemistry II (ACTS Equivalency = CHEM 1424 Lecture) and University Chemistry II Laboratory (ACTS Equivalency = CHEM 1424 Lab)	4
Select one of the following concentrations:		
FDSC Concentration:		11-15
CHEM 2613 & CHEM 2611L	Organic Physiological Chemistry (ACTS Equivalency = CHEM 1224 Lecture) and Organic Physiological Chemistry Laboratory (ACTS Equivalency = CHEM 1224 Lab)	
or CHEM 361 and Organic Chemistry I & CHEM 361 and Organic Chemistry I Laboratory		
or CHEM 362 and Organic Chemistry II & CHEM 362 and Organic Chemistry II Laboratory		
CHEM 3813	Elements of Biochemistry	
PHYS 2013 & PHYS 2011L	College Physics I (ACTS Equivalency = PHYS 2014 Lecture) and College Physics I Laboratory (ACTS Equivalency = PHYS 2014 Lab)	
FDTN Concentration:		4-7

CHEM 2613 & CHEM 2611L	Organic Physiological Chemistry (ACTS Equivalency = CHEM 1224 Lecture) and Organic Physiological Chemistry Laboratory (ACTS Equivalency = CHEM 1224 Lab)	
CHEM 3813	Elements of Biochemistry (for students declaring General Foods and Nutrition minor only)	
FDCU Concentration:		4
CHEM 2613 & CHEM 2611L	Organic Physiological Chemistry (ACTS Equivalency = CHEM 1224 Lecture) and Organic Physiological Chemistry Laboratory (ACTS Equivalency = CHEM 1224 Lab)	
Fine Arts and Humanities (6 hours)		
Select two Fine Arts, Humanities Core courses		6
Social Sciences (9 hours)		
Select three Social Science Core courses		9
Students declaring Agricultural Business minor must take AGECE 1103 Agricultural Microeconomics and students declaring General Business minor must take ECON 2143 Basic Economics - Theory & Practice, or both ECON 2013 Macroeconomics and ECON 2023 Microeconomics		
FDSC Degree Requirements (26 hours)		
UNIV 1001	University Perspectives	1
FDSC 1011	Exploring Topics in Food Science	1

test

Minor in Food Science (FDSC-M)

The Food Science Minor consists of 18 semester hours to include:

The following courses are required for a minor in Food Science:

FDSC 3103	Principles of Food Processing	3
FDSC 4122 & FDSC 4121L	Food Microbiology and Food Microbiology Lab	3
FDSC 4304	Food Chemistry	4
and a minimum of 8 hours selected from the following courses (at least 5 hours must be 3000-4000 level coursework):		8
FDSC 1103	Introduction to Food Science	
FDSC 2401	Uncorked: Vines to Wines	
FDSC 2401H	Honors Uncorked: Vines to Wines	
FDSC 2603	Science in the Kitchen	
FDSC 2701	Food for Health	
FDSC 3202	Introduction to Food Law	
FDSC 4113 & FDSC 4111L	Food Analysis and Food Analysis Lab	
FDSC 4413	Sensory Evaluation of Food	
FDSC 4754	Engineering Principles of Food Processing	
NUTR 4213	Advanced Nutrition	
Total Hours		18

A student planning to minor in food science must consult a Department of Food Science adviser.

Requirements for Certificate of Proficiency in Brewing Science

This program is designed to provide students with a theoretical and practical introduction to brewing and fermentation. This certificate requires 15 credit hours of work, selected from the list below. Students must take two courses in brewing, one lecture and one lab, complete three credit hours of an internship, research, or special problems course, and then take two additional courses in FDSC, BIOL, CHEM, BENG, or CHEG. To broaden the student's exposure to the skills needed in brewing and fermentation, for currently enrolled undergraduate students, at least one of these additional courses must be in a different department from the department of the student's major, and that course must also be outside of those already required for the student's major(s). If the student already holds a degree, the course must be a new one outside of the previous degree program.

Required courses

FDSC 2723	Introduction to Brewing Science	3
BIOL 2723L	Microbial Fermentation Laboratory	3

Required internship, special problems, or honors research project

Internship

Students could participate in an approved three credit hour internship with a brewing industry partner. A three credit hour internship should involve approximately 120-130 hours of work with the partner. The internship need not be completed in a single semester, although that is acceptable. At the end of the final semester of the internship, students would have to present a written and oral report of the work performed and lessons learned.

Special problems or research hours

Students could complete three credit hours working on a practical research problem under the supervision of a faculty member in FDSC, BISC, CHEM, BENG, or CHEG. The topic of this work should be approved for relevance to the certificate before the work begins and reviewed if it changes substantially during the course of the work. Work that involves industry partners is particularly encouraged. At the end of the final semester of the work, students would have to present a written and oral report of the work performed and lessons learned. Credit hours and work done for an honors degree can satisfy this requirement, but if honors work is used, it must include at least one credit hour in three different semesters.

Elective courses

6

BIOL 2013	General Microbiology (ACTS Equivalency = BIOL 2004 Lecture)
or BIOL 312: Prokaryote Biology	
BIOL 2533	Cell Biology
or BIOL 2323: General Genetics	
CHEM 2613	Organic Physiological Chemistry (ACTS Equivalency = CHEM 1224 Lecture)
or CHEM 36 Organic Chemistry II	
FDSC 3103	Principles of Food Processing
FDSC 2603	Science in the Kitchen
FDSC 2523	Sanitation and Safety in Food Processing Operations
FDSC 4122	Food Microbiology
CHEG 2133	Fluid Mechanics
CHEG 3144	Heat and Mass Transfer
BENG 3113	Measurement and Control for Biological Systems
BENG 3733	Transport Phenomena in Biological Systems

Total Hours

15

Faculty

Atungulu, Griffiths Odhiambo, Ph.D., M.S. (Iwate University, Japan), B.S. (Jomo Kenyatta University of Agriculture and Technology, Kenya), Associate Professor, 2013.

Baum, Jamie I., Ph.D., B.S. (University of Illinois-Urbana-Champaign), Associate Professor, 2011.

Carbonero, Franck, Ph.D. (University of Warwick, U.K.), M.S. (Université Blaise Pascal, France), B.S. (Université Joseph Fourier, France), Assistant Professor, 2013.

Crandall, Philip G., Ph.D., M.S. (Purdue University), B.S. (Kansas State University), Professor, 1989.

Gibson, Kristen Elizabeth, Ph.D. (Johns Hopkins University), B.S. (University of Central Florida), Associate Professor, 2012.

Hettiarachchy, Navam S., Ph.D. (University of Hull, England), M.S. (Edinburgh University, Scotland), B.S. (University of Madras, India), University Professor, 1992.

Howard, Luke R., Ph.D., M.S. (University of Arkansas), B.S. (Purdue University), Professor, 2002.

Lee, Sun-Ok, Ph.D., M.S. (Iowa State University), M.S., B.S. (Dongduk Women's University), Associate Professor, 2008.

Meulenet, Jean-François, Ph.D. (University of Georgia), M.S. (National Superior School of Agronomy and Food Science, Nancy, France), Professor, 1996.

Morawicki, Ruben O., Ph.D. (Pennsylvania State University), M.Eng. (State University of New York-Buffalo), B.S. (Universidad Nacional de Misiones, Argentina), Associate Professor, 2006.

Ricke, Steven C., Ph.D. (University of Wisconsin-Madison), M.S., B.S. (University of Illinois), Professor, 2005.

Seo, Han-Seok, Dr.rer.Medic. (Technische Universität Dresden, Germany), Ph.D., M.Sc. (Seoul National University), B.S. (Korea University, Seoul), Associate Professor, 2012.

Siebenmorgen, Terrence J., Ph.D. (University of Nebraska-Lincoln), M.S.Ag.E. (Purdue University), B.S.Ag.E. (University of Arkansas), Distinguished Professor, 1984.

Wang, Ya-Jane, Ph.D. (Iowa State University), M.S. (University of Minnesota-Twin Cities), B.S. (National Taiwan University), Professor, 1999.

Horticulture (HORT)

Wayne A. Mackay

Head of the Department
316 Plant Sciences Building
479-575-2603

Department of Horticulture Website (<http://hort.uark.edu/>)

The Department of Horticulture offers a broad, science-based degree with comprehensive and technical training: Horticulture, Landscape and Turf Sciences (HLTS).

Horticulture, landscape, and turf management involves selection, production, management, marketing, use, and research of ornamental crops (shrubs, trees, flowers, and turf), edible crops (herbs, vegetables, and fruits) and turf grasses for the economic, nutritional, aesthetic and recreational well-being of society. The major provides education and training in basic and applied sciences, arts and humanities, communication, and business and economics to provide an understanding of the underlying principles in plant growth and development and use of new technologies, and the operation of a horticultural enterprise. In consultation with an academic adviser and mentor, students may individually focus their academic programs through required and elective courses to focus training in specialized areas such as production, greenhouse and floriculture sciences, turfgrass management, golf course management, nursery production and management, edible crop production, pest management, sales and support services, education and training, and horticultural consulting. An internship in the industry is required to gain practical, hands-on experience.

Job opportunities for horticulturists include horticulture crop production and management, horticulture merchandising and business, consulting, inspection, research, teaching, Extension, communications, allied industries serving horticultural producers, journalism, and developing private business. Students who specialize in landscape and aspects of ornamental horticulture will be prepared for careers in the landscape service industry, landscape nurseries, landscape design firms, private and public gardens, and public agencies such as parks and recreation. Job opportunities for students studying turfgrass management include golf course superintendent, sports field manager, turfgrass science companies, seed or sod production, commercial landscape turfgrass

management, research, sales, teaching, or private consulting. Advanced study may be required for some careers.

Requirements for a Major in Horticulture, Landscape and Turf Sciences (HLTS)

The HLTS major will consist of 120 hours to include the following:

State minimum core and discipline specific general education requirements:

(Course work that meets state minimum core requirements is in **bold**.)

Communications		6
ENGL 1013	Composition I (ACTS Equivalency = ENGL 1013)	
ENGL 1023	Composition II (ACTS Equivalency = ENGL 1023)	
U.S. History and Government		3
HIST 2003	History of the American People to 1877 (ACTS Equivalency = HIST 2113)	
HIST 2013	History of the American People, 1877 to Present (ACTS Equivalency = HIST 2123)	
PLSC 2003	American National Government (ACTS Equivalency = PLSC 2003)	
Mathematics		3-4
MATH 1203	College Algebra (ACTS Equivalency = MATH 1103) (or higher level math)	
Physical and Biological Sciences		12-16
BIOL 1543 & BIOL 1541L	Principles of Biology (ACTS Equivalency = BIOL 1014 Lecture) and Principles of Biology Laboratory (ACTS Equivalency = BIOL 1014 Lab)	
CHEM 2613 & CHEM 2611L	Organic Physiological Chemistry (ACTS Equivalency = CHEM 1224 Lecture) and Organic Physiological Chemistry Laboratory (ACTS Equivalency = CHEM 1224 Lab)	
Select from one Chemistry group:		
CHEM 1073 & CHEM 1071L	Fundamentals of Chemistry (ACTS Equivalency = CHEM 1214 Lecture) and Fundamentals of Chemistry Laboratory (ACTS Equivalency = CHEM 1214 Lab)	
OR		
CHEM 1103 & CHEM 1101L	University Chemistry I (ACTS Equivalency = CHEM 1414 Lecture) and University Chemistry I Laboratory (ACTS Equivalency = CHEM 1414 Lab)	
AND		
CHEM 1123 & CHEM 1121L	University Chemistry II (ACTS Equivalency = CHEM 1424 Lecture) and University Chemistry II Laboratory (ACTS Equivalency = CHEM 1424 Lab)	
Fine Arts and Humanities (6 hours)		6-8
Fine Arts Core Course (Select at least 3 hours from Fine Arts University Core)		
Humanities Core Course (Select at least 3 hours from Humanities University Core)		
Social Sciences		9
Select 9 hours from Social Science University Core including at least one of the following:		
AGEC 1103	Principles of Agricultural Microeconomics	

AGEC 2103	Principles of Agricultural Macroeconomics	
ECON 2013	Principles of Macroeconomics (ACTS Equivalency = ECON 2103)	
ECON 2023	Principles of Microeconomics (ACTS Equivalency = ECON 2203)	
ECON 2143	Basic Economics: Theory and Practice	

HLTS Core Requirements (30-31 hours)

UNIV 1001	University Perspectives	1
COMM 1313	Public Speaking (ACTS Equivalency = SPCH 1003)	3
Communication Intensive Elective (3 hours - see advisor for approved list of courses)		3
CSES 2203 & CSES 2201L	Soil Science and Soil Science Laboratory	4
HORT 2003	Principles of Horticulture (with lab component)	3
HORT 2101	Horticultural Career Development	1
HORT 4403	Plant Propagation (with lab component)	3
HORT 4413	Horticulture Physiology	3
HORT 462V	Horticulture, Landscape, Turf Sciences Internship Experience	1
HORT 472V	Horticulture, Landscape, Turf Sciences Internship Assessment	2
Select two of the following:		6-7
CSES 4143	Principles of Weed Control	
ENTO 3013	Introduction to Entomology	
PLPA 3004	Principles of Plant Pathology (with lab component)	

Horticulture Electives 18

Select 18 hours from the following:

HORT 1303	Introduction to Floral Design	
HORT 2303	Introduction to Turfgrass Management	
HORT 3103	Woody Landscape Plants (with lab component)	
HORT 3113	Herbaceous and Indoor Plant Materials (with lab component)	
HORT 3123	International Horticulture	
HORT 3203	Sustainable Landscape Practices	
HORT 3303	Vegetable Crops	
HORT 3403	Turfgrass Management (with lab component)	
HORT 3503	Sustainable and Organic Horticulture	
HORT 4033	Professional Landscape Installation and Construction	
HORT 4043	Professional Landscape Management	
HORT 4103	Fruit Production Science and Technology (with lab component)	
HORT 4503	Sustainable Nursery Production	
HORT 4603	Practical Landscape Planning	
HORT 4703	Greenhouse Management and Controlled Environment Horticulture	
HORT 4701L	Greenhouse Management and Controlled Environment Horticulture Laboratory	
HORT 4803	Greenhouse Crops Production	
HORT 4801L	Greenhouse Crops Production Laboratory	
HORT 4903	Golf and Sports Turf Management (with lab component)	
HORT 4913	Rootzone Management for Golf and Sports Turf	

HORT 4921	Golf Course Operations	
HORT 4932	Turf Best Management Practices	
HORT 400V	Special Problems	
HORT 401V	Special Topics in Horticulture, Turf or Landscape	

Discipline-Related Electives 12-13

Select at least 12 hours from the following:

AGME 3102 & AGME 3101L	Small Power Units/Turf Equipment and Small Power Units/Turf Equipment Laboratory	
AGME 3153	Surveying in Agriculture and Forestry	
AGME 4973	Irrigation (with lab component)	
ANSC/POSC 3123	Principles of Genetics	
HORT 1103	Plants, People and You	
HORT 400V	Special Problems	
HORT 401V	Special Topics in Horticulture, Turf or Landscape	
LARC 3914	Sustainable Design and Construction: Remediation and Plants on Structure	
LARC 2113	Design Visualization, Inquiry and Communications	
PHYS 1023 & PHYS 1021L	Physics and Human Affairs and Physics and Human Affairs Laboratory (or higher level)	
WCOB (up to 9 hours)		
or any AGEC, AGME, BIOL, CHEM, CSES, ENSC, ENTO, FDSC, HORT, PLPA class not taken in any other elective group.		

General Electives 12-21

Total Hours	120

Pest Management Elective	3-4		
General Electives	1-9		
Social Science University Core Elective		3	
Horticulture Elective		3	

General Electives		7-8
Year Total:	17	14

Total Units in Sequence:	120
--------------------------	-----

Minor in Horticulture (HORT-M)

The Horticulture minor is only available to students outside the Horticulture, Landscape and Turfgrass Sciences (HLTS) major. The minor will consist of 18 hours to include:

HORT 2003	Principles of Horticulture	3
HORT 4403	Plant Propagation	3
Select a minimum of 9 hours from the following:		9-11
HORT 2303	Introduction to Turfgrass Management	
HORT 3303	Vegetable Crops	
HORT 400V	Special Problems	
HORT 4103	Fruit Production Science and Technology	
HORT 4503	Sustainable Nursery Production	
HORT 4703	Greenhouse Management and Controlled & HORT 4701L Environment Horticulture and Greenhouse Management and Controlled Environment Horticulture Laboratory	
HORT 4803	Greenhouse Crops Production & HORT 4801L and Greenhouse Crops Production Laboratory	
Select one of the following:		3
HORT 3103	Woody Landscape Plants	
HORT 3113	Herbaceous and Indoor Plant Materials	
Total Hours		18

Minor in Landscape Horticulture (LHRT-M)

The Landscape Horticulture minor is only available to students outside the Horticulture, Landscape and Turfgrass Sciences (HLTS) major. The minor will consist of 18 hours to include:

HORT 2003	Principles of Horticulture	3
HORT 4043	Professional Landscape Management	3
Select 3 hours from the following:		3
HORT 4603	Practical Landscape Planning LARC Studio Course	
Select one of the following:		3
HORT 3103	Woody Landscape Plants	
HORT 3113	Herbaceous and Indoor Plant Materials	
Select 6-8 hours from the following:		6-8
HORT 2303	Introduction to Turfgrass Management	
HORT 3103	Woody Landscape Plants	
HORT 3113	Herbaceous and Indoor Plant Materials	
HORT 3403	Turfgrass Management	
HORT 400V	Special Problems	
HORT 4033	Professional Landscape Installation and Construction	
HORT 4403	Plant Propagation	
HORT 4503	Sustainable Nursery Production	

HORT 4703 & HORT 4701L	Greenhouse Management and Controlled Environment Horticulture and Greenhouse Management and Controlled Environment Horticulture Laboratory	
HORT 4803 & HORT 4801L	Greenhouse Crops Production and Greenhouse Crops Production Laboratory	
LARC 3734	Sustainable Design and Construction: Material and Methods of Assembly	
Total Hours		18

Minor in Turf Management (TURF-M)

The Turf Management minor is only available to students outside the Horticulture, Landscape and Turfgrass Sciences (HLTS) major. The Turf Management minor is comprised of 18 to 20 hours to include the following:

HORT 2303	Introduction to Turfgrass Management	3
HORT 3403	Turfgrass Management (with lab component)	3
Select one of the following:		3
HORT 4903	Golf and Sports Turf Management (with lab component)	
HORT 4913	Rootzone Management for Golf and Sports Turf (with lab component)	
Select 3-4 hours from the following:		3-4
CSES 2003	Introduction to Weed Science	
ENTO 3013	Introduction to Entomology (with lab component)	
PLPA 3004	Principles of Plant Pathology (with lab component)	
Select two of the following:		6-8
AGME 4973	Irrigation	
AGME 3102 & AGME 3101L	Small Power Units/Turf Equipment and Small Power Units/Turf Equipment Laboratory	
CSES 2003	Introduction to Weed Science (with lab component)	
CSES 2203 & CSES 2201L	Soil Science and Soil Science Laboratory	
ENTO 3013	Introduction to Entomology (with lab component)	
PLPA 3004	Principles of Plant Pathology (with lab component)	
HORT 4903	Golf and Sports Turf Management (with lab component)	
HORT 4913	Rootzone Management for Golf and Sports Turf (with lab component)	
HORT 3103	Woody Landscape Plants (with lab component)	
HORT 4033	Professional Landscape Installation and Construction	
HORT 4043	Professional Landscape Management	
Total Hours		18-20

Faculty

Carson, Janet B., M.S. (University of Arkansas), Associate Professor, 1992.

Clark, John R., Ph.D. (University of Arkansas), M.S., B.S. (Mississippi State University), Distinguished Professor, 1983.

Garcia, M. Elena, Ph.D., M.S. (University of Arkansas), B.A. (University of Arkansas at Little Rock), Professor, 2005.

Karcher, Douglas Edward, Ph.D., M.S. (Michigan State University), B.S. (The Ohio State University), Professor, 2000.

Lee, Jacquelyn A., Ph.D., M.S. (University of Arkansas), B.S. (Arkansas Technical University), Associate Professor, 2016.

Mackay, Wayne A., Ph.D. (University of Maryland), M.S. (University of Delaware), B.S. (Virginia Polytechnic Institute and State University), Professor, 2014.

McDonald, Garry Vernon, Ph.D., M.S., B.S.A. (Texas A&M University), Clinical Assistant Professor, 2016.

McWhirt, Amanda L., Ph.D. (North Carolina State University), M.S. (Louisiana State University), B.S. (Tarleton State University), Assistant Professor, 2016.

Richardson, Mike, Ph.D. (University of Georgia), M.S. (Louisiana State University), B.S. (Louisiana Tech University), Professor, 1998.

Robbins, James A., Ph.D. (University of California-Davis), M.S. (University of Georgia), B.S. (University of Wisconsin), Professor, 1998.

Rom, Curt R., Ph.D., M.S. (The Ohio State University), B.S. (University of Arkansas), University Professor, 1989.

Shi, Ainong, Ph.D. (North Carolina State University), M.S. (Graduate School of Chinese Academy of Agricultural Sciences), B.S. (Zhejiang University), Assistant Professor, 2013.

Worthington, Margaret L., Ph.D. (North Carolina State University), M.S. (University of California-Davis), B.S. (Duke University), Assistant Professor, 2016.

Pest Management (PMGT)

Nilda Burgos
Program Coordinator
ALTH 222
479-575-2445

All faculty in the Department of Plant Pathology, Entomology, and the discipline of Weed Science in the Department of Crop, Soil, and Environmental Sciences are faculty in the discipline of Pest Management.

Minor in Pest Management (PMGT-M)

Students interested in this area of study must declare their intention to the program coordinator. A minor in Pest Management consists of 19 hours to include two courses from each pest discipline: Entomology (ENTO), Plant Pathology (PLPA), and Weed Science (CSES):

ENTO 3013	Introduction to Entomology	3
PLPA 3004	Principles of Plant Pathology	4
Select four of the following:		12
CSES 2003	Introduction to Weed Science	
CSES 4133	Ecology and Morphology of Weedy and Invasive Plants	
CSES 4143	Principles of Weed Control	
ENTO 4123	Insect Pest Management	
ENTO 4133	Advanced Applied Entomology	
PLPA 4223	Plant Disease Control	
PLPA 4304	Applied Plant Disease Management	
Total Hours		19

Poultry Science (POSC)

Michael T. Kidd
Head of the Department
0114 Poultry Science Center
479-575-3699

Department of Poultry Science Website (<https://poultry-science.uark.edu/>)

The Department of Poultry Science offers a major in poultry science leading to a Bachelor of Science in Agriculture. The department also offers coursework for a minor and a certificate of excellence program.

A major in poultry science is designed to provide the scientific and technical education to prepare students for positions of leadership and responsibility in the expanding fields of production, processing, marketing, and distribution of meat, eggs, and related poultry products. The curriculum also prepares students for career opportunities in specialized areas of nutrition, breeding, genetics, physiology, management, food science, immunology, and disease.

Elective hours allow students to select a minor and thus personalize their degree.

Elective hours can also be used to emphasize areas of business, production, processing or science. Pre-veterinary medicine, pre-medical, or pre-pharmacy requirements may be fulfilled while meeting degree requirements.

Curricula are designed to permit the student to obtain the necessary foundation to pursue graduate study for the master's and doctoral degrees. Advanced degrees are offered but not limited to the areas of nutrition, genetics, physiology, product technology, and poultry health.

Requirements for a Major in Poultry Science (POSC)

State minimum core and discipline specific general education requirements:

(Course work that meets state minimum core requirements is in bold.)

UNIV 1001	University Perspectives	1
Communications (6-12 hours)		6-12
Two English Core Courses (unless exempt)		
COMM 1313	Public Speaking (ACTS Equivalency = SPCH 1003)	
Communication Intensive Elective (see Adviser)		
U.S. History and Government (3 hours)		
One U.S. History and Government Course		3
Mathematics and Statistics (6-7 hours)		
One MATH Core Course		3-4
Select one of the following:		3
AGEC 2403	Quantitative Tools for Agribusiness	
STAT 2303	Principles of Statistics (ACTS Equivalency = MATH 2103)	
AGST 4023	Principles of Experimentation	
Sciences (16-24 hours)		
BIOL 1543 & BIOL 1541L	Principles of Biology (ACTS Equivalency = BIOL 1014 Lecture) and Principles of Biology Laboratory (ACTS Equivalency = BIOL 1014 Lab)	4
BIOL 2013 & BIOL 2011L	General Microbiology (ACTS Equivalency = BIOL 2004 Lecture) and General Microbiology Laboratory (ACTS Equivalency = BIOL 2004 Lab)	4
Select one of the following:		4-8

CHEM 1073 & CHEM 1071L	Fundamentals of Chemistry (ACTS Equivalency = CHEM 1214 Lecture) and Fundamentals of Chemistry Laboratory (ACTS Equivalency = CHEM 1214 Lab)	
CHEM 1103 & CHEM 1101L	University Chemistry I (ACTS Equivalency = CHEM 1414 Lecture) and University Chemistry I Laboratory (ACTS Equivalency = CHEM 1414 Lab)	
CHEM 1123 & CHEM 1121L	University Chemistry II (ACTS Equivalency = CHEM 1424 Lecture) and University Chemistry II Laboratory (ACTS Equivalency = CHEM 1424 Lab)	
Select one of the following:		4-8
CHEM 2613 & CHEM 2611L	Organic Physiological Chemistry (ACTS Equivalency = CHEM 1224 Lecture) and Organic Physiological Chemistry Laboratory (ACTS Equivalency = CHEM 1224 Lab)	
CHEM 3603 & CHEM 3601L	Organic Chemistry I and Organic Chemistry I Laboratory	
CHEM 3613 & CHEM 3611L	Organic Chemistry II and Organic Chemistry II Laboratory	
Fine Arts and Humanities (6 hours)		
One Fine Arts and one Humanities Core Courses		6
Social Sciences (9 hours)		
AGEC 1103	Principles of Agricultural Microeconomics	3
or ECON 2023	Principles of Microeconomics (ACTS Equivalency = ECON 2203)	
Choose two Social Sciences Core Courses		6
Poultry Science Core		
POSC 1002	Introduction to Careers in Poultry Science	2
POSC 1012	Avian Biology	2
POSC 2343	Poultry Production	3
POSC 2353	Poultry Breeder Management	3
POSC 3223	Poultry Diseases	3
POSC 3554	Avian Anatomy	4
Select one of the following:		3
POSC 3123	Principles of Genetics	
POSC 4333	Poultry Breeding	
BIOL 2323	General Genetics	
POSC 4314	Egg and Meat Technology	4
POSC 4343	Poultry Nutrition	3
Poultry Science Controlled Electives		
Select 6 hours from the following:		6
AGEC 2303	Introduction to Agribusiness	
PHYS 2013 & PHYS 2011L	College Physics I (ACTS Equivalency = PHYS 2014 Lecture) and College Physics I Laboratory (ACTS Equivalency = PHYS 2014 Lab)	
PHYS 2033 & PHYS 2031L	College Physics II (ACTS Equivalency = PHYS 2024 Lecture) and College Physics II Laboratory (ACTS Equivalency = PHYS 2024 Lab)	
POSC 3032	Animal Physiology I	
POSC 3042	Animal Physiology II	
POSC 4213	Integrated Poultry Management Systems	
Select 3 hours from the following:		3

POSC 4801	Seminar: Research Topics	
POSC 4811	Seminar: Professionalism	
POSC 4821	Seminar: Problem Solving	
POSC 4831	Seminar: Processing Regulations	
Select 6 hours from the following:		6
POSC 3013	Exotic Companion Birds	
POSC 3381	Poultry Judging and Selection	
POSC 400V	Special Problems	
POSC 401V	Internship in Poultry Science	
POSC 4033	Statistical Process Control in the Food Industry	
POSC 4233	Value Added Muscle Foods	
POSC 4923	Brain and Behavior	
POSC Elective		
Discipline-Related Electives (12 hrs)		12
General Electives (4-19 hours)		4-19
Total Hours		120

Poultry Science B.S.A. Eight-Semester Degree Program

Students wishing to follow the degree plan should go to the Eight-Semester Degree Policy (p. 87) for university requirements of the program.

First Year	Units	
	Fall	Spring
BIOL 1543 Principles of Biology (ACTS Equivalency = BIOL 1014 Lecture) & BIOL 1541L Principles of Biology Laboratory (ACTS Equivalency = BIOL 1014 Lab)	4	
UNIV 1001 University Perspectives	1	
COMM 1313 Public Speaking (ACTS Equivalency = SPCH 1003)	3	
POSC 1002 Introduction to Careers in Poultry Science	2	
FNAR/Humanities University Core Elective	3	
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3	
ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023)		3
MATH 1203 College Algebra (ACTS Equivalency = MATH 1103) (or higher)		3
Social Science Core Elective		3
POSC 1012 Avian Biology		2
FNAR/Humanities University Core Elective		3
Year Total:	16	14

Second Year	Units	
	Fall	Spring
POSC 2343 Poultry Production	3	
Discipline-Related Elective	3	
History University Core Elective	3	
AGEC 1103 Principles of Agricultural Microeconomics or ECON 2023 Principles of Microeconomics (ACTS Equivalency = ECON 2203)	3	

Select one of the following:	4	
CHEM 1103 University Chemistry I (ACTS Equivalency = CHEM 1414 Lecture) & CHEM 1101L University Chemistry I Laboratory (ACTS Equivalency = CHEM 1414 Lab)		
CHEM 1073 Fundamentals of Chemistry (ACTS Equivalency = CHEM 1214 Lecture) & CHEM 1071L Fundamentals of Chemistry Laboratory (ACTS Equivalency = CHEM 1214 Lab)		
POSC 2353 Poultry Breeder Management		3
Select one of the following:	4	
CHEM 1123 University Chemistry II (ACTS Equivalency = CHEM 1424 Lecture) & CHEM 1121L University Chemistry II Laboratory (ACTS Equivalency = CHEM 1424 Lab) ¹		
CHEM 2613 Organic Physiological Chemistry (ACTS Equivalency = CHEM 1224 Lecture) & CHEM 2611L Organic Physiological Chemistry Laboratory (ACTS Equivalency = CHEM 1224 Lab)		
POSC 3554 Avian Anatomy		4
Social Science Core Elective		3
Communication Intensive Elective		3
Year Total:	16	17

Third Year	Units	
	Fall	Spring
BIOL 2013 General Microbiology (ACTS Equivalency = BIOL 2004 Lecture) & BIOL 2011L General Microbiology Laboratory (ACTS Equivalency = BIOL 2004 Lab)	4	
Select one of the following:	3-4	
CHEM 3603 Organic Chemistry I & CHEM 3601L Organic Chemistry I Laboratory		
General Elective		
Select one of the following:	3	
POSC 4333 Poultry Breeding		
POSC/ANSC 3123 Principles of Genetics		
General Elective (3 hours)		
Select one of the following:	2-4	
PHYS 2013 College Physics I (ACTS Equivalency = PHYS 2014 Lecture) & PHYS 2011L College Physics I Laboratory (ACTS Equivalency = PHYS 2014 Lab)		
POSC 3032 Animal Physiology I		
AGEC 2303 Introduction to Agribusiness		
POSC 4811 Seminar: Professionalism or POSC 4831 Seminar: Processing Regulations	1	
Select one of the following:		3-4
CHEM 3613 Organic Chemistry II & CHEM 3611L Organic Chemistry II Laboratory ³		
General Elective		

Select one of the following:

PHYS 2033 College Physics II (ACTS
Equivalency = PHYS 2024 Lecture)
& PHYS 2031L College Physics II Laboratory
(ACTS Equivalency = PHYS 2024 Lab)

POSC 3042 Animal Physiology II

AGEC 2303 Introduction to Agribusiness

POSC 4213 Integrated Poultry Management
Systems

Upper-Division POSC Elective

Discipline-Related Elective

Select one of the following:

General Elective

BIOL 2323 General Genetics

Year Total: 13 16

Fourth Year	Units	
	Fall	Spring
POSC 3223 Poultry Diseases	3	
POSC 4314 Egg and Meat Technology	4	
Upper-Division POSC Elective	3	
Select one of the following:	3	
AGEC 2403 Quantitative Tools for Agribusiness		
General Elective		
Discipline-Related Elective	3	
POSC 4811 Seminar: Professionalism or POSC 4831 Seminar: Processing Regulations	1	
POSC 4343 Poultry Nutrition		3
Select one of the following:		3
STAT 2303 Principles of Statistics (ACTS Equivalency = MATH 2103)		
AGST 4023 Principles of Experimentation		
General Elective		
Select one of the following:		2-4
PHYS 2033 College Physics II (ACTS Equivalency = PHYS 2024 Lecture) & PHYS 2031L College Physics II Laboratory (ACTS Equivalency = PHYS 2024 Lab)		
POSC 3042 Animal Physiology II		
AGEC 2303 Introduction to Agribusiness		
POSC 4213 Integrated Poultry Management Systems		
General Elective		
Discipline-Related Elective		3
Year Total:	17	11
Total Units in Sequence:	120	

¹ If CHEM 1103/CHEM 1101L taken previous fall.

² If CHEM 1103/CHEM 1101L and CHEM 1123/CHEM 1121L taken previously.

³ If CHEM 3603/CHEM 3601L taken previously.

2-4

Minor in Poultry Science (POSC-M)

A student planning to minor in poultry science should consult a departmental adviser. The minor consists of 15 hours to include the following:

POSC 1002	Introduction to Careers in Poultry Science	2
POSC 1012	Avian Biology	2
POSC 2343	Poultry Production	3
POSC 2353	Poultry Breeder Management	3
Select 5 hours from any POSC course listing.		5
Total Hours		15

Requirements for Undergraduate Certificate of Excellence in Poultry Science

Students entering the Certificate of Excellence Program must 1) meet the admission requirements for the University of Arkansas and 2) have completed 90 hours of coursework with a 2.0 or higher from a regionally accredited institution of higher education.

Students who have completed a Bachelor of Science degree may also consider this program. Typical careers include production/processing/allied positions in the poultry industry, graduate studies are also an option.

Curriculum Outline:

POSC 3032	Animal Physiology I	2
POSC 3042	Animal Physiology II	2
POSC 3223	Poultry Diseases	3
POSC 3554	Avian Anatomy	4
POSC 4213	Integrated Poultry Management Systems	3
POSC 4314	Egg and Meat Technology	4
POSC 4343	Poultry Nutrition	3
POSC 4801	Seminar: Research Topics	1
or POSC 4821	Seminar: Problem Solving	
POSC 4811	Seminar: Professionalism	1
or POSC 4831	Seminar: Processing Regulations	
POSC 401V	Internship in Poultry Science	3
POSC 410V	Special Topics in Poultry Science	3

Faculty

Anthony, Nick, Ph.D. (Virginia Polytech Institute and State University), M.S., B.S. (The Ohio State University), Professor, 1990.

Bottje, Walter G., Ph.D. (University of Illinois-Urbana-Champaign), M.S. (Southern Illinois University), B.S. (Eastern Illinois University), Professor, 1985.

Clark, Fred D., Ph.D., D.V.M., M.S., B.S. (Texas A&M University), Extension Professor, 1994.

Coon, Craig N., Ph.D., M.S., B.S. (Texas A&M University), Professor, 1997.

Donoghue, Dan, Ph.D. (Texas A&M University), M.S. (Brigham Young University), B.S. (Medical University of South Carolina), Professor, 2000.

Donoghue, Annie, Ph.D. (F. Edward Herbert School of Medicine), M.S. (Texas A&M University), B.S. (San Diego State University), Research Professor, 2000.

Dridi, Sami, Ph.D., M.S. (National Polytechnic Institute of Lorraine, France), B.S. (Superior Institute of Mateur, Tunisia), Professor, 2013.

Erf, Gisela F., Ph.D. (Cornell University), M.S., B.S. (University of Guelph, Canada), Professor, 1994.

Hanning, Casey Owens, Ph.D., M.S., B.S. (Texas A&M University), Professor, 2000.

Hargis, Billy M., Ph.D., D.V.M. (University of Minnesota-Twin Cities), M.S. (University of Georgia), B.S. (University of Minnesota), Distinguished Professor, 2000.

Kidd, Michael T., Ph.D. (North Carolina State University), M.S., B.S.A. (University of Arkansas), Professor, 2010.

Kong, Byungwhi, Ph.D., M.S. (University of Minnesota-Twin Cities), B.S. (Korea University), Associate Professor, 2006.

Kuenzel, Wayne J., Ph.D. (University of Georgia), M.S., B.S. (Bucknell University), Professor, 2000.

Kwon, Young Min, Ph.D. (Texas A&M University), M.S., B.S. (Seoul National University), Associate Professor, 2002.

Marcy, John A., Ph.D., M.S. (Iowa State), B.S. (University of Tennessee), Extension Professor, 1993.

Rath, Narayan C., Ph.D., M.S. (University of Delhi-India), B.S. (Utkal University-India), Research Professor, 1992.

Rochell, Samuel J., Ph.D. (University of Illinois at Urbana-Campaign), M.S., B.S. (Auburn University), Assistant Professor, 2016.

Sun, Xiaolun, Ph.D., M.S. (Virginia Polytech Institute and State University), B.S. (Southern China Agricultural University), Assistant Professor, 2016.

Tellez-Isaias, Guillermo, Ph.D. (Texas A&M University), Visiting Professor, 2002.

Wideman, Robert F., Ph.D. (University of Connecticut), B.A. (University of Delaware), Professor, 1993.

School of Human Environmental Sciences (HESC)

M.E. Betsy Garrison

Director

School of Human Environmental Sciences Website (<http://catalog.uark.edu/undergraduatecatalog/collegesandschools/dalebumperscollegeofagriculturalfoodandlifesciences/schoolofhumanenvironmentalscienceshesc/%20http://hesc.uark.edu/>)

The School of Human Environmental Sciences at the University of Arkansas prepares students for a wide variety of professional careers in education, industry, business, government, and community services. The school is concerned with improving the quality of life for individuals and families as they exist and function in society. Human environmental sciences draws knowledge from research, from the physical, biological, and social sciences, and from arts and humanities. It relates this knowledge to an understanding of individuals' and families' needs and goals for food, clothing, shelter, management of resources, and human development and relationships. The School of Human Environmental Sciences has made a substantial contribution to the development of individuals and families through undergraduate and graduate preparation of human environmental scientists and through research in human nutrition, foods, human development, family sciences, apparel and textiles.

Six majors are offered in the School of Human Environmental Sciences:

- Apparel Merchandising and Product Development (p. 162)
- Birth through Kindergarten (p. 164)
- Food, Nutrition and Health (p. 165)
- Hospitality Management (p. 167)

- Human Development and Family Sciences (p. 169)
- Human Nutrition and Dietetics (p. 171)

Faculty

Apple, Laurie Marie McAlister, Ph.D. (Oklahoma State University), M.S., B.S. (University of Arkansas), Associate Professor, 2000.

Bailey, Mechelle, M.S. (University of Tennessee), B.S. (University of Arkansas), Clinical Instructor, 2012.

Balasubramanian, Mahendran, Ph.D. (Oklahoma State University), M.S. (Auburn University), B.Tech. (Anna University), Assistant Professor, 2017.

Becnel, Jennifer N., Ph.D. (Arizona State University), M.A. (University of California-San Francisco), B.A. (San Diego State University), Assistant Professor, 2014.

Blalock, Lydia, Ph.D., M.S. B.G.S. (Louisiana State University), Instructor, 2016.

Buckley, Nancy, M.S., B.S. (University of Arkansas), Instructor, 2014.

Cheremie, Lance M., Ph.D., M.S. (University of Arkansas), B.S. (Nicholls State University), Instructor, 2002.

Cho, Eunjoo, Ph.D. (Iowa State University), M.S., B.S. (Hanyang University, Seoul), Assistant Professor, 2013.

Fuller, Serena M., Ph.D. (University of California, Davis), Associate Professor, 2014.

Garrison, Mary Elizabeth, Ph.D., M.S. (Iowa State University), B.S. (Benedictine College), Professor, 2014.

Hamm, Cora, M.S. (New York University), Instructor, 2016.

Harding, Lorna, M.S. (University of Alberta, Canada), B.A. (University of Western Ontario, Canada), Instructor, 2004.

Herold, Laura K., Ph.D., M.A. (University of Michigan), B.A. (Oberlin College), Clinical Assistant Professor, 2015.

Hubert, Stephanie K., M.S. (University of Arkansas), B.S. (Kansas State University), Instructor, 2015.

Killian, Timothy Scott, Ph.D. (University of Missouri-Columbia), M.A. (Wheaton College), B.A. (Central Bible College), Associate Professor, 2001.

Ma, Weiyi, Ph.D., M.A. (University of Delaware), B.A. (China West Normal University), Assistant Professor, 2017.

McNally, Shelley Ann, Ph.D. (University of Toledo), M.S., B.S. (Ohio University), Clinical Assistant Professor, 2016.

Moon, Zola, Ph.D., M.A. (University of Arkansas), B.A. (Hendrix College), Clinical Associate Professor, 2001.

Mosley, Jacquelyn Dee, Ph.D. (Texas Tech University), M.S. (Arizona State University), B.A. (University of Northern Iowa), Associate Professor, 2010.

Moxley, Shari Coleman, Ph.D. (University of North Carolina), Instructor, 2013.

O'Brien, Catherine, Ph.D. (University of Illinois, Chicago), M.P.H. (San Diego State University), M.A. (University of California, San Diego), B.S.Ed. (University of Wisconsin, Madison), Instructor, 2016.

Post, Rana, M.B.A. (William Woods University), B.S. (University of Missouri, Columbia), Instructor, 2008.

Robertson, Lona, Ed.D. (Indiana University, Bloomington), M.S., B.S. (Florida State University), Professor, 2006.

Siahmakoun, Lobat, M.S. (University of Arkansas), B.S. (Missouri Southern State University), Instructor, 2015.

Smith, Kathy, Ed.D., M.S. (University of Arkansas), B.S. (The Ohio State University), Clinical Associate Professor, 1999.

Southward, Cheryl Leigh, Ph.D., M.S., B.S. (University of Tennessee), Associate Professor, 2008.

Traywick, La Vona, Ph.D. (University of Kentucky), Associate Professor, 2007.

Trudo, Sabrina P., Ph.D. (University of Washington), B.S. (Brigham Young University), Associate Professor, 2015.

Wang, Yao-Chin, Ph.D. (Oklahoma State University), M.B.A., B.Ec. (National Chung Cheng University), Assistant Professor, 2017.

Way, Kelly Ann, Ph.D., M.S., B.S. (Oklahoma State University), Associate Professor, 2006.

Williams, Amanda, Ph.D., M.S., B.S. (Oklahoma State University), Assistant Professor, 2017.

Apparel Merchandising and Product Development (AMPD)

M.E. Betsy Garrison
Interim Assistant Director
118 Home Economics Building
479-575-4305

The Apparel Merchandising and Product Development (AMPD) program opens the door to careers in the fashion industry. Buyer, product development specialist, fashion coordinator, sales consultant, visual display artist, and quality assurance technician are only a few of the possibilities. Classes in business, retailing, apparel production, science, social science, and the liberal arts give students a basic knowledge about the textile and apparel industries. By selecting from a variety of minors, students can tailor this program to meet their goals. Program strengths include guest speakers who provide insight into today's careers, tours of major fashion centers, and internships, which provide valuable career experience.

Requirements for a Major in Apparel Merchandising and Product Development (AMPD)

State minimum core and discipline specific general education requirements:

(Course work that meets state minimum core requirements is in bold.)

Communication	6-12
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	
ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023)	
COMM, ENGL, JOUR or World Language	
COMM 1313 Public Speaking (ACTS Equivalency = SPCH 1003)	
U.S. History and Government	3
Choose from U.S. History and Government Core Courses	
Mathematics and Statistics	6-7
MATH 1203 College Algebra (ACTS Equivalency = MATH 1103) (or higher level MATH or STAT class)	
or MATH 1203 College Algebra with Review (ACTS Equivalency = MATH 1103)	
AND Any MATH above 1204 or any STAT class	
Sciences	8
Choose from Science Core Courses	
Fine Arts and Humanities	6
Choose from Fine Arts, Humanities Core Courses (Section a & b)	
Social Sciences	9
ECON 2143 Basic Economics: Theory and Practice ¹	

PSYC 2003	General Psychology (ACTS Equivalency = PSYC 1103)	
ANTH 1023	Introduction to Cultural Anthropology (ACTS Equivalency = ANTH 2013)	
	or SOCI 201 General Sociology (ACTS Equivalency = SOCI 1013)	
World Language -- 1013 or higher		3
Human Environmental Science Core		7
HESC 1501	Issues and Trends in Human Environmental Sciences	
NUTR 1213	Fundamentals of Nutrition	
HDFS 2413	Family Relations	
	or HDFS 1403 Life Span Development	
AMPD Requirements		48-52
AMPD 1013	Introduction to Clothing Concepts	
AMPD 1023	Introduction to Apparel Production	
AMPD 2013	Fashion, Buying and Promotion in a Global Market	
AMPD 2033	Computer Based Methods for Apparel	
AMPD 2053	Introduction to Textile Science	
AMPD 2063	Quality Assessment of Apparel	
AMPD 3003	Apparel Production	
AMPD 3033	Merchandising Math for the Apparel Industry	
AMPD 3043	Fashion Brand Management	
AMPD 3071	Apparel Merchandising and Product Development Pre-Internship	
AMPD 4023	Merchandising Application for the Apparel Industry	
AMPD 4033L	Computer Aided Textile Design	
AMPD 4053	Historic and Contemporary Apparel	
AMPD 4063	Advanced Apparel Production	
AMPD 4082	Apparel Merchandising and Product Development Internship	
AMPD 4093	Apparel Merchandise Planning and Inventory Control	
AMPD 4901	AMPD Pre-Study Tour	
AMPD 491V	AMPD Study Tour	
Computers		6
AGME 2903	Agricultural and Human Environmental Sciences Applications of Microcomputers (or ISYS 1123 or equivalent course)	
AGED 4243	Graphic Design in AFLS	
General Electives ²		7-18
	Suggested Electives	
AMPD 4011	History of Apparel Through Film to 1900	
AMPD 4103	Evolution of Fashion and Society Through Television Media	
AMPD 4111	History of Apparel Through Film from 1900 to Present	
MKTG 3433	Introduction to Marketing ((Required for Business Minor -- additional pre-reqs required))	
	Any 3000-4000 level MKTG	
TOTAL HOURS ³		120

¹ Students may substitute AGECE 1103 and AGECE 2103 or ECON 2013 and ECON 2023 for ECON 2143.

² Elective hours will vary based on exemptions and study tour credits.

³ A minimum of 36 hours must be completed at the 3000-4000 level, a maximum of 42 hours of online courses allowed. UNIV 1001 must be taken for incoming freshmen.

Apparel Merchandise and Product Development B.S.H.E.S. Ten-Semester Degree Program

Because the Apparel Merchandise and Product Development program requires a summer tour and an internship, it doesn't qualify for the Eight-Semester Degree Program. Go to the Eight-Semester Degree Policy (p. 87) for university requirements of the program. The program plan below, though, gives a path for completing required courses in a four-year period.

First Year	Units		
	Fall	Spring	Summer
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3-0		
MATH 1203 College Algebra (ACTS Equivalency = MATH 1103) (or any higher MATH or STAT course)	3		
AMPD 1023 Introduction to Apparel Production	3		
University Core Fine Arts Category "a"	3		
AMPD 1013 Introduction to Clothing Concepts	3		
HESC 1501 Issues and Trends in Human Environmental Sciences	1		
UNIV 1001 University Perspectives	1-0		
ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023)		3-0	
HDFS 2413 Family Relations or HDFS 1403 Life Span Development		3	
AGME 2903 Agricultural and Human Environmental Sciences Applications of Microcomputers ¹		3	
or ISYS 1123 Business Application Knowledge - Computer Competency			
AMPD 2053 Introduction to Textile Science		3	
MATH 1203 College Algebra (ACTS Equivalency = MATH 1103) (if not previously taken)		3	
Or any higher MATH or STAT course			
Year Total:	17-13	15-12	

Second Year	Units		
	Fall	Spring	Summer
Science Core Elective	4		
AMPD 2013 Fashion, Buying and Promotion in a Global Market	3		
PSYC 2003 General Psychology (ACTS Equivalency = PSYC 1103)	3		
NUTR 1213 Fundamentals of Nutrition	3		
U.S. History Core Elective	3		

AMPD 2063 Quality Assessment of Apparel			3
AMPD 2033 Computer Based Methods for Apparel			3
COMM 1313 Public Speaking (ACTS Equivalency = SPCH 1003)			3

AMPD 4901 AMPD Pre-Study Tour			1
ECON 2143 Basic Economics: Theory and Practice			3
AMPD 3033 Merchandising Math for the Apparel Industry			3
AMPD 491V AMPD Study Tour			6-2
Year Total:	16	17	6-2

Third Year	Units		
	Fall	Spring	Summer
SOCI 2013 General Sociology (ACTS Equivalency = SOCI 1013) or ANTH 1023 Introduction to Cultural Anthropology (ACTS Equivalency = ANTH 2013)	3		
AMPD 3043 Fashion Brand Management	3		
World Language 1013 or Higher	3		
Science Core Elective	4		
Humanities Core Elective Category "b"		3	
AMPD 3003 Apparel Production		3	
COMM, ENGL, JOUR or World Language		3	
AMPD or General Electives ²		2-6	
AMPD 4082 Apparel Merchandising and Product Development Internship			2
Year Total:	13	11-15	2

Fourth Year	Units		
	Fall	Spring	Summer
AMPD 4063 Advanced Apparel Production	3		
AMPD or General Electives	2-5		
AMPD 4053 Historic and Contemporary Apparel	3		
AMPD 4023 Merchandising Application for the Apparel Industry	3		
AGED 4243 Graphic Design in AFLS		3	
AMPD 4093 Apparel Merchandise Planning and Inventory Control		3	
AMPD 4033L Computer Aided Textile Design		3	
AMPD or General Electives ²		3-7	
Year Total:	11-14	12-16	

Total Units in Sequence: 120

¹ Or equivalent course for ISYS 1123

² Elective hours will vary based on exemptions and study tour credits.

Birth through Kindergarten (BRKD)

Timothy Killian
Assistant Director
HOEC 16C
479-575-7214

The major in Birth through Kindergarten prepares educators to teach infants, toddlers, preschoolers and kindergarteners including those children with disabilities. The program offers students a chance to work in settings that serve young children, including public schools, early-intervention programs, child care and education centers, and residential placement centers. Successful completion of this degree, as specified in the requirements for a major in Birth through Kindergarten, leads to Arkansas' Integrated Birth through Kindergarten/Special Education teacher license.

Passing scores on the Praxis Core (Reading, Writing, and Math) or equivalent ACT, SAT or GRE scores are a requirement for formal admission into the Birth through Kindergarten major. Passing scores on the relevant Praxis Content exams (Interdisciplinary Early Childhood Education 5023, Education of Young Children 5024 and Principles of Learning and Teaching: Early Childhood 5621) are requirements for teacher licensure. Other specific application procedures and degree requirements are available from Birth through Kindergarten faculty advisers.

Requirements for a major in Birth through Kindergarten (BRKD)

General Electives 8
Total Hours 120

Other Requirements for the B.S.H.E.S. Degree in Birth through Kindergarten major: ⁴

Both candidacy and retention eligibility for the Arkansas Birth through Kindergarten Integrated Licensure Program require that students meet a set of criteria listed in the catalog. These include the submission of a transcript showing a cumulative grade point average of at least 3.0, with grades of C or better in all BRKD courses. Students should consult their academic adviser as they near completion of the above requirements to discuss the application process for the Integrated Birth through Kindergarten/Special Education teacher license in Arkansas. Additional requirements for application to teacher licensure with the State of Arkansas Department of Education include: Praxis Core: (Reading,

Writing, and Mathematics) Praxis Content: (Interdisciplinary Early Childhood Education 5023 & Education of Young Children 5024).

- ¹ Please visit the Bumpers College Majors and Minors page (<http://bumperscollege.uark.edu/academics/majors-and-minors/>) for a list of communication/intensive courses.
- ² Go to the University Core Requirements (p. 97).
- ³ HDFS 2473/HDFS 2471L Child Guidance/Lab must be taken prior to enrolling in HDFS 4463.
- ⁴ Child Maltreatment Certification must be completed.

Birth through Kindergarten B.S.H.E.S. Eight-Semester Degree Program

Students wishing to follow the degree plan should go to the Eight-Semester Degree Policy (p. 87) for university requirements of the program.

Food, Nutrition and Health (FNAH)

Kelly A. Way
Assistant Director
17D Home Economics Building
479-575-4985

Program Description: The School of Human Environmental Sciences offers a major program in Food, Nutrition and Health leading to a B.S.H.E.S. degree. The school also offers a minor in Human Nutrition.

Interest and aptitude for the biological and physical sciences as well as public health fields that support nutrition science are central to successfully completing the major program.

Requirements for B.S.H.E.S. in Food, Nutrition and Health

State minimum core and discipline specific general education requirements:

(Course work that meets state minimum core requirements is in bold.)

University Requirements		1
UNIV 1001	University Perspectives	
Communications		12
ENGL 1013	Composition I (ACTS Equivalency = ENGL 1013) (unless exempt)	
ENGL 1023	Composition II (ACTS Equivalency = ENGL 1023) (unless exempt)	
COMM 1313	Public Speaking (ACTS Equivalency = SPCH 1003)	
Select one of the following:		
AGED 3143	Communicating Agriculture to the Public or ENGL 305 Technical and Report Writing (ACTS Equivalency = ENGL 2023)	
U.S. History and Government		3
Choose from U.S. History and Government Core Courses		
Mathematics		6
MATH 1203	College Algebra (ACTS Equivalency = MATH 1103) (or higher level math)	
STAT 2303	Principles of Statistics (ACTS Equivalency = MATH 2103)	
Sciences		8
CHEM 1073	Fundamentals of Chemistry (ACTS Equivalency = & CHEM 1071L CHEM 1214 Lecture) and Fundamentals of Chemistry Laboratory (ACTS Equivalency = CHEM 1214 Lab)	
AND 4 hours from University science core list		
Or		
CHEM 1103	University Chemistry I (ACTS Equivalency = & CHEM 1101L CHEM 1414 Lecture) & CHEM 1123 and University Chemistry I Laboratory (ACTS Equivalency = CHEM 1414 Lab) and University Chemistry II (ACTS Equivalency = CHEM 1424 Lecture) and University Chemistry II Laboratory (ACTS Equivalency = CHEM 1424 Lab)	
Fine Arts and Humanities		6
Choose from Fine Arts and Humanities Core Courses (Select 3 hours from each)		
Social Sciences		9
PSYC 2003	General Psychology (ACTS Equivalency = PSYC 1103)	
HDFS 2413	Family Relations or HDFS 1403 Life Span Development	
Choose 3 hours from University Social Science Core List		
FNAH Requirements		32
NUTR 1213	Fundamentals of Nutrition	

NUTR 2113	Principles of Foods & NUTR 2111L and Principles of Foods Laboratory	
HOSP 2611	Foodservice Sanitation	
NUTR 3103	Culinary Nutrition & NUTR 3101L and Culinary Nutrition Lab	
NUTR 3213	Nutrition Education and Counseling	
NUTR 4001	Nutrition Seminar	
NUTR 4103	Research Methods in Nutrition & NUTR 4101L and Research Methods in Nutrition Lab	
NUTR 4223	Life Cycle Nutrition	
NUTR 4243	Community Nutrition	
NUTR 4303	Cultural Perspectives on Foods	
NUTR 4403	Recipe Modification	
Electives		43
The following electives will provide an area of focused study for students. Students will discuss with advisor to select courses to complete degree requirements.		
Food Service Systems Management		
HOSP 2603	Purchasing and Cost Control	
NUTR 3603	Quantity Foods	
HOSP 3653	Hospitality, Dietetic Management and Human Resources	
Nutrition Research		
BIOL 1543	Principles of Biology (ACTS Equivalency = BIOL & BIOL 1541L 1014 Lecture) and Principles of Biology Laboratory (ACTS Equivalency = BIOL 1014 Lab)	
BIOL 2323	General Genetics & BIOL 2321L and General Genetics Laboratory	
BIOL 2533	Cell Biology & BIOL 2531L and Cell Biology Laboratory	
CHEM 2613	Organic Physiological Chemistry (ACTS & CHEM 2611L Equivalency = CHEM 1224 Lecture) and Organic Physiological Chemistry Laboratory (ACTS Equivalency = CHEM 1224 Lab)	
CHEM 3813	Elements of Biochemistry	
NUTR 4213	Advanced Nutrition	
BIOL 4703	Mechanisms of Pathogenesis	
Health and Wellness		
NUTR 2203	Sports Nutrition	
PBHL 1103	Personal Health and Safety	
PBHL 2663	Terminology for the Health Professions	
PBHL 3202	Health Care and Public Health Policy	
PBHL 3643	Public Health Program Planning and Evaluation	
EXSC 3153	Exercise Physiology	
The number of additional electives will depend on the focus area that the student chooses.		
Total Hours		120

Food, Nutrition and Health B.S.H.E.S., Eight-Semester Degree Program

Students wishing to follow the degree plan in Food, Nutrition and Health major should go to the Eight-Semester Degree Policy (p. 87) in the Academic Regulations chapter for university requirements of the program.

Hospitality Management (HOSP)

Kelly A. Way
Assistant Director
17D Home Economics Building
479-575-4985

Program Description: The School of Human Environmental Sciences offers a major in Hospitality Management, leading to a B.S.H.E.S. The program also offers two minors: Event Management and Hospitality Management.

Requirements for B.S.H.E.S. in Hospitality Management

All HOSP students must earn a grade of "C" or higher in all hospitality core required courses. State minimum core and discipline specific general education requirements:

(Course work that meets state minimum core requirements is in bold.)

University Requirements		1
UNIV 1001	University Perspectives	
Communications		12
ENGL 1013	Composition I (ACTS Equivalency = ENGL 1013) (unless exempt)	
ENGL 1023	Composition II (ACTS Equivalency = ENGL 1023) (unless exempt)	
COMM 1313	Public Speaking (ACTS Equivalency = SPCH 1003)	

AGED 3143	Communicating Agriculture to the Public (Or COMM, ENGL or World Language Course)	
U.S. History and Government		3
Choose from U.S. History and Government Core courses		
Mathematics and Computers		6-7
MATH 1203	College Algebra (ACTS Equivalency = MATH 1103)	
	or MATH 1203 College Algebra with Review (ACTS Equivalency = MATH 1103)	
MATH 2053	Finite Mathematics	
Sciences		8
Choose from University Core science courses		
Fine Arts and Humanities		6
Choose from Fine Arts, Humanities Core courses -- Choose 3 hours from each		
Social Sciences		9
ECON 2143	Basic Economics: Theory and Practice	
HDFS 2413	Family Relations	
	or HDFS 1403 Life Span Development	
PSYC 2003	General Psychology (ACTS Equivalency = PSYC 1103)	
	or SOCI 201 General Sociology (ACTS Equivalency = SOCI 1013)	
HOSP Requirements		36
NUTR 1213	Fundamentals of Nutrition	
HOSP 1301	Hospitality Pre-Internship	
HOSP 1603	Introduction to Hospitality Management	
HOSP 2603	Purchasing and Cost Control	
HOSP 2611	Foodservice Sanitation	
HOSP 2633	Lodging Property Management	
HOSP 4633	Hospitality Operations and Financial Analysis	
HOSP 3603	Cultures and Cuisines of the World	
HOSP 3601L	Culture and Cuisines of the World Practicum	
HOSP 3623	Introduction to Meetings and Events Management	
HOSP 3653	Hospitality, Dietetic Management and Human Resources	
HOSP 4643	Special Events Management	
HOSP 4653	Global Travel and Tourism Management	
HOSP 4693	Hospitality Management Internship ¹	
Additional Requirements		9
AGME 2903	Agricultural and Human Environmental Sciences Applications of Microcomputers	
	or ISYS 1123 Business Application Knowledge - Computer Competency	
BLAW 2013	The Legal Environment of Business (ACTS Equivalency = BLAW 2003)	
HOSP 4673	Destination Marketing & Operations	
Additional Professional and Business courses		12
From the departmental codes ACCT, AGECE, ECON, FDSC, FINN, ISYS, MGMT, MKTG, SCMT, OMTG, WCOB and HOSP. Recommended that students take HOSP related courses: HOSP 3673 & HOSP 4663		
General Electives ²		17-18
Total Hours		120

¹ Additional 3 hours credit may be earned if second experience is distinctly different from first internship.

² Recommend world language 6 hours.

Hospitality Management B.S.H.E.S., Eight-Semester Degree Program

Minor in Event Management

The Event Management minor provides students with expertise for careers in event planning and management. Curriculum covers skills and knowledge including negotiation, event planning, programming, promotion, budget and legal issues. This minor degree is open to all students at the University of Arkansas.

Requirements for a minor in Event Management: The Event Management minor requires 15 hours of coursework. To earn a minor in Event Management, a student must earn a "C" or better in the five courses required for the minor.

HOSP 1603	Introduction to Hospitality Management	3
HOSP 2603	Purchasing and Cost Control	3
HOSP 3623	Introduction to Meetings and Events Management	3
HOSP 3673	Event Safety and Venue Management	3

HESC 455V	Special Topics	3
Total Hours		15

Minor in Hospitality Management

This minor degree is designed to give students the expertise needed to pursue careers in the growing hospitality management industry. This minor degree is open to all students at the University of Arkansas.

Requirements for the minor in Hospitality Management: Students must complete 15 credit hours to earn this minor, including courses on tourism, finance, event management, and human resources. To earn a minor Hospitality Management, a student must earn a "C" or better in the five courses required for the minor.

HOSP 1603	Introduction to Hospitality Management	3
HOSP 2633	Lodging Property Management	3
HOSP 3623	Introduction to Meetings and Events Management	3
HOSP 3653	Hospitality, Dietetic Management and Human Resources	3

Human Development and Family Sciences (HDFS)

Timothy Killian
Assistant Director
HOEC 16C
479-575-7214

Students majoring in human development and family sciences prepare for one of the fastest growing employment opportunities in the country. The human services area includes jobs that serve people from conception through the last stages of life. Students develop skills for working with individuals and families in governmental, private, and nonprofit organizations. In addition to the major in Human Development and Family Sciences, the program offers a major in Birth through Kindergarten (p. 164).

Human Nutrition and Dietetics (HNAD)

Kelly A. Way
Assistant Director
17D Home Economics Building
479-575-4985

Program Description: Nutrition and Dietetics is for the student who intends to become a Registered Dietitian (RD), a credential that is required for one to counsel individuals related to any type of diet. Courses required are those necessary as prerequisites to application for a post-baccalaureate dietetic internship. Upon successful completion of the post-baccalaureate dietetic internship, the graduate is eligible to take the Registration Exam, the board examination for the RD credential. Graduates of this program who choose not to apply for a post-baccalaureate dietetic internship are eligible upon completion of the Bachelor's degree to take the board examination to become a Dietetic Technician, Registered (DTR).

Requirements for B.S.H.E.S. in Human Nutrition and Dietetics

State minimum core and discipline specific general education requirements:

Fay Jones School of Architecture and Design

Mission and Objectives

The Fay Jones School of Architecture and Design, founded in 1946 by John G. Williams at the University of Arkansas, houses professional design programs of architecture, landscape architecture and interior design together with liberal studies programs. The architecture and landscape architecture departments offer five-year accredited professional degree programs and four-year pre-professional degrees; the interior design department offers a four-year accredited professional degree, all of which combine studio design education with innovative teaching in history and theory; building and intelligent technologies and urban design and resiliency. A broad range of course offerings equips graduates with the knowledge and critical agility required to meet the challenges of designing for a changing world. Design instruction occurs in studio sequences that provide educational experiences appropriate for students who wish to pursue both traditional and non-traditional forms of professional practice. Fundamental principles and techniques design and design thinking are stressed and all curriculums empower students by developing skill, knowledge, and a deep sense of responsibility to their environment and to the cultures they will serve. The school's curriculum surveys issues and opportunities in built and natural settings, as well as addressing complex social, physical, and cultural relationships that constitute the human-made environment. In summary, the school prepares its students with critical frameworks for professional skills, and applied learning experiences that equip them to assume leadership roles in the profession and in their communities.

Facilities and Resources

The three academic units of the Fay Jones School — architecture, interior design and landscape architecture — together with its administrative offices are located in Vol Walker Hall and its state of the art addition, the Steven L. Anderson Design Center. Harmoniously combining traditional and contemporary architecture, our award-winning facilities not only offer students in the Fay Jones School extraordinary opportunities for collaboration among its three design disciplines, but also model best practices for new and historic preservation construction, all adhering to high standards of sustainable design. Similarly, the university's location in Northwest Arkansas, affords opportunity to study the impact of urbanization in a traditionally agricultural setting. At the same time, we value making connections with the entire state and our nation, pursuing

learning experiences for our students that foster civic engagement and responsibility. So too, the school is aware of the increasing global nature of design practice and offers field trips, guest lectures, learning opportunities in applied design and research, and, especially, a variety of study abroad programs in the University of Arkansas Rome Center as well as our Latin America Program and diverse options across Europe.

Design Studio

The design studio sequence is the core of each discipline within the school. Studio projects are complemented by topical lectures that inform the design process. These learning experiences develop and nurture the intellectual and creative skills of students and allow them to approach problem solving in a disciplined, logical, and analytical manner. The amount and complexity of material covered, the fast pace of assignments, and the presentation of work for critical discussion among faculty and other students combine to produce a challenging learning atmosphere.

Library Resources

The collections in the Fine Arts Library include traditional print resources on the visual arts (painting, drawing, sculpture, ceramics, printmaking, and photography), architecture, and landscape architecture. Types of materials include books, exhibition catalogs, reference books, and periodicals. Electronic resources supporting the art (<https://libraries.uark.edu/eresources/listing.asp?Category=Arts+and+Humanities&Listing=Art/>), architecture (<https://libraries.uark.edu/eresources/listing.asp?Category=Arts+and+Humanities&Listing=Architecture/>), landscape architecture (<https://libraries.uark.edu/eresources/listing.asp?Category=Arts+and+Humanities&Listing=Landscape+Architecture/>), and interior design (<https://libraries.uark.edu/eresources/listing.asp?Category=Arts+and+Humanities&Listing=Interior+Design/>) programs include Art Full Text (<https://libraries.uark.edu/eresources/help.asp?TitleCode=ARTABS/>), Avery Index to Architectural Periodicals (<https://libraries.uark.edu/eresources/help.asp?TitleCode=EbscoAvery/>), Bibliography of the History of Art (<https://libraries.uark.edu/eresources/helpweblinks.asp?LinkID=6065/>), and Oxford Art Online (<https://libraries.uark.edu/eresources/help.asp?TitleCode=OxfordArt/>) among others. The Fine Arts Library also maintains course reserves for faculty wishing to place materials on reserve for their classes. Visual resources such as slides and other materials are available in the Art Department slide library and the C. Murray Smart Media Center (<https://fayjones.uark.edu/resources/smart-media-center.php>) (for architecture). Archives and manuscripts related to art or architecture can be found in Special Collections (<https://libraries.uark.edu/specialcollections/>) in Mullins Library. The Libraries participate in ARTstor (<https://libraries.uark.edu/eresources/help.asp?TitleCode=ARTSTOR/>).

The C. Murray Smart Multimedia Center, located in Vol Walker Hall contains a vast online digital image database relating to architecture, architectural history, interior design, landscape architecture and urban design. This resource, along with a large array of archival collections of slides, photographs and video programs, is available to faculty and students of the school. The center also provides assistance to students with digital imaging technology, including the use of scanners and digital cameras.

Digital Drawing and Fabrication Resources

Fabrication Laboratories Website (<https://fayfabricationlabs.uark.edu>)

Located in the lower levels of Vol Walker Hall and an annex location in Fayetteville, the Fabrication Laboratories are an open environment for all Fay Jones School of Architecture and Design students & faculty.

Material experimentation, prototyping, and representing scale models is an essential part of the design culture at the Fay Jones School. The Fabrication Labs support this hands-on learning and research through offering the use of a variety of equipment in four facilities; Wood Lab, 3D Print Lab, Laser and CNC Lab, and the Build Lab.

The materials laboratory is a learning resource providing access to timeless, innovative, emerging, and sustainable materials and technologies that enables students to grow creatively and to become socially and environmentally responsible professionals. The tangible collection offers students the opportunity to engage a material's composition, physical structure, function, and environmental impact while exploring diverse design applications and assemblies. Searching materials is available through an online database organized by composition, manufacturing process, form, and application.

Garvan Woodland Gardens

Garvan Woodland Gardens Website (<http://www.garvangardens.org/>)

Located on Lake Hamilton in Hot Springs, Arkansas, Garvan Woodland Gardens is an integral unit of the school. The land and endowment were the result of a bequest to the department of landscape architecture in 1985. This 210-acre woodland habitat features a variety of garden settings and unique architectural structures designed and developed by world-renowned specialists in botanical gardens, landscape architecture and architecture.

Garvan Woodland Gardens' mission is to preserve and enhance a unique part of the Ouachita environment; provide people with a place of learning, research, cultural enrichment, and serenity; develop and sustain gardens, landscapes, and structures of exceptional aesthetics, design, and construction; and partner with and serve communities of which the Gardens is a part.

An internship program offers opportunities for summer study and employments.

University of Arkansas Community Design Center

Community Design Center Website (<http://uacdc.uark.edu/>)

Since 1995 the University of Arkansas Community Design Center (UACDC) has provided award-winning, innovative planning to communities and organizations throughout Arkansas. A nationally recognized leader in urban design, sustainable development, and education UACDC design solutions advance triple-bottom line thinking: simultaneously solving for economic, ecological, and social criteria. The center's work is multi-disciplinary as it addresses new challenges in affordable housing, context sensitive highway design, low impact development, transit-oriented development, big box urbanism, watershed urbanism, and agricultural urbanism. In the tradition of a teaching office, students collaborate with the center's professional design staff and allied consultants while authoring their own proposals. The goal is to prepare designers for leadership in "wicked problem solving" that leads to intelligent development of the built environment.

Degrees Offered

The Fay Jones School of Architecture and Design offers five-year professional programs in architecture and landscape architecture and

a four-year professional program in interior design. Each program culminates in a professional degree, the Bachelor of Architecture (B.Arch.), Bachelor of Landscape Architecture (B.L.A.) or Bachelor of Interior Design (B.I.D.).

The Bachelor of Science in Architectural Studies and the Bachelor of Science in Landscape Architectural Studies serve students who are interested in the design disciplines, but not professional practice. The four-year programs are well suited for students who seek careers in allied design disciplines, including historic preservation, environmental law, and history of architecture, as well as for students looking forward to graduate education in architecture, landscape architecture and the allied disciplines.

Minors

Students in architecture, landscape architecture and interior design may pursue academic minors in approved degree programs of other colleges on campus, providing they meet the specific requirements for that minor, as well as any of the school's minors in History of Architecture and Design, Planting Design, Planning and Sustainability. An Interior Design minor is available only to students in the Fay Jones School of Architecture and Design.

Accreditations

All three professional degree programs in the Fay Jones School are nationally accredited.

The architecture program was founded in 1946 and has been accredited by the National Architectural Accrediting Board (NAAB) since 1958. The landscape architecture program was established in 1975 and has been accredited by the Landscape Architecture Accreditation Board (LAAB) of the American Society of Landscape Architects (ASLA) since 1983. The Interior Design program was established in 1974 and has been accredited by the Council for Interior Design Accreditation (CIDA) since 1993. The school holds memberships in the Association of Collegiate Schools of Architecture (ACSA) and the Council of Educators in Landscape Architecture (CELA) and the Interior Design Educators Council (IDEC), organizations that comprise North American schools of architecture, landscape architecture and interior design.

Off-Campus Study Requirement

Each student in the professional program in architecture, landscape architecture and interior design is required to complete an approved off-campus study experience focusing upon complex urban relationships, and fostering cultural diversity. Approved programs in the Fay Jones School vary. They range from a semester in Rome to five- to ten-week programs in Europe or Latin America.

A special international programs fee supports the school's international programs. These fees are assessed to all students participating in the professional (five-year) degrees in architecture, landscape architecture and interior design designated in the "Fees and Cost Estimates" section of this catalog. The international program and any travel fees offsets the costs of maintaining off-campus programs that are not a part of the school's university-funded budget, as well as enhancing student-centered activities. Students are assessed the international fee each semester up until the semester they study abroad. At that time, they will be assessed for any remaining semesters plus any additional program costs not covered by the international study fees. The fee is assessed for each study abroad program and is not regulated by the catalog year of the students' first enrollment in the Fay Jones School of Architecture

and Design. All travel fees are non-refundable under any circumstances including withdrawal from the respective professional programs. For further information, see notes on related program fees under "Fees and Cost Estimates" for the university.

School Academic Regulations Plus/Minus Grading System

The Fay Jones School of Architecture and Design utilizes a plus/minus grading system that assigns numerical values to 12 different grades. These values are used for architecture, interior design and landscape architecture courses when grade-point averages are calculated. The 12-step grading system with assigned values is as follows:

Grade	Value
A	4.00
A-	3.67
B+	3.33
B	3.00
B-	2.67
C+	2.33
C	2.00
C-	1.67
D+	1.33
D	1.00
D-	0.67
F	0.00

School Scholarships

More than 90 awards and scholarships, including both merit and need-based scholarships, are available to students in the Fay Jones School of Architecture and Design. Most are awarded annually on the basis of recommendations made by the scholarship committee of the school. Only work accomplished since entering the school will be considered in determining merit awards based on grade-point averages.

Applications for scholarships are available for prospective and currently enrolled students at scholarships.uark.edu.

Student Organizations

American Institute of Architecture Students

The American Institute of Architecture Students (AIAS) is a national organization whose purpose is "to organize architecture students and combine their efforts to advance the science and art of architecture, to promote excellence in architectural education, training and practice, and to foster an appreciation of architecture and related disciplines among all persons." All students in the school's architecture program are eligible for membership.

American Society of Landscape Architects, Student Chapter

The purpose of the student chapter of the American Society of Landscape Architects is to bring together the landscape architecture students to combine their interests and efforts, to extend their knowledge of the profession of landscape architecture, and to help advance the profession while preparing for a professional career. All students in the school's landscape architecture program are eligible for membership.

American Society of Interior Designers Student Chapter

The American Society of Interior Design Student Chapter (ASID) is dedicated to representing the entire profession and encouraging the highest possible standards for the practice of interior design. Their purpose is to encourage interaction with professionals in interior design and allied professions and to develop leadership qualities. All students in the school's interior design program are eligible for membership.

National Organization of Minority Architects

The National Organization of Minority Architects (NOMA) mission is to champion diversity within the design professions by promoting the excellence, community engagement, and professional development of its members.

Tau Sigma Delta Honor Society

The Alpha Eta Chapter of Tau Sigma Delta is the only national collegiate honor society recognized in the fields of architecture, landscape architecture, interior design and allied arts. All students in the school are eligible for membership.

Elections to membership are made by the existing membership, subject to approval by the faculty, from the top 20 percent of each class of fourth-year and fifth-year students maintaining a minimum 3.00 cumulative grade-point average. In addition, leadership, character, and promise of professional merit are considered in making selections.

Sigma Lambda Alpha

Sigma Lambda Alpha, founded and chartered by the Council of Educators in Landscape Architecture (CELA), is an international honor society that encourages, recognizes and rewards academic excellence in preparation for the profession of landscape architecture. Any landscape architecture junior or senior with an average of 3.2 or higher is eligible for membership.

Ownership of Work

All original work submitted for credit, including design studio projects, becomes the property of the Fay Jones School of Architecture and Design. Students are required to maintain portfolios documenting all academic and design studio work. Digital copies (compact discs) of all work completed in a studio must be submitted to the studio year coordinator in order to receive a grade for the studio.

School Computer Policy

archlabs.uark.edu (<http://archlabs.uark.edu/>)

All students enrolled in the school are required to purchase, for their first year, a personal computer matching or exceeding specifications issued by school. The specifications are the same for all departments. All students will need their computers in the fall semester of the first year.

Recommendations for educationally priced computers are available on the UA Computer Store website (<http://uofastore.com/computer/tech-guide/>). Looking under the Fay Jones School.

A substantial amount of software may be required depending on specific course requirements, most of which is free for students to download at school's Technical Support page (<http://fayjones.uark.edu/people/current-students/technical-support.php>).

Other software is available educational discount prices through the UA Computer Store (<https://shop.uofastore.com/c-297-software.aspx>).

School Admission Requirements

Each program within the Fay Jones School of Architecture and Design has its own requirements for admission to their general and professional programs. The page below provides admission requirements for:

- The Department of Architecture
- The Department Interior Design
- The Department of Landscape Architecture

Department of Architecture Admissions

The department of architecture maintains two distinct tracks of study for entering freshmen to accommodate all students interested in pursuing a degree in architecture. The two tracks of study are designed to foster learning and to build strong foundations for entering students with different skill levels and high school backgrounds. Students accepted to the University of Arkansas with the intention to participate in the B.Arch. or B.S. programs in the department of architecture will be classified as fall/spring studio students or summer/summer studio students and assigned to either the fall/spring studio track or summer/summer studio track based upon department admissions policies described below.

Fall/Spring Studio

Students must meet all of the following requirements:

- 25 ACT or better
- 3.5 GPA in high school
- College preparatory curriculum to include physics and an upper level math (Pre-Calculus or higher)

Space in the studio is limited to 120 students with priority given to first year students who are admitted to the University of Arkansas and indicate architecture or architectural studies as their intended degree program by Nov. 15.

Students are reviewed at the end of the fall semester and may continue in the program if they meet the following criteria:

- "C" or better in ARCH 1015, Architectural Design I
- "C" or better in PHYS 1044, Physics for Architects I or an approved equivalent

- “C” or better in ARCH 1212, Design Thinking I: Foundations in Technology
- Present a 2.0 GPA

Students who do not meet those criteria will receive a letter and be advised accordingly.

Summer/Summer Studio

Summer studio students meet the University of Arkansas minimum requirements for admission but do not meet the above noted department criteria for the fall/spring studio. These students can enroll in ARCH 1015, Architectural Design I in the summer if they meet the following criteria:

- “C” or better in PHYS 1044, Physics for Architects I or an approved equivalent
- Present a 2.0 GPA

Students who do not meet these criteria will be delayed until they satisfy the admissions criteria for the Department of Architecture. Students will be reviewed at the end of the first summer session and will not be allowed to continue in the program if they do not meet the following criteria:

- “C” or better in ARCH 1015, Architectural Design I
- “C” or better in ARCH 1212, Design Thinking I: Foundations in Technology
- Maintain a 2.0 GPA

Architecture Department Transfer Students

Transfer students who are admitted to the Fay Jones School of Architecture start the design studio sequence in the summer and must meet the following requirements:

- Completion of an approved general physics course and an approved mathematics course.
- To enter Design I in the summer, students must successfully pass Physics for Architects I (or another approved upper level physics course) with a minimum of C or better, complete an approved math course and present a 2.0 GPA overall.
- Students admitted to the university with a completed two-year associate of arts or associate of science degree from an Arkansas state-supported two-year or four-year college or university, as stated in ACT 182, will have general education (core) requirements waived. All students must complete any lower division discipline specific courses required for the major, as well as all courses required to comply with the conditions of accreditation.

Lack of knowledge or misinterpretation of policies and/or regulations on the part of individual students will not be considered a valid reason for failure to fulfill requirements.

Transferring from Accredited Schools of Architecture: Students transferring from an accredited professional program in architecture must have their architecture courses reviewed for acceptance and for determination of studio placement by submitting materials for review. Please contact the school's advising center for a specific list of required materials.

NOTE: All students must complete or receive transfer credit for either PHYS 1044 Physics for Architects I or PHYS 2013 and PHYS 2011L College Physics I, MATH 1213 Plane Trigonometry, MATH 2033 Mathematical Thought, MATH 2043 Survey of Calculus or MATH 2053 Finite Mathematics and all other first year university core

curriculum courses prior to entry into ARCH 2016 Architectural Design III and its co-requisites in architectural structures and history.

Ultimate responsibility for completion of entrance requirements rests with each student. For questions concerning admissions, please contact the school's advising center for additional information.

Admission to the Professional Program

The department of architecture offers students the opportunity to prepare for architectural practice or related endeavors. With this opportunity comes a responsibility for demonstrating a commitment to personal growth and success in the professional program.

Students are admitted to the first year of the architecture curriculum based on the above described by the university and the school. Every semester, students' grades in all architecture courses, especially the design studio, are evaluated to assess their progress and performance.

Upon completion of the third year of the five-year architecture curriculum, including completion of the 35 semester-credit hour university's state minimum (general education) core required, students will be evaluated for admission to the professional program. **Admission to the Professional Degree Program in the Department of Architecture requires a minimum 2.00 grade-point average in the University Core and each of the sub-disciplines of Architecture: History/Theory, Technology and Design.**

Students admitted to the professional program will continue in the established studio curriculum sequence and are to complete the final two years of design studio at the school. In addition to completing the design studio sequence, students are encouraged to take maximum advantage of the opportunities that professional and free electives provide for pre-professional development, cultivation of specialization in and related to the profession, and/or preparation for graduate education.

Interior Design Program Admissions

Students are admitted to the first year of the interior design curriculum based on criteria established by the university and by the program. They are evaluated each semester by grades in lecture courses and by grades for performance and progress in the design studio sequence.

Admission to the Professional Program for Interior Design

The interior design program offers prospective students the opportunity to prepare for professional practice or related endeavors. With this opportunity comes a responsibility for demonstrating a commitment to personal growth and success in the professional program.

At the completion of the first year of the interior design curriculum, students will be evaluated for admission into the professional program on the basis of academic performance in the university core and the required interior design and architecture curriculum. Admission is based on available desks and requires a majority vote of a departmental admissions committee. Students admitted to the professional program will continue in the established studio curriculum sequence and are to complete the final three years of design studio at the school. Students with less than a cumulative 2.5 GPA in IDES and ARCH courses will not be admitted to the professional program. Students who are not admitted are encouraged to consider alternative programs in the school and the university.

Students are encouraged to maximize opportunities that professional and free electives provide for pre-professional development, specialization in areas related to the profession, and/or preparation for graduate education.

Department of Landscape Architecture Admissions

All students (including freshmen, international, and transfer students) admitted to the University of Arkansas are eligible for participation in the landscape architecture program in the school. Space in the studio is limited with priority given to first year students who are admitted and indicate landscape architecture or landscape architectural studies on their admissions application by November 15th. Students who require developmental work because of low ACT or SAT scores or university-administered math placement examinations or who require courses to remove deficiencies may not register for courses carrying LARC departmental designations. Upon completion of required developmental work and maintaining a grade-point average of 2.00 or more on at least 12 credit hours, students may enroll in landscape architecture (LARC) courses.

Admission to the Professional Program in Landscape Architecture

The department of landscape architecture offers a professional education grounded in liberal arts studies, which prepares students for landscape architecture practice in the private, public, and not-for-profit sectors. Successful completion of the program requires commitment to personal growth and excellence.

Students are admitted to the first year of the landscape architecture program based upon the established criteria by the University of Arkansas. Academic and professional performance is evaluated by grades in the course work, design studios, and construction labs. After two years in the program, students submit a portfolio of work at the end of the spring semester for application to continue in the professional program. Applicants who have a grade-point average below a 2.5 will not be allowed to continue in the program. Contact the department head for specific portfolio submission requirements and schedule of deadlines. All candidates will be notified of their acceptance or rejection in writing, normally by the first of August.

Students will be evaluated on general academic performance and in the landscape architecture curriculum as well as professional conduct. All department faculty serve on the admissions committee. Any appeal to the committee's decision may be made by submitting a letter to the department head one week before the first week of the subsequent fall semester. The appeal will be presented to the entire faculty for consideration and will require the candidate to present their case in person.

Students who fail to gain admission to the Bachelor of Landscape Architecture degree program will be referred to the department head and the school's academic adviser for appeal procedures and alternative degree programs in the school and the university.

Honors

Fay Jones School of Architecture and Design Honors Program

The Honors Program of the Fay Jones School of Architecture and Design is proud to be one of the six individual honors programs partnered with the University of Arkansas Honors College. The Fay Jones School Honors Program is rooted in the best traditions of design education: responsibility and service to the societies and cultures to which we are inextricably connected, and the nurturing of the individual curiosity and capabilities

of our students. Honors requirements are the same in all departments (Architecture, Interior Design and Landscape Architecture) and can be found below.

The Fay Jones School of Architecture and Design Honors Program provides opportunities for students of superior academic and creative ability to enhance and enrich their professional and liberal education. Students in the Architecture Honors Program are eligible to graduate *cum laude*, *magna cum laude*, and *summa cum laude*. All other students who attain a cumulative GPA of 3.5 or higher will be eligible to graduate with distinction, a classification separate from the *cum laude* awards. The school's Honors Program requires 18 credits of honors coursework.

Admission to the Fay Jones School Honors Program

The Honors College will automatically enroll freshmen who are accepted as honors students before summer orientation in the Fay Jones School Honors Program. At summer orientation, these honors students will fill out the Fay Jones School Honors Program enrollment form.

Freshmen who were not admitted by the Honors College before orientation but who come to orientation with the qualifying 28 composite ACT score and 3.5 high school GPA will also fill out the Fay Jones School Honors Program Enrollment form at orientation. Students who do not present both 28 composite ACT and 3.5 high school GPA, but who subsequently earn and maintain a 3.5 GPA in their coursework at the U. of A., will be invited to enroll in the Fay Jones Honors Program as soon as they attain a 3.5 GPA, provided it is still possible for them to complete all of the Honors program requirements at the time of their enrollment.

From the second semester of the third year onward, the Fay Jones School Honors Scholars are required to maintain a minimum cumulative GPA of 3.33 to remain in the program.

Transfer students may be invited to join the Fay Jones School Honors Program if they maintain a cumulative GPA of 3.5 or higher in courses completed at the University of Arkansas by the end of the first semester of their third year of study, and a 3.33 GPA thereafter.

Every semester, the school's advising center will apprise the Fay Jones School Honors Program Committee of students who have achieved this level of excellence and are eligible to join the Fay Jones School Honors Program. Invitations are extended to students by the end of the semester in which the candidacy is advanced.

Confirmation of Intent to Complete the Fay Jones School Honors Program

At the end of the first semester of the third year, students will sign a form, confirming their intention to complete the remaining requirements for their honors degree. Students found not to have successfully completed the honors core course(s) needed to satisfy their Honors degree requirements (i.e., sufficient credits in University Core and/or Professional Core Honors courses) will be dismissed from the honors program at this time.

Dismissal from the Fay Jones School Honors Program

The Fay Jones School Honors Program students who fail to maintain a 3.5 or 3.33 cumulative GPA, depending on their year level, will receive a one-semester probation period prior to dismissal from the program.

Honors Independent Study Policy

Honors students may take as many regular or honors independent study credits as they deem desirable, but only one three-credit honors

independent study course may be substituted for an Honors Professional Elective course. Furthermore, the substitution will be permitted only if all of the following conditions are satisfied:

- That the honors independent study course not be taken concurrently with capstone credit studio.
- That the honors independent study course not be taught by the student's capstone director.
- That honors independent study course be substituted for no more than three credits of a student's required professional electives credits.

It is recommended that students considering this option seek special advising from their faculty mentor. As it is helpful for students to know what is expected of them, the work of the honors independent study (research paper, models, prototypes, etc.) should be determined, and agreed upon, by the professor and student before the student registers for the credits. The school's advising center will register a student for an Honors Special Projects course only upon request of a syllabus or prospectus for the independent study from the student.

Honors Capstone

All honors students will pursue a capstone project during the final year of their undergraduate program. Honors students will invest three credit hours in the development of a capstone project that will articulate research topics identified in the FJAD 3153H Honors Methods of Design Inquiry course taken spring semester in a students' third year. Guidelines for topic selection and preparation of the honors capstone project are available from the Honors Committee.

All Fay Jones Honors students are held to the highest standard with regard to academic achievement and academic integrity. Students violating the Academic Integrity policy that receive a sanction of # 1.0 at the University of Arkansas will be permanently removed from the Fay Jones Honors Program without the ability to reapply. The student may appeal the decision to the University's Academic Integrity Board; if the sanction is overturned and removed, the student will be reinstated into the Fay Jones Honors Program.

The honors capstone is a student-directed project supervised by a capstone director with expertise in the capstone topic. The capstone director, who must be a faculty member in the Fay Jones School, chairs a capstone committee to be comprised of two other members, typically, a departmental faculty member and a non-departmental faculty member who brings additional fields of knowledge to the project. In rare cases when the capstone director, in consultation with the School's Honors Committee and the student, determines that a non-departmental faculty member with expertise appropriate to the capstone in question cannot be identified on campus, an extra-disciplinary member from within the Fay Jones School (e.g., faculty in architectural history, technology, or other allied field) may fill the position of the non-departmental member. Any such exceptions to the standard membership of a capstone committee should be infrequent. The point of including non-departmental participation is to help ensure that a student's research is understandable and valid to an informed community outside of the disciplines of architecture, interior design or landscape architecture. Additional faculty, both departmental or non-departmental, as well as non-academic experts, may participate in any honors capstone as non-committee members, if the capstone director welcomes their involvement. Students will complete and present a written prospectus for the Honors Capstone no later than the Friday before summer break in their third year of study. The prospectus will be a product of the FJAD 3153H Honors Methods

of Design Inquiry course. Students shall meet a schedule of interim requirements established by the capstone committee in consultation with the School's Honors Committee.

Requirements for Fay Jones School of Architecture and Design Honors Program Scholars

Completion of 18 hours of honors designated courses, to include a minimum of:

Honors elective (any Honors course at the university)	3
Honors Professional Core (any Honors professional core in the Fay Jones School)	3
Honors Professional Electives or upper-level (3000+) university honors courses	6
FJAD 3153H Honors Methods of Design Inquiry	3
FJAD 5143H Honors Capstone	3
Total Hours	18

Architectural Studies (ARCH)

Department Office
120 Vol Walker Hall
479-575-4705

Bachelor of Science in Architectural Studies

The Bachelor of Science in Architectural Studies incorporates course work from the school with liberal studies for students with interests that fall outside the parameters of the accredited professional degree program. The architectural studies program provides opportunities for students who wish to prepare for graduate study in an accredited architecture program or in an allied discipline, such as architectural history, historic preservation, urban planning, or construction management, as well as serving students who seek opportunities in related fields that may not require the five-year accredited degree.

Architectural Studies degree candidates may pursue an academic minor. The minor must be in a field other than the major area, and students must notify the department of their intention to minor. An academic minor ordinarily consists of 15-18 hours.

Although foreign study is not required of candidates for the four-year degree, students in the architectural studies curriculum are encouraged to participate in the school's off-campus study programs in Europe and Latin/Central America.

To take maximum advantage of the opportunities the four-year degree offers for pre-professional development (cultivation of specialization in and related to the field, and/or preparation for graduate study) each candidate for the Architectural Studies degree will work with a faculty adviser to develop a program of study emphasizing a student's special interests.

Requirements for a Bachelor of Science Degree in Architectural Studies:

1. Completion of the following 31-hour architectural studies program:

Architectural Design

ARCH 1015	Fundamental Design Skills	5
ARCH 1025	Fundamental Design Methodology	5

Architectural Technology

ARCH 1212	Design Thinking I: Foundations in Technology	2
ARCH 2132	Environmental Technology I	2

History and Theory of Architecture

ARCH 1013	Diversity and Design	3
ARCH 1222	Design Thinking II: Foundations in History	2
ARCH 2233	History of Architecture I	3
ARCH 2243	History of Architecture II	3
ARCH 4433	History of Architecture III	3
ARCH 4523	Architectural Theory	3

(Students interested in Landscape Architecture may substitute LARC 3413 for ARCH 2233 or ARCH 2243.)

Total Hours	31
-------------	----

2. Completion of the following 35-hour general education program:

English Composition

ENGL 1013	Composition I (ACTS Equivalency = ENGL 1013)	3
ENGL 1023	Composition II (ACTS Equivalency = ENGL 1023)	3

American History or Government

Select one of the following: 3

HIST 2003	History of the American People to 1877 (ACTS Equivalency = HIST 2113)	
HIST 2013	History of the American People, 1877 to Present (ACTS Equivalency = HIST 2123)	
PLSC 2003	American National Government (ACTS Equivalency = PLSC 2003)	

Mathematics

Select one of the following: 3

MATH 1213	Plane Trigonometry (ACTS Equivalency = MATH 1203)	
MATH 2033	Mathematical Thought	
MATH 2043	Survey of Calculus (ACTS Equivalency = MATH 2203)	
MATH 2053	Finite Mathematics	

Laboratory Science

PHYS 1044	Physics for Architects I	4
PHYS 1054	Physics for Architects II	4

Fine Arts/Humanities

One course must be elected from the fine arts core; one course from the humanities core. 6

Social Science

At least three hours should be taken in anthropology, economics, psychology, or sociology; and with not more than two courses taken from any one department to fulfill this requirement. (See University Core Requirements) 9

Total Hours	35
-------------	----

3. Completion of 45 hours of electives as follows:

Professional Concentration Electives 24

Concentration tracks can include: M.Arch. preparation; historic preservation; environmental technologies and sustainability; urban and regional planning; a recognized minor in an allied discipline; and other similar programs of study, subject to approval; including at least nine hours of upper-level courses in FJSOA.

Upper Division Electives outside of FJSOA 9**Interdisciplinary Core** 9

Nine hours to include at least one course in IDES and one course in LARC

Total Hours	42
-------------	----

4. **Free Electives** 12

- A minimum of 120 hours with a 2.00 cumulative grade-point average at this institution both in all work attempted and in course work completed in the Fay Jones School of Architecture.
- Presentation of at least 40 semester hours in courses numbered 3000 or above or courses in the Fay Jones School of Architecture (or allied discipline) numbered 2000 with specific course prerequisites.
- University Perspectives (UNIV 1011) does not count towards degree credit.

Architectural Studies B.S. Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 87) for university requirements of the program. During the first year, students who have been admitted to the fall-spring design studio and students who have been to the summer-summer design studio follow different schedules, both of which are listed below, with the fall-spring studio first and then the summer-summer studio. The second, third and fourth years are identical for both scenarios.

Fall-Spring Design Studio

First Year	Units	
	Fall	Spring
ARCH 1015 Fundamental Design Skills	5	
ARCH 1212 Design Thinking I: Foundations in Technology	2	
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3	
PHYS 1044 Physics for Architects I	4	
UNIV 1001 University Perspectives	0	

Students are reviewed at the end of the fall semester and may continue the program if they meet the following criteria: "C" or better in ARCH 1015, Architectural Design I; "C" or better in PHYS 1044, Physics for Architects I or an approved equivalent; "C" or better in ARCH 1212, Design Thinking I: Foundations in Technology; Maintain a 2.0 GPA. Students who do not meet these criteria will receive a letter and be advised accordingly.

ARCH 1025 Fundamental Design Methodology	5
ARCH 1222 Design Thinking II: Foundations in History	2
ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023)	3
Select one of the following:	3

MATH 1213 Plane Trigonometry (ACTS Equivalency = MATH 1203)

MATH 2033 Mathematical Thought

MATH 2043 Survey of Calculus (ACTS Equivalency = MATH 2203)

MATH 2053 Finite Mathematics		
PHYS 1054 Physics for Architects II	4	
Year Total:	14	17

Free Elective		3
Upper-level Arts and Sciences Elective		3
Concentration or Minor Electives		9
Year Total:	15	15

Second Year	Units	
	Fall	Spring

Prior to Second Year

Prior to Second Year PHYS 1044, PHYS 1054 (or an approved alternate laboratory science in the University Core) and MATH 1213, MATH 2033, MATH 2043 or MATH 2053 must be completed before students can begin second-year courses in Architecture. Transfers students and change-of-majors seeking exceptions to the eight-semester degree plan will be reviewed on an individual basis.

ARCH 2132 Environmental Technology I	2	
ARCH 1013 Diversity and Design	3	
Social Science Core	3	
ARCH 2233 History of Architecture I	3

Academic Policies

1. Any student receiving a grade of "D (+/-)" in a pre-professional program studio course is subject to a comprehensive review of his/her semester's work by the Design Review Committee. The committee can require the student to retake the studio, prior to advancing to the next studio in sequence, in order to demonstrate competence by achieving a grade of "C" (2.00) or better. A student receiving an "F" in any required design studio must repeat that studio before progressing.
2. Each student's progress through the Design Studio sequence is monitored and governed by the faculty and subject to a design review process.
3. Any student receiving an "I" in a design studio must complete all work necessary to receive a grade in that studio prior to the first day of the next studio in the student's prescribed sequence. Students carrying a grade of "I" will not be permitted to enroll in subsequent studios.
4. Prior to graduation, a student must present a 2.00 cumulative grade-point average in all work at this institution.

Faculty

Baker, Emily, M.Arch. (Cranbrook Academy of Art), B.Arch. (University of Arkansas), Assistant Professor, 2017.

Architecture (ARCH)

Department Office
115 Vol Walker Hall
479-575-4705

The Bachelor of Architecture prepares students for registration and licensure to practice architecture. Architects are licensed professionals trained in the art and science of the design and construction of buildings and structures that primarily provide shelter. Additionally, architects may be involved with designing the total built environment—from how a building integrates with its surrounding landscape to architectural or construction details that involve the interior of the building to designing and creating furniture to be used in a specific space. An architect will create the overall aesthetic and look of buildings and structures, but the design of a building involves far more than its appearance. Buildings also must be functional, safe and economical and must suit the specific needs of the people who use them. Most importantly, they must be built with the public's health, safety and welfare in mind.

The Department of Architecture also offers a minor in History of Architecture and Design with different courses available for students in the Fay Jones School of Architecture and Design and for those students from outside the school.

Architecture – National Architectural Accrediting Board

In the United States, most registration boards require a degree from an accredited professional degree program as a prerequisite for licensure. The National Architectural Accrediting Board (NAAB), which is the sole agency authorized to accredit professional degree programs in architecture offered by institutions with U.S. regional accreditation, recognizes three types of degrees: the Bachelor of Architecture, the Master of Architecture, and the Doctor of Architecture. A program may be granted an eight-year, three-year, or two-year term of accreditation, depending on the extent of its conformance with established educational standards. Doctor of Architecture and Master of Architecture degree programs may require a pre-professional undergraduate degree in

architecture for admission. However, the pre-professional degree is not, by itself, recognized as an accredited degree.

The University of Arkansas Fay Jones School of Architecture and Design's department of architecture offers the following NAAB-accredited degree program:

- B.Arch. (159 undergraduate credits)

The last accreditation visit for the B.Arch. programs was conducted in February 2014; the date of the next visit will be announced in spring 2022.

The National Architectural Accrediting Board (NAAB) only accredits professional programs offering the Bachelor of Architecture, which requires a minimum of five years of study, and the Master of Architecture degrees. These professional degrees are structured to educate those who aspire to registration and licensure to practice as architects. The curricular requirements for awarding these degrees must include three components — general studies, professional studies, and electives. Together these three components comprise a liberal education in architecture and ensure that graduates will be technically competent, critical thinkers who are capable of defining multiple career paths within a changing societal context.

No four-year degrees are accredited by NAAB, but the Bachelor of Science in Architectural Studies degree is excellent for those who want a foundation in the field of architecture as preparation for either continued education in a professional degree program or for employment in fields related to architecture.

Bachelor of Architecture Degree

Course List

1. Completion of the following 94-hour professional program:

Architectural Design

ARCH 1015	Fundamental Design Skills	5
ARCH 1025	Fundamental Design Methodology	5
ARCH 2016	Architectural Design III	6
ARCH 2026	Architectural Design IV	6
ARCH 3016	Architectural Design V	6
ARCH 3026	Architectural Design VI	6
ARCH 4016	Comprehensive Studio	6
ARCH 4026	Comprehensive Studio	6
ARCH 5016	Option Studio I	6
ARCH 5026	Option Studio II	6

Architectural Technology

ARCH 1212	Design Thinking I: Foundations in Technology	2
ARCH 2113	Architectural Structures I	3
ARCH 2123	Architectural Structures II	3
ARCH 2132	Environmental Technology I	2
ARCH 3143	Building Materials and Assemblies	3
ARCH 3253	Environmental Technology II	3
ARCH 4152	Building Systems Integration	2

History and Theory of Architecture

ARCH 1222	Design Thinking II: Foundations in History	2
ARCH 2233	History of Architecture I	3
ARCH 2243	History of Architecture II	3
ARCH 4433	History of Architecture III	3

ARCH 4523	Architectural Theory	3
Professional Practice		
ARCH 5314	Architectural Professional Practice	4
Total Hours		94

2. Completion of the 35-hour general University Core requirements (p. 97). In addition, specific requirements are listed below:

Mathematics

Select one of the following:		3
MATH 1213	Plane Trigonometry (ACTS Equivalency = MATH 1203)	
MATH 2033	Mathematical Thought	
MATH 2043	Survey of Calculus (ACTS Equivalency = MATH 2203)	
MATH 2053	Finite Mathematics	

Laboratory Science

Required

Select one of the following:		4
PHYS 1044	Physics for Architects I	
PHYS 2013	College Physics I (ACTS Equivalency = PHYS & PHYS 2011L2014 Lecture) and College Physics I Laboratory (ACTS Equivalency = PHYS 2014 Lab)	

Strongly Recommended

Select one of the following:		4
PHYS 1054	Physics for Architects II	
PHYS 2033	College Physics II (ACTS Equivalency = PHYS & PHYS 2031L2024 Lecture) and College Physics II Laboratory (ACTS Equivalency = PHYS 2024 Lab)	

3. Completion of 30 hours of electives, as follows:

Professional Electives	15
Chosen from upper-level courses (courses numbered 3000 or above) taught on the Fayetteville campus in the Fay Jones School of Architecture and Design and allied disciplines. Students participating in the Rome program may present Architecture of the City (ARCH 4653) for professional elective credit. All other elective courses will be used to fulfill free elective requirements.	
Free Electives	13
Total Hours	28

4. A minimum of 157 hours with a 2.00 cumulative grade-point average at this institution both in all work attempted and in all professional course work attempted is required.
5. Participation for at least one semester in an approved international educational experience. (See Off-Campus Study Requirement (p. 173).)

NOTE: No more than three hours of physical education and/or R.O.T.C. may be counted toward a degree. Courses not acceptable toward degree credit include those of a remedial or orientation nature and whose content are considered to be measurably duplicated elsewhere in the curriculum. ARCH 1003 is not counted toward degree credit for architecture majors.

University Perspectives (UNIV 1001) does not count towards degree credit.

By following the preceding curriculum, students will meet the state-mandated University Core Requirements. They must also meet all other university requirements for graduation. See the university Academic Regulations (p. 81).

Sample curriculum for the Bachelor of Architecture degree can be obtained from the school's advising center.

Professional Licensure Degree Requirement

The National Architectural Accrediting Board (NAAB) only accredits professional programs offering the Bachelor of Architecture, which requires a minimum of five years of study, and the Master of Architecture degrees. These professional degrees are structured to educate those who aspire to registration and licensure to practice as architects. The curricular requirements for awarding these degrees must include three components — general studies, professional studies, and electives. Together these three components comprise a liberal education in architecture and ensure that graduates will be technically competent, critical thinkers who are capable of defining multiple career paths within a changing societal context.

While no four-year degrees are accredited by NAAB, the Bachelor of Science in Architectural Studies degree is excellent for those who want a foundation in the field of architecture as preparation for either continued education in a professional degree program or for employment in fields related to architecture.

Architecture B.Arch. Ten-Semester Degree Program

The professional program for a Bachelor of Architecture Degree requires 10 semesters of coursework and is not eligible for the Eight-Semester Degree Completion Program. It also requires admission to the professional program after the third year of classes. However, the following 10-semester sample plan shows how a first-year student could obtain a Bachelor of Architecture Degree in five years if the student is admitted to the Fall-Spring Architectural Design Studio and subsequently is admitted to the professional program. Students not accepted into the fall studio will begin ARCH 1015 in the first summer session (granted all fall requirements are met) followed by ARCH 1025 in the second summer session.

Students should be aware that PHYS 1044, PHYS 1054 (or an approved alternate laboratory science in the University Core) and one of the listed MATH courses must be completed before students can begin second-year courses in Architecture. Transfer students and students who change majors and seek exceptions to the sample curriculum will be reviewed on an individual basis.

Students in the professional program are required to participate in an approved study abroad experience. Students can choose from either a fall or spring semester of 4th year in Rome, Italy or a summer program (summer prior to 4th or 5th year) in a designated Latin or Central American country. Students can elect to participate in both but only one program can serve as a substitution for ONE fourth year studio semester. Should a student participate in both study abroad programs, the additional program would go to professional elective hours.

First Year	Units	
	Fall	Spring
ARCH 1015 Fundamental Design Skills	5	
ARCH 1212 Design Thinking I: Foundations in Technology	2	
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3	
Select from one of the following:	3	
HIST 2003 History of the American People to 1877 (ACTS Equivalency = HIST 2113)		
HIST 2013 History of the American People, 1877 to Present (ACTS Equivalency = HIST 2123)		
PLSC 2003 American National Government (ACTS Equivalency = PLSC 2003)		
PHYS 1044 Physics for Architects I	4	
UNIV 1001 University Perspectives		
See Footnote 1		
ARCH 1025 Fundamental Design Methodology		5
ARCH 1222 Design Thinking II: Foundations in History		2
ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023)		3
Select from one of the following:		3
MATH 2053 Finite Mathematics		
MATH 1213 Plane Trigonometry (ACTS Equivalency = MATH 1203)		
MATH 2033 Mathematical Thought		
MATH 2043 Survey of Calculus (ACTS Equivalency = MATH 2203)		
PHYS 1054 Physics for Architects II		4
Year Total:	17	17

Second Year	Units	
	Fall	Spring
ARCH 2016 Architectural Design III	6	
ARCH 2113 Architectural Structures I	3	
ARCH 2132 Environmental Technology I	2	
ARCH 2233 History of Architecture I	3	
Social Science Core	3	
ARCH 2026 Architectural Design IV		6
ARCH 2123 Architectural Structures II		3
ARCH 2243 History of Architecture II		3
Social Science Core		3
Year Total:	17	15

Third Year	Units	
	Fall	Spring
ARCH 3016 Architectural Design V	6	
ARCH 3143 Building Materials and Assemblies	3	
ARCH 4433 History of Architecture III	3	
Fine Arts or Humanities Core	3

Year Total:	15	18

Fourth Year	Units	
	Fall	Spring
Fall Rome Semester		
ARCH 4116 Architectural Design - Rome	6	
ARCH 4653 Architecture of the City	3	
Rome Electives	6	
Spring On Campus Semester		
ARCH 4026 Comprehensive Studio		6
ARCH 4152 Building Systems Integration		2
Professional Elective		3
Free Elective		3
See Footnote 3		
Year Total:	15	14

Fifth Year	Units	
	Fall	Spring
ARCH 5016 Option Studio I	6	
Free Elective	3	
ARCH 5314 Architectural Professional Practice	4	
Professional Elective	3	
ARCH 5026 Option Studio II		6
Professional Electives		6
Free Elective		3
Year Total:	16	15

Total Units in Sequence: 159

Note 1 Students are reviewed at the end of the fall semester and may continue the program if they meet the following criteria: "C" or better in ARCH 1015, Architectural Design I; "C" or better in PHYS 1044, Physics for Architects I or an approved equivalent; "C" or better in ARCH 1212, Design Thinking I: Foundations in Technology; Maintain a 2.0 GPA. Students who do not meet these criteria will receive a letter and be advised accordingly.

Note 2 All university core courses must be completed by the end of the third year. Admission to ARCH 4016 is contingent upon admission to the professional program.

Note 3 If the student participates in the Rome program in the spring semester, the course plan for fourth year is reversed. Students may also choose to participate in the 10-week Latin American study abroad program in the summer before their 3rd or 4th year. If a student chooses to do both programs, only one studio will count towards the required studio sequence. The additional hours may count towards professional programs.

Academic Policies

In addition to the requirements of the university, the following academic policies are applicable to all students in the Department of Architecture.

1. Any student receiving a grade of "D (+/-)" in a pre-professional program studio course is subject to a comprehensive review of his/her semester's work by the Design Review Committee. The committee can require the student to retake the studio, prior to advancing to the next studio in sequence, in order to demonstrate competence by achieving a grade of "C" (2.00) or better. A student receiving an "F" in any required design studio must repeat that studio before progressing.
2. Each student's progress through the Design Studio sequence is monitored and governed by the faculty and subject to a design review process.
3. Admission to the Professional Degree Program in the Department of Architecture requires a minimum 2.00 grade-point average in the University Core and each of the sub-disciplines of Architectural History/Theory, Technology, and Design.
4. Enrollment in any 4th year design studio, including comprehensive design studio (ARCH 4016 or ARCH 4026), the Rome Center Design Studio (ARCH 4116), and the Latin American summer studio (ARCH 4126) is contingent upon admission to the professional program in architecture as described above.
5. Successful completion of the upper level studios of the professional degree program (ARCH 4016, ARCH 4026, ARCH 4116, ARCH 4126, ARCH 5016, and ARCH 5026) requires demonstration of competence as evidenced by achieving a grade of "C" (2.00) or better in those courses. Failure to achieve this minimum standard will require retaking the studio.
6. Any student receiving an "I" in a design studio must complete all work necessary to receive a grade in that studio prior to the first day of the next studio in the student's prescribed sequence. Students carrying a grade of "I" will not be permitted to enroll in subsequent studios.
7. Prior to graduation, a student must present a 2.00 cumulative grade-point average in all work at this institution.

Design Review (Grade Appeal) Procedure

The Design Review Process

Design Review is a process initiated by a faculty member, the Department Head or a student in order that (1) a faculty member may review a student's design work within a studio course, or (2) a student may appeal grades and/or seek resolution of conflicts with studio faculty in which it is believed that questions of fairness and equity have been raised by the application of the published grading policy of the faculty member. Faculty reviews are predicated upon, but are not limited to, the review of student work that has received a "D" grade or lower.

The Department Head will appoint a Design Review (Appeals) Committee at the beginning of each academic year. The Committee shall be composed of three (3) members of the permanent faculty. Additional or alternate members of the Committee may be appointed at the discretion of the Department Head or the Associate Dean.

Grade appeals initiated by students will occur during the week prior to the start of classes in the subsequent semester. Grade appeals may be filed through petition to the Office of the Associate Dean as soon as the student receives his or her final grade, but no later than the first day of the subsequent semester, (Monday of the week prior to the start of classes). In instances when the appeal concerns a change of an incomplete grade, petition for review should be made as soon as possible after the award of

the final grade, and the review will be scheduled at the discretion of the Associate Dean.

Protocol for the Design Review (Appeal) Process

1. Students are encouraged to meet with the faculty member(s) who has awarded the contested grade prior to filing a grade appeal. The student may request that his/her faculty advisor, a member of the professional advising staff, or the Associate Dean facilitate this meeting.
2. When a Design Review (Appeal) has been scheduled, the student shall exhibit, at the place and time specified by the Associate Dean's office, ALL work assigned and attempted for the studio in the semester under review. Faculty are required to provide the Design Committee with the course syllabus, grading policy, semester assignments, mid-term course assessment, and a written evaluation (a one-page rationale) of the full semester's work at least 48-hours in advance of the Design Review.
3. The Design Review (Appeal) will consist of separate and independent meetings of the Design Review (Appeal) Committee with the student and the faculty member(s). Following these meetings, the Committee will convene to evaluate the merits of the review (appeal). The Committee is expected to serve as both objective reviewers of the work and as advisers to the student.
4. The Design Review (Appeal) committee will keep minutes of its deliberations. All recommendations from the Committee shall have written explanations and/or justifications, which will be provided to the student, the faculty member, and the Associate Dean, and made part of the student's academic file. The Associate Dean will be responsible for communicating the results of a Review (Appeal) to the student.

The outcome of the Design Review

1. A recommendation to the faculty member regarding the grade appeal of the student. Action upon that recommendation is undertaken solely at the discretion of the faculty member. No faculty member is compelled to change a grade in response to the recommendation of the Design Review Committee.
2. A requirement for the student to repeat the design studio course and any co-requisite.
3. A recommendation for enrollment in the subsequent studio course, while advising the student of the need to achieve and maintain a cumulative 2.00 (in the studio sequence) for admission to the professional program.
4. An academic advising plan to guide the student toward successful completion of his/her degree requirements or the pursuit of an alternate career path.

All efforts shall be made to achieve clarity and reconciliation, so that the student is able to move forward positively in his/her academic career.

Requirements for a Minor in History of Architecture and Design

Pre-requisites for the Minor in History of Architecture and Design (HARD-M):

For Fay Jones School students:

ARCH 1015 Fundamental Design Skills
or LARC 131Fundamental Design Skills
or IDES 103:Fundamental Design Skills

ARCH 1025 Fundamental Design Methodology
or LARC 1325 Fundamental Design Methodology
or IDES 1045 Fundamental Design Methodology

ARCH 1212 Design Thinking I: Foundations in Technology

ARCH 1222 Design Thinking II: Foundations in History

For all other students:

ARCH 1003 Basic Course in the Arts: Architecture Lecture
or LARC 1003 Basic Course in the Arts: The American Landscape
or ARHS 1003 Basic Course in the Arts: Art Lecture (ACTS
Equivalency = ARTA 1003)

Requirements for the Minor in History of Architecture and Design:

History of Architecture and Design Core Courses ¹ 9

Select three courses from the following:

ARCH 2233 History of Architecture I ¹

ARCH 2243 History of Architecture II ¹

ARCH 4433 History of Architecture III

ARCH 4523 Architectural Theory

LARC 3413 History of Landscape Architecture I

LARC 4413 History of Landscape Architecture II

LARC 4033 Landscape Architecture Theory

IDES 2883 History of Interior Design

Advanced History of Architecture and Design Courses 9

Select 9 credit hours of 3000-plus level courses from the following:

ARCH 4483 Architecture of the Americas

ARCH 4553 Modern Architecture in Mexico ²

ARCH 4673 Modern and Contemporary Rome ²

ARCH 4843 Medieval Architecture

ARCH 4853 Renaissance and Baroque Architecture

ARCH 4863 Saint Peter's and the Vatican

ARCH 5493 History of Urban Form

ARCH 4023 Advanced Architectural Studies (variable topics in history of architecture) ³

LARC 402V Special Studies (variable topics in the history of landscape architecture) ³

Total Hours 18

¹ A Fay Jones School student can present only 9 hours of courses required for the major field of study for credit for the minor. 3000-plus courses that are not required for the major can be presented for "advanced" credit in the minor.

² Only 3 hours of credit earned in Study Abroad courses can be presented for credit toward the History of Architecture and Design minor.

³ A menu of variable topics courses that will qualify for credit toward the History of Architecture and Design Minor is published every semester.

Faculty

Luoni, Stephen D., M.Arch. (Yale University), B.S.Arch. (Ohio State University), Professor, 2003.

MacKeith, Peter, M.Arch. (Yale University), B.A. (University of Virginia), Professor, 2014.

Messadi, Tahar, Ed.D., M.Arch. (University of Michigan-Ann Arbor), B.Arch. (Universite de Constantine, Algeria), Associate Professor, 2003.

Rotolo, Chuck, M.Arch. (Washington University in St. Louis), B.Arch. (Louisiana State University), Assistant Professor, 2005.

Rudzinski, Russell D., M.A. (Washington University in St. Louis), B.Arch. (Syracuse University), Assistant Professor, 2000.

Sexton, Kim, Ph.D., M.A., M.Phil. (Yale University), B.A. (State University of New York at Binghamton), Associate Professor, 1999.

Shannon, Graham F., M.Arch. (Rice University), B.Arch., B.A. (University of Arkansas), Professor, 1979.

Terry, Laura, M.F.A. (Savannah State University), B.S. (Auburn University), Associate Professor, 1998.

Turner, Alison, M.A. (Parsons School of Design), B.A. (Kentucky State University), Assistant Professor, 2008.

Vitale, Davide, M.Arch. (Harvard University), Diploma in Architecture (University of Rome), Professor, 1985.

Interior Design (IDES)

Carl Matthews, Department Head
Vol Walker Hall, room 111
479-575-7599

The Interior Design faculty is composed of well-qualified educators and practitioners who foster an attitude of inquiry and learning based on their individual skills and interests. A professional advisory board supports the program and serves as external critics/jurors. Intellectual development of students is stimulated and leadership qualities enhanced throughout the four-year curriculum. The Interior Design Organization (IDO) and American Society of Interior Designers Student Chapter (ASID) allow for interaction of students with professionals in interior design and allied professions. Both faculty and students participate in professional design association activities.

The studio sequence increases in complexity throughout the curriculum. The rigor of the program requires a significant commitment of time and energy. Students can expect to spend much time independent of studio classes to complete projects.

To promote a broader perspective of design, students are required to participate in a study abroad experience. In addition, both overnight and day field trips are required for studio courses.

Council for Interior Design Accreditation

The Bachelor of Interior Design (B.I.D.) degree is accredited by the Council for Interior Design Accreditation (CIDA). CIDA, an independent, nonprofit accrediting organization, is the sole agency authorized to accredit professional degree programs in interior design. To ensure conformance with educational standards, programs must seek re-accreditation every six years. The program is the oldest accredited interior design program in the state of Arkansas.

The University of Arkansas Fay Jones School of Architecture and Design's department of Interior Design offers the following CIDA-accredited degree program:

- B.I.D. (121 undergraduate credits)

The last accreditation visit for the Interior Design program was conducted in April 2012; the next site visit is spring 2024.

Requirements for B.I.D. in Interior Design
Interior Design Program Admissions

Students are admitted to the first year of the interior design curriculum based on criteria established by the university and by the program. They are evaluated each semester by grades in lecture courses and by grades for performance and progress in the design studio sequence.

Admission to the Professional Program for Interior Design

The interior design program offers prospective students the opportunity to prepare for professional practice or related endeavors. With this opportunity comes a responsibility for demonstrating a commitment to personal growth and success in the professional program.

At the completion of the first year of the interior design curriculum, students will be evaluated for admission into the professional program on the basis of academic performance in the university core and the required interior design and architecture curriculum. Admission is based on available desks and requires a majority vote of a departmental admissions committee. Students admitted to the professional program will continue in the established studio curriculum sequence and are to complete the final three years of design studio at the school. Students with less than a cumulative 2.5 GPA in IDES and ARCH courses will not be admitted to the professional program. Students who are not admitted are encouraged to consider alternative programs in the school and the university.

Students are encouraged to maximize opportunities that professional and free electives provide for pre-professional development, specialization in areas related to the profession, and/or preparation for graduate education.

Internship Requirement: In addition to the requirements listed in the nine-semester degree program, a supervised 200-hour internship experience is required for graduation. The one-credit hour summer internship generally occurs in the summer before the fourth year. Students have been placed in interior design firms, architectural offices, Main Street programs, governmental agencies, hospitality and casino design firms, and a wide range of other allied industries. Geographically, students have completed internships in Los Angeles, San Francisco, Seattle, New York, Las Vegas, Washington, D.C., Denver, Dallas, Chicago, Kansas City, and other major cities in the United States, as well as international locations such as London and Edinburgh.

Interior Design B.I.D.
Nine-Semester Degree Plan

The Bachelor of Interior Design can be completed in nine semesters that includes a summer internship. The one-credit hour summer internship occurs in the summer before fourth year. University Perspectives (UNIV 1001) does not counts towards degree credit. Please see the Fay Jones School of Architecture Advising Center for specific core course requirements and elective options.

First Year	Units

Academic Policies – Department of Interior Design

The following academic policies, beyond the requirements of the university, are applicable to all students in the Interior Design Program.

1. Successful completion of all IDES coursework requires demonstration of competence as evidenced by achieving a grade of "C" or better in those courses. Failure to achieve this minimum standard will require retaking the studio or lecture course.
2. Each student's progress through the design studio sequence is monitored and governed by the faculty and subject to a Design Review process.
3. Any student receiving an "I" in a design studio must complete all work necessary to receive a grade prior to the first day of the next studio in the student's prescribed sequence to be eligible to enroll in that studio.
4. Prior to graduation, a student must present a 2.00 cumulative grade point average at this institution in all work attempted including the university state minimum core, electives and in each interior design course.

Design Review Procedure – Department of Interior Design

Design Review is a process initiated by a faculty member, department head, or by a student. The committee composed of interior design faculty may review a student's design work within a studio course as well as other professional courses. The review process may be used by students to appeal grades and to seek resolution of conflicts with faculty when there are questions of fairness and equity in grading. Grade appeals initiated by students will occur during the week prior to the start of class in the subsequent semester. Petitions for this review must be made through the advising center prior to the scheduled meeting of the Design Review Committee. Grade appeals may be filed as soon as the student receives his or her final grade. In all cases, the student shall exhibit, at the place and time specified by the Design Review Committee, ALL work assigned and attempted for the course in the semester under review. Faculty are required to provide appropriate documentation including, but not limited to, the course syllabus, grading policy, and semester assignments. In the case of an appeal, the appeal will be presented to the entire Interior Design faculty for consideration and may require the students to present their case in person.

The outcome of the Design Review process may include:

1. A recommendation to the faculty member regarding the grade appeal of the student.
2. A requirement for the student to repeat the design studio course or lecture course.
3. A recommendation for enrollment in the subsequent studio course, while advising the student of the need to achieve and maintain a cumulative 2.00 (in the studio sequence) to progress in the program.

Minor in Interior Design

All students in the Fay Jones School of Architecture seeking an Interior Design minor are required to complete 17 hours in the following courses or their equivalencies:

IDES 2823	Interior Design Materials and Assemblies	3
IDES 2883	History of Interior Design	3
IDES 3843	Lighting Systems	3
IDES 4813	Human Factors for Design	3
IDES 4805	Interior Design Studio VII	5
or IDES 4815	Interior Design Studio VIII	
Total Hours		17

Faculty

Furlong, Kimberley J., M.Arch. (U. Texas at Austin), B.F.A. (Pratt Institute), Associate Professor, 2013.

Matthews, Carl W., M.S. (Pratt Institute), Professor, 2012.

Webb, Jennifer D., Ph.D. (Oklahoma State University), M.S., B.S. (University of Tennessee), Associate Professor, 1999.

Landscape Architectural Studies (LARC)

Ken McCown
Department Head
Vol Walker Hall
479-575-4907

Department of Landscape Architecture Website (<http://architecture.uark.edu/academics/landscape-architecture/>)

The Department of Landscape Architecture offers a Bachelor of Science in Landscape Architectural Studies as well as several options for minors for landscape architecture students, horticulture students and other students.

The Bachelor of Science in Landscape Architectural Studies degree is offered to those who wish to gain considerable knowledge of the ecological, social, cultural and historical factors that have shaped landscapes of the western and non-western world. This degree will provide a comprehensive theoretical framework that will suit students wishing to enter careers at the municipal, state and federal levels. This degree will also serve students who wish to pursue a career in environmental design but do not seek landscape architecture licensure.

Requirements for B.S. in Landscape Architectural Studies

The minimum number of hours of credit required for graduation is 120.

Requirements for a bachelor of Science in Landscape Architectural Studies

1. Completion of the following 26 -hour landscape architecture studies program:

Landscape Architecture Design

LARC 1003	Basic Course in the Arts: The American Landscape	3
ARCH 1212	Design Thinking I: Foundations in Technology	2
ARCH 1222	Design Thinking II: Foundations in History	2
LARC 1315	Fundamental Design Skills	5
LARC 1325	Fundamental Design Methodology	5
History and Theory of Landscape Architecture		
LARC 3413	History of Landscape Architecture I	3
LARC 4413	History of Landscape Architecture II	3
LARC 4033	Landscape Architecture Theory	3
Total Hours		26

2. Completion of the following 35-hour state minimum core requirements
3. Completion of UNIV 1001 University Perspectives, which does not count for credit
4. Completion of 59 hours of electives:

Professional Concentration Electives

22

Credits may be from upper-level (3000 or above) courses from the departments of landscape architecture and architecture, sociology, geography, horticulture or other approved courses in an allied discipline or other courses that contribute to the fulfillment of a recognized minor.

Free Electives

15

to include at least one course in ARCH and one course in IDES

Departmental Electives

16

Select 16 hours from the following departmental electives:

LARC 2113	Design Visualization, Inquiry and Communications	3
LARC 3123	Advanced Design Visualization, Inquiry and Communications	3
LARC 2714	Ecological Design and Construction: Terrain	4

LARC 302V	Special Studies	Max 3 hours
LARC 3724	Ecological Design and Construction: Water and Drainage	4
LARC 3734	Sustainable Design and Construction: Material and Methods of Assembly	4
LARC 3914	Sustainable Design and Construction: Remediation and Plants on Structure	4
LARC 3933	Cultural Landscape Studies	3
LARC 4123	Urban Form Studies	3
LARC 4714	Landscape Architecture Construction IV	4
LARC 4743	Public Participation in Design and Planning	3
LARC 4753	Incremental Sprawl Repair	3
LARC 5053	Historic Landscape Preservation	3
LARC 5063	Alternative Stormwater Management	3
LARC 5493	Environmental Land Use Planning	3
LARC 5613	Landscape Architectural Professional Practice	3
ARCH 1013	Diversity and Design	3
ARCH 4023	Advanced Architectural Studies and Drawing the American Landscape	3 Reading, Writing,
GEOS 4073	Urban Geography	3
Interdisciplinary Core		6

A minimum of 120 hours with a 2.00 cumulative grade-point average at this institution both in all work attempted and in course work completed in the Department of Landscape Architecture and the School of Architecture.

Course work taken to remove course deficiencies assigned during admission or transfer will not be counted toward the degree. Similarly, courses considered to be remedial or developmental will not count toward the degree.

Students admitted to the university with a completed two-year associate of arts or associate of science degree from an Arkansas state-supported two-year or four-year college or university will receive credit for general education (core) requirements in accordance with ACT 182. All students also must complete any lower division discipline specific courses required for the major.

Although not a requirement in the four-year degree, students are encouraged to participate in the department's summer study abroad program. The course work will count towards professional elective requirements.

Landscape Architectural Studies B.S. Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan while pursuing a Bachelor of Science in Landscape Architectural Studies should see the Eight-Semester Degree Policy (p. 87) for university requirements of the program.

Minors for Landscape Architectural Studies Students

Landscape Architectural Studies candidates may pursue an academic minor. The minor must be in a field other than the major area, and the students must notify the department of their intention to minor. An academic minor ordinarily consists of 15-18 hours, which are dictated by the department of the minor. Students in Landscape Architectural Studies may choose from any recognized minor offered by the University; however, they are encouraged to consider the following fields:

Public Policy, Planning, History, Geography, and Horticulture, and further encouraged to consider cross-disciplinary study in African-American Studies, Anthropology, Art History, Business Administration, Classical Studies, Communication, Computer Sciences, Economics, English, European Studies, Gender Studies, Latin-American Studies, Philosophy, Political Science, Psychology, Sociology and Sustainability.

Although foreign study is not required for candidates in Landscape Architectural Studies, students in the curriculum are encouraged to participate in the School of Architecture's off-campus study abroad programs in Europe, Rome and Latin or Central America.

To take maximum advantage of the opportunities of the four-year degree program, each student in the Landscape Architectural Studies program shall work with the department faculty advisers to develop a program of study emphasizing special interests, to cultivate a specialization related to the field, and to guide preparation for graduate study, if desired.

Minor in Planting Design (for Horticulture majors)

17 Hours Total Required

Required Courses

LARC 2113	Design Visualization, Inquiry and Communications	3
LARC 2714	Ecological Design and Construction: Terrain	4
LARC 3914	Sustainable Design and Construction: Remediation and Plants on Structure	4

Electives

Select two of the following:	6
LARC 1003	Basic Course in the Arts: The American Landscape

LARC 3123	Advanced Design Visualization, Inquiry and Communications	
LARC 303V	Special Projects	
LARC 3413	History of Landscape Architecture I	
LARC 3724	Ecological Design and Construction: Water and Drainage	
LARC 4413	History of Landscape Architecture II	
LARC 5063	Alternative Stormwater Management	
HORT 4043	Professional Landscape Management	
HORT 4603	Practical Landscape Planning	
Total Hours		17

Minor in Planning

A student who wants to minor in Planning should notify either the Department of Landscape Architecture or Political Science and consult an academic adviser. A Planning minor consists of 18 hours of required and elective courses subdivided into three concentrations. A student should choose one concentration and take 6 hours of elective courses in that concentration. The minor's required and elective courses include:

Required Courses:

LARC 5386	Landscape Architecture Design VIII	6
or LARC 5493	Environmental Land Use Planning	
and one 3 credit-hour elective from the Spatial Concentration		

PLSC 3253	Urban Politics	3
PLSC 4103	Introduction to Urban Planning	3

Electives

Select two courses from one group

Policy Group:

ANTH 4443	Cultural Resource Management I
ANTH 5113	Anthropology of the City
ENSC 3413	Principles of Environmental Economics
LARC 4033	Landscape Architecture Theory
LARC 4743	Public Participation in Design and Planning (Public Participation in Design and Planning not offered until 2014)
PLSC 390V	Special Topics
PLSC 4283	Federalism and Intergovernmental Relations
HDFS 4603	Environmental Sociology
SCMT 3443	Transportation and Distribution Management

Spatial Group:

ARCH 5493	History of Urban Form
ARCH 5933	Preservation and Restoration
ANTH 5113	Anthropology of the City
ENSC 3413	Principles of Environmental Economics
GEOS 4073	Urban Geography
LARC 402V	Special Studies
LARC 4033	Landscape Architecture Theory
LARC 4753	Incremental Sprawl Repair (Incremental Sprawl Repair not offered until 2014)
LARC 5053	Historic Landscape Preservation
HDFS 4603	Environmental Sociology

Environmental Group:

ANTH 4443	Cultural Resource Management I
-----------	--------------------------------

ANTH 4603	Landscape Archaeology	
BIOL 3863	General Ecology	
ENSC 3223	Ecosystems Assessment	
ENSC 3221L	Ecosystems Assessment Laboratory	
ENSC 3413	Principles of Environmental Economics	
LARC 4033	Landscape Architecture Theory	
LARC 5053	Historic Landscape Preservation	
HDFS 4603	Environmental Sociology	
Total Hours		18

Academic Policies

Grade Appeals – Department of Landscape Architecture

Students in the Department of Landscape Architecture may appeal grades in the design studios as well as other professional courses in which it is believed that there are questions of fairness or equity in the application of the published grading policy of the faculty member. Appeals must be made in writing to the department head one week before the first week of the subsequent semester. The appeal will be presented to the entire Landscape Architecture faculty for consideration and may require the students to present their case in person. Outcomes of grade appeals may result in one of the following:

1. A recommendation to the faculty member regarding the grade appeal of the student.
2. A requirement for the student to repeat the design studio course and any co-requisite.
3. A recommendation for enrollment in the subsequent studio course, while advising the student of the need to achieve and maintain a cumulative 2.00 (in the studio sequence) for admission to the professional program.

Faculty

Biehle, Scott, M.L.A. (University of Texas at Austin), B.A. (St. Olaf College), Clinical Assistant Professor, 2012.

Billig, Noah Scott, Ph.D. (Clemson University), M.Ur.P., M.L.A., B.A. (University of Minnesota), Associate Professor, 2011.

Erdman, Kimball Douglas, M.L.A. (University of Oregon), B.L.A. (Utah State University), Associate Professor, 2009.

Smith, Carl Alan, Ph.D., M.A. (University of Sheffield), B.Sc. (University of Lancaster), Associate Professor, 2008.

Landscape Architecture (LARC)

Ken McCown
Department Head
Vol Walker Hall
479-575-4907

Department of Landscape Architecture Website (<http://architecture.uark.edu/academics/landscape-architecture/>)

The Bachelor of Landscape Architecture prepares students to practice landscape architecture as a licensed professionals. Landscape Architecture is the sustainability profession. The discipline of landscape architecture balances human requirements with landscape concerns. Landscape architects design, plan, and manage the land through understanding the interrelationships among the spirit of place, local ecology, individuals, and communities. They create outdoor spaces

and rebuild ecological systems that meet societal needs, protect or enhance the natural environment, and respond to cultural conditions. Design and planning projects span the breadth of the profession to include urban design and town planning, public parks and community gardens, green infrastructure, land conservation and preservation, stormwater management systems, green roofs, ecological rehabilitation, historic landscape preservation, private gardens, housing developments, institutional and business campuses, and golf courses.

The Bachelor of Science in Landscape Architectural Studies serve students who are interested in the design disciplines, but not professional practice. The four-year programs are well suited for students who seek careers in allied planning and design disciplines, including historic preservation, environmental law, and history of architecture, as well as for students looking forward to graduate education in architecture, landscape architecture and the allied disciplines.

Landscape Architecture – Landscape Architectural Accreditation Board

The Landscape Architecture Accreditation Board (LAAB) is the sole agency authorized to accredit U.S. professional degree programs in Landscape Architecture. LAAB recognizes the Bachelor of Landscape Architecture, Bachelor of Science in Landscape Architecture, and Masters of Landscape Architecture. It accredits each program every six years, evaluating degree of conformance with established education standards.

Masters degree programs may consist of a pre-professional undergraduate degree and a professional graduate degree, which, when earned sequentially, comprise an accredited professional education. However, the pre-professional degree is not, by itself, recognized as an accredited degree.

The University of Arkansas Fay Jones School of Architecture and Design's department of landscape architecture offers the following LAAB-accredited degree program:

- B.L.A. (160 undergraduate credits)

The next accreditation visit for the B.L.A. program is 2022.

Bachelor of Landscape Architecture Degree

Completion of the University Core (<http://catalog.uark.edu/undergraduatecatalog/academicregulations/universitycore/>).

As part of the University Core, the department recommends the following: 35

Laboratory Science

Select two of the following natural sciences for a total of eight hours:

BIOL 1543 & BIOL 1541L	Principles of Biology (ACTS Equivalency = BIOL 1014 Lecture) and Principles of Biology Laboratory (ACTS Equivalency = BIOL 1014 Lab)
BIOL 1613 & BIOL 1611L	Plant Biology (ACTS Equivalency = BIOL 1034 Lecture) and Plant Biology Laboratory (ACTS Equivalency = BIOL 1034 Lab)

GEOS 1113 & GEOS 1111L	General Geology (ACTS Equivalency = GEOL 1114 Lecture) and General Geology Laboratory (ACTS Equivalency = GEOL 1114 Lab)
------------------------	--

Completion of the following Professional Core:

Design and Advocacy Components

LARC 1315	Fundamental Design Skills	5
LARC 1325	Fundamental Design Methodology	5
LARC 2335	Landscape Architecture Design III: Engaging Site, Engaging Place	5
LARC 2351	Advocacy and Theory Module: Engaging Site, Engaging Place	1
LARC 2345	Landscape Architecture IV: Collaborating with Site	5
LARC 2361	Advocacy and Theory Module: Collaborating with Site	1
LARC 3355	Landscape Architecture Design V: International Urban Place	5
LARC 2371	Advocacy and Theory Module: International Urban Place	1
LARC 3365	Landscape Architecture Design VI: Engaging Communities; Understanding Culture	5
LARC 3381	Advocacy and Theory Module: Engaging Communities; Understanding Culture	1
LARC 3375	Landscape Architecture Design VII: Collaborating with Communities	5
LARC 3391	Advocacy and Theory Module: Collaborating with Communities	1
LARC 4385	Landscape Architecture Design VIII: Capstone	5
LARC 4311	Advocacy and Theory Module: Capstone	1
LARC 4395	Landscape Architecture Design IX: Comprehensive	5
LARC 4321	Advocacy and Theory Module: Comprehensive	1

Communications Components

LARC 2113	Design Visualization, Inquiry and Communications	3
LARC 3123	Advanced Design Visualization, Inquiry and Communications	3

Honors students may also substitute up to 6 hours of the following:

LARC 303VH	Honors Special Projects
------------	-------------------------

Construction Components

LARC 2714	Ecological Design and Construction: Terrain	4
LARC 2914	Sustainable Design and Construction: Plant Communities	4
LARC 3724	Ecological Design and Construction: Water and Drainage	4
LARC 3734	Sustainable Design and Construction: Material and Methods of Assembly	4
LARC 3914	Sustainable Design and Construction: Remediation and Plants on Structure	4

History and Theory Components

ARCH 1212	Design Thinking I: Foundations in Technology	2
ARCH 1222	Design Thinking II: Foundations in History	2
LARC 3413	History of Landscape Architecture I	3
LARC 4033	Landscape Architecture Theory	3
LARC 4413	History of Landscape Architecture II	3
LARC 4123	Urban Form Studies	3

Practice Components

LARC 4811	Landscape Architecture Interns	1
LARC 5613	Landscape Architectural Professional Practice	3
Professional Electives		9
Students may select courses from the Departments of Landscape Architecture, Interior Design and Architecture as well as courses in history, geography, horticulture, art, sociology, environmental studies, and business. These courses can be thematically selected to emphasize urban studies, ecological planning, construction management, and land development.		
Free Electives		3
Students are encouraged to take courses outside the Department to broaden their education.		
Total Hours		145

1. Candidates seeking graduation shall achieve a minimum of 145 hours and a minimum of a "C-" in each course within the professional curriculum. The remaining balance of hours shall have a minimum of 2.00 cumulative grade point average. Students must maintain a minimum 2.0 cumulative grade-point average to continue in the studio sequence. Any student receiving a "D+/-" or below in the professional core shall repeat the course. Any student with a second "D+/-" or below shall be considered for non-continuance in the program as determined by the department head and faculty. To continue in the professional program, the student must submit a portfolio after their second year for faculty review. Please see section "Admission to the Professional Program in Landscape Architecture."
2. Students in landscape architecture are required to complete the department's summer study abroad program, after their second year.

NOTE: No more than four hours of physical education and/or R.O.T.C. may be counted toward a degree. Courses not acceptable toward degree credit include those of a remedial or orientation nature and whose content are considered to be measurably duplicated elsewhere in the school's curriculum. University Perspectives (UNIV 1001) does not count towards degree credit.

By following the preceding curriculum, students will meet the state-mandated University Core requirements. They must also meet all other University Requirements (p. 91) for graduation. The department strongly recommends that transfer students present eight hours of laboratory science courses selected from botany, biology, geology, and physical science as part of the State Minimum Core.

Students admitted to the university with a completed two-year associate of arts or associate of science degree from an Arkansas state-supported two-year or four-year college or university will receive credit for general education (core) requirements in accordance with ACT 182. All students also must complete any lower division discipline specific courses required for the major as well as all courses required to comply with the conditions of accreditation.

Grade Appeals – Department of Landscape Architecture

Students in the Department of Landscape Architecture may appeal grades in the design studios as well as other professional courses in which it is believed that there are questions of fairness or equity in the application of the published grading policy of the faculty member. Appeals must be made in writing to the department head one week before the first week of the subsequent semester. The appeal will be presented to the entire Landscape Architecture faculty for consideration and may require the

students to present their case in person. Outcomes of grade appeals may result in one of the following:

1. A recommendation to the faculty member regarding the grade appeal of the student.
2. A requirement for the student to repeat the design studio course and any co-requisite.
3. A recommendation for enrollment in the subsequent studio course, while advising the student of the need to achieve and maintain a cumulative 2.00 (in the studio sequence) for admission to the professional program.

Professional Licensure Degree Requirement

The School's Bachelor of Landscape Architecture program is accredited by LAAB, which requires that specific criteria be met in a professional program. This five-year professional program gives its graduates the required prerequisite degree to qualify to take the licensing exam and prepares them for practice.

All fifty states require licensure for landscape architects. The primary purpose of this licensure is to "protect the health, safety, and welfare of the public." Most states require that candidates possess an accredited degree in landscape architecture and complete a period of professional experience, working with a licensed landscape architect. Once these requirements are complete, candidates must pass a national, uniform exam, sometimes with additional sections unique to that state.

Landscape Architecture B.L.A. Ten-Semester Degree Program

The professional program for a Bachelor of Landscape Architecture Degree must be completed in 10 semesters of coursework and is not eligible for the Eight-Semester Degree Completion Program. However, the following 10-semester sample plan shows how a first-year student could obtain a Bachelor of Landscape Architecture degree in five years if the student is admitted to the Landscape Architecture Design Studio and subsequently is admitted to the professional program.

LARC 4033	Landscape Architecture Theory	
LARC 5053	Historic Landscape Preservation	
HDFS 4603	Environmental Sociology	

Total Hours 18

Professional Licensure Degree Requirement

The School's Bachelor of Landscape Architecture program is accredited by LAAB, which requires that specific criteria be met in a professional program. This five-year professional program gives its graduates the required prerequisite degree to qualify to take the licensing exam and prepares them for practice.

All fifty states require licensure for landscape architects. The primary purpose of this licensure is to "protect the health, safety, and welfare of the public." Most states require that candidates possess an accredited degree in landscape architecture and complete a period of professional experience, working with a licensed landscape architect. Once these requirements are complete, candidates must pass a national, uniform exam, sometimes with additional sections unique to that state.

Sustainability (SUST)

David G. Hyatt
Coordinator of Academic Sustainability
Walton College 354
479-575-6085
dhyatt@uark.edu

Email: sust@uark.edu

Website: sustainability.uark.edu (<http://sust.uark.edu/>)

The program in sustainability offers an interdisciplinary minor in sustainability available to students from all majors at the university.

The minor is accessible to all undergraduate students, regardless of degree program. The purpose of the minor in Sustainability is to provide

foundational knowledge and skills related to the emerging discipline of sustainability, organized around four thematic areas reflecting strength in scholarship of University of Arkansas academic colleges: Sustainability of Social Systems, Sustainability of Natural Systems, Sustainability of Built Systems, and Sustainability of Managed Systems. Students who complete the minor in Sustainability will be expected to:

- Articulate commonly accepted definitions of sustainability and discuss various nuances among those definitions;
- Have an understanding of the interdisciplinary nature of sustainability issues, particularly as they pertain to the thematic areas of knowledge addressed by the minor (sustainability of natural systems, sustainability of managed systems, sustainability of built systems, and sustainability of human social systems);
- Be conversant regarding acquisition and analysis of data pertinent to sustainability issues;
- Communicate orally and in writing organized thoughts defining sustainability issues;
- Identify appropriate potential strategies to address sustainability issues using data and provide results of rudimentary analyses of data using novel metrics or statistics;
- Make recommendations, based on data analysis and interpretation, to advance sustainability of individuals or institutions.

The program also offers a graduate certificate in sustainability (<http://catalog.uark.edu/graduatecatalog/programsofstudy/sustainabilitysust/>) through the Graduate School.

Required Courses for a Minor in Sustainability

Students must earn a grade of 'C' or better for all courses used to fulfill requirements of the minor in Sustainability.

SUST 1103	Foundations of Sustainability	3
SUST 2103	Applications of Sustainability	3
Elective courses with sustainability focus selected from a broad menu of offerings in four thematic areas:		9
Sustainability of Social Systems		
Sustainability of Natural Systems		
Sustainability of Built Systems		
Sustainability of Managed Systems		

Elective courses are categorized as Tier 1 and Tier 2. Tier 1 courses are those with dominant sustainability content or fundamental principles related to understanding sustainability. Tier 1 courses must comprise at least 6 hours of the 9 elective hours. Tier 2 courses are those with subordinate sustainability content or associated principles related to understanding sustainability, but with content useful in preparing students with prerequisite knowledge for Tier 1 courses. Only 3 hours of Tier 2 courses will be accepted in fulfillment of the elective hours in the Minor in Sustainability.

Complete lists of Tier 1 and Tier 2 courses by thematic areas are presented below.

SUST 4103	Capstone Experience in Sustainability	3
Total Hours		18

List of Available Elective Courses: Students choose 9 hours from menus provided on the Sustainability website (<http://sustainability.uark.edu/academics/minor/minor-courses.php>); at least

six hours must be chosen from Tier 1 courses (with prerequisites, if applicable).

Capstone Experience

All students participating in the minor in Sustainability must complete a capstone experience focused on service learning, research learning, or internship in sustainability. Student engagement in community service, research, or relevant work on sustainability through a summer internship provides opportunities for students to apply sustainability theories and principles learned from prior coursework toward advancing sustainability across society.

Students may formally petition the University of Arkansas Sustainability Curriculum Steering Committee to substitute sustainability-oriented senior design projects, Honors College research projects, other service learning courses, or equivalent internship experiences for SUST 4103 to satisfy the capstone element of minor in Sustainability. Details of the procedure to substitute alternative experiences for SUST 4103 can be found in the Foundations of Sustainability Program Handbook.

To qualify for SUST 4103 or other sustainability capstone experience, students must have successfully completed SUST 1103, SUST 2103, and 6 hours of elective course work toward the minor in Sustainability.

J. William Fulbright College of Arts and Sciences Mission and Objectives

Few in 20th century America did more to advance the study of international relations or promote human understanding than J. William Fulbright. Committed to the idea that a free society and a peaceful world require, above all, an educated citizenry, he urged with unflagging energy the use of historical perspective, cultural relativity, and scientific objectivity in the study of human affairs. Senator Fulbright, like Thomas Jefferson, Andrew Jackson, and Abraham Lincoln before him, was committed to the belief that an educated, enlightened electorate will act not only in its own self-interest but also in the interest of all the people of the world.

In recognition of J. William Fulbright's contribution to the cause of liberal education and of his many services to his native state, the Board of Trustees of the University of Arkansas on November 20, 1981, resolved...

The College of Arts and Sciences at the University of Arkansas, Fayetteville, shall be named, henceforth, the J. WILLIAM FULBRIGHT COLLEGE OF ARTS AND SCIENCES. His name will imbue that college, and the University, with his reputation and image for a devoted interest in higher education and its accomplishments through its scholars as reflected in its students.

The college has adopted as its mission the following statement from Fulbright's writings:

... the highest function of higher education is the teaching of things in perspective, toward the purposes of enriching the life of the individual, cultivating the free and inquiring mind, and advancing the effort to bring reason, justice, and humanity into the relations of men and nations.

Consisting of 19 departments and numerous centers and research units, Fulbright College has a twofold mission: to provide a broad, liberal education to all students within the university community and to furnish specialized knowledge at the upper division and graduate levels leading to a professional career. The general education curriculum within the college

is designed to assure students' mastery of the English language, provide knowledge of the historical, social, intellectual, and linguistic bases of human culture, provide habits of thought useful in later life, encourage the development of aesthetic, political, and ethical values, and offer the necessary foundation for professional competence or further training in professional or graduate schools. The general education curriculum of the college is based on the Platonic assumption that the pursuit of knowledge is an intrinsically good activity and that it is incumbent upon all members of an enlightened society to engage in that pursuit.

Recognizing that its students must become productive members of contemporary American society, Fulbright College offers undergraduate majors in fields ranging from chemistry and art to journalism, physics, social work and psychology. In addition, the college, in cooperation with the Graduate School, offers course work leading to master's degrees and doctoral degrees. As a natural corollary of their instructional role, faculty members of the college pursue active research programs that enable them simultaneously to provide state-of-the-art education to their students and bring national and international recognition to the university.

In sum, Fulbright College lies at the very heart of the university. The seat of liberal learning within the institution and the state, it is committed to providing excellent general education to all members of the student body and specialized instruction of the highest quality to its own majors.

Facilities and Resources Academic Advising Services

The Fulbright College of Arts and Sciences provides an adviser for each student enrolled in the college. Freshman- and sophomore-level students, including departmental honors students, are advised in the Fulbright College Advising Center in Old Main 518. All four-year honors undeclared major students and all freshman-level four-year honors declared major students receive advising from the Fulbright Honors Program office in Old Main 517. Advisers in the Fulbright College Advising Center will assist students in program planning and will help them to become aware of and familiar with the academic offerings of the university. Students should consult their advisers on a regular basis, not limited to registration matters but including all areas of their academic careers. Personnel in the Fulbright College Advising Center or the Dean's office will direct students to the appropriate advising office.

Students should discuss with their advisers opportunities for individual variations as well as regular course requirements. Programs and facilities of particular interest to individuals may include the Honors Program, programs for advanced placement and credit by examination, study abroad and the services of the University Career Development Center.

The Career Development Center administers and interprets tests that measure individual ability, interest, and achievement, and thus may aid also in counseling students about the field of study in which they are most likely to be effective and successful.

For questions regarding advising, contact the Fulbright College Advising Center at 575-3307 or visit online at <http://fcac.uark.edu>.

Degrees Offered

The J. William Fulbright College of Arts and Sciences offers four-year curricula leading to the degrees of Bachelor of Arts (B.A.), Bachelor of Science (B.S.), Bachelor of Fine Arts (B.F.A.), Bachelor of Music (B.M.), and Bachelor of Social Work (B.S.W.). Each candidate for the B.A. and B.S. degrees selects a major field for specialized study. In addition

to usual departmental majors there are interdepartmental majors and special programs for students preparing for professional degrees in law, medicine, dentistry, and teaching.

College Admissions Requirements

Students seeking admission to the J. William Fulbright College of Arts and Sciences must meet the general requirements for admission to the university. In addition, students are expected to present two units (years) of a single modern or ancient world language. Those unable to meet this standard will be expected to begin their collegiate world language study as soon as possible after matriculation. For these students, completion of one semester of language study will be considered to satisfy the admission deficiency. Students transferring from other colleges at the University of Arkansas or from other institutions are expected to meet the same entrance standard.

College Scholarships

Foremost among scholarships available in the J. William Fulbright College of Arts and Sciences is the Sturgis Fellowship. This scholarship enables Fulbright College to offer outstanding graduates of secondary and preparatory schools undergraduate fellowships valued at \$50,000 for four collegiate years.

Students studying in the humanities or classics may qualify for the J. William and Elizabeth W. Fulbright Scholarship for study abroad. This award is for students who are at least juniors and is intended to support a year of study abroad.

The King Fahd Center for Middle East Studies offers two-year undergraduate scholarships for superior students interested in pursuing the study of the Middle East or Islam.

In addition, students may compete for a number of privately endowed scholarships, which are awarded on a competitive basis to those who qualify. Application for these general Fulbright College scholarships and awards is made through the Office of the Dean, 525 Old Main. Students may obtain more detailed information about the above-named scholarships and other Fulbright College scholarships at <http://fulbright.uark.edu/scholarships/index.php> (<http://fulbright.uark.edu/scholarships/>).

Other scholarships are available from the departments of Fulbright College. Information may be sought from the departmental chair of the student's major.

Student Organizations

There are many general-interest societies and organizations to which students may belong, and nearly every department of the university maintains an honor society through which high scholarship is rewarded. Students in Fulbright College may aspire to membership in the following organizations:

- Alpha Chi Sigma (chemistry)
- Alpha Epsilon Delta (pre-medical, medical technology, pre-dental)
- Alpha Kappa Delta (sociology)
- Alpha Phi Sigma (criminal justice)
- Alpha Psi Omega (drama)
- American Association of Petroleum Geologists (geoscience)

- American Chemical Society (chemistry)
- American Society for Photogrammetry and Remote Sensing (geoscience)
- Delta Phi Alpha (German)
- Eta Sigma Phi (Greek and Latin)
- Gamma Theta Upsilon (geography)
- Kappa Kappa Psi (band, men)
- Kappa Tau Alpha (journalism)
- Lambda Alpha (anthropology)
- Lambda Pi Eta (communication)
- Lambda Tau (writers)
- Omicron Delta Epsilon (economics)
- Phi Alpha (social work)
- Phi Alpha Theta (history)
- Phi Beta Delta (international scholarship)
- Phi Beta Kappa (arts and sciences)
- Phi Kappa Phi
- Phi Mu Alpha (music, men)
- Pi Kappa Delta (forensics)
- Pi Mu Epsilon (mathematics)
- Pi Sigma Alpha (political science)
- Psi Chi (psychology)
- Sigma Alpha Iota (music, women)
- Sigma Delta Pi (Spanish)
- Sigma Gamma Epsilon (geology)
- Sigma Pi Sigma (physics)
- Tau Beta Sigma (band, women)

College Academic Regulations

Courses of study in the Fulbright College of Arts and Sciences are designed to give students the comprehensive view of society that the modern world requires. Students who enroll in Fulbright College, or who elect some of its courses, have an opportunity to gain a broad cultural education, which is a part of intelligent living and, at the same time, to prepare for professions or to acquire technical training in the sciences. The college has two major teaching functions: to provide basic general education in the arts and sciences necessary to all persons for effective participation in the complex world in which we live; and, second, to furnish the student an opportunity to specialize in the field of the student's choice.

To implement the first of these aims and to furnish a broad base for the accomplishment of the second, the faculty of Fulbright College has adopted the requirements listed below for each degree.

Specific course requirements may be fulfilled in one of four ways:

1. Establishing credit in approved courses:
 - a. By enrolling in and completing the required work in the course,
 - b. By examination (credit will be entered as CR on a student's record as explained in Advanced-Standing Programs (p. 84)),
 - c. By advanced achievement, i.e., by satisfactory completion of a more advanced course of a sequence. For example, students who earn a grade of "C" or better in a third-semester foreign language course may be granted credit for the second semester course upon recommendation of the Department of World Languages, Literatures, and Cultures, and approval by the Dean of the

college. (This does not apply to work taken as a self-paced online [correspondence] course or in transfer.)

2. Gaining exemption by examination. Announced exemption examinations are routinely offered in several courses. Students may consult any department or the dean's office concerning exemption examinations.
3. Advanced placement by examination. A student who is granted advanced placement may elect to substitute a more advanced course for the listed required course.
4. Transfer credit. Students presenting transfer credit in lieu of stated requirements may be asked to present official course descriptions, etc. Transfer work with grades of "D" or "F" will not be accepted.

Degree Completion Program Policy

Fulbright College of Arts and Sciences Graduation Requirements

In addition to the specific course requirements for the degree plan and major, be aware that there are general graduation requirements that every student in Fulbright College must complete.

1. Minimum Total Semester Hour Requirement
B.A., B.S. and B.S.W. Degrees: 120 hours
B.M.: 120 hours
B.F.A.: 120 - 123 hours
2. Residency Requirement
 - a. University Residency (Enrollment) Requirement
Students must earn a minimum of 30 semester hours at the University of Arkansas, Fayetteville campus – this includes UA faculty-led study abroad classes, online/on-campus classes, and Global Campus courses; and all other courses paid towards Fayetteville campus tuition and fees. These 30 semester hours are to be upper-division semester hours required for the completion of a degree program. Additional hours in residence can be required for completing a minor. Hours earned in another school or college at UA, Fayetteville, may be used to satisfy this requirement with approval of appropriate faculty curriculum committee.
 - b. College Residency Requirement and 24 Hour Rule
A student graduating from Fulbright College must have completed at least 30 hours of credit in courses offered by Fulbright College, at least 24 of which must be 3000 and 4000 level courses from departments in Fulbright College.
 - c. Major/Minor Residency Requirement (50 Percent Rule)
A student graduating with a major or a minor from Fulbright College must have completed a minimum of 50 percent of degree credit work within the Fulbright College major or within the Fulbright College minor at the University of Arkansas through courses completed at the University of Arkansas, Fayetteville campus as defined in the University Residency Requirement. This percentage completion requirement may be higher for some majors and minors. Students should review individual departmental requirements to verify if a higher percentage is required by their specific major or minor department.
3. 40-Hour Rule
Students must present for degree credit at least 40 hours of work in courses numbered 3000 and above. Included in these 40 hours can be courses numbered 2000 if each has a specific course designated as a prerequisite. It is highly recommended that students complete all

40 hours in courses numbered 3000 and higher. These courses may be taken from other colleges or universities as long as the college residency requirement and the 24-hour rule are satisfied.

4. Grade-Point Average
Students graduating from Fulbright College must have a minimum cumulative GPA of 2.00.
5. Writing Requirement
6. Students graduating from Fulbright College must write a research/analytical paper for at least one upper-division course in his or her major. Each department has determined its own procedures for certifying completion of this requirement. Questions should be referred to the departmental chairperson. A student may choose to write a senior thesis in a major area of study. The thesis may be accorded up to six hours of credit. Defense of the thesis before a committee is required. Satisfactory completion of an honors project or a senior thesis may be submitted to meet the college writing requirement.
7. Students must complete the stated requirements for a Fulbright College major in addition to all university requirements for graduation, including the University Core requirements.

Questions concerning fulfilling the requirements should be referred to the student's adviser or to the dean's office, which will maintain current lists of approved courses, experimental offerings approved to fulfill requirements for a specified period of time, examination schedules, and other options available to the student.

Graduation with Distinction

Students who have not completed a Fulbright college or departmental honors degree program but have otherwise demonstrated academic excellence in baccalaureate degree programs in the J. William Fulbright College of Arts and Sciences will be recognized at graduation by the designation of "with high distinction" or "with highest distinction." To earn this designation, the student must meet the following criteria upon degree completion:

1. The student must have completed at least one-half of his or her degree work at the University of Arkansas.
2. For "with high distinction," the student must achieve a cumulative U of A GPA of 3.8 to 3.899.
3. For "with highest distinction," the student must achieve a cumulative U of A GPA of 3.9 or higher.

The criteria may be evaluated and changed periodically by the Fulbright College of Arts and Sciences.

Combined Academic and Medical or Dental Degree

Fulbright College offers a Bachelor of Science degree in medical science or medical science (dentistry). A student may substitute the first year of regular medical or dental work taken in any standard, approved medical or dental school for 33 hours of the 120 hours required for the Bachelor of Science degree provided that the following requirements are met:

1. Completion of all university/state core requirements for a B.S. degree, as appropriate, prior to student's entrance in medical or dental school.
2. Completion of a minimum of 12 hours of courses numbered above 3000 taken in Fulbright College.
3. Completion of at least 30 hours immediately prior to student's entrance in medical or dental school in residence in Fulbright College.

Students interested in this degree should consult with their adviser or with the Fulbright College dean's office early in their program. Formal application for the degree should be made to the Registrar.

This program is for highly qualified students with outstanding academic records who may be eligible for early admission to medical school or dental school programs. The year of a medical or dental study substitutes for the major in the B.S. degree program.

Additional Majors

Students fulfilling all requirements for the B.S., B.S.W., B.F.A. and B.M. degrees, including all core requirements and at least one major in these degree programs, may also claim an additional major in a humanistic discipline, social science, or interdisciplinary program associated with a B.A. degree. Upon completion of all major requirements of the additional discipline, the additional major will be made part of the student's transcript; however, a B.A. degree is not awarded. Students interested in this option should consult regularly with an academic adviser in the additional major and must notify the Fulbright College dean's office (MAIN 525) when degree application is made.

Graduate Studies

The Graduate School, in cooperation with the faculty of Fulbright College of Arts and Sciences, offers work leading to the graduate certificate or to the degrees of Master of Arts, Master of Science, Master of Music, Master of Fine Arts, Master of Public Administration, Master of Social Work, and Doctor of Philosophy.

Students interested in any of these advanced degrees should consult the *Graduate School Catalog* or the Dean of the Graduate School.

Accreditations

The American Council on Education in Journalism and Mass Communications has accredited the Bachelor of Arts (B.A.) degree program in journalism. The Bachelor of Arts (B.A.), Bachelor of Music (B.M.), and Master of Music (M.M.) degree programs in the Department of Music are accredited by the National Association of Schools of Music. The Doctor of Philosophy (Ph.D.) degree program in clinical psychology is accredited by the American Psychological Association. The Bachelor of Social Work (B.S.W.) degree and the Master of Social Work (M.S.W.) degree are accredited by the Council on Social Work Education.

- English (p. 258)
- French (p. 385)
- Geography (p. 266)
- Geology (p. 268)
- German (p. 385)
- Graphic Design (p. 273)
- History (p. 274)
- Interdisciplinary Studies (p. 279)
- International and Global Studies (p. 281)
- Journalism (p. 289)
- Mathematics (p. 303)
- Music (p. 313)
- Philosophy (p. 349)
- Physics (p. 351)
- Political Science (p. 368)
- Psychology (p. 372)
- Social Work (p. 376)
- Sociology (p. 380)
- Spanish (p. 385)
- Theatre (p. 383)

Second (or dependent) Majors

A second (or dependent) major is one that a student may pursue as a major if the student is already pursuing a first major that is authorized to be given independently.

- African and African American Studies (p. 212)
- Asian Studies (p. 228)
- Latin American and Latino Studies (p. 301)
- Middle East Studies (p. 312)

Minors

Academic minors in approved degree programs are options available to students in the Fulbright College of Arts and Sciences. The minor must be in a field other than the major, and students must notify the department of their intention to minor. An academic minor ordinarily consists of 15-18 hours. Specific requirements for the minor are given in the section entitled Departments, Majors, and Minors. Minors may be chosen from the following fields:

- African and African American Studies
- Anthropology
- Arabic
- Art History
- Asian Studies
- Biology
- Business
- Chemistry
- Child Advocacy Studies Training
- Chinese (Business Orientation)
- Classical Studies
- Communication
- Criminal Justice
- Economics
- English
- French
- Gender Studies
- Geography
- Geology
- German
- Global Studies
- Historic Preservation
- History
- Indigenous Studies
- Italian
- Japanese (Business Orientation)
- Jewish Studies
- Journalism
- Latin American and Latino Studies
- Legal Studies
- Mathematics
- Medical Humanities
- Medieval and Renaissance Studies
- Middle East Studies
- Music
- Philosophy
- Physics
- Political Science
- Psychology
- Religious Studies
- Social Work
- Sociology
- Southern Studies
- Spanish

- Statistics
- Theatre

Fulbright College also recognizes all official minors offered by sister colleges at the University of Arkansas. Students wishing to have such minors made a part of their transcript must notify the Fulbright College dean's office (MAIN 525) no later than when degree application is made.

Other Programs
Undergraduate Preparation for Professional Programs

The Fulbright College of Arts and Sciences offers comprehensive support for students pursuing a wide array of professional and graduate programs. Because undergraduate preparation for these programs requires diligent planning, students should contact the Advising Center or appropriate faculty advisor as soon as possible. The Fulbright College Advising Center is in Old Main 518 and can be reached at 479-575-3307 or fcac@uark.edu. Supported programs include (but are not limited to) the following:

- Dentistry
- Law
- Medicine
- Occupational Therapy
- Optometry
- Pharmacy
- Physical Therapy
- Physician Assistant
- Secondary Education

Pre-Dental Program: All dental schools require a minimum of three years of college work, and most schools give preference to applicants who have completed a baccalaureate degree. The minimum requirements for admission to most dental schools can be met at the University of Arkansas by completing the following courses:

ENGL 1013	Composition I (ACTS Equivalency = ENGL 1013)	3
ENGL 1023	Composition II (ACTS Equivalency = ENGL 1023)	3
BIOL 1543 & BIOL 1541L	Principles of Biology (ACTS Equivalency = BIOL 1014 Lecture) and Principles of Biology Laboratory (ACTS Equivalency = BIOL 1014 Lab)	4
And at least 8 additional hours of biology (BIOL 1603/BIOL 1601L is recommended)		8
PHYS 2013 & PHYS 2011L	College Physics I (ACTS Equivalency = PHYS 2014 Lecture) and College Physics I Laboratory (ACTS Equivalency = PHYS 2014 Lab)	4
PHYS 2033 & PHYS 2031L	College Physics II (ACTS Equivalency = PHYS 2024 Lecture) and College Physics II Laboratory (ACTS Equivalency = PHYS 2024 Lab)	4
CHEM 1103 & CHEM 1101L	University Chemistry I (ACTS Equivalency = CHEM 1414 Lecture) and University Chemistry I Laboratory (ACTS Equivalency = CHEM 1414 Lab)	4

CHEM 1123 & CHEM 1121L	University Chemistry II (ACTS Equivalency = CHEM 1424 Lecture) and University Chemistry II Laboratory (ACTS Equivalency = CHEM 1424 Lab)	4
CHEM 3603 & CHEM 3601L	Organic Chemistry I and Organic Chemistry I Laboratory	4
CHEM 3613 & CHEM 3611L	Organic Chemistry II and Organic Chemistry II Laboratory	4
CHEM 3813	Elements of Biochemistry	3

CLEP and AP credit is not accepted. Dental schools have a variety of additional course requirements and pre-dental students should check each school's website.

Mathematics is not a general requirement, but students are expected to have a background equivalent to college algebra and trigonometry.

Students who complete a minimum of 90 hours of work may qualify for the combined degree program provided that they complete the requirements for graduation in Fulbright College of Arts and Sciences.

All dental schools require the Dental Admissions Test. It is suggested that applicants take the DAT one year prior to the time they plan to enter dental school. A student planning a career in dentistry should contact Dr. J.C. Rose, Department of Anthropology, 479-575-2508.

Pre-Law Program: While there is no prescribed pre-law curriculum, Fulbright College offers a minor in legal studies administered through the department of political science. Students considering a career in law may consult the *School of Law Catalog* or the Fulbright College Advising Center for information concerning certain categories of courses that may be helpful to the study and practice of law. Students uncertain about a major degree program should contact the Fulbright College Advising Center.

A baccalaureate degree is required for admission to the University of Arkansas School of Law, except for those students in the Fulbright College of Arts and Sciences who are admitted to the special six-year program referred to in the paragraph immediately following. All applicants for admission are required to take the Law School Admission Test. (See page 281.)

The University of Arkansas School of Law at Fayetteville and the Fulbright College of Arts and Sciences jointly administer a six-year program whereby highly qualified students may earn both the bachelor's degree and the Juris Doctor degree. Any student enrolled in the J. William Fulbright College of Arts and Sciences during a spring semester shall be permitted to matriculate in the School of Law in the following fall semester if the admission complies with Section 1 of Part A of the law school's admission policies and if the student meets the following conditions:

1. At least 30 consecutive hours of course work in Fulbright College,
2. At least 94 hours credited toward a bachelor's degree by Fulbright College,
3. Completion of Fulbright College's requirements for a major in connection with the bachelor's degree,
4. A cumulative grade-point average in all college or University course work of at least 3.50, without grade renewal,
5. An LSAT score of at least 159.

A student may substitute law school course work for the remaining total hours required for the bachelor's degree from Fulbright College. Formal application for the degree should be made to the Registrar. Information

about the program may be obtained in the dean's office or the Fulbright Advising Center.

Pre-Medical Program: Medical schools in general require a minimum of 90 semester hours of college credit exclusive of military science and physical education, and most recommend that the student complete a baccalaureate degree. All medical schools have specific course requirements, and the student should determine those requirements for the school or schools of his or her choice. The minimum requirements for many medical schools can be met by completion of the following courses:

ENGL 1013	Composition I (ACTS Equivalency = ENGL 1013)	3
ENGL 1023	Composition II (ACTS Equivalency = ENGL 1023)	3
BIOL 1543 & BIOL 1541L	Principles of Biology (ACTS Equivalency = BIOL 1014 Lecture) and Principles of Biology Laboratory (ACTS Equivalency = BIOL 1014 Lab)	4
Plus one other course in biological sciences, or equivalent. UAMS specifically requires:		3-4
BIOL 2323	General Genetics	
CHEM 1103 & CHEM 1101L	University Chemistry I (ACTS Equivalency = CHEM 1414 Lecture) and University Chemistry I Laboratory (ACTS Equivalency = CHEM 1414 Lab)	4
CHEM 1123 & CHEM 1121L	University Chemistry II (ACTS Equivalency = CHEM 1424 Lecture) and University Chemistry II Laboratory (ACTS Equivalency = CHEM 1424 Lab)	4
CHEM 3603 & CHEM 3601L	Organic Chemistry I and Organic Chemistry I Laboratory	4
CHEM 3613 & CHEM 3611L	Organic Chemistry II and Organic Chemistry II Laboratory	4
CHEM 3813	Elements of Biochemistry	3
MATH 1203 & MATH 1213	College Algebra (ACTS Equivalency = MATH 1103) and Plane Trigonometry (ACTS Equivalency = MATH 1203)	4-6
	or MATH 2554 Calculus I (ACTS Equivalency = MATH 2405)	
STAT 2023	Biostatistics	3
	or STAT 2303 Principles of Statistics (ACTS Equivalency = MATH 2103)	
PHYS 2013 & PHYS 2011L & PHYS 2033 & PHYS 2031L	College Physics I (ACTS Equivalency = PHYS 2014 Lecture) and College Physics I Laboratory (ACTS Equivalency = PHYS 2014 Lab) and College Physics II (ACTS Equivalency = PHYS 2024 Lecture) and College Physics II Laboratory (ACTS Equivalency = PHYS 2024 Lab)	8
	or PHYS 2054 University Physics I (ACTS Equivalency = PHYS 2034) & PHYS 2074 and University Physics II (ACTS Equivalency = PHYS 2044 Lecture)	
2 Social Sciences, preferably:		6
PSYC 2003	General Psychology (ACTS Equivalency = PSYC 1103)	
SOCI 2013	General Sociology (ACTS Equivalency = SOCI 1013)	

Most medical schools will not accept CLEP credit, and in some cases, AP credit for the required courses above is not accepted.

Most medical schools will not accept on-line or web-based classes to fulfill requirements.

Additional courses are recommended. Special opportunities and experiences are available to pre-medical students through the Liebolt Premedical Program (<http://premed.uark.edu> (<http://premed.uark.edu/>)).

Pre-medical students are encouraged to complete the requirements for the B.A. or B.S. degree. As part of these requirements the student must choose a major, but the choice of a major has no direct bearing upon admission to medical school and should reflect the particular interests of the student. If a student is admitted to a medical school prior to completion of the baccalaureate degree requirements, he/she may wish to take advantage of the combined degree program in medical science. If that program is elected, the student should complete all of the basic University and college requirements for graduation during residence on the UA campus.

Most medical schools require the Medical College Admissions Test (MCAT), which is administered at several testing sites in Arkansas on specific dates from January to September each year. The MCAT normally should be taken in the spring preceding application to medical school. Admission to medical school is highly competitive, and a good grade-point average is demanded. A grade-point average of 3.30 is the minimum likely to receive favorable consideration. A grade of "D" in any course required by the medical school is not considered satisfactory. Advising is available through Dr. Neil Allison, Department of Chemistry and Biochemistry, 479-575-5179, and Dr. Jeanne McLachlin, Department of Biological Sciences, 479-575-5348. Dr. Allison serves as chair of the University of Arkansas Pre-medical Advisory Committee. For information, visit the University of Arkansas pre-medical website at <http://premed.uark.edu>.

Pre-Pharmacy Program: Entrance requirements for pharmacy schools vary; therefore, students should research the schools of their choice to determine specific prerequisite course work. The University of Arkansas for Medical Sciences College of Pharmacy requires 69 hours of pre-professional courses to include: 4 hours of calculus, 9 hours of English/Communication, 16 hours of chemistry, 12 hours of biology, 4 hours of physics, 3 hours of economics, 6 hours of critical thinking/problem solving, and 15 hours of humanities.

Students are advised to begin taking humanities electives during the second semester of their freshman year. Since pharmacy schools have many more applicants than they can accept, the student is urged to earn a grade point average much higher than the minimum of 2.00.

Grades are a major consideration when admission committees evaluate a student's qualifications for acceptance. The University of Arkansas College of Pharmacy and other pharmacy schools also require applicants to take the Pharmacy College Admission Test (PCAT). This may be taken in November or February. The pre-pharmacy adviser for the University of Arkansas is Lorraine Brewer, Department of Chemistry and Biochemistry, 479-575-3103.

Secondary Education Programs: Acceptance in a teacher education program is governed by regulations approved by the University Teacher Education Board for Initial Licensure and administered by the College of Education and Health Professions and the Fulbright College of Arts and Sciences. Students in Fulbright College can pursue secondary education licensure in the following areas: Art, Drama/Speech, English, World Languages, Mathematics, Music, Life/Earth Science, Physical/Earth

Science, or Social Studies. Students in all subject areas, except Art and Music, must meet the admission requirements for the Master of Arts in Teaching (M.A.T.) (<http://seed.uark.edu/mat-secondary-ed/admission-requirements.php>) degree.

All students pursuing entrance into the M.A.T. degree program must complete specific coursework prior to acceptance. For more information on entry into the secondary education Master of Arts in Teaching (<http://seed.uark.edu/mat-secondary-ed/>) degree program, please consult with a College of Education and Health Professions advisor: Peabody Hall 109, 479-575-4209 or with an advisor in the Fulbright College of Arts and Sciences Advising Center, Old Main, Room 518, 479-575-3307.

Students intending to obtain licensure in Mathematics or the Sciences may either pursue the requirements for Fulbright College students seeking entrance into and certification through the M.A.T. program or follow the requirements set forth in the UTeach undergraduate curriculum in addition to their major requirements. Students wishing to pursue licensure through the UTeach undergraduate curriculum should consult with a UTeach adviser, uteach@uark.edu (:uteach@uark.edu).

UTeach Additional Curriculum Requirements for Mathematics and Science Majors

ARSC 1201	Inquiry Approaches to Teaching: UTeach Step I	1
ARSC 1221	Inquiry-Based Lesson Design: UTeach Step II	1
BIOL 3273	UTeach Research Methods	3
	or CHEM 3273 UTeach Research Methods	
	or PHYS 3273 UTeach Research Methods	
STEM 2103	Knowing and Learning in Science and Mathematics	3
STEM 2203	Classroom Interactions	3
STEM 3303	Project Based Instruction for Secondary Mathematics and Science	3
STEM 4333	History and Philosophy of Science for Science Teachers	3
STEM 4409	Supervised Clinical Teaching in Science and Mathematics Education	9

Students intending to obtain teacher licensure in Art or Music will follow the education requirements set forth in the Bachelor of Fine Arts and Bachelor of Music degrees, respectively.

Cooperative Education

The Cooperative Education program is designed to offer students an opportunity to participate in a work experience directly related to their academic major. The program also insists that at least minimal academic credit be awarded, thus ensuring that the work experience will be directly related to the student's academic program. Cooperative Education offers advantages to students needing assistance in financing their education, and it offers the college a tangible way to demonstrate our conviction that although we do not stress vocational or professional training per se, there is nothing inimical between a liberal arts education and the world of work. Prerequisites include 45 credit hours, a cumulative GPA of 2.50, and consent of the academic coordinator. A maximum of 4 credit hours of ARSC 310V (Cooperative Education) may be applied toward the student's degree.

Detailed information about Cooperative Education may be obtained from the Office of the Dean, Fulbright College, 525 Old Main.

Honors Program

Kirstin Erickson
 Director of Honors Studies
 517 Old Main
 479-575-2509
<http://fulbrighthonors.uark.edu>

To create an intellectual environment that challenges the best of students, the J. William Fulbright College of Arts and Sciences provides a comprehensive program of honors studies. This includes the College Honors Program, a four-year interdisciplinary honors program for students of superior academic ability or artistic talent, and the Departmental Honors Program, an honors program emphasizing directed independent study within a department or discipline of the college.

For admission into the Fulbright College Honors Program, an incoming student must have at least a 3.75 high school grade point average and a minimum ACT composite score of 28 or 1310 SAT. A current Fulbright College student must have a University of Arkansas grade point average of 3.5 or above and a faculty recommendation from the department of study.

A student who successfully completes a program of honors studies within Fulbright College is eligible to receive a baccalaureate degree with the distinction College Scholar *cum laude*, or Departmental Scholar *cum laude* in the major field of study. Higher distinctions of *magna cum laude* or *summa cum laude* may be awarded to outstanding honors students by recommendation of the Fulbright College Honors Council.

To earn the distinction Fulbright College Scholar *cum laude* at graduation, a student must successfully complete the honors core curriculum, maintain a minimum grade-point average of 3.5, and satisfy requirements for departmental honors in the major field of study, including preparation and oral defense of an honors thesis. The Honors Council may award the higher distinctions of *magna cum laude* or *summa cum laude* based upon a student's total academic performance, including the academic transcript, the quality of the scholarly activity pursued within the major field of study, and the breadth of college study as a whole.

To earn the distinction of Departmental Scholar *cum laude* at graduation, a student must successfully complete requirements prescribed by the major department, including an honors thesis and oral examination, maintain a minimum grade-point average of 3.5, and take 12 hours (which may include six hours of thesis) in honors studies. If a student demonstrates superior academic performance or an exceptionally high level of scholarly activity, the Honors Council may award the distinction of *magna cum laude*. In exceptional instances where truly outstanding work within the major field is coupled with the superior understanding of its relationship to the college work as a whole, the distinction *summa cum laude* may be awarded. The minimum number of honors hours required for each level of distinction must be completed in residence.

Fulbright Honors Academic Integrity Policy

All Fulbright Honors students are held to the highest standard with regard to academic achievement and academic integrity. Any student violating the Academic Integrity Policy who receives a sanction of 1.0 or more (two 0.5 sanctions or a one-time sanction of 1.0 or more) at the University of Arkansas will be permanently removed from the Fulbright Honors Program. The student may petition for grade forgiveness and to have the X sanction removed from their transcript. If both are achieved, the student may apply for re-admission into the Fulbright Honors Program.

Any student suspended or expelled due to dishonesty will be permanently removed from Honors and will be denied the opportunity to reapply.

For more information about honors studies within Fulbright College, visit the college's honors website (<https://fulbright.uark.edu/honors-program/>).

Degrees with Honors

The J. William Fulbright College of Arts and Sciences is dedicated to providing students a liberal education in the arts, humanities, and sciences. Such an education should be soundly based, innovative, and enriched by a creative faculty. This is especially true for students with superior academic ability or artistic talent. To achieve these aims, the college faculty has developed and participates in the College Honors Program and the Departmental Honors Program.

Requirements for the College Honors Program: Credit or exemption for University Core in English composition, including ENGL 1013 and ENGL 1023, and in American history or American government, completion of the requirements for honors in a department or study area of the college, including preparation and oral defense of an honors thesis, a cumulative grade-point average of 3.5 or above, and completion of the honors core curriculum. Students who do not have at least a 3.5 GPA will not be allowed to graduate with honors.

Requirements for the Departmental Honors Program: Specific academic requirements including course work, participation in departmental honors colloquia or seminars, and independent study projects are established by the faculty of the individual departments or study areas and are approved by the Honors Council. However, all departmental honors students must have a 3.5 cumulative grade-point average, complete and defend an honors thesis, and take 12 hours (which may include six hours of thesis) in Honors Studies. Information concerning these requirements is given within each department's catalog listings.

The minimum academic requirements of the honors core curriculum for the B.A./B.S.W., B.S., B.M., and B.F.A. degree programs can be found in the degree requirements for each program listed below.

Honors Core Curriculum

Bachelor of Arts or Bachelor of Social Work Degree

Requirements for graduating with honors: Specific academic requirements including course work, participation in departmental honors colloquia or seminars, and independent study projects are established by the faculty of the individual departments or study areas and are approved by the Honors Council. However, all honors students must have a 3.5 cumulative grade-point average, complete and defend an honors thesis, and take 12 hours (which may include six hours of thesis) in Honors Studies. Information concerning these requirements is given within each department's catalog listings.

The following outlines the minimum academic requirements of the honors core curriculum for the B.A. and B.S.W. degree programs. The university/state minimum core is fulfilled by completing the college honors core.

Honors Core Curriculum

Humanities and Social Sciences Option 1

Core – 27 hours; 15 hours must be at honors level

World Civilization

HIST 1113H	Honors Institutions and Ideas of World Civilizations I	3
or HIST 1113	Institutions and Ideas of World Civilizations I (ACTS Equivalency = HIST 1113)	
HIST 1123H	Honors Institutions and Ideas of World Civilizations II	3
or HIST 1123	Institutions and Ideas of World Civilizations II (ACTS Equivalency = HIST 1123)	

World Literature

WLIT 1113H	Honors World Literature I	3
or WLIT 1113	World Literature I (ACTS Equivalency = ENGL 2113)	

Select one additional Humanities course from the following: 3

AAST 2023	The African American Experience	
CLST 1003H	Honors Introduction to Classical Studies: Greece	
or CLST 100	Introduction to Classical Studies: Greece	
CLST 1013H	Honors Introduction to Classical Studies: Rome	
or CLST 101	Introduction to Classical Studies: Rome	
COMM 1233H	Honors Media, Community and Citizenship	
or COMM 12	Media, Community and Citizenship	
GNST 2003H	Honors Introduction to Gender Studies	
or GNST 200	Introduction to Gender Studies	
MUSY 2003H	Honors Music in World Cultures	
or MUSY 20	Music in World Cultures	
WLIT 1123H	Honors World Literature II	
or WLIT 112	World Literature II (ACTS Equivalency = ENGL 2123)	
Any 2000+ WLIT Course		
Any World Language Literature Course		

Philosophy

PHIL 2003H	Honors Introduction to Philosophy	
or PHIL 200	Introduction to Philosophy (ACTS Equivalency = PHIL 1103)	

Fine Arts

Select two of the following: 6

ARCH 1003H	Honors Basic Course in the Arts: Architecture Lecture	
or ARCH 10	Basic Course in the Arts: Architecture Lecture	
ARHS 1003H	Honors Basic Course in the Arts: Art Lecture	
or ARHS 100	Basic Course in the Arts: Art Lecture (ACTS Equivalency = ARTA 1003)	
COMM 1003H	Honors Basic Course in the Arts: Film Lecture	
or COMM 10	Basic Course in the Arts: Film Lecture	
DANC 1003H	Honors Basic Course in the Arts: Movement and Dance	
or DANC 100	Basic Course in the Arts: Movement and Dance	
ENGL 2023	Creative Writing I (ACTS Equivalency = ENGL 2013)	
MLIT 1003H	Honors Experiencing Music	
or MLIT 100	Experiencing Music (ACTS Equivalency = MUSC 1003)	
or MLIT 101	Honors Music and Society	
or MLIT 101	Music and Society	
MLIT 1333	Popular Music	
THTR 1003H	Honors Basic Course in the Arts: Theatre Appreciation	

or THTR 100Basic Course in the Arts: Theatre Appreciation (ACTS Equivalency = DRAM 1003)

THTR 1013	Musical Theatre Appreciation	
-----------	------------------------------	--

Social Sciences

Select two of the following: 6

ANTH 1023H	Honors Introduction to Cultural Anthropology	
or ANTH 102	Introduction to Cultural Anthropology (ACTS Equivalency = ANTH 2013)	
COMM 1023H	Honors Communication in a Diverse World	
or COMM 10	Communication in a Diverse World	
ECON 2013H	Honors Principles of Macroeconomics	
or ECON 20	Principles of Macroeconomics (ACTS Equivalency = ECON 2103)	
ECON 2023H	Honors Principles of Microeconomics	
or ECON 20	Principles of Microeconomics (ACTS Equivalency = ECON 2203)	
ECON 2143H	Honors Basic Economics: Theory and Practice	
or ECON 21	Basic Economics: Theory and Practice	
GEOS 2003H	Honors World Regional Geography	
or GEOS 20	World Regional Geography (ACTS Equivalency = GEOG 2103)	
PSYC 2003H	Honors General Psychology	
or PSYC 200	General Psychology (ACTS Equivalency = PSYC 1103)	
SOCI 2013H	Honors General Sociology	
or SOCI 201	General Sociology (ACTS Equivalency = SOCI 1013)	
Total Hours		24

Humanities and Social Sciences Option 2

Core – 28 hours; 15 hours must be at honors level

HUMN 1114H	Honors Roots of Culture to 500 C.E.	4
HUMN 1124H	Honors Equilibrium of Cultures 500-1600	4
HUMN 2114H	Honors Birth of Modern Culture 1600-1900	4

Select one additional Humanities course from the following: 3

AAST 2023	The African American Experience	
CLST 1003H	Honors Introduction to Classical Studies: Greece	
or CLST 100	Introduction to Classical Studies: Greece	
CLST 1013H	Honors Introduction to Classical Studies: Rome	
or CLST 101	Introduction to Classical Studies: Rome	
COMM 1233H	Honors Media, Community and Citizenship	
or COMM 12	Media, Community and Citizenship	
GNST 2003H	Honors Introduction to Gender Studies	
or GNST 20	Introduction to Gender Studies	
MUSY 2003H	Honors Music in World Cultures	
or MUSY 200	Music in World Cultures	
WLIT 1123H	Honors World Literature II	
or WLIT 112	World Literature II (ACTS Equivalency = ENGL 2123)	
Any 2000+ WLIT Course		
Any World Language Literature Course		

Philosophy

PHIL 2003H	Honors Introduction to Philosophy	
or PHIL 200	Introduction to Philosophy (ACTS Equivalency = PHIL 1103)	

Fine Arts

Select one of the following: 3

ARCH 1003H Honors Basic Course in the Arts: Architecture Lecture

or ARCH 1003 Basic Course in the Arts: Architecture Lecture

ARHS 1003H Honors Basic Course in the Arts: Art Lecture

or ARHS 1003 Basic Course in the Arts: Art Lecture (ACTS Equivalency = ARTA 1003)

COMM 1003H Honors Basic Course in the Arts: Film Lecture

or COMM 1003 Basic Course in the Arts: Film Lecture

DANC 1003H Honors Basic Course in the Arts: Movement and Dance

or DANC 1003 Basic Course in the Arts: Movement and Dance

ENGL 2023 Creative Writing I (ACTS Equivalency = ENGL 2013)

MLIT 1003H Honors Experiencing Music

or MLIT 1003 Experiencing Music (ACTS Equivalency = MUSC 1003)

or MLIT 101 Honors Music and Society

or MLIT 101 Music and Society

MLIT 1333 Popular Music

THTR 1003H Honors Basic Course in the Arts: Theatre Appreciation

or THTR 1003 Basic Course in the Arts: Theatre Appreciation (ACTS Equivalency = DRAM 1003)

THTR 1013 Musical Theatre Appreciation

Social Sciences

Select two of the following: 6

ANTH 1023H Honors Introduction to Cultural Anthropology

or ANTH 1023 Introduction to Cultural Anthropology (ACTS Equivalency = ANTH 2013)

COMM 1023H Honors Communication in a Diverse World

or COMM 1023 Communication in a Diverse World

ECON 2013H Honors Principles of Macroeconomics

or ECON 2013 Principles of Macroeconomics (ACTS Equivalency = ECON 2103)

ECON 2023H Honors Principles of Microeconomics

or ECON 2023 Principles of Microeconomics (ACTS Equivalency = ECON 2203)

ECON 2143H Honors Basic Economics: Theory and Practice

or ECON 2143 Basic Economics: Theory and Practice

GEOS 2003H Honors World Regional Geography

or GEOS 2003 World Regional Geography (ACTS Equivalency = GEOG 2103)

PSYC 2003H Honors General Psychology

or PSYC 2003 General Psychology (ACTS Equivalency = PSYC 1103)

SOCI 2013H Honors General Sociology

or SOCI 2013 General Sociology (ACTS Equivalency = SOCI 1013)

Total Hours 24

Students pursuing either option must also complete the following:**English**

ENGL 1013H Honors Composition I 3

or ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)

ENGL 1023H Honors Composition II 3

or ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023)

US History/American National Government

HIST 2003 History of the American People to 1877 (ACTS Equivalency = HIST 2113) 3

or HIST 2013 History of the American People, 1877 to Present (ACTS Equivalency = HIST 2123)

or PLSC 2003 American National Government (ACTS Equivalency = PLSC 2003)

or PLSC 2003H Honors American National Government

Honors Colloquia--one from each approved area. No more than 3 hours of required colloquia may be earned either abroad or in an intersession. 9

Humanities Colloquium

Social Science Colloquium

Natural Science or Math Colloquium

World Language 0-12

See your adviser. Students must demonstrate proficiency in a single modern or classical language other than English (2013 Intermediate II of a world language). Usually this is accomplished by completing a sequence of world language courses (1003, 1013, 2003, 2013). See Fulbright College Admission Requirements. Students meeting the normal admission standard (two years of high school language) may expect to satisfy this requirement with fewer courses, depending upon placement. In cases of unusually thorough preparation, or in the case of international students, exemption may be sought from the department of world languages.

Natural Science and Mathematics 15-17

Core – 15-17 hours; 8 hours must be at honors level

Natural Sciences (12 hours)

At least 4 hours must be chosen from biological and 4 hours from physical

Biological Sciences

ANTH 1013H Honors Introduction to Biological Anthropology & ANTH 1011M and Honors Introduction to Biological Anthropology Laboratory

Total Hours	33-47

¹ This science course is applied as honors credit for Fulbright College Honors.

Bachelor of Science Degree

Requirements for graduating with honors: Specific academic requirements including course work, participation in departmental honors colloquia or seminars, and independent study projects are established by the faculty of the individual departments or study areas and are approved by the Honors Council. However, all honors students must have a 3.5 cumulative grade-point average, complete and defend an honors thesis, and take 12 hours (which may include six hours of thesis) in Honors Studies. Information concerning these requirements is given within each department's catalog listings.

The following outlines the minimum academic requirements of the honors core curriculum for the B.S. degree program. The university/state minimum core is fulfilled by completing the college honors core.

Honors Core Curriculum

Humanities and Social Sciences Option 1

Core – 18 hours; 9 hours must be at honors level

World Civilization

HIST 1113H or HIST 1113	Honors Institutions and Ideas of World Civilizations I Institutions and Ideas of World Civilizations I (ACTS Equivalency = HIST 1113)	3
HIST 1123H or HIST 1123	Honors Institutions and Ideas of World Civilizations II Institutions and Ideas of World Civilizations II (ACTS Equivalency = HIST 1123)	3

Fine Arts/Humanities

Nine hours selected from two different areas. 9

At least one course must be from fine arts.

Fine Arts

ARCH 1003H or ARCH 1003	Honors Basic Course in the Arts: Architecture Lecture Basic Course in the Arts: Architecture Lecture	
ARHS 1003H or ARHS 1003	Honors Basic Course in the Arts: Art Lecture Basic Course in the Arts: Art Lecture (ACTS Equivalency = ARTA 1003)	
COMM 1003H or COMM 1003	Honors Basic Course in the Arts: Film Lecture Basic Course in the Arts: Film Lecture	
DANC 1003H	Honors Basic Course in the Arts: Movement and Dance	

	or DANC 1003 Basic Course in the Arts: Movement and Dance
ENGL 2023	Creative Writing I (ACTS Equivalency = ENGL 2013)
MLIT 1003H	Honors Experiencing Music
	or MLIT 1003 Experiencing Music (ACTS Equivalency = MUSC 1003)
	or MLIT 1013H Honors Music and Society
	or MLIT 1013 Music and Society
MLIT 1333	Popular Music
THTR 1003H	Honors Basic Course in the Arts: Theatre Appreciation
	or THTR 1003 Basic Course in the Arts: Theatre Appreciation (ACTS Equivalency = DRAM 1003)
THTR 1013	Musical Theatre Appreciation
Humanities	
AAST 2023	The African American Experience
CLST 1003H	Honors Introduction to Classical Studies: Greece
	or CLST 1003 Introduction to Classical Studies: Greece
CLST 1013H	Honors Introduction to Classical Studies: Rome
	or CLST 101 Introduction to Classical Studies: Rome
COMM 1233H	Honors Media, Community and Citizenship
	or COMM 1233 Media, Community and Citizenship
GNST 2003H	Honors Introduction to Gender Studies
	or GNST 20 Introduction to Gender Studies
MUSY 2003H	Honors Music in World Cultures
	or MUSY 2003 Music in World Cultures
PHIL 2003H	Honors Introduction to Philosophy
	or PHIL 200 Introduction to Philosophy (ACTS Equivalency = PHIL 1103)
WLIT 1113H	Honors World Literature I
	or WLIT 1113 World Literature I (ACTS Equivalency = ENGL 2113)
WLIT 1123H	Honors World Literature II
	or WLIT 112 World Literature II (ACTS Equivalency = ENGL 2123)
	Any 2000+ WLIT Course
	Any World Language Literature Course
Social Sciences	
Select one of the following:	
	3
ANTH 1023H	Honors Introduction to Cultural Anthropology
	or ANTH 1023 Introduction to Cultural Anthropology (ACTS Equivalency = ANTH 1013)
COMM 1023H	Honors Communication in a Diverse World
	or COMM 10 Communication in a Diverse World
ECON 2013H	Honors Principles of Macroeconomics
	or ECON 2013 Principles of Macroeconomics (ACTS Equivalency = ECON 2103)
ECON 2023H	Honors Principles of Microeconomics
	or ECON 202 Principles of Microeconomics (ACTS Equivalency = ECON 2203)
ECON 2143H	Honors Basic Economics: Theory and Practice
	or ECON 2143 Basic Economics: Theory and Practice
GEOS 2003H	Honors World Regional Geography
	or GEOS 200 World Regional Geography (ACTS Equivalency = GEOG 2103)
PSYC 2003H	Honors General Psychology

	or PSYC 2003 General Psychology (ACTS Equivalency = PSYC 1103)
SOCI 2013H	Honors General Sociology
	or SOCI 201 General Sociology (ACTS Equivalency = SOCI 1013)
Total Hours	18

Humanities and Social Sciences Option 2

Core – 18 hours; 12 hours must be at honors level	
HUMN 1114H	4
HUMN 1124H	4
HUMN 2114H	4

Fine Arts	
Select one of the following:	3

ARCH 1003H	Honors Basic Course in the Arts: Architecture Lecture
	or ARCH 1003 Basic Course in the Arts: Architecture Lecture
ARHS 1003H	Honors Basic Course in the Arts: Art Lecture
	or ARHS 1003 Basic Course in the Arts: Art Lecture (ACTS Equivalency = ARTA 1003)
COMM 1003H	Honors Basic Course in the Arts: Film Lecture
	or COMM 1003 Basic Course in the Arts: Film Lecture
DANC 1003H	Honors Basic Course in the Arts: Movement and Dance
	or DANC 1003 Basic Course in the Arts: Movement and Dance
ENGL 2023	Creative Writing I (ACTS Equivalency = ENGL 2013)
MLIT 1003H	Honors Experiencing Music
	or MLIT 1003 Experiencing Music (ACTS Equivalency = MUSC 1003)
	or MLIT 1013H Honors Music and Society
	or MLIT 1013 Music and Society
MLIT 1333	Popular Music
THTR 1003H	Honors Basic Course in the Arts: Theatre Appreciation
	or THTR 1003 Basic Course in the Arts: Theatre Appreciation (ACTS Equivalency = DRAM 1003)
THTR 1013	Musical Theatre Appreciation

Social Science	
Select one of the following:	3

ANTH 1023H	Honors Introduction to Cultural Anthropology
	or ANTH 1023 Introduction to Cultural Anthropology (ACTS Equivalency = ANTH 1013)
COMM 1023H	Honors Communication in a Diverse World
	or COMM 10 Communication in a Diverse World

	or ECON 2143 Basic Economics: Theory and Practice
GEOS 2003H	Honors World Regional Geography

or GEOS 201 World Regional Geography (ACTS Equivalency = GEOG 2103)	
PSYC 2003H Honors General Psychology	
or PSYC 2003 General Psychology (ACTS Equivalency = PSYC 1103)	
SOCI 2013H Honors General Sociology	
or SOCI 201 General Sociology (ACTS Equivalency = SOCI 1013)	
Total Hours	18

Students pursuing either option must also complete the following:

English

ENGL 1013H Honors Composition I	3
or ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	
ENGL 1023H Honors Composition II	3
or ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023)	

U.S. History/American National Government

HIST 2003 History of the American People to 1877 (ACTS Equivalency = HIST 2113)	3
or HIST 2013 History of the American People, 1877 to Present (ACTS Equivalency = HIST 2123)	
or PLSC 2003 American National Government (ACTS Equivalency = PLSC 2003)	
or PLSC 2003H Honors American National Government	

Honors Colloquium – one from each approved area. No more than 3 hours of required colloquia may be earned either abroad or in an intersession.

Humanities Colloquium	
Social Science Colloquium	
Natural Science or Math Colloquium	

Natural Sciences and Mathematics

Core – 20-21 hours; 16 hours must be at honors level

Complete sixteen honors hours from at least two of the five different areas below. At least one class from Area 5 is required, although not necessarily at the Honors level.

Natural Sciences 16

Area 1

ASTR 2003H Honors Survey of the Universe & ASTR 2001M and Honors Survey of the Universe Laboratory	
PHYS 2054H Honors University Physics I (PHYS 2054H(M))	
PHYS 2074H Honors University Physics II (PHYS 2074H(M))	

Area 2

ANTH 1013H Honors Introduction to Biological Anthropology & ANTH 1011M and Honors Introduction to Biological Anthropology Laboratory	
BIOL 1543 Principles of Biology (ACTS Equivalency = BIOL & BIOL 1541M 1014 Lecture) and Honors Principles of Biology Laboratory	
BIOL 1584 Biology for Majors (ACTS Equivalency = BIOL 1014 Lecture) ¹	
BIOL 1603 Principles of Zoology (ACTS Equivalency = BIOL & BIOL 1601M 1054 Lecture) and Honors Principles of Zoology Laboratory	

BIOL 1613 Plant Biology (ACTS Equivalency = BIOL 1034 & BIOL 1611M Lecture) and Honors Plant Biology Laboratory	
BIOL 2013 General Microbiology (ACTS Equivalency = BIOL & BIOL 2011M 2004 Lecture) and Honors General Microbiology Laboratory	

Area 3

CHEM 1103 University Chemistry I (ACTS Equivalency = & CHEM 1101L CHEM 1414 Lecture) and University Chemistry I Laboratory (ACTS Equivalency = CHEM 1414 Lab)	
CHEM 1123H Honors University Chemistry II & CHEM 1121M and Honors University Chemistry II Laboratory	
CHEM 1203 Chemistry for Majors I & CHEM 1201L and Chemistry for Majors I Laboratory ¹	
CHEM 1223 Chemistry for Majors II & CHEM 1221L and Chemistry for Majors II Laboratory ¹	
CHEM 3603H Honors Organic Chemistry I & CHEM 3602M and Honors Organic Chemistry I Laboratory	
CHEM 3703 Organic Chemistry I Lecture for Chemistry Majors & CHEM 3702L and Organic Chemistry I Lab for Chemistry Majors ¹	
CHEM 3613H Honors Organic Chemistry II & CHEM 3612M and Honors Organic Chemistry II Laboratory	
CHEM 3713 Organic Chemistry II Lecture for Chemistry Majors & CHEM 3712L and Organic Chemistry II Lab for Chemistry Majors ¹	

Area 4

GEOS 1113H Honors General Geology & GEOS 1111M and Honors General Geology Laboratory	
GEOS 1133 Earth Science (ACTS Equivalency = GEOL 1124 & GEOS 1131L Lecture) and Earth Science Laboratory (ACTS Equivalency = GEOL 1124 Lab)	

Mathematics 4-5

MATH 2445 Calculus I with Review (ACTS Equivalency = MATH 2405)	
MATH 2554H Honors Calculus I or MATH 2513 Calculus I (ACTS Equivalency = MATH 2405)	
MATH 2564H Honors Calculus II or MATH 2563 Calculus II (ACTS Equivalency = MATH 2505)	
MATH 2574H Honors Calculus III or MATH 2573 Calculus III (ACTS Equivalency = MATH 2603)	

World Language: (depending upon placement) 0-9

See your adviser. Students must demonstrate proficiency in a single modern or classical language other than English (2003 Intermediate I of a world language). Usually this is accomplished by completing a sequence of courses (1003, 1013, and 2003). See Fulbright College Admission Requirements. Students meeting the normal admission standard (two years of high school language) may expect to satisfy this requirement with fewer courses, depending upon placement. In cases of unusually thorough preparation, or in the case of international students, exemption may be sought from the department of world languages.

Total Hours 38-48

¹ This science course is applied as honors credit for Fulbright College Honors.

Bachelor of Music Degree

Requirements for graduating with honors: Specific academic requirements including course work, participation in departmental honors colloquia or seminars, and independent study projects are established by the faculty of the individual departments or study areas and are approved by the Honors Council.

All honors students must have a 3.5 cumulative grade-point average, complete and defend an honors thesis, and take 12 hours (which may include six hours of thesis) in Honors Studies. Information concerning these requirements is given within each department's catalog listings.

The following outlines the minimum academic requirements of the honors core curriculum for the B.F.A. degree program. The university/state minimum core is fulfilled by completing the college honors core.

Honors Core Curriculum

Humanities Option 1

World Civilization

HIST 1113H	Honors Institutions and Ideas of World Civilizations I	3
HIST 1123H	Honors Institutions and Ideas of World Civilizations II	3

World Literature

WLIT 1113H	Honors World Literature I	3
------------	---------------------------	---

Fine Arts

MLIT 1013H	Honors Music and Society	3
------------	--------------------------	---

Colloquium in Humanities ¹

Course offerings vary each semester.

Total Hours	15
-------------	----

Humanities Option 2

Honors Roots of Culture

HUMN 1114H	Honors Roots of Culture to 500 C.E.	4
HUMN 1124H	Honors Equilibrium of Cultures 500-1600	4
HUMN 2114H	Honors Birth of Modern Culture 1600-1900	4

Fine Arts

MLIT 1013H	Honors Music and Society	3
------------	--------------------------	---

Colloquium

Humanities Colloquium ¹	3
------------------------------------	---

Total Hours	18
-------------	----

Students pursuing either option must also complete the following:

English

ENGL 1013H	Honors Composition I	3
or ENGL 1013	Composition I (ACTS Equivalency = ENGL 1013)	
ENGL 1023H	Honors Composition II	3
or ENGL 1023	Composition II (ACTS Equivalency = ENGL 1023)	

U.S. History/American National Government

HIST 2003	History of the American People to 1877 (ACTS Equivalency = HIST 2113)	3
or HIST 2013	History of the American People, 1877 to Present (ACTS Equivalency = HIST 2123)	

or PLSC 2003 American National Government (ACTS Equivalency = PLSC 2003)

or PLSC 2003H Honors American National Government

World Language: (depending upon placement) 0-6

See your adviser. Typically this is satisfied by completion of a 1013 Elementary II world language course.

Social Science 3

Select one of the following:

ANTH 1023H Honors Introduction to Cultural Anthropology

COMM 1023H Honors Communication in a Diverse World

ECON 2013H Honors Principles of Macroeconomics

ECON 2023H Honors Principles of Microeconomics

ECON 2143H Honors Basic Economics: Theory and Practice

GEOS 2003H Honors World Regional Geography

PSYC 2003H Honors General Psychology

SOCI 2013H Honors General Sociology

Colloquia in Social Sciences ¹ 3

Course offerings vary each semester. See adviser.

Natural Sciences 8

Eight hours of honors credit to be chosen from the lab sciences. See adviser for specific science course listing.

Mathematics 3-5

Fulbright Scholars must fulfill the math requirement with one of the following:

MATH 2043 Survey of Calculus (ACTS Equivalency = MATH 2203)

MATH 2053 Finite Mathematics

MATH 2183 Mathematical Reasoning in a Quantitative World

MATH 2445 Calculus I with Review (ACTS Equivalency = MATH 2405)

MATH 2554 Calculus I (ACTS Equivalency = MATH 2405)

STAT 2303 Principles of Statistics (ACTS Equivalency = MATH 2103)

Total Hours	26-34
-------------	-------

¹ No more than a total of 3 hours of required colloquia may be earned either abroad or in an intersession.

African and African American Studies (AAST)

Dr. Valandra
Director
230 Memorial Hall
479-575-3001
aast.uark.edu (<http://aast.uark.edu>)

The African and African American Studies (AAST) program promotes an interdisciplinary approach to the study of the history, culture, and identity of Africans and African Americans. Students may pursue African and African American Studies as a second major alongside a primary major in Fulbright College. Students in any college may declare a minor. Advice on suitable primary majors to be taken with an AAST second major may be obtained from the AAST Program Director.

Requirements for a Second Major in African and African American Studies:

A total of 21 hours in African and African American Studies courses in addition to the requirements for the departmental major including the following:

Requirement 1

AAST 1003	Introduction to African and African American Studies	3
or AAST 2023 The African American Experience		

Requirement 2

Select one of the following:		
AAST 3233/HIST 3233	African American History to 1877	
AAST 3243/HIST 3243	African American History Since 1877	
AAST 3253/HIST 3253	The History of Sub-Saharan Africa	
AAST 3293/PLSC 3293	African American Politics	

AAST 3853/ENGL 3853 Topics in African American Literature and Culture

AAST 4153/SOCI 4153 Race and Society

Requirement 3

Fifteen hours from the following courses under the following conditions: 15

a. A maximum of nine of the fifteen hours may come from courses taken in any one department

b. At least six hours must be at the 4000 level or above

AAST 3023 African Americans in Sport

AAST 3123 African American Students in Higher Education

AAST 3923H Honors Colloquium

AAST 399VH Honors African & African American Studies Thesis

AAST 4003 African & African American Studies Study Abroad

THTR/AAST 4463 African American Theatre History -- 1950 to Present

WCOB 3033 The African American Experience in Business

ENGL 3853/AAST 3853, HIST 3233/AAST 3233, HIST 3243/AAST 3243, HIST 3253/AAST 3253, PLSC 3293/AAST 3293, or SOCI 4153/AAST 4153 may be used to satisfy Requirement 3 if not already used to satisfy Requirement 2.

Additional Special Topics and Independent Study courses may be used to satisfy this requirement if the courses have been approved by the AAST Director. Check the program website for a list of these approved courses.

Interested students or those wanting further information should consult with the African and African American Studies Director for selection of appropriate classes and for information on other courses that can apply to the major and/or minor.

Requirements for a Minor in African and African American Studies:

A total of 15 hours in African and African American Studies courses in addition to the requirements for the departmental major including the following:

AAST 1003	Introduction to African and African American Studies	3
-----------	--	---

or AAST 2023 The African American Experience	
Select one of the following	3
AAST 3233/HIST 3233 or	
AAST 3243/HIST 3243 or	
AAST 3253/HIST 3253 or	
AAST 3293/PLSC 3293 or	
AAST 3853/ENGL 3853 or	
AAST 4153/SOCI 4153	
The remaining nine hours shall be selected from the courses listed in Requirement 3 of the Requirements for a Second Major in African American Studies. A maximum of six of the nine hours may be submitted from courses taken in any one department.	9
Total Hours	15

Interested students or those wanting further information should consult with the African and African American Studies Director for selection of appropriate classes and for information on other courses that can apply to the major and/or minor.

Requirements for Honors in African and African American Studies:

The Honors Program in African and African American Studies gives junior and senior students of high ability the opportunity to enroll in enriched courses and conduct independent research culminating in an honors thesis. In addition to satisfying the general Fulbright College requirements for graduation and the basic eligibility requirements for honors as established by the Honors Council, candidates for honors in African and African American Studies must complete 12 hours of honors credit in partial satisfaction of requirements for the co-major. One to six of these may be thesis hours (AAST 399VH). The remaining six hours must be relevant honors colloquia or graduate courses (with permission) in one of the departments contributing to this interdisciplinary area of study. The 12 hours of honors credit will satisfy elective requirements in co-major requirement three above. The thesis committee shall include at least two faculty members affiliated with African and African American Studies. Successful completion of these requirements will be recognized by the award of the distinction "African and African American Studies Scholar Cum Laude" at graduation. Higher degree distinctions are recommended only in exceptional cases and are based upon the whole of the candidate's program of honors studies.

Faculty

Banton, Caree A., Ph.D. (Vanderbilt University), M.A. (University of Ghana), M.A. (University of New Orleans), B.A./B.P.A. (Grambling State University), Associate Professor, Department of History, 2013.

Cleveland, Todd, Ph.D. (University of Minnesota), M.A., B.A. (University of New Hampshire), Associate Professor, Department of History, 2015.

D'Alisera, JoAnn, Ph.D., A.M. (University of Illinois-Urbana-Champaign), B.A. (State University of New York at New Paltz), Associate Professor, Department of Anthropology, 1999.

Dowe, Pearl Karen, Ph.D. (Howard University), M.A. (Georgia Southern University), B.S. (Savannah State University), Associate Professor, Department of Political Science, 2008.

Gigantino, Jim, Ph.D. (University of Georgia), B.A. (University of Richmond), Professor, Department of History, 2010.

Jackson, Brandon, Ph.D. (Florida State University), Associate Professor, Department of Sociology and Criminology, 2013.

Murphy-Erby, Yvette, Ph.D. (University of North Carolina at Greensboro), M.S.W. (University of North Carolina, Chapel Hill), B.A. (University of North Carolina, Charlotte), Professor, School of Social Work, 2004.

Robinson, Charles F., Ph.D. (University of Houston), M.A. (Rice University), B.A. (University of Houston), Professor, Department of History, 1999.

Valandra, Ph.D., M.S.W. (University of Minnesota), M.B.A., B.S. (University of Nebraska at Omaha), Assistant Professor, School of Social Work, 2013.

White, Calvin, Ph.D. (University of Mississippi), M.A., B.A. (University of Central Arkansas), Associate Professor, Department of History, 2007.

Anthropology (ANTH)

JoAnn D'Alisera

Acting Chair of the Department

330 Old Main

479-575-2508

anth@uark.edu (%20anth@uark.edu)

Department of Anthropology Website (<http://fulbright.uark.edu/departments/anthropology/>)

Courses in anthropology provide an introduction to world peoples, their ways of living, and world views. Anthropology helps students to better understand human similarities and differences.

The Department of Anthropology offers both a Bachelor of Science and a Bachelor of Arts degree in anthropology.

The Bachelor of Science degree program is geared toward students with specializations in anthropological sciences. It is recommended for students planning to continue their education in basic or applied anthropological sciences in graduate or professional school. A B.S. degree in anthropology is also useful students planning to continue their education toward health or medical related careers.

The Bachelor of Arts degree program allows students to take additional coursework in any of four areas of focused study: archeology, biological anthropology, cartography/remote sensing/GIS, or cultural anthropology.

For the combined major in Anthropology and African and African American Studies, see the African and African American Studies (p. 212) listing.

For requirements for the M.A. and Ph.D. degrees in anthropology, see the Graduate School Catalog (<http://catalog.uark.edu/graduatecatalog/programsofstudy/anthropologyanth/>).

Requirements for a B.S. Degree with a Major in Anthropology

The department of anthropology offers the Bachelor of Science degree in anthropology. The Bachelor of Science degree program is geared toward students with focused studies in anthropological sciences. It is recommended for students planning to continue their education in basic or applied anthropological sciences in graduate or professional school. A B.S. degree in anthropology is also useful students planning to continue their education toward health or medical related careers.

Program Requirements: A minimum of 120 hours is required, including 57 hours specified as designated below.

Required Anthropology Core Courses:

ANTH 1013	Introduction to Biological Anthropology	4
& ANTH 1011L	and Introduction to Biological Anthropology Laboratory	

ANTH 1023	Introduction to Cultural Anthropology (ACTS Equivalency = ANTH 2013)	3
ANTH 1033	Introduction to Archaeology	3
ANTH 4013	History of Anthropological Thought	3
Anthropology Electives: 18 hours selected from courses numbered 3000 or higher		18
Science	A minimum of 20 hours of electives from BIOL, CHEM, GEOL, and/or PHYS	20
Math: Minimum of 6 hours of math beyond College Algebra (MATH 1203) selected from among the following courses:		
MATH 1213	Plane Trigonometry (ACTS Equivalency = MATH 1203)	3
	or MATH 1284C Precalculus Mathematics (ACTS Equivalency = MATH 1305)	
MATH 2554	Calculus I (ACTS Equivalency = MATH 2405)	4
MATH 2564	Calculus II (ACTS Equivalency = MATH 2505)	4
	or STAT 2303 Principles of Statistics (ACTS Equivalency = MATH 2103)	

The following courses that are strongly recommended for those students pursuing a health or medical-related career:

ANTH 3423 & ANTH 3421L	Human Osteology and Human Osteology Laboratory	4
BIOL 1603 & BIOL 1601L	Principles of Zoology (ACTS Equivalency = BIOL 1054 Lecture) and Principles of Zoology Laboratory (ACTS Equivalency = BIOL 1054 Lab)	4
BIOL 2013 & BIOL 2011L	General Microbiology (ACTS Equivalency = BIOL 2004 Lecture) and General Microbiology Laboratory (ACTS Equivalency = BIOL 2004 Lab)	4
BIOL 2213 & BIOL 2211L	Human Physiology (ACTS Equivalency = BIOL 2414 Lecture) and Human Physiology Laboratory (ACTS Equivalency = BIOL 2414 Lab)	4
BIOL 2323 & BIOL 2321L	General Genetics and General Genetics Laboratory	4
BIOL 2443 & BIOL 2441L	Human Anatomy (ACTS Equivalency = BIOL 2404 Lecture) and Human Anatomy Laboratory (ACTS Equivalency = BIOL 2404 Lab)	4
BIOL 3023	Evolutionary Biology	3
BIOL 3404	Comparative Vertebrate Morphology	4
BIOL 4234	Comparative Physiology	4
BIOL 4263	Cell Physiology	3
BIOL 4713 & BIOL 4711L	Basic Immunology and Basic Immunology Laboratory	4
CHEM 3603 & CHEM 3601L	Organic Chemistry I and Organic Chemistry I Laboratory	4
CHEM 3813	Elements of Biochemistry	3

Writing Requirement: The Fulbright College research/analytical paper requirement for anthropology majors is fulfilled by completing an intensive writing requirement (15 pages) with a grade of "B" or higher in a successfully completed 4000-level ANTH course and with instructor approval.

Anthropology B.S. Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 87) in the Academic Regulations chapter for university requirements of the program. Core requirement hours may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute a three-hour (or more) general elective in place of a core area.

First Year	Units	
	Fall	Spring
ANTH 1013 Introduction to Biological Anthropology & ANTH 1011L Introduction to Biological Anthropology Laboratory	4	
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3	
Select one of the following:	3	
MATH 1203 College Algebra (ACTS Equivalency = MATH 1103)		
MATH 1284C Precalculus Mathematics (ACTS Equivalency = MATH 1305)		
MATH 2554 Calculus I (ACTS Equivalency = MATH 2405)		
ANTH 1023 Introduction to Cultural Anthropology (ACTS Equivalency = ANTH 2013)	3	
University/State Humanities or Fine Arts core requirement	3	
ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023)		3
MATH 1284C Precalculus Mathematics (ACTS Equivalency = MATH 1305)		4
or MATH 2554 Calculus I ¹		
Science university/state core lecture and corequisite lab from BIOL, CHEM, GEOL or PHYS		4
Select one of the following:		3
HIST 2003 History of the American People to 1877 (ACTS Equivalency = HIST 2113)		
HIST 2013 History of the American People, 1877 to Present (ACTS Equivalency = HIST 2123)		
PLSC 2003 American National Government (ACTS Equivalency = PLSC 2003)		
University/State Social Science Core Course		3
Year Total:	16	17

Second Year	Units	
	Fall	Spring
Select one of the following: ¹	4	
MATH 2554 Calculus I (ACTS Equivalency = MATH 2405)		
MATH 2564 Calculus II (ACTS Equivalency = MATH 2505)		
STAT 2303 Principles of Statistics (ACTS Equivalency = MATH 2103)		
University/State Fine Arts core course	3	

Science Elective and accompanying Laboratory from BIOL, CHEM, GEOL or PHYS	4	
General Elective	3	
ANTH 1033 Introduction to Archaeology		3
Science Elective and accompanying Laboratory from BIOL, CHEM, GEOL or PHYS		3
Science elective and accompanying laboratory from BIOL, CHEM, GEOL or PHYS		3
University/State Social Science core courses		6
Year Total:	14	15

Third Year	Units	
	Fall	Spring
ANTH Electives among 3000-4000-level courses ^{1,2}	6	
3000-4000-level Fulbright College Electives ^{1,2}	3	
General Electives	6	
ANTH Electives among 3000-4000-level courses ^{1,2}		9
3000-4000 level General Electives ¹		3
Science Elective and Accompanying Laboratory from BIOL, CHEM, GEOL or PHYS		4
Year Total:	15	16

Fourth Year	Units	
	Fall	Spring
ANTH 4013 History of Anthropological Thought ^{1,2}	3	
3000-4000 level General Electives ¹	3	
3000-4000 level General Electives (or 2000-level Advanced level elective) ¹	9	
ANTH Electives among 3000-4000-level courses ^{1,2}		3
General Electives		9
Year Total:	15	12

Total Units in Sequence: 120

¹ Meets 40-hour advanced credit hour requirement. See College Academic Regulations (p. 198).

² Meets 24-hour rule (24 hours of 3000-4000 level courses in Fulbright College), in addition to meeting the 40-hour rule. See College Academic Regulations (p. 198).

Requirements for a Bachelor of Arts Degree with a Major in Anthropology

34 Semester Hours including:

ANTH 1013	Introduction to Biological Anthropology	3
ANTH 1011L	Introduction to Biological Anthropology Laboratory	1
ANTH 1023	Introduction to Cultural Anthropology (ACTS Equivalency = ANTH 2013)	3
ANTH 1033	Introduction to Archaeology	3
ANTH 4013	History of Anthropological Thought	3

These 34 hours must also include:

- One course in each ANTH subfield (Cultural, Archeology, Biological) beyond the core (9 hours).

- 3 hours from each of two different geographical areas in ANTH for a total of 6 hours.
- 6 elective credit hours in anthropology. These may be satisfied in concert with an optional focused study as described below.

Focused Studies

Focused Study in Archeology:

To complete the focused study, a student is required to fulfill the following course requirements:

ANTH 3023	Approaches to Archeology	3
Two of the following method and theory courses or equivalent classes offered under ANTH 3903 and ANTH 4903, approved as having an archeological method and theory focus.		6
ANTH 4093	The Archeology of Death	
ANTH 4353	Laboratory Methods in Archeology	
ANTH 4443	Cultural Resource Management I	
ANTH 4603	Landscape Archaeology	
ANTH 4633	Archeological Prospecting and Remote Sensing	
ANTH 4813	Ethnographic Approaches to the Past	
Archeological Field Session		6
ANTH 4256	Archeological Field Session	

Focused Study in Biological Anthropology:

To complete the focused study, a student is required to fulfill the following course requirements:

Four of the following courses in biological anthropology, including any 3000-4000 special topics or seminar courses offered that are deemed appropriate for training in any of the subdisciplines of biological anthropology (12-13 credits).

ANTH 3423	Human Osteology	4
& ANTH 3421L	and Human Osteology Laboratory	
ANTH 3433	Human Evolution	3
ANTH 3443	Criminalistics: Forensic Sciences	3
ANTH 3533	Medical Anthropology	3
ANTH 3923H	Honors Colloquium	3
ANTH 4523	Dental Science	3
ANTH 4613	Primate Adaptation and Evolution	3

Focused Study in Cartography/Remote Sensing/GIS:

This focused study gives students an opportunity to develop expertise in (1) cartography, map design and computer-assisted map production, (2) remote sensing and image interpretation, including photographic systems, sensor systems, and digital image processing, and (3) geographic information systems, including data sources, analytical techniques, and hardware/software systems.

To complete the focused study, a student is required to fulfill the following course requirements.

Required Courses:

GEOS 3023	Introduction to Cartography	3
GEOS 3213	Principles of Remote Sensing	3
ANTH 3543	Geospatial Applications and Information Science	3
Elective Courses - Select three of the following:		9

GEOS 4523	Cartographic Design and Production
GEOS 5423	Remote Sensing of Natural Resources
ANTH 4553	Introduction to Raster GIS
ANTH 4563	Vector GIS
ANTH 4593	Introduction to Global Positioning Systems and Global Navigation Satellite Systems
STAT 4003	Statistical Methods (or other approved statistics course)
CVEG 2053	Surveying Systems (or other approved surveying course)

Focused Study in Cultural Anthropology:

To complete the focused study, a student is required to fulfill the following course requirements:

Students must take a world language through the 2013 level 12

Two of the following method and theory courses or equivalent classes 6
offered under ANTH 3903 and ANTH 4903 approved as having a cultural anthropology method and theory focus.

ANTH 3123	The Anthropology of Religion
ANTH 3143	Language and Expressive Culture
ANTH 3163	Male and Female: A Cultural and Biological Overview
ANTH 3533	Medical Anthropology
ANTH 4033	Popular Culture
ANTH 4143	Ecological Anthropology
ANTH 4363	Museums, Material Culture, and Popular Imagination
ANTH 4813	Ethnographic Approaches to the Past

Writing Requirement: The Fulbright College research/analytical paper requirement for anthropology majors is fulfilled by completing an intensive writing requirement (15 pages) with a grade of "B" or higher in a successfully completed 4000-level ANTH course and with instructor approval.

Anthropology B.A. Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 87) in the Academic Regulations chapter for university requirements of the program. Core requirement hours may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute a three-hour (or more) general elective in place of a core area.

First Year		Units
	Fall	Spring
ANTH 1013 Introduction to Biological Anthropology & ANTH 1011L Introduction to Biological Anthropology Laboratory	4	
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3	
MATH 1203 College Algebra (ACTS Equivalency = MATH 1103)	3	
ANTH 1023 Introduction to Cultural Anthropology (ACTS Equivalency = ANTH 2013)	3	
University/state Humanities or Fine Arts core requirement	3	

ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023)	3	
University/state Humanities or Fine Arts core requirement	3	
Science University/State Core Lecture with corequisite Lab requirement	4	
University/State Social Science core requirement	3	
Select one University/State Core U.S. History course:	3	
HIST 2003 History of the American People to 1877 (ACTS Equivalency = HIST 2113)		
HIST 2013 History of the American People, 1877 to Present (ACTS Equivalency = HIST 2123)		
PLSC 2003 American National Government (ACTS Equivalency = PLSC 2003)		
Year Total:	16	16

Second Year		Units
	Fall	Spring
ANTH 1033 Introduction to Archaeology	3	
University/State Social Science core requirement	3	
ANTH Cultural Anthropology subfield course among 3000-4000 level classes ^{1,2}	3	
General Electives	6	
ANTH Biological Anthropology subfield course among 3000-4000 level classes ^{1,2}		3
ANTH Archeology subfield course among 3000-4000 level classes ^{1,2}		3
ANTH Geographical area course among 3000-4000 level classes ^{1,2}		3
ANTH Electives among 3000-4000 level classes ^{1,2}		6
Year Total:	15	15

Third Year		Units
	Fall	Spring
ANTH Geographical area course among 3000-4000 level classes ^{1,2}	3	
3000-4000 Level General Electives ^{1,2} (or 2000-level Advanced Level Electives) ¹	6	
General Electives	6	
3000-4000 level General Electives ¹		6
General Electives		10
Year Total:	15	16

Fourth Year		Units
	Fall	Spring
ANTH 4013 History of Anthropological Thought ^{1,2}	3	
Advanced Level Electives ¹	3	
General Electives	9	
Advanced Level Electives (as needed to meet 40 hour rule) ¹ or General Electives		3
General Electives		9

Year Total:	15	12
Total Units in Sequence:		120

- ¹ Meets 40-hour advanced credit hour requirement. See College Academic Regulations (p. 198).
- ² Meets 24-hour rule (24 hours of 3000-4000 level courses in Fulbright College), in addition to meeting the 40-hour rule. See College Academic Regulations (p. 198).

Minor in Anthropology

Requirements for a Minor in Anthropology: 15 hours including ANTH 1023. At least 9 hours must be in courses numbered 3000 or above. Students who minor in anthropology should consult with an anthropology adviser to select appropriate courses. A student must notify the department of his or her intent to minor.

Requirements for Departmental Honors in Anthropology: The Departmental Honors Program in Anthropology provides an opportunity for outstanding undergraduate majors to conduct independent research under the supervision of a faculty member. The research project culminates in an honors thesis, which is primary for the award "Anthropology Scholar *Cum Laude*." Higher degree distinctions are recommended only in truly exceptional cases and are based upon the candidate's entire program of honors studies.

Honors candidates must meet the college requirements for an honors degree. They must complete and defend an honors thesis and take 12 hours, which may include 6 hours of thesis, in Honors Studies. The candidate is expected to maintain a minimum 3.5 cumulative grade-point average in anthropology and other course work.

Please refer to the Secondary Education Requirements (<http://catalog.uark.edu/undergraduatecatalog/collegesandschools/jwilliamfulbrightcollegeofartsandsciences/#fieldsofstudytext>) for Fulbright College Students.

Students wishing to pursue licensure through the UAteach undergraduate curriculum should consult with a UAteach adviser, uteach@uark.edu.

Rose, Jerry, Ph.D., M.A. (University of Massachusetts), B.A. (University of Colorado), University Professor, 1976.

Sabo, George, Ph.D., M.A., B.S. (Michigan State University), Professor, 1980.

Stoner, Wesley, Ph.D., M.A. (University of Kentucky), B.A. (Pennsylvania State University), Assistant Professor, 2014.

Swedenburg, Ted R., Ph.D., M.A., (University of Texas at Austin), B.A. (University of Beirut), Professor, 1996.

Terhune, Claire E., Ph.D., M.A. (Arizona State University), B.A., B.S. (College of Charleston), Assistant Professor, 2013.

Ungar, Peter S., Ph.D., M.A. (State University of New York at Stony Brook), B.A. (State University of New York, Binghamton), Distinguished Professor, 1995.

Vining, Benjamin R., Ph.D., M.A. (Boston University), B.A. Colgate University, Assistant Professor, 2016.

Art (ARTS)

Gerry Snyder
Director of the School of Art
116 Fine Arts Center
479-575-5202
<http://art.uark.edu>

The School of Art offers two undergraduate programs leading to degrees:

- Bachelor of Arts
- Bachelor of Fine Arts

Separate requirements for each program and its concentrations are listed under the tabs. Requirements for honors are listed separately for the program. The School of Art also offers a minor in art history.

Under direction of accomplished faculty, the School of Art offers professional art degrees in many media areas, including art education, art history, ceramics, drawing, painting, photography, printmaking, sculpture, and visual design. Students enjoy a close proximity to the Crystal Bridges Museum of American Art, with which the School of Art has a strong relationship. The school also works closely with other local arts organizations and maintains an active presence in the communities of Northwest Arkansas. The school's Fine Arts Gallery (<http://art.uark.edu/fineartsgallery/>), in the impressive Fine Arts Center designed by architect Edward Durrell Stone, shows both student and professional works on a near-constant basis.

Bachelor of Arts Degree

Transfer students should confer with the School of Art advisers prior to entrance for information concerning entrance requirements and transfer credits. Transfer credit will be allowed from other accredited and recognized art departments and schools if the credit earned is compatible with program and course requirements within the University of Arkansas School of Art and reflects a grade of "C" or higher. In addition, a student must spend a minimum of 2 semesters in residence. Credit for advanced studio classes in the school is contingent upon presentation of a portfolio of works created in a college-level class equivalent to the class the student is seeking credit for in the School of Art. Professors in the relevant studio area will evaluate portfolios and determine transfer credits.

Requirements for a Major in Art History

In addition to the University Core requirements (p. 97) and the Fulbright College of Arts and Sciences Graduation Requirements (p. 198), the following course requirements must be met. Bolded courses from the list below may be applied to portions of the University/state minimum core requirements.

A minimum of 51 semester hours:

Completion of 2013 Intermediate II of a world language. ¹	3-9
Nine hours of courses from outside the department of art (as approved by a departmental adviser)	9

39 Semester Hours Including:

6 hours in ARTS courses	6
ARHS 2913 Art History Survey I (ACTS Equivalency = ARTA 2003)	3
ARHS 2923 Art History Survey II (ACTS Equivalency = ARTA 2103)	3

In addition to the preceding requirements, 18 hours of upper division art history courses to include:

At least two courses selected from: (Group 1)

ARHS 4563	Pre-Columbian Art
ARHS 4573	Artists of New Spain
ARHS 4733	Saint Peter's and the Vatican
ARHS 4743	Medieval Architecture
ARHS 4753	Renaissance and Baroque Architecture
ARHS 4833	Ancient Art
ARHS 4843	Medieval Art
ARHS 4853	Italian Renaissance Art
ARHS 4863	Northern Renaissance Art
ARHS 4873	Baroque Art
ARHS 4983	Special Topics in Art History

And at least two courses selected from: (Group 2)

ARHS 4763	Seminar in Critical Theory
ARHS 4813	The History of Photography
ARHS 4883	18th and 19th Century European Art
ARHS 4893	20th Century European Art
ARHS 4913	American Art to 1860
ARHS 4923	American Art 1860-1960
ARHS 4933	Contemporary Art
ARHS 4993	Special Topics in Modern Art

And 2 additional courses (6 hours) from any upper-division ARHS courses

In addition, two seminar courses in art history, and one elective course in art history or studio art.

Total Hours 51-57

¹ This is usually accomplished through completion of a sequence of language courses: 1003, 1013, 2003 and 2013.

Art majors must complete a basic fine arts course that satisfies the University Core requirement from outside the department of Art.

Writing Requirement: Students majoring in art will satisfy the Fulbright College writing requirement by successful completion (a grade of at least a "C") in the final paper in one of the following:

ARHS 3923H	Honors Colloquium	3
ARHS 4563	Pre-Columbian Art	3
ARHS 4573	Artists of New Spain	3
ARHS 4743	Medieval Architecture	3
ARHS 4753	Renaissance and Baroque Architecture	3
ARHS 4763	Seminar in Critical Theory	3
ARHS 4833	Ancient Art	3
ARHS 4843	Medieval Art	3
ARHS 4853	Italian Renaissance Art	3
ARHS 4863	Northern Renaissance Art	3
ARHS 4873	Baroque Art	3

or by successful completion (a grade of at least a "C") in a thesis in art history.

Art History B.A. Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 87) for university requirements of the program. Core requirement hours may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute a three-hour (or more) general elective in place of a core area.

First Year	Units	
	Fall	Spring
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3	
MATH 1203 College Algebra (ACTS Equivalency = MATH 1103) ((or any higher level mathematics))	3	
ARHS 2913 Art History Survey I (ACTS Equivalency = ARTA 2003) or ARHS 2923 Art History Survey II (ACTS Equivalency = ARTA 2103)	3	
1013 Elementary II World Language (or higher level, depending on placement)	3	
University/State Core U.S. History or Fine Arts requirement	3	
ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023)		3
ARHS 2923 Art History Survey II (ACTS Equivalency = ARTA 2103) or ARHS 2913 Art History Survey I (ACTS Equivalency = ARTA 2003)		3
ARTS course		3
Science University/State Core Lecture with Corequisite Lab requirement		4

2003 Intermediate I World Language (fulfills a university/state core humanities requirement)	3	
Year Total:	15	16

Second Year		Units
	Fall	Spring
Upper Level Art History Group 1 or 2 (below) ^{1,2}	3	
2013 Intermediate II World Language (as needed)	3	
Advanced Level Elective ¹	3	
University/State Core Fine Arts or U.S. History requirement (as needed)	3	
University/State Core Social Sciences requirement	3	
ARTS course		3
Upper Level Art History Group 1 or 2 (below) ^{1,2}		3
General Elective		3
University/State Core Social Sciences requirement		3
Science University/State Core Lecture w/ Corequisite Lab requirement		4
Year Total:	15	16

Third Year		Units
	Fall	Spring
Upper Level Art History Group 1 or 2 (below, as needed) ^{1,2}	3	
Advanced Level Electives ¹	6	
Approved non-Art elective	3	
University/State Core Social Sciences requirement	3	
Upper Level Art History Group 1 or 2 (below, as needed) ^{1,2}		3
Upper Level Art Elective ^{1,2}		3
Approved non-Art elective		3
General Electives		6
Year Total:	15	15

Fourth Year		Units
	Fall	Spring
ARHS Seminar ^{1,2}	3	
Approved non-Art elective	3	
Upper Level Art History Elective ^{1,2}	3	
General Electives	4	
ARHS Seminar ^{1,2}		3
Upper Level ARSC Elective ^{1,2}		3
3000-plus Advanced Level Elective ¹		3
Advanced Level Elective ¹		3
Upper Level Art History Elective ^{1,2}		3
Year Total:	13	15

Total Units in Sequence: 120

¹ Meets 40-hour advanced credit hour requirement. See College Academic Regulations (p. 198).

² Meets 24-hour rule (24 hours of 3000-4000 level courses in Fulbright College), in addition to meeting the 40-hour rule. See College Academic Regulations (p. 198).

Upper Level ARHS Group 1

Choose at least two courses from the following:

ARHS 4563	Pre-Columbian Art
ARHS 4573	Artists of New Spain
ARHS 4733	Saint Peter's and the Vatican
ARHS 4743	Medieval Architecture
ARHS 4753	Renaissance and Baroque Architecture
ARHS 4833	Ancient Art (ARHS 2913)
ARHS 4843	Medieval Art (ARHS 2913)
ARHS 4853	Italian Renaissance Art (ARHS 2923)
ARHS 4863	Northern Renaissance Art (ARHS 2923)
ARHS 4873	Baroque Art (ARHS 2923)
ARHS 4983	Special Topics in Art History

Upper Level ARHS Group 2

Choose at least two courses from the following:

ARHS 4763	Seminar in Critical Theory
ARHS 4813	The History of Photography
ARHS 4883	18th and 19th Century European Art (ARHS 2923)
ARHS 4893	20th Century European Art (ARHS 2923)
ARHS 4913	American Art to 1860 (ARHS 2923)
ARHS 4923	American Art 1860-1960 (ARHS 2923)
ARHS 4933	Contemporary Art
ARHS 4993	Special Topics in Modern Art

Bachelor of Arts Degree

Transfer students should confer with the departmental advisers prior to entrance for information concerning entrance requirements and transfer credits. Transfer credit will be allowed from other accredited and recognized art departments and schools if the credit earned is compatible with program and course requirements within the University of Arkansas School of Art and reflects a grade of "C" or higher. In addition, a student must spend a minimum of 2 semesters in residence. Credit for advanced studio classes in the school is contingent upon presentation of a portfolio of works created in a college-level class equivalent to the class the student is seeking credit for in the School of Art. Professors in the relevant studio area will evaluate portfolios and determine transfer credits.

Requirements for a Major in Studio Art

In addition to the University Core requirements (p. 97) and the Fulbright College of Arts and Sciences Graduation Requirements (p. 198), the following course requirements must be met.

A minimum of 51 semester hours to include:

ARTS 1919C	Studio Foundation I	9
ARTS 1929C	Studio Foundation II	9

12 Hours of Art History to include:

ARHS 2913	Art History Survey I (ACTS Equivalency = ARTA 2003)	3
ARHS 2923	Art History Survey II (ACTS Equivalency = ARTA 2103)	3

Select one of the following: (Group 1) 3

ARHS 4563	Pre-Columbian Art
-----------	-------------------

ARHS 4573	Artists of New Spain	
ARHS 4733	Saint Peter's and the Vatican	
ARHS 4743	Medieval Architecture	
ARHS 4753	Renaissance and Baroque Architecture	
ARHS 4833	Ancient Art	
ARHS 4843	Medieval Art	
ARHS 4853	Italian Renaissance Art	
ARHS 4863	Northern Renaissance Art	
ARHS 4873	Baroque Art	
ARHS 4983	Special Topics in Art History	

Select one of the following: (Group 2) 3

ARHS 4763	Seminar in Critical Theory	
ARHS 4813	The History of Photography	
ARHS 4823	History of Graphic Design	
ARHS 4883	18th and 19th Century European Art	
ARHS 4893	20th Century European Art	
ARHS 4913	American Art to 1860	
ARHS 4923	American Art 1860-1960	
ARHS 4933	Contemporary Art	
ARHS 4993	Special Topics in Modern Art	

Students may take ARHS 4973 Seminar in Art History to fulfill their ARHS requirement, but designation as Group 1 or 2 will depend on the specific seminar taken.

In addition, students must complete a minimum of 21 hours of studio art courses, with at least one course from each media category. Within these 21 hours, students must complete at least 6 hours of studio art courses at the 4000-level. 21

Media Categories

- 2D (drawing, printmaking, painting)
- 3D (sculpture, ceramics)
- Digital/Lens (photography, graphic design (digital tools), time & motion)

Studio Art majors must complete a basic fine arts course that satisfies the University Core requirement from outside the School of Art.

Writing Requirement: Students majoring in art will satisfy the Fulbright College writing requirement by successful completion (a grade of at least a "C") in the final paper in one of the following:

ARHS 3923H	Honors Colloquium	3
ARHS 4563	Pre-Columbian Art	3
ARHS 4573	Artists of New Spain	3
ARHS 4743	Medieval Architecture	3
ARHS 4753	Renaissance and Baroque Architecture	3
ARHS 4763	Seminar in Critical Theory	3
ARHS 4833	Ancient Art	3
ARHS 4843	Medieval Art	3
ARHS 4853	Italian Renaissance Art	3
ARHS 4863	Northern Renaissance Art	3
ARHS 4873	Baroque Art	3
ARHS 4883	18th and 19th Century European Art	3
ARHS 4893	20th Century European Art	3
ARHS 4913	American Art to 1860	3
ARHS 4923	American Art 1860-1960	3

ARHS 4933	Contemporary Art	3
ARHS 4963	Individual Research in Art History	3
ARHS 4973	Seminar in Art History	3
ARHS 4983	Special Topics in Art History	3
ARHS 4993	Special Topics in Modern Art	3

or by successful completion (a grade of at least a "C") in a thesis in art history.

Studio Art B.A. Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 87) for university requirements of the program. Core requirement hours may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute a three-hour (or more) general elective in place of a core area.

First Year	Units	
	Fall	Spring
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3	
MATH 1203 College Algebra (ACTS Equivalency = MATH 1103)	3	
ARTS 1919C Studio Foundation I	9	
ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023)		3

Year Total:	15	14

Total Units in Sequence: 120

¹ Meets 40-hour advanced credit hour requirement. See College Academic Regulations (p. 198).

² Meets 24-hour rule (24 hours of 3000-4000 level courses in Fulbright College), in addition to meeting the 40-hour rule. See College Academic Regulations (p. 198).

Upper Level ARHS Group 1

Select one of the following:	3
ARHS 4563 Pre-Columbian Art	
ARHS 4573 Artists of New Spain	
ARHS 4733 Saint Peter's and the Vatican	
ARHS 4743 Medieval Architecture	
ARHS 4753 Renaissance and Baroque Architecture	
ARHS 4833 Ancient Art (ARHS 2913)	
ARHS 4843 Medieval Art (ARHS 2913)	
ARHS 4853 Italian Renaissance Art (ARHS 2923)	
ARHS 4863 Northern Renaissance Art (ARHS 2923)	
ARHS 4873 Baroque Art (ARHS 2923)	
ARHS 4983 Special Topics in Art History ((ARHS 2913 or ARHS 2923))	

Upper Level ARHS Group 2

Select one of the following:	3
ARHS 4763 Seminar in Critical Theory	
ARHS 4813 The History of Photography	

ARHS 4823	History of Graphic Design ((ARHS 2923))	
ARHS 4883	18th and 19th Century European Art (ARHS 2923)	
ARHS 4893	20th Century European Art (ARHS 2923)	
ARHS 4913	American Art to 1860 (ARHS 2923)	
ARHS 4923	American Art 1860-1960 (ARHS 2923)	
ARHS 4933	Contemporary Art ((ARHS 2923 and ARHS 4923))	
ARHS 4993	Special Topics in Modern Art ((ARHS 2923))	

Students may take ARHS 4973 Seminar in Art History to fulfill an ARHS requirement, but designation as Group 1 or 2 will depend on the topic of the specific seminar taken.

Requirements for B.F.A. in Art Education with Concentration in Community Practice

In addition to the University Core requirements and the Fulbright College of Arts and Sciences Graduation Requirements (see under College Academic Regulations and Degree Completion Policy), the following course requirements must be met. Bolded courses from the list below may be applied to portions of the University/state minimum core requirements.

A minimum of 72 hours to include:

2003 Intermediate I of a world language. This is usually accomplished 3-6 through completion of a sequence of two language courses: 1013 and 2003

COMM 1313	Public Speaking (ACTS Equivalency = SPCH 1003)	3
PHIL 2003	Introduction to Philosophy (ACTS Equivalency = PHIL 1103)	3
PHIL 4403	Philosophy of Art	3
ARTS 1919C	Studio Foundation I	9
ARTS 1929C	Studio Foundation II	9
ARED 4773	Professional Development in Art Education	3

A minimum of 12 hours in selected studio focus 12

At least 12 hours in Art History including: 12

ARHS 2913	Art History Survey I (ACTS Equivalency = ARTA 2003)	
-----------	---	--

At least 12 hours of 3000- or 4000-level studio art electives exclusive of the studio focus 12

ARHS 2923	Art History Survey II (ACTS Equivalency = ARTA 2103)	
-----------	--	--

ARHS 4933	Contemporary Art	
-----------	------------------	--

Writing Requirement: Students majoring in art will satisfy the Fulbright College writing requirement by successful completion (a grade of at least a 'C') in the final paper in one of the following:

ARHS 3923H	Honors Colloquium	3
ARHS 4563	Pre-Columbian Art	3
ARHS 4573	Artists of New Spain	3
ARHS 4743	Medieval Architecture	3
ARHS 4753	Renaissance and Baroque Architecture	3
ARHS 4763	Seminar in Critical Theory	3
ARHS 4833	Ancient Art	3
ARHS 4843	Medieval Art	3
ARHS 4853	Italian Renaissance Art	3
ARHS 4863	Northern Renaissance Art	3
ARHS 4873	Baroque Art	3

ARHS 4883	18th and 19th Century European Art	3
ARHS 4893	20th Century European Art	3
ARHS 4913	American Art to 1860	3
ARHS 4923	American Art 1860-1960	3
ARHS 4933	Contemporary Art	3
ARHS 4963	Individual Research in Art History	3
ARHS 4973	Seminar in Art History	3
ARHS 4983	Special Topics in Art History	3
ARHS 4993	Special Topics in Modern Art	3

or by successful completion (a grade of at least a "C") in a thesis in art history.

Art B.F.A. in Art Education with a Concentration in K-12 Teaching Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 87) for university requirements of the program. Core requirement hours may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute a three-hour (or more) general elective in place of a core area.

The Bachelor of Fine Arts in Art Education has been added pending approval of the Arkansas Higher Education Coordinating Board.

Requirements for B.F.A. in Art Education with Concentration in K-12 Teaching

In addition to the University Core requirements (p. 97) and the Fulbright College of Arts and Sciences Graduation Requirements (p. 198) (see under College Academic Regulations and Degree Completion Policy), the following course requirements must be met. Bolded courses from the list

below may be applied to portions of the University/state minimum core requirements.

Students who wish to apply for admission to the K-12 Teaching Concentration internship program in art education must complete the following Stages.

Stage I: Complete an evaluation for internship. Students must also meet the following criteria to be cleared for the internship:

1. Obtain a "C" or better in the following pre-education core courses: ARED 1003, CIED 3023, and CIED 3033.
2. Obtain a "C" or better in ARED 2003, ARED 3003, and ARED 4003.
3. Obtain clearance through the Office of Teacher Education upon completion of the pre-education core courses. (Clearance includes passing scores on accepted basic skills assessments and cleared background checks.) For admission requirements and application go to the Teacher Education website (<https://teacher-education.uark.edu/>). Please contact the Director of Field Placement and Licensure, Graduate Education Building, Room 339, College of Education and Health Professions for more information.
4. Prior to enrollment in ARED 476V Student Teaching and ARED 4773 Professional Development, complete other degree requirements with a cumulative GPA of 2.50 or higher and a 3.0 in all School of Art coursework.
5. Obtain departmental clearance for internship based on successful completion of portfolio review, GPA and coursework requirements, an interview with Art Education faculty, and/or other specified recommendations by your program.

Stage II: Internship

1. Complete the one-semester internship at one elementary and one secondary placement at approved locations.
2. Complete Praxis II requirements. See your adviser for details.

Students should always consult the Coordinator of Teacher Education for any licensure requirement changes. Students will not be licensed to teach in Arkansas until they have met all requirements for licensure as set forth by the Arkansas Department of Education.

Usually licensure in another state is facilitated by qualifying for a license in Arkansas. An application in another state must be made on the application form of that state, which can be obtained by request from the State Teacher Licensure office in the capital city. An official transcript should accompany the application. In many instances the applications are referred to the Coordinator of Teacher Education to verify program completion in teacher education.

Requirements for the B.F.A. in Art Education with Concentration in K-12 Teaching

A minimum of 72 hours to include:

2003 Intermediate I of a world language. This is usually accomplished 3-6 through completion of a sequence of two language courses: 1013 and 2003.

COMM 1313	Public Speaking (ACTS Equivalency = SPCH 1003)	3
PHIL 2003	Introduction to Philosophy (ACTS Equivalency = PHIL 1103)	3
PHIL 4403	Philosophy of Art	3

PSYC 2003	General Psychology (ACTS Equivalency = PSYC 1103)	3
ARTS 1919C	Studio Foundation I	9
ARTS 1929C	Studio Foundation II	9
ARED 4773	Professional Development in Art Education	3
A minimum of 12 hours in a selected studio focus		12
At least 12 hours in Art History including		12
ARHS 2913	Art History Survey I (ACTS Equivalency = ARTA 2003)	
ARHS 2923	Art History Survey II (ACTS Equivalency = ARTA 2103)	
ARHS 4933	Contemporary Art	
A minimum of 12 hours in a selected studio focus		12

Additional Coursework for K-12 Teaching Concentration

The following coursework is required for internship eligibility and degree completion.

ENGL 1013	Composition I (ACTS Equivalency = ENGL 1013)	3
ENGL 1023	Composition II (ACTS Equivalency = ENGL 1023)	3
MATH 1203	College Algebra (ACTS Equivalency = MATH 1103)	3
ARED 1003	Introduction to Art Education	3
ARED 2003	Diversity, Pedagogy, & Visual Culture	3
ARED 3003	Curriculum Design & Teaching Practices in Art Education	3
ARED 4003	Community Art	3
CIED 3023	Survey of Exceptionalities	3
	or ARED 3013 Teaching Art to Special Populations	
CIED 3033	Classroom Learning Theory	3

Writing Requirement: Students majoring in art will satisfy the Fulbright College writing requirement by successful completion (a grade of at least a 'C') in the final paper in one of the following:

ARHS 3923H	Honors Colloquium	3
ARHS 4563	Pre-Columbian Art	3
ARHS 4573	Artists of New Spain	3
ARHS 4743	Medieval Architecture	3
ARHS 4753	Renaissance and Baroque Architecture	3
ARHS 4763	Seminar in Critical Theory	3
ARHS 4833	Ancient Art	3
ARHS 4843	Medieval Art	3
ARHS 4853	Italian Renaissance Art	3
ARHS 4863	Northern Renaissance Art	3
ARHS 4873	Baroque Art	3
ARHS 4883	18th and 19th Century European Art	3
ARHS 4893	20th Century European Art	3
ARHS 4913	American Art to 1860	3
ARHS 4923	American Art 1860-1960	3
ARHS 4933	Contemporary Art	3
ARHS 4963	Individual Research in Art History	3
ARHS 4973	Seminar in Art History	3
ARHS 4983	Special Topics in Art History	3
ARHS 4993	Special Topics in Modern Art	3

or by successful completion (a grade of at least a "C") in a thesis in art history.

Art B.F.A. in Art Education with a Concentration in K-12 Teaching Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 87) for university requirements of the program. Core requirement hours may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute a three-hour (or more) general elective in place of a core area.

¹ Meets 40-hour advanced credit hour requirement. See College Academic Regulations (p. 198).

- 2
- Meets 24-hour rule (24 hours of 3000-4000 level courses in Fulbright College), in addition to meeting the 40-hour rule. See College Academic Regulations (p. 198).
- 3
- Students completing the Bachelor of Fine Arts may substitute ARHS 2913 or ARHS 2923 to satisfy the content covered in the Fine Arts University/State Core Requirement.

B.F.A. in Graphic Design

The Bachelor of Fine Arts degree in Graphic Design — often also referred to as visual design, visual communication design or visual communication — will prepare students to be proficient makers and thoughtful problem seekers and solvers in a four-year professional degree program. Students will work seamlessly across a range of media, working to identify appropriate solutions for audience and context. Students will be exposed to a rigorous curriculum covering research, theory, critical thinking, professional practices, conceptual idea-making, all while asking them to formally experiment and refine. The Graphic Design degree focuses on: typography, interactivity, branding and design research, each identified as strongly connected to the design industry, while incorporating the university research initiatives of the School of Art at the University of Arkansas.

Requirements for Admission to the Fine Arts Degree in Graphic Design

For admission to the B.F.A. in Graphic Design, a student must be a declared Art major in the School of Art and successfully complete the art foundation course sequence of ARTS 1919C Studio Foundation I and ARTS 1929C Studio Foundation II. Students also must be enrolled in, or have completed, GDES 2313 Digital Tools and Concepts and GDES 3313 Introduction to Typography. Students must have a 3.0 grade point average and submit an application and a portfolio for review.

Requirements for the Bachelor of Fine Arts Degree in Graphic Design

In addition to the University Core requirements and the Fulbright College of Arts and Sciences Graduation Requirements (see under College Academic Regulations and Degree Completion Policy), the following course requirements must be met. Bolded courses from the list below may be applied to portions of the university/state minimum core requirements.

ARTS 1919C	Studio Foundation I	9
ARTS 1929C	Studio Foundation II	9
GDES 2313	Digital Tools and Concepts	3
GDES 3313	Introduction to Typography	3
GDES 3323	Typographic Systems	3
GDES 3383	User Experience	3
GDES 4343	Identity Systems	3
GDES 4303	Professional Development and Seminar	3
GDES 4313	Interactive Language	3
GDES 4323	Technology in Context	3
GDES 4353	Human Centered Design	3
GDES 4363	Design Co-op	3
GDES 4373	Advanced Typography	3
GDES 4383	Degree Project	3
A minimum of 12 hours in Art Electives		12
At least 15 hours in Art History including:		15
ARHS 2913	Art History Survey I (ACTS Equivalency = ARTA 2003)	

ARHS 2923	Art History Survey II (ACTS Equivalency = ARTA 2103)	
ARHS 4823	History of Graphic Design	
ARHS 4933	Contemporary Art	
3 additional hours in any upper-level ARHS		
Elective outside School of Art based on faculty approval		3
PHIL 2003	Introduction to Philosophy (ACTS Equivalency = PHIL 1103) ((satisfies University Core humanities requirement))	3

Writing Requirement: Students majoring in art will satisfy the Fulbright College writing requirement by successful completion (a grade of at least a "C") in the final paper in one of the following:

ARHS 3923H	Honors Colloquium	3
ARHS 4563	Pre-Columbian Art	3
ARHS 4573	Artists of New Spain	3
ARHS 4743	Medieval Architecture	3
ARHS 4753	Renaissance and Baroque Architecture	3
ARHS 4763	Seminar in Critical Theory	3
ARHS 4833	Ancient Art	3
ARHS 4843	Medieval Art	3
ARHS 4853	Italian Renaissance Art	3
ARHS 4863	Northern Renaissance Art	3
ARHS 4873	Baroque Art	3
ARHS 4883	18th and 19th Century European Art	3
ARHS 4893	20th Century European Art	3
ARHS 4913	American Art to 1860	3
ARHS 4923	American Art 1860-1960	3
ARHS 4933	Contemporary Art	3
ARHS 4963	Individual Research in Art History	3
ARHS 4973	Seminar in Art History	3
ARHS 4983	Special Topics in Art History	3
ARHS 4993	Special Topics in Modern Art	3

or by successful completion (a grade of at least a "C") in a thesis in art history.

Internship credit considered in lieu of required studios upon approval of professors, based on content and merit of internship.

Minor in Art History

Requirements for a Minor in Art History: A minimum of 18 semester hours to include:

ARHS 2913	Art History Survey I (ACTS Equivalency = ARTA 2003)	3
ARHS 2923	Art History Survey II (ACTS Equivalency = ARTA 2103)	3
Three additional art history courses		9
One course either in art history or studio art		3
Total Hours		18

A student must notify the department of his or her intent to minor. The minor is especially suitable for students majoring in anthropology, English, foreign languages, history, philosophy, and music.

Requirements for Departmental Honors in Art: As part of the Honors Studies Program of the J. William Fulbright College of Arts and Sciences, the School of Art provides the opportunity for academically superior junior- and senior-level students to acquire broader and deeper knowledge and skills in the visual arts and related disciplines. This is accomplished through independent research projects in studio art and/or art history under the direction of the art faculty. Outstanding achievement is recognized by awarding the distinction "Art Scholar Cum Laude." Students may apply for honors studies beginning in the second semester of their sophomore year and normally will not be accepted into the program after completion of the second semester of their junior year. The school requires each applicant to have a minimum cumulative grade-point average of 3.5 in all college course work, a minimum grade-point average of 3.5 in all course work taken in the School of Art, completed ARHS 2913 and ARHS 2923, completed at least 20 semester hours of work in art school courses, and at least 30 semester hours of general education requirements. Included in those hours, a student must complete and defend an honors thesis and take 12 hours, which may include 6 hours of thesis, in honors studies. Higher degree distinctions take into consideration the student's entire academic career and are recommended for only those students whose honors projects and programs of study demonstrate a truly exceptional degree of creativity and scholarship.

Faculty

Andree, David, M.F.A. (State University of New York), B.F.A. (Minneapolis College of Art and Design), Assistant Professor, 2015.
Andree, Kara M., M.F.A. (State University of New York at Buffalo), B.F.A. (Minneapolis College of Art and Design), Instructor, 2016.
Callander, Adrienne, M.F.A. (Rutgers University), B.A. (Reed College), Visiting Assistant Professor, 2017.
Callander, Neil, M.F.A. (Rutgers University), B.F.A. (Indiana University at Bloomington), Assistant Professor, 2017.
Chioffi, David Charles, M.A. (Wesleyan University), B.F.A. (The Rochester Institute of Technology), Professor, 2013.
Cromer, Jonathan Barrett, M.F.A. (University of Arkansas, Instructor, 2016.
DeWitt, Dylan, M.F.A. (Yale University), Assistant Professor, 2014.
Drolen, Rebecca, M.F.A., B.A. (Indiana University, Bloomington), Assistant Professor, 2015.
Edwards, Vincent A., M.F.A. (Herron School of Art and Design), B.F.A. (Indiana University), Instructor, 2016.
Grant, Alphonso W., Ph.D. (Pennsylvania State University), Assistant Professor, 2017.
Hanson, Alexander J., M.F.A. (University of Iowa), Instructor, 2015.
Happgood, Thomas Layley, M.F.A., B.A. (University of Arizona), Associate Professor, 2005.
Hason, Alexander, M.F.A., M.A. (University of Iowa), B.F.A. (University of Minnesota, Duluth), Instructor, 2015.

Hogan, Adam S., M.A., M.F.A. (Washington University in St. Louis), Assistant Professor, 2014.

Hulen, Jeannie, M.F.A. (Louisiana State University), B.F.A. (Kansas City Art Institute), Professor, 2002.

Jacobs, Lynn Frances, Ph.D., M.A. (New York University), B.A. (Princeton University), Distinguished Professor, 1989.

Jones, Joanne R., M.F.A., B.F.A. (University of Arkansas), Instructor, 1997.

King, Sam, M.F.A. (Indiana University at Bloomington), B.F.A. (University of Tulsa), Assistant Professor, 2011.

Lane, Marty Maxwell, M.G.D. (North Carolina State University), B.F.A. (University of Illinois at Chicago), Associate Professor, 2014.

LaPorte, Angela M., Ph.D. (Pennsylvania State University), M.A. (Arizona State University), B.S. (La Roche College), Professor, 1998.

Levenson, Abra, Ph.D., M.A. (Princeton), B.A. (University of California, Berkeley), Assistant Professor, 2018.

Lopez, Linda Nguyen, M.F.A. (University of Colorado-Boulder), B.F.A. (California State University-Chico), Instructor, 2012.

McConnell, Mathew S., M.F.A. (University of Colorado-Boulder), B.F.A. (Valdosta State University), Associate Professor, 2011.

McMahon, Bree, M.A., B.A. (North Carolina State University), Assistant Professor, 2018.

Meares, Ian, M.F.A. (Penn State), M.F.A. (University of California at Irvine), Instructor, 2017.

Mitchell, Marc E., M.F.A. (Boston University), Associate Professor, 2014.

Morrissey, Sean P., M.F.A. (University of Nebraska-Lincoln), B.F.A. (Bowling Green State University), Assistant Professor, 2014.

Murff, Zora J., M.F.A. (University of Nebraska), Assistant Professor, 2018.

Musgnug, Kristin Ann, M.F.A. (Indiana University at Bloomington), B.A. (Williams College), Associate Professor, 1991.

Place, Alison L., M.F.A. (Miami University), Assistant Professor, 2017.

Posnak, Adam, M.F.A. (Louisiana State University and A&M College), Instructor, 2010.

Pulido Rull, Ana, Ph.D., M.A. (Harvard University), B.A. (National Autonomous University of Mexico), Associate Professor, 2012.

Ramirez, Kasey, M.F.A. (Indiana University, Bloomington), B.F.A. (Rhode Island School of Design), Assistant Professor, 2015.

Slone, Ryan B., B.F.A. (University of Arkansas), Instructor, 2001.

Snyder, Gerry, M.A. (New York University), B.F.A. (University of Oregon), Distinguished Professor, 2019.

Springer, Bethany Lynn, M.F.A. (University of Georgia), B.A. (Virginia Polytechnic Institute and State University), Associate Professor, 2006.

Sytsma, Janine A., Ph.D. (University of Wisconsin-Madison), M.A. (University of Denver), B.A. (Arizona State University), Assistant Professor, 2016.

Taoka, Loring, M.F.A. (University of North Texas), Instructor, 2012.

Turner, Aaron, M.F.A. (Rutgers State University), B.A. (University of Memphis), Research Associate, 2016.

Wilson-Parrish, Nichelle La Von, M.F.A. (University of North Texas), B.F.A. (University of Arkansas), M.A. (University of North Texas), Instructor, 2013.

Yoon, InJeong, Ph.D. (University of Arizona), Assistant Professor, 2017.

Arts and Sciences (ARSC)

Yvette Murphy-Erby
Chair of Studies
Old Main 526D
479-575-4443

Students may enroll in college and off-campus programs (ARSC) under special circumstances and with the approval of the Associate Dean of Fulbright College.

Asian Studies (AIST)

Ka Zeng
Chair of Studies
428 Old Main
479-575-3356

Asian Studies Website (<http://aist.uark.edu>)

Students may pursue Asian studies as a second major alongside a primary major in Fulbright College. The program also offers a minor in Asian Studies.

The Asian Studies Program draws on the strength of faculty both in the Fulbright College of Arts and Sciences and in other colleges on campus to provide resources and training in Asian languages, cultures, history, politics and economics. The program strives to provide students with a well-rounded education essential for careers in which knowledge of Asia is vital, promote interdisciplinary research on the Pacific region, and serve as a source of knowledge and expertise for the community.

Requirements for the Asian Studies Second Major:

Language Competence: Students must complete CHIN 2013 (or equivalent) or JAPN 2013 (or equivalent). Subject to the approval of the Director of Studies, students with language competence in one language (Chinese or Japanese) may receive some elective credit for competence level courses in the other language. Proficiency in other Asian languages may also satisfy this requirement.

In addition to the above language requirement, students must complete 21 hours in Asia-related courses, subject to the following conditions:

Colloquium (3-6 hours): Students must complete at least three hours in the interdisciplinary colloquium, AIST 4003/AIST 4003H. The AIST Colloquium may be repeated, provided the topic is different.

Electives (15-18 hours): In addition to the above requirements and the requirements for the departmental major, students must complete 15-18 hours of Asia-related courses (AIST-approved electives listed below) subject to the following conditions of distribution:

1. Students must complete 6 hours of history courses;
2. Students must complete 6 hours of social science courses;
3. Courses must be selected from at least three different departments;
4. A maximum of nine hours may be submitted from any one department;
5. In addition, the following may be applied toward the major:
 - a. Up to 6 hours of upper-level language courses (such as CHIN 3003, CHIN 3033, CHIN 3103, JAPN 3003, JAPN 3013, JAPN 3033);
 - b. Up to 6 hours of credits in an approved study-abroad program;
 - c. Up to 6 hours of CHIN 3983 or JAPN 3983/JAPN 3983H (Special Studies)
 - d. Other Asia-related courses with approval of the director of Asian Studies

Approved AIST Electives

CHIN 4313	Culture and Society in China	3
ECON 3933	The Japanese Economic System	3
ECON 4633	International Trade	3
HIST 3513	History of China to 1644	3
HIST 3523	Modern China	3
HIST 4403	Islam in Asia	3
HIST 4553	The Recluse in Early East Asia	3
HIST 4633	Heian Japan (794-1192)	3
or HIST 4633H Honors Heian Japan (794-1192)		
HIST 4853	Early Chinese Empires: Mythology, Archeology, and Historiography	3
HIST 4863	Classical Thought in East Asia	3
HIST 4903	Music and the Arts of Edo Japan 1600-1868	3
HIST 4913	Reading Japanese Noh as Cultural History	3
HIST 4923/4923H	Song China 960-1279	3
HIST 4933	Ad Paradisum: Utopias, imaginary places, and the afterlife in East Asia	3
JAPN 4213	Japanese Culture	3
JAPN 4313/4313H	Language and Society of Japan	3
MUSY 4113H	Honors Pro-Seminar: Honors Ethnomusicology	3
MUSY 4313H	Honors Special Topics in Asian and Middle Eastern Musics	3
MUSY 477V/477VH	Independent Research in Ethnomusicology	1-4
PLSC 3503	Governments and Politics of East Asia	3
PLSC 4823	Foreign Policy of East Asia	3

Requirements for a Minor in Asian Studies:

Students may earn a minor in Asian Studies by taking courses in art, anthropology, economics, geography, history, languages, sociology, political science, and literature of Asia. Students must fulfill the language requirement described below and complete 15 hours in Asia-related courses in order to earn the minor.

Language Requirement: Students must complete CHIN 2013 (or equivalent) or JAPN 2013 (or equivalent). At the discretion of the chair of studies, proficiency in other Asian languages may also satisfy this requirement.

Beyond the language requirement, students must complete 15 credit hours of approved courses, including at least three hours in the Asian Studies Colloquium (AIST 4003). The following courses may be taken in fulfillment of the elective requirements:

Approved AIST Electives

CHIN 4313	Culture and Society in China	3
ECON 3933	The Japanese Economic System	3
ECON 4633	International Trade	3
HIST 3513	History of China to 1644	3
HIST 3523	Modern China	3
HIST 4553	The Recluse in Early East Asia	3

HIST 4633/4633H	Heian Japan (794-1192)	3
HIST 4853	Early Chinese Empires: Mythology, Archeology, and Historiography	3
HIST 4863	Classical Thought in East Asia	3
HIST 4903/4903H	Music and the Arts of Edo Japan 1600-1868	3
HIST 4913/4913H	Reading Japanese Noh as Cultural History	3
HIST 4923/4923H	Song China 960-1279	3
HIST 4933/4933H	Ad Paradisum: Utopias, imaginary places, and the afterlife in East Asia	3
JAPN 4213	Japanese Culture	3
JAPN 4313/4313H	Language and Society of Japan	3
MUSY 4113H	Honors Pro-Seminar: Honors Ethnomusicology	3
MUSY 4313H	Honors Special Topics in Asian and Middle Eastern Musics	3
MUSY 477V/477VH	Independent Research in Ethnomusicology	1-4
PLSC 3503	Governments and Politics of East Asia	3
PLSC 4823	Foreign Policy of East Asia	3

Students may also apply three hours of credit in an approved study-abroad program in an Asian country and three hours of upper-level Chinese or Japanese toward the minor.

Other courses that include Asia-specific content may be taken for credit toward the secondary major or minor with the approval of the Chair of Asian Studies.

Minor in East Asian History and Politics

The East Asian history and political science minor is designed to enhance students' understanding of the historical and political development of East Asia, in particular China and Japan. Students must complete 15 hours in courses related to East Asian history and political science in order to earn the minor. The interdisciplinary nature of this degree will allow students to use a variety of courses on East Asia to develop their own B.A. degree and thus prepare for a career related to the region.

Students must complete 15 hours from the following:

Required Courses (6 hours)

PLSC 3503	Governments and Politics of East Asia	3
HIST 3523	Modern China	3

Electives

Choose any three courses

AIST 4003	Asian Studies Colloquium	
or AIST 400: Honors Asian Studies Colloquium		
CHIN 3103	Chinese Culture through Film	
CHIN 4313	Culture and Society in China	
HIST 3513	History of China to 1644	
HIST 4403	Islam in Asia	
HIST 4553	The Recluse in Early East Asia	
HIST 4633	Heian Japan (794-1192)	
or HIST 463: Honors Heian Japan (794-1192)		

HIST 4853	Early Chinese Empires: Mythology, Archeology, and Historiography
HIST 4863	Classical Thought in East Asia
HIST 4903	Music and the Arts of Edo Japan 1600-1868
HIST 4913	Reading Japanese Noh as Cultural History or HIST 491: Honors Reading Japanese Noh as Cultural History
Students can apply up to 3 hours of upper level Chinese or Japanese language courses and 3 hours in an approved study abroad program toward the minor.

Department of Biological Sciences Website (<http://fulbright.uark.edu/departments/biology/>)

The Department of Biological Sciences offers a supportive training environment across the full spectrum of biology, bridging the disciplines of cell and molecular biology, physiology, development, genetics, molecular systematics, microbiology, neurobiology, ecology, and evolutionary biology. Through course selection both within and outside the department, our students are prepared to enter research and professional training programs (health, secondary education, law, etc.) or enter careers in government and a broad range of businesses that rely on a technology-literate workforce with analytical and problem-solving skills.

For information on advanced degrees in biology, see the Graduate School Catalog (<http://catalog.uark.edu/graduatecatalog/programsofstudy/biologicalsciencesbisc/>).

Requirements for a B.S. Degree with a Major in Biology

A minimum of 120 hours is required, including 40 hours in the major as specified below.

- BIOL 1584 Biology for Majors¹
- Biology Core (13 hours):

BIOL 2533	Cell Biology	3
BIOL 2323	General Genetics	3
BIOL 3023	Evolutionary Biology	3
BIOL 3863	General Ecology	3
and a minimum of 1 hour of Core Laboratory selected from:		1
BIOL 2531L	Cell Biology Laboratory	
BIOL 2321L	General Genetics Laboratory	
BIOL 3861L	General Ecology Laboratory	

- An additional 23 hours of electives in biology and/or biology related electives including:

- At least 2 elective courses numbered 2000 or higher which are lab courses. This includes Core Labs taken in addition to the basic Core requirement. Courses whose catalog description explicitly excludes them from counting toward the major may not be used to meet this requirement. (Laboratory courses also include BIOL 480V, BIOL 480VH, BIOL 499V, and BIOL 499VH.)
- At least 18 hours in BIOL courses numbered 3000 or higher, of which at least 12 hours must be from courses numbered 4000 or higher.
- A course meeting the Fulbright College writing requirement. (The means of meeting the writing requirement are listed following the description of Requirements for Departmental Honors in Biology.)
- No more than 4 hours of elective courses at the 1000 level are permitted. BIOL 1543/BIOL 1541L Principles of Biology/Principles of Biology Laboratory may not be applied to the elective requirement.

Note: Biology related electives that are not taught by the Department of Biological Sciences must be approved using the "Exception Request for Major or Minor Requirements" form.

- A student who, after completing BIOL 1543/BIOL 1541L Principles of Biology/Lab with a grade of B or better in both courses, wishes to substitute BIOL 1543/BIOL 1541L for the required BIOL 1584 may petition the Department of Biological Sciences to do so. These petitions will be considered on a case by case basis for approval.

Requirements in cognate science and mathematics include the following:

Chemistry

CHEM 1103 & CHEM 1101L	University Chemistry I (ACTS Equivalency = CHEM 1414 Lecture) and University Chemistry I Laboratory (ACTS Equivalency = CHEM 1414 Lab) (may be completed by advanced placement)	4
CHEM 1123 & CHEM 1121L	University Chemistry II (ACTS Equivalency = CHEM 1424 Lecture) and University Chemistry II Laboratory (ACTS Equivalency = CHEM 1424 Lab)	4
CHEM 3603 & CHEM 3601L	Organic Chemistry I and Organic Chemistry I Laboratory	4
CHEM 3613 & CHEM 3611L	Organic Chemistry II and Organic Chemistry II Laboratory	4
CHEM 3813	Elements of Biochemistry	3

Physics

PHYS 2013 & PHYS 2011L	College Physics I (ACTS Equivalency = PHYS 2014 Lecture) and College Physics I Laboratory (ACTS Equivalency = PHYS 2014 Lab)	8
and		
PHYS 2033 & PHYS 2031L	College Physics II (ACTS Equivalency = PHYS 2024 Lecture) and College Physics II Laboratory (ACTS Equivalency = PHYS 2024 Lab)	

Or

PHYS 2054	University Physics I (ACTS Equivalency = PHYS 2034)	
and		

PHYS 2074	University Physics II (ACTS Equivalency = PHYS 2044 Lecture)	
-----------	--	--

Mathematics

MATH 2554	Calculus I (ACTS Equivalency = MATH 2405) (MATH 2564 is recommended)	4
-----------	---	---

Statistics

Select one of the following: 3-4

STAT 2023	Biostatistics	
STAT 4003	Statistical Methods & STAT 4001L and Statistics Methods Laboratory	

Requirement in Philosophy, must include one of the following:

PHIL 2103 or PHIL 2203 or PHIL 3113 or PHIL 4213.

Writing Requirement: The college writing requirement for majors in biology may be met by one of the following:

1. Completion of an honors thesis,
2. Completion of a senior thesis (BIOL 498V) supervised by a faculty member in biological sciences,
3. Completion of a required term paper with a grade of B or above in a BIOL course numbered 3000 or above on a topic approved by the instructor, or
4. Completion of a paper, supervised by a Biological Sciences faculty member, in Special Topics (BIOL 480V)

Note: A student exercising Option 3 or 4 may not use the paper written for that option for credit in BIOL 498V

Biology B.S.**Eight-Semester Degree Program**

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 87) for university requirements of the program. Core requirement hours may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute a three-hour (or more) general elective in place of a core area. Students must complete at least 120 hours, and this must be considered when scheduling upper-level hours in the senior year.

First Year	Units	
	Fall	Spring
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3	
Select one of the following:	3-4	
MATH 1213 Plane Trigonometry (ACTS Equivalency = MATH 1203)		
MATH 1284C Precalculus Mathematics (ACTS Equivalency = MATH 1305)		
MATH 2554 Calculus I (ACTS Equivalency = MATH 2405) ¹		
BIOL 1584 Biology for Majors (ACTS Equivalency = BIOL 1014 Lecture)	4	
CHEM 1103 University Chemistry I (ACTS Equivalency = CHEM 1414 Lecture) & CHEM 1101L University Chemistry I Laboratory (ACTS Equivalency = CHEM 1414 Lab)	4	
Select one of the following:	3	
HIST 2003 History of the American People to 1877 (ACTS Equivalency = HIST 2113)		

HIST 2013 History of the American People, 1877 to Present (ACTS Equivalency = HIST 2123)

PLSC 2003 American National Government (ACTS Equivalency = PLSC 2003)

Core from Fine Arts

ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023) 3

MATH 2554 Calculus I (ACTS Equivalency = MATH 2405)¹ 4
or MATH 2564 Calculus II (ACTS Equivalency = MATH 2505)

CHEM 1123 University Chemistry II (ACTS Equivalency = CHEM 1424 Lecture)
& CHEM 1121L University Chemistry II Laboratory (ACTS Equivalency = CHEM 1424 Lab) 4

Select one of the following: 3

University/state core Fine Arts

or US History Requirement from

HIST 2003 History of the American People to 1877 (ACTS Equivalency = HIST 2113)

HIST 2013 History of the American People, 1877 to Present (ACTS Equivalency = HIST 2123)

PLSC 2003 American National Government (ACTS Equivalency = PLSC 2003)

¹ Meets 40-hour advanced credit hour requirement. See 3 on
Graduation Requirements Checklist or see the Catalog of Studies.

² Meets 24-hour rule (24 hours of 3000-4000 level courses in Fulbright
College), in addition to meeting the 40-hour rule. See 2b on
Graduation Requirements Checklist or see the Catalog of Studies.

Requirements for a B.A. Degree with a Major in Biology:

A minimum of 120 hours is required, including:

1. BIOL 1584 Biology for Majors. Majors may substitute another 1000-
level BIOL course (BIOL 1603/BIOL 1601L Principles of Zoology or
BIOL 1613/BIOL 1611L Plant Biology) for BIOL 1584; a maximum of
four 1000-level credits may be applied toward the major. A student
who, after completing BIOL 1543/BIOL 1541L Principles of Biology/

Lab with a grade of B or better in both courses, wishes to substitute
BIOL 1543/BIOL 1541L Principles of Biology for BIOL 1584 may
petition the Department of Biological Sciences to do so. These
petitions will be considered on a case by case basis for approval.

2. An additional 26 hours of biological sciences, including:

- a. Biology Core (13 hours):

BIOL 2533	Cell Biology	3
BIOL 2323	General Genetics	3
BIOL 3023	Evolutionary Biology	3
BIOL 3863	General Ecology	3
and a minimum of one hour of Core Laboratory selected from:		1
BIOL 2531L	Cell Biology Laboratory	
BIOL 2321L	General Genetics Laboratory	
BIOL 3861L	General Ecology Laboratory	

- b. Biology Electives (13 hours): must include at least 9 hours
in BIOL courses numbered 3000 or higher and at least one
course numbered 2000 or higher with a laboratory. (Laboratory
courses also include BIOL 480V, BIOL 480VH, BIOL 499V, and
BIOL 499VH.)

3. Requirements in cognate science and mathematics include:

A.

CHEM 1103 & CHEM 1101L	University Chemistry I (ACTS Equivalency = CHEM 1414 Lecture) and University Chemistry I Laboratory (ACTS Equivalency = CHEM 1414 Lab)	4
CHEM 1123 & CHEM 1121L	University Chemistry II (ACTS Equivalency = CHEM 1424 Lecture) and University Chemistry II Laboratory (ACTS Equivalency = CHEM 1424 Lab)	4

Select one of the following: 4-8

CHEM 2613 Organic Physiological Chemistry (ACTS
& CHEM 2611L Equivalency = CHEM 1224 Lecture)
and Organic Physiological Chemistry Laboratory
(ACTS Equivalency = CHEM 1224 Lab)

CHEM 3603 Organic Chemistry I
& CHEM 3601 and Organic Chemistry I Laboratory
& CHEM 3613 and Organic Chemistry II
& CHEM 3611 and Organic Chemistry II Laboratory

B.

PHYS 2013 & PHYS 2011L	College Physics I (ACTS Equivalency = PHYS 2014 Lecture) and College Physics I Laboratory (ACTS Equivalency = PHYS 2014 Lab)	4
PHYS 2033 & PHYS 2031L	College Physics II (ACTS Equivalency = PHYS 2024 Lecture) and College Physics II Laboratory (ACTS Equivalency = PHYS 2024 Lab)	4

C.

MATH 2043 Survey of Calculus (ACTS Equivalency = MATH 3-4
2203)

or MATH 2554 Calculus I (ACTS Equivalency = MATH 2405)

D.

Select one of the following: 3-4

STAT 2023 Biostatistics
STAT 2303 Principles of Statistics (ACTS Equivalency =
MATH 2103)

STAT 4003	Statistical Methods & STAT 4001L and Statistics Methods Laboratory	
MATH 2183	Mathematical Reasoning in a Quantitative World	
4. Requirement in Philosophy		
Select one of the following:		3
PHIL 2103	Introduction to Ethics (ACTS Equivalency = PHIL 1003)	
PHIL 2203	Logic (ACTS Equivalency = PHIL 1003)	
PHIL 3113	Environmental Ethics	
PHIL 4213	Philosophy of Science	
5. Students must complete a minimum of 20 credit hours at the 3000-level or higher from requirements 2, 3, and 4 listed above or from a combination of requirements 2, 3, and 4 above and from additional 3000-level or higher BIOL upper-level electives.		

Writing Requirement: The college writing requirement for majors in biology may be met by one of the following:

1. Completion of an honors thesis,
2. Completion of a senior thesis (BIOL 498V) supervised by a faculty member in biological sciences,
3. Completion of a required term paper with a grade of B or above in a BIOL course numbered 3000 or above on a topic approved by the instructor, or
4. Completion of a paper, supervised by a Biological Sciences faculty member, in Special Topics (BIOL 480V)

Note: A student exercising Option 3 or 4 may not use the paper written for that option for credit in BIOL 498V

Biology B.A.

Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 87) for university requirements of the program. Core requirement hours may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute a three-hour (or more) general elective in place of a core area.

First Year	Units

BIOL 3000-4000 Level Biology Elective ^{1,2}	3-4	
General Electives	6	

Requirements for a Minor in Biology:

Students must complete at least 19 credit hours of BIOL courses that include:

1. BIOL 1584 Biology for Majors (ACTS Equivalency = BIOL 1014 Lecture) or BIOL 1543 Principles of Biology (ACTS Equivalency = BIOL 1014 Lecture)/BIOL 1541L Principles of Biology Laboratory (ACTS Equivalency = BIOL 1014 Lab)
2. Three of the four biology core courses: BIOL 2533 Cell Biology, BIOL 2323 General Genetics, BIOL 3023 Evolutionary Biology, BIOL 3863 General Ecology.
3. Two additional BIOL courses, one of which must be a BIOL course numbered 3000 or above. This may include an additional BIOL core course.

Students must notify their academic dean's office of their intent to minor in biology.

Requirements for Departmental Honors in Biology: The biological sciences honors program is designed to provide students an opportunity to investigate questions in biology through an expanded reading program and research experience. Biological science majors may apply to enter the program between the second semester of the sophomore year and the end of the junior year. Application is made through both Honors Studies (MAIN 517) and the Department of Biological Sciences (SCEN 601). Applicants must have a 3.5 grade-point average. Students should consult with their adviser to identify and contact a potential faculty research mentor. The student's research activities will then be directed by the departmental faculty member who agrees to sponsor the student.

Students may enroll for up to four hours of credit in BIOL 499VH during the junior year and up to eight hours of credit in BIOL 499VH during the senior year. A maximum of six of these credits may be applied toward a major. Participants must complete and defend an honors thesis and take 12 hours in Honors Studies, which may include six hours of thesis. The honors thesis is based on an original research project and presented orally before a committee composed of two faculty from the biological sciences, a person from outside the biological sciences, and a representative from the Honors Council. This committee makes a recommendation concerning the award of the honors distinction to the Honors Council. Students who successfully complete the departmental honors program usually graduate as "Departmental Scholar *Cum Laude*." Higher degree distinctions are recommended only in exceptional cases and are based upon the candidate's entire involvement in the honors program. Completion of an honors thesis fulfills the writing requirement in

biological sciences, which precludes credit for BIOL 498V (Senior Thesis) for the same body of work.

Biology (B.A. or B.S.) Life/Earth Science Teacher Licensure

Requirements: Please refer to the Secondary Education Requirements (p. 201) for Fulbright College Students.

Students wishing to pursue licensure through the UAteach undergraduate curriculum should consult with a UAteach adviser, uteach@uark.edu.

Faculty

Alrubaye, Adnan Ali Khalaf, Ph.D., M.Ed. (University of Arkansas), M.S., B.V.M. (University of Baghdad, Iraq), Clinical Assistant Professor, 2013.

Alverson, Andrew James, Ph.D. (University of Texas at Austin), M.S. (Iowa State University), B.S. (Grand Valley State University), Associate Professor, 2012.

Bailey, Tameka A., Ph.D. (University of Arkansas), B.S. (University of Arkansas-Pine Bluff), Clinical Assistant Professor, 2017.

Beaulieu, Jeremy M., Ph.D. (Yale University), M.S., B.S. (California Polytechnic State University), Assistant Professor, 2016.

Beaupre, Steven J., Ph.D. (University of Pennsylvania), M.S., B.S. (University of Wisconsin), Professor, 1995.

Catanzaro, Donald G., Ph.D. (University of Arkansas), A.B. (University of California, Los Angeles), Research Assistant Professor, 2014.

Ceballos, Ruben M., Ph.D. (University of Montana), M.A. (University of Alabama-Birmingham), B.S. (University of Alabama-Huntsville), Assistant Professor, 2016.

Coleman, James S., Ph.D., M.S., M.Phil (Yale University), B.S. (University of Maine), Professor, 2017.

DeGregorio, Brett A., Ph.D. (University of Illinois at Urbana-Champaign), M.S. (Purdue University), B.S. (University of Massachusetts at Amherst), Research Associate Professor, 2019.

Douglas, Michael Edward, Ph.D. (University of Georgia), M.S., B.S. (University of Louisville), Professor, 2011.

Douglas, Marlis R., Ph.D., M.S., B.S. (University of Zurich), Professor, 2012.

Du, Yuchun, Ph.D. (Kagoshima University, Japan), B.S. (Shaanxi University of Technology, China), Associate Professor, 2007.

DuRant, Sarah Elizabeth, Ph.D. (Virginia Polytechnic Institute and State University), B.S. (University of South Carolina), Assistant Professor, 2017.

Durdik, Jeannine M., Ph.D. (Johns Hopkins University), B.S. (Purdue University), Professor, 1994.

Etges, William J., Ph.D. (University of Rochester), M.S. (University of Georgia), B.S. (North Carolina State University), Professor, 1987.

Evans, Timothy A., Ph.D. (Indiana University), B.S. (Slippery Rock University), Assistant Professor, 2013.

Evans-White, Michelle Allayne, Ph.D. (University of Notre Dame), M.S., B.S. (Kansas State University), Professor, 2008.

Forbes, Kristian M., Ph.D. (University of Jyväskylä), M.P.H. (Latrobe University), B.Sc. (Latrobe University), Assistant Professor, 2018.

Henry, Ralph Leroy, Ph.D., M.S. (University of Florida), B.S.E. (University of Kansas), Distinguished Professor, 1996.

Ivey, Mack, Ph.D., B.S. (University of Georgia), Associate Professor, 1992.

Iyer, Shilpa, Ph.D. (University of Georgia), M.Sc., B.Sc. (University of Pune, India), Assistant Professor, 2016.

Jennings, Tameka A., Ph.D. (University of Arkansas), B.S. (University of Arkansas-Pine Bluff), Clinical Assistant Professor, 2017.

Kral, Timothy Alan, Ph.D. (University of Florida), B.S. (John Carroll University), Professor, 1981.

Lehmann, Michael Herbert, Ph.D., Diploma in Biology (Philipps University of Marburg, Germany), Professor, 2002.

Lessner, Daniel J., Ph.D. (University of Iowa), B.S. (University of Wisconsin-Stevens Point), Associate Professor, 2008.

Lessner, Faith H., Ph.D. (University of Iowa), B.S. (Cornell University), Teaching Assistant Professor, 2016.

Lewis, Jeffrey A., Ph.D. (University of Wisconsin-Madison), B.S. (University of California-Santa Barbara), Assistant Professor, 2013.

Lorince, Tammy, M.A., B.S. (University of Arkansas), Instructor, 2000.

Magoullick, Daniel D., Ph.D. (University of Pittsburgh), M.S. (Eastern Michigan University), B.S. (Michigan State University), Research Professor, 2000.

McNabb, David S., Ph.D. (Louisiana State University Health Sciences Center), B.S. (University of Texas at Arlington), Associate Professor, 2000.

Naithani, Kusum, Ph.D. (University of Wyoming), M.Sc. (G.B. Pant University of Agriculture and Technology-India), B.Sc. (University of Lucknow-India), Assistant Professor, 2014.

Nakanishi, Nagayasu, Ph.D. (University of California, Los Angeles), B.S. (University of California, San Diego), Assistant Professor, 2017.

Paré, Adam C., Ph.D. (University of California, San Diego), B.S. (Cornell University), Assistant Professor, 2019.

Pinto, Ines, Ph.D. (Louisiana State University Health Sciences Center), M.S., B.S. (University of Chile), Associate Professor, 2000.

Rhoads, Douglas Duane, Ph.D. (Kansas State University), M.A., B.A. (Wichita State University), University Professor, 1990.

Shadwick, John D.L., M.S. (University of Arkansas), B.S. (University of Central Arkansas), Instructor, 2011.

Siepielski, Adam M., Ph.D. (University of Wyoming-Laramie), M.S. (New Mexico State University), B.S. (Pennsylvania State University-University Park), Assistant Professor, 2015.

Spiegel, Frederick W., Ph.D. (University of North Carolina at Chapel Hill), B.A. (Drew University), Distinguished Professor, 1982.

Stephenson, Steven Lee, Ph.D., M.S. (Virginia Polytechnic Institute and State University), B.S. (Lynchburg College), Research Professor, 2003.

Tipsmark, Christian K., Ph.D., M.S. (University of Southern Denmark), Associate Professor, 2010.

Walker, James M., Ph.D. (University of Colorado-Boulder), M.S., B.S. (Louisiana Polytechnic Institute), Professor, 1965.

Walker, Kate Ireton, M.S. (University of Arkansas), B.S. (Kansas State University), Instructor, 2014.

Westerman, Erica L., Ph.D. (Yale University), M.Sc. (University of New Hampshire), B.S. (Yale University), Assistant Professor, 2016.

Willson, John David, Ph.D. (University of Georgia), B.S. (Davidson College), Associate Professor, 2012.

Chemistry and Biochemistry (CHBC)

cheminfo@uark.edu

Department of Chemistry and Biochemistry Website (<http://fulbright.uark.edu/departments/chemistry/>)

The Department of Chemistry and Biochemistry offers two degree programs leading to either Bachelor of Science degree or a Bachelor of Arts degree.

The Bachelor of Science degree offers students one of three concentrations: a chemistry concentration, a biophysical concentration and a biochemistry concentration.

The Bachelor of Arts degree offers students the choice of two concentrations: a chemistry concentration and a biochemistry concentration.

Students with satisfactory performance on the chemistry proficiency exam and who completed CHEM 1123 on the Fayetteville campus with grade of "C" or better can request credit for CHEM 1103.

Requirements for a B.S. degree with a Major in Chemistry

In addition to the University Core requirements and the Fulbright College of Arts and Sciences Graduation Requirements, the following course requirements must be met. Bolded courses from the list below may be applied to portions of the University Core requirements.

A Minimum of 40 Semester Hours in Chemistry including:

8 hours of one of the two following sequences: **8**

CHEM 1203 Chemistry for Majors I
& CHEM 1201L Land Chemistry for Majors I Laboratory

CHEM 1223 Chemistry for Majors II
& CHEM 1221L Land Chemistry for Majors II Laboratory

or

CHEM 1103 University Chemistry I (ACTS Equivalency =
& CHEM 1101L CHEM 1414 Lecture)
and University Chemistry I Laboratory (ACTS
Equivalency = CHEM 1414 Lab)

CHEM 1123 University Chemistry II (ACTS Equivalency =
& CHEM 1121L CHEM 1424 Lecture)
and University Chemistry II Laboratory (ACTS
Equivalency = CHEM 1424 Lab)

CHEM 2263 Analytical Chemistry Lecture **4**
& CHEM 2261L and Analytical Chemistry Laboratory

CHEM 3504 Physical Chemistry I **4**

CHEM 3512L Physical Chemistry Laboratory **2**

CHEM 3514 Physical Chemistry II **4**

CHEM 3703 Organic Chemistry I Lecture for Chemistry Majors **5**
& CHEM 3702L and Organic Chemistry I Lab for Chemistry Majors

CHEM 3713 Organic Chemistry II Lecture for Chemistry Majors **5**
& CHEM 3712L and Organic Chemistry II Lab for Chemistry Majors

CHEM 4123 Advanced Inorganic Chemistry I **3**

CHEM 4213 Instrumental Analysis **4**
& CHEM 4211L and Instrumental Analysis Laboratory

CHEM 4723 Experimental Methods in Organic Chemistry **3**

And at least one additional Advanced Lecture course is required. **3**

A minimum of 18 hours of science outside of chemistry are required,
including math through:

MATH 2574 Calculus III (ACTS Equivalency = MATH 2603) **4**
(Mathematics through MATH 2574)

and physics through:

PHYS 2074 University Physics II (ACTS Equivalency = PHYS
2044 Lecture) (Physics through PHYS 2074) **4**

These mathematics and physics courses are prerequisites for some advanced courses and should be scheduled early in the student's program. Some work in the biological sciences is recommended.

This program meets the minimum requirements for certification by the American Chemical Society if CHEM 3813 (or CHEM 4813H/CHEM 4843H or CHEM 5813/) is included. Sample schedules may be obtained from the department of chemistry and biochemistry. Prospective students should consult a departmental adviser.

Writing Requirement: Chemistry majors will satisfy the Fulbright College writing requirement by satisfactory completion of the formal research/analytical reports required in Physical Chemistry Laboratory, CHEM 3451L or CHEM 3512L.

Chemistry B.S. Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 87) in the Academic Regulations chapter for university requirements of the program. Core requirement hours may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute a three-hour (or more) general elective in place of a core area. Students must complete at least 124 hours and this must be considered when scheduling upper-level hours in the senior year.

This program meets the minimum requirements for certification by the American Chemical Society if CHEM 3813 (or CHEM 4813H/CHEM 4843H or CHEM 5813/CHEM 5843) is included.

First Year	Units	
	Fall	Spring
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3	
MATH 2554 Calculus I (ACTS Equivalency = MATH 2405) ¹	4	
Select one of the following:	4	
CHEM 1203 Chemistry for Majors I & CHEM 1201L Chemistry for Majors I Laboratory		
CHEM 1103 University Chemistry I (ACTS Equivalency = CHEM 1414 Lecture) & CHEM 1101L University Chemistry I Laboratory (ACTS Equivalency = CHEM 1414 Lab)		
University/State Core U.S. History requirement	3	
General Elective	3	
ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023)		3
MATH 2564 Calculus II (ACTS Equivalency = MATH 2505) ¹		4
Select one of the following:		4
CHEM 1223 Chemistry for Majors II & CHEM 1221L Chemistry for Majors II Laboratory		
CHEM 1123 University Chemistry II (ACTS Equivalency = CHEM 1424 Lecture) & CHEM 1121L University Chemistry II Laboratory (ACTS Equivalency = CHEM 1424 Lab)		

University/State Core Social Science requirement	3
Year Total:	17 14

Second Year

	Fall	Units Spring
MATH 2574 Calculus III (ACTS Equivalency = MATH 2603) ¹	4	
PHYS 2054 University Physics I (ACTS Equivalency = PHYS 2034) ¹	4	
CHEM 3703 Organic Chemistry I Lecture for Chemistry Majors & CHEM 3702L Organic Chemistry I Lab for Chemistry Majors ^{1,2}	5	
University/State Core Fine Arts or Humanities requirement	3	
PHYS 2074 University Physics II (ACTS Equivalency = PHYS 2044 Lecture) ¹	4	
CHEM 3713 Organic Chemistry II Lecture for Chemistry Majors & CHEM 3712L Organic Chemistry II Lab for Chemistry Majors ^{1,2}	5	
University/State Core Humanities or Fine Arts requirement (as needed)	3	
University/State Core Social Science requirement	3	
Year Total:	16	15

Third Year

	Fall	Units Spring
CHEM 3504 Physical Chemistry I ^{1,2}	4	
CHEM 2263 Analytical Chemistry Lecture & CHEM 2261L Analytical Chemistry Laboratory ¹	4	
Select one of the following:	3-4	
BIOL 1543 Principles of Biology (ACTS Equivalency = BIOL 1014 Lecture) & BIOL 1541L Principles of Biology Laboratory (ACTS Equivalency = BIOL 1014 Lab) ¹		
General Elective		
University/State Core Social Science requirement	3	
CHEM 3514 Physical Chemistry II & CHEM 3512L Physical Chemistry Laboratory ^{1,2}	6	
Advanced Level Elective Course ¹	4	
Select one of the following:	3-4	
BIOL 1543 Principles of Biology (ACTS Equivalency = BIOL 1014 Lecture) & BIOL 1541L Principles of Biology Laboratory (ACTS Equivalency = BIOL 1014 Lab)		
General Elective		
General Elective	3	
Year Total:	14	16

Fourth Year

	Fall	Units Spring
CHEM 4123 Advanced Inorganic Chemistry I ^{1,2}	3	
CHEM 4723 Experimental Methods in Organic Chemistry ^{1,2}	3	

CHEM 3813 Elements of Biochemistry ^{1,2}	3
CHEM Elective	3
General Elective	3
CHEM 4213 Instrumental Analysis & CHEM 4211L Instrumental Analysis Laboratory ^{1,2}	4
CHEM 4853 Biochemical Techniques ^{1,2}	3
General Electives (as needed to total 120)	6
Year Total:	15 13

Total Units in Sequence: 120

- ¹ Meets 40-hour advanced credit hour requirement. See College Academic Regulations on page 131 of this chapter
- ² Meets 24-hour rule (24 hours of 3000-4000 level courses in Fulbright College), in addition to meeting the 40-hour rule. See College Academic Regulations on page 131 of this chapter.

Requirements for a B.S. degree with a Major in Chemistry, Biophysical Concentration

In addition to the University Core requirements and the Fulbright College of Arts and Sciences Graduation Requirements (see College Academic Regulations and Degree Completion Policy), the following course requirements must be met. Bolded courses from the list below may be applied to portions of the University Core requirements.

A Minimum of 43 Semester Hours in Chemistry including:

One of the following sequences: 8

CHEM 1203 Chemistry for Majors I
& CHEM 1201L and Chemistry for Majors I Laboratory
and

CHEM 1223 Chemistry for Majors II
& CHEM 1221L and Chemistry for Majors II Laboratory

or

CHEM 1103 University Chemistry I (ACTS Equivalency =
& CHEM 1101L and CHEM 1414 Lecture)
and University Chemistry I Laboratory (ACTS
Equivalency = CHEM 1414 Lab)

and

CHEM 1123 University Chemistry II (ACTS Equivalency =
& CHEM 1121L and CHEM 1424 Lecture)
and University Chemistry II Laboratory (ACTS
Equivalency = CHEM 1424 Lab)

CHEM 2263 Analytical Chemistry Lecture 4
& CHEM 2261L and Analytical Chemistry Laboratory

CHEM 3504 Physical Chemistry I 4

Select one of the following sequences: 8 -
10

CHEM 3603 Organic Chemistry I
& CHEM 3601L and Organic Chemistry I Laboratory

and

CHEM 3613 Organic Chemistry II
& CHEM 3611L and Organic Chemistry II Laboratory

or

CHEM 3703 Organic Chemistry I Lecture for Chemistry Majors
& CHEM 3702L and Organic Chemistry I Lab for Chemistry Majors

and

CHEM 3713	Organic Chemistry II Lecture for Chemistry Majors & CHEM 3712L and Organic Chemistry II Lab for Chemistry Majors	
CHEM 3514 & CHEM 3512L	Physical Chemistry II and Physical Chemistry Laboratory	6
CHEM 4213 & CHEM 4211L	Instrumental Analysis and Instrumental Analysis Laboratory	4
and either:		3
CHEM 4853	Biochemical Techniques	
Or completion of a senior thesis based on independent research wherein at least one credit hour is earned in:		
CHEM 400V	Chemistry Research	
during each of 3 different semesters.		
Select six hours from one of the following sequences:		6
CHEM 5813 and CHEM 5843		
CHEM 4813H and CHEM 4843H		
CHEM 3813 and CHEM 4723		
MATH 2554	Calculus I (ACTS Equivalency = MATH 2405)	4
MATH 2564	Calculus II (ACTS Equivalency = MATH 2505)	4
PHYS 2054	University Physics I (ACTS Equivalency = PHYS 2034) (With Lab Component)	4
PHYS 2074	University Physics II (ACTS Equivalency = PHYS 2044 Lecture) (With Lab Component)	4
11 Hours from the Biological Sciences to include:		11
BIOL 1543 & BIOL 1541L	Principles of Biology (ACTS Equivalency = BIOL 1014 Lecture) and Principles of Biology Laboratory (ACTS Equivalency = BIOL 1014 Lab)	
BIOL 2533 & BIOL 2531L	Cell Biology and Cell Biology Laboratory	
And one additional lecture course numbered above 3000.		
The mathematics and physics courses are prerequisites for some advanced courses and should be scheduled early in the student's program.		
Total Hours		70-72

The mathematics and physics courses are prerequisites for some advanced courses and should be scheduled early in the student's program.

Writing Requirement: Chemistry majors will satisfy the Fulbright College writing requirement by satisfactory completion of the formal research/analytical reports required in Physical Chemistry Laboratory, CHEM 3451L or CHEM 3512L.

Chemistry B.S. with Biophysical Option Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 87) in the Academic Regulations chapter for university requirements of the program. Core requirement hours may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute a three-hour (or more) general elective in place of a core area.

First Year		Units
	Fall	Spring
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3	

CHEM 1103 University Chemistry I (ACTS Equivalency = CHEM 1414 Lecture) & CHEM 1101L University Chemistry I Laboratory (ACTS Equivalency = CHEM 1414 Lab)	4	
MATH 2554 Calculus I (ACTS Equivalency = MATH 2405) ¹	4	
University/State Core Fine Arts or Humanities Course	3	
ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023)		3
MATH 2564 Calculus II (ACTS Equivalency = MATH 2505) ¹		4
CHEM 1123 University Chemistry II (ACTS Equivalency = CHEM 1424 Lecture) & CHEM 1121L University Chemistry II Laboratory (ACTS Equivalency = CHEM 1424 Lab)		4
University/State Core Humanities or Fine Arts course (as needed)		3
University/State Core U.S. History Course		3
Year Total:	14	17

Second Year		Units
	Fall	Spring
CHEM 3603 Organic Chemistry I & CHEM 3601L Organic Chemistry I Laboratory ^{1,2}	4	
PHYS 2054 University Physics I (ACTS Equivalency = PHYS 2034) ¹	4	
BIOL 1543 Principles of Biology (ACTS Equivalency = BIOL 1014 Lecture) & BIOL 1541L Principles of Biology Laboratory (ACTS Equivalency = BIOL 1014 Lab)	4	
University/State Core Social Science Course	3	
CHEM 3613 Organic Chemistry II & CHEM 3611L Organic Chemistry II Laboratory ^{1,2}		4
PHYS 2074 University Physics II (ACTS Equivalency = PHYS 2044 Lecture) ¹		4
BIOL 2533 Cell Biology & BIOL 2531L Cell Biology Laboratory		4
CHEM 2263 Analytical Chemistry Lecture ¹		3
Year Total:	15	15

Third Year		Units
	Fall	Spring
CHEM 2261L Analytical Chemistry Laboratory ¹	1	
CHEM 3504 Physical Chemistry I ^{1,2}	4	
Advanced Level Elective ¹	6	
University/State Core Social Science Course	3	
CHEM 3514 Physical Chemistry II & CHEM 3512L Physical Chemistry Laboratory ^{1,2}		6
CHEM 4213 Instrumental Analysis & CHEM 4211L Instrumental Analysis Laboratory ^{1,2}		4
University/State Core Social Science Course		3
General Elective		3
Year Total:	14	16

Fourth Year		Units
	Fall	Spring
CHEM 5813 Biochemistry I ^{1,2} or CHEM 4813H Honors Biochemistry I	3	
BIOL 3000/4000 Level Elective ^{1,2}	3	
General Electives	9	
CHEM 5843 Biochemistry II ^{1,2} or CHEM 4843H Honors Biochemistry II		3
CHEM 4853 Biochemical Techniques ^{1,2}		3
General Electives		8
Year Total:	15	14
Total Units in Sequence:		120

¹ Meets 40-hour advanced credit hour requirement. See College Academic Regulations.

² Meets 24-hour rule (24 hours of 3000-4000 level courses in Fulbright College), in addition to meeting the 40-hour rule. See College Academic Regulations.

Requirements for a B.S. degree with a Major in Chemistry,

Biochemistry Concentration: In addition to the University Core (p. 97) requirements and the Fulbright College of Arts and Sciences Graduation Requirements (p. 198) (see College Academic Regulations and Degree Completion Policy (p. 87)), the following course requirements must be met. Bolded courses from the list below may be applied to portions of the University Core requirements.

A Minimum of 38 Semester Hours in Chemistry including:

One of the following sequences of courses: 8

CHEM 1203 Chemistry for Majors I
& CHEM 1201L and Chemistry for Majors I Laboratory

and

CHEM 1223 Chemistry for Majors II
& CHEM 1221L and Chemistry for Majors II Laboratory

or

CHEM 1103 University Chemistry I (ACTS Equivalency =
& CHEM 1101L CHEM 1414 Lecture)
and University Chemistry I Laboratory (ACTS
Equivalency = CHEM 1414 Lab)

and

CHEM 1123 University Chemistry II (ACTS Equivalency =
& CHEM 1121L CHEM 1424 Lecture)
and University Chemistry II Laboratory (ACTS
Equivalency = CHEM 1424 Lab)

CHEM 2263 Analytical Chemistry Lecture 4
& CHEM 2261L and Analytical Chemistry Laboratory

Select from the following: 4 -
10

CHEM 3504 Physical Chemistry I

and

CHEM 3514 Physical Chemistry II
& CHEM 3512L and Physical Chemistry Laboratory

or

CHEM 3453 Elements of Physical Chemistry
& CHEM 3451L and Elements of Physical Chemistry Laboratory

CHEM 3703 Organic Chemistry I Lecture for Chemistry Majors 5
& CHEM 3702L and Organic Chemistry I Lab for Chemistry Majors
CHEM 3713 Organic Chemistry II Lecture for Chemistry Majors 5
& CHEM 3712L and Organic Chemistry II Lab for Chemistry Majors
Either 3

CHEM 4853 Biochemical Techniques

Or completion of a senior thesis based on independent research wherein at least 1 credit hour is earned in CHEM 400V (chemistry research) and/or CHEM 400VH (honors chemistry research) during each of 3 different semesters.

One of the following sequences: 6

CHEM 4813H and CHEM 4843H

CHEM 3813 and CHEM 4723

CHEM 4213 Instrumental Analysis 3-4
& CHEM 4211L and Instrumental Analysis Laboratory
or CHEM 4123 Advanced Inorganic Chemistry I

Additional Required Courses to Include:

MATH 2554 Calculus I (ACTS Equivalency = MATH 2405) 4

MATH 2564 Calculus II (ACTS Equivalency = MATH 2505) 4

Select one of the following physics sequences: 8

PHYS 2013 College Physics I (ACTS Equivalency = PHYS
& PHYS 2011L 2014 Lecture)
and College Physics I Laboratory (ACTS
Equivalency = PHYS 2014 Lab)

and

PHYS 2033 College Physics II (ACTS Equivalency = PHYS
& PHYS 2031L 2024 Lecture)
and College Physics II Laboratory (ACTS
Equivalency = PHYS 2024 Lab)

or

PHYS 2054 University Physics I (ACTS Equivalency = PHYS
2034) (With Lab Component)

and

PHYS 2074 University Physics II (ACTS Equivalency = PHYS
2044 Lecture) (With Lab Component)

15 Hours of Biological Sciences to include:

BIOL 1543 Principles of Biology (ACTS Equivalency = BIOL 4
& BIOL 1541L 1014 Lecture)
and Principles of Biology Laboratory (ACTS
Equivalency = BIOL 1014 Lab)

BIOL 2533 Cell Biology 4
& BIOL 2531L and Cell Biology Laboratory

BIOL 2013 General Microbiology (ACTS Equivalency = BIOL 4
& BIOL 2011L 2004 Lecture)
and General Microbiology Laboratory (ACTS
Equivalency = BIOL 2004 Lab)

BIOL 4233 Genomics and Bioinformatics 3
or BIOL 2323 General Genetics

The mathematics and physics courses are prerequisites for some advanced courses and should be scheduled early in the student's program.

Total Hours 69-76

Writing Requirement: Chemistry majors will satisfy the Fulbright College writing requirement by satisfactory completion of the formal

research/analytical reports required in Physical Chemistry Laboratory, CHEM 3451L or CHEM 3512L.

Chemistry B.S. with Biochemistry Option Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 87) in the Academic Regulations chapter for university requirements of the program. Core requirement hours may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute a three-hour (or more) general elective in place of a core area.

This program meets the minimum requirements for certification by the American Chemical Society if CHEM 3813 (or CHEM 4813H/CHEM 4843H) is included.

First Year	Units	
	Fall	Spring
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3	
Select one of the following:	4	
MATH 1213 Plane Trigonometry (ACTS Equivalency = MATH 1203)		
MATH 1284C Precalculus Mathematics (ACTS Equivalency = MATH 1305)		
MATH 2554 Calculus I (ACTS Equivalency = MATH 2405) ¹		
Select one of the following:	4	
CHEM 1203 Chemistry for Majors I & CHEM 1201L Chemistry for Majors I Laboratory		
CHEM 1103 University Chemistry I (ACTS Equivalency = CHEM 1414 Lecture) & CHEM 1101L University Chemistry I Laboratory (ACTS Equivalency = CHEM 1414 Lab)		
University/State Core Fine Arts or Humanities requirement	3	
University/State Core U.S. History requirement if taking MATH 1213	0-3	
ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023)		3
MATH 2554 Calculus I (ACTS Equivalency = MATH 2405) ¹		4
or MATH 2564 Calculus II (ACTS Equivalency = MATH 2505)		
Select one of the following:	4	
CHEM 1223 Chemistry for Majors II & CHEM 1221L Chemistry for Majors II Laboratory		
CHEM 1123 University Chemistry II (ACTS Equivalency = CHEM 1424 Lecture) & CHEM 1121L University Chemistry II Laboratory (ACTS Equivalency = CHEM 1424 Lab)		
University/State Core Humanities or Fine Arts requirement (as needed)		3
University/State Core Social Science requirement		3

Year Total: 14 17

Second Year	Units	
	Fall	Spring
Select one of the following as needed:	3-4	
MATH 2564 Calculus II (ACTS Equivalency = MATH 2505) (if not already taken) ¹		
University/state core U.S. history requirement (as needed)		
Select one of the following:	4	
PHYS 2013 College Physics I (ACTS Equivalency = PHYS 2014 Lecture) & PHYS 2011L College Physics I Laboratory (ACTS Equivalency = PHYS 2014 Lab) ¹		
PHYS 2054 University Physics I (ACTS Equivalency = PHYS 2034) ^{1,3}

General Electives as needed to complete 120-hour requirement		6
Year Total:	15	12
Total Units in Sequence:	120	

- ¹ Meets 40-hour advanced credit hour requirement. See College Academic Regulations on page 131 of this chapter.
- ² Meets 24-hour rule (24 hours of 3000-4000 level courses in Fulbright College), in addition to meeting the 40-hour rule. See College Academic Regulations on page 131 of this chapter.
- ³ PHYS 2054 Calculus Based University Physics (pre- or co-requisite MATH 2554) and PHYS 2074 (pre- or co-requisite MATH 2564), is a better choice for students interested in graduate school.

Requirements for a B.A. degree with a Major in Chemistry with Chemistry Concentration

In addition to the University Core requirements and the Fulbright College of Arts and Sciences Graduation Requirements, the following course requirements must be met. Bolded courses from the list below may be applied to portions of the university/state minimum core requirements.

Completion of a World Language Course at the 2003 Intermediate I level.

Select one of the following: 8

CHEM 1203 Chemistry for Majors I & CHEM 1201L and Chemistry for Majors I Laboratory & CHEM 1223 and Chemistry for Majors II & CHEM 1221L and Chemistry for Majors II Laboratory	
CHEM 1103 University Chemistry I (ACTS Equivalency = & CHEM 1101L CHEM 1414 Lecture) & CHEM 1123 and University Chemistry I Laboratory (ACTS & CHEM 1121L Equivalency = CHEM 1414 Lab) and University Chemistry II (ACTS Equivalency = CHEM 1424 Lecture) and University Chemistry II Laboratory (ACTS Equivalency = CHEM 1424 Lab)	

CHEM 2263 Analytical Chemistry Lecture & CHEM 2261L and Analytical Chemistry Laboratory	4
Select one of the following:	8

CHEM 3703 Organic Chemistry I Lecture for Chemistry Majors & CHEM 3702L and Organic Chemistry I Lab for Chemistry Majors & CHEM 3713 and Organic Chemistry II Lecture for Chemistry & CHEM 3712L Majors and Organic Chemistry II Lab for Chemistry Majors	
---	--

CHEM 3603 Organic Chemistry I & CHEM 3601L and Organic Chemistry I Laboratory & CHEM 3613 and Organic Chemistry II & CHEM 3611L and Organic Chemistry II Laboratory	
--	--

Select one of the following: 4-10

CHEM 3453 Elements of Physical Chemistry & CHEM 3451L and Elements of Physical Chemistry Laboratory ¹	
---	--

CHEM 3504 Physical Chemistry I & CHEM 3514 and Physical Chemistry II & CHEM 3512L and Physical Chemistry Laboratory ²	
--	--

Two Additional Lecture Courses Numbered Above 3000. 6

Total Hours 30-36

¹ PHYS 2033/PHYS 2031L and MATH 2554 or MATH 2043 are prerequisites for CHEM 3453

² PHYS 2074 and MATH 2574 are prerequisites for the alternate physical chemistry course sequence CHEM 3504 and CHEM 3514/CHEM 3512L.

These physics and mathematics prerequisite requirements are substantial, and these courses and their prerequisites should be scheduled early in the student's program. Sample schedules may be obtained from the department of chemistry and biochemistry. Prospective students should consult a departmental adviser.

Writing Requirement: Chemistry majors will satisfy the Fulbright College writing requirement by satisfactory completion of the formal research/analytical reports required in Physical Chemistry Laboratory, CHEM 3451L or CHEM 3512L.

Chemistry B.A. Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 87) in the Academic Regulations chapter for university requirements of the program. Core requirement hours may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute a three-hour (or more) general elective in place of a core area.

First Year	Units	
	Fall	Spring
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3

Select one of the following:		4-5			
CHEM 3713 Organic Chemistry II Lecture for Chemistry Majors & CHEM 3712L Organic Chemistry II Lab for Chemistry Majors ^{1,2}					

- 1 Meets 40-hour advanced credit hour requirement. See College Academic Regulations.
- 2 Meets 24-hour rule (24 hours of 3000-4000 level courses in Fulbright College), in addition to meeting the 40-hour rule. See College Academic Regulations.
- 3 Depends on placement; MATH 2043 Survey of Calculus is another option for this degree. Student may also choose to take MATH 1284C Precalculus in Fall Semester 1 and MATH 2554 Calculus in Spring Semester 1. Another option is to complete MATH 1203 in Fall Semester 1 and MATH 2043 Survey of Calculus in Spring Semester 1.

Requirements for a B.A. degree with a Major in Chemistry with Biochemistry Concentration

In addition to the University Core requirements and the Fulbright College of Arts and Sciences Graduation Requirements (see College Academic

Regulations and Degree Completion Policy), the following course requirements must be met. Bolded courses from the list below may be applied to portions of the University Core requirements.

A minimum of 32 semester hours in chemistry including:

Select one of the following: 8

CHEM 1203 Chemistry for Majors I
& CHEM 1201L and Chemistry for Majors I Laboratory
& CHEM 1223 and Chemistry for Majors II
& CHEM 1221L and Chemistry for Majors II Laboratory

CHEM 1103 University Chemistry I (ACTS Equivalency =
CHEM 1414 Lecture) (CHEM 1101L, CHEM 1123,
CHEM 1121L)

CHEM 2263 Analytical Chemistry Lecture 4
& CHEM 2261L and Analytical Chemistry Laboratory

Select one of the following: 4-10

CHEM 3453 Elements of Physical Chemistry
& CHEM 3451L and Elements of Physical Chemistry Laboratory

CHEM 3504 Physical Chemistry I
& CHEM 3514 and Physical Chemistry II
& CHEM 3512L and Physical Chemistry Laboratory

Select one of the following: 8

CHEM 3603 Organic Chemistry I
& CHEM 3601L and Organic Chemistry I Laboratory
& CHEM 3613 and Organic Chemistry II
& CHEM 3611L and Organic Chemistry II Laboratory

CHEM 3703 Organic Chemistry I Lecture for Chemistry Majors
& CHEM 3702L and Organic Chemistry I Lab for Chemistry Majors
& CHEM 3713 and Organic Chemistry II Lecture for Chemistry
& CHEM 3712L Majors
and Organic Chemistry II Lab for Chemistry Majors

Select one of the following: 3

CHEM 4853 Biochemical Techniques

Or completion of a senior thesis based on independent research wherein at least 1 credit hour is earned in CHEM 400V (chemistry research) and/or CHEM 400VH (honors chemistry research) during each of 3 different semesters.

Select one of the following: 6-7

CHEM 5813-5843 (same as CHEM 4813H-4843H)

CHEM 3813 Elements of Biochemistry
& CHEM 4213 and Instrumental Analysis
& CHEM 4211L and Instrumental Analysis Laboratory

CHEM 3813 Elements of Biochemistry
& CHEM 4123 and Advanced Inorganic Chemistry I

CHEM 3813 Elements of Biochemistry
& CHEM 4723 and Experimental Methods in Organic Chemistry

MATH 2554 Calculus I (ACTS Equivalency = MATH 2405) 4
or MATH 2043 Survey of Calculus (ACTS Equivalency = MATH 2203)

Select one of the following: 8

PHYS 2013 College Physics I (ACTS Equivalency = PHYS
& PHYS 2011L 2014 Lecture)
& PHYS 2033 and College Physics I Laboratory (ACTS
& PHYS 2031L Equivalency = PHYS 2014 Lab)
and College Physics II (ACTS Equivalency = PHYS
2024 Lecture)
and College Physics II Laboratory (ACTS
Equivalency = PHYS 2024 Lab)

PHYS 2054 / PHYS 2074

Four courses from the Biological Sciences (at least 3 hours of which must be upper-level courses) 11

Completion of a World Language Course at the 2003 Intermediate I Level.

Total Hours 56-63

The mathematics and physics courses are prerequisites for some advanced courses and should be scheduled early in the student's program.

Writing Requirement: Chemistry majors will satisfy the Fulbright College writing requirement by satisfactory completion of the formal research/analytical reports required in Physical Chemistry Laboratory, CHEM 3451L or CHEM 3512L.

Chemistry B.A. with Biochemistry Option Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 87) in the Academic Regulations chapter for university requirements of the program. The following eight-semester plan refers to additional B.A. Core requirement hours may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute a three-hour (or more) general elective in place of a core area.

First Year	Units	
	Fall	Spring
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3	
MATH 2554 Calculus I (ACTS Equivalency = MATH 2405) (or other mathematics course as advised for major) ^{1,3}	3-4	
Select one of the following:	4	
CHEM 1203 Chemistry for Majors I & CHEM 1201L Chemistry for Majors I Laboratory		
CHEM 1103 University Chemistry I (ACTS Equivalency = CHEM 1414 Lecture) & CHEM 1101L University Chemistry I Laboratory (ACTS Equivalency = CHEM 1414 Lab)		
Elementary II World Language Course Numbered 1013	3	
University/State Core US History requirement	3	
ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023)		3
MATH 2564 Calculus II (ACTS Equivalency = MATH 2505) ^{1,3}		4
Select one of the following:		4
CHEM 1223 Chemistry for Majors II & CHEM 1221L Chemistry for Majors II Laboratory		
CHEM 1123 University Chemistry II (ACTS Equivalency = CHEM 1424 Lecture) & CHEM 1121L University Chemistry II Laboratory (ACTS Equivalency = CHEM 1424 Lab)		

Intermediate I World Language Course Numbered 2003		3
University/State Core Social Science requirement		3
Year Total:	17	17

Second Year		Units	
	Fall	Spring	
BIOL 1543 Principles of Biology (ACTS Equivalency = BIOL 1014 Lecture) & BIOL 1541L Principles of Biology Laboratory (ACTS Equivalency = BIOL 1014 Lab)	4		
Select one of the following:	4		
PHYS 2054 University Physics I (ACTS Equivalency = PHYS 2034) ¹			
PHYS 2013 College Physics I (ACTS Equivalency = PHYS 2014 Lecture) & PHYS 2011L College Physics I Laboratory (ACTS Equivalency = PHYS 2014 Lab) ¹			
Advanced Elective ¹	3		
University/State Core Fine Arts or Humanities requirement	3		
University/State Core Social Science requirement	3		
CHEM 2263 Analytical Chemistry Lecture & CHEM 2261L Analytical Chemistry Laboratory ¹		4

Year Total:	12	10	

Total Units in Sequence:	120
--------------------------	-----

- 1 Meets 40-hour advanced credit hour requirement. See College Academic Regulations on page 131 of this chapter
- 2 Meets 24-hour rule (24 hours of 3000-4000 level courses in Fulbright College), in addition to meeting the 40-hour rule. See College Academic Regulations on page 131 of this chapter.
- 3 Depending on placement; MATH 2043 Survey of Calculus is another option. Student may also choose to take MATH 1284C Precalculus in Fall Semester Year 1 and MATH 2554 Calculus in Spring Semester Year 1. Another option is to complete MATH 1203 in Fall Semester 1 and MATH 2043 Survey of Calculus in Spring Semester Year 1.

Requirements for a Minor in Chemistry

CHEM 2263 Analytical Chemistry Lecture & CHEM 2261L and Analytical Chemistry Laboratory	4
CHEM 3603 Organic Chemistry I & CHEM 3601L and Organic Chemistry I Laboratory	4
CHEM 3613 Organic Chemistry II & CHEM 3611L and Organic Chemistry II Laboratory	4
CHEM 3453 Elements of Physical Chemistry	3
A course at the 3000-4000 level.	3
Total Hours	18

A student must notify the department of his or her intent to minor.

Requirements for Departmental Honors in Chemistry: Students with good academic backgrounds and strong interests in research are encouraged to participate in the department of chemistry and biochemistry honors program. Entrance into the program is normally during the sophomore year or the first semester of the junior year, and a minimum cumulative GPA of 3.5 is required. Entrance is initiated by consulting the faculty academic adviser, who will help arrange conferences with potential faculty research project advisers. When there is agreement between the student and the adviser on a research project or area, an Honors Advisory Committee is set up to supervise the honors candidate's program. The heart of the program is the research project, but students

are encouraged to broaden their experience beyond required courses within chemistry, the natural sciences, the social sciences, and the humanities. Participation in Honors Colloquia, honors sections of regular courses, and chemistry departmental and divisional seminars is especially recommended. All honors candidates enroll in the spring semester Honors Seminar (CHEM 4011H), and senior honors students must make at least one seminar presentation. All honors candidates will be required to complete and defend an honors thesis and take 12 hours (which may include 6 hours of thesis) in Honors Studies. The thesis is required in the spring semester of the senior year, followed by an oral presentation. On the basis of these written and oral reports and their evaluation of all aspects of the student's honor program, the candidate's Honors Advisory Committee will recommend whether or not the distinction "Chemistry or Biochemistry Scholar *Cum Laude*" should be awarded. Higher degree distinctions are recommended only in truly exceptional cases and are based upon the whole of the candidate's program of honors studies.

Chemistry (B.A. or B.S.) Physical/Earth Science Teacher Licensure

Requirements: Students wanting to pursue licensure through the MAT program should please refer to the Secondary Education Requirements for Fulbright College Students. Students wishing to pursue licensure through the UTeach undergraduate curriculum should consult with a UTeach adviser, uteach@uark.edu.

Students wanting to teach science in middle school should consult with a middle level adviser in the College of Education and Health Professions.

Faculty

Adams, Paul D., Ph.D. (Case Western Reserve University), B.S. (Louisiana State University), Associate Professor, 2006.

Allison, Neil T., Ph.D. (University of Florida), B.S. (Georgia College), Associate Professor, 1980.

Beyzavi, M. Hassan, Ph.D. (Freie Universität Berlin, Germany), Assistant Professor, 2017.

Brewer, Lorraine C., M.S. (University of Wisconsin-Madison), Instructor, 1997.

Chen, Jingyi, Ph.D. (University of Washington), M.A. (State University College at Buffalo), B.S. (Zhongshan University), Associate Professor, 2010.

Coridan, Robert, Ph.D., M.S. (University of Illinois-Urbana-Champaign), B.S. (The Ohio State University), Assistant Professor, 2015.

Fan, Chenguang, Ph.D. (Iowa State University), B.S. (Nanjing University), Assistant Professor, 2016.

Fritsch, Ingrid, Ph.D. (University of Illinois-Urbana-Champaign), B.S. (University of Utah), Professor, 1992.

Greathouse, Denise A., Ph.D. (University of Arkansas), Research Associate Professor, 1997.

Hayes, David, M.S. (Murray State University), B.S. (University of Arkansas), Instructor, 2007.

Hershberger, Margaret, Ph.D., M.S. (University of Chicago), B.S. (The Ohio State University), Instructor, 2015.

Heyes, Colin David, Ph.D. (Georgia Institute of Technology), B.S. (Loughborough University), Associate Professor, 2008.

Kilyanek, Stefan M., Ph.D., M.S. (University of Chicago), B.S. (Grand Valley State University), Assistant Professor, 2014.

Koepe, Roger E., Ph.D. (California Institute of Technology), A.B. (Haverford College), Distinguished Professor, 1979.

Lay, Jackson, Ph.D. (University of Nebraska-Lincoln), Professor, 2002.

Margaret, Hershberger, Ph.D., M.S. (University of Chicago), B.S. (The Ohio State University), Instructor, 2015.

Mazzanti, Chris, Ph.D., M.S. (University of Arkansas), B.S. (University of Arkansas at Monticello), Instructor, 2012.

McIntosh, Matt, Ph.D. (Pennsylvania State University), B.A. (Virginia Tech), Professor, 1996.

Millett, Francis, Ph.D. (Columbia University), B.S. (University of Wisconsin), Distinguished Professor, 1972.

Moradi, Mahmoud, Ph.D. (North Carolina State University), M.S., B.S. (Sharif University of Technology), Assistant Professor, 2015.

Norman, Mya A., Ph.D. (University of Colorado-Boulder), M.S., B.S. (University of Arkansas), Instructor, 2006.

Paul, David W., Ph.D. (University of Cincinnati), B.S. (Southwestern University), Associate Professor, 1980.

Puckett, Latisha, Ph.D., B.S. (University of Arkansas), Instructor, 2015.

Sakon, Joshua, Ph.D. (University of Wisconsin-Madison), B.S. (Southern Oregon University), Professor, 1997.

Shi, Wei, Ph.D. (University of Alberta), M.S. (East China University of Science and Technology), B.S. (Shanghai Jiao Tong University), Assistant Professor, 2012.

Stenken, Julie A., Ph.D. (University of Kansas), B.S. (University of Akron), Professor, 2007.

Stites, Wesley, Ph.D. (Massachusetts Institute of Technology), M.A., B.A. (Johns Hopkins University), Professor, 1991.

Striegler, Susanne, Ph.D., M.S., B.S. (Ulm University, Germany), Professor, 2012.

Thallapuram, Suresh, Ph.D. (Osmania University), Professor, 2003.

Tian, Ryan, Ph.D. (University of Connecticut), B.S. (Fudan University, Shanghai), Associate Professor, 2004.

Wang, Feng, Ph.D. (University of Pittsburgh), Ph.D. (Kutztown University of Pennsylvania), Associate Professor, 2012.

Wilkins, Charles L., Ph.D. (University of Oregon), B.S. (Chapman College), Distinguished Professor, 1998.

Xiao, Jie, Ph.D. (State University of New York-Binghamton), M.S., B.S. (Wuhan University), Associate Professor, 2016.

Zheng, Nan, Ph.D. (University of Michigan-Ann Arbor), M.S. (University of Rochester), B.S. (University of Science and Technology of China), Associate Professor, 2008.

Classical Studies (CLST)

Daniel B. Levine
Chair of Studies
502 Kimpel Hall
479-575-2951

Classical Studies Website (<http://fulbright.uark.edu/departments/world-languages/undergraduate/our-languages/classics.php>)

The Classical Studies Program offers a major leading to a Bachelor of Arts degree. The program also offers a minor in classical studies.

Classical studies are the oldest discipline in the humanities and will teach you a lot about why our world is the way it is. Based on the Greek and Latin literature, the Classics remain essential to many fields in the liberal arts, including the study of ancient art, architecture, history, mythology, and philosophy. Based on Greek and Latin literature, the program draws faculty from five different departments. In addition to Greek and Latin, courses are offered on various aspects of classical civilization. Study abroad options in Greece and Italy are available.

Requirements for a Major in Classical Studies: In addition to the University Core (p. 97) requirements and the Fulbright College of Arts and Sciences Graduation Requirements (p. 198), the following departmental and major course requirements must be met. Bolded courses from the list below may be applied to portions of the University Core requirements.

CLST 1003	Introduction to Classical Studies: Greece	3
CLST 1013	Introduction to Classical Studies: Rome	3
6 Hours of Humanities to be fulfilled by:		6
PHIL 2003	Introduction to Philosophy (ACTS Equivalency = PHIL 1103)	
WLIT 1113	World Literature I (ACTS Equivalency = ENGL 2113)	
World Civilization (Social Sciences) to be fulfilled by:		6
HIST 1113 & HIST 1123	Institutions and Ideas of World Civilizations I (ACTS Equivalency = HIST 1113) and Institutions and Ideas of World Civilizations II (ACTS Equivalency = HIST 1123) ^{1,2}	
Students should also complete appropriate courses from the following:		
15 hours of Ancient Greek or 15 hours of Latin.		15
18 hours of additional work in classical languages and/or specific classical studies-related electives, to be selected from the following courses: ³		18
ARCH 2233	History of Architecture I	
ARHS 4833	Ancient Art (prerequisite ARHS 2913 Art History Survey I)	
ARHS 4843	Medieval Art (prerequisite ARHS 2913 Art History Survey I)	
CLST 2323	Greek and Roman Mythology	
HIST 4003	Democratic Athens	
HIST 4013	Alexander the Great and the Hellenistic World	
HIST 4023	Roman Republic	
HIST 4043	Late Antiquity and the Early Middle Ages	
HIST 4053	Late Middle Ages	
PHIL 4003	Ancient Greek Philosophy (prerequisite 3 hours of philosophy)	
PHIL 4013	Platonism and Origin of Christian Theology (prerequisite 3 hours of philosophy)	
PHIL 4023	Medieval Philosophy	
3 Hours of Classical Studies Colloquium		3
CLST 4003H	Honors Classical Studies Colloquium	
Total Hours		54

¹ Honors students who complete the HUMN 1114H, HUMN 1124H, HUMN 2114H, HUMN 2124H (H2P) sequence will have fulfilled the World Civilization HIST 1113 and HIST 1123 requirement for this major as well as the major's 6-hour Humanities requirement (equivalent of WLIT 1113 and WLIT 1123).

² This fulfills 6 hours of social science university/state core; the remaining 3 hours in the social science core must be fulfilled by a non-HIST social science university/state core course.)

³ No more than nine hours of electives from the medieval period may be applied to the major requirements.

Classical Studies B.A. Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 87) in the Academic Regulations chapter for university requirements of the program. Core requirement hours may vary by individual, based on placement and previous credit

granted. Once all core requirements are met, students may substitute a three-hour (or more) general elective in place of a core area.

First Year	Units	
	Fall	Spring
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3	
Select one of the following:	3	
MATH 1203 College Algebra (ACTS Equivalency = MATH 1103) (If Required)		
MATH 2033 Mathematical Thought ¹		
MATH 2043 Survey of Calculus (ACTS Equivalency = MATH 2203)		
MATH 2053 Finite Mathematics		
MATH 2183 Mathematical Reasoning in a Quantitative World		
MATH 2554 Calculus I (ACTS Equivalency = MATH 2405)		
GREK 1003 Elementary Ancient Greek I [*] or LATN 1003 Elementary Latin I	3	
if no high school ancient Greek or Latin was taken		
U.S. History University/State Core Requirement	3	
CLST 1003 Introduction to Classical Studies: Greece ((recommended) or other approved Classical Studies/Language Elective)	3	
ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023)		3
WLIT 1113 World Literature I (ACTS Equivalency = ENGL 2113)		3
GREK 1013 Elementary Ancient Greek II or LATN 1013 Elementary Latin II		3
CLST 1013 Introduction to Classical Studies: Rome ((recommended) or other approved classical studies/language elective)		3
Non-HIST Social Science University/State Core Requirement		3
Year Total:	15	15

Second Year	Units	
	Fall	Spring
GREK 2003 Intermediate Ancient Greek I or LATN 2003 Petronius' Satyricon	3	
Select one of the following:	3	
GREK 1003 Elementary Ancient Greek I [*]		
LATN 1003 Elementary Latin I [*]		
General Elective		
HIST 1113 Institutions and Ideas of World Civilizations I (ACTS Equivalency = HIST 1113)	3	
PHIL 2003 Introduction to Philosophy (ACTS Equivalency = PHIL 1103)	3	
Fine Arts university/state core requirement	3	
GREK 2013 Homer or LATN 2013 Catullus		3
Select one of the following:		3
GREK 1013 Elementary Ancient Greek II		

LATN 1013 Elementary Latin II		
General Elective		
Advanced Level Elective ¹	3	
Science University/State Core Lecture with Corequisite Lab Requirement	4	
HIST 1123 Institutions and Ideas of World Civilizations II (ACTS Equivalency = HIST 1123)	3	
Year Total:	15	16

- ¹ Meets 40-hour advanced credit hour requirement. See College Academic Regulations (p. 198).
- ² Meets 24-hour rule (24 hours of 3000-4000 level courses in Fulbright College), in addition to meeting the 40-hour rule. See College Academic Regulations (p. 198).
- * Note: 1003 Elementary I world language courses may not count towards the 120 hours required for degree credit; see College Admission Requirements for further details.

Requirements for a Minor in Classical Studies:

Students should select appropriate courses from the following areas:

1. 9 hours of Ancient Greek or Latin courses numbered above 2000,
2. 6 hours of additional work in classical languages and/or specific classical studies-related electives, to be selected from the following courses:

ARCH 2233	History of Architecture I
ARHS 4833	Ancient Art
ARHS 4843	Medieval Art
CLST 1003	Introduction to Classical Studies: Greece
CLST 1013	Introduction to Classical Studies: Rome
CLST 2323	Greek and Roman Mythology
HIST 4003	Democratic Athens
HIST 4013	Alexander the Great and the Hellenistic World
HIST 4023	Roman Republic
HIST 4043	Late Antiquity and the Early Middle Ages
HIST 4053	Late Middle Ages
PHIL 4003	Ancient Greek Philosophy
PHIL 4013	Platonism and Origin of Christian Theology
PHIL 4023	Medieval Philosophy

3. Three hours of a classical studies colloquium (CLST 4003H).

Requirements for Honors in Classical Studies: The Honors Program in Classical Studies gives students of high ability the opportunity to strengthen their study of classics by intensifying their experience with ancient languages and cultures.

In addition to the requirements for graduation with a major in classical studies and the general college requirements for a B.A. degree, honors candidates in classical studies must

1. Be accepted as honors candidates by the Classical Studies Committee,
2. Complete at least three semesters in a second classical language,
3. Enroll in at least two 1-hour units of CLST 399VH and pursue independent-study topics under the guidance of classical studies faculty,
4. Enroll for two hours of CLST 399VH and write an honors thesis, and
5. Defend and discuss their entire honors program in an oral examination.

Successful completion of the requirements will be recognized by the award of the distinction "Classical Studies Scholar *Cum Laude*" at graduation. Higher degree distinctions are recommended only in truly exceptional cases and are based upon the whole of the candidate's program of honors studies.

Faculty

Coon, Lynda L., Ph.D., M.A. (University of Virginia), B.A. (James Madison University), Professor, Department of History, 1990.

Fredrick, David Charles, Ph.D. (University of Southern California), M.A., B.A. (University of Kansas), Associate Professor, Department of World Languages, Literatures and Cultures, 1991.

Levine, Daniel, Ph.D. (University of Cincinnati), B.A. (University of Minnesota), University Professor, Department of World Languages, Literatures and Cultures, 1980.

Maksymchuk, Oksana, Ph.D. (Northwestern University), B.A. (Bryn Mawr College), Assistant Professor, Department of Philosophy, 2013.

Muntz, Charles E., Ph.D. (Duke University), B.A. (Swarthmore College), Associate Professor, Department of History, 2008.

Communication (COMM)

Robert M. Brady
Chair of the Department
417 Kimpel Hall
479-575-3046
<http://communication.uark.edu>
comm@uark.edu

The Department of Communication offers a major leading to the Bachelor of Arts degree in communication as well as a minor in communication.

As a subject for academic study, communication bridges the humanities and the social sciences. It focuses on all forms and modes of communication and its consequences for individuals, groups, organizations, communities, and cultures. Our program of study applies communication theory and principles to a wide variety of settings, including interpersonal relationships, business and political systems, cultural interaction and communication technologies.

Communication students may concern themselves with the dynamics of persuasion, media technologies, gender roles, the family, organizational structures, cultural myths, and rhetoric. Because the program offers many diverse interests, there is a place for anyone with a genuine curiosity about human communication and its effect upon society.

The Department of Communication offers courses in five principal areas of study, though students can also choose to follow a broad range of courses across these areas:

- Film studies
- Interpersonal communication
- Mediated communication
- Organizations and communities
- Rhetoric and public communication

Communication majors from recent graduating classes now hold positions in government and public affairs, business, public relations, non-profit organizations, education, and media. Many others successfully pursue further education in graduate and professional schools.

Admission Requirements for a Major in Communication: For standing as a major, entering freshmen must have ACT composite scores of 20 or higher, and those transferring into the program after the first semester of college study must have a cumulative grade-point average of 2.00 or higher.

University and College Requirements for a Major in Communication: In addition to the university/state core requirements (p. 97) and the

Fulbright College of Arts and Sciences Graduation Requirements (see under College Academic Regulations and Degree Completion Policy (p. 198)), the following course requirements must be met. Bolded courses from the list below may be applied to portions of the University/state minimum core requirements.

University/State Core Requirements		35
Select one of the following:		3
MATH 2053C	Finite Mathematics	
MATH 2183	Mathematical Reasoning in a Quantitative World *	
STAT 2303	Principles of Statistics (ACTS Equivalency = MATH 2103) *	
Other 2000-level MATH courses can be accepted. (Check with your adviser for details.)		
*These courses are highly recommended.		
3-6 hours – Completion of a world language course at the 2003 Intermediate I level is preferred. (This is usually accomplished through completion of a sequence of two language courses: 1013 and 2003.) Alternatively, 6 hours of courses from a single culture or world region including African, Asian, European, Latin American and Latino, or Middle Eastern and Islamic may be used to fulfill this requirement. Courses must be approved by a departmental adviser.		3-6
36 hours - Communication courses:		
*Two required courses (completed with a grade of C or higher):		6
COMM 1313	Public Speaking (ACTS Equivalency = SPCH 1003) *	
COMM 2333	Introduction to Communication Research *	
*At least two of the following introductory courses (completed with a grade of C or higher):		6
COMM 1003	Basic Course in the Arts: Film Lecture	
COMM 2323	Interpersonal Communication	
COMM 2343	Introduction to Small-Group Communication	
COMM 2353	Argumentation and Advocacy	
COMM 2813	Introduction to Mediated Communication	
3 hours of communication elective (numbered 2000 or higher)		3
3000 or 4000-level COMM electives ^{1,2}		21
40 hours - Electives		
Advanced Electives		19
General Electives		21
Total Hours		120

Communication courses that may satisfy the college or University Core requirements will not count toward the communication electives. To graduate, students must have a cumulative grade-point average of 2.00 or above within the major.

¹ Meets 40-hour advanced credit hour requirement.

See College Academic Requirements (<http://catalog.uark.edu/undergraduatecatalog/collegesandschools/jwilliamfulbrightcollegeofartsandsciences/>).

² Meets 24-hour rule (24 hours of 3000-4000 level courses in Fulbright College), in addition to meeting the 40-hour rule. See College Academic Regulations (<http://catalog.uark.edu/undergraduatecatalog/collegesandschools/jwilliamfulbrightcollegeofartsandsciences/>).

Writing Requirement: The college writing requirement may be satisfied by a research paper achieving a grade of "C" or better submitted for an

upper-division communication class and approved by the chair of the department.

Communication B.A. Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 87) in the Academic Regulations chapter for university requirements of the program. Core requirement hours may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute a three-hour (or more) general elective in place of a core area.

First Year	Units	
	Fall	Spring
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3	
MATH 1313 Quantitative Reasoning (ACTS Equivalency = MATH 1113) or MATH 1203 College Algebra (ACTS Equivalency = MATH 1103) Or select one of the following (if pre-requisites are met): ¹ MATH 2053C Finite Mathematics MATH 2183 Mathematical Reasoning in a Quantitative World STAT 2303 Principles of Statistics (ACTS Equivalency = MATH 2103)	3	
COMM 1023 Communication in a Diverse World or core Social Science course	3	
COMM 1233 Media, Community and Citizenship or core Humanities course	3	
US History university/state core requirement	3	
ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023)	3

¹ Meets 40-hour advanced credit hour requirement. See College Academic Regulations (p. 198).

² Meets 24-hour rule (24 hours of 3000-4000 level courses in Fulbright College), in addition to meeting the 40-hour rule. See College Academic Regulations (p. 198).

Requirements for a Minor in Communication: 21 hours including at least 12 hours must be numbered 3000 or above. A student should consult with an adviser in the department for appropriate courses.

Requirements for Honors in the Department of Communication: The Honors Program in communication gives an opportunity for a student to achieve an additional level of intellectual growth and a satisfaction of accomplishment. A student engages in independent research and writing, under the supervision of a member of the communication faculty, and participates in special honors classes, seminars, and colloquia.

Faculty recognize outstanding achievement by a student by recommending that the bachelor's degree in communication be awarded with the distinction "Communication Scholar *Cum Laude*." Higher distinctions may be awarded to truly outstanding students based upon the whole of their academic program and quality of honors research.

To enter the Honors Program, a student must possess a 3.5 minimum grade-point average on all academic work and receive the recommendation of a faculty member in communication to the Honors Council of Fulbright College. A student may pursue an independent research program of a historical, critical, descriptive, or experimental nature, within any of the areas of rhetorical or communication theory, history of public address, interpersonal, small-group, or organizational communication, persuasion, argumentation, political communication, freedom of speech, communication education, or in any closely related areas of inquiry. A student interested in mass communications, broadcasting, or film may choose to pursue either a research project or a creative study. In addition to satisfying the general college and departmental requirements for a bachelor's degree, a student must satisfy departmental honors requirements, which include the following:

1. Become an honors candidate no later than the junior year of study. Students are encouraged to establish honors candidacy as early as possible.
2. Enroll in COMM 3991H no later than the junior year of study.
3. Enroll in COMM 499VH a minimum of one hour of credit each semester after the completion of COMM 3991H and until completion of the honors thesis,
4. Achieve a 3.5 minimum grade-point average in communication,
5. Complete 12 hours (which may include 6 hours of thesis) in Honors Studies, and
6. Write and successfully defend before a faculty examining committee a thesis based on the investigative or creative project undertaken in COMM 499VH.

For a full description of the Honors Program and its requirements, consult with the Undergraduate Director in the Department of Communication.

Communication (B.A.) Drama/Speech Teacher Licensure

Requirements: Please refer to the Secondary Education Requirements (p. 201) for Fulbright College Students in the "Other Programs" section of the page.

Criminology (CRIM)

Anna Zajicek
 Department Chair
 211 Old Main
 479-575-3205

Department of Sociology and Criminology Website (<https://fulbright.uark.edu/departments/sociology/>)

The Department of Sociology and Criminology offers a major leading to a Bachelor of Arts degree in criminology. The Criminology BA provides marketable skills and knowledge that relate to crime prevention, law enforcement, and the court system. The program in criminology is comprehensive, adding the skills in research, theory, and data analytics that prepare students beyond an understanding of criminal procedures or evidence. This major will educate students in the complexities of criminal behavior and familiarize them with the justice system processes and the causes, correlations and consequences of criminal behavior. The department offers robust undergraduate internship opportunities (<https://fulbright.uark.edu/departments/sociology/internships/>) that help criminology students develop a better understanding of a prospective

career and determine whether their interests match a chosen career path, while simultaneously gaining experience with professionals in the field.

The department also offers a major in sociology (p. 380), double major in criminology and sociology, a minor in sociology (<https://fulbright.uark.edu/departments/sociology/undergraduate/minor-in-sociology.php>) and a fully online minor in criminal justice (<https://online.uark.edu/programs/minor-criminal-justice.php>).

For requirements for an M.A. degree in sociology, with criminology concentration, see the Graduate School Catalog (<http://catalog.uark.edu/graduatecatalog/programsofstudy/sociologyandcriminologysoci/>).

University and College Requirements for a Bachelor of Arts in

Criminology: In addition to the Fulbright College of Arts and Sciences Graduation Requirements (see under Degree Completion Program Policy (<http://catalog.uark.edu/undergraduatecatalog/collegesandschools/jwilliamfulbrightcollegeofartsandsciences/>)), the following course requirements must be met. **Bolded** courses from the course list below may be applied to portions of the University/state minimum core requirements (p. 97).

University/State Minimum Core	35
Select one of the following:	3-4
MATH 2033 Mathematical Thought	
MATH 2043 Survey of Calculus (ACTS Equivalency = MATH 2203)	
MATH 2053 Finite Mathematics	
MATH 2183 Mathematical Reasoning in a Quantitative World	
MATH 2554 Calculus I (ACTS Equivalency = MATH 2405)	
ENGL 2003 Advanced Composition (see course description for exemption requirements)	3
Three hours of a world language at the Elementary II level (1013) or higher	3
37 credit hours in criminology (CRIM) and sociology (SOCI) courses:	37
CRIM 2003 Introduction to Criminology and Criminal Justice (ACTS Equivalency = CRJU 1023)	
SOCI 2013 General Sociology (ACTS Equivalency = SOCI 1013)	
CRIM 2043 Sociology of Criminal Law	
CRIM 3023 Criminological Theory or SOCI 302 Criminological Theory	
SOCI 3193 Race, Class, and Gender in America	
SOCI 3301L Social Data and Analysis Laboratory	
SOCI 3303 Social Data and Analysis	
SOCI 3313 Social Research	
15 hours of criminology (CRIM) courses not taken above, 6 hours of which must be sociology (SOCI) or cross-listed.	
University Residency Requirement Electives	2
40-hour Rule Electives	4
General Electives	33
Total Hours	120

For transfer students, a minimum of 18 hours of coursework in the major at the University of Arkansas is required.

Writing Requirement: To fulfill the Fulbright College writing requirement, each criminology major will submit, prior to graduation, a substantial research or analytical paper, with a grade of "A" or "B" from an upper-

division criminology course (3000-, 4000-, or 5000-level) to their departmental adviser. Satisfactory completion of an honors project or a senior thesis may fulfill this requirement.

Criminology B.A. Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 87) in the Academic Regulations chapter for university requirements of the program. Core requirement hours may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute a three-hour (or more) general elective in place of a core area.

First Year	Units	
	Fall	Spring
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3	
Select one of the following:	3-4	
MATH 1313 Quantitative Reasoning (ACTS Equivalency = MATH 1113)		
MATH 1203 College Algebra (ACTS Equivalency = MATH 1103)		
MATH 2033 Mathematical Thought

MATH 2053 Finite Mathematics		
MATH 2183 Mathematical Reasoning in a Quantitative World		
MATH 2554 Calculus I (ACTS Equivalency = MATH 2405)		
Select one of the following:	3	
SOCI 2013 General Sociology (ACTS Equivalency = SOCI 1013)		
University/State Core Social Science requirement		
Elementary II (1013) World Language Course (or lower level (1003), depending on placement)	3	
University/State Core Fine Arts, Humanities or US History requirement	3	
ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023)		3
Select one of the following MATH if needed, or General Elective otherwise:		3-4
MATH 2033 Mathematical Thought		
MATH 2043 Survey of Calculus (ACTS Equivalency = MATH 2203)		
MATH 2053 Finite Mathematics		
MATH 2183 Mathematical Reasoning in a Quantitative World		
MATH 2554 Calculus I (ACTS Equivalency = MATH 2405)		
General Elective		
Select one of the following:		3
SOCI 2013 General Sociology (ACTS Equivalency = SOCI 1013) (if still needed)		
University/State Core Social Science requirement		

University/State Core Science requirement with Corequisite Lab		4
General Elective or Elementary II (1013) World Language if needed		3
Year Total:	15	16

Second Year	Units	
	Fall	Spring
ENGL 2003 Advanced Composition (see course description for exemption requirements)	3	
University/State Core Social Science requirement	3	
University/State Core Humanities, U.S. History, or Fine Arts requirement (as needed)	3	
CRIM 2003 Introduction to Criminology and Criminal Justice (ACTS Equivalency = CRJU 1023)	3	
General Elective	3	
SOCI 3313 Social Research		3
CRIM 2043 Sociology of Criminal Law		3
University/State Core U.S. History, Fine Arts, or Humanities requirement (as needed)		3
Science University/State Core Lecture with Corequisite Lab requirement		4
General Elective		3
Year Total:	15	16

Third Year	Units	
	Fall	Spring
SOCI 3303 Social Data and Analysis & SOCI 3301L Social Data and Analysis Laboratory	4	
CRIM 3023 Criminological Theory or SOCI 3023 Criminological Theory	3	
SOCI 3193 Race, Class, and Gender in America	3	
40-hour Rule Elective	3	
General Elective	3	
CRIM/SOCI 3000-4000 Elective		6
40-hour Rule Elective		3
General Elective		6
Year Total:	16	15

Fourth Year	Units	
	Fall	Spring
CRIM/SOCI 3000-4000 elective	6	
University Residency Requirement Elective	2	
40-hour Rule Elective	1	
General Elective	6	
CRIM/SOCI 3000-4000 Elective		3
General Elective		9
Year Total:	15	12

Total Units in Sequence:	120
--------------------------	-----

Requirements for a Minor in Criminal Justice: 18 semester hours in criminal justice and sociology to include CRIM 2003, CRIM 3023,

SOCI 3313, and at least nine hours of 3000-level classes or above (no more than 3 hours may be SOCI). A student must notify the department of her or his intent to minor.

Requirements for Departmental Honors in Criminology: The Departmental Honors Program in Criminology is an upper-division course of study based on a topic in the area of criminology. To be eligible for criminology honors candidacy, students normally will have completed 28 semester hours and not more than 85 semester hours with a minimum cumulative grade-point average of 3.5. They must take 12 hours (which may include 6 hours of thesis) in Honors Studies. The honors project may be an intensive study of a topic in criminology or an empirical research investigation. The candidate is expected to pass an oral examination given by an Honors Council Committee. Projects of extraordinarily high quality may be designated High Honors by the Committee. Successful completion of the requirements will be recognized by the award of the distinction Criminology Scholar *cum laude* at graduation. Higher degree distinctions are recommended only in truly exceptional cases and are based upon the whole of the candidate's program of honors studies.

Earth Science (ERSC)

Fulbright College offers a major in earth science leading to the Bachelor of Science degree. Prospective secondary teachers may plan a program, in cooperation with the College of Education, which will satisfy the teacher licensure requirements. Students interested in environmental problems, teaching earth science in public schools, or wishing to pursue graduate work in either geography or geology will obtain much of the necessary foundation through this degree. Because the program outlined below lists only minimum science requirements, it is expected that most students will use some of their elective credit hours to strengthen their mathematics and science backgrounds in areas other than geography and geology. These areas of additional study will be determined through consultation between the student and the adviser. Students interested in this major should contact either Professor Ralph Davis or Professor J.C. Dixon.

Requirements for the B.S. Degree with a Major in Earth Science: In addition to the University Core (p. 97) requirements and the Fulbright College of Arts and Sciences Graduation Requirements (p. 198), the following course requirements must be met. Bolded courses from the list below may be applied to portions of the University/state minimum core requirements.

Basic Courses

Biology	8
Chemistry or Physics	8
GEOS 1113 General Geology (ACTS Equivalency = GEOL 1114 Lecture)	4
& GEOS 1111L and General Geology Laboratory (ACTS Equivalency = GEOL 1114 Lab)	
GEOS 1133 Earth Science (ACTS Equivalency = GEOL 1124 Lecture)	4
& GEOS 1131L and Earth Science Laboratory (ACTS Equivalency = GEOL 1124 Lab)	
Select one of the following:	3-4
MATH 2043 Survey of Calculus (ACTS Equivalency = MATH 2203)	
MATH 2053 Finite Mathematics	
MATH 2183 Mathematical Reasoning in a Quantitative World	
MATH 2554 Calculus I (ACTS Equivalency = MATH 2405)	
6 hours in a single world language at the 1013 Elementary II level or higher ¹	6
ASTR 2003 Survey of the Universe (ACTS Equivalency = PHSC 1204 Lecture)	4
& ASTR 2001L and Survey of the Universe Laboratory (ACTS Equivalency = PHSC 1204 Lab)	

Advanced Courses

GEOS 3023 Introduction to Cartography	3
GEOS 3043 Sustaining Earth	3
GEOS 4353 Meteorology	3

or GEOS 4363 Climatology		
GEOS 2313 Mineralogy and Petrology		3
GEOS 3413 Sedimentary Rocks & Fossils		3
GEOS 4033 Hydrogeology		3
GEOS 4924 Earth System History (ACTS Equivalency = PHSC 1104)		4
At least 6 additional hours, at the 3000 level or above, in GEOS.		6
Total Hours		65-66

¹ World language courses taken are dependent on placement level in sequence.

Writing Requirement: The college writing requirement is to be met by completion of a term paper deemed satisfactory by the student's adviser and instructor of an upper-level geoscience course. The college writing requirement may also be met by the completion of an honors thesis.

Earth Science B.S. Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 87) for university requirements of the program. Core requirement hours may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute a three-hour (or more) general elective in place of a core area.

First Year	Units	
	Fall	Spring
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3

Total Units in Sequence: 120

¹ Meets 40-hour advanced credit hour requirement. See College Academic Regulations (p. 198).

² Meets 24-hour rule (24 hours of 3000-4000 level courses in Fulbright College), in addition to meeting the 40-hour rule. See College Academic Regulations (p. 198).

Earth Science (B.S.) Teacher Licensure in Life/Earth Science or Physical/Earth Science Requirements: Students wanting to teach science in middle or secondary school should consult with an adviser in the College of Education and Health Professions.

Economics (ECON)

William P. Curington
Chair of the Department
402 Business Building
479-575-ECON (3266)

Department of Economics website (<http://catalog.uark.edu/undergraduatedcatalog/collegesandschools/jwilliamfulbrightcollegeofartsandsciences/economicsecon/%20http://waltoncollege.uark.edu/ECON/default.asp>)

Students in Fulbright College may pursue one of two degree plans leading to a Bachelor of Arts degree in economics. The first is a traditional major in business economics and the second includes a concentration international business and economics.

The concentration in business economics is intended for those students who are interested primarily in business, but at the same time have a desire to understand the more advanced tools of economic analysis. Such a background is excellent preparation for careers in corporate research and planning, as well as careers with government and regulatory agencies, for graduate study in business and economics, and for law school.

The international economics and business concentration is intended for students who wish to learn more about the international aspects of economics and business. It provides preparation for a broad range of careers in business, including management, marketing, and finance.

Requirements for a Major in Economics

In addition to the University Core requirements (p. 97) and the Fulbright College of Arts and Sciences Graduation Requirements (p. 198), the following course requirements must be met. Bolded courses from the list below may be applied to portions of the University Core requirements.

30 hours of ECON courses including: 30

ECON 2013	Principles of Macroeconomics (ACTS Equivalency = ECON 2103)
ECON 2023	Principles of Microeconomics (ACTS Equivalency = ECON 2203)

ECON 3033	Microeconomic Theory	
ECON 3133	Macroeconomic Theory	
Choose two of the following three courses:		
ECON 4743	Introduction to Econometrics	
or ECON 4753	Forecasting	
or ECON 4033	History of Economic Thought	
12 hours of ECON Electives		
COMM 1313	Public Speaking (ACTS Equivalency = SPCH 1003)	3
Select one of the following:		4-6
MATH 2043 & MATH 2053	Survey of Calculus (ACTS Equivalency = MATH 2203) and Finite Mathematics	
MATH 2554	Calculus I (ACTS Equivalency = MATH 2405)	
WCOB 1033	Data Analysis and Interpretation	3
or STAT 2303	Principles of Statistics (ACTS Equivalency = MATH 2103)	

Note: It is strongly recommended that economics majors who plan to continue their studies at the graduate level take at least two semesters of calculus (MATH 2554 and MATH 2564) and linear algebra (MATH 3083).

Writing Requirement: Students may satisfy their senior writing requirement with a paper in any 3000 or 4000-level ECON class. A student must inform their professor in writing by the end of the second week of class that they would like to use a particular course to fulfill this requirement. Work cannot involve a group project, and students must have senior standing. Completion of an honors thesis will also satisfy this requirement.

Economics B.A. Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight Semester Degree Policy (p. 87) for requirements. Core requirement hours may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute a three-hour (or more) general elective in place of a core area

First Year		Units
	Fall	Spring
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3	
MATH 2053 Finite Mathematics ¹ or MATH 2554 Calculus I (ACTS Equivalency = MATH 2405)	3-4	
University/State core fine arts or humanities requirement	3	
University/State core US history requirement	3	
University/State core social science requirement (not ECON)	3	
ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023)		3
MATH 2043 Survey of Calculus (ACTS Equivalency = MATH 2203) ¹ or MATH 2564 Calculus II (ACTS Equivalency = MATH 2505)		3-4

ECON 2013 Principles of Macroeconomics (ACTS Equivalency = ECON 2103) ¹ or ECON 2023 Principles of Microeconomics (ACTS Equivalency = ECON 2203)		3
University/State core humanities or fine arts requirement (as needed)		3
Science University/State core lecture with corequisite lab requirement		4
Year Total:	15	16

Year Total:	13 15

Total Units in Sequence: 120

Requirements for a Major in Economics with Concentration in International Economics and Business

In addition to the University Core requirements (p. 97) and the Fulbright College of Arts and Sciences Graduation Requirements (p. 198), the following course requirements must be met. Bolded courses from the list below may be applied to portions of the University Core requirements.

Thirty Semester Hours of Courses, including:

ECON 2013	Principles of Macroeconomics (ACTS Equivalency = ECON 2103)	3
ECON 2023	Principles of Microeconomics (ACTS Equivalency = ECON 2203)	3
ECON 3033	Microeconomic Theory	3
ECON 3133	Macroeconomic Theory	3
ECON 4633	International Trade	3
ECON 4643	International Macroeconomics and Finance	3
Twelve hours of international economics and business electives that may be selected from: ¹		
ECON 3843	Economic Development, Poverty & the Role of the World Bank and IMF in Low-Income Countries	3
ECON 3853	Emerging Markets	3
ECON 3933	The Japanese Economic System	3
ECON 410V	Special Topics in Economics	1-6
ECON 468V	International Economics and Business Seminar	1-6

Course pre-requisites for non-economics international business courses will count toward this 12-hour requirement and include FINN 3703, MGMT 4583, MKTG 4633 and SCMT 3643. Thus, if a student wants to take MKTG 4633 as an international economics and business elective, the student must also take the prerequisite MKTG 3433. These two courses would then satisfy 6 hours of the elective requirement.

9 hours of upper-division course work in Fulbright College that focuses on a country or region of the world related to the foreign language, which might include upper-division courses in the same language, which should emphasize literature or cultural topics. Courses must be approved by the departmental adviser. Students who meet the requirements of the Fulbright College area studies programs in Asian Studies, Middle East Studies, Latin American and Latino Studies, or European Studies will be considered to have fulfilled this requirement.

Select one of the following sequences:		6
MATH 2043 & MATH 2053	Survey of Calculus (ACTS Equivalency = MATH 2203) and Finite Mathematics	
MATH 2554 & MATH 2564	Calculus I (ACTS Equivalency = MATH 2405) and Calculus II (ACTS Equivalency = MATH 2505)	
COMM 1313	Public Speaking (ACTS Equivalency = SPCH 1003) (prereq for WCOB 2053)	3
Nine hours of Business/Stat courses to include:		9
WCOB 1033	Data Analysis and Interpretation	

or STAT 2308 Principles of Statistics (ACTS Equivalency = MATH 2103)	
ACCT 2013	Accounting Principles
And one of the following:	
ACCT 2023	Accounting Principles II
MGMT 2053	Business Foundations
ECON 4743	Introduction to Econometrics
ECON 4753	Forecasting
(Students must also complete WCOB 1120, ISYS 1123 or equivalent.)	
Six hours of a World Language at the intermediate level, or above. ²	
Three hours of upper-division world language in the same language covering business communications, or equivalent. Any student whose minimum 6-hour requirement under (#6) above includes an upper-division course may choose to include business communications among the 6 hours of required University course work in the world language.	
Total Hours	
65-75	

¹ Course pre-requisites for non-economics international business courses will count toward this 12-hour requirement. Thus, if a student wants to take MKTG 4633 Global Marketing as an international economics and business elective, he/she also must take the prerequisite MKTG 3433 Introduction to Marketing Strategy. These two courses will satisfy 6 hours of the elective requirement,

² This is usually accomplished through completion of a sequence of world language courses: 1013 Elementary II, 2003 Intermediate I and 2013 Intermediate II.

Notet is strongly recommended that economics majors who plan to continue their studies at the graduate level take at least two semesters of calculus (MATH 2554 and MATH 2564) and linear algebra (MATH 3083).

Writing Requirement: Students may satisfy their senior writing requirement with a paper in any 3000 or 4000-level ECON class. A student must inform their professor in writing by the end of the second week of class that they would like to use a particular course to fulfill this requirement. Work cannot involve a group project, and students must have senior standing. Completion of an honors thesis will also satisfy this requirement.

Economics B.A. with Concentration in International Economics and Business Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 87) for university requirements of the program.

First Year	Units	
	Fall	Spring
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3

International Economics and Business Elective ¹		3
Upper Level Area Studies from ARSC ^{1,2}		3
General Electives (as needed to total 120 degree hours)		5-7
Year Total:	15	13

Total Units in Sequence: 120

Requirements for a Minor in Economics: 18 hours in economics. Required courses are ECON 3033 Microeconomic Theory, and ECON 3133 Macroeconomic Theory, plus 12 additional hours in economics, six of which must be in courses numbered 3000 or above.

NOTE: ECON 2013 and/or ECON 2023, or ECON 2143, are prerequisites to all economics courses numbered above 3000.

Requirements for Departmental Honors in Economics: The Departmental Honors program provides upper-division students the opportunity to engage in independent study or research under the guidance of an individual member of the faculty. In addition to satisfying the general college requirements for the bachelor's degree with honors, honors candidates in economics are required to complete and orally defend an honors thesis based upon independent study under ECON 399VH (for 3 to 6 hours) and to have a minimum grade-point average of 3.5. Outstanding student achievement will be recognized by awarding the bachelor's degree with the distinction "Economics Scholar *Cum Laude*." Higher distinctions may be awarded to truly outstanding students based upon the whole of their academic program and quality of honors research.

Some courses in the Walton College of Business are given credit toward an economics major for the B.A. degree. See departmental adviser for designation.

Economics (B.A.) Social Studies Teacher Licensure Requirements:

Please refer to the Secondary Education Requirements for Fulbright College Students (p. 201). Students wanting to teach social studies in middle school should consult with a middle level adviser in the College of Education and Health Professions.

Faculty

Balthrop, Andrew, Ph.D. (Georgia State University), Visiting Assistant Professor, 2017.

Bhattacharya, Puja, Ph.D., M.A. (Ohio State University), M.S. (Indian Statistical Institute), B.S. (Presidency College), Assistant Professor, 2019.

Brownback, Andrew P., Ph.D. (University of California, San Diego), B.A. (Kansas State University), Assistant Professor, 2015.

Civelli, Andrea, Ph.D., M.A. (Princeton University), B.A. (Bocconi University, Milan), Associate Professor, 2010.

Embaye, Abel, Ph.D. (Georgia State University), M.A. (Tilburg University), B.A. (University of Asmara), Clinical Assistant Professor, 2010.

Farmer, Amy Lynn, Ph.D., M.A. (Duke University), B.S. (Purdue University), University Professor, 1999.

Ferrier, Gary D., Ph.D. (University of North Carolina–Chapel Hill), B.A. (University of Wisconsin–Madison), University Professor, 1993.

Gaduh, Arya, Ph.D. (University of Southern California), M.Phil. (Cambridge University), B.A. (University of California–Berkeley), Associate Professor, 2013.

Geng, Difei, Ph.D. (Vanderbilt University), M.A. (Southern Methodist University), M.A. (Nankai University), B.A. (Tianjin University of Finance and Economics), Assistant Professor, 2016.

Gu, Jingping, Ph.D. (Texas A&M University), M.A. (Peking University), B.A. (Renmin University of China, Beijing), Associate Professor, 2008.

Horowitz, Andrew W., Ph.D., M.S. (University of Wisconsin–Madison), B.S. (University of Maryland), Professor, 1998.

McGee, Peter J., Ph.D. (Ohio State University), B.S. (Tulane University), Associate Professor, 2014.

Rahman, Muhammad, Ph.D. (Indiana University), M.S., B.S. (University of Dhaka), Clinical Assistant Professor, 2014.

Stapp, Robert Bruce, Ph.D., M.S. (Oklahoma State University), B.S.B.A. (Oklahoma City University), Clinical Professor, 1995.

Sude, Yujie, Ph.D., M.A. (University of Arkansas), M.Ed. (Beijing Normal University), LL.B. (Peking University), Clinical Assistant Professor, 2018.

English (ENGL)

Dorothy Stephens
Chair of the Department
338 Kimpel Hall
479-575-4301
Email: engl@uark.edu (English@cavern.uark.edu)

Department of English Website (<http://fulbright.uark.edu/departments/english/>)

The Department of English offers a major in English, a minor in English, and a combined major in English and Journalism.

Contrary to popular opinion, English majors do quite well on the general job market. Businesses know that in addition to being good communicators, English majors are trained to approach problems creatively and from multiple angles. Through careful course selection, the student may prepare for postgraduate work in literature and language; meet the English requirements for secondary teaching licensure; develop writing skills; or receive preparation for careers outside academia (including law and business). Within the major, a student may explore many areas of special interest, such as composition pedagogy, creative writing, gender studies, literature of the American south, film as text, folklore, postcolonial literature, and literature in English by Native American, African American, Arab American, and Latino/Latina American

authors, as well as the more traditional historical fields of English and American literature. All of these areas help students develop the broad, deep, flexible understanding of human expression that will help them for the rest of their lives — both culturally and in practical terms.

Requirements for B.A. in English

In addition to the University Core requirements (p. 97) and the Fulbright College of Arts and Sciences Graduation Requirements (p. 198), the following course requirements must be met.

Bolded course(s) from the list below may be applied to portions of the University Core requirements.

English majors are required to complete the following:

The 35-hour University Core	35
Math or Statistics: Choose one course from the following:	3-4
MATH 1213 Plane Trigonometry (ACTS Equivalency = MATH 1203)	
MATH 1284C Precalculus Mathematics (ACTS Equivalency = MATH 1305)	
MATH 1313 Quantitative Reasoning (ACTS Equivalency = MATH 1113)	
MATH 2033 Mathematical Thought	
MATH 2043 Survey of Calculus (ACTS Equivalency = MATH 2203)	
MATH 2053 Finite Mathematics	
STAT 2303 Principles of Statistics (ACTS Equivalency = MATH 2103)	
Choose one of the following:	3
PHIL 2003 Introduction to Philosophy (ACTS Equivalency = PHIL 1103)	
PHIL 2103 Introduction to Ethics (ACTS Equivalency = PHIL 1003)	
Diversity Requirement: Choose one upper-level English course from the following:	3
ENGL 3543 Topics in U.S. Latino/Latina Literature and Culture	
ENGL 3553 Topics in Native American Literature and Culture	
ENGL 3573 Special Topics in Diversity	
ENGL 3583 Topics in Arab American Literature and Culture	
ENGL 3593 Topics in Gender, Sexuality, and Literature	
ENGL 3853 Topics in African-American Literature and Culture	
ENGL 4523 Studies in U.S. Latino/Latina Literature and Culture	
ENGL 4553 Studies in Native American Literature and Culture	
ENGL 4573 Studies in Major Literary Movements	
ENGL 4583 Studies in Arab American Literature and Culture	
ENGL 4593 Studies in Gender, Sexuality, and Literature	
ENGL 4853 Studies in African American Literature and Culture	
Any world language at the 2013 Intermediate II level. ¹	3-9
WLIT 1113 World Literature I (ACTS Equivalency = ENGL 2113)	3
WLIT 1123 or any 3000+ WLIT course or any 3000+ literature course taught in the Department of World Languages.	3
36 Semester Hours of ENGL to include: ²	
ENGL 2303 English Literature from the Beginning through the 17th Century (ACTS = ENGL 2673)	3

ENGL 2313	Survey of English Literature from 1700 to 1900 (ACTS Equivalency = ENGL 2683)	3
or ENGL 2323	Survey of Modern and Contemporary British, Irish, and Postcolonial Literature	
ENGL 2343	Survey of American Lit from the Colonial Period through Naturalism (ACTS Equiv=ENGL 2653)	3
or ENGL 2353	Survey of Modern and Contemporary American Literature (ACTS Equivalency = ENGL 2663)	
Select one additional survey course from one of the following:		3
ENGL 2313	Survey of English Literature from 1700 to 1900 (ACTS Equivalency = ENGL 2683)	
ENGL 2323	Survey of Modern and Contemporary British, Irish, and Postcolonial Literature	
ENGL 2343	Survey of American Lit from the Colonial Period through Naturalism (ACTS Equiv=ENGL 2653)	
ENGL 2353	Survey of Modern and Contemporary American Literature (ACTS Equivalency = ENGL 2663)	
ENGL 4303	Introduction to Shakespeare	3
Select one of the following:		3
ENGL 3713	Topics in Medieval Literature and Culture	
ENGL 3723	Topics in Renaissance Literature and Culture	
ENGL 3743	Topics in Nineteenth-Century British Literature and Culture	3
or ENGL 3753	Topics in Modern and Contemporary British Literature and Culture	
Select one of the following:		3
ENGL 3833	Topics in American Literature and Culture to 1900	
ENGL 3843	Topics in Modern and Contemporary American Literature and Culture	
ENGL 3853	Topics in African-American Literature and Culture	
ENGL 3863	Topics in Literature and Culture of the American South	
The remaining twelve hours can be taken in any English course numbered above 3000, with the stipulation that at least six of these hours must be numbered above 4000.		12

¹ This is usually accomplished through completion of a sequence of three world language courses: 1013, 2003 and 2013.

² Not counting ENGL 0002, ENGL 1013, ENGL 1023, and ENGL 2003.

All English majors are strongly encouraged to complete a minor or a second major in one of the following: African and African American Studies, Anthropology, Art History, Classical Studies, Communication, Drama, European Studies, Gender Studies, History, Indigenous Studies, Journalism, Latin American Studies, Legal Studies, Medieval and Renaissance Studies, Middle East Studies, Music, Philosophy, Political Science, Psychology, Religious Studies, or in a world language (Arabic, French, German, Japanese, Russian, Spanish or any other language that offers a minor).

English majors are strongly encouraged to fill their elective hours with courses from the departments or programs of study listed above.

Note About Transfer Credit: In order to receive a B.A. in English from the University of Arkansas, a student must take at least 24 hours of credit at the 3000 or 4000-level in this department.

Writing Requirement: All upper-division English courses require a research or an analytical paper except ENGL 4003 and the courses in

creative writing (ENGL 3013, ENGL 4013, ENGL 4023, ENGL 4073). For this reason all students who fulfill the requirements for a major in English thereby fulfill the Fulbright College writing requirement. In addition, 4000-level courses (except for those noted above) require more intensive research by, and more active participation from, students than 3000-level courses do and require each student to complete a paper that can be included as a writing sample with applications to graduate programs or professional schools.

Assessment Requirement: Every senior English major must take the program assessment exam administered by the department each spring semester to graduate. Exam results will not affect GPA, although the student's score will be noted on his or her permanent academic record. This requirement may be waived in extraordinary circumstances by the department's Director of Undergraduate Studies. Contact your adviser for more information.

English B.A. Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 87) in the Academic Regulations chapter for university requirements of the program. Core requirement hours may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute a three-hour (or more) general elective in place of a core area.

First Year	Units	
	Fall	Spring
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3

Group B

Select one of the following:		3
ENGL 3713	Topics in Medieval Literature and Culture	
ENGL 3723	Topics in Renaissance Literature and Culture	
ENGL 3743	Topics in Nineteenth-Century British Literature and Culture	3
or ENGL 3753	Topics in Modern and Contemporary British Literature and Culture	
Select one of the following:		3
ENGL 3833	Topics in American Literature and Culture to 1900	
ENGL 3843	Topics in Modern and Contemporary American Literature and Culture	
ENGL 3853	Topics in African-American Literature and Culture	

ENGL 3863	Topics in Literature and Culture of the American South	
ENGL 4303	Introduction to Shakespeare	3
Total Hours		12

Group C

Twelve additional hours in English courses numbered above 3000, at least six of which must be numbered above 4000.		12
Total Hours		12

Requirements for B.A. in English with a Concentration in Creative Writing

In addition to the University Core requirements (p. 97) and the Fulbright College of Arts and Sciences Graduation Requirements (p. 198), the following course requirements must be met. Bolded course(s) from the list below may be applied to portions of the University/state minimum core requirements.

English majors are required to complete the following:

The 35-hour University Core		35
PHIL 2003	Introduction to Philosophy (ACTS Equivalency = PHIL 1103)	3
Any world language at the 2013 Intermediate II level ¹		3-9
WLIT 1113	World Literature I (ACTS Equivalency = ENGL 2113)	3
WLIT 1123	World Literature II (ACTS Equivalency = ENGL 2123) (or any 3000+ WLIT course or any 3000+ literature course taught in the Department of World Languages)	3

36 Semester Hours ²

ENGL 3203	Poetry	3
ENGL 3213	Fiction	3
ENGL 2023	Creative Writing I (ACTS Equivalency = ENGL 2013)	3
ENGL 3013	Creative Writing II	3
ENGL 4013	Undergraduate Poetry Workshop	3
or ENGL 4023	Undergraduate Fiction Workshop	
ENGL 2303	English Literature from the Beginning through the 17th Century (ACTS = ENGL 2673)	3
Select three of the following:		9
ENGL 2313	Survey of English Literature from 1700 to 1900 (ACTS Equivalency = ENGL 2683)	
ENGL 2323	Survey of Modern and Contemporary British, Irish, and Postcolonial Literature	
ENGL 2343	Survey of American Lit from the Colonial Period through Naturalism (ACTS Equiv=ENGL 2653)	
ENGL 2353	Survey of Modern and Contemporary American Literature (ACTS Equivalency = ENGL 2663)	
ENGL 4303	Introduction to Shakespeare	3
Six additional hours chosen from ENGL courses numbered above 3000 and WLIT courses numbered above 2333.		6

Note About Transfer Credit: In order to receive a B.A. in English from the University of Arkansas, a student must take at least 24 hours of credit at the 3000 or 4000-level in this department.

¹ This is usually accomplished through completion of a sequence of three world language courses: 1013, 2003 and 2013.

² Not counting ENGL 0002, ENGL 1013, ENGL 1023, and ENGL 2003

Writing Requirement: All upper-division English courses require a research or an analytical paper except ENGL 4003 and the courses in creative writing (ENGL 3013, ENGL 4013, ENGL 4023, ENGL 4073). For this reason all students who fulfill the requirements for a major in English thereby fulfill the Fulbright College writing requirement. In addition, 4000-level courses (except for those noted above) require more intensive research by, and more active participation from, students than 3000-level courses do and require each student to complete a paper that can be included as a writing sample with applications to graduate programs or professional schools.

Assessment Requirement: Every senior English major must take the program assessment exam administered by the department each spring semester to graduate. Exam results will not affect GPA, although the student's score will be noted on his or her permanent academic record. This requirement may be waived in extraordinary circumstances by the department's Director of Undergraduate Studies. Contact your adviser for more information.

English B.A. with a Concentration in Creative Writing Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 87) in the Academic Regulations chapter for university requirements of the program. Core requirement hours may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute a three-hour (or more) general elective in place of a core area.

Total Hours 6

Requirements for a Combined Major in English and Journalism

All university students must fulfill the minimum University Core requirements (p. 97). A minimum of 72 hours in non-journalism courses must be applied toward the 120 hours required by the college for a Bachelor of Arts degree. Bolded courses from the list below may be counted toward some part of the University Core/state minimum core requirements, as applicable.

Select one of the following: 3

MATH 2033	Mathematical Thought	
MATH 2043	Survey of Calculus (ACTS Equivalency = MATH 2203)	
MATH 2053	Finite Mathematics	
MATH 2183	Mathematical Reasoning in a Quantitative World	
STAT 2303	Principles of Statistics (ACTS Equivalency = MATH 2103)	

Or Higher Level MATH

Intermediate I (course number 2003) of a World Language.¹ 3-6

Select one of the following: 3

WLIT 1113	World Literature I (ACTS Equivalency = ENGL 2113)	
WLIT 1123	World Literature II (ACTS Equivalency = ENGL 2123)	
An Advanced Literature Course		
A Language Literature Course		
Select one of the following:		3
PHIL 2003	Introduction to Philosophy (ACTS Equivalency = PHIL 1103)	
PHIL 2103	Introduction to Ethics (ACTS Equivalency = PHIL 1003)	
Any Philosophy Course at the 3000-level or higher (recommended: PHIL 3103 Ethics and the Professions) higher		
PLSC 2003	American National Government (ACTS Equivalency = PLSC 2003)	3
A second PLSC Course (the following are recommended options):		3
PLSC 2813	Introduction to International Relations	
PLSC 3233	The American Congress	
PLSC 4233	The American Chief Executive	
ECON 2143	Basic Economics: Theory and Practice	3-6
or ECON 2013 Principles of Macroeconomics (ACTS Equivalency = & ECON 2023 ECON 2103)		
and Principles of Microeconomics (ACTS Equivalency = ECON 2203)		
COMM 1313	Public Speaking (ACTS Equivalency = SPCH 1003)	3
3000-4000 level HIST Course *		3
3 hours of cultural/diversity studies to be selected from the following or as approved by the School of Journalism and Strategic Media		3
ANTH 4533	Middle East Cultures	
COMM 4343	Intercultural Communication	
HIST 3233	African American History to 1877 *	
HIST 3243	African American History Since 1877 *	
HIST 3263	History of the American Indian *	
SCWK 3193	Human Diversity and Social Work	
JOUR 3263	African Americans in Film **	
JOUR 4923	History of the Black Press **	
SCWK 3193	Human Diversity and Social Work	
SOCI 3193	Race, Class, and Gender in America (SOCI 2013 prerequisite)	
Other cultural/diversity-related topics as approved by the School of Journalism and Strategic Media		

¹ The number of credit hours taken to complete this level of proficiency depends on placement level in the language course sequence.

* A cultural/diversity-approved HIST course is allowed to also satisfy the major's 3000-4000 level HIST course requirement.

** A cultural/diversity-approved JOUR course is also allowed to satisfy a JOUR elective.

The Journalism requirements for this combined major are as follows:

The journalism requirement may be satisfied by 24 semester hours of courses, including JOUR 1023, JOUR 1033, and JOUR 3633. The remaining 15 hours are filled from the following concentrations.

News/Editorial Concentration:

JOUR 2013	News Reporting I	3
JOUR 3013	Editing	3
JOUR 3023	News Reporting II	3
or JOUR 4503 Magazine Writing		
or JOUR 4553 Magazine Editing and Production I		
JOUR 3123	Feature Writing	3
One Additional Journalism Course		3
Total Hours		15

Broadcast Concentration:

JOUR 2032	Broadcast News Reporting I	3
& JOUR 2031L	and Broadcast News Reporting I Laboratory	
JOUR 3072	Broadcast News Reporting II	3
& JOUR 3071L	and Broadcast News Reporting II Laboratory	
JOUR 4863	Television News Reporting I	3
JOUR 4873	Television News Reporting II	3
One Additional Journalism Course		3
Total Hours		15

The English requirements for this combined major are as follows:

24 hours of English courses (not counting ENGL 0002, ENGL 1013, ENGL 1023, and ENGL 2003) to include any nine hours of survey courses chosen from:

ENGL 2303	English Literature from the Beginning through the 17th Century (ACTS = ENGL 2673)	3
ENGL 2313	Survey of English Literature from 1700 to 1900 (ACTS Equivalency = ENGL 2683)	3
ENGL 2323	Survey of Modern and Contemporary British, Irish, and Postcolonial Literature	3
ENGL 2343	Survey of American Lit from the Colonial Period through Naturalism (ACTS Equiv=ENGL 2653)	3
ENGL 2353	Survey of Modern and Contemporary American Literature (ACTS Equivalency = ENGL 2663)	3

and 15 additional hours chosen from English courses numbered above 3000 and WLIT courses above 2333.

In addition, students are strongly recommended to complete up through the 2013 Intermediate II level of a world language.

Writing Requirement: All upper division English courses require a research or an analytical paper except ENGL 4003 and the courses in creative writing: (ENGL 3013, ENGL 4013, ENGL 4023, and ENGL 4073). For this reason, all students who fulfill the requirements for the combined major in Journalism and English thereby fulfill the Fulbright College writing requirement.

Assessment Requirement: Every senior English major must take the program assessment exam administered by the department each spring semester to graduate. Exam results will not affect GPA, although the student's score will be noted on his or her permanent academic record. This requirement may be waived in extraordinary circumstances by the department's Director of Undergraduate Studies. Contact your adviser for more information.

Combined Major in English and Journalism Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 87) for university requirements of the program. Core requirement hours may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute a three-hour (or more) general elective in place of a core area.

Total Units in Sequence: 120

Requirements for a Minor in English: 18 hours of English (not counting ENGL 0002, ENGL 1013, ENGL 1023, and ENGL 2003) to include any nine hours of survey courses (chosen from ENGL 2303, ENGL 2313, ENGL 2323, ENGL 2343, and ENGL 2353) and nine additional hours chosen from English courses numbered above 3000 and WLIT courses above 2333.

Minor in Rhetoric and Writing Studies

The minor in Rhetoric and Writing Studies provides non-English majors with advanced instruction in rhetorical studies and document design. Students will learn to examine the roles of language, writing, and communication in different social and professional settings. In addition to receiving practical instruction in effective writing, students will also develop analytical tools for understanding language as social action.

Requirements for a minor in Rhetoric and Writing Studies

Students must complete 15 hours from among the following courses: 15

ENGL 2003	Advanced Composition
ENGL 2013	Essay Writing
ENGL 2173	Literacy in America
ENGL 3053	Technical and Report Writing (ACTS Equivalency = ENGL 2023)
ENGL 3603	Topics in Rhetoric and Composition
ENGL 4003	English Language and Composition for Teachers
ENGL 4903	Studies in Rhetoric and Composition

Total Hours 15

Requirements for Graduation with Honors in English: Both the College and the Departmental Honors Program in English allow upper-division undergraduates to strengthen their study of English and adapt it to their interests. Honors candidates enroll in special courses and do directed independent study and research. In addition to the college and departmental requirements for the major in English and the general college requirements for the B.A. degree, each honors candidate in English must

1. Be accepted as an honors candidate by the department (requiring a minimum, cumulative grade-point average of 3.5 in all course work),
2. Complete at least nine hours of non-thesis honors course work, at least three hours of which must be in English,
3. Enroll in at least three hours of Senior Thesis ENGL 498V and write an honors thesis (either a critical study or a creative writing project) under the direction of a faculty member in the Department of English, and
4. Defend the candidate's entire honors program in an oral examination.

Candidates may petition to enroll in a departmental graduate seminar. To complete the required thesis successfully, candidates should choose an honors thesis adviser as early as possible. An adviser should be selected, and an Honors Agreement completed, no later than the first semester in a candidate's junior year. Candidates who complete the honors program with merit will graduate with the distinction "English Scholar *Cum Laude*." The distinctions of *Magna Cum Laude* and *Summa Cum Laude* will be awarded only for exceptional work and will be based on the candidate's entire honors program.

English (B.A.) Teacher Licensure Requirements:

Please refer to the Secondary Education Requirements (p. 201) for Fulbright College Students.

Students wanting to teach English in middle school should consult with a middle-level adviser in the College of Education and Health Professions.

Faculty

Bailey, Constance, Ph.D., M.A. (University of Missouri-Columbia), B.A. (Alcorn State University), Assistant Professor, 2016.

Booker, M. Keith, Ph.D. (University of Florida), M.S., M.A. (University of Tennessee), B.A. (Vanderbilt University), Professor, 1990.

McCombs, Davis, M.F.A. (University of Virginia), A.B. (Harvard), Professor, 2002.

Padilla, Yajaira, Ph.D. (University of California, San Diego), B.A. (University of California, Santa Cruz), Associate Professor, 2013.

Pope, Adam, Ph.D. (Purdue University), M.A. (University of Arkansas), B.A. (Freed-Hardeman University), Assistant Professor, 2013.

Quinn, William A., Ph.D., M.A. (The Ohio State University), B.A. (Xavier University), Distinguished Professor, 1979.

Roberts, Robin, Ph.D., M.A. (University of Pennsylvania), B.A. (Mount Holyoke College), Professor, 2011.

Slattery, Patrick Joseph, Ph.D. (Indiana University at Bloomington), A.B. (College of the Holy Cross), Associate Professor, 1991.

Smith, Joshua Byron, Ph.D., M.A. (Northwestern University), B.A. (University of Illinois at Chicago), Assistant Professor, 2011.

Sparks, Leigh Pryor, Ph.D. (University of Arkansas), M.A., B.A. (Stanford University), Instructor, 2009.

Stephens, Dorothy Anne, Ph.D. (University of California-Berkeley), M.A. (University of Illinois-Chicago), B.A. (Northwestern University), Professor, 1992.

Szwydky-Davis, Lissette López, Ph.D., M.A. (Penn State University), B.A. (University of Miami), Assistant Professor, 2013.

Teuton, Sean Kicummah, Ph.D., M.A. (Cornell University), B.A. (University of Colorado-Boulder), Professor, 2013.

Vilató, Claudia, M.A. (Penn State University), B.A. (University of Miami), Instructor, 2015.

Viswanathan, Padma, M.F.A. (University of Arizona), M.A. (Johns Hopkins University), B.A. (University of Alberta), Associate Professor, 2010.

Yandell, Kay, Ph.D., M.A. (Cornell University), B.A. (University of Arkansas), Associate Professor, 2013.

Gender Studies (GNST)

Lisa Corrigan
Director of Studies
417 Kimpel Hall
479-575-3046

The gender studies minor introduces students to the ways that various academic disciplines have examined women's and men's differing participation in work, the family, political systems, and creative endeavors. Courses explore sex and gender differences and such concepts as masculinity and femininity, essence and performance; distributions of power, work, and resources; and the symbolic representation of gender and identity in literature, religion, and art. The minor is often chosen by students interested in investigating materials previously neglected by scholars and in fresh perspectives on traditional subject matter.

Requirements for a Minor in Gender Studies: The student must complete 15 credit hours of regular courses.

GNST 2003	Introduction to Gender Studies	3
Choose 12 credit hours from the following or from special topics and seminars found in each semester's schedule of classes under Gender Studies.		
ANTH 3163	Male and Female: A Cultural and Biological Overview	
ANTH 3523	Gender and Politics in Latin America	
ANTH/AAST 4063	Women in Africa	
CLST 4003H	Honors Classical Studies Colloquium	
COMM 3433	Family Communication	

COMM 3983	Special Topics
COMM 4333	Communication and Gender
COMM 4363	Gender, Race and Power
COMM 4733	Reel Women
COMM 4743	Representational Issues in Film
ENGL 3593	Topics in Gender, Sexuality, and Literature
HIST 3083	Women and Christianity
HIST 3923H	Honors Colloquium (The History of Sex/Sexuality in America)
HIST 3923H	Honors Colloquium (Russian and Soviet Women)
HIST 4133	Society and Gender in Modern Europe
HIST 4413	New Women in the Middle East
HIST/AAST 4953	The History of Sub-Saharan African Women
HUMN 3923H	Honors Colloquium
LALS 4003	Latin American Studies Colloquium
PLSC 4573	Gender and Politics
PBHL 1303	Introduction to Human Sexuality
PBHL 1303H	Honors Introduction to Human Sexuality
PLSC 4573	Gender and Politics
SOCI 3263	Families and Social Change
WLIT 3983	Special Studies (Women and Arabic Literature)

Total Hours

15

Geography (GEOG)

The Geography Program offers an undergraduate major leading to a Bachelor of Arts in geography. Students may choose either the normal geography degree program or the concentration in cartography and remote-sensing GIS. The program also offers two minors: geography and historic preservation.

Undergraduates who wish to major in geography should identify themselves to the department as soon as possible in order that they may develop a meaningful sequence of courses and take part in departmental activities.

Those interested in the graduate program should consult the Graduate School Catalog (<http://catalog.uark.edu/graduatecatalog/programsofstudy/geosciencesdepartmentofgeos/>).

Requirements for a Major in Geography: In addition to the University Core requirements (p. 97) and the Fulbright College of Arts and Sciences Graduation Requirements (p. 198), the following course requirements must be met. Bolded courses from the list below may be applied to portions of the University/state minimum core requirements.

GEOS 1123	Human Geography (ACTS Equivalency = GEOG 1113)	3
GEOS 2003	World Regional Geography (ACTS Equivalency = GEOG 2103)	3
GEOS 1113 & GEOS 1111L	General Geology (ACTS Equivalency = GEOL 1114 Lecture) and General Geology Laboratory (ACTS Equivalency = GEOL 1114 Lab)	4
GEOS 1133 & GEOS 1131L	Earth Science (ACTS Equivalency = GEOL 1124 Lecture) and Earth Science Laboratory (ACTS Equivalency = GEOL 1124 Lab)	4

Six hours in a single world language at the 1013 Elementary II level or higher. ¹	6
GEOS 3023 Introduction to Cartography	3
GEOS 3543 Geospatial Applications and Information Science	3
In addition, students must complete a minimum of 15 hours of GEOS at the 3000-level or above, classes must include one technical, two regional and two topical courses.	15
Total Hours	41

¹ World language courses taken are dependent on placement level in sequence.

Students who expect to enter graduate school are encouraged to register for GEOS 410V their senior year. Electives in closely related fields are considered a part of the program and, upon prior approval of the department, six hours may be counted toward the major. Those planning to teach in secondary schools should note that they can both earn their degree in geography and qualify for a teaching certificate; they should consult with the department as early as possible.

Writing Requirement: The college writing requirement is to be met by completion of a term paper deemed satisfactory by the student's adviser and instructor of an upper-level geoscience course. The college writing requirement may also be met by the completion of an honors thesis.

Geography B.A. Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 87) for university requirements of the program. Core requirement hours may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute a three-hour (or more) general elective in place of a core area.

First Year	Units	
	Fall	Spring
GEOS 1123 Human Geography (ACTS Equivalency = GEOG 1113)	3	
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3	
MATH 1203 College Algebra (ACTS Equivalency = MATH 1103) (or any higher level math)	3	
1013 Elementary II World Language Course	3	
University/State Core Fine Arts, Humanities or U.S. History requirement	3	
GEOS 1113 General Geology (ACTS Equivalency = GEOL 1114 Lecture) & GEOS 1111L General Geology Laboratory (ACTS Equivalency = GEOL 1114 Lab)		4
ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023)		3
2003 Intermediate I World Language Course (or higher)		3
University/State Core Humanities, U.S. History, or Fine Arts requirement (as needed)		3
General Elective		3
Year Total:	15	16

Second Year	Units	
	Fall	Spring
GEOS 2003 World Regional Geography (ACTS Equivalency = GEOG 2103)	3	
GEOS 1133 Earth Science (ACTS Equivalency = GEOL 1124 Lecture) & GEOS 1131L Earth Science Laboratory (ACTS Equivalency = GEOL 1124 Lab)		4
University/State Core U.S. History, Fine Arts, or Humanities Course (as needed)	3	
University/State Core Social Science requirement (non-GEOS course)	3	
General Elective	3	
GEOS 3000 Level or Above Elective ²		3
Advanced Level Elective ¹		3
General Electives		9
Year Total:	16	15

Third Year	Units	
	Fall	Spring
GEOS 3023 Introduction to Cartography ²	3	
GEOS 3000-level or Above Elective ²	3	
General Electives	9	
GEOS 3543 Geospatial Applications and Information Science		3
GEOS 3000-level or Above Elective ²		3
Advanced Level Elective ¹		3
General Electives		6
Year Total:	15	15

Fourth Year	Units	
	Fall	Spring
GEOS 3000-level or above Elective ²	3	
3000-plus Upper Level ARSC Elective with Departmental Consent ²	3	
Advanced Level Elective ¹	3	
General Electives	6	
GEOS 3000-level or above Elective		3
3000-plus Upper Level ARSC Elective with Departmental Consent ²		3
3000-plus Upper Level ARSC Elective ²		3
3000-plus Upper Level Elective ¹		3
General Elective		1
Year Total:	15	13

Total Units in Sequence:	120
---------------------------------	------------

¹ Meets 40-hour advanced credit hour requirement. See College Academic Regulations (p. 198).

² Meets 24-hour rule (24 hours of 3000-4000 level courses in Fulbright College), in addition to meeting the 40-hour rule. See College Academic Regulations (p. 198).

Cartography/Remote Sensing GIS Concentration

Requirements for a Major in Geography with Cartography/Remote Sensing Concentration: This program gives students an opportunity to develop expertise in (1) cartography, map design and computer-assisted map production, (2) remote sensing and image interpretation, including photographic systems, sensor systems, and digital image processing, and (3) geographic information systems, including data sources, analytical techniques, and hardware/software systems.

To complete the concentration, a student is required to fulfill certain course requirements.

Required Courses

GEOS 3023	Introduction to Cartography	3
GEOS 3213	Principles of Remote Sensing	3
GEOS/ANTH 3543	Geospatial Applications and Information Science	3

Elective Courses

Select three of the following:		9
GEOS 4523	Cartographic Design and Production	
GEOS 5423	Remote Sensing of Natural Resources	
GEOS/ANTH 4553	Introduction to Raster GIS	
GEOS/ANTH 4583	Enterprise and Multiuser GIS	
GEOS/ANTH 4593	Introduction to Global Positioning Systems and Global Navigation Satellite Systems	
STAT 4003	Statistical Methods (or other approved statistics course)	
CVEG 2053	Surveying Systems (or other approved surveying course)	

Total Hours 18

Writing Requirement: The college writing requirement is to be met by completion of a term paper deemed satisfactory by the student's adviser and instructor of an upper-level geoscience course. The college writing requirement may also be met by the completion of an honors thesis.

Requirements for a Minor in Geography: 15 hours in geography to include GEOS 1123. At least 6 hours must be numbered 3000 or above and must include one regional and one topical course.

Requirements for a Minor in Historic Preservation: 18 hours from:

ARCH 1003	Basic Course in the Arts: Architecture Lecture (or equivalent class in architecture)	3-4
or ARCH 1212 & ARCH 1222	Design Thinking I: Foundations in Technology and Design Thinking II: Foundations in History	
GEOS 4073	Urban Geography	3
or LARC 3413	History of Landscape Architecture I	
ANTH 4443	Cultural Resource Management I (or equivalent class in cultural resources)	3
GEOS 1133	Earth Science (ACTS Equivalency = GEOL 1124 Lecture)	3
GEOS 3023	Introduction to Cartography (or equivalent class in spatial representation and visualization)	3

GEOS 3033	Building Materials Field Studies	3
Total Hours		18

GEOS 3033 Building Materials Field Studies is the required field capstone course that will require two weekends (Saturday and Sunday) for completion. The course has been specifically designed for this program and will discuss the nature of building materials (wood, brick, mortar and stone), their identification and properties, weathering and erosion theory, assessment and mitigation (i.e. cleaning, consolidants, innovative trends). It is suggested that this class be taken last in the program series.

One semester participation in the University of Arkansas' Rome Program will substitute for six (6) credits from class requirements in Architectural History and Urban Studies listed above. A supplemental program internship is suggested in addition to the classes required if the student's career path is in Historic Preservation.

Requirements for Departmental Honors in Geography: Admission to the Departmental Honors Program in Geography is open to geography majors with a minimum grade-point average of 3.5 in all their work. All honors candidates must take 12 hours, which may include 6 hours of thesis, in Honors Studies. During the fall semester of either the junior or senior year the candidate will enroll in GEOS 399VH (no more than three hours of credit), an undergraduate seminar in geographical philosophy and methodology. During the senior year the honors candidate will complete the program by writing a senior honors paper under GEOS 399VH (no more than three hours of credit). Successful completion of the requirements will be recognized by the award of the distinction "Geography Scholar *Cum Laude*" at graduation. Higher degree distinctions are recommended only in truly exceptional cases and are based upon the whole of the candidate's program of honors studies.

Geology (GEOL)

The Department of Geosciences offers the Bachelor of Science degree in geology and the Bachelor of Science degree in earth science (<http://catalog.uark.edu/undergraduatecatalog/collegesandschools/jwilliamfulbrightcollegeofartsandsciences/earthsciences/>). It is emphasized that students wishing to become practicing professional geologists should hold the Bachelor of Science degree in geology at a minimum. It is further recognized that practicing professional geologists typically hold a Master of Science degree. The education of students pursuing the Bachelor of Science in earth science degree should reflect general education in the liberal arts with emphasis in geology.

The goal of the program leading to the Bachelor of Science degree in geology is to provide students with a broad spectrum of the various subdisciplines of geology, while at the same time honoring an emphasis in the traditional areas of mineralogy, igneous, metamorphic and sedimentary petrology, structural geology and stratigraphic principles. This curriculum will prepare students to enter graduate programs without deficiencies at the University of Arkansas or other established programs.

Along with the normal degree program, the department offers a B.S. in geology with a concentration in geophysics.

For requirements for the M.S. degree in geology, see the *Graduate School Catalog*.

B.S. in Geology

Requirements for a Major in Geology leading to the B.S. Degree:

In addition to the University Core requirements (p. 97) and the Fulbright College of Arts and Sciences Graduation Requirements (p. 198), the

following course requirements must be met. Bolded courses from the list below may be applied to portions of the University Core requirements.

CHEM 1103 University Chemistry I (ACTS Equivalency = 4
& CHEM 1101L CHEM 1414 Lecture)
and University Chemistry I Laboratory (ACTS
Equivalency = CHEM 1414 Lab)

CHEM 1123 University Chemistry II (ACTS Equivalency = 4
& CHEM 1121L CHEM 1424 Lecture)
and University Chemistry II Laboratory (ACTS
Equivalency = CHEM 1424 Lab)

Select one of the following: 8

PHYS 2013 College Physics I (ACTS Equivalency = PHYS
& PHYS 2011L 2014 Lecture)
& PHYS 2033 and College Physics I Laboratory (ACTS
& PHYS 2031L Equivalency = PHYS 2014 Lab)
and College Physics II (ACTS Equivalency = PHYS
2024 Lecture)
and College Physics II Laboratory (ACTS
Equivalency = PHYS 2024 Lab)

or

PHYS 2054 University Physics I (ACTS Equivalency = PHYS
& PHYS 2074 2034)
and University Physics II (ACTS Equivalency =
PHYS 2044 Lecture)

MATH 2554 Calculus I (ACTS Equivalency = MATH 2405) 4

MATH 2564 Calculus II (ACTS Equivalency = MATH 2505) 4

Six hours in a single world language at the 1013 Elementary II level
or higher. ¹ 6

Three hours of upper-level science as approved by adviser 3

A minimum of 40 semester hours of GEOS courses to include:

GEOS 1113 General Geology (ACTS Equivalency = GEOL 2-4
& GEOS 1111L 1114 Lecture)
and General Geology Laboratory (ACTS
Equivalency = GEOL 1114 Lab)

or GEOS 3052 Geology for Engineers

GEOS 1133 Earth Science (ACTS Equivalency = GEOL 1124 4
& GEOS 1131L Lecture)
and Earth Science Laboratory (ACTS Equivalency
= GEOL 1124 Lab)

GEOS 2313 Mineralogy and Petrology 3

GEOS 3383 Principles of Landscape Evolution 3

GEOS 3413 Sedimentary Rocks & Fossils 3

GEOS 3514 Structural Geology 4

GEOS 4063 Principles of Geochemistry 3

or GEOS 4433 Geophysics

GEOS 4223 Stratigraphy and Sedimentation 3

GEOS 4686 Geology Field Camp 6

GEOS 4873 Geological Data Analysis 3

GEOS 4924 Earth System History (ACTS Equivalency = PHSC 4
1104)

And an additional 9 hours of geology courses selected from GEOS 9
courses numbered 3000 or higher.

Total Hours 80-82

¹ World language courses taken are dependent on placement level in sequence.

Writing Requirement: A scholarly writing assignment will be included in all geoscience courses numbered 2000 and above. Those papers submitted in geoscience courses 3000 and above will fulfill the Fulbright College writing requirement. The college writing requirement may also be met by the completion of an honors thesis.

Geology B.S. Nine-Semester Degree Program

Students wishing to follow the nine-semester degree plan should see the University Core requirements (p. 97). Core requirement hours may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute a three-hour (or more) general elective in place of a core area.

This program does require a summer field camp after the junior year.

First Year	Units		
	Fall	Spring	Summer
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3		
MATH 2554 Calculus I (ACTS Equivalency = MATH 2405) ¹	4

Year Total:	12	12	

Total Units in Sequence: 120

- ¹ Meets 40-hour advanced credit hour requirement. See College Academic Regulations (p. 198).
- ² Meets 24-hour rule (24 hours of 3000-4000 level courses in Fulbright College), in addition to meeting the 40-hour rule. See College Academic Regulations (p. 198).

B.S. in Geology

Requirements for a Major in Geology with a concentration in geophysics leading to a B.S. degree: Completion of these requirements will result in a double major in both geology and physics. In addition to the University Core requirements (p. 97) and the Fulbright College of Arts and Sciences Graduation Requirements (p. 198), the following course requirements must be met.

CHEM 1103	University Chemistry I (ACTS Equivalency =	4
& CHEM 1101L	CHEM 1414 Lecture) and University Chemistry I Laboratory (ACTS Equivalency = CHEM 1414 Lab)	
CHEM 1123	University Chemistry II (ACTS Equivalency =	4
& CHEM 1121L	CHEM 1424 Lecture) and University Chemistry II Laboratory (ACTS Equivalency = CHEM 1424 Lab)	
PHYS 2054	University Physics I (ACTS Equivalency = PHYS 2034)	4
PHYS 2074	University Physics II (ACTS Equivalency = PHYS 2044 Lecture)	4
PHYS 2094	University Physics III	4
MATH 2554	Calculus I (ACTS Equivalency = MATH 2405)	4
MATH 2564	Calculus II (ACTS Equivalency = MATH 2505)	4
MATH 2574	Calculus III (ACTS Equivalency = MATH 2603)	4
MATH 2584	Elementary Differential Equations	4

A minimum of 45 semester hours of GEOS and PHYS courses to include:

GEOS 1113 & GEOS 1111L	General Geology (ACTS Equivalency = GEOL 1114 Lecture) and General Geology Laboratory (ACTS Equivalency = GEOL 1114 Lab) or GEOS 3052 Geology for Engineers	2-4
GEOS 2313	Mineralogy and Petrology	3
GEOS 3383	Principles of Landscape Evolution	3
GEOS 3413	Sedimentary Rocks & Fossils	3
GEOS 3514	Structural Geology	4
GEOS 4223	Stratigraphy and Sedimentation	3
GEOS 4433	Geophysics	3
GEOS 4924	Earth System History (ACTS Equivalency = PHSC 1104)	4
GEOS 4686	Geology Field Camp	6
PHYS 3113	Analytical Mechanics	3
PHYS 3453	Electromagnetic Theory I	3
PHYS 3613	Modern Physics	3
PHYS 4073	Introduction to Quantum Mechanics	3
PHYS 4991	Physics Senior Seminar	1
Total Hours		80-82

Writing Requirement: A scholarly writing assignment will be included in all geoscience courses numbered 2000 and above. Those papers submitted in geoscience courses 3000 and above will fulfill the Fulbright College writing requirement. The college writing requirement may also be met by the completion of an honors thesis.

Geology B.S. with Geophysics Concentration Nine-Semester Degree Program

Students wishing to follow the nine-semester degree plan should see the University Core requirements (p. 97). Core requirement hours may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute a three-hour (or more) general elective in place of a core area.

¹ Meets 40-hour advanced credit hour requirement. See College Academic Regulations (p. 198).

² Meets 24-hour rule (24 hours of 3000-4000 level courses in Fulbright College), in addition to meeting the 40-hour rule. See College Academic Regulations (p. 198).

Minor in Geology

Requirements for a Minor in Geology: A minor in geology shall be awarded upon completion of the following course work:

GEOS 1113 & GEOS 1111L	General Geology (ACTS Equivalency = GEOL 1114 Lecture) and General Geology Laboratory (ACTS Equivalency = GEOL 1114 Lab)	2-4
or GEOS 3052 Geology for Engineers		
GEOS 1133 & GEOS 1131L	Earth Science (ACTS Equivalency = GEOL 1124 Lecture) and Earth Science Laboratory (ACTS Equivalency = GEOL 1124 Lab)	4
GEOS 2313	Mineralogy and Petrology	3
Two GEOS Courses at the 3000-level		6
One GEOS Course at the 4000-level		3
Total Hours		18-20

Students are advised to consult with a geology faculty member to develop the course work program that best complements their major area of study.

Requirements for Departmental Honors in Geology: The Departmental Honors Program in Geology provides upper-division undergraduate students with an opportunity to formally participate in geologic research activities. Honors candidates carry out independent study and research under the guidance of the geology faculty. Outstanding student achievement will be recognized by awarding the distinction "Geology Scholar *Cum Laude*" at graduation. Higher degree distinctions may be awarded to truly outstanding students based upon the whole of their academic program and quality of honors research.

Honors candidates in geology must do the following:

1. Satisfy departmental and college requirements for a bachelor's degree with honors,
2. Become a candidate no later than the second semester of their junior year,
3. Enroll in six hours of honors research GEOS 3901, GEOS 3911, GEOS 4972H, GEOS 4982H,
4. Take 12 hours in Honors Studies, which may include 6 hours of thesis,

5. Complete junior and senior honors courses GEOS 3901, GEOS 3911, GEOS 4972H, GEOS 4982H, and
6. Achieve a cumulative grade-point average of 3.30 in geology courses.

Geology (B.S.) Teacher Licensure in Life/Earth Science or Physical/Earth Science Requirements: Students wanting to teach science in middle or secondary school should consult with an adviser in the College of Education and Health Professions.

Geosciences (GEOS)

Christopher L. Liner
Chair of the Department
216 Gearhart Hall
479-575-3355

Department of Geosciences Website (<http://fulbright.uark.edu/departments/geosciences/>)

The Department of Geosciences offers three majors, two leading to a Bachelor of Science and one leading to a Bachelor of Arts:

- Earth Science (p. 253), B.S.
- Geography (p. 266), B.A.
- Geology (p. 268), B.S.

The department also offers coursework leading to a Geospatial Technologies Certificate.

- Certificate in Geospatial Technologies, the requirements of which are in the tab on this page.

Requirements for Geospatial Technologies Certificate

The Department of Geosciences also offers an online Geospatial Technologies Certificate through the University of Arkansas Global Campus (<http://globalcampus.uark.edu>). The certificate is designed for working professionals who wish to develop basic skills in the emerging field of geospatial technologies. Instruction prepares these individuals for employment in the geosciences and collateral disciplines as well as providing a foundational skill set for additional advanced work if desired. The certificate will also benefit students in two-year associate degree programs as well as undergraduates in four-year programs who wish to strengthen their skills.

Requirements for admission: Candidates should possess an associate's degree, two years of college, or equivalent work experience.

Requirements for a Geospatial Technologies Certificate: A total of 12-18 hours are required for the certificate.¹ Students must complete:

GEOS 3013	Foundations of Geospatial Data Analysis	3
GEOS 3103	Geospatial Technologies Computational Toolkit	3
GEOS 3543	Geospatial Applications and Information Science	3
GEOS 3553	Spatial Analysis Using ArcGIS	3
GEOS 3563	Geospatial Data Mining	3
GEOS 3593	Introduction to Geodatabases	3

¹ It is possible to waive 3 to 6 hours of required coursework for GEOS 3013 and GEOS 3103 through successful completion of proficiency exams.

Faculty

Aly, Mohamed H., Ph.D. (Texas A&M), M.S., B.S. (Zagazig University), Assistant Professor, 2013.

Anderson, Paula, M.S., B.S. (University of Arkansas), Instructor, 2014.

Boss, Steve K., Ph.D. (University of North Carolina at Chapel Hill), M.S. (Utah State University), B.S. (Bemidji State University), Professor, 1996.

Cothren, Jackson David, Ph.D., M.S. (The Ohio State University), B.S. (United States Air Force Academy), Associate Professor, 2004.

Covington, Matthew D., Ph.D. (University of California-Santa Cruz), B.A. (University of Arkansas), Associate Professor, 2012.

Davidson, Fiona M., Ph.D., M.A. (University of Nebraska-Lincoln), B.A. (Newcastle Upon Tyne Polytechnic), Associate Professor, 1992.

Davis, Ralph K., Ph.D., M.S., B.S. (University of Nebraska, Lincoln), Professor, 1994.

Dumond, Gregory, Ph.D. (University of Massachusetts), M.S. (Texas Tech University), B.S. (University of Texas El Paso), Associate Professor, 2010.

Feng, Song, Ph.D., M.S. (Chinese Academy of Sciences), B.S. (Yunnan University), Associate Professor, 2013.

Hays, Phillip D., Ph.D., M.S. (Texas A&M University), B.S. (University of Arkansas), Research Professor, 2000.

Holland, Edward C., Ph.D., M.A. (University of Colorado, Boulder), B.A. (Princeton University), Assistant Professor, 2016.

Lamb, Andrew P., Ph.D. (Boise State University), M.S. (Florida Institute of Technology), B.S. (University of Dublin, Trinity), Assistant Professor, 2017.

Limp, Fred, Ph.D., M.A., B.A. (Indiana University at Bloomington), University Professor, 1979.

Liner, Christopher L., Ph.D. (Colorado School of Mines), M.S. (University of Tulsa), B.S. (University of Arkansas), Professor, 2012.

Marshall, Jill A., Ph.D. (University of Oregon), Assistant Professor, 2017.

Paradise, Thomas R., Ph.D. (Arizona State University), M.A. (Georgia State University), F.G.A., G.G. (Gemological Institute of America), B.S. (University of Nevada), University Professor, 2000.

Potra, Adriana, Ph.D. (Florida International University), M.S., B.S. (University of Babes-Bolyai, Romania), Assistant Professor, 2012.

Sharman, Glenn R., Ph.D. (Stanford University), B.S. (Wheaton College), Assistant Professor, 2017.

Shaulis, Barry J., Ph.D., M.S., B.S. (University of Houston), B.B.A. (University of Georgia), Research Associate, 2016.

Shaw, John B., Ph.D. (University of Texas at Austin), B.A. (Oberlin College), Assistant Professor, 2014.

Shi, Xuan, Ph.D. (West Virginia University), M.S. (Indiana University of Pennsylvania), B.S. (Hubei University), Assistant Professor, 2012.

Stahle, David William, Ph.D. (Arizona State University), M.A. (University of Arkansas), B.A. (University of Arizona), Distinguished Professor, 1982.

Suarez, Celina A., Ph.D. (University of Kansas), M.S. (Temple University), B.S. (Trinity University), Associate Professor, 2012.

Sui, Daniel, Ph.D. (University of Georgia), M.S., B.S. (Peking University), Distinguished Professor, 2018.

Tullis, Jason A., Ph.D., M.S. (University of South Carolina at Columbia), B.S. (Brigham Young University), Professor, 2004.

Turner, Henry L., Ph.D., M.S. (University of Arkansas), B.S. (University of Oregon), Instructor, 2008.

Graphic Design (GDSB)

Jeannie Hulen

Interim Director of the School of Art

116 Fine Arts Building

479-575-5202

School of Art Website (<https://fulbright.uark.edu/departments/art/>)

The School of Art offers a Bachelor of Fine Arts degree program in Graphic Design. The degree prepares students to be proficient makers and thoughtful problem seekers and solvers. Students will work seamlessly across a range of media, working to identify appropriate solutions for audience and context. Students will be exposed to a rigorous curriculum covering research, theory, critical thinking, professional practices, conceptual idea-making and formal experimentation.

Requirements for Admission to the Fine Arts Degree in Graphic Design

For admission to the B.F.A. in Graphic Design, a student must be a declared Art major in the School of Art and successfully complete the art foundation course sequence of ARTS 1919C Studio Foundation I and ARTS 1929C Studio Foundation II. Students also must be enrolled in, or have completed, GDES 2313 Digital Tools and Concepts and GDES 3313 Introduction to Typography. Students must have a 3.0 grade point average and submit an application and a portfolio for review.

Requirements for the Bachelor of Fine Arts Degree in Graphic Design

In addition to the University Core requirements and the Fulbright College of Arts and Sciences Graduation Requirements (see under College Academic Regulations and Degree Completion Policy), the following course requirements must be met. Bolded courses from the list below may be applied to portions of the university/state minimum core requirements.

ARTS 1919C	Studio Foundation I	9
ARTS 1929C	Studio Foundation II	9
GDES 2313	Digital Tools and Concepts	3
GDES 3313	Introduction to Typography	3
GDES 3323	Typographic Systems	3
GDES 3383	User Experience	3
GDES 4343	Identity Systems	3
GDES 4303	Professional Development and Seminar	3
GDES 4313	Interactive Language	3
GDES 4323	Technology in Context	3
GDES 4353	Human Centered Design	3
GDES 4363	Design Co-op	3
GDES 4373	Advanced Typography	3
GDES 4383	Degree Project	3
A minimum of 12 hours in Art Electives		12
At least 15 hours in Art History including:		15
ARHS 2913	Art History Survey I (ACTS Equivalency = ARTA 2003)	
ARHS 2923	Art History Survey II (ACTS Equivalency = ARTA 2103)	
ARHS 4823	History of Graphic Design	
ARHS 4933	Contemporary Art	
3 additional hours in any upper-level ARHS		
Elective outside School of Art based on faculty approval		3
PHIL 2003	Introduction to Philosophy (ACTS Equivalency = PHIL 1103) ((satisfies University Core humanities requirement))	3

Graphic Design B.F.A. Eight-Semester Degree Program

First Year	Units	
	Fall	Spring
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3	
MATH 1203 College Algebra (ACTS Equivalency = MATH 1103) ((or higher level mathematics))	3	
ARTS 1919C Studio Foundation I	9	
ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023)		3
Social Science University Core requirement		3
ARTS 1929C Studio Foundation II		9
UNIV 1001 University Perspectives		1
Year Total:	15	16

Second Year	Units	
	Fall	Spring
Science University Core lecture with lab	4	
ARHS 2913 Art History Survey I (ACTS Equivalency = ARTA 2003)	3	
Arts Elective	3	
GDES 2313 Digital Tools and Concepts	3	
GDES 3313 Introduction to Typography	3	
Science University Core lecture with lab		4
ARHS 4823 History of Graphic Design		3
Arts Elective		3
ARTS 3323 Typographic Systems		3
Year Total:	16	13

Third Year	Units	
	Fall	Spring
PHIL 2003 Introduction to Philosophy (ACTS Equivalency = PHIL 1103)	3	
ARHS 2923 Art History Survey II (ACTS Equivalency = ARTA 2103)	3	
Arts Elective	3	
ARTS 3383 User Experience	3	
ARTS 3393 Identity Design	3	
Social Science University Core lecture		3
U.S. History University Core lecture		3
ARTS 4303 Professional Development and Seminar		3
ARTS 4313 Interactive Language		3
Arts Elective		3
Year Total:	15	15

Fourth Year	Units	
	Fall	Spring
Social Science University Core lecture	3	
ARHS 4933 Contemporary Art	3	
ARTS 4323 Technology in Context	3	
ARTS 4343 Identity Systems	3	

ARTS 4353 Human Centered Design	3	
Non-School of Art Elective		3
ARHS Elective		3
ARTS 4363 Design Co-Op		3
ARTS 4373 Advanced Typography		3
ARTS 4383 Degree Project		3
Year Total:	15	15

Total Units in Sequence: 120

Internship credit considered in lieu of required studios upon approval of professors, based on content and merit of internship.

History (HIST)

James Gigantino
Department Chair
416 Old Main
479-575-3001
jgiganti@uark.edu

History Department website (<http://fulbright.uark.edu/departments/history/>)

The Department of History offers an undergraduate major leading to a Bachelor of Arts in history as well as a minor in history.

The Department of History offers specialized study of world societies and their evolution to the present. Students may concentrate on areas such as Africa, the Middle East, Latin America, Asia, Europe, or the history of the United States. Undergraduate majors and minors prepare students for careers in government service, law, publishing, teaching, business school, diplomacy, journalism, archival management, communications, or graduate studies.

The Department of History also offers a highly competitive graduate program. Graduate faculty members direct both seminars and specialized training leading to the Master of Arts and Doctor of Philosophy degrees. The Department of History also offers junior and senior history majors an opportunity to secure valuable experience working in the field of history. Previous interns have worked for the Washington County Historical Society and the Arkansas Historical Association.

For requirements for advanced degrees in history, see the Graduate School Catalog (<http://catalog.uark.edu/graduatecatalog/programsofstudy/historyhist/>).

For information regarding departmental scholarships, visit the History Department's scholarships page (<http://fulbright.uark.edu/departments/history/undergraduate/scholarships.php>).

University and College Requirements for a Bachelor of Arts in

History: In addition to the Fulbright College of Arts and Sciences Graduation Requirements (see under Degree Completion Program Policy), the following course requirements must be met. **Bolded** courses from the course list below may be applied to portions of the University/state minimum core (p. 97) requirements.

University/State Minimum Core	35
Select any combination of 12 credit hours from the following list of introductory courses in world languages, area studies, and other related disciplines. Students intending to pursue a graduate degree are strongly encouraged to take a world language sequence, reaching a minimum proficiency at the Intermediate II (2013) level.	12

HIST 1003	Perspectives in History (Students are encouraged to take this course or HIST 1003H for honor students.)	
Any World Language Course(s)		
AAST 1003	Introduction to African and African American Studies	
AAST 2023	The African American Experience	
ANTH 1023	Introduction to Cultural Anthropology (ACTS Equivalency = ANTH 2013)	
CLST 1003	Introduction to Classical Studies: Greece	
CLST 1013	Introduction to Classical Studies: Rome	
ECON 2013	Principles of Macroeconomics (ACTS Equivalency = ECON 2103)	
ECON 2023	Principles of Microeconomics (ACTS Equivalency = ECON 2203)	
ECON 3063	Economics for Secondary Educators	
ENGL 2313	Survey of English Literature from 1700 to 1900 (ACTS Equivalency = ENGL 2683)	
ENGL 2353	Survey of Modern and Contemporary American Literature (ACTS Equivalency = ENGL 2663)	
GEOG 1123	Human Geography (ACTS Equivalency = GEOG 1113)	
GEOG 2003	World Regional Geography (ACTS Equivalency = GEOG 2103)	
GNST 2003	Introduction to Gender Studies	
INST 2013	Introduction to International and Global Studies	
JWST 2003	Introduction to Judaism	
LALS 2013	Latin American Studies	
MATH 2053	Finite Mathematics	
MATH 2183	Mathematical Reasoning in a Quantitative World	
MEST 2013	Introduction to Middle East Studies	
MRST 2013	Introduction to Medieval and Renaissance Studies	
PHIL 1003	Critical Reasoning: Discovery, Deduction, and Intellectual Self-Defense	
PHIL 2003	Introduction to Philosophy (ACTS Equivalency = PHIL 1103)	
PHIL 2103	Introduction to Ethics (ACTS Equivalency = PHIL 1003)	
PHIL 2203	Logic (ACTS Equivalency = PHIL 1003)	
PLSC 2003	American National Government (ACTS Equivalency = PLSC 2003)	
PLSC 2813	Introduction to International Relations	
SOCI 2013	General Sociology (ACTS Equivalency = SOCI 1013)	
SOST 2003	Introduction to Southern Studies	
STAT 2303	Principles of Statistics (ACTS Equivalency = MATH 2103)	
HIST Courses (39 hours)		
HIST 1113	Institutions and Ideas of World Civilizations I (ACTS Equivalency = HIST 1113) ¹	3
	or HIST 1113H Honors Institutions and Ideas of World Civilizations I	
HIST 1123	Institutions and Ideas of World Civilizations II (ACTS Equivalency = HIST 1123) ¹	3
	or HIST 1123H Honors Institutions and Ideas of World Civilizations II	

HIST 2003	History of the American People to 1877 (ACTS Equivalency = HIST 2113)	3
HIST 2013	History of the American People, 1877 to Present (ACTS Equivalency = HIST 2123)	3
HIST 4893	Senior Capstone Seminar ²	3
HIST courses 3000-level or higher from the History Group 1-3 list. At least 12 credit hours must be 4000-level or higher. ³		24
University Residency Requirement Electives (see Degree Completion Program Policy)		3
40-hour Rule Electives (see Degree Completion Program Policy)		10
General Electives		21
Total Hours		120

¹ College Honors students must take HIST 1113H, HIST 1123H, HIST 3973H and at least 3 credit hours of HIST 399VH. College Honors students may not apply more than 6 credit hours of HIST 399VH to the history major.

² Honors students must take HIST 3973H instead of HIST 4893. Under special circumstances, on a case by case basis, the program director may allow Honors students to take HIST 4893.

³ Students may not receive credit for both HIST 3383 and HIST 4583.

Students must select at least 3 credit hours from each of the following groups (1-3)

Courses listed in more than one group may fill only one group requirement.

Group 1: Europe, including Britain and Russia

HIST 3003	History of Christianity
HIST 3013	Ancient Historians
HIST 3063	Military History
HIST 3083	Women and Christianity
HIST 3423	British History, 1688-Present
HIST 3433	Twentieth Century Britain through Film
HIST 3443	Modern Imperialism
HIST 3453	Modern Terrorism
HIST 3533	World War II
HIST 3543	Russia to 1861
HIST 3553	Russia Since 1861
HIST 3573	World War I
HIST 3683	Europe in the 19th Century
HIST 3693	Europe in the 20th Century
HIST 3703	Urban History: The Modern Metropolis
HIST 3803	Special Topics in Ancient History
HIST 3833	Special Topics in European History
HIST 3963	Art as History
HIST 4003	Democratic Athens
HIST 4013	Alexander the Great and the Hellenistic World
HIST 4023	Roman Republic
HIST 4033	Roman Empire
HIST 4043	Late Antiquity and the Early Middle Ages
HIST 4053	Late Middle Ages
HIST 4203	History of the Holocaust
HIST 4073	Renaissance and Reformation, 1300-1600
HIST 4083	Early Modern Europe, 1600-1800

HIST 4103	Byzantine Empire
HIST 4113	Archaic Greece
HIST 4133	Society and Gender in Modern Europe
HIST 4143	Intellectual History of Europe Since the Enlightenment
HIST 4163	Tudor-Stuart England, 1485-1714
HIST 4183	Great Britain, 1707-1901
HIST 4193	Great Britain, 1901-2001
HIST 4213	The Era of the French Revolution
HIST 4223	France Since 1815
HIST 4233	The Atlantic World, 1400-1850
HIST 4243	Germany, 1789-1918
HIST 4253	Germany, 1918-1945
HIST 4273	Comparative Slavery
HIST 4303	Transatlantic Relations, 1919-Present
HIST 4323	Wars of Religion: From the Crusades to 9/11
HIST 4343	Golden Age Portugal and Spain
HIST 4793	Colonial India, 1758-1948
HIST 4803	Modern Scandinavia
HIST 4823	Black Freedom in the Age of Emancipation
HIST 4873	Germany since 1945
HIST 4883	Health and Disease: 1500 to the Present
HIST 4973	The Civilization of the Renaissance in Italy

Group 2: Africa, Asia, Caribbean, Latin America, Middle East, Near East, Russia

HIST 3033	Islamic Civilization
HIST 3043	History of the Modern Middle East
HIST 3053	Women, Gender, and Sexuality in Colonial Latin America
HIST 3073	Women and Gender in Modern Latin American History
HIST 3133	History of Sports in Africa
HIST 3183	Popular Culture in the Caribbean
HIST 3193	The Making of the Modern Caribbean
HIST 3203	Colonial Latin America
HIST 3213	Modern Latin America
HIST 3253	The History of Sub-Saharan Africa
HIST 3283	U.S. Latinos and Latinas through Film
HIST 3313	Latinos and Latinas in the U.S.
HIST 3453	Modern Terrorism
HIST 3473	Palestine and Israel in Modern Times
HIST 3513	History of China to 1644
HIST 3523	Modern China
HIST 3543	Russia to 1861
HIST 3553	Russia Since 1861
HIST 3623	Black Movements and Messiahs
HIST 3773	Introduction to Early South Asia
HIST 3783	Islam and Early South Asia
HIST 3813	Special Topics in African History
HIST 3823	Special Topics in Asian History
HIST 3843	Special Topics in Latin American and Caribbean History
HIST 3853	Special Topics in Middle East History

HIST 4123	Africa and the Trans-Atlantic Slave Trade
HIST 4173	The Latin American City
HIST 4233	The Atlantic World, 1400-1850
HIST 4263	Modern Africa
HIST 4273	Comparative Slavery
HIST 4333	Modern Islamic Thought
HIST 4363	The Middle East since 1914
HIST 4393	Early Modern Islamic Empires, 1300-1750
HIST 4403	Islam in Asia
HIST 4413	New Women in the Middle East
HIST 4433	Social and Cultural History of the Modern Middle East
HIST 4443	Frontiers and Borderlands in Colonial Latin America
HIST 4553	The Recluse in Early East Asia
HIST 4633	Heian Japan (794-1192)
HIST 4743	The Cold War in Latin America: Revolutions, Violence, and Politics
HIST 4783	History of Modern Mexico
HIST 4793	Colonial India, 1758-1948
HIST 4813	Africans and Slavery in Colonial Latin America
HIST 4823	Black Freedom in the Age of Emancipation
HIST 4853	Early Chinese Empires: Mythology, Archeology, and Historiography
HIST 4863	Classical Thought in East Asia
HIST 4883	Health and Disease: 1500 to the Present
HIST 4903	Music and the Arts of Edo Japan 1600-1868
HIST 4913	Reading Japanese Noh as Cultural History
HIST 4923	Song China 960-1279
HIST 4933	Ad Paradisum: Utopias, imaginary places, and the afterlife in East Asia
HIST 4953	The History of Sub-Saharan African Women
HIST 4963	Third World Underdevelopment and Modernization

Group 3: United States

HIST 3063	Military History
HIST 3093	Women in U.S. History
HIST 3233	African American History to 1877
HIST 3243	African American History Since 1877
HIST 3263	History of the American Indian
HIST 3273	Agricultural and Rural History of the United States
HIST 3283	U.S. Latinos and Latinas through Film
HIST 3293	History of Popular Culture
HIST 3303	U.S. Immigration History
HIST 3313	Latinos and Latinas in the U.S.
HIST 3323	The West of the Imagination
HIST 3383	Arkansas and the Southwest
HIST 3453	Modern Terrorism
HIST 3573	World War I
HIST 3583	The United States and Vietnam, 1945-1975
HIST 3593	The 1960s: A World Transformed
HIST 3603	Colonial and Revolutionary America, 1600-1789
HIST 3613	Early National and Antebellum America, 1789-1850
HIST 3863	Special Topics in U.S. History

HIST 4093	The History of African Americans and Social Justice
HIST 4233	The Atlantic World, 1400-1850
HIST 4273	Comparative Slavery
HIST 4303	Transatlantic Relations, 1919-Present
HIST 4383	The American Civil Rights Movement
HIST 4463	The American Frontier
HIST 4473	Environmental History
HIST 4483	African American Biographies
HIST 4493	Religion in America to 1860
HIST 4503	History of Political Parties in the United States, 1789-1896
HIST 4513	History of Political Parties in the United States Since 1896
HIST 4543	American Social and Intellectual History Since 1865
HIST 4563	The Old South, 1607-1865
HIST 4573	The New South, 1860 to the Present
HIST 4583	Arkansas in the Nation
HIST 4593	The Colonial French in the Mississippi Valley
HIST 4603	U.S. Labor History to 1877
HIST 4613	Colonial America 1600-1763
HIST 4623	Revolutionary America, 1763 to 1789
HIST 4643	Early American Republic, 1789-1828
HIST 4653	Antebellum America, 1828-1850
HIST 4663	Rebellion to Reconstruction, 1850-1877
HIST 4673	The American Civil War
HIST 4703	Emergence of Modern America, 1876-1917
HIST 4723	America Between the Wars, 1917-1941
HIST 4733	Recent America, 1941 to the Present
HIST 4753	Diplomatic History of the United States, 1776-1900
HIST 4763	Diplomatic History of the United States, 1900-1945
HIST 4773	Diplomatic History of the US, 1945 to Present
HIST 4823	Black Freedom in the Age of Emancipation
HIST 4943	U.S. Labor History, from 1877-present

In consultation with an adviser, students are encouraged to design a program of study with both breadth and depth. All history majors are also recommended to take a minor or additional major in one of the following:

- African and African American Studies
- Art History
- Asian Studies
- Classical Studies
- Gender Studies
- International Studies
- Jewish Studies
- Latin American and Latino Studies
- Medieval and Renaissance Studies
- Middle East Studies
- Religious Studies
- World Languages, Literatures, and Culture

Writing Requirement: To fulfill the Fulbright College writing requirement, each history major will submit, prior to graduation, a substantial research

or analytical paper, with a grade of "A" or "B" from an upper-division history course (3000, 4000, 5000 level) to his or her departmental adviser. The required senior capstone seminar, HIST 4893, is designed to give history majors the opportunity and guidance to produce a paper to meet the Fulbright College requirement, but students may also submit a paper from another course. Satisfactory completion of a thesis may also fulfill this requirement.

History B.A. Eight-Semester Degree Program

Students who elect to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 87) for university requirements of the program. University/state minimum core may vary by individual, based on placement and previous credit granted. Once all university/state minimum core requirements are met, students may substitute general electives in its place.

First Year	Units	
	Fall	Spring
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3	
MATH 1313 Quantitative Reasoning (ACTS Equivalency = MATH 1113) or MATH 1203 College Algebra (ACTS Equivalency = MATH 1103) or any MATH course numbered higher than MATH 1203	3	
HIST 1113 Institutions and Ideas of World Civilizations I (ACTS Equivalency = HIST 1113)	3	
Non-HIST Social Sciences university/state minimum core course	3	
Introductory course from list of world languages, area studies, and other related disciplines	3	
ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023)		3
HIST 1123 Institutions and Ideas of World Civilizations II (ACTS Equivalency = HIST 1123)		3
Fine Arts university/state minimum core course		3
Introductory course from list of world languages, area studies, and other related disciplines		3
Natural Sciences university/state minimum core lecture and corequisite lab		4
Year Total:	15	16

Second Year	Units	
	Fall	Spring
HIST 2003 History of the American People to 1877 (ACTS Equivalency = HIST 2113)	3	
Humanities university/state minimum core course	3	
Introductory course from list of world languages, area studies, and other related disciplines	3	
Natural Science university/state minimum core lecture and corequisite lab	4

HIST 4000 level (from Groups 1, 2, or 3 as needed)		3
HIST 4000 level (from Groups 1, 2, or 3 as needed)		3
General Electives		6
Year Total:	15	12

Total Units in Sequence: 120

Requirements for a Minor in History

A student must notify the department of his or her intent to minor. Requirements are 18 semester hours to include the following:

Select two of the following courses 6

HIST 1113	Institutions and Ideas of World Civilizations I (ACTS Equivalency = HIST 1113)
	or HIST 111: Honors Institutions and Ideas of World Civilizations I
	or HUMN 11 Honors Roots of Culture to 500 C.E.
HIST 1123	Institutions and Ideas of World Civilizations II (ACTS Equivalency = HIST 1123)
	or HIST 1123: Honors Institutions and Ideas of World Civilizations II
	or HUMN 211 Honors Birth of Modern Culture 1600-1900
HIST 2003	History of the American People to 1877 (ACTS Equivalency = HIST 2113)
HIST 2013	History of the American People, 1877 to Present (ACTS Equivalency = HIST 2123)

In addition, complete 12 hours of upper-level credit, at least 6 hours of which must be at the 4000-level. 12

Requirements for Departmental Honors in History: Both the College and the Departmental Honors Program in History provide undergraduates with an opportunity to carry out independent study and research under the guidance of history faculty and to participate in special honors courses, seminars, and colloquia. Admission to the Fulbright Honors Program is open to history majors with a minimum cumulative GPA of 3.5 in all of their courses. Honors candidates must complete a minimum of 12 credit hours in honors courses, including HIST 3973H and at least 3 but no more than 6 credit hours of HIST 399VH. Fulbright College honors students majoring in history must also complete either HIST 1113H or HUMN 1114H, and either HIST 1123H or HUMN 2114H. Also, honors candidates must complete a world language at the **Intermediate II** (2013) level or higher.

To complete the required thesis, honors candidates should choose a faculty thesis director as early as possible but no later than the first semester of the student's junior year. Honors candidates must meet the college's requirements for an honors degree. Students graduating with honors typically graduate with the distinction *cum laude*. Higher distinctions (*summa cum laude*, *magna cum laude*) are awarded by the Honors Council in truly exceptional cases and are based upon the whole of the candidate's program of honors studies.

History (B.A.) Social Studies Teacher Licensure Requirements:

Please refer to the Secondary Education Requirements for Fulbright College Students (p. 201).

Students who desire to teach social studies in middle school should consult with a middle-level adviser in the College of Education and Health Professions.

Faculty

Antov, Nikolay Atanasov, Ph.D. (University of Chicago), M.A. (Bilkent University, Turkey), B.A. (American University in Bulgaria), Associate Professor, 2011.

Austin, Shawn, Ph.D., M.A. (University of New Mexico), B.A. (Brigham Young University-Idaho), Assistant Professor, 2015.

Banton, Caree A., Ph.D. (Vanderbilt University), M.A. (University of Ghana), M.A. (University of New Orleans), B.A./B.P.A. (Grambling State University), Associate Professor, 2013.

Brogi, Alessandro, Ph.D. (Ohio University), Ph.D. (University of Florence, Italy), M.A. (Ohio University), B.A. (University of Florence, Italy), Professor, 2002.

Brubaker, Robert P., Ph.D. (University of Michigan-Ann Arbor), M.S. (University of Wisconsin-Milwaukee), B.A. (Grinnell College), Instructor, 2009.

Cleveland, Todd, Ph.D. (University of Minnesota), M.A., B.A. (University of New Hampshire), Associate Professor, 2015.

Conley, Nathaniel, Ph.D. (University of Arkansas), M.A., B.A. (Arkansas State University), Instructor, 2018.

Coon, Lynda L., Ph.D., M.A. (University of Virginia), B.A. (James Madison University), Professor, 1990.

Domínguez, Freddy C., Ph.D., M.A. (Princeton University), B.A. (Brown University), Assistant Professor, 2014.

Elkin, Daniel, M.A., B.A. (University of San Diego), Instructor, 2018.

Gage, Justin, Ph.D., M.A., B.A. (University of Arkansas), Instructor, 2016.

Gigantino, Jim, Ph.D. (University of Georgia), B.A. (University of Richmond), Professor, 2010.

Gordon, Joel Samuel, Ph.D. (University of Michigan-Ann Arbor), B.A. (University of Illinois), Professor, 1999.

Gordon, Ronald J., Ph.D. (University of Arkansas), Instructor, 2014.

Hammond, Kelly, Ph.D. (Georgetown University), M.A. (Simon Frazer University), B.A. (Bishop's University), Assistant Professor, 2015.

Hare, Laurence, Ph.D., M.A. (University of North Carolina at Chapel Hill), B.A. (University of Tennessee at Chattanooga), Associate Professor, 2010.

Harper, Misti, Ph.D., (University of Arkansas), M.A. (University of Central Arkansas), B.A. (University of the Ozarks), Instructor, 2017.

Johnson, Michele, M.A., B.A. (Sam Houston State University), Instructor, 2018.

Markham, Elizabeth Jane, Ph.D. (Cambridge University), B.A. (University of Otago, New Zealand), Professor, 2000.

Muntz, Charles E., Ph.D. (Duke University), B.A. (Swarthmore College), Associate Professor, 2008.

Pepitone, Lauren, Ph.D., M.A. (Johns Hopkins University), B.A., Vassar University, Assistant Professor, 2016.

Pierce, Michael C., Ph.D., M.A. (The Ohio State University), B.A. (Kenyon College), Associate Professor, 2001.

Powers, Michael, M.A. (Clemson University), B.A. (University of Florida), Instructor, 2018.

Robinson, Charles F., Ph.D. (University of Houston), M.A. (Rice University), B.A. (University of Houston), Professor, 1999.

Rodriguez, Sarah, Ph.D., B.A. (University of Pennsylvania), Assistant Professor, 2016.

Rosales, Steven, Ph.D. (University of California-Irvine), B.A. (University of California-San Diego), Associate Professor, 2013.

Sloan, Kathryn Ann, Ph.D., M.A., M.B.A. (University of Kansas), B.A. (Kansas State University), Professor, 2004.

Sonn, Richard D., Ph.D., M.A. (University of California-Berkeley), B.A. (University of Michigan), Professor, 1987.

Starks, Trish, Ph.D., M.A. (The Ohio State University), B.A. (University of Missouri), Professor, 2000.

Sutherland, Daniel E., Ph.D., M.A., B.A. (Wayne State University), Distinguished Professor, 1989.

West, Elliott, Ph.D., M.A. (University of Colorado-Boulder), B.A. (University of Texas, Austin), Alumni Distinguished Professor, 1979.

Whayne, Jeannie, Ph.D., M.A., B.A. (University of California-San Diego), University Professor, 1990.

White, Calvin, Ph.D. (University of Mississippi), M.A., B.A. (University of Central Arkansas), Associate Professor, 2007.

Williams, Patrick George, Ph.D., M.A. (Columbia University), B.A. (University of Texas at Austin), Professor, 1998.

Woods, Randall B., Ph.D., M.A., B.A. (University of Texas at Austin), Distinguished Professor, 1971.

Humanities (HUMN)

Kathryn A. Sloan
Director of Humanities
419 Old Main
479-575-5887

The Humanities Program supports the Honors Humanities Project (H2P) and promotes humanistic scholarship and inquiry, innovative and interdisciplinary teaching, and humanities scholarship to the wider community.

Indigenous Studies (INDS)

Sean Teuton
Director of Indigenous Studies
479-575-6000
Kimpel Hall 333

steuton@uark.edu

The Indigenous Studies minor invites discovery of alternative world views, ecological relationships, societies, religions, arts, and governments of indigenous peoples in North America and beyond from antiquity to the present. Immersed in this inherently interdisciplinary field of study, students have the opportunity to master and employ its many theories and methodologies, debates and issues, in often comparative contexts. Such exposure and training prepares those who achieve the minor for graduate work in the humanities, business, law, and the sciences as they pertain to indigenous peoples, but also for any career that requires a supple knowledge of cultural difference between Arkansas and an increasingly global world.

Requirements for a Minor in Indigenous Studies

Students seeking the minor in Indigenous Studies must complete three courses, one from each of three core groups: Culture, History and Literature. Students then complete two additional elective courses from the list below for a total of 15 credit hours. Other courses not listed below may serve the requirements, although only as approved by the Indigenous Studies program director. Only 6 credit hours can count toward requirements of other majors or minors.

Culture

ANTH 3213	Indigenous Peoples of North America: Anthropological Perspectives	3
ANTH 3263	Indians of Arkansas and the South	3
ANTH 3473	North American Prehistory	3
ANTH 3533	Medical Anthropology	3
ANTH 4143	Ecological Anthropology	3

History

HIST 3263	History of the American Indian	3
-----------	--------------------------------	---

Literature

COMM 3983	Special Topics	3
ENGL 3553	Topics in Native American Literature and Culture ¹	3
ENGL 4553	Studies in Native American Literature and Culture ¹	3
WLLC 4043	The Early French in North America ²	3
WLLC 4053	The Colonial French in the Mississippi Valley ²	3

¹ Topics and studies include over a dozen courses.

² Courses focus on early indigenous and French encounters in the Canadian Quebec region and along the Lower Mississippi River Valley, including the Arkansas area, respectively, combining ethnohistory and literary study of accounts found in original documents. Taught in English language.

Interdisciplinary Studies (IDST)

Robert Brady
Program Director
Kimpel Hall 417
479-575-3048
rbrady@uark.edu

The Interdisciplinary Studies Program is targeted toward highly motivated students whose interests, needs, and talents are not reflected or met by existing majors. It is a major in which students will pursue coursework from two or more traditional disciplines in sufficient depth and breadth to

prepare them for employment or graduate/professional study. The major will lead to a Bachelor of Arts in interdisciplinary studies.

There are two options for students who wish to pursue a B.A. in Interdisciplinary Studies:

- Option 1 – Construction of an Interdisciplinary Studies major consisting of at least two of three thematically linked minors from within the Fulbright College of Arts and Sciences. One of the three minors may be selected from a program in another college at the university. Students interested in Option 1 will follow the specific program requirements as specified by each minor. For Option 1, a course plan of study must contain a minimum of 45 credit hours with a maximum number of hours dependent on which group of three minors are selected (in most instances this number would range from 45-57 hours). Students selecting Option 1 must consult during their first semester of enrollment with the IDSTBA Program Director to develop their course plan of study.
- Option 2 – Construction of an Interdisciplinary Studies major consisting of a thematically linked set of coursework primarily selected from, but not limited to, courses in Fulbright College. Students selecting Option 2 must consult during their first semester of enrollment with the IDSTBA Program Director to develop an individualized course plan of study. The course plan must contain a minimum of 45 credit hours with a maximum of 21 hours of course work from a single discipline. Thirty credit hours of the proposed coursework must be at the 3000 or 4000 level. At least two-thirds of the advanced level coursework must be completed on the UA-Fayetteville campus.

In addition to the Plan of Study, students wishing to pursue the interdisciplinary studies major must also submit a narrative statement that (1) expresses how the proposed coursework (or group of minors) fit together thematically; (2) expresses why the student's interests and needs are not met by existing degree programs; and (3) expresses how the interdisciplinary studies major contributes to the student's career goals and post-graduate opportunities.

Interdisciplinary Studies Program Requirements: A student interested in pursuing a degree in Interdisciplinary Studies must have earned less than 75 credit hours in order to select the IDSTBA major.

Students must maintain a GPA of 2.5 or better on coursework constituting the major (e.g., Option 1 or Option 2) for continuation in the program and in order to graduate with an Interdisciplinary Studies major. Should a student's GPA in the major fall below 2.50, he or she will have one semester to bring the GPA back to an acceptable level.

Students in Option 2 of the Interdisciplinary Studies Program are strongly encouraged to include an Independent Study/Research Project as a component of the major. Students pursuing an independent study research project may add up to 6 credit hours of such activity to the 21-hour maximum in a single discipline.

In addition to the coursework defined in the student's Interdisciplinary Studies major, the student must satisfy all College and University requirements related to the University Core (p. 97) and advanced-level courses (p. 198).

Writing Requirement: To complete the Fulbright College writing requirement, students must submit one of the following:

1. Complete at least one upper-division course that satisfies the College Writing Requirement in one of the disciplines contributing to the student's course plan (Option 1 or Option 2).
2. Submit to the program director a research paper that is no less than 12 pages in length, includes 10 references, and is written in an upper-division course in one of the disciplines contributing to the student's course plan (Option 1 or Option 2).

Interdisciplinary Studies B.A. Eight-Semester Degree Plan

Students wishing to follow the eight-semester degree plan should see the Academic Regulations chapter for university requirements. University Core requirements may vary by individual, based on placement and previous credit granted. Once all University Core requirements are met, students may substitute a 3-hour (or more) general elective in place of a core area.

Students in the Interdisciplinary Studies Program develop individualized course plans. These courses are referred to in the plan below as IDST Course Plan hours.

First Year	Units	
	Fall	Spring
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3	
MATH 1203 College Algebra (ACTS Equivalency = MATH 1103) (or higher if appropriate for IDST individual plan))	3	
Approved science core lecture requirement with corequisite lab requirement.	4	
Elementary II world language course (recommended)	3	
Fine Arts core requirement	3	
ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023)		3
Approved science core lecture with corequisite lab requirement		4
Intermediate I world language course (recommended) or other Humanities core course requirement		3
HIST 2003 History of the American People to 1877 (ACTS Equivalency = HIST 2113) or HIST 2103 History of the American People, 1877 to Present (ACTS Equivalency = HIST 2123) or PLSC 2003 American National Government (ACTS Equivalency = PLSC 2003)		3

International and Global Studies (INST)

J. Laurence Hare
Chair of Studies
416 Old Main
479-575-5890

International and Global Studies Website (<http://ir.uark.edu>)

The International Studies Program offers a major leading to a Bachelor of Arts degree. The program offers two concentrations, one in European and Transatlantic Affairs, and a second in Peace, Security and Human Rights.

The J. William Fulbright College of Arts and Sciences is strongly committed to the study of global interactions, and this program offers students a strong foundation for more advanced study as well as preparation for careers in an increasingly global economy and society. The degree offers a broad interdisciplinary course of study with a strong intercultural and international focus. Intensive language study and study abroad are especially encouraged.

Students who major in international and global studies are encouraged to pursue a minor or second major. Recommended fields include anthropology, economics, geography, history, political science, sociology, or world languages. Students may not earn both a major in International Studies and a minor in Global Studies.

B.A. in International and Global Studies with European and Transatlantic Affairs Concentration

B.A. in International and Global Studies

In addition to the University Core requirements (p. 97) and the Fulbright College of Arts and Sciences Graduation Requirements (p. 198), the B.A. in International and Global Studies requires 120 hours of coursework, including the following courses.

General Requirements

A minimum of 42 hours to include:

INST 2013	Introduction to International and Global Studies	3
INST 4003	International Studies Seminar	3
	or INST 4003H Honors International Studies Seminar	

Economics Requirement 3

(Also meets University Core Requirement)

ECON 2143	Basic Economics: Theory and Practice (recommended) ¹
or ECON 2013	Principles of Macroeconomics (ACTS Equivalency = ECON 2103)
or ECON 2023	Principles of Microeconomics (ACTS Equivalency = ECON 2203)

World Culture Requirement 6

Choose two of the following (ANTH 1023, GEOS 2003, and HIST 1123 also meets University Core Requirements):

ANTH 1023	Introduction to Cultural Anthropology (ACTS Equivalency = ANTH 2103)
GEOS 2003	World Regional Geography (ACTS Equivalency = GEOG 2103)
HIST 1123	Institutions and Ideas of World Civilizations II (ACTS Equivalency = HIST 1123)
PLSC 2813	Introduction to International Relations

Mathematics Requirement 3

Choose one of the following:

MATH 2033	Mathematical Thought
MATH 2043	Survey of Calculus (ACTS Equivalency = MATH 2203)
MATH 2053	Finite Mathematics
MATH 2183	Mathematical Reasoning in a Quantitative World
STAT 2303	Principles of Statistics (ACTS Equivalency = MATH 2103)

Language Requirement 6-18

Six credit hours of 3000-level or higher modern world language instruction in one of the following languages: Arabic, Chinese, French, German, Italian, Japanese, Russian, or Spanish. Students completing the European and Transatlantic Affairs Concentration must select a language from French, German, Italian, Russian, or Spanish. Students completing the Global South Concentration must select a language from Arabic, French, Portuguese, or Spanish. This requirement cannot be fulfilled with 3 credits in one language and three credits in another language. Students may need to fulfill prerequisites in a world language at the 1003, 1013, 2003, or 2013 levels, depending on placement in that language. Students may meet this requirement with the study of other languages with permission of the International and Global Studies director.

¹ Students are encouraged to take ECON 2143, which will satisfy the prerequisite for most upper-level ECON courses. Students who select either ECON 2013 or ECON 2023 to meet the Economics Requirement for the major will have to complete both ECON 2013 and ECON 2023 if they wish to take upper-level ECON courses.

Internships: All International Studies majors are strongly encouraged to seek out an internship of international focus. Up to six hours of INST 300V Internship in International Studies may be earned and applied to the Concentration requirement.

Independent Study: With prior approval of the International Studies program director or designee, up to three credit hours of independent study (INST 406V) may be earned and applied to the Concentration requirement.

Capstone Experience and Fulbright College Writing Requirement:

The International Studies Seminar (INST 4003/INST 4003H) provides the capstone experience for International Studies majors. Successful completion of INST 4003 or INST 4003H with a grade of "C" or better satisfies the Fulbright College Writing Requirement for International Studies majors.

Additional Requirements for the European and Transatlantic Affairs

Concentration: Students must complete 18 credit hours from the following:

INST 3303	European Integration and Globalization	3
Global Topics		
Choose one course from the following:		3
HIST 3453	Modern Terrorism	
HIST 4473	Environmental History	
HIST/INST 4693	Approaching Global History	
HIST 4963	Third World Underdevelopment and Modernization	
INST 3603	Universal Human Rights: History and Practice since 1945	
INST 4653	International Food Security and Food Sovereignty	
PLSC 3803	International Organization	
PLSC 3813	International Law	
PLSC/INST 4893	International Negotiation and Mediation	
European and Transatlantic Affairs Topics		12
Chose four courses. With the exception of INST courses, no more than two courses may come from the same discipline.		
ECON 4173	Nation Model United Nations	
ECON 4633	International Trade	
GEOS 4783	Geography of Europe	
HIST 3423	British History, 1688-Present	
HIST 3433	Twentieth Century Britain through Film	
HIST 3533	World War II	
HIST 3543	Russia to 1861	
HIST 3553	Russia Since 1861	
HIST 3573	World War I	
HIST 3683	Europe in the 19th Century	
HIST 3693	Europe in the 20th Century	
HIST 3833	Special Topics in European History	
HIST 4133	Society and Gender in Modern Europe	
HIST 4143	Intellectual History of Europe Since the Enlightenment	
HIST 4183	Great Britain, 1707-1901	
HIST 4193	Great Britain, 1901-2001	
HIST 4203	History of the Holocaust	
HIST 4213	The Era of the French Revolution	
HIST 4223	France Since 1815	
HIST 4233	The Atlantic World, 1400-1850	
HIST 4243	Germany, 1789-1918	
HIST 4253	Germany, 1918-1945	
HIST 4303	Transatlantic Relations, 1919-Present	
HIST 4803	Modern Scandinavia	
HIST 4873	Germany since 1945	

INST 300V	Internship in International Studies
INST 399VH	Honors Thesis
INST 406V	Independent Study in International Studies
PHIL 4033	Modern Philosophy-17th and 18th Centuries
PHIL 4043	Nineteenth Century Continental Philosophy
PHIL 4063	Twentieth Century Continental Philosophy
PLSC 3553	Western European Politics
PLSC 4563	Government and Politics of Russia

International and Global Studies B.A. with European and Transatlantic Affairs Concentration

Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 87) in the Academic Regulations chapter for university requirements of the program. Core requirement hours may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute a three-hour (or more) general elective in place of a core area.

First Year	Units	
	Fall	Spring
UNIV 1001 University Perspectives	1

B.A. in International and Global Studies with Global South Concentration

B.A. in International and Global Studies

In addition to the University Core requirements (p. 97) and the Fulbright College of Arts and Sciences Graduation Requirements (p. 198), the B.A. in International and Global Studies requires 120 hours of coursework, including the following courses.

General Requirements

A minimum of 42 hours to include:

INST 2013	Introduction to International and Global Studies	3
INST 4003	International Studies Seminar or INST 4003H Honors International Studies Seminar	3

Economics Requirement 3

(Also meets University Core Requirement)

ECON 2143	Basic Economics: Theory and Practice (recommended) ¹
or ECON 2013	Principles of Macroeconomics (ACTS Equivalency = ECON 2103)
or ECON 2023	Principles of Microeconomics (ACTS Equivalency = ECON 2203)

World Culture Requirement 6

Choose two of the following (ANTH 1023, GEOS 2003, and HIST 1123 also meets University Core Requirements):

ANTH 1023	Introduction to Cultural Anthropology (ACTS Equivalency = ANTH 213)
GEOS 2003	World Regional Geography (ACTS Equivalency = GEOG 2103)
HIST 1123	Institutions and Ideas of World Civilizations II (ACTS Equivalency = HIST 1123)
PLSC 2813	Introduction to International Relations

Mathematics Requirement 3

Choose one of the following:

MATH 2033	Mathematical Thought
MATH 2043	Survey of Calculus (ACTS Equivalency = MATH 2203)
MATH 2053	Finite Mathematics
MATH 2183	Mathematical Reasoning in a Quantitative World
STAT 2303	Principles of Statistics (ACTS Equivalency = MATH 2103)

Language Requirement 6-18

Six credit hours of 3000-level or higher modern world language instruction in one of the following languages: Arabic, Chinese, French, German, Italian, Japanese, Russian, or Spanish. Students completing the European and Transatlantic Affairs Concentration must select a language from French, German, Italian, Russian, or Spanish. Students completing the Global South Concentration must select a language from Arabic, French, Portuguese, or Spanish. This requirement cannot be fulfilled with 3 credits in one language and three credits in another language. Students may need to fulfill prerequisites in a world language at the 1003, 1013, 2003, or 2013 levels, depending on placement in that language. Students may meet this requirement with the study of other languages with permission of the International and Global Studies director.

- ¹ Students are encouraged to take ECON 2143, which will satisfy the prerequisite for most upper-level ECON courses. Students who select either ECON 2013 or ECON 2023 to meet the Economics Requirement for the major will have to complete both ECON 2013 and ECON 2023 if they wish to take upper-level ECON courses.

Internships: All International Studies majors are strongly encouraged to seek out an internship of international focus. Up to six hours of INST 300V Internship in International Studies may be earned and applied to the Concentration requirement.

Independent Study: With prior approval of the International Studies program director or designee, up to three credit hours of independent study (INST 406V) may be earned and applied to the Concentration requirement.

Additional requirements for the Global South Concentration

Required Course

INST 3503	Issues in the Global South	3
One thematic course chosen from the following:		3
ECON 4173	Nation Model United Nations	
ECON 4633	International Trade	
ECON 3843	Economic Development, Poverty & the Role of the World Bank and IMF in Low-Income Countries	
ECON 3853	Emerging Markets	
ENGL 3763	Topics in Postcolonial Literature and Culture	
HIST 3443	Modern Imperialism	
HIST 4233	The Atlantic World, 1400-1850	
HIST 4473	Environmental History	
HIST 4963	Third World Underdevelopment and Modernization	
INST 3303	European Integration and Globalization	
INST 3603	Universal Human Rights: History and Practice since 1945	
INST 4103	Geography of Political Violence	
INST 4103H	Honors Geography of Political Violence	
INST 4653	International Food Security and Food Sovereignty	
INST 4693	Approaching Global History	
INST 4873	International Communication and Globalization	
INST 4893	International Negotiation and Mediation	
MGMT 3673	Social Entrepreneurship	
PLSC 3803	International Organization	
PLSC 3813	International Law	

Area Studies

Four Area Studies and Additional Electives courses chosen from the list of electives below. Students must select courses from at least two different area studies categories

African and African-American Studies

AAST 3133	History of Sports in Africa
AAST 3183	Popular Culture in the Caribbean
AAST 3193	The Making of the Modern Caribbean
AAST 3253	The History of Sub-Saharan Africa
AAST 4003	African & African American Studies Study Abroad
AAST 4003H	Honors African & African American Studies Study Abroad
AAST 4063	Women in Africa
AAST 4073	African Sociolinguistics
AAST 4083	African Popular Culture
AAST 4123	Africa and the Trans-Atlantic Slave Trade
AAST 4263	Modern Africa
AAST 4273	Comparative Slavery
AAST 4583	Cultures of Africa
AAST 4813	Africans and Slavery in Colonial Latin America
AAST 4823	Black Freedom in the Age of Emancipation
AAST 4953	The History of Sub-Saharan African Women

Latin American and Latino Studies

ANTH 3503	Power and Popular Protest in Latin America
ANTH 3553	Religion in Latin America
ARHS 4563	Pre-Columbian Art
ARHS 4563H	Honors Pre-Columbian Art
ARHS 4573	Artists of New Spain
ARHS 4573H	Honors Artists of New Spain
HIST 3073	Women and Gender in Modern Latin American History
HIST 3203	Colonial Latin America
HIST 3213	Modern Latin America
HIST 3843	Special Topics in Latin American and Caribbean History
HIST 4173	The Latin American City
HIST 4293	Latin American Environmental History
HIST 4443	Frontiers and Borderlands in Colonial Latin America
HIST 4783	History of Modern Mexico
LALS 4003	Latin American Studies Colloquium
PLSC 3573	Governments and Politics of Latin America
PLSC 4873	Inter-American Politics
SPAN 4223	Latin American Civilization
SPAN 4253	Latin American Cinema and Society
SPAN 4883	Indigenous Literatures of Mesoamerica, the Andes and the Amazon

Middle East Studies

ANTH 4533	Middle East Cultures
ANTH 4913	Topics of the Middle East
GEOS 4043	Geography of the Middle East
HIST 3033	Islamic Civilization
HIST 3043	History of the Modern Middle East

HIST 3473	Palestine and Israel in Modern Times
HIST 4393	Early Modern Islamic Empires, 1300-1750
HIST 4413	New Women in the Middle East
HIST 4433	Social and Cultural History of the Modern Middle East
MEST 4003	Middle East Studies Colloquium
MEST 4003H	Honors Middle East Studies Colloquium
PLSC 3523	Politics of the Middle East
PLSC 4593	Islam and Politics
PLSC 4843	The Middle East in World Affairs

Additional Electives

INST 300V	Internship in International Studies
INST 399VH	Honors Thesis
INST 406V	Independent Study in International Studies

B.A. in International and Global Studies

In addition to the University Core requirements (p. 97) and the Fulbright College of Arts and Sciences Graduation Requirements (p. 198), the B.A. in International and Global Studies requires 120 hours of coursework, including the following courses.

General Requirements

A minimum of 42 hours to include:

INST 2013	Introduction to International and Global Studies	3
INST 4003	International Studies Seminar	3
or INST 4003H	Honors International Studies Seminar	

Economics Requirement 3

(Also meets University Core Requirement)

ECON 2143	Basic Economics: Theory and Practice (recommended) ¹
or ECON 2013	Principles of Macroeconomics (ACTS Equivalency = ECON 2103)
or ECON 2023	Principles of Microeconomics (ACTS Equivalency = ECON 2203)

World Culture Requirement 6

Choose two of the following (ANTH 1023, GEOS 2003, and HIST 1123 also meets University Core Requirements):

ANTH 1023	Introduction to Cultural Anthropology (ACTS Equivalency = ANTH 2013)
GEOS 2003	World Regional Geography (ACTS Equivalency = GEOG 2103)
HIST 1123	Institutions and Ideas of World Civilizations II (ACTS Equivalency = HIST 1123)
PLSC 2813	Introduction to International Relations

Mathematics Requirement 3

Choose one of the following:

MATH 2033	Mathematical Thought
MATH 2043	Survey of Calculus (ACTS Equivalency = MATH 2203)
MATH 2053	Finite Mathematics
MATH 2183	Mathematical Reasoning in a Quantitative World
STAT 2303	Principles of Statistics (ACTS Equivalency = MATH 2103)

Language Requirement 6-18

Six credit hours of 3000-level or higher modern world language instruction in one of the following languages: Arabic, Chinese, French, German, Italian, Japanese, Russian, or Spanish. Students completing the European and Transatlantic Affairs Concentration must select a language from French, German, Italian, Russian, or Spanish. Students completing the Global South Concentration must select a language from Arabic, French, Portuguese, or Spanish. This requirement cannot be fulfilled with 3 credits in one language and three credits in another language. Students may need to fulfill prerequisites in a world language at the 1003, 1013, 2003, or 2013 levels, depending on placement in that language. Students may meet this requirement with the study of other languages with permission of the International and Global Studies director.

- ¹ Students are encouraged to take ECON 2143, which will satisfy the prerequisite for most upper-level ECON courses. Students who select either ECON 2013 or ECON 2023 to meet the Economics Requirement for the major will have to complete both ECON 2013 and ECON 2023 if they wish to take upper-level ECON courses.

Internships: All International Studies majors are strongly encouraged to seek out an internship of international focus. Up to six hours of INST 300V Internship in International Studies may be earned and applied to the Concentration requirement.

Independent Study: With prior approval of the International Studies program director or designee, up to three credit hours of independent study (INST 406V) may be earned and applied to the Concentration requirement.

Additional Electives

INST 300V	Internship in International Studies
INST 399VH	Honors Thesis
INST 406V	Independent Study in International Studies

B.A. in International and Global Studies with Peace, Security and Human Rights Concentration

B.A. in International and Global Studies

In addition to the University Core requirements (p. 97) and the Fulbright College of Arts and Sciences Graduation Requirements (p. 198), the B.A. in International and Global Studies requires 120 hours of coursework, including the following courses.

General Requirements

A minimum of 42 hours to include:

INST 2013	Introduction to International and Global Studies	3
INST 4003	International Studies Seminar	3
	or INST 4003H Honors International Studies Seminar	

Economics Requirement 3

(Also meets University Core Requirement)

ECON 2143	Basic Economics: Theory and Practice (recommended) ¹
	or ECON 2013 Principles of Macroeconomics (ACTS Equivalency = ECON 2103)
	or ECON 2023 Principles of Microeconomics (ACTS Equivalency = ECON 2203)

World Culture Requirement 6

Choose two of the following (ANTH 1023, GEOS 2003, and HIST 1123 also meets University Core Requirements):

ANTH 1023	Introduction to Cultural Anthropology (ACTS Equivalency = ANTH 2013)
GEOS 2003	World Regional Geography (ACTS Equivalency = GEOG 2103)
HIST 1123	Institutions and Ideas of World Civilizations II (ACTS Equivalency = HIST 1123)
PLSC 2813	Introduction to International Relations

Mathematics Requirement 3

Choose one of the following:

MATH 2033	Mathematical Thought
MATH 2043	Survey of Calculus (ACTS Equivalency = MATH 2203)
MATH 2053	Finite Mathematics
MATH 2183	Mathematical Reasoning in a Quantitative World

STAT 2303	Principles of Statistics (ACTS Equivalency = MATH 2103)
-----------	---

Language Requirement 6-18

Six credit hours of 3000-level or higher modern world language instruction in one of the following languages: Arabic, Chinese, French, German, Italian, Japanese, Russian, or Spanish. Students completing the European and Transatlantic Affairs Concentration must select a language from French, German, Italian, Russian, or Spanish. Students completing the Global South Concentration must select a language from Arabic, French, Portuguese, or Spanish. This requirement cannot be fulfilled with 3 credits in one language and three credits in another language. Students may need to fulfill prerequisites in a world language at the 1003, 1013, 2003, or 2013 levels, depending on placement in that language. Students may meet this requirement with the study of other languages with permission of the International and Global Studies director.

- ¹ Students are encouraged to take ECON 2143, which will satisfy the prerequisite for most upper-level ECON courses. Students who select either ECON 2013 or ECON 2023 to meet the Economics Requirement for the major will have to complete both ECON 2013 and ECON 2023 if they wish to take upper-level ECON courses.

B.A. in International and Global Studies with Peace, Security and Human Rights Concentration

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 87) in the Academic Regulations chapter for university requirements of the program. Core requirement hours may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute a three-hour (or more) general elective in place of a core area.

First Year	Units	
	Fall	Spring
UNIV 1001 University Perspectives	1	
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3	
MATH 1203 College Algebra (ACTS Equivalency = MATH 1103)	3	
PLSC 2003 American National Government (ACTS Equivalency = PLSC 2003)	3	
1003 Elementary I world language (depending on placement in sequence)	3	
World Culture Topics Elective, choose one of the following:	3	
ANTH 1023 Introduction to Cultural Anthropology (ACTS Equivalency = ANTH 2013)		
GEOS 2003 World Regional Geography (ACTS Equivalency = GEOG 2103)		
HIST 1123 Institutions and Ideas of World Civilizations II (ACTS Equivalency = HIST 1123)		
PLSC 2813 Introduction to International Relations		
ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023)	3	
INST 2013 Introduction to International and Global Studies	3	
World Culture Requirement (choose one not taken yet)	3	
ANTH 1023 Introduction to Cultural Anthropology (ACTS Equivalency = ANTH 2013)		
GEOS 2003 World Regional Geography (ACTS Equivalency = GEOG 2103)		
HIST 1123 Institutions and Ideas of World Civilizations II (ACTS Equivalency = HIST 1123)		
PLSC 2813 Introduction to International Relations		
1013 Elementary II world language (depending on placement in sequence)	3	
Mathematics (choose one from the following)	3	
MATH 2033 Mathematical Thought		
MATH 2043 Survey of Calculus (ACTS Equivalency = MATH 2203)		
MATH 2053 Finite Mathematics		
MATH 2183 Mathematical Reasoning in a Quantitative World

Total Units in Sequence:	120
--------------------------	-----

Requirements for a minor in Global Studies: The minor in Global Studies requires 15 hours of coursework including the following:

Global Issues (6 hours)

INST 2013	Introduction to International and Global Studies	3
Choose one Global Issues elective from the following:		3
HIST 3453	Modern Terrorism	
HIST 4473	Environmental History	
HIST/INST 4693	Approaching Global History	
HIST 4963	Third World Underdevelopment and Modernization	
INST 3603	Universal Human Rights: History and Practice since 1945	
INST 4003	International Studies Seminar	
INST 4653	International Food Security and Food Sovereignty	
PLSC 3803	International Organization	
PLSC 3813	International Law	

PLSC/INST 4893 International Negotiation and Mediation

Intercultural Requirement 9

Choose from one of two options.

Option 1

Three courses of language instruction in a single world language, including at least two courses at the 3000-level or higher taught in the target language.

Option 2

Any combination of the following:

3-hour course of language instruction in any world language at the 2003 level or higher.

Up to three Area Studies Electives listed in the undergraduate catalog as approved electives for one of the following: African and African-American Studies, Asian Studies, Latino and Latin American Studies, Middle East Studies, or the European and Transatlantic Concentration in International Studies. At least one course must be at the 3000-4000 level.

3 hours in an approved international experience, such as a study abroad program, international internship, or international research experience. The three credit hours may not be applied to other requirements of the minor.

Total Hours 15

Honors Requirements

Admission to the Fulbright Honors Program is open to majors in the international and global studies program who have a minimum cumulative grade-point average of 3.5 in all of their coursework. College and Departmental Honors candidates must complete a minimum of 12 hours in honors courses, including at least 3 but no more than 6 hours of INST 399VH. Hours earned in INST 399VH may be applied to the Global Studies Requirement for the international studies major.

To complete the required thesis, honors candidates should choose a faculty thesis director as early as possible but no later than the first semester of the student's junior year. Honors candidates must meet the college's requirements for an honors degree. Students graduating with honors typically graduate with the distinction *cum laude*. Higher distinctions (*magna cum laude*, *summa cum laude*) are awarded by the Honors Council in truly exceptional cases and are based upon the whole of the candidate's program of honors studies.

Jewish Studies (JWST)

Jennifer Hoyer
Director of Jewish Studies
Kimpel Hall 425
479-575-2951
jhoyer@uark.edu

Jewish Studies website (<https://fulbright.uark.edu/programs/jewish-studies/>)

The Jewish Studies minor introduces students to Jewish history, thought, and lifeways, through the millennia and around the globe. Students take courses introducing them to the basic tenets of Judaism, to fundamentals of Jewish languages (Aramaic, Biblical Hebrew, Modern Hebrew, and Yiddish), and to major strands in European, American, and Middle Eastern Jewish thought. Affiliated courses will cover Jewish literature; religious dialogue and history; current politics; ancient, medieval, early modern, and modern Jewish history; and discourse on gender,

multiculturalism, and social justice. Jewish Studies offers a broad interdisciplinary context of coursework that can complement most programs of study.

Requirements for a Minor in Jewish Studies: Students who minor in Jewish Studies will take JWST 2003 Introduction to Judaism, a 3-credit hour introductory interdisciplinary course that lays out historical, religious, cultural, linguistic, and philosophical foundations and questions critical to any exploration of any branch of Jewish Studies. Students must take an additional 12 hours of elective coursework from among options listed below. Other courses with significant Jewish Studies-related content and the possibility for an additional Jewish Studies project (for example Religious Studies courses, Middle East Studies courses, or appropriate literature or cinema courses), subject to approval by the chair of the Jewish Studies program, will also be considered.

Choose 12 hours from the following: 12

JWST 3103	Introduction to Jewish Languages
JWST 4003	Modern Jewish Thought
JWST 4013	Contemporary Jewish Thought
ENGL 3843	Topics in Modern and Contemporary American Literature and Culture
MRST 3013	Special Topics in Medieval Studies
GERM 4013	Germany and the Holocaust: The Significance of the Holocaust in Differentiated Contexts
GERM 470V	Special Topics
HIST 3043	History of the Modern Middle East
HIST 3473	Palestine and Israel in Modern Times
HIST 4143	Intellectual History of Europe Since the Enlightenment
HIST 4493	Religion in America to 1860
GREK 2003	Intermediate Ancient Greek I
GREK 4093	Biblical and Patristic Greek
HUMN 425V	Colloquium (The Land of Israel in Jewish Thought)
HUMN 425V	Colloquium (Jewish-Christian Relations)
HUMN 425V	Colloquium (Intensive Biblical Hebrew)

Total Hours 12

School of Journalism and Strategic Media Website (<http://uark.edu/journalism/>)

The School of Journalism and Strategic Media offers an undergraduate major leading to a Bachelor of Arts degree and gives students a choice of three concentrations. The school also offers two combined majors — a Journalism/English combined major and a Journalism/Political Science combined major — as well as a minor in journalism.

The purpose of the School of Journalism and Strategic Media is to provide students with knowledge of the history, theory, and ethics of mass communications, to educate students in journalistic skills, including the ability to express themselves logically and clearly, and to guide them

in securing specialized knowledge of society appropriate to journalistic careers.

Concentrations

Journalism majors must also fulfill the requirements for either the news/editorial concentration, the advertising/public relations concentration, or the broadcast concentration. Students must select a concentration when they enter the department. Specific non-journalism courses in addition to the journalism courses are required for the advertising/public relations concentration. The requirements for each concentration are listed in the tabs.

Combined Majors

The School of Journalism and Strategic Media cooperates with the Department of Political Science and the Department of English to offer two combined majors, each of which leads to a Bachelor of Arts degree. Requirements for each combined major are listed in the tabs.

Requirements for a B.A. degree in Journalism and Strategic Media:

All university students must fulfill the minimum University Core requirements (p. 97). A minimum of 72 hours in non-journalism courses must be applied toward the 120 hours required by the college for a Bachelor of Arts degree.

Bolded courses from the list below may be counted toward some part of the University Core requirements, as applicable.

Select one of the following:

3

MATH 2033	Mathematical Thought
MATH 2043	Survey of Calculus (ACTS Equivalency = MATH 2203)
MATH 2053	Finite Mathematics
MATH 2183	Mathematical Reasoning in a Quantitative World
STAT 2303	Principles of Statistics (ACTS Equivalency = MATH 2103)
Or a higher level math.	

Intermediate I (course number 2003) of a World Language¹

3-6

Select one of the following:

3

WLIT 1113	World Literature I (ACTS Equivalency = ENGL 2113)
WLIT 1123	World Literature II (ACTS Equivalency = ENGL 2123)
An Advanced Literature Course	
A Language Literature Course	

Select one of the following:

3

PHIL 2003	Introduction to Philosophy (ACTS Equivalency = PHIL 1103)
PHIL 2103	Introduction to Ethics (ACTS Equivalency = PHIL 1003)
Any Philosophy Course at the 3000-level or higher (recommended: PHIL 3103 Ethics and the Professions)	

PLSC 2003	American National Government (ACTS Equivalency = PLSC 2003)	3
-----------	---	---

A second PLSC course (the following are recommended options):

3

PLSC 2813	Introduction to International Relations	
PLSC 3233	The American Congress	
PLSC 4233	The American Chief Executive	
ECON 2143	Basic Economics: Theory and Practice	3-6

or ECON 2013 Principles of Macroeconomics (ACTS Equivalency = & ECON 2023 ECON 2103)
and Principles of Microeconomics (ACTS Equivalency = ECON 2203)

COMM 1313	Public Speaking (ACTS Equivalency = SPCH 1003)	3
3000-4000 level HIST course		3
Cultural/Diversity Requirement: 3 hours of cultural/diversity studies to be selected from the following or as approved by the School of Journalism and Strategic Media:		3
ANTH 4533	Middle East Cultures	
COMM 4343	Intercultural Communication	
HIST 3233	African American History to 1877 ²	
HIST 3243	African American History Since 1877 ²	
HIST 3263	History of the American Indian ²	
JOUR 3263	African Americans in Film ³	
JOUR 4923	History of the Black Press ³	
SCWK 3193	Human Diversity and Social Work	
SOCI 3193	Race, Class, and Gender in America ⁴	
Other cultural/diversity courses as approved by the School of Journalism and Strategic Media.		

Journalism and Strategic Media Courses

A minimum of 34 semester hours in journalism are required, including 21 hours of journalism in one of the concentrations below. A minimum grade of "C" is required in all journalism courses that serve as prerequisites for advanced journalism courses. In certain courses a minimum grade of "B" is required.

Journalism and Strategic Media Core

JOUR 1023	Media and Society	3
JOUR 1033	Fundamentals of Journalism	3
JOUR 3633	Media Law	3
JOUR 4333	Ethics in Journalism	3
JOUR 4981	Journalism Writing Requirement	1

¹ The number of credit hours taken to complete this level of proficiency depends on placement level in the language course sequence.

² A cultural/diversity-approved HIST course is allowed to also satisfy the major's 3000-4000 level HIST course requirement.

³ A cultural/diversity-approved JOUR course is also allowed to satisfy a JOUR elective.

⁴ SOCI 2013 is a prerequisite to SOCI 3193.

Advertising/Public Relations Concentration:

JOUR 3723	Advertising Principles	3
JOUR 3743	Public Relations Principles	3
JOUR 4143	Public Relations Writing	3
JOUR 4423	Creative Strategy and Execution	3
JOUR 4453	Media Planning & Strategy	3
or JOUR 4473 Account Planning		
Plus any two additional journalism courses. It is recommended that one course choice be an internship.		6
MKTG 3433	Introduction to Marketing	3
MKTG 3553	Consumer Behavior	3

Students seeking admission to the Advertising/Public Relations Concentration must have an overall GPA of 2.5 or higher: 1) to be admitted to the Ad/PR Sequence, and 2) to enroll in JOUR 3723 and JOUR 3743.

Students in the Advertising/Public Relations Concentration are required to earn a grade of "B" or higher in both JOUR 3723 and JOUR 3743 to qualify to take all upper level Advertising/Public Relations Concentration courses. Students may retake JOUR 3723 and JOUR 3743 only once to earn a grade of "B" or higher.

Writing Requirement: Successful completion of JOUR 4981 with a grade of "C" or better satisfies the Fulbright College Writing Requirement for journalism majors.

Journalism B.A. with Advertising-PR Sequence

Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 87) for university requirements of the program. The journalism major includes three sequences: News/Editorial, Broadcast, and Advertising/Public Relations. Each is shown below. Core requirement hours may vary by individual, based on placement and previous credit granted. Once all university/state core requirements are met, students may substitute a three-hour (or more) general elective in place of a core area.

First Year	Units	
	Fall	Spring
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3	
MATH 1203 College Algebra (ACTS Equivalency = MATH 1103) (if required) or STAT 2303 Principles of Statistics (ACTS Equivalency = MATH 2103)	3	
JOUR 1023 Media and Society (or social science state/university core requirement) or JOUR 1033 Fundamentals of Journalism	3	
PLSC 2003 American National Government (ACTS Equivalency = PLSC 2003)	3	
1013 Elementary II world language course	3	
ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023)		3
STAT 2303 Principles of Statistics (ACTS Equivalency = MATH 2103) (if still needed, otherwise, General Elective)		3
JOUR 1033 Fundamentals of Journalism (or social science state/university core requirement, as needed) or JOUR 1023 Media and Society		3
2003 Intermediate I world language course		3
ECON 2143 Basic Economics: Theory and Practice (or fine arts university/state core requirement)		3
Year Total:	15	15

Second Year	Units	
	Fall	Spring
Select one of the following:	3	

Fine arts university/state core requirement.

ECON 2143 Basic Economics: Theory and Practice (As needed)

Social science state/university core requirement or JOUR 1023 Media and Society or JOUR 1033 Fundamentals of Journalism (as needed)	3	
Science university/state core lecture with corequisite lab requirement	4	
PHIL 2003 Introduction to Philosophy (ACTS Equivalency = PHIL 1103) or PHIL 2103 Introduction to Ethics (ACTS Equivalency = PHIL 1003) or PHIL 3103 Ethics and the Professions	3	
Advanced Level Elective [†]	3	
Advanced Level, Elective [†]		3
MKTG 3433 Introduction to Marketing [†]		3
Social science state/university core requirement		3
WLIT 1113 World Literature I (ACTS Equivalency = ENGL 2113) or WLIT 1123 World Literature II (ACTS Equivalency = ENGL 2123)		3
COMM 1313 Public Speaking (ACTS Equivalency = SPCH 1003)		3
Year Total:	16	15

Third Year	Units	
	Fall	Spring
NOTE: Students must have 60 hours completed and an overall GPA of 2.5 or higher to enroll in JOUR 3723 or JOUR 3743. There are no exceptions.		
JOUR 3723 Advertising Principles ^{††} or JOUR 3743 Public Relations Principles	3	
MKTG 3553 Consumer Behavior [†]	3	
Social Science university/state core requirement	3	
Science university/state core lecture and corequisite lab	4	
3000-4000 HIST course or 3000-4000 non-JOUR Fulbright College Elective ^{††}	3	
NOTE: Students must have 60 hours completed and an overall GPA of 2.5 or higher to enroll in JOUR 3723 or JOUR 3743. There are no exceptions.		
JOUR 3743 Public Relations Principles (if not taken earlier) ^{††} or JOUR 3723 Advertising Principles		3
JOUR 3633 Media Law ^{††}		3
Cultural/diversity studies course or PLSC course		3
3000-4000 non-JOUR Fulbright College elective or 3000-4000 HIST course ^{††}		3
JOUR 4333 Ethics in Journalism		3
Year Total:	16	15

Fourth Year	Fall	Units Spring
NOTE: Students must have 90 hours completed, an overall GPA of 2.5 or higher, and must have completed JOUR 3723 and 3743 with a grade of "B" or better to enroll in JOUR 4143, JOUR 4423, JOUR 4453 and JOUR 4473. There are no exceptions.		
JOUR 4143 Public Relations Writing (or in Spring Semester 4) ^{†‡}	3	
JOUR 4423 Creative Strategy and Execution (or in Spring Semester 4) ^{†‡}	3	
JOUR 4453 Media Planning & Strategy (or in Spring Semester 4) ^{†‡} or JOUR 4473 Account Planning	3	
JOUR Elective	3	
Non-JOUR Advanced Level Elective [†]	3	
JOUR 4981 Journalism Writing Requirement (or in Spring Semester 4)	1	
JOUR 4981 Journalism Writing Requirement (if still needed)		0-1
JOUR Elective		3
PLSC course or Cultural/diversity studies course as needed		3
Non-JOUR General Electives		6
Year Total:	16	12
Total Units in Sequence:		120

[†] Meets 40-hour advanced credit hour requirement. See Fulbright College Academic Regulations.

[‡] Meets 24-hour rule (24 hours of 3000-4000 level courses in Fulbright College) in addition to meeting the 40-hour rule. See Fulbright College Academic Regulations.

Requirements for a B.A. degree in Journalism and Strategic Media

Media: All university students must fulfill the minimum University Core requirements (p. 97). A minimum of 72 hours in non-journalism courses must be applied toward the 120 hours required by the college for a Bachelor of Arts degree.

Bolded courses from the list below may be counted toward some part of the University Core requirements, as applicable.

† Meets 40-hour advanced credit hour requirement. See Fulbright College Academic Regulations.

‡ Meets 24-hour rule (24 hours of 3000-4000 level courses in Fulbright College), in addition to meeting the 40-hour rule. See Fulbright College Academic Regulations.

Requirements for a Combined Major in English and Journalism

All university students must fulfill the minimum University Core requirements (p. 97). A minimum of 72 hours in non-journalism courses must be applied toward the 120 hours required by the college for a Bachelor of Arts degree. Bolded courses from the list below may be counted toward some part of the University Core/state minimum core requirements, as applicable.

Select one of the following:	3
MATH 2033 Mathematical Thought	
MATH 2043 Survey of Calculus (ACTS Equivalency = MATH 2203)	
MATH 2053 Finite Mathematics	
MATH 2183 Mathematical Reasoning in a Quantitative World	
STAT 2303 Principles of Statistics (ACTS Equivalency = MATH 2103)	
Or Higher Level MATH	
Intermediate I (course number 2003) of a World Language. ¹	3-6
Select one of the following:	3
WLIT 1113 World Literature I (ACTS Equivalency = ENGL 2113)	
WLIT 1123 World Literature II (ACTS Equivalency = ENGL 2123)	
An Advanced Literature Course	
A Language Literature Course	
Select one of the following:	3
PHIL 2003 Introduction to Philosophy (ACTS Equivalency = PHIL 1103)	
PHIL 2103 Introduction to Ethics (ACTS Equivalency = PHIL 1003)	
Any Philosophy Course at the 3000-level or higher (recommended: PHIL 3103 Ethics and the Professions) higher	
PLSC 2003 American National Government (ACTS Equivalency = PLSC 2003)	3
A second PLSC Course (the following are recommended options):	3
PLSC 2813 Introduction to International Relations	
PLSC 3233 The American Congress	
PLSC 4233 The American Chief Executive	
ECON 2143 Basic Economics: Theory and Practice	3-6

or ECON 2013 Principles of Macroeconomics (ACTS Equivalency = & ECON 2023 ECON 2103)	
and Principles of Microeconomics (ACTS Equivalency = ECON 2203)	
COMM 1313 Public Speaking (ACTS Equivalency = SPCH 1003)	3
3000-4000 level HIST Course [*]	3
3 hours of cultural/diversity studies to be selected from the following or as approved by the School of Journalism and Strategic Media	3
ANTH 4533 Middle East Cultures	
COMM 4343 Intercultural Communication	
HIST 3233 African American History to 1877 [*]	
HIST 3243 African American History Since 1877 [*]	
HIST 3263 History of the American Indian [*]	
SCWK 3193 Human Diversity and Social Work	
JOUR 3263 African Americans in Film ^{**}	
JOUR 4923 History of the Black Press ^{**}	
SCWK 3193 Human Diversity and Social Work	
SOCI 3193 Race, Class, and Gender in America (SOCI 2013 prerequisite)	
Other cultural/diversity-related topics as approved by the School of Journalism and Strategic Media	

¹ The number of credit hours taken to complete this level of proficiency depends on placement level in the language course sequence.

^{*} A cultural/diversity-approved HIST course is allowed to also satisfy the major's 3000-4000 level HIST course requirement.

^{**} A cultural/diversity-approved JOUR course is also allowed to satisfy a JOUR elective.

The Journalism requirements for this combined major are as follows:

The journalism requirement may be satisfied by 24 semester hours of courses, including JOUR 1023, JOUR 1033, and JOUR 3633. The remaining 15 hours are filled from the following concentrations.

News/Editorial Concentration:

JOUR 2013 News Reporting I	3
JOUR 3013 Editing	3
JOUR 3023 News Reporting II	3
or JOUR 4503 Magazine Writing	
or JOUR 4553 Magazine Editing and Production I	
JOUR 3123 Feature Writing	3
One Additional Journalism Course	3
Total Hours	15

Broadcast Concentration:

JOUR 2032 Broadcast News Reporting I	3
& JOUR 2031L and Broadcast News Reporting I Laboratory	
JOUR 3072 Broadcast News Reporting II	3
& JOUR 3071L and Broadcast News Reporting II Laboratory	
JOUR 4863 Television News Reporting I	3
JOUR 4873 Television News Reporting II	3

One Additional Journalism Course	3
Total Hours	15

The English requirements for this combined major are as follows:

24 hours of English courses (not counting ENGL 0002, ENGL 1013, ENGL 1023, and ENGL 2003) to include any nine hours of survey courses chosen from:

ENGL 2303	English Literature from the Beginning through the 17th Century (ACTS = ENGL 2673)	3
ENGL 2313	Survey of English Literature from 1700 to 1900 (ACTS Equivalency = ENGL 2683)	3
ENGL 2323	Survey of Modern and Contemporary British, Irish, and Postcolonial Literature	3
ENGL 2343	Survey of American Lit from the Colonial Period through Naturalism (ACTS Equiv=ENGL 2653)	3
ENGL 2353	Survey of Modern and Contemporary American Literature (ACTS Equivalency = ENGL 2663)	3

and 15 additional hours chosen from English courses numbered above 3000 and WLIT courses above 2333.

In addition, students are strongly recommended to complete up through the 2013 Intermediate II level of a world language.

Writing Requirement: All upper division English courses require a research or an analytical paper except ENGL 4003 and the courses in creative writing: (ENGL 3013, ENGL 4013, ENGL 4023, and ENGL 4073). For this reason, all students who fulfill the requirements for the combined major in Journalism and English thereby fulfill the Fulbright College writing requirement.

Assessment Requirement: Every senior English major must take the program assessment exam administered by the department each spring semester to graduate. Exam results will not affect GPA, although the student's score will be noted on his or her permanent academic record. This requirement may be waived in extraordinary circumstances by the department's Director of Undergraduate Studies. Contact your adviser for more information.

Combined Major in English and Journalism Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 87) for university requirements of the program. Core requirement hours may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute a three-hour (or more) general elective in place of a core area.

First Year	Units	
	Fall	Spring
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3	

MATH 1203 College Algebra (ACTS Equivalency = MATH 1103)	3-4	
or MATH 2033 Mathematical Thought		
or MATH 2043 Survey of Calculus (ACTS Equivalency = MATH 2203)		
or MATH 2053 Finite Mathematics		
or MATH 2183 Mathematical Reasoning in a Quantitative World

Requirements for the Combined Major in Journalism and Political Science

All university students must fulfill the minimum University Core requirements (p. 97). A minimum of 72 hours in non-journalism courses must be applied toward the 120 hours required by the college for a Bachelor of Arts degree. Bolded courses from the list below may be applied to portions of the University Core requirements.

Select one of the following:	3
MATH 2033 Mathematical Thought	

MATH 2043 Survey of Calculus (ACTS Equivalency = MATH 2203)	
MATH 2053 Finite Mathematics	
MATH 2183 Mathematical Reasoning in a Quantitative World	
or Higher Level MATH	
STAT 2303 Principles of Statistics (ACTS Equivalency = MATH 2103)	3
Intermediate I (course number 2003) of a World Language¹	3-6
Select one of the following:	3
WLIT 1113 World Literature I (ACTS Equivalency = ENGL 2113)	
WLIT 1123 World Literature II (ACTS Equivalency = ENGL 2123)	
An Advanced Literature Course	
A Language Literature Course	
Select one of the following:	3
PHIL 2003 Introduction to Philosophy (ACTS Equivalency = PHIL 1103)	
PHIL 2103 Introduction to Ethics (ACTS Equivalency = PHIL 1003)	
Any Philosophy Course at the 3000-level or higher (recommended: PHIL 3103 Ethics and the Professions)	
PLSC 2003 American National Government (ACTS Equivalency = PLSC 2003)	3
A second PLSC course (the following are recommended options):	3
PLSC 2813 Introduction to International Relations	
PLSC 3233 The American Congress	
PLSC 4233 The American Chief Executive	
ECON 2143 Basic Economics: Theory and Practice	3-6
or ECON 2013 Principles of Macroeconomics (ACTS Equivalency = & ECON 2023 ECON 2103)	
and Principles of Microeconomics (ACTS Equivalency = ECON 2203)	
COMM 1313 Public Speaking (ACTS Equivalency = SPCH 1003)	3
3000-4000 Level HIST Course [*]	3
3 hours of cultural/diversity studies to be selected from the following	3
or as approved by the School of Journalism and Strategic Media.	
Select one of the following:	
ANTH 4533 Middle East Cultures	
COMM 4343 Intercultural Communication	
HIST 3233 African American History to 1877 [*]	
HIST 3243 African American History Since 1877 [*]	
HIST 3263 History of the American Indian [*]	
SCWK 3193 Human Diversity and Social Work	
JOUR 3263 African Americans in Film ^{**}	
JOUR 4923 History of the Black Press ^{**}	
SOCI 3193 Race, Class, and Gender in America	
Other cultural/diversity-related topics as approved by the School of Journalism and Strategic Media	

¹ The number of credit hours taken to complete this level of proficiency depends on placement level in the language course sequence.

^{*} A cultural/diversity-approved HIST course is allowed to also satisfy the major's 3000-4000 level HIST course requirement.

** A cultural/diversity-approved JOUR course is also allowed to satisfy a JOUR elective.

Political Science Requirements

The political science requirement for the combined major may be satisfied by 24 semester hours of courses, including PLSC 2003, PLSC 2013, PLSC 4373, and either an additional 15 hours of advanced political science courses elected entirely from American political affairs courses:

American Political Affairs

PLSC 3103	Public Administration	3
PLSC 3153	Public Policy	3
PLSC 3183	Public Personnel Management	3
PLSC 3223	Arkansas Politics and the Nation	3
PLSC 3233	The American Congress	3
PLSC 3243	The Judicial Process	3
PLSC 3253	Urban Politics	3
PLSC 3603	Scope and Methods of Political Science	3
PLSC 3853	American Foreign Policy	3
PLSC 3913	American Political Thought Before 1900	3
PLSC 3923H	Honors Colloquium	3
PLSC 3933	Contemporary American Political Thought	3
PLSC 394V	Readings in Political Science	1-3
PLSC 3983	Politics in Literature	3
PLSC 399VH	Honors Course	1-3
PLSC 4193	Administrative Law	3
PLSC 4203	American Political Parties	3
PLSC 4213	Campaigns and Elections	3
PLSC 4253	The U.S. Constitution I	3
PLSC 4283	Federalism and Intergovernmental Relations	3

Or an additional 15 hours of advanced political science courses elected entirely from foreign affairs courses:

Foreign Affairs

PLSC 3503	Governments and Politics of East Asia	3
PLSC 3523	Politics of the Middle East	3
PLSC 3573	Governments and Politics of Latin America	3
PLSC 3603	Scope and Methods of Political Science	3
PLSC 3803	International Organization	3
PLSC 3813	International Law	3
PLSC 3823	Theories of International Relations	3
PLSC 3853	American Foreign Policy	3
PLSC 3923H	Honors Colloquium	3
PLSC 394V	Readings in Political Science	1-3
PLSC 399VH	Honors Course	1-3
PLSC 4513	Creating Democracies	3
PLSC 4563	Government and Politics of Russia	3
PLSC 4573	Gender and Politics	3
PLSC 4593	Islam and Politics	3
PLSC 4803	Foreign Policy Analysis	3
PLSC 4843	The Middle East in World Affairs	3
PLSC 4873	Inter-American Politics	3

Journalism Requirements

The journalism requirement may be satisfied by a minimum of 24 semester hours of JOUR courses, including JOUR 1023, JOUR 1033, and JOUR 3633. The remaining hours are filled from the following options.

Those wishing to emphasize Political Advertising and Promotion take the following courses:

Advertising/Public Relations Concentration, Political Advertising and Promotion Track:

JOUR 3723	Advertising Principles	3
JOUR 3743	Public Relations Principles	3
JOUR 4043	Government and the Media	3
Six hours of Advanced Journalism Courses.		6

Students should check course prerequisites.

Those wishing to pursue the Public Affairs Reporting track can choose from either news/editorial or broadcast concentration:

Broadcast Concentration, Public Affairs Reporting Track:

JOUR 2032	Broadcast News Reporting I	3
& JOUR 2031L	and Broadcast News Reporting I Laboratory	
JOUR 3072	Broadcast News Reporting II	3
& JOUR 3071L	and Broadcast News Reporting II Laboratory	
JOUR 4043	Government and the Media	3
JOUR 4863	Television News Reporting I	3
JOUR 4873	Television News Reporting II	3

News/Editorial Concentration, Public Affairs Reporting Track:

JOUR 2013	News Reporting I	3
JOUR 3013	Editing	3
JOUR 3023	News Reporting II	3
or JOUR 4503	Magazine Writing	
or JOUR 4553	Magazine Editing and Production I	
JOUR 4043	Government and the Media	3
One additional Journalism course		3

Writing Requirement: Students pursuing the journalism/political science combined major may satisfy the college writing requirement through either the Department of Journalism or through the Department of Political Science.

In Journalism: Successful completion of JOUR 4981 with a grade of "C" or better will satisfy the Fulbright College Writing Requirement.

In Political Science: The college writing requirement is fulfilled by submitting an acceptable research/analytical paper to the department for approval at least four weeks prior to graduation. The paper may be derived from completion of an honors essay (PLSC 499VH), a senior thesis (PLSC 498V), or some other advanced course in political science. The student is urged to consult with his or her faculty adviser no later than early in the first semester of the senior year.

Journalism/Political Science B.A. Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 87) for university requirements of the program. Core requirement hours may vary by individual, based on

placement and previous credit granted. Once all core requirements are met, students may substitute a three-hour (or more) general elective in place of a core area.

First Year	Units	
	Fall	Spring
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3

Requirements for Honors in Journalism and Strategic Media

The Journalism and Strategic Media Honors Program gives undergraduates a chance to pursue journalistic research in the context of other academic disciplines. Honors candidates carry out independent study and research under the guidance of the journalism faculty and participate in honors classes in journalism and at least one other discipline. Outstanding student achievement will be recognized by the award of distinction "Journalism Scholar *Cum Laude*" at graduation. Higher degree distinctions are recommended only in cases of exceptional achievement and are based on the candidate's total honors studies program. To be considered for such distinctions, students must earn a minimum cumulative 3.50 grade-point average in journalism.

Journalism School and College Honors students must complete a minimum of 13 hours in honors credits and a thesis. These requirements are specified as follows:

Journalism School and College Honors students must:

1. Enter the program no later than the first semester of their junior year, and register for JOUR 498VH Honors Journalism Writing Requirement beginning with the first semester of the junior year,
2. Take at least 1 credit of JOUR 498VH every fall and spring semester of the junior and senior year,
3. Complete at least one journalism honors colloquium,
4. Complete the journalism honors core research course JOUR 4943H (offered every spring semester only),
5. Complete an approved honors colloquium in a second discipline,
6. Complete and orally defend an honors thesis based on honors courses of study, and
7. Earn an overall cumulative 3.50 grade-point average and a cumulative 3.50 grade-point average in journalism courses.

In addition, journalism majors pursuing college honors must also satisfy all requirements for the Fulbright College Honors Program and the Honors Core Curriculum for a Bachelor of Arts found elsewhere in this catalog.

More specific information on the requirements for honors in Journalism is available from the School of Journalism and Strategic Media Honors adviser.

Journalism (B.A.) Teacher Licensure Requirements: Students interested in obtaining teacher licensure may not obtain licensure in journalism alone. Licensure in another discipline must be obtained, and journalism may be added as an additional area of licensure. Please refer to the Secondary Education Requirements for Fulbright College Students (p. 201) or contact your departmental adviser or an adviser in the College of Education and Health Professions.

Faculty

Brown, Lucy M., Ph.D., M.A. (University of Texas, Austin), M.S. (Pratt Institute), Dip.G.A. (Edna Manley School for the Visual Arts, Jamaica), Clinical Assistant Professor, 2013.

Carpenter, Dale, M.A. (Emory University), B.A. (Vanderbilt University), Professor, 1994.

Latin American and Latino Studies (LALS)

Kirstin Erickson
Director of Studies
330 Old Main
479-575-5600
<http://last.uark.edu/>

Students interested in Latin America and wishing to maximize their potential for academic, business, professional, or government careers related to the area, may earn a second major or a minor in Latin American and Latino studies together with a primary major in another discipline in Fulbright College. Advice on appropriate combinations of Latin American and Latino studies with other primary majors as well as individual approval of such combinations may be obtained from the Latin American and Latino studies program director. New students in this program must officially declare both majors and notify the Latin American and Latino studies program director. Degree checks must also be cleared with the program director. Freshmen and sophomores considering this program are advised to begin their study of Spanish or Portuguese as early as possible.

Requirements for a Second Major in Latin American and Latino Studies

In addition to the requirements of a primary departmental major, students pursuing a second major in Latin American and Latino Studies must complete the following:

Language Competence: The student must complete SPAN 2013, PORT 2013, or equivalent. Provisions are available for recognition of language skills gained by other means than formal course work taken at the University of Arkansas: See information under the entry in the department of world languages. Further functional work in Spanish or Portuguese as well as study and residence in a Latin American nation can serve to strengthen language competence and are encouraged.

Colloquium: The student must complete at least three hours in the interdepartmental colloquium, LALS 4003. The Colloquium may be repeated, with the adviser's approval, provided the topic is different.

Electives: The student must complete 18 hours, in addition to LALS 4003, in courses with specific Latin American or Latino content, or individualized study options under instructors teaching Latin American or Latino Studies. Students choosing to take individualized readings or directed research courses must obtain the approval of the director of the area studies program. In the selection of the electives, the following conditions apply:

1. Courses must be selected from at least three different departments,
2. A maximum of nine hours may be submitted from courses taken in any one department.

The following courses and individualized study options may be taken in fulfillment of elective requirements:

Anthropology

ANTH 2013	Introduction to Latin American Studies	3
ANTH 3503	Power and Popular Protest in Latin America	3
ANTH 3553	Religion in Latin America	3
ANTH 4263	Identity and Culture in the U.S.-Mexico Borderlands	3

Art History

ARHS 4563	Pre-Columbian Art	3
ARHS 4563H	Honors Pre-Columbian Art	3
ARHS 4573	Artists of New Spain	3
ARHS 4573H	Honors Artists of New Spain	3

Economics

ECON 3843	Economic Development, Poverty & the Role of the World Bank and IMF in Low-Income Countries	3
ECON 3853	Emerging Markets	3

English

ENGL 3543	Topics in U.S. Latino/Latina Literature and Culture (English)	3
ENGL 4523	Studies in U.S. Latino/Latina Literature and Culture	3

History

HIST 3073	Women and Gender in Modern Latin American History	3
HIST 3193	The Making of the Modern Caribbean	3
HIST 3203	Colonial Latin America	3
HIST 3213	Modern Latin America	3

HIST 3283	U.S. Latinos and Latinas through Film	3
HIST 3303	U.S. Immigration History	3
HIST 3313	Latinos and Latinas in the U.S.	3
HIST 3843	Special Topics in Latin American and Caribbean History	3

HIST 4173	The Latin American City	3
HIST 4233	The Atlantic World, 1400-1850	3
HIST 4443	Frontiers and Borderlands in Colonial Latin America	3
HIST 4743	The Cold War in Latin America: Revolutions, Violence, and Politics	3

HIST 4783	History of Modern Mexico	3
HIST 4813	Africans and Slavery in Colonial Latin America	3
HIST 4823	Black Freedom in the Age of Emancipation	3
HIST 7313	Reading Seminar in Latin American History	3
HIST 7323	Research Seminar in Latin American History	3

Latin American and Latino Studies

LALS 2013	Latin American Studies	3
LALS 399VH	Honors Thesis	1-6
LALS 4003	Latin American Studies Colloquium	3

Music

MUHS 4253	Special Topics in Music History (Latin American Music)	3
-----------	--	---

Political Science

PLSC 3263	Latino Politics	3
PLSC 3573	Governments and Politics of Latin America	3
PLSC 3593	Politics of Mexico	3
PLSC 4793	Latino/Hispanic Political Thought	3
PLSC 4873	Inter-American Politics	3

Portuguese

PORT 3013	Brazilian Cinema	3
PORT 3103	Introduction to Luso-Afro-Brazilian Literature	3
PORT 3203	Brazilian Cultural and Social Issues	3

Sociology

SOCI 3173	Latinos, Migration, and the U.S. South	3
-----------	--	---

Spanish

SPAN 3103	Cultural Readings	3
SPAN 3113	Introduction to Literature	3
SPAN 3123	Spanish for Heritage Speakers II	3
SPAN 4133	Survey of Spanish-American Literature I	3
SPAN 4193	Survey of Spanish-American Literature II	3
SPAN 4223	Latin American Civilization	3
SPAN 4243	Literature and Culture in the Hispanic United States	3
SPAN 4253	Latin American Cinema and Society	3
SPAN 475V	Special Investigations	1-6
SPAN 5253	Colonial Literature and Culture	3
SPAN 5393	19th Century Spanish American Literature	3
SPAN 5403	Spanish American Theatre	3
SPAN 5463	20th Century Spanish American Literature	3
SPAN 5703	Special Topics	3
SPAN 5943	U.S. Latino/a Literatures and Cultures	3

Requirements for a Minor in Latin American and Latino Studies:

Students wishing to minor in Latin American and Latino Studies must fulfill the Colloquium (LALS 4003) and the language requirements described in the combined major, and must complete at least 12 hours from among the electives listed in the combined major. Electives must include courses from at least two different academic departments. Included in the 12 hours may be 3 additional hours of LALS 4003, provided the topic is different.

Requirements for Honors in Latin American and Latino Studies: The Honors Program in Latin American and Latino Studies gives junior and senior students of high ability the opportunity to enroll in enriched courses and conduct independent research culminating in an honors thesis. In addition to satisfying the general Fulbright College requirements for graduation and the basic eligibility requirements for honors as established by the Honors Council, candidates for honors in Latin American and Latino Studies must complete 12 hours of honors credit in partial satisfaction of requirements for the co-major. One to six of these may be thesis hours (LALS 399VH). The preferred method for satisfying the remaining hours is to enroll in the colloquium at least once for honors credit (LALS 4003H) and to take relevant honors colloquia or graduate courses (with permission) in one of the departments contributing to this interdisciplinary area study. The thesis committee shall include a representative from the major discipline (in the case of multiple majors, from the discipline contributing most significantly to the topic). Successful completion of these requirements will be recognized by the award of the distinction "Latin American and Latino Studies Scholar *Cum Laude*" at graduation. Higher degree distinctions are recommended only in exceptional cases and are based upon the whole of the candidate's program of honors studies.

Mathematical Sciences (MASC)

Mark Johnson

Chair of the Department
309 Science Engineering Building
479-575-3351

Department of Mathematical Sciences Website (<http://fulbright.uark.edu/departments/math/>)

The Department of Mathematical Sciences is committed to high-level mathematics instruction, preparing students for careers in secondary education, actuarial science and industry, and for entrance into graduate studies in mathematics and statistics. The department offers two majors, one leading to a Bachelor of Arts degree and a second leading to a Bachelor Science degree.

The Bachelor of Arts degree is often sought by future secondary education majors or by students wishing a broader exposure to the humanities. The Bachelor of Science degree is sought by students who intend to go on to graduate studies or who would like a deeper and broader understanding of higher mathematics. The Department of Mathematical Sciences is committed to the values of a broad, interdisciplinary education, highlighting the utility and value of the mathematics degree in a wide variety of careers and disciplines.

Enrollment in or completion of any course at the level of MATH 2554 or higher is required to enter into the mathematics program.

Requirements for a Major in Mathematics, B.A. Degree: Students must complete 120 degree credit hours to include the minimum University Core requirements (p. 97), the Fulbright College of Arts and Sciences Graduation Requirements (p. 198), and the following course

requirements. Bolded courses from the list below may be applied to portions of the University Core requirements.

Eight hours from the following science courses: 8

ANTH 1013 & ANTH 1011L	Introduction to Biological Anthropology and Introduction to Biological Anthropology Laboratory	
ASTR 2003 & ASTR 2001L	Survey of the Universe (ACTS Equivalency = PHSC 1204 Lecture) and Survey of the Universe Laboratory (ACTS Equivalency = PHSC 1204 Lab)	
BIOL 1543 & BIOL 1541L	Principles of Biology (ACTS Equivalency = BIOL 1014 Lecture) and Principles of Biology Laboratory (ACTS Equivalency = BIOL 1014 Lab)	
BIOL 1603 & BIOL 1601L	Principles of Zoology (ACTS Equivalency = BIOL 1054 Lecture) and Principles of Zoology Laboratory (ACTS Equivalency = BIOL 1054 Lab)	
BIOL 1613 & BIOL 1611L	Plant Biology (ACTS Equivalency = BIOL 1034 Lecture) and Plant Biology Laboratory (ACTS Equivalency = BIOL 1034 Lab)	
BIOL 2013 & BIOL 2011L	General Microbiology (ACTS Equivalency = BIOL 2004 Lecture) and General Microbiology Laboratory (ACTS Equivalency = BIOL 2004 Lab)	
CHEM 1103 & CHEM 1101L	University Chemistry I (ACTS Equivalency = CHEM 1414 Lecture) and University Chemistry I Laboratory (ACTS Equivalency = CHEM 1414 Lab)	
CHEM 1123 & CHEM 1121L	University Chemistry II (ACTS Equivalency = CHEM 1424 Lecture) and University Chemistry II Laboratory (ACTS Equivalency = CHEM 1424 Lab)	
GEOS 1113 & GEOS 1111L	General Geology (ACTS Equivalency = GEOL 1114 Lecture) and General Geology Laboratory (ACTS Equivalency = GEOL 1114 Lab)	
GEOS 1133 & GEOS 1131L	Earth Science (ACTS Equivalency = GEOL 1124 Lecture) and Earth Science Laboratory (ACTS Equivalency = GEOL 1124 Lab)	
PHYS 2054	University Physics I (ACTS Equivalency = PHYS 2034)	
PHYS 2074	University Physics II (ACTS Equivalency = PHYS 2044 Lecture)	

An approved course with substantial programming experience, typically satisfied by CSCE 2004. Other courses may be applied towards this requirement with prior departmental approval. 3-4

Completion of a minor other than in Mathematics or Statistics, 15-30+ completion of the UAteach curriculum, completion of an additional major or completion of the Four-Year Fulbright Honors Core for a Bachelor of Arts. Hours required will vary.

Major Course Requirements		
MATH 2574	Calculus III (ACTS Equivalency = MATH 2603) (MATH 2554 and MATH 2564 are prerequisites)	4
MATH 2803	Transition to Advanced Mathematics	3
MATH 3093	Abstract Linear Algebra	3

MATH 3113	Introduction to Abstract Algebra I	3
MATH 3513	Elementary Analysis	3
MATH 4933	Mathematics Major Seminar ()	3

Twelve semester hours of courses in mathematics selected from MATH 2584, CSCE 4133 or MATH and STAT courses numbered at the 3000-level or higher.

The completion of a senior writing project under the direction of a faculty member. This is typically carried out in MATH 4933, or is satisfied by an honors thesis.

It is recommended that MATH 2803 be taken as early as possible in the program.

Mathematics B.A. Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 87) for university requirements of the program. Core requirement hours may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute a three-hour (or more) general elective in place of a core area.

First Year	Units	
	Fall	Spring
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3	
MATH 2554 Calculus I (ACTS Equivalency = MATH 2405) ¹	4	
Fine Arts or humanities University/state core requirement	3	
Social Science University/State Core requirement	3	
General Elective or coursework to be applied towards minor (as needed)	3	
ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023)		3
MATH 2564 Calculus II (ACTS Equivalency = MATH 2505) ¹		4
MATH 2803 Transition to Advanced Mathematics ¹		3
General elective or coursework to be applied towards minor (as needed)		4
Year Total:	16	14

Second Year	Units	
	Fall	Spring
MATH 2574 Calculus III (ACTS Equivalency = MATH 2603) ¹	4	
MATH 3093 Abstract Linear Algebra ^{1,2}	3	
Social science University/State Core requirement	3	
U.S. History University/State Core requirement	3	
General Elective or coursework to be applied towards minor (as needed)	3	
CSCE 2004 Programming Foundations I		4
MATH/STAT Elective above 3000 level ^{1,2}		3
Science University/State Core Lecture with Corequisite Lab requirement		4
Humanities or fine arts University/State Core requirement (as needed)		3

Year Total: 16 14

Third Year	Units	
	Fall	Spring
MATH 3113 Introduction to Abstract Algebra I ^{1,2}	3	
Social Science University/State Core requirement	3	
Science University/State Core Lecture with Corequisite Lab requirement	4	
General Electives or coursework to be applied towards minor (as needed)	6	
MATH 3513 Elementary Analysis ^{1,2}		3
MATH/STAT Elective above 3000 Level ^{1,2}		3
General Electives or coursework to be applied towards minor (as needed)		9
Year Total:	16	15

Fourth Year	Units	
	Fall	Spring
MATH/STAT Elective Above 3000 level ^{1,2}	6	
General Elective or coursework to be applied towards minor (as needed)	3	
3000-4000 Level Electives ¹	6	
MATH 4933 Mathematics Major Seminar ^{1,2}		3
MATH/STAT Elective Above 3000 Level ^{1,2}		3
General Electives As Needed		8
Year Total:	15	14

Total Units in Sequence: 120

¹ Meets 40-hour advanced credit hour requirement. See College Academic Regulations (p. 198).

² Meets 24-hour rule (24 hours of 3000-4000 level courses in Fulbright College), in addition to meeting the 40-hour rule. See College Academic Regulations (p. 198).

Requirements for a Major in Mathematics, B.S. Degree:

Students must complete 120 degree credit hours to include the minimum University Core requirements (p. 97), the Fulbright College of Arts and Sciences Graduation Requirements (p. 198), and the following liberal arts and major course requirements. Bolded courses from the list below may be applied to portions of the University Core requirements.

Eight total hours from one of the following natural science sequences: 8

Biology:

BIOL 1543 Principles of Biology (ACTS Equivalency = BIOL & BIOL 1541L 1014 Lecture)
and Principles of Biology Laboratory (ACTS Equivalency = BIOL 1014 Lab)

and choose one of the following:

BIOL 1603 Principles of Zoology (ACTS Equivalency = BIOL & BIOL 1601L 1054 Lecture)
and Principles of Zoology Laboratory (ACTS Equivalency = BIOL 1054 Lab)

BIOL 1613 Plant Biology (ACTS Equivalency = BIOL 1034
& BIOL 1611L Lecture)
and Plant Biology Laboratory (ACTS Equivalency =
BIOL 1034 Lab)

BIOL 2013 General Microbiology (ACTS Equivalency = BIOL
& BIOL 2011L 2004 Lecture)
and General Microbiology Laboratory (ACTS
Equivalency = BIOL 2004 Lab)

Chemistry:

CHEM 1103 University Chemistry I (ACTS Equivalency =
& CHEM 1101L CHEM 1414 Lecture)
and University Chemistry I Laboratory (ACTS
Equivalency = CHEM 1414 Lab)

and

CHEM 1123 University Chemistry II (ACTS Equivalency =
& CHEM 1121L CHEM 1424 Lecture)
and University Chemistry II Laboratory (ACTS
Equivalency = CHEM 1424 Lab)

Geology:

GEOS 1113 General Geology (ACTS Equivalency = GEOL
& GEOS 1111L 1114 Lecture)
and General Geology Laboratory (ACTS
Equivalency = GEOL 1114 Lab)

and

GEOS 1133 Earth Science (ACTS Equivalency = GEOL 1124
& GEOS 1131L Lecture)
and Earth Science Laboratory (ACTS Equivalency
= GEOL 1124 Lab)

Physics:

PHYS 2054 University Physics I (ACTS Equivalency = PHYS
2034)

and

PHYS 2074 University Physics II (ACTS Equivalency = PHYS
2044 Lecture)

Completion of eight additional hours at the 3000-level or higher 8-30+
not in Mathematics or Statistics chosen with department approval,
completion of the UAtch curriculum, or completion of the Fulbright
Four Year Honors Core for a Bachelor of Science degree. (Hours
required will vary.)

As a part of the requirements for a B.S. degree with a major in
mathematics, the student must also complete the following 27 hours:

MATH 2574	Calculus III (ACTS Equivalency = MATH 2603)	4
MATH 2584	Elementary Differential Equations	4
MATH 2803	Transition to Advanced Mathematics	3
MATH 3093	Abstract Linear Algebra	3
MATH 3113	Introduction to Abstract Algebra I	3
MATH 4513	Advanced Calculus I	3
MATH 4933	Mathematics Major Seminar	3
CSCE 2004	Programming Foundations I	4

And the completion of a senior writing project under the direction of a
faculty member. ¹

It is recommended that MATH 2803 be taken as early as possible in
the program.

¹ This is typically carried out in MATH 4933 or satisfied with an honors
senior thesis.

Concentration 1 (Applied)

A program for the student who wishes to prepare for either applied work
in mathematics or graduate work in some field other than mathematics or
statistics. Requirements:

STAT 3013	Introduction to Probability	3
or STAT 5103	Introduction to Probability Theory	
MATH 4423	Introduction to Partial Differential Equations	3
MATH 4353	Numerical Linear Algebra	3
MATH 4363	Numerical Analysis	3
Two MATH or STAT electives numbered 3000 or higher (students may also take CSCE 4133)		6
Total Hours		18

Mathematics, B.S., Concentration 1 (Applied) Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the
Eight-Semester Degree Policy (p. 87) for university requirements of the
program.

Core requirement hours may vary by individual, based on placement and
previous credit granted. Once all core requirements are met, students
may substitute a three-hour (or more) general elective in place of a core
area.

First Year	Units	
	Fall	Spring
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3	
MATH 2554 Calculus I (ACTS Equivalency = MATH 2405) ¹	4	
US History requirement	3	
Social Science University/State Core requirement	3	
General elective or coursework, as needed	3	
ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023)		3
MATH 2564 Calculus II (ACTS Equivalency = MATH 2505) ¹		4
MATH 2803 Transition to Advanced Mathematics		3
Science University/State Core lecture with corequisite lab requirement		4
Year Total:	16	14

Second Year	Units	
	Fall	Spring
MATH 2574 Calculus III (ACTS Equivalency = MATH 2603) ¹	4	
CSCE 2004 Programming Foundations I ¹	4	
Social Science University/State Core requirement	3

and Earth Science Laboratory (ACTS Equivalency = GEOL 1124 Lab)

Physics:

PHYS 2054 University Physics I (ACTS Equivalency = PHYS 2034)

and

PHYS 2074 University Physics II (ACTS Equivalency = PHYS 2044 Lecture)

Completion of eight additional hours at the 3000-level or higher 8-30+
not in Mathematics or Statistics chosen with department approval,
completion of the UAteach curriculum, or completion of the Fulbright
Four Year Honors Core for a Bachelor of Science degree. (Hours
required will vary.)

As a part of the requirements for a B.S. degree with a major in
mathematics, the student must also complete the following 27 hours:

MATH 2574	Calculus III (ACTS Equivalency = MATH 2603)	4
MATH 2584	Elementary Differential Equations	4
MATH 2803	Transition to Advanced Mathematics	3
MATH 3093	Abstract Linear Algebra	3
MATH 3113	Introduction to Abstract Algebra I	3
MATH 4513	Advanced Calculus I	3
MATH 4933	Mathematics Major Seminar	3
CSCE 2004	Programming Foundations I	4

And the completion of a senior writing project under the direction of a
faculty member.¹ 3

It is recommended that MATH 2803 be taken as early as possible in the program.

¹ This is typically carried out in MATH 4933 or satisfied with an honors senior thesis.

Concentration 2 (Pure)

A program for the student who is seeking a broad background in mathematics or who wishes to study mathematics at the graduate level. Requirements:

MATH 4113	Introduction to Abstract Algebra II	3
	or MATH 4523 Advanced Calculus II	
MATH 4443	Complex Variables	3
Four MATH or STAT electives numbered 3000 or higher (students may also take CSCE 4133).		12
Total Hours		18

Mathematics, B.S., Concentration 2 (Pure) Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 87) for university requirements of the program.

Core requirement hours may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute a three-hour (or more) general elective in place of a core area.

First Year		Units	
	Fall	Spring	
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3		
MATH 2554 Calculus I (ACTS Equivalency = MATH 2405) ¹	4		
Science University/State Core lecture with corequisite lab requirement	4		
Social Science University/State Core requirement	3		
ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023)		3

and University Chemistry I Laboratory (ACTS Equivalency = CHEM 1414 Lab)

and

CHEM 1123 University Chemistry II (ACTS Equivalency = & CHEM 1121L CHEM 1424 Lecture)
and University Chemistry II Laboratory (ACTS Equivalency = CHEM 1424 Lab)

Geology:

GEOS 1113 General Geology (ACTS Equivalency = GEOL & GEOS 1111L 1114 Lecture)
and General Geology Laboratory (ACTS Equivalency = GEOL 1114 Lab)

and

GEOS 1133 Earth Science (ACTS Equivalency = GEOL 1124 & GEOS 1131L Lecture)
and Earth Science Laboratory (ACTS Equivalency = GEOL 1124 Lab)

Physics:

PHYS 2054 University Physics I (ACTS Equivalency = PHYS 2034)

and

PHYS 2074 University Physics II (ACTS Equivalency = PHYS 2044 Lecture)

Completion of eight additional hours at the 3000-level or higher 8-30+
not in Mathematics or Statistics chosen with department approval,
completion of the Uteach curriculum, or completion of the Fulbright
Four Year Honors Core for a Bachelor of Science degree. (Hours
required will vary.)

As a part of the requirements for a B.S. degree with a major in
mathematics, the student must also complete the following 27 hours:

MATH 2574	Calculus III (ACTS Equivalency = MATH 2603)	4
MATH 2584	Elementary Differential Equations	4
MATH 2803	Transition to Advanced Mathematics	3
MATH 3093	Abstract Linear Algebra	3
MATH 3113	Introduction to Abstract Algebra I	3
MATH 4513	Advanced Calculus I	3
MATH 4933	Mathematics Major Seminar	3
CSCE 2004	Programming Foundations I	4

And the completion of a senior writing project under the direction of a 3
faculty member.¹

It is recommended that MATH 2803 be taken as early as possible in
the program.

¹ This is typically carried out in MATH 4933 or satisfied with an honors
senior thesis.

Concentration 3 (Statistics)

A program for the student who wishes to emphasize statistics or who
intends to study statistics at the graduate level. Requirements:

MATH 4353	Numerical Linear Algebra	3
STAT 3013	Introduction to Probability	3
or STAT 5103	Introduction to Probability Theory	
STAT 4003	Statistical Methods	3
STAT 4001L	Statistics Methods Laboratory	1
or STAT 4101L	Introduction to R	
STAT 4033	Nonparametric Statistical Methods	3
Two MATH or STAT electives numbered 3000 or higher (students may also take CSCE 4133).		6
Strongly recommended electives in this program are STAT 5103 and STAT 5113.		

Total Hours 19

A 2.00 cumulative grade-point average on all work completed in the
department of mathematical sciences will be required for graduation with
a B.A. or B.S. degree.

Mathematics, B.S., Concentration 3 (Statistics)

Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the
Eight-Semester Degree Policy (p. 87) for university requirements of the
program.

Core requirement hours may vary by individual, based on placement and
previous credit granted. Once all core requirements are met, students
may substitute a three-hour (or more) general elective in place of a core
area.

First Year	Units	
	Fall	Spring
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3	
MATH 2554 Calculus I (ACTS Equivalency = MATH 2405) ¹	4	
Science University/State Core lecture with corequisite lab requirement	4	
Social Science University/State Core requirement	3	
ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023)		3
MATH 2564 Calculus II (ACTS Equivalency = MATH 2505) ¹		4
MATH 2803 Transition to Advanced Mathematics ¹		3
Science University/State Core lecture w/ corequisite lab requirement		4
Year Total:	14	14

Second Year	Units	
	Fall	Spring
MATH 2574 Calculus III (ACTS Equivalency = MATH 2603) ¹	4	
MATH 3093 Abstract Linear Algebra ^{1,2}	3	
CSCE 2004 Programming Foundations I	4	
General elective or coursework, as needed	4	
MATH 2584 Elementary Differential Equations ^{1,2}		4
STAT 3013 Introduction to Probability ^{1,2}		3
U.S. History University/State Core requirement		3
Fine Arts or Humanities University/State Core requirement, as needed		3
General elective or coursework, as needed		3
Year Total:	15	16

Third Year	Units	
	Fall	Spring
MATH 3113 Introduction to Abstract Algebra I ^{1,2}	3	
STAT 4001L Statistics Methods Laboratory or STAT 4101L Introduction to R	1	
STAT 4003 Statistical Methods ^{1,2}	3	
Social Science University/State Core requirement	3	
General Electives or coursework, as needed	6	
MATH 4353 Numerical Linear Algebra ^{1,2}		3
MATH or STAT Elective numbered 3000 or higher. ^{1,2}		3
Social Science University/State Core requirement		3
General Electives or coursework, as needed		6
Year Total:	16	15

Fourth Year	Units	
	Fall	Spring
MATH 4513 Advanced Calculus I ^{1,2}	3	
STAT 4033 Nonparametric Statistical Methods ^{1,2}	3	
Humanities or Fine Arts University/State Core requirement, as needed	3	
General Electives or coursework to be applied towards minor, as needed	6	
MATH 4933 Mathematics Major Seminar ^{1,2}		3
MATH or STAT Elective numbered 3000 or higher ^{1,2}		3
General Electives or coursework, as needed to meet 120 hour requirement		9
Year Total:	15	15

Total Units in Sequence: 120

Requirements for a Minor in Mathematics

A grade of C or better in the following courses:

MATH 2564	Calculus II (ACTS Equivalency = MATH 2505)	4
MATH 2603	Discrete Mathematics	3
	or MATH 2803 Transition to Advanced Mathematics	

	or MATH 4423 Introduction to Partial Differential Equations	
3 courses selected from the following:		9-12
MATH 2574	Calculus III (ACTS Equivalency = MATH 2603)	
MATH 2584	Elementary Differential Equations	
STAT 3013	Introduction to Probability	
Any MATH Courses at the 3000-level or higher.		
Total Hours		16-19

Requirements for a Minor in Statistics:

Coursework used toward the mathematics major may not be applied toward a statistics minor.

MATH 2554	Calculus I (ACTS Equivalency = MATH 2405)	4
12 hours of STAT courses, including 9 hours in courses numbered 3000 and above.		12
Total Hours		16

Requirements for Departmental Honors in Mathematics: The Departmental Honors Program in Mathematics is designed for the superior student and is intended to help the student develop a more comprehensive view of the nature of mathematics. The program provides a vehicle for the recognition of the achievements of work beyond the usual course of study and earns the student the distinction "Mathematics Scholar *Cum Laude*" at graduation. Higher degree distinctions are recommended only in truly exceptional cases and are based upon the whole of the candidate's program of honors studies.

Graduation with honors: The candidate must satisfy the requirements set forth by the Honors Council. The candidate must also obtain at least a 3.50 grade-point average in CSCE 2004 and all 2000-level or higher MATH/STAT courses required for the degree. In addition, a grade of "D" or "F" in any other course offered by the department disqualifies a student for honors.

Candidates must take 2-4 hours of MATH 498V at least one semester before the student's graduating semester. This course will require significant progress toward an honors thesis to be presented and defended before the student's honors committee. The quality of this paper and its defense, along with the execution of the rest of the student's honors program and overall academic performance, will be used in determining the distinction between Honors and High Honors.

Mathematics (B.A. or B.S.) Teacher Licensure Requirements:

Please refer to the Secondary Education Requirements (p. 201) for Fulbright College Students. Students wishing to pursue licensure through the UAteach undergraduate curriculum should consult with a UAteach adviser, uteach@uark.edu.

Students wanting to teach mathematics in middle school should consult with a middle level adviser in the College of Education and Health Professions (p. 447).

Woodland, Janet C., Ph.D., M.A. (State University of New York at Stony Brook), B.A. (King's College), Clinical Assistant Professor, 1993.

Zhang, Qingyang, Ph.D. (Northwestern University), M.S. (Loyola University-Chicago), B.S. (Beijing Normal University), Assistant Professor, 2015.

Medical Humanities (MEDH)

The Medical Humanities Steering Committee includes:

- Trish Starks, history
- Jonathan Marion, anthropology
- Casey Kayser, English
- Warren Herold, philosophy

The medical humanities minor is designed to give students an overview of the ways in which various disciplines in the humanities inform, intersect with, and apply to understandings of the medical arts and sciences. The medical humanities minor is beneficial for students preparing for careers in health care, social services, and health-related fields, especially those who wish to understand how cultural, social, ethical, religious, literary, artistic, and other such perspectives can enrich conceptualizations and approaches to patient care.

Approaching medicine from a humanistic perspective will help future health care and social service practitioners view patients and individuals with greater empathy and awareness, as well as provide them with the tools to critically analyze their own experiences. The minor is also appropriate for students from disciplines within the humanities and social sciences interested in researching and practicing in such areas related to the historical, social, and cultural dynamics that have informed medical institutions and treatment; patient advocacy; medical law and ethics; narrative medicine; and art, music, or narrative therapies.

Requirements for Minor in Medical Humanities

A minimum of 18 hours consisting of the following:

Choose one introductory course:		3
ANTH 1023	Introduction to Cultural Anthropology (ACTS Equivalency = ANTH 2013)	
COMM 1023	Communication in a Diverse World	
HIST 1123	Institutions and Ideas of World Civilizations II (ACTS Equivalency = HIST 1123)	
PHIL 2103	Introduction to Ethics (ACTS Equivalency = PHIL 1003)	
PSYC 2003	General Psychology (ACTS Equivalency = PSYC 1103)	
SOCI 2013	General Sociology (ACTS Equivalency = SOCI 1013)	
SOCI 2033	Social Problems (ACTS Equivalency = SOCI 2013)	
GNST 2003	Introduction to Gender Studies	
PBHL 1103	Personal Health and Safety	
PBHL 1303	Introduction to Human Sexuality	

Choose three of the following core courses or committee-approved special topics courses (taken from two different departments) 9

ANTH 3533	Medical Anthropology
ANTH 3563	Culture and Medicine

COMM 3763	Health Communication	
ENGL 3873	Medical Humanities Colloquium	
HIST 4883	Health and Disease: 1500 to the Present	
HUMN/SCWK 3163	On Death and Dying	
PBHL 2663	Terminology for the Health Professions	
PHIL 3123	Bioethics	
SPAN 4583	Advanced Spanish for Health Professions	
Choose two courses from the following elective courses:		6
ANTH 3583	Body and Identity	
COMM 2323	Interpersonal Communication	
COMM 4343	Intercultural Communication	
COMM 4763	Health Communication Campaigns	
HDFS 1403	Life Span Development	
HDFS 2413	Family Relations	
HDFS 2433	Child Development	
HDFS 2443	The Hospitalized Child: Child Life Programming	
HDFS 3423	Adolescent Development	
HDFS 3443	Families in Crisis	
HDFS 3453	Parenting and Family Dynamics	
PSYC 3013	Social Psychology	
PSYC 3023	Abnormal Psychology	
PSYC 3093	Developmental Psychology (ACTS Equivalency = PSYC 2103)	
HDFS 4423	Adult Development	
Total Hours		18

At least 9 hours must be in courses numbered 3000 or higher. A maximum of 6 hours will be allowed from any one department.

Students may petition the Medical and Health Humanities Steering Committee to have other courses accepted as requirements for the minor. Additionally, the committee intends to update these elective options if and when relevant new courses become available.

Medical Sciences and Dentistry

See under Combined Academic and Medical or Dental Degree (p. 198) and also the discussion of the pre-medical programs and the pre-dental program under the section on Health Related Professions (p. 201).

Medieval and Renaissance Studies (MRST)

Joshua Byron Smith, Director
Timothy Nelson, Assistant Director
333 Kimpel Hall
479-575-4301

Medieval and Renaissance Studies website (<http://mrst.uark.edu>)

The Medieval and Renaissance studies program is administered by the Humanities program. This program offers a minor that encourages undergraduate students to pursue an interdisciplinary study of all aspects of the Middle Ages and Renaissance as a complement to their major field of study.

Requirements for a Minor in Medieval and Renaissance Studies (MRST): (15-16 credit hours) Students must take MRST 2013 or

HIST 1113 or HIST 1113H, or HUMN 1124H and complete at least 12 additional credit hours selected from the courses listed below. Other courses covering the chronological period between 500 C.E. and 1700 C.E. may also be accepted if approved by the program director or co-director. A maximum of 6 hours may be presented from courses taken in the student's designated major.

Required Core Course

Select one of the following: 3-4

- MRST 2013 Introduction to Medieval and Renaissance Studies
- or HIST 1113 Institutions and Ideas of World Civilizations I (ACTS Equivalency = HIST 1113)
- or HIST 1113H Honors Institutions and Ideas of World Civilizations I
- or HUMN 1124H Honors Equilibrium of Cultures 500-1600

Twelve hours to be chosen from the following (a maximum of six hours may be presented from courses taken in the student's major department): 12

- MRST 2013 Introduction to Medieval and Renaissance Studies (Note: MRST 2013/2013H may only satisfy either the MRST core course requirement or 3 credits of the additional MRST-approved coursework requirement, but not both.)
- or MRST 2013H Honors Introduction to Medieval and Renaissance Studies
- MRST 3013 Special Topics in Medieval Studies
- or MRST 3013H Honors Special Topics in Medieval Studies
- MRST 3023 Special Topics in Early Modern Studies
- or MRST 3023H Honors Special Topics in Early Modern Studies
- MRST 4003 Medieval and Renaissance Studies Colloquium
- or MRST 4003H Honors Medieval and Renaissance Studies Colloquium
- MRST 470V Special Topics in Medieval and Renaissance Studies
- or MRST 470VH Honors Special Topics in Medieval and Renaissance Studies
- ARHS 4843 Medieval Art
- ARHS 4853 Italian Renaissance Art
- ARHS 4863 Northern Renaissance Art
- ARCH 2233 History of Architecture I
- ARCH 4023 Advanced Architectural Studies
- ENGL 3433 Introduction to Chaucer
- ENGL 4303 Introduction to Shakespeare
- LATN 5633 Medieval Latin
- SPAN 5203 Medieval Spanish Literature
- HIST 3033 Islamic Civilization
- HIST 3513 History of China to 1644
- HIST 4043 Late Antiquity and the Early Middle Ages
- HIST 4053 Late Middle Ages
- HIST 4073 Renaissance and Reformation, 1300-1600
- HIST 4163 Tudor-Stuart England, 1485-1714
- HIST 4393 Early Modern Islamic Empires, 1300-1750
- HUMN 3923H Honors Colloquium (when offered as an approved MRST course)
- HUMN 425V Colloquium (when offered as an approved MRST course)

MUHS 3703	History of Music to 1750	
PHIL 4013	Platonism and Origin of Christian Theology	
PHIL 4023	Medieval Philosophy	
Total Hours		15-16

Middle East Studies (MEST)

Joel Gordon

Director, King Fahd Center for Middle East Studies

202 Old Main

479-575-4157

<http://mest.uark.edu>

mest@uark.edu

Students interested in the Middle East and North Africa and wishing to maximize their potential for academic, business, professional, or government careers related to the area, may earn a second major in Middle East studies with a required primary major in an approved area in Fulbright College such as anthropology, economics, world languages, geography, history, journalism, and political science. New students entering the program are required to notify both the major adviser and the MEST director of their intention to participate. Freshmen and sophomores considering this program are advised to begin their study of a Middle East language as early as possible. Students may also earn a minor in Middle East studies.

Requirements for a Second Major in MEST. To attain a second major in MEST, the student is required to have a primary major in one of the following approved areas: anthropology, communication, economics (BA), French, geography, history, international relations, journalism, political science, sociology, or Spanish. Up to nine hours of courses in the primary major with Middle East content may be counted toward the MEST combined major with the permission of the MEST director.

Total Hours Required: (30 semester hours) Students must complete 3 hours in MEST 2013 Introduction to Middle East Studies, 3 hours in MEST 4003 Middle East Studies Colloquium, 6 hours of Arabic language beyond ARAB 2016, and 18 hours in additional MEST or MEST-approved core courses. MEST courses must be in at least two disciplines, with no fewer than 9 hours of MEST core courses in one discipline.

Introduction to Middle East Studies: (3 hours) Students must complete 3 hours of Introduction to Middle East Studies (MEST 2013).

Middle East Studies Colloquium: (3 hours) Students must complete at least 3 hours in MEST 4003 Middle East Studies Colloquium. The Colloquium may be repeated with a change of subject for a maximum of 6 credits.

Arabic Requirement: (6 hours of MEST credit) Students must complete 6 hours of Arabic language beyond (ARAB 2013 or ARAB 2016). Courses approved by the MEST director and completed in a summer intensive Arabic program or study-abroad program in an Arabic speaking country may substitute for all or part of this requirement.

MEST Core Courses: To count for MEST credit, courses not on the following list must be approved by the student's MEST major adviser and the MEST director. Individualized readings, directed research courses, or courses in a second Middle Eastern language may count as MEST core courses with the approval of the MEST major adviser and MEST director.

MEST Core Courses

ANTH 3123	The Anthropology of Religion	3
-----------	------------------------------	---

ANTH 3033	Egyptology	3
ANTH 4123	Ancient Middle East	3
ANTH 4256	Archeological Field Session	6
ANTH 4513	African Religions: Gods, Witches, Ancestors	3
ANTH 4533	Middle East Cultures	3
ANTH 4913	Topics of the Middle East	3
GEOS 2003	World Regional Geography (ACTS Equivalency = GEOG 2103)	3
GEOS 4043	Geography of the Middle East	3
GEOS 410V	Special Problems in Geosciences	1-6
HIST 3033	Islamic Civilization	3
HIST 3043	History of the Modern Middle East	3
HIST 3473	Palestine and Israel in Modern Times	3
HIST 3923H	Honors Colloquium (approved selected topics)	3
HIST 4393	Early Modern Islamic Empires, 1300-1750	3
HIST 4413	New Women in the Middle East	3
HIST 4433	Social and Cultural History of the Modern Middle East	3
HUMN 2213	Introduction to World Religions	3
HUMN 425V	Colloquium (approved selected topics)	1-6
MEST 2003	Introduction to Islam	3
MEST 2013	Introduction to Middle East Studies	3
MEST 4003	Middle East Studies Colloquium	3
MEST 4003H	Honors Middle East Studies Colloquium	3
PLSC 3523	Politics of the Middle East	3
PLSC 3813	International Law	3
PLSC 4593	Islam and Politics	3
PLSC 4843	The Middle East in World Affairs	3
WLIT 3983	Special Studies (approved selected topics)	3

Requirements for a Minor in Middle East Studies:

Total Hours Required: (18 semester hours)

Students must complete MEST 2013 Introduction to Middle East Studies (3 hours), MEST 4003 Middle East Studies Colloquium, 6 hours of Arabic beyond ARAB 2016, and a minimum of 6 additional hours of MEST core courses.

Introduction to Middle East Studies: (3 hrs) Students must complete three hours in the MEST 2013 Introduction to Middle East Studies.

Middle East Studies Colloquium: (3 hours) Students must complete three hours in MEST 4003 Middle East Studies Colloquium.

Arabic Requirement: (6 hours of MEST credit) Students must complete 6 hours of Arabic language beyond the Fulbright College language proficiency requirement (ARAB 2013). Courses approved by the MEST director and completed in a summer intensive Arabic program or study-abroad program in an Arabic speaking country may substitute for all or part of this requirement.

MEST Core Courses: (6 hours) Students must complete an additional 6 hours of MEST core courses supervised by faculty participating in the program. Students choosing to take individualized reading or directed research courses as a part of the minor must obtain the approval of the MEST director and their major adviser.

Requirements for Honors in MEST:

The Honors Program in Middle East Studies gives junior and senior students of high ability the opportunity to enroll in enriched courses and conduct independent research culminating in an honors thesis. In addition to satisfying the general Fulbright College requirements for graduation and the basic eligibility requirements for honors as established by the Honors Council, candidates for honors in Middle East Studies must complete 12 hours of honors credit in partial satisfaction of requirements for the co-major. One to 6 of these hours may be thesis hours (MEST 399V).

The preferred method for satisfying the remaining hours is to enroll in the colloquium at least once for honors credit (MEST 4003H) and to take relevant honors colloquia or graduate courses (with permission) in one of the departments contributing to this interdisciplinary area study. The thesis committee shall include a representative from the major discipline (in the case of multiple majors, from the discipline contributing most significantly to the topic). Successful completion of these requirements will be recognized by the award of the distinction "Middle East Studies Scholar *Cum Laude*" at graduation. Higher degree distinctions are recommended only in exceptional cases and are based upon the whole of the candidate's program of honors studies.

Faculty

Angel, Christopher C., M.A. (University of Arkansas), B.A. (Arkansas Tech University), Instructor, Middle East Studies, 2015.

Haydar, Paula Marie, Ph.D., M.F.A. (University of Arkansas), M.Ed., B.S. (University of Massachusetts), Clinical Assistant Professor, Department of World Languages, Literatures and Cultures, 2006.

Music (MUSC)

Ronda Mains
Chair of the Department
201 Music Building
479-575-4701
music@uark.edu

Department of Music Website (<https://fulbright.uark.edu/departments/music/>)

The Department of Music offers two music majors, one leading to a Bachelor of Music and a second leading to a Bachelor of Arts. The department also offers a minor in music. The Bachelor of Music offers the choice of 11 concentrations as well as a program with elective studies in business.

The music department strives to enrich and inspire the human mind and spirit through the pursuit of excellence in creative activity, research, teaching, and service. The Department of Music is an accredited institutional member of the National Association of Schools of Music. The requirements for entrance and for graduation as set forth in this catalog are in accordance with the published regulations of that Association.

General Music Requirements

To achieve junior standing in the curriculum leading to the Bachelor of Arts degree with a major in music and the Bachelor of Music degree, the student must have completed 56 hours and must have maintained a cumulative grade average of "C" in all music courses, with the exception of ensemble, by the end of the fourth semester. The student must also have earned a grade average of not less than "B" in the major applied

field of study during the sophomore year. This standing is prerequisite to all 3000-level courses and above in music.

Pursuant to enrolling in applied music courses, all music majors must audition for the music department faculty. Private study of the primary voice/instrument for music majors requires the successful completion of an audition for the instructor and consent of the Department of Music. Music majors are expected to own their own instruments. Some instruments are provided for student use only in certain circumstances and at the discretion of the music department.

All music majors, with exceptions noted below, are required to enroll in MUEN 1411 Men's Chorus I or MUEN 1591 Women's Chorus I during the first year of residence. Exceptions to the requirement would include all students pursuing the Bachelor of Music (B.M.) degree for whom voice or piano is the major applied area.

Piano Proficiency Requirement: Students pursuing a Bachelor of Music degree must pass a piano proficiency examination upon entering the University of Arkansas or must register in piano classes until this requirement is met. Students with previous piano training may take a piano placement exam and be advised to omit one or more semesters of Class Piano (MUAC 1221, MUAC 1231, MUAC 2221). Students will receive college credit for the omitted class piano courses if they validate their higher placement by passing an advanced piano course with a grade of "B" or better.

On the basis of prior study in music, a student may be advised to omit one or more semesters of Aural Perception (MUTH 1621, MUTH 1631, MUTH 2621). Students will receive college credit for the omitted aural perception courses when they have validated their higher placement by passing the course in which they are placed with a grade of "B" or better.

Writing Requirement: Students can meet the Fulbright College writing requirement by submission of a satisfactory term paper for MUED 4112 (music education majors) or MUHS 4253 (all other music majors).

Piano Performance Concentration Requirements for a Major in Music leading to a Bachelor of Music Degree

In addition to the University Core requirements (p. 97) and the Fulbright College of Arts and Sciences Graduation Requirements (p. 198), the following course requirements must be met. Bolded courses from the list below may be applied to portions of the University Core requirements.

Students must complete:

University Core Requirements including:		35
MLIT 1013	Music and Society (Also counts as supporting music course.)	
MUSY 2003	Music in World Cultures	
	or WLIT 1113 World Literature I (ACTS Equivalency = ENGL 2113)	
HIST 1113	Institutions and Ideas of World Civilizations I (ACTS Equivalency = HIST 1113)	
HIST 1123	Institutions and Ideas of World Civilizations II (ACTS Equivalency = HIST 1123)	
A World Language Course at the 1013 Elementary II Level.		3
Music Theory		
MUTH 1603	Music Theory I	3
MUTH 2603	Music Theory II	3

Select two of the following (Jazz Concentration students must include MUTH 3723 in their selections.):¹

MUTH 3603	18th Century Counterpoint	6
or MUTH 3623	Music Perception	
or MUTH 3723	Jazz Analysis	
or MUTH 4773	Special Topics in Music Theory	

MUTH 3613	Form and 20th Century Techniques	3
-----------	----------------------------------	---

Aural Perception

MUTH 1621	Aural Perception I	1
MUTH 1631	Aural Perception II	1
MUTH 2621	Aural Perception III	1
MUTH 2631	Aural Perception IV	1

Music History

MUHS 3703	History of Music to 1750 (Students completing the Jazz Concentration substitute MUHS 3503 Jazz History for MUHS 3703.)	3
MUHS 3713	History of Music from 1750 to Present	3
MUHS 4253	Special Topics in Music History	3

Music Technology and Conducting

MUAC 2112	Music Technology (Music Technology)	2
MUPD 3801	Conducting I	1

Ensemble/Accompanying

Ensemble (See adviser for ensemble selections.) (Students with a Concentration in Piano Performance select 6 credits from MUEN 1541, MUEN 2541, MUEN 3541, MUEN 4541 and MUEN 4841 and one additional credit of Men's Chorus or Women's Chorus.)

Piano (Students completing the Piano Concentration substitute MUPD 4863 Piano Pedagogy.)

MUAC 1221	Piano Class for Music Majors I	1
MUAC 1231	Piano Class for Music Majors II	1
MUAC 2221	Piano Class for Music Majors III	1

Vocal/Diction (Students in the Voice Concentration substitute MUAC 1121 for this credit of MUEN 1411 or MUEN 1591.)

MUEN 1411	Men's Chorus I	1
or MUEN 1591	Women's Chorus I	

Applied Lessons (Students in the Theory or Composition

Concentrations may include MUAP 130V, MUAP 230V, MUAP 330V, and MUAP 415V to fulfill this category.)²

MUAP 110V	Applied Major Voice/Instrument I	
MUAP 210V	Applied Major Voice/Instrument II	
MUAP 310V	Applied Major Voice/Instrument III	
MUAP 3201	Applied Recital I	
MUAP 410V	Applied Major Voice/Instrument IV	
MUAP 4201	Applied Recital II	

And all of the specific requirements for the following concentration.

Total Hours	120
-------------	-----

¹ Students completing the Jazz Concentration must select MUTH 3723.

² All students must complete two semesters of MUAP 110V with a grade of "A" or "B" and two semesters of MUAP 210V with a grade of "A" or "B" before enrolling in MUAP 310V.

Piano Performance Concentration

University Core Requirements including: 35

MLIT 1013	Music and Society (Counts as supporting music course.)	
MUSY 2003	Music in World Cultures	
or WLIT 1113	World Literature I (ACTS Equivalency = ENGL 2113)	
HIST 1113	Institutions and Ideas of World Civilizations I (ACTS Equivalency = HIST 1113)	
HIST 1123	Institutions and Ideas of World Civilizations II (ACTS Equivalency = HIST 1123)	

A World Language Course at the 1013 Elementary II Level. 3

Music Theory

MUTH 1003	Basic Musicianship (if required based on placement test, see adviser)	
MUTH 1603	Music Theory I	3
MUTH 2603	Music Theory II	3

Select two of the following: 6

MUTH 3603	18th Century Counterpoint	
or MUTH 3623	Music Perception	
or MUTH 3723	Jazz Analysis	
or MUTH 4773	Special Topics in Music Theory	
MUTH 3613	Form and 20th Century Techniques	3

Aural Perception

MUTH 1621	Aural Perception I	1
MUTH 1631	Aural Perception II	1
MUTH 2621	Aural Perception III	1
MUTH 2631	Aural Perception IV	1

Music History

MUHS 3703	History of Music to 1750	3
MUHS 3713	History of Music from 1750 to Present	3
MUHS 4253	Special Topics in Music History	3

Music Technology and Conducting

MUAC 2112	Music Technology	2
MUPD 3801	Conducting I	1

Piano

MUPD 4863	Piano Pedagogy	3
-----------	----------------	---

Applied Lessons (16 credits count as B.M. core and 12 are concentration credits) 28

MUAP 110V	Applied Major Voice/Instrument I (3 credits each semester)	
MUAP 210V	Applied Major Voice/Instrument II (3 credits each semester)	
MUAP 310V	Applied Major Voice/Instrument III (4 credits one semester and then 3 credits when taking MUAP 3201)	
MUAP 410V	Applied Major Voice/Instrument IV (4 credits one semester and then 3 credits when taking MUAP 4201)	
MUAP 3201	Applied Recital I	
MUAP 4201	Applied Recital II	

Ensemble/Accompanying

Select 6 hours from the following: 6

MUEN 1541	Accompanying I	
MUEN 2541	Accompanying II	

MUEN 3541	Accompanying III	
MUEN 4541	Accompanying IV	
MUEN 4841	Accompanying V	
MUEN 1411	Men's Chorus I (Any level)	1
or MUEN 1591	Women's Chorus I	
Vocal/Diction		
MUEN 1411	Men's Chorus I (In addition to the semester taken as part of the Ensemble/Accompanying Category)	1
or MUEN 1591	Women's Chorus I	
Additional Concentration Credits		12
MUTH 4322	Score Reading	
MUHS 4803	Survey of Keyboard Literature I	
MUHS 4813	Survey of Keyboard Literature II	
Applied Secondary MUAP or MUAC		
Electives		
Total Hours		120

Music B.M., Piano Performance Concentration

Eight Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 87) for university requirements of the program, and should consult with their music adviser about the requirements in their concentration's eight-semester plan. Music core requirement hours may vary, based on placement and previous credit granted. If a music core requirement is met without taking a class, students will substitute an elective for the core class.

First Year	Units	
	Fall	Spring
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3	
1013 Elementary II world language course	3	
MUAP 110V Applied Major Voice/Instrument I	3	
2 Credits of Electives or MUTH 1003 Basic Musicianship (if required)	2-3	
MUEN 1411 Men's Chorus I or MUEN 1591 Women's Chorus I	1	
ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023)		3
MLIT 1013 Music and Society (as needed)		3
MUTH 1603 Music Theory I		3
MUTH 1621 Aural Perception I		1
MUAP 110V Applied Major Voice/Instrument I		3

Total Units in Sequence: 120

- ¹ Meets 40-hour advanced credit hour requirement.
² Meets 24-hour rule (24 hours of 3000-4000 level courses in Fulbright College), in addition to meeting the 40-hour rule.

Voice Performance Concentration Requirements for a Major in Music leading to a Bachelor of Music Degree

In addition to the University Core requirements (p. 97) and the Fulbright College of Arts and Sciences Graduation Requirements (p. 198), the following course requirements must be met. Bolded courses from the list below may be applied to portions of the University Core requirements.

Students must complete:

University Core Requirements including: 35

MLIT 1013	Music and Society (Also counts as supporting music course.)	
MUSY 2003	Music in World Cultures or WLIT 1113 World Literature I (ACTS Equivalency = ENGL 2113)	
HIST 1113	Institutions and Ideas of World Civilizations I (ACTS Equivalency = HIST 1113)	
HIST 1123	Institutions and Ideas of World Civilizations II (ACTS Equivalency = HIST 1123)	

A World Language Course at the 1013 Elementary II Level. 3

Music Theory

MUTH 1603	Music Theory I	3
MUTH 2603	Music Theory II	3

Select two of the following (Jazz Concentration students must include MUTH 3723 in their selections.):¹ 6

MUTH 3603	18th Century Counterpoint or MUTH 3623 Music Perception or MUTH 3723 Jazz Analysis or MUTH 477V Special Topics in Music Theory	
MUTH 3613	Form and 20th Century Techniques	3

Aural Perception

MUTH 1621	Aural Perception I	1
MUTH 1631	Aural Perception II	1

MUTH 2621	Aural Perception III	1
MUTH 2631	Aural Perception IV	1

Music History

MUHS 3703	History of Music to 1750 (Students completing the Jazz Concentration substitute MUHS 3503 Jazz History for MUHS 3703.)	3
MUHS 3713	History of Music from 1750 to Present	3
MUHS 4253	Special Topics in Music History	3

Music Technology and Conducting

MUAC 2112	Music Technology (Music Technology)	2
MUPD 3801	Conducting I	1

Ensemble/Accompanying

7
 Ensemble (See adviser for ensemble selections.) (Students with a Concentration in Piano Performance select 6 credits from MUEN 1541, MUEN 2541, MUEN 3541, MUEN 4541 and MUEN 4841 and one additional credit of Men's Chorus or Women's Chorus.)

Piano (Students completing the Piano Concentration substitute MUPD 4863 Piano Pedagogy.)

MUAC 1221	Piano Class for Music Majors I	1
MUAC 1231	Piano Class for Music Majors II	1
MUAC 2221	Piano Class for Music Majors III	1

Vocal/Diction (Students in the Voice Concentration substitute MUAC 1121 for this credit of MUEN 1411 or MUEN 1591.)

MUEN 1411	Men's Chorus I or MUEN 1591 Women's Chorus I	1
-----------	---	---

Applied Lessons (Students in the Theory or Composition Concentrations may include MUAP 130V, MUAP 230V, MUAP 330V, and MUAP 415V to fulfill this category.)² 16

MUAP 110V	Applied Major Voice/Instrument I	
MUAP 210V	Applied Major Voice/Instrument II	
MUAP 310V	Applied Major Voice/Instrument III	
MUAP 3201	Applied Recital I	
MUAP 410V	Applied Major Voice/Instrument IV	
MUAP 4201	Applied Recital II	

And all of the specific requirements for the following concentration. 24

Total Hours 120

- ¹ Students completing the Jazz Concentration must select MUTH 3723.
² All students must complete two semesters of MUAP 110V with a grade of "A" or "B" and two semesters of MUAP 210V with a grade of "A" or "B" before enrolling in MUAP 310V.

Voice Performance Concentration

University Core Requirements including: 35

MLIT 1013	Music and Society (Also counts as supporting music course.)	
MUSY 2003	Music in World Cultures or WLIT 1113 World Literature I (ACTS Equivalency = ENGL 2113)

Music B.M., String Performance Concentration

Eight Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy for university requirements of the program, and should consult with their music adviser about the requirements in their concentration's eight-semester plan. Music core requirement hours

may vary, based on placement and previous credit granted. If a music core requirement is met without taking a class, students will substitute an elective for the core class.

First Year	Units	
	Fall	Spring
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3	
1013 Elementary II world language course	3	
MUTH 1003 Basic Musicianship (if required, or Elective)	3	
MUAP 110V Applied Major Voice/Instrument I	3	
MUEN 1411 Men's Chorus I or MUEN 1591 Women's Chorus I	1	
MUEN Ensemble I (see adviser)	1	
ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023)		3

--------------------------	-----

¹ Meets 40-hour advanced credit hour requirement.

² Meets 24-hour rule (24 hours of 3000-4000 level courses in Fulbright College), in addition to meeting the 40-hour rule.

Woodwind, Brass or Percussion Performance Concentration Requirements for a Major in Music leading to a Bachelor of Music Degree

In addition to the University Core requirements (p. 97) and the Fulbright College of Arts and Sciences Graduation Requirements (p. 198), the following course requirements must be met. Bolded courses from the list below may be applied to portions of the University Core requirements.

Students must complete:

University Core Requirements including: 35

MLIT 1013	Music and Society (Also counts as supporting music course.)	
MUSY 2003	Music in World Cultures	
	or WLIT 1113 World Literature I (ACTS Equivalency = ENGL 2113)	
HIST 1113	Institutions and Ideas of World Civilizations I (ACTS Equivalency = HIST 1113)	
HIST 1123	Institutions and Ideas of World Civilizations II (ACTS Equivalency = HIST 1123)	
A World Language Course at the 1013 Elementary II Level.		3

Music Theory

MUTH 1603	Music Theory I	3
MUTH 2603	Music Theory II	3
Select two of the following (Jazz Concentration students must include MUTH 3723 in their selections.): ¹		6

MUTH 3603 18th Century Counterpoint

or MUTH 3623 Music Perception

or MUTH 3723 Jazz Analysis

or MUTH 4773 Special Topics in Music Theory

MUTH 3613	Form and 20th Century Techniques	3
-----------	----------------------------------	---

Aural Perception

MUTH 1621	Aural Perception I	1
MUTH 1631	Aural Perception II	1
MUTH 2621	Aural Perception III	1
MUTH 2631	Aural Perception IV	1

Music History

MUHS 3703	History of Music to 1750 (Students completing the Jazz Concentration substitute MUHS 3503 Jazz History for MUHS 3703.)	3
MUHS 3713	History of Music from 1750 to Present	3
MUHS 4253	Special Topics in Music History	3

Music Technology and Conducting

MUAC 2112	Music Technology (Music Technology)	2
MUPD 3801	Conducting I	1

Ensemble/Accompanying 7

Ensemble (See adviser for ensemble selections.) (Students with a Concentration in Piano Performance select 6 credits from MUEN 1541, MUEN 2541, MUEN 3541, MUEN 4541 and MUEN 4841 and one additional credit of Men's Chorus or Women's Chorus.)

Piano (Students completing the Piano Concentration substitute MUPD 4863 Piano Pedagogy.)

MUAC 1221	Piano Class for Music Majors I	1
MUAC 1231	Piano Class for Music Majors II	1

MUAC 2221	Piano Class for Music Majors III	1
-----------	----------------------------------	---

Vocal/Diction (Students in the Voice Concentration substitute MUAC 1121 for this credit of MUEN 1411 or MUEN 1591.)

MUEN 1411	Men's Chorus I	1
	or MUEN 1591 Women's Chorus I	

Applied Lessons (Students in the Theory or Composition Concentrations may include MUAP 130V, MUAP 230V, MUAP 330V, and MUAP 415V to fulfill this category.)² 16

MUAP 110V	Applied Major Voice/Instrument I	
MUAP 210V	Applied Major Voice/Instrument II	
MUAP 310V	Applied Major Voice/Instrument III	
MUAP 3201	Applied Recital I	
MUAP 410V	Applied Major Voice/Instrument IV	
MUAP 4201	Applied Recital II	

And all of the specific requirements for the following concentration. 24

Total Hours	120
-------------	-----

¹ Students completing the Jazz Concentration must select MUTH 3723.

² All students must complete two semesters of MUAP 110V with a grade of "A" or "B" and two semesters of MUAP 210V with a grade of "A" or "B" before enrolling in MUAP 310V.

Woodwind, Brass, or Percussion Performance Concentration

University Core Requirements including: 35

MLIT 1013	Music and Society (Counts as supporting music course)

MUHS 4703	Survey of String Literature	
Electives (6 credits)		

Total Hours 120

Music B.M., Guitar Performance Concentration

Eight Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 87) for university requirements of the program, and should consult with their music adviser about the requirements in their concentration's eight-semester plan. Music core requirement hours may vary, based on placement and previous credit granted. If a music core requirement is met without taking a class, students will substitute an elective for the core class.

First Year	Units	
	Fall	Spring
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3	
1013 Elementary II world language course	3	
MUTH 1003 Basic Musicianship (if required, or Elective)	3	
MUAP 110V Applied Major Voice/Instrument I	3	
MUEN 1411 Men's Chorus I	1	
or MUEN 1591 Women's Chorus I		
MUEN Music Ensemble I (see adviser)	1	
ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023)		3
MLIT 1013 Music and Society		3
MUTH 1603 Music Theory I		3
MUTH 1621 Aural Perception I		1
MUAC 1221 Piano Class for Music Majors I		1
MUAP 110V Applied Major Voice/Instrument I		3
MUEN Music Ensemble I (see adviser)		1
Year Total:	14	15

Second Year	Units	
	Fall	Spring
HIST 1113 Institutions and Ideas of World Civilizations I (ACTS Equivalency = HIST 1113)	3	
MUTH 2603 Music Theory II ¹	3	
MUTH 1631 Aural Perception II	1	
MUAC 1231 Piano Class for Music Majors II	1	
MUAC 2112 Music Technology	2	
MUAP 210V Applied Major Voice/Instrument II	3	
MUEN Music Ensemble II (see adviser)	1	
HIST 1123 Institutions and Ideas of World Civilizations II (ACTS Equivalency = HIST 1123)		3
MATH 1313 Quantitative Reasoning (ACTS Equivalency = MATH 1113)		3
or MATH 1203 College Algebra (ACTS Equivalency = MATH 1103)		
or any MATH course numbered higher than MATH 1203		
Select one of the following: ²		3
MUTH 3603 18th Century Counterpoint		
or MUTH 3623 Music Perception		
or MUTH 3723 Jazz Analysis		
or MUTH 477V Special Topics in Music Theory		
MUTH 2621 Aural Perception III ¹		1
MUAC 2221 Piano Class for Music Majors III		1
MUAP 210V Applied Major Voice/Instrument II		3
MUEN Music Ensemble II (see adviser)		1
Year Total:	14	15

Third Year	Units	
	Fall	Spring
MUTH 3613 Form and 20th Century Techniques ²	3	
MUTH 2631 Aural Perception IV ¹	1	
MUHS 3703 History of Music to 1750 ²	3	
MUHS 4703 Survey of String Literature	3	
MUAC 2231 Piano Class for Music Major IV ¹	1	
MUAP 310V Applied Major Voice/Instrument III (4 hours) ²	4	
MUEN Ensemble III (1 hour)	1	
MUPD 3801 Conducting I ²	1	
MUSY 2003 Music in World Cultures		3
or WLIT 1113 World Literature I (ACTS Equivalency = ENGL 2113)		
Select one of the following not selected previously: ²		3
MUTH 3603 18th Century Counterpoint		
or MUTH 3623 Music Perception		
or MUTH 3723 Jazz Analysis		
or MUTH 477V Special Topics in Music Theory		
MUHS 3713 History of Music from 1750 to Present ²		3
MUAP 310V Applied Major Voice/Instrument III (3 hours) ²		3
MUAP 3201 Applied Recital I ²		1
MUEN Music Ensemble III (see adviser)		1

Year Total: 17 14

Fourth Year	Units	
	Fall	Spring
U.S. History Course (University Core, U.S. History)	3	
Science Lecture/Lab (University Core, Science)	4	
MUHS 4253 Special Topics in Music History ²	3	
MUAP 410V Applied Major Voice/Instrument IV (4 hours) ²	4	
MUEN Music Ensemble IV (see adviser)	1	
Social Science Course (non-HIST) (University Core, Social Sciences)		3
Science Lecture/Lab (University Core, Science)		4
MUAP 410V Applied Major Voice/Instrument IV (3 hours) ²		3
MUAP 4201 Applied Recital II ^{1,2}		1
Elective (MUEN Music Ensemble IV recommended as part of this; see adviser)		3
MUTH 4612 Orchestration ²		2
Year Total:	15	16

Total Units in Sequence: 120

¹ Meets 40-hour advanced credit hour requirement.

² Meets 24-hour rule (24 hours of 3000-4000 level courses in Fulbright College), in addition to meeting the 40-hour rule.

Composition Concentration Requirements for a Major in Music leading to a Bachelor of Music Degree

In addition to the University Core requirements (p. 97) and the Fulbright College of Arts and Sciences Graduation Requirements (p. 198), the following course requirements must be met. Bolded courses from the list below may be applied to portions of the University Core requirements.

Students must complete:

University Core Requirements including: 35

MLIT 1013	Music and Society (Also counts as supporting music course.)	
MUSY 2003	Music in World Cultures	
or WLIT 1113	World Literature I (ACTS Equivalency = ENGL 2113)	
HIST 1113	Institutions and Ideas of World Civilizations I (ACTS Equivalency = HIST 1113)	
HIST 1123	Institutions and Ideas of World Civilizations II (ACTS Equivalency = HIST 1123)	
A World Language Course at the 1013 Elementary II Level.		3

Music Theory

MUTH 1603	Music Theory I	3
MUTH 2603	Music Theory II	3

Select two of the following (Jazz Concentration students must include MUTH 3723 in their selections.):¹ 6

MUTH 3603	18th Century Counterpoint	
or MUTH 3623	Music Perception	
or MUTH 3723	Jazz Analysis	

or MUTH 4773	Special Topics in Music Theory	
MUTH 3613	Form and 20th Century Techniques	3
Aural Perception		
MUTH 1621	Aural Perception I	1
MUTH 1631	Aural Perception II	1
MUTH 2621	Aural Perception III	1
MUTH 2631	Aural Perception IV	1
Music History		
MUHS 3703	History of Music to 1750 (Students completing the Jazz Concentration substitute MUHS 3503 Jazz History for MUHS 3703.)	3
MUHS 3713	History of Music from 1750 to Present	3
MUHS 4253	Special Topics in Music History	3
Music Technology and Conducting		
MUAC 2112	Music Technology (Music Technology)	2
MUPD 3801	Conducting I	1
Ensemble/Accompanying		
Ensemble (See adviser for ensemble selections.) (Students with a Concentration in Piano Performance select 6 credits from MUEN 1541, MUEN 2541, MUEN 3541, MUEN 4541 and MUEN 4841 and one additional credit of Men's Chorus or Women's Chorus.)		
Piano (Students completing the Piano Concentration substitute MUPD 4863 Piano Pedagogy.)		
MUAC 1221	Piano Class for Music Majors I	1
MUAC 1231	Piano Class for Music Majors II	1
MUAC 2221	Piano Class for Music Majors III	1
Vocal/Diction (Students in the Voice Concentration substitute MUAC 1121 for this credit of MUEN 1411 or MUEN 1591.)		
MUEN 1411	Men's Chorus I	1
or MUEN 1591	Women's Chorus I	
Applied Lessons (Students in the Theory or Composition Concentrations may include MUAP 130V, MUAP 230V, MUAP 330V, and MUAP 415V to fulfill this category.)²		
MUAP 110V	Applied Major Voice/Instrument I	
MUAP 210V	Applied Major Voice/Instrument II	
MUAP 310V	Applied Major Voice/Instrument III	
MUAP 3201	Applied Recital I	
MUAP 410V	Applied Major Voice/Instrument IV	
MUAP 4201	Applied Recital II	
And all of the specific requirements for the following concentration.		24
Total Hours		120

¹ Students completing the Jazz Concentration must select MUTH 3723.

² All students must complete two semesters of MUAP 110V with a grade of "A" or "B" and two semesters of MUAP 210V with a grade of "A" or "B" before enrolling in MUAP 310V.

Composition Concentration

University Core Requirements including:		35
MLIT 1013	Music and Society	
MUSY 2003	Music in World Cultures	
or WLIT 111	World Literature I (ACTS Equivalency = ENGL 2113)	

HIST 1113	Institutions and Ideas of World Civilizations I (ACTS Equivalency = HIST 1113)	
HIST 1123	Institutions and Ideas of World Civilizations II (ACTS Equivalency = HIST 1123)	
A World Language Course at the 1013 Elementary II Level.		3
Music Theory		
MUTH 1003 Basic Musicianship (if required based on placement test, see adviser)		
MUTH 1603	Music Theory I ¹	3
MUTH 2603	Music Theory II ¹	3
Select two of the following:		6
MUTH 3603	18th Century Counterpoint	
or MUTH 3623	Music Perception	
or MUTH 3723	Jazz Analysis	
or MUTH 4773	Special Topics in Music Theory	
MUTH 3613	Form and 20th Century Techniques ¹	3
Aural Perception		
MUTH 1621	Aural Perception I	1
MUTH 1631	Aural Perception II	1
MUTH 2621	Aural Perception III	1
MUTH 2631	Aural Perception IV	1
Music History		
MUHS 3703	History of Music to 1750	3
MUHS 3713	History of Music from 1750 to Present	3
MUHS 4253	Special Topics in Music History	3
Music Technology and Conducting		
MUAC 2112	Music Technology	2
MUPD 3801	Conducting I	1
Piano		
MUAC 1221	Piano Class for Music Majors I ²	1
MUAC 1231	Piano Class for Music Majors II ²	1
MUAC 2221	Piano Class for Music Majors III ²	1
MUAC 2231	Piano Class for Music Major IV (Concentration credit) ²	1
Ensemble		
Ensemble (7 hours; See adviser for ensemble selections)		7
Vocal/Diction		
MUEN 1411	Men's Chorus I	1
or MUEN 1591	Women's Chorus I	
Applied Major-Level Courses (16 credits count as B.M. core and 1 is concentration credit)		17
MUAP 110V	Applied Major Voice/Instrument I (2 credits per semester)	
or MUAP 130V	Applied Skills Voice/Instrument I	
MUAP 210V	Applied Major Voice/Instrument II (2 credits per semester)	
or MUAP 231V	Applied Skills Voice/Instrument II	
MUAP 310V	Applied Major Voice/Instrument III (2 credits per semester)	
or MUAP 330V	Applied Skills Voice/Instrument III	
MUAP 410V	Applied Major Voice/Instrument IV (2 credits per semester)	
or MUAP 411V	Applied Skills Voice/Instrument IV	
MUAP 4201	Applied Recital II	

or MUAP 430 Composition Recital	
Additional Concentration Credits	22
MUTH 4612 Orchestration	
Electives (6 credits)	
Composition Courses (14 hours)	
MUTH 164V Composition I	
MUTH 264V Composition II	
MUTH 364V Composition III	
MUTH 464V Composition IV	
Total Hours	120

¹ Students majoring in Composition must receive a grade of "B" or higher in MUTH 1603, MUTH 2603, and MUTH 3613.

² Demonstration of piano skills appropriate for a composer; see Piano Proficiency Requirement above.

Music B.M., Music Composition Concentration Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 87) for university requirements of the program, and should consult with their music adviser about the requirements in their concentration's eight-semester plan. Music core requirement hours may vary, based on placement and previous credit granted. If a music core requirement is met without taking a class, students will substitute an elective for the core class.

First Year	Units	
	Fall	Spring
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3	
1013 Elementary II world language course	3	
MUTH 1003 Basic Musicianship (if required or Elective)	3	
MUAP 110V Applied Major Voice/Instrument I	2	
MUEN 1411 Men's Chorus I or MUEN 1591 Women's Chorus I	1	
MUEN Ensemble I (see adviser)	1	
ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023)		3
MLIT 1013 Music and Society		3
MUTH 1603 Music Theory I (grade of B or better)		3
MUTH 1621 Aural Perception I		1
MUAC 1221 Piano Class for Music Majors I		1
MUAP 110V Applied Major Voice/Instrument I		2
MUEN Music Ensemble I (see adviser)		1
Year Total:	13	14

MUTH 464V Composition IV ²	3	
MUAP 4301 Composition Recital ² or MUAP 4201 Applied Recital II	1	
Elective (MUEN Music Ensemble IV recommended as part of this, see adviser)	3	
Year Total:	16	14
Total Units in Sequence:		120

¹ Meets 40-hour advanced credit hour requirement.

² Meets 24-hour rule (24 hours of 3000-4000 level courses in Fulbright College), in addition to meeting the 40-hour rule.

Jazz Studies Concentration Requirements for a Major in Music leading to a Bachelor of Music Degree

In addition to the University Core requirements (p. 97) and the Fulbright College of Arts and Sciences Graduation Requirements (p. 198), the following course requirements must be met. Bolded courses from the list below may be applied to portions of the University Core requirements.

Students must complete:

University Core Requirements including:	35
MLIT 1013 Music and Society (Also counts as supporting music course.)	
MUSY 2003 Music in World Cultures or WLIT 1113 World Literature I (ACTS Equivalency = ENGL 2113)	
HIST 1113 Institutions and Ideas of World Civilizations I (ACTS Equivalency = HIST 1113)	
HIST 1123 Institutions and Ideas of World Civilizations II (ACTS Equivalency = HIST 1123)	
A World Language Course at the 1013 Elementary II Level.	3
Music Theory	
MUTH 1603 Music Theory I	3
MUTH 2603 Music Theory II	3
Select two of the following (Jazz Concentration students must include MUTH 3723 in their selections.): ¹	6
MUTH 3603 18th Century Counterpoint or MUTH 3623 Music Perception or MUTH 3723 Jazz Analysis or MUTH 4773 Special Topics in Music Theory	
MUTH 3613 Form and 20th Century Techniques	3
Aural Perception	

MUTH 1621 Aural Perception I	1
MUTH 1631 Aural Perception II	1
MUTH 2621 Aural Perception III	1
MUTH 2631 Aural Perception IV	1
Music History	
MUHS 3703 History of Music to 1750 (Students completing the Jazz Concentration substitute MUHS 3503 Jazz History for MUHS 3703.)	3
MUHS 3713 History of Music from 1750 to Present	3
MUHS 4253 Special Topics in Music History	3
Music Technology and Conducting	
MUAC 2112 Music Technology (Music Technology)	2
MUPD 3801 Conducting I	1
Ensemble/Accompanying	7
Ensemble (See adviser for ensemble selections.) (Students with a Concentration in Piano Performance select 6 credits from MUEN 1541, MUEN 2541, MUEN 3541, MUEN 4541 and MUEN 4841 and one additional credit of Men's Chorus or Women's Chorus.)	
Piano (Students completing the Piano Concentration substitute MUPD 4863 Piano Pedagogy.)	
MUAC 1221 Piano Class for Music Majors I	1
MUAC 1231 Piano Class for Music Majors II	1
MUAC 2221 Piano Class for Music Majors III	1
Vocal/Diction (Students in the Voice Concentration substitute MUAC 1121 for this credit of MUEN 1411 or MUEN 1591.)	
MUEN 1411 Men's Chorus I or MUEN 1591 Women's Chorus I	1
Applied Lessons (Students in the Theory or Composition Concentrations may include MUAP 130V, MUAP 230V, MUAP 330V, and MUAP 415V to fulfill this category.)²	16
MUAP 110V Applied Major Voice/Instrument I	
MUAP 210V Applied Major Voice/Instrument II	
MUAP 310V Applied Major Voice/Instrument III	
MUAP 3201 Applied Recital I	
MUAP 410V Applied Major Voice/Instrument IV	
MUAP 4201 Applied Recital II	
And all of the specific requirements for the following concentration.	24
Total Hours	120

¹ Students completing the Jazz Concentration must select MUTH 3723.

² All students must complete two semesters of MUAP 110V with a grade of "A" or "B" and two semesters of MUAP 210V with a grade of "A" or "B" before enrolling in MUAP 310V.

Jazz Studies Concentration

Students completing the Jazz Studies Concentration will complete the following requirements:

MUTH 3742 Jazz Arranging	2
MUAC 2231 Piano Class for Music Major IV	1
Applied Jazz	
MUAC 3401 Jazz Improvisation I	1
MUAC 3411 Jazz Improvisation II	1

MUAC 4401	Jazz Improvisation III	1
MUAC 4411	Jazz Improvisation IV	1
Select 3 hours from the following:		3
MUHS 4253	Special Topics in Music History	
MUPD 3883	Jazz Pedagogy	
MUTH 3733	Functional Jazz Piano	
Electives		6
Total Hours		16

¹ Meets 40-hour advanced credit hour requirement.

² Meets 24-hour rule (24 hours of 3000-4000 level courses in Fulbright College), in addition to meeting the 40-hour rule.

Theory Concentration Requirements for a Major in Music leading to a Bachelor of Music Degree

In addition to the University Core requirements (p. 97) and the Fulbright College of Arts and Sciences Graduation Requirements (p. 198), the following course requirements must be met. Bolded courses from the list below may be applied to portions of the University Core requirements.

Students must complete:

University Core Requirements including:		35
MLIT 1013	Music and Society (Also counts as supporting music course.)	
MUSY 2003	Music in World Cultures	
	or WLIT 1113 World Literature I (ACTS Equivalency = ENGL 2113)	
HIST 1113	Institutions and Ideas of World Civilizations I (ACTS Equivalency = HIST 1113)	
HIST 1123	Institutions and Ideas of World Civilizations II (ACTS Equivalency = HIST 1123)	

A World Language Course at the 1013 Elementary II Level. 3

Music Theory

MUTH 1603	Music Theory I	3
MUTH 2603	Music Theory II	3

Select two of the following (Jazz Concentration students must include MUTH 3723 in their selections.): ¹

MUTH 3603	18th Century Counterpoint	
	or MUTH 3623 Music Perception	
	or MUTH 3723 Jazz Analysis	
	or MUTH 4733 Special Topics in Music Theory	
MUTH 3613	Form and 20th Century Techniques	3

Aural Perception

MUTH 1621	Aural Perception I	1
MUTH 1631	Aural Perception II	1
MUTH 2621	Aural Perception III	1
MUTH 2631	Aural Perception IV	1

Music History

MUHS 3703	History of Music to 1750 (Students completing the Jazz Concentration substitute MUHS 3503 Jazz History for MUHS 3703.)	3
MUHS 3713	History of Music from 1750 to Present	3
MUHS 4253	Special Topics in Music History	3

Music Technology and Conducting

MUAC 2112	Music Technology (Music Technology)	2
MUPD 3801	Conducting I	1

Ensemble/Accompanying 7

Ensemble (See adviser for ensemble selections.) (Students with a Concentration in Piano Performance select 6 credits from MUEN 1541, MUEN 2541, MUEN 3541, MUEN 4541 and MUEN 4841 and one additional credit of Men's Chorus or Women's Chorus.)

Piano (Students completing the Piano Concentration substitute MUPD 4863 Piano Pedagogy.)

MUAC 1221	Piano Class for Music Majors I	1
MUAC 1231	Piano Class for Music Majors II	1
MUAC 2221	Piano Class for Music Majors III	1

Vocal/Diction (Students in the Voice Concentration substitute MUAC 1121 for this credit of MUEN 1411 or MUEN 1591.)

MUEN 1411	Men's Chorus I	1
	or MUEN 1591 Women's Chorus I	

Applied Lessons (Students in the Theory or Composition Concentrations may include MUAP 130V, MUAP 230V, MUAP 330V, and MUAP 415V to fulfill this category.) ²

MUAP 110V	Applied Major Voice/Instrument I	
MUAP 210V	Applied Major Voice/Instrument II	
MUAP 310V	Applied Major Voice/Instrument III	
MUAP 3201	Applied Recital I	
MUAP 410V	Applied Major Voice/Instrument IV	
MUAP 4201	Applied Recital II	

And all of the specific requirements for the following concentration. 24

Total Hours 120

¹ Students completing the Jazz Concentration must select MUTH 3723.

² All students must complete two semesters of MUAP 110V with a grade of "A" or "B" and two semesters of MUAP 210V with a grade of "A" or "B" before enrolling in MUAP 310V.

Theory Concentration

University Core Requirements including: 35

MLIT 1013	Music and Society (Also counts as supporting music course.)	
MUSY 2003	Music in World Cultures	
	or WLIT 1113 World Literature I (ACTS Equivalency = ENGL 2113)	
HIST 1113	Institutions and Ideas of World Civilizations I (ACTS Equivalency = HIST 1113)	
HIST 1123	Institutions and Ideas of World Civilizations II (ACTS Equivalency = HIST 1123)	

A World Language Course at the 1013 Elementary II Level. 3

Music Theory

MUTH 1003 Basic Musicianship (if required based on placement test, see adviser)

MUTH 1603	Music Theory I ¹	3
MUTH 2603	Music Theory II ¹	3

Select two of the following: 6

MUTH 3603	18th Century Counterpoint	
MUTH 3623	Music Perception	
MUTH 3723	Jazz Analysis	

MUTH 477V	Special Topics in Music Theory	
MUTH 3613	Form and 20th Century Techniques ¹	3
Aural Perception		
MUTH 1621	Aural Perception I	1
MUTH 1631	Aural Perception II	1
MUTH 2621	Aural Perception III	1
MUTH 2631	Aural Perception IV	1
Music History		
MUHS 3703	History of Music to 1750	3
MUHS 3713	History of Music from 1750 to Present	3
MUHS 4253	Special Topics in Music History	3
Music Technology and Conducting		
MUAC 2112	Music Technology	2

Piano		
MUAC 1221	Piano Class for Music Majors I ²	1
MUAC 1231	Piano Class for Music Majors II ²	1
MUAC 2221	Piano Class for Music Majors III ²	1
MUAC 2231	Piano Class for Music Major IV (Concentration Credit) ²	1
Applied Major-Level Courses		16
MUAP 110V	Applied Major Voice/Instrument I (2 credits per semester)	
	or MUAP 131 Applied Skills Voice/Instrument I	
MUAP 210V	Applied Major Voice/Instrument II (2 credits per semester)	
	or MUAP 230 Applied Skills Voice/Instrument II	
MUAP 310V	Applied Major Voice/Instrument III (2 credits per semester)	
	or MUAP 331 Applied Skills Voice/Instrument III	
MUAP 410V	Applied Major Voice/Instrument IV (2 credits per semester)	
	or MUAP 415 Applied Skills Voice/Instrument IV	
Ensemble		
Ensemble (7 Hours; See adviser for ensemble selections)		7
Voice/Diction		
MUEN 1411	Men's Chorus I	1
	or MUEN 1591 Women's Chorus I	
Additional Concentration Credits		23
MUTH 4612	Orchestration	
MUTH Upper-level Electives (6 Hours)		
MUTH 498V	Senior Thesis (3 Hours)	
Music Electives (determined in consultation with adviser) (5 credits)		
Electives (7 credits)		
Total Hours		120

¹ Students majoring in Theory must receive a grade of "B" or higher in MUTH 1603, MUTH 2603, and MUTH 3613.

² Demonstration of piano skills appropriate for a composer; see Piano Proficiency Requirement above.

Music B.M., Music Theory Concentration Eight Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 87) for university requirements of the program, and should consult with their music adviser about the requirements in their concentration's eight-semester plan. Music core requirement hours may vary, based on placement and previous credit granted. If a music core requirement is met without taking a class, students will substitute an elective for the core class.

First Year	Units	
	Fall	Spring
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3	
1013 Elementary II world language course	3	
MUTH 1003 Basic Musicianship (if required or Elective)	3	
MUAP 110V Applied Major Voice/Instrument I	2	
MUEN 1411 Men's Chorus I or MUEN 1591 Women's Chorus I	1	
MUEN Music Ensemble I, see adviser)	1	
ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023)		3
MLIT 1013 Music and Society		3
MUTH 1603 Music Theory I (grade of B or better)		3
MUTH 1621 Aural Perception I		1

- ¹ Meets 40-hour advanced credit hour requirement.
² Meets 24-hour rule (24 hours of 3000-4000 level courses in Fulbright College), in addition to meeting the 40-hour rule.

Instrumental/Woodwind/Brass/Percussion Concentration

Requirements for a Major in Music leading to a Bachelor of Music Degree

In addition to the University Core requirements (p. 97) and the Fulbright College of Arts and Sciences Graduation Requirements (p. 198), the following course requirements must be met. Bolded courses from the list below may be applied to portions of the University Core requirements.

Students must complete:

University Core Requirements including: 35

MLIT 1013	Music and Society (Also counts as supporting music course.)	
MUSY 2003	Music in World Cultures	
or WLIT 1113	World Literature I (ACTS Equivalency = ENGL 2113)	
HIST 1113	Institutions and Ideas of World Civilizations I (ACTS Equivalency = HIST 1113)	
HIST 1123	Institutions and Ideas of World Civilizations II (ACTS Equivalency = HIST 1123)	
A World Language Course at the 1013 Elementary II Level.		3

Music Theory

MUTH 1603	Music Theory I	3
MUTH 2603	Music Theory II	3
Select two of the following (Jazz Concentration students must include MUTH 3723 in their selections.): ¹		6
MUTH 3603	18th Century Counterpoint	
or MUTH 3623	Music Perception	
or MUTH 3723	Jazz Analysis	
or MUTH 477V	Special Topics in Music Theory	
MUTH 3613	Form and 20th Century Techniques	3

Aural Perception

MUTH 1621	Aural Perception I	1
MUTH 1631	Aural Perception II	1
MUTH 2621	Aural Perception III	1
MUTH 2631	Aural Perception IV	1

Music History

MUHS 3703	History of Music to 1750 (Students completing the Jazz Concentration substitute MUHS 3503 Jazz History for MUHS 3703.)	3
MUHS 3713	History of Music from 1750 to Present	3
MUHS 4253	Special Topics in Music History	3

Music Technology and Conducting

MUAC 2112	Music Technology (Music Technology)	2
MUPD 3801	Conducting I	1

Ensemble/Accompanying 7

Third Year	Fall	Units Spring
MUTH 3613 Form and 20th Century Techniques (grade of B or better) ²	3	
MUTH 2631 Aural Perception IV ¹	1

Music Elective (MUEN Music Ensemble IV recommended) ²	2	
Elective		3

Ensemble (See adviser for ensemble selections.) (Students with a Concentration in Piano Performance select 6 credits from MUEN 1541, MUEN 2541, MUEN 3541, MUEN 4541 and MUEN 4841 and one additional credit of Men's Chorus or Women's Chorus.)

Piano (Students completing the Piano Concentration substitute MUPD 4863 Piano Pedagogy.)

MUAC 1221	Piano Class for Music Majors I	1
MUAC 1231	Piano Class for Music Majors II	1
MUAC 2221	Piano Class for Music Majors III	1

Vocal/Diction (Students in the Voice Concentration substitute MUAC 1121 for this credit of MUEN 1411 or MUEN 1591.)

MUEN 1411	Men's Chorus I	1
	or MUEN 1591 Women's Chorus I	

Applied Lessons (Students in the Theory or Composition Concentrations may include MUAP 130V, MUAP 230V, MUAP 330V, and MUAP 415V to fulfill this category.)²

MUAP 110V	Applied Major Voice/Instrument I	
MUAP 210V	Applied Major Voice/Instrument II	
MUAP 310V	Applied Major Voice/Instrument III	
MUAP 3201	Applied Recital I	
MUAP 410V	Applied Major Voice/Instrument IV	
MUAP 4201	Applied Recital II	

And all of the specific requirements for the following concentration. 24

Total Hours 120

¹ Students completing the Jazz Concentration must select MUTH 3723.

² All students must complete two semesters of MUAP 110V with a grade of "A" or "B" and two semesters of MUAP 210V with a grade of "A" or "B" before enrolling in MUAP 310V.

Music Education, Instrumental/Woodwind/Brass/Percussion Concentration

MLIT 1013	Music and Society	3

MUED 4112	Pedagogy in Music Education	2
MUED 4293	Instrumental Methods	3
MUPD 3801	Conducting I	1
MUPD 3811	Conducting II: Instrumental Music	1
Total Hours		73

Students who wish to apply for admission to the internship program in music education must complete the following stages.

Stage I: Complete an Evaluation for Internship

Students must meet the following criteria to be cleared for the internship:

1. Declare the major in music education in the Fulbright Advising Center, 518 Old Main.
2. Successful completion of the PRAXIS I test by meeting or exceeding the Arkansas Department of Education cut-off scores. This test should be taken after the student has completed 30 credit hours and upon completion of ENGL 1013, ENGL 1023, and MATH 1203.
3. Obtain a "C" or better in the following pre-education core courses: CIED 3023, CIED 3033. (PSYC 2003 is a prerequisite.)
4. Obtain a "C" or better in MUED 2012, MUED 3021, MUED 3833, MUED 4112, and one of MUED 4273, or MUED 4283, or MUED 4293.
5. Submit an online application to teach education (see the Teacher Education Application Fee). The evaluation form must be completed by October 1 prior to doing a fall internship or March 1 prior to doing a spring internship. The completed form must be returned to the Teacher Education Office, Graduate Education Building Room 339, no later than the stated deadline.
6. Complete the B.M. degree with a cumulative GPA of 2.75 or higher. The degree must be eligible to be posted to your University of Arkansas transcript at the Registrar's Office prior to internship.
7. Obtain departmental clearance for internship based on successful completion of portfolios, evaluation for internship, GPA requirements, course work requirements, selected written recommendations, an interview, and/or other requirements specified by your program.

All requirements in Stage I must be met to be cleared for the internship. Please contact the Director of Field Placement and Licensure, Graduate Education Building Room 339, College of Education and Health Professions for more information.

Stage II: Internship

1. Complete the one-semester internship at an approved site in Washington or Benton counties.
2. Complete PRAXIS II requirements if planning to apply for Arkansas Licensure (recommended, but not required for degree completion). See your adviser for completion dates.

NOTE: Students should always consult the Licensure Officer, Graduate Education Building Room 338, for any licensure requirement changes. Students will not be licensed to teach in Arkansas until they have met all requirements for licensure as set forth by the Arkansas Department of Education.

Usually licensure in another state is facilitated by acquiring a license in Arkansas. An application in another state must be made on the application form of that state, which can be obtained by request from the State Teacher Licensure office in the capital city. An official transcript

should accompany the application. In many instances the applications are referred to the Licensure Officer, Graduate Education Building Room 338.

Music B.M., Music Education-Instrumental, Woodwind, Brass, Percussion Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 87) for university requirements of the program, and should consult their music adviser for an eight-semester plan that is specific to their vocal, instrumental or theoretical emphasis area in music. Core requirement hours may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute a three-hour (or more) general elective in place of a core area.

1. Declare the major in music education in the Fulbright Advising Center, 518 Old Main.
2. Successful completion of the PRAXIS I test by meeting or exceeding the Arkansas Department of Education cut-off scores. This test should be taken after the student has completed 30 credit hours and upon completion of ENGL 1013, ENGL 1023, and MATH 1203.
3. Obtain a "C" or better in the following pre-education core courses: CIED 3023, CIED 3033. (PSYC 2003 is a prerequisite.)
4. Obtain a "C" or better in MUED 2012, MUED 3021, MUED 3833, MUED 4112, and one of MUED 4273, or MUED 4283, or MUED 4293.
5. Submit an online application to teach education (see the Teacher Education Application Fee). The evaluation form must be completed by October 1 prior to doing a fall internship or March 1 prior to doing a spring internship. The completed form must be returned to the

Teacher Education Office, Graduate Education Building Room 339, no later than the stated deadline.

- Complete the B.M. degree with a cumulative GPA of 2.75 or higher. The degree must be eligible to be posted to your University of Arkansas transcript at the Registrar's Office prior to internship.
- Obtain departmental clearance for internship based on successful completion of portfolios, evaluation for internship, GPA requirements, course work requirements, selected written recommendations, an interview, and/or other requirements specified by your program.

All requirements in Stage I must be met to be cleared for the internship. Please contact the Director of Field Placement and Licensure, Graduate Education Building Room 339, College of Education and Health Professions for more information.

Stage II: Internship

- Complete the one-semester internship at an approved site in Washington or Benton counties.
- Complete PRAXIS II requirements if planning to apply for Arkansas Licensure (recommended, but not required for degree completion). See your adviser for completion dates.

NOTE: Students should always consult the Licensure Officer, Graduate Education Building Room 338, for any licensure requirement changes. Students will not be licensed to teach in Arkansas until they have met all requirements for licensure as set forth by the Arkansas Department of Education.

Usually licensure in another state is facilitated by acquiring a license in Arkansas. An application in another state must be made on the application form of that state, which can be obtained by request from the State Teacher Licensure office in the capital city. An official transcript should accompany the application. In many instances the applications are referred to the Licensure Officer, Graduate Education Building Room 338.

Music B.M., Music Education-Instrumental-Strings Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 87) for university requirements of the program, and should consult their music adviser for an eight-semester plan that is specific to their vocal, instrumental or theoretical emphasis area in music. Core requirement hours may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute a three-hour (or more) general elective in place of a core area.

Licensure for teaching in the State of Arkansas requires one additional semester of internship beyond and after the completion of the degree requirements. The courses required during the semester of internship are MUED 4031 Seminar for Professional Entry into Music Education, MUED 451V Student Teaching: Elementary Music, and MUED 452V Student Teaching: Secondary Music (4 or 8 hours).

¹ Meets 40-hour advanced credit hour requirement.

² Meets 24-hour rule (24 hours of 3000-4000 level courses in Fulbright College), in addition to meeting the 40-hour rule.

Choral/Voice Concentration Requirements for a Major in Music leading to a Bachelor of Music Degree

In addition to the University Core requirements (p. 97) and the Fulbright College of Arts and Sciences Graduation Requirements (p. 198), the following course requirements must be met. Bolded courses from the list below may be applied to portions of the University Core requirements.

Students must complete:

University Core Requirements including:		35
MLIT 1013	Music and Society (Also counts as supporting music course.)	
MUSY 2003	Music in World Cultures	
or WLIT 1113	World Literature I (ACTS Equivalency = ENGL 2113)	
HIST 1113	Institutions and Ideas of World Civilizations I (ACTS Equivalency = HIST 1113)	
HIST 1123	Institutions and Ideas of World Civilizations II (ACTS Equivalency = HIST 1123)	
A World Language Course at the 1013 Elementary II Level.		3
Music Theory		
MUTH 1603	Music Theory I	3
MUTH 2603	Music Theory II	3
Select two of the following (Jazz Concentration students must include MUTH 3723 in their selections.): ¹		6
MUTH 3603	18th Century Counterpoint	
or MUTH 3623	Music Perception	
or MUTH 3723	Jazz Analysis	
or MUTH 4773	Special Topics in Music Theory	
MUTH 3613	Form and 20th Century Techniques	3
Aural Perception		
MUTH 1621	Aural Perception I	1
MUTH 1631	Aural Perception II	1
MUTH 2621	Aural Perception III	1
MUTH 2631	Aural Perception IV	1
Music History		
MUHS 3703	History of Music to 1750 (Students completing the Jazz Concentration substitute MUHS 3503 Jazz History for MUHS 3703.)	3
MUHS 3713	History of Music from 1750 to Present	3
MUHS 4253	Special Topics in Music History	3
Music Technology and Conducting		
MUAC 2112	Music Technology (Music Technology)	2
MUPD 3801	Conducting I	1
Ensemble/Accompanying		7

Ensemble (See adviser for ensemble selections.) (Students with a Concentration in Piano Performance select 6 credits from MUEN 1541, MUEN 2541, MUEN 3541, MUEN 4541 and MUEN 4841 and one additional credit of Men's Chorus or Women's Chorus.)

Piano (Students completing the Piano Concentration substitute MUPD 4863 Piano Pedagogy.)

MUAC 1221	Piano Class for Music Majors I	1
MUAC 1231	Piano Class for Music Majors II	1
MUAC 2221	Piano Class for Music Majors III	1

Vocal/Diction (Students in the Voice Concentration substitute MUAC 1121 for this credit of MUEN 1411 or MUEN 1591.)

MUEN 1411	Men's Chorus I	1
	or MUEN 1591 Women's Chorus I	

Applied Lessons (Students in the Theory or Composition Concentrations may include MUAP 130V, MUAP 230V, MUAP 330V, and MUAP 415V to fulfill this category.)²

MUAP 110V	Applied Major Voice/Instrument I	
MUAP 210V	Applied Major Voice/Instrument II	
MUAP 310V	Applied Major Voice/Instrument III	
MUAP 3201	Applied Recital I	
MUAP 410V	Applied Major Voice/Instrument IV	
MUAP 4201	Applied Recital II	

And all of the specific requirements for the following concentration. 24

Total Hours 120

¹ Students completing the Jazz Concentration must select MUTH 3723.

² All students must complete two semesters of MUAP 110V with a grade of "A" or "B" and two semesters of MUAP 210V with a grade of "A" or "B" before enrolling in MUAP 310V.

Music Education, Choral/Voice Concentration

MUED 4283	Teaching Vocal Music	3
Total Hours		69-70

Students who wish to apply for admission to the internship program in music education must complete the following stages.

Stage I: Complete an Evaluation for Internship

Students must meet the following criteria to be cleared for the internship:

1. Declare the major in music education in the Fulbright Advising Center, 518 Old Main.
2. Successful completion of the PRAXIS I test by meeting or exceeding the Arkansas Department of Education cut-off scores. This test should be taken after the student has completed 30 credit hours and upon completion of ENGL 1013, ENGL 1023, and MATH 1203.
3. Obtain a "C" or better in the following pre-education core courses: CIED 3023, CIED 3033. (PSYC 2003 is a prerequisite.)
4. Obtain a "C" or better in MUED 2012, MUED 3021, MUED 3833, MUED 4112, and one of MUED 4273, or MUED 4283, or MUED 4293.

5. Submit an online application to teach education (see the Teacher Education Application Fee). The evaluation form must be completed by October 1 prior to doing a fall internship or March 1 prior to doing a spring internship. The completed form must be returned to the Teacher Education Office, Graduate Education Building Room 339, no later than the stated deadline.
6. Complete the B.M. degree with a cumulative GPA of 2.75 or higher. The degree must be eligible to be posted to your University of Arkansas transcript at the Registrar's Office prior to internship.
7. Obtain departmental clearance for internship based on successful completion of portfolios, evaluation for internship, GPA requirements, course work requirements, selected written recommendations, an interview, and/or other requirements specified by your program.

All requirements in Stage I must be met to be cleared for the internship. Please contact the Director of Field Placement and Licensure, Graduate Education Building Room 339, College of Education and Health Professions for more information.

Stage II: Internship

1. Complete the one-semester internship at an approved site in Washington or Benton counties.
2. Complete PRAXIS II requirements if planning to apply for Arkansas Licensure (recommended, but not required for degree completion). See your adviser for completion dates.

NOTE: Students should always consult the Licensure Officer, Graduate Education Building Room 338, for any licensure requirement changes. Students will not be licensed to teach in Arkansas until they have met all requirements for licensure as set forth by the Arkansas Department of Education.

Usually licensure in another state is facilitated by acquiring a license in Arkansas. An application in another state must be made on the application form of that state, which can be obtained by request from the State Teacher Licensure office in the capital city. An official transcript should accompany the application. In many instances the applications are referred to the Licensure Officer, Graduate Education Building Room 338.

Music B.M., Music Education-Choral/Voice Eight Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 87) for university requirements of the program, and should consult their music adviser for an eight-semester plan that is specific to their vocal, instrumental or theoretical emphasis area in music. Core requirement hours may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute a three-hour (or more) general elective in place of a core area.

Licensure for teaching in the State of Arkansas requires one additional semester of internship beyond and after the completion of the degree requirements. The courses required during the semester of internship are MUED 4031 Seminar for Professional Entry into Music Education, MUED 451V Student Teaching: Elementary Music, and MUED 452V Student Teaching: Secondary Music (4 or 8 hours).

¹ Meets 40-hour advanced credit hour requirement.

² Meets 24-hour rule (24 hours of 3000-4000 level courses in Fulbright College), in addition to meeting the 40-hour rule.

Choral/Piano Concentration Requirements for a Major in Music leading to a Bachelor of Music Degree

In addition to the University Core requirements (p. 97) and the Fulbright College of Arts and Sciences Graduation Requirements (p. 198), the following course requirements must be met. Bolded courses from the list below may be applied to portions of the University Core requirements.

Students must complete:

University Core Requirements including:		35
MLIT 1013	Music and Society (Also counts as supporting music course.)	
MUSY 2003	Music in World Cultures	
	or WLIT 1113 World Literature I (ACTS Equivalency = ENGL 2113)	
HIST 1113	Institutions and Ideas of World Civilizations I (ACTS Equivalency = HIST 1113)	
HIST 1123	Institutions and Ideas of World Civilizations II (ACTS Equivalency = HIST 1123)	

A World Language Course at the 1013 Elementary II Level. 3

Music Theory

MUTH 1603 Music Theory I 3

MUTH 2603 Music Theory II 3

Select two of the following (Jazz Concentration students must include MUTH 3723 in their selections.):¹ 6

MUTH 3603 18th Century Counterpoint

or MUTH 3623 Music Perception

or MUTH 3723 Jazz Analysis

or MUTH 4733 Special Topics in Music Theory

MUTH 3613 Form and 20th Century Techniques 3

Aural Perception

MUTH 1621 Aural Perception I 1

MUTH 1631 Aural Perception II 1

MUTH 2621 Aural Perception III 1

MUTH 2631 Aural Perception IV 1

Music History

MUHS 3703 History of Music to 1750 (Students completing the Jazz Concentration substitute MUHS 3503 Jazz History for MUHS 3703.) 3

MUHS 3713 History of Music from 1750 to Present 3

MUHS 4253 Special Topics in Music History 3

Music Technology and Conducting

MUAC 2112 Music Technology (Music Technology) 2

MUPD 3801 Conducting I 1

Ensemble/Accompanying 7

Ensemble (See adviser for ensemble selections.) (Students with a Concentration in Piano Performance select 6 credits from MUEN 1541, MUEN 2541, MUEN 3541, MUEN 4541 and MUEN 4841 and one additional credit of Men's Chorus or Women's Chorus.)

Piano (Students completing the Piano Concentration substitute MUPD 4863 Piano Pedagogy.)

MUAC 1221 Piano Class for Music Majors I 1

MUAC 1231 Piano Class for Music Majors II 1

MUAC 2221 Piano Class for Music Majors III 1

Vocal/Diction (Students in the Voice Concentration substitute MUAC 1121 for this credit of MUEN 1411 or MUEN 1591.)

MUEN 1411 Men's Chorus I 1

or MUEN 1591 Women's Chorus I

Applied Lessons (Students in the Theory or Composition Concentrations may include MUAP 130V, MUAP 230V, MUAP 330V, and MUAP 415V to fulfill this category.)² 16

MUAP 110V Applied Major Voice/Instrument I

MUED 3833	Music Education in the Elementary School	3
MUED 4112	Pedagogy in Music Education	2
MUED 4283	Teaching Vocal Music	3
Total Hours		70

Students who wish to apply for admission to the internship program in music education must complete the following stages.

Stage I: Complete an Evaluation for Internship

Students must meet the following criteria to be cleared for the internship:

1. Declare the major in music education in the Fulbright Advising Center, 518 Old Main.
2. Successful completion of the PRAXIS I test by meeting or exceeding the Arkansas Department of Education cut-off scores. This test should be taken after the student has completed 30 credit hours and upon completion of ENGL 1013, ENGL 1023, and MATH 1203.
3. Obtain a "C" or better in the following pre-education core courses: CIED 3023, CIED 3033. (PSYC 2003 is a prerequisite.)
4. Obtain a "C" or better in MUED 2012, MUED 3021, MUED 3833, MUED 4112, and one of MUED 4273, or MUED 4283, or MUED 4293.
5. Submit an online application to teach education (see the Teacher Education Application Fee). The evaluation form must be completed by October 1 prior to doing a fall internship or March 1 prior to doing a spring internship. The completed form must be returned to the Teacher Education Office, Graduate Education Building Room 339, no later than the stated deadline.
6. Complete the B.M. degree with a cumulative GPA of 2.75 or higher. The degree must be eligible to be posted to your University of Arkansas transcript at the Registrar's Office prior to internship.
7. Obtain departmental clearance for internship based on successful completion of portfolios, evaluation for internship, GPA requirements, course work requirements, selected written recommendations, an interview, and/or other requirements specified by your program.

All requirements in Stage I must be met to be cleared for the internship. Please contact the Director of Field Placement and Licensure, Graduate Education Building Room 339, College of Education and Health Professions for more information.

Stage II: Internship

1. Complete the one-semester internship at an approved site in Washington or Benton counties.
2. Complete PRAXIS II requirements if planning to apply for Arkansas Licensure (recommended, but not required for degree completion). See your adviser for completion dates.

NOTE: Students should always consult the Licensure Officer, Graduate Education Building Room 338, for any licensure requirement changes. Students will not be licensed to teach in Arkansas until they have met all requirements for licensure as set forth by the Arkansas Department of Education.

Usually licensure in another state is facilitated by acquiring a license in Arkansas. An application in another state must be made on the

application form of that state, which can be obtained by request from the State Teacher Licensure office in the capital city. An official transcript should accompany the application. In many instances the applications are referred to the Licensure Officer, Graduate Education Building Room 338.

Music B.M., Music Education-Choral/Piano Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 87) for university requirements of the program, and should consult their music adviser for an eight-semester plan that is specific to their vocal, instrumental or theoretical emphasis area in music. Core requirement hours may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute a three-hour (or more) general elective in place of a core area.

First Year	Units	
	Fall	Spring

			¹ Meets 40-hour advanced credit hour requirement. See College Academic Regulations.		

² Meets 24-hour rule (24 hours of 3000-4000 level courses in Fulbright College), in addition to meeting the 40-hour rule. See College Academic Regulations.

Elective Studies in Business Requirements for a Major in Music leading to a Bachelor of Music Degree

In addition to the University Core requirements (p. 97) and the Fulbright College of Arts and Sciences Graduation Requirements (p. 198), the following course requirements must be met. Bolded courses from the list below may be applied to portions of the University Core requirements.

Students must complete:

University Core Requirements including: 35

MLIT 1013	Music and Society (Also counts as supporting music course.)	
MUSY 2003	Music in World Cultures	
or WLIT 1113	World Literature I (ACTS Equivalency = ENGL 2113)	
HIST 1113	Institutions and Ideas of World Civilizations I (ACTS Equivalency = HIST 1113)	
HIST 1123	Institutions and Ideas of World Civilizations II (ACTS Equivalency = HIST 1123)	
A World Language Course at the 1013 Elementary II Level.		3

Music Theory

MUTH 1603	Music Theory I	3
MUTH 2603	Music Theory II	3
Select two of the following (Jazz Concentration students must include MUTH 3723 in their selections.): ¹		6

MUTH 3603	18th Century Counterpoint	
or MUTH 3623	Music Perception	
or MUTH 3723	Jazz Analysis	
or MUTH 4773	Special Topics in Music Theory	
MUTH 3613	Form and 20th Century Techniques	3

Aural Perception

MUTH 1621	Aural Perception I	1
MUTH 1631	Aural Perception II	1
MUTH 2621	Aural Perception III	1
MUTH 2631	Aural Perception IV	1

Music History

MUHS 3703	History of Music to 1750 (Students completing the Jazz Concentration substitute MUHS 3503 Jazz History for MUHS 3703.)	3
MUHS 3713	History of Music from 1750 to Present	3
MUHS 4253	Special Topics in Music History	3

Music Technology and Conducting

MUAC 2112	Music Technology (Music Technology)	2
MUPD 3801	Conducting I	1

Ensemble/Accompanying 7

Ensemble (See adviser for ensemble selections.) (Students with a Concentration in Piano Performance select 6 credits from MUEN 1541, MUEN 2541, MUEN 3541, MUEN 4541 and MUEN 4841 and one additional credit of Men's Chorus or Women's Chorus.)

Piano (Students completing the Piano Concentration substitute MUPD 4863 Piano Pedagogy.)

MUAC 1221	Piano Class for Music Majors I	1
MUAC 1231	Piano Class for Music Majors II	1
MUAC 2221	Piano Class for Music Majors III	1

Vocal/Diction (Students in the Voice Concentration substitute MUAC 1121 for this credit of MUEN 1411 or MUEN 1591.)

MUEN 1411	Men's Chorus I	1
or MUEN 1591	Women's Chorus I	

Applied Lessons (Students in the Theory or Composition Concentrations may include MUAP 130V, MUAP 230V, MUAP 330V, and MUAP 415V to fulfill this category.)² 16

MUAP 110V	Applied Major Voice/Instrument I	
MUAP 210V	Applied Major Voice/Instrument II	
MUAP 310V	Applied Major Voice/Instrument III	
MUAP 3201	Applied Recital I	
MUAP 410V	Applied Major Voice/Instrument IV	
MUAP 4201	Applied Recital II	

And all of the specific requirements for the following concentration.	24
Total Hours	120

¹ Students completing the Jazz Concentration must select MUTH 3723.

² All students must complete two semesters of MUAP 110V with a grade of "A" or "B" and two semesters of MUAP 210V with a grade of "A" or "B" before enrolling in MUAP 310V.

Requirements for a Major in Music leading to a Bachelor of Music Degree with Elective Studies in Business

In addition to the University Core requirements (p. 97) and the Fulbright College of Arts and Sciences Graduation Requirements (p. 198), the following course requirements must be met.

And all of the following:

HIST 1113	Institutions and Ideas of World Civilizations I (ACTS Equivalency = HIST 1113)	3
HIST 1123	Institutions and Ideas of World Civilizations II (ACTS Equivalency = HIST 1123)	3
MUSY 2003	Music in World Cultures	3
or WLIT 1113	World Literature I (ACTS Equivalency = ENGL 2113)	

Students must complete a World Language course at the 1013 Elementary II level

MLIT 1013	Music and Society	3
MUTH 1603	Music Theory I	3
MUTH 1621	Aural Perception I	1
MUTH 1631	Aural Perception II	1
MUTH 2603	Music Theory II	3
MUTH 2621	Aural Perception III	1
MUTH 2631	Aural Perception IV	1
MUTH 3613	Form and 20th Century Techniques	3
MUTH 4612	Orchestration	2
MUAC 1221	Piano Class for Music Majors I	1
MUAC 1231	Piano Class for Music Majors II	1
MUAC 2221	Piano Class for Music Majors III	1
MUAC 2231	Piano Class for Music Major IV	1

MUAC 2112	Music Technology	2
MUHS 3703	History of Music to 1750	3
MUHS 3713	History of Music from 1750 to Present	3
MUHS 4253	Special Topics in Music History	3
Applied Instrument/Voice		14
MUAP 110V	Applied Major Voice/Instrument I (4 Hours) ¹	
MUAP 210V	Applied Major Voice/Instrument II (4 Hours) ¹	
MUAP 310V	Applied Major Voice/Instrument III (4 Hours) ²	
MUAP 410V	Applied Major Voice/Instrument IV (1 Hour)	
MUAP 3201	Applied Recital I	
MUPD 3801	Conducting I	1
MUEN 1411	Men's Chorus I	1
	or MUEN 1591 Women's Chorus I	
7 MUEN	to be selected with the consent of the student's adviser.	7
Student must declare one concentration for a Business Administration Minor for Non-Business Students and fulfill all requirements for that declared minor.		21
Total Hours		86

¹ All students must complete two semesters of MUAP 110V with a grade of "A" or "B" and two semesters of MUAP 210V with a grade of "A" or "B" before enrolling in MUAP 310V.

Music B.M., with Elective Studies in Business Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 87) for university requirements of the program, and should consult their music adviser for an eight-semester plan that is specific to their vocal, instrumental or theoretical emphasis area in music. Core requirement hours may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute a three-hour (or more) general elective in place of a core area.

¹ Meets 40-hour advanced credit hour requirement

² Meets 24-hour (24 hours of 3000-4000 level courses in Fulbright College), in addition to meeting the 40-hour rule.

³ Choose one concentration for Business Administration Minor for Non-Business Students (p. 445).

Requirements for a Major in Music leading to a Bachelor of Arts Degree

This program is for undergraduates who wish to major in music as part of a liberal arts program. In addition to the University Core requirements (p. 97) and the Fulbright College of Arts and Sciences Graduation Requirements (p. 198), the following course requirements must be met. Bolded courses from the list below may be applied to portions of the University/state minimum core requirements.

Completion of 2013 Intermediate II of any World Language. ¹	3-9
HIST 1113 Institutions and Ideas of World Civilizations I (ACTS Equivalency = HIST 1113)	3
HIST 1123 Institutions and Ideas of World Civilizations II (ACTS Equivalency = HIST 1123)	3
PHIL 2003 Introduction to Philosophy (ACTS Equivalency = PHIL 1103)	3

WLIT 1113 World Literature I (ACTS Equivalency = ENGL 2113) or MUSY 2003 Music in World Cultures	3
A minimum of 44-49 semester hours in music to include:	
MUEN 1411 Men's Chorus I	1
or MUEN 1591 Women's Chorus I	
MLIT 1013 Music and Society	3
MUTH 1603 Music Theory I	3
MUTH 1621 Aural Perception I	1
MUTH 1631 Aural Perception II	1
MUTH 2603 Music Theory II	3
MUTH 2621 Aural Perception III	1
MUTH 2631 Aural Perception IV	1
MUTH 3603 18th Century Counterpoint	1-4
or MUTH 3623 Music Perception	
or MUTH 3723 Jazz Analysis	
or MUTH 477V Special Topics in Music Theory	
MUTH 3613 Form and 20th Century Techniques	3
MUAC 1221 Piano Class for Music Majors I	1
MUAC 1231 Piano Class for Music Majors II	1
MUHS 3703 History of Music to 1750	3
MUHS 3713 History of Music from 1750 to Present	3
MUHS 4253 Special Topics in Music History	3
8 hours of applied study on voice or on one instrument:	
MUAP 110V Applied Major Voice/Instrument I	4
MUAP 210V Applied Major Voice/Instrument II	4
4 hours of ensemble to be selected with the consent of their advisers.	4
1-5 hours of 3000- or 4000-level elective music courses as needed to complete 20 hours of 3000-plus level music courses.	1-5
Total Hours	57-70

¹ This is usually accomplished through completion of a sequence of three language courses: 1013, 2003 and 2013.

Music B.A. Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 87) for university requirements of the program, and should consult their music adviser for an eight-semester plan that is specific to their vocal, instrumental or theoretical emphasis area in music. Core requirement hours may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute a three-hour (or more) general elective in place of a core area.

¹ Meets 40-hour advanced credit hour requirement. See College Academic Regulations (p. 198).

² Meets 24-hour rule (24 hours of 3000-4000 level courses in Fulbright College), in addition to meeting the 40-hour rule. See College Academic Regulations (p. 198).

Requirements for a Minor in Music

A minimum of 18 semester hours in music courses to include MLIT 1013, MUTH 1603, MUTH 2603, and either MUHS 3703 or MUHS 3713; other courses to be determined by the student in consultation with a music faculty adviser. The student must notify the Department of Music of his/her intent to minor.

For requirements for advanced degrees in music, see the Graduate School Catalog.

Requirements for Departmental Honors in Music

The Departmental Honors Program in Music provides upper-division undergraduate students an opportunity to participate formally in scholarly, creative, or performance music activities. Honors candidates carry out independent study, research and performance under the guidance of the music faculty and participate in special honors classes and seminars. They must take 12 hours (which may include 6 hours of thesis) in Honors Studies.

Each honors student will be required to select an honors committee. The committee will be comprised of the honors thesis adviser (a Music Department faculty member and major teacher in the area of the honors project), a second faculty member from the Music Department chosen by the student, a member from outside the music department chosen by the student, and a member of the Honors Council appointed by the Honors College. This committee is responsible for hearing and seeing the work of the student in the area of the honors project and will administer the oral examination to the candidate at the end of the last semester of the student's work. The committee then recommends to the Honors Council whether or not the student receives honors in music. Outstanding student achievement will be recognized by awarding the distinction "Music Scholar *Cum Laude*" at graduation. The award of higher degree distinctions is recommended only in truly exceptional cases and is based upon the whole of the candidate's program of honors studies.

The student may elect to do the honors project in one of six areas: performance, music history and literature, theory, composition, music education, or ethnomusicology. Honors work may be done in an area other than the student's major area that is, a student majoring in voice performance may elect to do honors work in music history, theory, or composition, etc.

If a student wishes to devise his or her own honors project in consultation with a supervising professor and with the permission of the department chair, he or she may be granted honors. If a student wishes to combine work in more than one field and if the committee approves, he or she may be granted honors in more than one area, although the designation on the diploma will read "in music."

The requirements for work in each area are as follows:

1. Performance
 - a. 2 semesters of MUAP 310VH or MUAP 410VH, with concurrent registration in MUAP 3201H and MUAP 4201H
 - b. Other music department honors courses are recommended, see honors adviser. (A program file representing the student's range of performance activities during the junior and senior years will be maintained for the department file and for the Honors Council. Compact discs of the junior and senior recitals will be filed with the Honors Office.)
2. History and Literature
 - a. Junior year: MUHS 5973 Seminar in Bibliography and Methods of Research
 - b. Senior year: MUSC 490VH Honors Essay
3. Theory
 - a. Junior year: MUHS 5973 Seminar in Bibliography and Methods of Research
 - b. Senior year: MUSC 490VH Honors Essay
4. Composition
 - a. At least six hours of MUTH 364VH Honors Composition III or MUTH 464VH Honors Composition IV
 - b. A full program of original compositions or equivalent.
5. Music Education
 - a. Junior year: MUED 5513 Seminar: Resources in Music Education
 - b. Senior year: MUSC 490VH Honors Essay
6. Ethnomusicology
 - a. Junior year: MUHS 5973 Seminar in Bibliography and Methods of Research
 - b. Senior year: MUSC 490VH Honors Essay

Troiano, Eric, D.M.A., M.M. (Michigan State University), B.M. (Ithaca College), Instructor, 2016.

Uribe, Lia, D.M.A. (University of Kansas), M.M. (University of Arkansas), B.M. (Universidad Nacional de Colombia, Bogotá), Assistant Professor, 2013.

Warren, W. Dale, M.M. (University of Kentucky), B.S. (Austin Peay State University), Professor, 1991.

Philosophy (PHIL)

Edward Minar
Department Chair
313 Old Main
479-575-8712

<http://philosophy.uark.edu>
phildept@uark.edu

The Department of Philosophy offers an undergraduate major in philosophy as well as a combined major in philosophy and African and

African American studies, both of which lead to a Bachelor of Arts degree. The department also offers a minor in philosophy.

The problems of philosophy include some of the deepest, most interesting, and most challenging questions that the human mind can raise. What is the difference between appearance and reality? What are the sources and limits of human knowledge? Does God exist? What is the origin of evil? Can computers think or have feelings? Do we have freedom of the will? Why be moral, and how is morality related to law? What is the proper scope of governmental authority? What is scientific explanation and why does it work? How does science differ from art? What is truth? What is the meaning of a word?

Philosophy cannot claim to have discovered fully adequate answers either to these questions or to the other questions that fall within its scope, but it has developed fruitful ways of addressing them, and it has found a number of partial answers that are both useful and exciting. Although the department's bent is generally analytic, our course offerings cover a broad range and include every major period in the history of western philosophy and most of the major subfields of contemporary philosophy. Our areas of special concentration are the philosophy of mind, epistemology, and philosophy of religion.

For requirements for advanced degrees in philosophy, see the Graduate School Catalog (<http://catalog.uark.edu/graduatecatalog/programsofstudy/philosophyphil/>).

Requirements for a Major in Philosophy

Students must complete 120 degree credit hours to include the minimum University Core requirements (p. 97), the Fulbright College of Arts and Sciences Graduation Requirements (p. 198), and following course requirements for the major. Bolded courses from the list below may be applied to portions of the University/state minimum core requirements.

Select one of the following:

3

CLST 1003	Introduction to Classical Studies: Greece
HIST 1113	Institutions and Ideas of World Civilizations I (ACTS Equivalency = HIST 1113)
HIST 1123	Institutions and Ideas of World Civilizations II (ACTS Equivalency = HIST 1123)

33 Semester Hours in Philosophy to include:

PHIL 2003	Introduction to Philosophy (ACTS Equivalency = PHIL 1103)	3
PHIL 2203	Logic (ACTS Equivalency = PHIL 1003)	3
or PHIL 4253	Symbolic Logic I	
PHIL 4003	Ancient Greek Philosophy	3
PHIL 4033	Modern Philosophy-17th and 18th Centuries	3
and		
18 additional hours in PHIL electives		18
and either		
PHIL 4983	Capstone Course for Philosophy Majors	3
Or a successfully defended honors thesis in philosophy.		
Total Hours		36

Writing Requirement: The writing requirement can be satisfied either by completion of an acceptable thesis or by approval of a research/analytical paper from any 4000-level course in philosophy submitted by the student to the Philosophy Department's Undergraduate Committee.

Philosophy B.A. Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 87) in the Academic Regulations chapter for university requirements of the program as well as College requirements (p. 198). Core requirement hours may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute a three-hour (or more) general elective in place of a core area.

First Year	Units	
	Fall	Spring
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3	
MATH 1203 College Algebra (ACTS Equivalency = MATH 1103)	3	
PHIL 2003 Introduction to Philosophy (ACTS Equivalency = PHIL 1103)	3	
University/State Core Fine Arts or U.S. History requirement	3	
General Elective	3	
ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023)		3
University/State Core U.S. History or Fine Arts requirement		3
PHIL 2203 Logic (ACTS Equivalency = PHIL 1003)		3
General Elective		6
Year Total:	15	15

Second Year	Units

PHIL course from 3000-4000 Level Elective ^{1,2}	3	
PHIL 3000-4000 Level Elective ^{1,2}	3	
General Electives	7-10	
PHIL 4983 Capstone Course for Philosophy Majors ^{1, 2}		3
PHIL 3000-4000 Level Elective ^{1,2}		3
3000-4000 Level Elective ¹		3
General Electives (as needed to total 120 degree credit hours)		3-6
Year Total:	14	14

Total Units in Sequence: 120

¹ Meets 40-hour advanced credit hour requirement. See College Academic Regulations (p. 198).

² Meets 24-hour rule (24 hours of 3000-4000 level courses in Fulbright College), in addition to meeting the 40-hour rule. See College Academic Regulations (p. 198).

Requirements for a Minor in Philosophy

The minor requires 18 semester hours in philosophy to include PHIL 2203 or PHIL 4253, and either PHIL 4003 or PHIL 4033. A student may earn either a minor or a combined major in philosophy but not both. A student must notify the department of his or her intent to minor.

Requirements for Honors in Philosophy: Both the College and the Departmental Honors Program in Philosophy provide undergraduate students with the opportunity to participate formally in scholarly philosophical activities, and allow for greater maturity in dealing with philosophical ideas through independent study. Admission to the Fulbright Honors Program is open to philosophy majors with a minimum, cumulative grade point average of 3.5 in all of their coursework. Honors candidates must complete a minimum of 12 hours of honors courses, which may include up to 6 hours of thesis. Honors candidates carry out independent study and research under the guidance of the philosophy faculty and participate in special honors classes, seminars, and colloquia. To successfully complete the required thesis, students should choose an honors thesis adviser as early as possible. An adviser should be selected, and an Honors Agreement completed, no later than the first semester in a student's junior year.

Honors candidates must meet the college's requirements for an honors degree. Students graduating with honors typically graduate with the distinction "Philosophy Scholar Cum Laude" at graduation. Higher degree distinctions (*magna cum laude*, *summa cum laude*) are awarded by the

Honors Council, are recommended only in truly exceptional cases, and are based upon the whole of the candidate's program of honors studies.

Stevens, Christopher W., Ph.D. (University of Maryland College Park), M.A. (City University of New York-The Graduate Center), B.A. (Humboldt State University), Instructor, 2015.

Ward, Barry M., Ph.D. (Rutgers State University-New Brunswick), M.Sc., B.A.Mod. (Trinity College, Dublin), Associate Professor, 2002.

Physics (PHYS)

William Oliver
Chair of the Department
226 Physics Building
479-575-7932
physics@uark.edu

Department of Physics website (<http://www.uark.edu/depts/physics/>)

The Department of Physics offers two undergraduate majors, one leading to a Bachelor of Science degree in physics and a second leading to a Bachelor of Arts degree in physics.

Physicists ask questions and try to find answers to almost everything. If you have wondered about rainbows, thunderstorms, why stars shine, the colors of beetles, why curve balls curve, how the universe began, or how quarks and leptons interact – if you like to explore and figure out why things are the way they are – you might want to become a physicist.

The Bachelor of Science degree program is designed for students interested in professional employment or who want to pursue graduate work in physics or closely related fields such as astronomy, engineering, laser technology, or computational science. It offers the option of one of seven concentrations.

The Bachelor of Arts degree program provides a broad background in the physics and technology of today and tomorrow. Training in physics provides students with a unique background, the usefulness of which transcends the boundaries of the professional disciplines.

In our increasingly technological society, scientific literacy is ever more important for the successful employee. Physics, the most fundamental

science, gives students the fascination of studying the deepest principles of the universe while preparing them for a wide range of practical employment.

For information on advanced degrees in physics, see the Graduate School Catalog (<http://catalog.uark.edu/graduatecatalog/programsofstudy/physicsphys/>).

Requirement for B.S. Degree with a Major in Physics

University and College Requirements for a Bachelor of Science in Physics: In addition to the Fulbright College of Arts and Sciences Graduation Requirements (see under Degree Completion Program Policy), the following course requirements must be met. **Bolded** courses from the course list below may be applied to portions of the University/state minimum core (p. 97) requirements.

University/State Minimum Core		35
Students must complete the following:		
PHYS 2054	University Physics I (ACTS Equivalency = PHYS 2034)	4
PHYS 2074	University Physics II (ACTS Equivalency = PHYS 2044 Lecture)	4
PHYS 2094	University Physics III	4
PHYS 3453	Electromagnetic Theory I	3
PHYS 3613	Modern Physics	3
PHYS 4073	Introduction to Quantum Mechanics	3
PHYS 4991	Physics Senior Seminar ¹	1
Mathematics Courses:		
MATH 2554	Calculus I (ACTS Equivalency = MATH 2405)	4
MATH 2564	Calculus II (ACTS Equivalency = MATH 2505)	4
MATH 2574	Calculus III (ACTS Equivalency = MATH 2603)	4
MATH 2584	Elementary Differential Equations	4
MATH 3083	Linear Algebra ²	3
Additional Science		
At least 8 hours of other science chosen from:		8
CHEM 1103 & CHEM 1101L	University Chemistry I (ACTS Equivalency = CHEM 1414 Lecture) and University Chemistry I Laboratory (ACTS Equivalency = CHEM 1414 Lab)	
CHEM 1123 & CHEM 1121L	University Chemistry II (ACTS Equivalency = CHEM 1424 Lecture) and University Chemistry II Laboratory (ACTS Equivalency = CHEM 1424 Lab)	
CSCE 2004	Programming Foundations I	
CSCE 2014	Programming Foundations II	
BIOL 1543 & BIOL 1541L	Principles of Biology (ACTS Equivalency = BIOL 1014 Lecture) and Principles of Biology Laboratory (ACTS Equivalency = BIOL 1014 Lab)	
BIOL 1584	Biology for Majors (ACTS Equivalency = BIOL 1014 Lecture)	
GEOS 1113 & GEOS 1111L	General Geology (ACTS Equivalency = GEOL 1114 Lecture) and General Geology Laboratory (ACTS Equivalency = GEOL 1114 Lab)	

GEOS 1133 Earth Science (ACTS Equivalency = GEOL 1124 & GEOS 1131L Lecture) and Earth Science Laboratory (ACTS Equivalency = GEOL 1124 Lab)	
Concentration Requirements	16-24
Physics B.S. majors must complete all the requirements for one of seven available concentration areas. All concentrations consist of 16 credit hours with the exception of the Geophysics concentration, which requires 24.	
University Residency Requirement Electives (See Degree Completion Program Policy)	1
General Electives	11-19
Total Hours	120

- ¹ Majors must propose participation in a research experience project no later than the end of their junior year of study. A written report of the results must be submitted during Senior Seminar (PHYS 4991).
- ² CSCE 3513, CSCE 4423, MEEG 2703, or GEOS 4223 can be substituted for MATH 3083 with the adviser's approval.

Astronomy Concentration

PHYS 3544 Optics	4
6 semester hours of ASTR courses numbered 3000 or above (ASTR 4033, ASTR 4043, ASTR 4073)	6
6 additional hours numbered 3000 and above in physics or astronomy	6
Total Hours	16

Writing Requirement: Students majoring in physics may satisfy the Fulbright College writing requirement by means of a senior thesis (PHYS 498V), an honors thesis submitted in fulfillment of the requirements of the honors program (), or by means of a paper submitted as part of PHYS 4991 or any physics or astronomy course numbered 3000 or above. Students electing the last route must obtain approval of the instructor during the first three weeks of the semester. The research/analytical paper should demonstrate competency in the use of word processing software and also at least one computer analytical tool such as a spreadsheet, mathematical or graphics program, or an original program written by the student.

Assessment of Student Learning: In accordance with state, University, and college requirements, all students must have learning assessed before graduation. Students majoring in physics will be assessed in the course PHYS 4991, which must be taken in the year prior to graduation.

Physics B.S. with Astronomy Concentration Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 87) in the Academic Regulations chapter for university requirements of the program as well as Fulbright College requirements.

University/state minimum core requirements may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute with general electives. Students should consult with their academic advisor.

First Year	Units
	Fall Spring
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3

MATH 2554 Calculus I (ACTS Equivalency = MATH 2405)	4
PHYS 2054 University Physics I (ACTS Equivalency = PHYS 2034)	4

Requirement for B.S. Degree with a Major in Physics

University and College Requirements for a Bachelor of Science in Physics:

In addition to the Fulbright College of Arts and Sciences Graduation Requirements (see under Degree Completion Program Policy), the following course requirements must be met. **Bolded** courses from the course list below may be applied to portions of the University/state minimum core (p. 97) requirements.

University/State Minimum Core	35
--------------------------------------	----

Students must complete the following:

PHYS 2054	University Physics I (ACTS Equivalency = PHYS 2034)	4
PHYS 2074	University Physics II (ACTS Equivalency = PHYS 2044 Lecture)	4
PHYS 2094	University Physics III	4
PHYS 3453	Electromagnetic Theory I	3
PHYS 3613	Modern Physics	3
PHYS 4073	Introduction to Quantum Mechanics	3
PHYS 4991	Physics Senior Seminar ¹	1

Mathematics Courses:

MATH 2554	Calculus I (ACTS Equivalency = MATH 2405)	4
MATH 2564	Calculus II (ACTS Equivalency = MATH 2505)	4
MATH 2574	Calculus III (ACTS Equivalency = MATH 2603)	4
MATH 2584	Elementary Differential Equations	4
MATH 3083	Linear Algebra ²	3

Additional Science

At least 8 hours of other science chosen from:	8
--	---

CHEM 1103	University Chemistry I (ACTS Equivalency = & CHEM 1101L CHEM 1414 Lecture) and University Chemistry I Laboratory (ACTS Equivalency = CHEM 1414 Lab)
CHEM 1123	University Chemistry II (ACTS Equivalency = & CHEM 1121L CHEM 1424 Lecture) and University Chemistry II Laboratory (ACTS Equivalency = CHEM 1424 Lab)
CSCE 2004	Programming Foundations I
CSCE 2014	Programming Foundations II
BIOL 1543 & BIOL 1541L	Principles of Biology (ACTS Equivalency = BIOL 1014 Lecture) and Principles of Biology Laboratory (ACTS Equivalency = BIOL 1014 Lab)
BIOL 1584	Biology for Majors (ACTS Equivalency = BIOL 1014 Lecture)
GEOS 1113 & GEOS 1111L	General Geology (ACTS Equivalency = GEOL 1114 Lecture) and General Geology Laboratory (ACTS Equivalency = GEOL 1114 Lab)

GEOS 1133 Earth Science (ACTS Equivalency = GEOL 1124 & GEOS 1131L Lecture) and Earth Science Laboratory (ACTS Equivalency = GEOL 1124 Lab)	
Concentration Requirements	16-24
Physics B.S. majors must complete all the requirements for one of seven available concentration areas. All concentrations consist of 16 credit hours with the exception of the Geophysics concentration, which requires 24.	
University Residency Requirement Electives (See Degree Completion Program Policy)	1
General Electives	11-19
Total Hours	120

¹ Majors must propose participation in a research experience project no later than the end of their junior year of study. A written report of the results must be submitted during Senior Seminar (PHYS 4991).

² CSCE 3513, CSCE 4423, MEEG 2703, or GEOS 4223 can be substituted for MATH 3083 with the adviser's approval.

Biophysics Concentration

PHYS 4333 Thermal Physics	3
PHYS 4613 Introduction to Biophysics and Biophysical Techniques	3
A Junior Level Laboratory Course chosen from PHYS 361VL, PHYS 3544, or PHYS 3213	1-4
6-9 semester hours numbered 3000 and above in physics, astronomy, biology, and chemistry chosen with the adviser's permission.	6-9
Total Hours	16

Writing Requirement: Students majoring in physics may satisfy the Fulbright College writing requirement by means of a senior thesis (PHYS 498V), an honors thesis submitted in fulfillment of the requirements of the honors program (), or by means of a paper submitted as part of PHYS 4991 or any physics or astronomy course numbered 3000 or above. Students electing the last route must obtain approval of the instructor during the first three weeks of the semester. The research/analytical paper should demonstrate competency in the use of word processing software and also at least one computer analytical tool such as a spreadsheet, mathematical or graphics program, or an original program written by the student.

Assessment of Student Learning: In accordance with state, University, and college requirements, all students must have learning assessed before graduation. Students majoring in physics will be assessed in the course PHYS 4991, which must be taken in the year prior to graduation.

Physics B.S. with Biophysics Concentration Eight-Semester Degree Plan

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 87) in the Academic Regulations chapter for university requirements of the program as well as Fulbright College requirements.

University/state minimum core requirements may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute with general electives. Students should consult with their academic advisor.

Assessment of Student Learning: In accordance with state, University, and college requirements, all students must have learning assessed before graduation. Students majoring in physics will be assessed in the course PHYS 4991, which must be taken in the year prior to graduation.

Physics B.S. with Electronics Concentration Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 87) in the Academic Regulations chapter for university requirements of the program as well as Fulbright College requirements.

University/state minimum core requirements may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute with general electives. Students should consult with their academic advisors.

First Year	Units	
	Fall	Spring
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3

College), in addition to meeting the 40-hour rule. See College
Academic Regulations.

³ Any PHYS or ASTR classes numbered 3000 or above.

Requirement for B.S. Degree with a Major in Physics

University and College Requirements for a Bachelor of Science

in Physics: In addition to the Fulbright College of Arts and Sciences
Graduation Requirements (see under Degree Completion Program
Policy), the following course requirements must be met. **Bolded** courses
from the course list below may be applied to portions of the University/
state minimum core (p. 97) requirements.

University/State Minimum Core

35

Students must complete the following:

PHYS 2054 University Physics I (ACTS Equivalency = PHYS 2034) 4

PHYS 2074	University Physics II (ACTS Equivalency = PHYS 2044 Lecture)	4
PHYS 2094	University Physics III	4
PHYS 3453	Electromagnetic Theory I	3
PHYS 3613	Modern Physics	3
PHYS 4073	Introduction to Quantum Mechanics	3
PHYS 4991	Physics Senior Seminar ¹	1
Mathematics Courses:		
MATH 2554	Calculus I (ACTS Equivalency = MATH 2405)	4
MATH 2564	Calculus II (ACTS Equivalency = MATH 2505)	4
MATH 2574	Calculus III (ACTS Equivalency = MATH 2603)	4
MATH 2584	Elementary Differential Equations	4
MATH 3083	Linear Algebra ²	3
Additional Science		
At least 8 hours of other science chosen from:		8
CHEM 1103 & CHEM 1101L	University Chemistry I (ACTS Equivalency = CHEM 1414 Lecture) and University Chemistry I Laboratory (ACTS Equivalency = CHEM 1414 Lab)	
CHEM 1123 & CHEM 1121L	University Chemistry II (ACTS Equivalency = CHEM 1424 Lecture) and University Chemistry II Laboratory (ACTS Equivalency = CHEM 1424 Lab)	
CSCE 2004	Programming Foundations I	
CSCE 2014	Programming Foundations II	
BIOL 1543 & BIOL 1541L	Principles of Biology (ACTS Equivalency = BIOL 1014 Lecture) and Principles of Biology Laboratory (ACTS Equivalency = BIOL 1014 Lab)	
BIOL 1584	Biology for Majors (ACTS Equivalency = BIOL 1014 Lecture)	
GEOS 1113 & GEOS 1111L	General Geology (ACTS Equivalency = GEOL 1114 Lecture) and General Geology Laboratory (ACTS Equivalency = GEOL 1114 Lab)	
GEOS 1133 & GEOS 1131L	Earth Science (ACTS Equivalency = GEOL 1124 Lecture) and Earth Science Laboratory (ACTS Equivalency = GEOL 1124 Lab)	
Concentration Requirements		16-24
Physics B.S. majors must complete all the requirements for one of seven available concentration areas. All concentrations consist of 16 credit hours with the exception of the Geophysics concentration, which requires 24.		
University Residency Requirement Electives (See Degree Completion Program Policy)		1
General Electives		11-19
Total Hours		120

¹ Majors must propose participation in a research experience project no later than the end of their junior year of study. A written report of the results must be submitted during Senior Seminar (PHYS 4991).

² CSCE 3513, CSCE 4423, MEEG 2703, or GEOS 4223 can be substituted for MATH 3083 with the adviser's approval.

Geophysics Concentration

PHYS 3113	Analytical Mechanics	3
GEOS 1113 & GEOS 1111L	General Geology (ACTS Equivalency = GEOL 1114 Lecture) and General Geology Laboratory (ACTS Equivalency = GEOL 1114 Lab)	4
GEOS 2313	Mineralogy and Petrology	3
GEOS 3413	Sedimentary Rocks & Fossils	3
GEOS 3514	Structural Geology	4
GEOS 4223	Stratigraphy and Sedimentation	3
GEOS 4924	Earth System History (ACTS Equivalency = PHSC 1104)	4
Completion of GEOG 3383 Principles of Landscape Evolution and GEOL 4666 Geology Field Camp in addition to the stated requirements for a physics-geophysics major will enable a student to complete the requirements for a double major in physics and geology.		
Total Hours		24

Writing Requirement: Students majoring in physics may satisfy the Fulbright College writing requirement by means of a senior thesis (PHYS 498V), an honors thesis submitted in fulfillment of the requirements of the honors program (), or by means of a paper submitted as part of PHYS 4991 or any physics or astronomy course numbered 3000 or above. Students electing the last route must obtain approval of the instructor during the first three weeks of the semester. The research/analytical paper should demonstrate competency in the use of word processing software and also at least one computer analytical tool such as a spreadsheet, mathematical or graphics program, or an original program written by the student.

Assessment of Student Learning: In accordance with state, University, and college requirements, all students must have learning assessed before graduation. Students majoring in physics will be assessed in the course PHYS 4991, which must be taken in the year prior to graduation.

Physics B.S. Geophysics Concentration Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy in the Academic Regulations chapter for university requirements of the program as well as Fulbright College requirements.

Core requirement hours may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute a three-hour (or more) general elective in place of a core area. Students should consult their advisers.

Requirements for a B.A. Degree with a Major in Physics:

This track is for students desiring a broader program in the arts, sciences, and social sciences while majoring in physics. This program is recommended for pre-medical, journalism, pre-business, pre-law and other students planning careers in fields for which a physics education would be beneficial. For B.A. students seeking teaching licensure, see the Teacher Licensure Requirements below. This program requires a total of 120 semester hours. The student must present 24 semester hours in physics or astronomy, including:

PHYS 2013 College Physics I (ACTS Equivalency = PHYS 2014 Lecture) & PHYS 2011L and College Physics I Laboratory (ACTS Equivalency = PHYS 2014 Lab)

4

PHYS 2033 & PHYS 2031L	College Physics II (ACTS Equivalency = PHYS 2024 Lecture) and College Physics II Laboratory (ACTS Equivalency = PHYS 2024 Lab)	4
PHYS 3603 & PHYS 360VL	Introduction to Modern Physics and Modern Physics Laboratory	4-6
PHYS 4991	Physics Senior Seminar	1
Eleven semester hours chosen from any physics or astronomy courses at the 3000 level or above.		11
The student must also present:		
MATH 1284C	Precalculus Mathematics (ACTS Equivalency = MATH 1305)	4
or MATH 1203 College Algebra (ACTS Equivalency = MATH 1103)		
or MATH 1213 Plane Trigonometry (ACTS Equivalency = MATH 1203)		
MATH 2554	Calculus I (ACTS Equivalency = MATH 2405)	4
or MATH 2043 Survey of Calculus (ACTS Equivalency = MATH 2203)		
and two additional courses at the 2000 level or above in mathematics or statistics		6-8
An additional 9 semester hours at the 3000-level or above must be taken from a single special emphasis area chosen with the adviser's approval. The special emphasis area may be chosen in any single degree-granting department at the University of Arkansas. For B.A. students seeking teacher licensure, the special emphasis area may involve courses from more than one degree-granting department at the University of Arkansas with the approval of their adviser.		9
Total Hours		47-51

Writing Requirement: Students majoring in physics may satisfy the Fulbright College writing requirement by means of a senior thesis (PHYS 498V), an honors thesis submitted in fulfillment of the requirements of the honors program (), or by means of a paper submitted as part of PHYS 4991 or any physics or astronomy course numbered 3000 or above. Students electing the last route must obtain approval of the instructor during the first three weeks of the semester. The research/analytical paper should demonstrate competency in the use of word processing software and also at least one computer analytical tool such as a spreadsheet, mathematical or graphics program, or an original program written by the student.

Assessment of Student Learning: In accordance with state, University, and college requirements, all students must have learning assessed before graduation. Students majoring in physics will be assessed in the course PHYS 4991, which must be taken in the year prior to graduation.

Physics B.A. Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 87) in the Academic Regulations chapter for university requirements of the program as well as the Fulbright College requirements. Core requirement hours may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute a three-hour (or more) general elective in place of a core area.

The Physics B.A. program includes requirements for a special emphasis area. In this case, journalism was used as an example. Journalism courses indicated below are recommended by the Department of Journalism as the foundation needed for science reporting. It is

recommended that the free electives be chosen in a second science, or in journalism.

First Year	Units	
	Fall	Spring
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3	
Select one of the following:	3	
JOUR 1023 Media and Society (required for journalism sequence) ³

3000+ Advanced level elective (as needed) or General Elective ¹		3
General Electives (as needed to total 120 degree credits)		6
Year Total:	14	13

Total Units in Sequence: 120

¹ Meets 40-hour advanced credit hour requirement. See College Academic Regulations.

² Meets 24-hour rule (24 hours of 3000-4000 level courses in Fulbright College), in addition to meeting the 40-hour rule. See College Academic Regulations.

³ Required for journalism emphasis.

⁴ Additional 9 semester hours at 3000 level or above from a single emphasis area chosen with adviser approval. This requirement is automatically fulfilled by the bold-faced upper-level journalism courses.

⁵ Eleven semester hours chosen from: Any PHYS or ASTR classes numbered 3000 or above.

Requirements for a Minor in Physics: Students wishing to obtain a minor in physics must take either:

Select one of the following: 8

PHYS 2013 College Physics I (ACTS Equivalency = PHYS & PHYS 2011L 2014 Lecture)
& PHYS 2033 and College Physics I Laboratory (ACTS & PHYS 2031L Equivalency = PHYS 2014 Lab)
and College Physics II (ACTS Equivalency = PHYS 2024 Lecture)
and College Physics II Laboratory (ACTS Equivalency = PHYS 2024 Lab)

PHYS 2054 University Physics I (ACTS Equivalency = PHYS & PHYS 2074 2034)
and University Physics II (ACTS Equivalency = PHYS 2044 Lecture)

Plus at least seven additional hours of physics courses numbered 3000 or above. 7

Total Hours 15

A student must notify the department of his or her intent to minor.

Requirements for Departmental Honors in Physics: The Departmental Honors Program in Physics provides upper-division undergraduate students with an opportunity to formally participate in scholarly physics activities. Honors candidates carry out independent study and research under the guidance of the physics faculty and participate in special honors classes, seminars, and colloquia. Outstanding student achievement will be recognized by awarding the distinction "Physics Scholar *Cum Laude*" at graduation. Higher degree distinctions are recommended only in truly exceptional cases and are based upon the whole of the candidate's program of honors studies. In addition to satisfying the general college requirements for the bachelor's degree with honors, an honors candidate in physics must

1. Become a candidate no later than the first semester of the junior year of study,
2. Enroll in honors sections of physics courses when available,
3. Complete a minimum of 12 hours of honors coursework to include: Six hours of honors research PHYS 399VH and Three hours of physics honors colloquium PHYS 3923H,
4. Complete and orally defend an honors thesis based upon the project carried out in PHYS 399VH,
5. Achieve a cumulative grade-point average of 3.125 in physics, and
6. Maintain a 3.50 grade-point average overall.

Physics (B.A. or B.S.) Physical Science Teacher Licensure Requirements:

Please refer to the Secondary Education Requirements (p. 201) for Fulbright College Students. Students wishing to pursue licensure through the UAteach undergraduate curriculum should consult with a UAteach adviser, uteach@uark.edu.

Students wanting to teach science in middle school should consult with a middle level adviser in the College of Education and Health Professions.

Faculty

Barraza-Lopez, Salvador, Ph.D. (University of Illinois-Urbana-Champaign), B.S. (Instituto Politecnico Nacional de Mexico), Associate Professor, 2011.

Bellaiche, Laurent, Ph.D., M.S., B.S. (University of Paris VI, France), Distinguished Professor, 1999.

Churchill, Hugh O.H., Ph.D., A.M. (Harvard University), B.A. (Oberlin College), B.M. (Oberlin Conservatory of Music), Assistant Professor, 2015.

Fu, Huaxiang, Ph.D., M.S. (Fudan University), B.S. (University of Science and Technology of China), Professor, 2002.

Gea-Banacloche, Julio R., Ph.D. (University of New Mexico), Licenciado en Ciencias Fisicas (Universidad Autonoma de Madrid), Professor, 1989.

Hamad, Bothina, Ph.D. (University of Jordan), Research Associate Professor, 2016.

Harter, William G., Ph.D. (University of California-Irvine), B.S. (Hiram College), Professor, 1986.

Hu, Jin, Ph.D. (Tulane University), B.S. (University of Science and Technology of China), Assistant Professor, 2017.

Joffe Minor, Tacy Marie, Ph.D. (Northwestern University), M.A., B.S. (University of Arkansas), Teaching Assistant Professor, 2011.

Kennefick, Julia Dusk, Ph.D. (California Institute of Technology), B.S. (University of Arkansas), Associate Professor, 2003.

Kennefick, Daniel John, Ph.D., M.A. (California Institute of Technology), B.S. (University College Cork, Ireland), Associate Professor, 2004.

Kumar, Pradeep, Ph.D. (Boston University), M.Sc. (Indian Institute of Technology, Mumbai, India), Associate Professor, 2013.

Lehmer, Bret Darby, Ph.D. (Pennsylvania State University), B.S. (University of Iowa), Assistant Professor, 2015.

Li, Jiali, Ph.D., M.S. (City University of New York-City College), M.S. (University of Science and Technology of China), B.S. (Hei Long Jiang University), Professor, 2002.

Manasreh, Bothina H., Ph.D., M.Sc. (University of Jordan), Research Assistant Professor, 2017.

Oliver, William, Ph.D., M.S. (University of Colorado-Boulder), B.S. (University of Arizona), Associate Professor, 1992.

Prosandeev, Sergey, Ph.D., M.S. (Rostov State University), Research Professor, 2005.

Rawwagah, Fuad, Ph.D., M.A. (University of Arkansas), B.S. (Yarmouk University), Assistant Professor, 2010.

Ren, Wei, Ph.D. (University of Hong Kong), B.S. (Shanxi University), Assistant Professor, 2008.

Salamo, Gregory J., Ph.D. (City University of New York), M.S. (Indiana University-Purdue University-Indianapolis), B.S. (City University of New York, Brooklyn College), Distinguished Professor, 1975.

Shew, Woodrow L., Ph.D. (University of Maryland-College Park), B.A. (College of Wooster), Associate Professor, 2012.

Singh, Surendra P., Ph.D., M.A. (University of Rochester), M.Sc., B.Sc. (Banaras Hindu University, India), University Professor, 1982.

Skinner, Stephen R., M.S., B.S. (University of Arkansas), Instructor, 1998.

Snyder, Tamara D., M.S. (University of Arkansas), B.S. (University of California-Los Angeles), Clinical Assistant Professor, 2004.

Thibado, Paul M., Ph.D. (University of Pennsylvania), B.S. (San Diego State University), Professor, 1996.

Vyas, Reeta, Ph.D. (State University of New York at Buffalo), M.S., B.S. (Banaras Hindu University), Professor, 1984.

Wang, Yong, Ph.D., M.S. (University of California, Los Angeles), B.S. (University of Science and Technology of China), Assistant Professor, 2016.

Wise, Rick, Ph.D., M.S. (Southern Methodist University), B.S. (University of Arkansas), Research Professor, 2014.

Xiao, Min, Ph.D. (University of Texas at Austin), B.S. (Nanjing University), Distinguished Professor, 1990.

Zajac, Mark, Ph.D., M.Sc. (University of Notre Dame), B.Sc. (McMaster University, Hamilton Ontario, Canada), Visiting Assistant Professor, 2013.

Political Science (PLSC)

Pearl Dowe
Department Chair
428 Old Main
479-575-3356
Email: pkford@uark.edu

Department of Political Science Website (<http://fulbright.uark.edu/departments/political-science/>)

The Department of Political Science offers a major leading to a Bachelor of Arts degree, three combined majors, also leading to Bachelor of Arts degrees, and two minors, one in legal studies and a second interdisciplinary minor in urban planning. Political science is the traditional undergraduate degree choice for those considering law school. It is also ideal preparation for a career in government service, including internationally-oriented paths like the foreign service, intelligence, and foreign aid/development agencies, and domestic political careers like consulting, research, polling, and policy/campaign staff.

For requirements for the M.A. degree in political science, the M.P.A degree, or the dual J.D./M.A. and J.D./M.P.A. degrees, see the *Graduate School Catalog*.

Requirements for B.A. Degree with a Major in Political Science

In addition to the University Core requirements (p. 97) and the Fulbright College of Arts and Sciences Graduation Requirements (p. 198), the following course requirements must be met.

30 semester hours of PLSC courses, at least 21 of which must be above 3000.

1. Students are required to take both:
PLSC 2003 American National Government (ACTS Equivalency = PLSC 2003)
and
PLSC 2013 Introduction to Comparative Politics
2. Students must choose one of the following:
PLSC 2813 Introduction to International Relations
or
PLSC 3103 Public Administration
3. Students fulfill the remaining requirements from among any of the available political science courses.

At least 21 hours must be 3000-4000 level courses. No more than 9 hours may come from PLSC 300V, PLSC 394V, PLSC 498V, or PLSC 499VH.

Additional Course Requirements (3-12 hours): Students must satisfy either Requirement A or Requirement B.

Requirement A:

Students must demonstrate proficiency in a single modern or classical language other than English by completion of a world language course numbered 2013 (Intermediate II). This is usually accomplished through completion of a sequence of four language courses: 1003, 1013, 2003 and 2013.

Students may seek credit for any omitted courses in the language sequence (based on placement at a higher level), by passing an advanced language course with a grade of "C" or above. Such credit will be awarded at the request of the student by filing application to the World Languages, Literatures, and Cultures (WLLC) Department. Students with advanced knowledge of a language may also contact the WLLC Department regarding credit by exam.

Students pursuing this track must complete an approved university/state core humanities course in addition to the world language 2003 Intermediate I course, if credit for 2003 is earned.

Requirement B:

Students must complete these three requirements:

PHIL 2003	Introduction to Philosophy (ACTS Equivalency = PHIL 1103)	3
or PHIL 2203	Logic (ACTS Equivalency = PHIL 1003)	
STAT 2303	Principles of Statistics (ACTS Equivalency = MATH 2103)	3
or WCOB 1033	Data Analysis and Interpretation	
Select one of the following:		3-4
MATH 2033	Mathematical Thought	
MATH 2043	Survey of Calculus (ACTS Equivalency = MATH 2203)	
MATH 2053	Finite Mathematics	
MATH 2183	Mathematical Reasoning in a Quantitative World	
MATH 2554	Calculus I (ACTS Equivalency = MATH 2405)	

Students pursuing this track must complete an approved university/state core humanities course in addition to either the PHIL 2003 or PHIL 2203 course used to satisfy Requirement B.

Writing Requirement: The college writing requirement is fulfilled by submitting an acceptable research/analytical paper to the department for approval at least four weeks prior to graduation. The paper may be derived from completion of an honors essay (PLSC 499VH), a senior thesis (PLSC 498V), or some other advanced course in political science. The student is urged to consult with his or her faculty adviser no later than early in the first semester of the senior year.

Political Science B.A. Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should also see the Eight-Semester Degree Policy (p. 87) in the Academic Regulations chapter for university requirements of the program as well as the Fulbright College requirements. Core requirement hours may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute a three-hour (or more) general or advanced elective in place of a core area.

First Year	Units

¹ Meets 40-hour advanced credit hour requirement. See College Academic Regulations (p. 198).

² Meets 24-hour rule (24 hours of 3000-4000 level courses in Fulbright College), in addition to meeting the 40-hour rule. See College Academic Regulations (p. 198).

³ Track A students must complete a university/state humanities course in addition to a 2003 Intermediate I world language course taken in progress to fulfill the Track A language requirement. Track B students must complete a university/state humanities core course in addition to the PHIL course used to satisfy the Track B philosophy requirement.

Combined Majors

Political Science and African and African American Studies: For the requirements for a combined major in political science and African and African American studies (p. 212).

Political Science and Journalism: The combined major in political science and journalism is recommended for those students who have a strong interest in the reporting of public affairs as a career. For requirements, please refer to the combined major in Journalism and Political Science (p. 298). Students should consult with their adviser in each department.

Political Science and Latin American and Latino Studies: For the requirements for a combined major in political science and Latin American and Latino studies (p. 301).

Minor in Political Science

Requirements are 18 hours including PLSC 2003 and PLSC 2013. At least 9 hours must come from courses numbered 3000 or above. Students should consult with the political science adviser in Fulbright College for the selection of appropriate courses.

Minor in Legal Studies

This minor will introduce undergraduate students to the study and application of law by taking law-related courses in a number of disciplines. It provides a focus for students who are interested in the law, whose careers will require a measure of legal knowledge, or for those considering entering law school.

Requirements for a Minor in Legal Studies: 15 semester hours from the following:

AGEC 3503	Agricultural Law I	3
BLAW 3033	Commercial Law	3
CRIM 2043	Sociology of Criminal Law	3
CRIM 3503	Criminal Procedures	3
CRIM 3513	Criminal Evidence	3
COMM 4113	Legal Communication	3
FDSC 3202	Introduction to Food Law	2
JOUR 3633	Media Law	3
OMGT 4313	Law and Ethics	3
PHIL 4143	Philosophy of Law	3
PLSC 3203	Introduction to Legal Studies	3
PLSC 3213	The South and the Law: Race, Gender, and Citizenship	3
PLSC 3243	The Judicial Process	3
PLSC 3813	International Law	3
PLSC 4193	Administrative Law	3
PLSC 4253	The U.S. Constitution I	3
PLSC 4263	The U.S. Constitution II	3

Students should consult with their adviser each semester.

The departments of Landscape Architecture and Political Science collaboratively offer an interdisciplinary minor in Planning for students interested in regional and urban planning.

Minor in Planning

A student who wants to minor in Planning should notify either the Department of Landscape Architecture or Political Science and consult an academic adviser. A Planning minor consists of 18 hours of required and elective courses subdivided into three concentrations. A student should choose one concentration and take 6 hours of elective courses in that concentration. The minor's required and elective courses include:

Required Courses:

LARC 5386	Landscape Architecture Design VIII	6
or LARC 5493	Environmental Land Use Planning	
and one 3 credit-hour elective from the Spatial Concentration		

PLSC 3253	Urban Politics	3
PLSC 4103	Introduction to Urban Planning	3

Electives

Select two courses from one group

Policy Group:

ANTH 4443	Cultural Resource Management I
ANTH 5113	Anthropology of the City
ENSC 3413	Principles of Environmental Economics
LARC 4033	Landscape Architecture Theory
LARC 4743	Public Participation in Design and Planning (Public Participation in Design and Planning not offered until 2014)
PLSC 390V	Special Topics
PLSC 4283	Federalism and Intergovernmental Relations
HDFS 4603	Environmental Sociology
SCMT 3443	Transportation and Distribution Management

Spatial Group:

ARCH 5493	History of Urban Form
ARCH 5933	Preservation and Restoration
ANTH 5113	Anthropology of the City
ENSC 3413	Principles of Environmental Economics
GEOS 4073	Urban Geography
LARC 402V	Special Studies
LARC 4033	Landscape Architecture Theory
LARC 4753	Incremental Sprawl Repair (Incremental Sprawl Repair not offered until 2014)
LARC 5053	Historic Landscape Preservation
HDFS 4603	Environmental Sociology

Environmental Group:

ANTH 4443	Cultural Resource Management I
ANTH 4603	Landscape Archaeology
BIOL 3863	General Ecology
ENSC 3223	Ecosystems Assessment
ENSC 3221L	Ecosystems Assessment Laboratory
ENSC 3413	Principles of Environmental Economics
LARC 4033	Landscape Architecture Theory
LARC 5053	Historic Landscape Preservation

HDFS 4603 Environmental Sociology

Total Hours	18
-------------	----

Requirements for Graduation with Honors in Political Science: Both the College and the Departmental Honors Program in Political Science provide undergraduate students the opportunity to participate in directed independent study and scholarly activity. Admission to the Fulbright Honors Program is open to Political Science majors with a minimum, cumulative grade point average of 3.5 in all their coursework. Honors candidates must complete at least 12 hours of honors courses, which will include 6 hours of thesis.

Honors candidates carry out independent study and research under the guidance of political science faculty and participate in special honors classes and colloquia. To successfully complete the required thesis, students should choose an honors thesis adviser as early as possible. An adviser should be selected and an Honors Agreement completed no later than the first semester in a student's junior year.

Honors candidates must meet the College's requirements for an honors degree. Students graduating with honors typically graduate with the distinction *cum laude*. Higher degree distinctions (*magna cum laude*, *summa cum laude*) are awarded by the Honors Council, are recommended only in truly exceptional cases, and are based on the whole of the candidate's program of honors studies.

Political Science (B.A.) Social Studies Teaching Licensure Requirements:

Please refer to the Secondary Education Requirements (p. 201) for Fulbright College Students.

Students wanting to teach social studies in middle school should consult with a middle level adviser in the College of Education and Health Professions.

Faculty

Bayram, A. Burcu, Ph.D. (Ohio State University), M.I.S. (North Carolina State University), B.A. (Middle East Technical University), Assistant Professor, 2016.

Conge, Patrick J., Ph.D. (University of Texas at Austin), M.A., B.S. (Arizona State University), Associate Professor, 1995.

Diallo, Anne B., Ph.D., M.P.A., B.A. (University of Arkansas), Visiting Assistant Professor, 2012.

Dowdle, Andrew J., Ph.D. (Miami University), M.A. (University of Iowa), B.A. (University of Tennessee), Professor, 2003.

Dowe, Pearl Karen, Ph.D. (Howard University), M.A. (Georgia Southern University), B.S. (Savannah State University), Associate Professor, 2008.

Flanigan, J. Michael, Ph.D. (University of Arkansas), M.P.H., M.A., B.A. (University of Minnesota), Lecturer, 2016.

Gaber, John, Ph.D. (Columbia University), M.A. (University of Southern California), B.A. (University of California-Los Angeles), Professor, 2009.

Ghadbian, Najib, Ph.D. (City University of New York), M.A. (Rutgers University), M.A. (City University of New York), B.Sc. (United Arab Emirates University), Associate Professor, 1999.

Hunt, Valerie H., Ph.D., J.D., B.A. (University of Arkansas), Associate Professor, 2005.

Kelley, Donald R., Ph.D. (Indiana University at Bloomington), M.A., B.A. (University of Pittsburgh), Professor, 1980.

Kerr, Brinck, Ph.D. (Texas A&M University), B.A. (University of Texas at Austin), Professor, 1994.

Looney, Nathan C., J.D. (University of Arkansas at Little Rock), M.P.S. (University of Arkansas Clinton School of Public Service), B.A. (University of Arkansas), Lecturer, 2012.

Maxwell, Angie, Ph.D., M.A. (University of Texas at Austin), B.A. (University of Arkansas), Associate Professor, 2008.

Medina Vidal, D. Xavier, Ph.D. (University of California-Riverside), M.A., B.A. (University of New Mexico), Assistant Professor, 2015.

Mitchell, Joshua Lee, Ph.D. (Southern Illinois University), M.P.A., B.S. (Murray State University), Assistant Professor, 2010.

Nakamura, Brian S., Ph.D., M.P.A. (University of Southern California), B.A. (California State University), Lecturer, 2017.

Naylor, Zoe E., J.D., M.A. (University of Arkansas), B.A. (Graceland University), Instructor, 2000.

Parry, Janine A., Ph.D., M.A. (Washington State University), B.A. (Western Washington University), Professor, 1998.

Reid, Margaret F., Ph.D. (University of Oklahoma), M.B.A. (Central State University), M.P.A. (University of Oklahoma), M.A. (University of Bonn), B.A. (University of Marburg, West Germany), Professor, 1993.

Ryan, Jeffrey J., Ph.D., M.A. (Rice University), B.A. (Colorado State University), Associate Professor, 1990.

Saeidi, Shirin, Ph.D. (University of Cambridge, United Kingdom), M.A. (George Mason University), B.A. (University of Maryland-College Park), Assistant Professor, 2018.

Schreckhise, William D., Ph.D., M.A., B.A. (Washington State University), Associate Professor, 1998.

Sebold, Karen Denice, Ph.D., M.A. (University of Arkansas), B.S. (Campbell College), B.S. (Rogers State University), Clinical Assistant Professor, 2011.

Shields, Todd G., Ph.D., M.A. (University of Kentucky), B.A. (Miami University), Professor, 1994.

Song, Geoboo, Ph.D. (University of Oklahoma), B.A. (Korea University), B.A. (Hanyang University), Assistant Professor, 2012.

Stewart, Patrick A., Ph.D., (Northern Illinois University), M.A., B.A. (University of Central Florida), Associate Professor, 2008.

Sullivan, W. Curt, M.A. (University of Arkansas), B.A. (Harding University), Lecturer, 2015.

Zeng, Ka, Ph.D. (University of Virginia), M.A. (Virginia Polytech Institute and State University), B.A. (Foreign Affairs College, Beijing), Professor, 2000.

Psychology (PSYC)

Douglas A. Behrend
Chair of the Department
216 Memorial Hall
479-575-4256
Email: psycapp@uark.edu

Department of Psychological Science (<http://psyc.uark.edu>)

The Department of Psychological Science offers a major leading to a Bachelor of Arts in psychology. Psychologists are the scientists of human behavior and mental processes. They approach these areas from a variety of perspectives.

Clinical psychologists seek to identify the causes of abnormal behavior and to change these behaviors so their clients can live more satisfying and rewarding lives. Cognitive psychologists are interested in how knowledge and behavior are acquired, retained, and retrieved. Developmental psychologists study physical, cognitive, and social changes that occur throughout an individual's life. Neuroscientists are concerned with the biological bases of behavior. Social psychologists investigate Social psychologists study our thoughts and feelings about

ourselves and other people. Each of these perspectives is represented by members of the faculty in the Fulbright College Department of Psychological Science.

The Department of Psychological Science is one of the largest and most productive departments in the university in many ways. Our faculty members are active researchers who bring their scientific excitement and curiosity into the classroom. In addition the faculty is deeply committed to providing individualized training to our students, which is accomplished through experience in a faculty member's lab, or perhaps doing an honors project. We are one of the largest undergraduate majors, and our graduates pursue graduate training in many areas, including counseling, psychology, business, law, and medicine. Other graduates enter the workforce in diverse areas, including human and social services, business, banking, and non-profit organizations.

For requirements for advanced degrees in psychology, see the *Graduate School Catalog*.

Requirements for B.A. Degree with a Major in Psychology

Students must complete 120 degree credit hours to include the minimum University Core requirements (p. 97), the Fulbright College of Arts and Sciences Graduation Requirements (p. 198), and following course requirements for the major. Bolded courses from the list below may be applied to portions of the University Core requirements.

A minimum of 42 semester hours, including:

2003 Intermediate I of any World Language. ¹	3-6
PHIL 2003 Introduction to Philosophy (ACTS Equivalency = PHIL 1103)	3
or PHIL 2103 Introduction to Ethics (ACTS Equivalency = PHIL 1003)	

Select one of the following. Must complete with a grade of "C" or better:

MATH 2043 Survey of Calculus (ACTS Equivalency = MATH 2203)	
MATH 2053 Finite Mathematics	
MATH 2554 Calculus I (ACTS Equivalency = MATH 2405)	

33 semester hours in psychology to include:

PSYC 2003 General Psychology (ACTS Equivalency = PSYC 1103)	3
PSYC 2013 Introduction to Statistics for Psychologists	3
PSYC 3073 Research Methods	3

Select two of the following:

PSYC 3013 Social Psychology	
PSYC 3023 Abnormal Psychology	
PSYC 3093 Developmental Psychology (ACTS Equivalency = PSYC 2103)	
PSYC 4053 Psychological Tests	
PSYC 4063 Psychology of Personality	

Select two of the following:

PSYC 3103 Cognitive Psychology	
PSYC 4073 Psychology of Learning	
PSYC 4123 Perception	
PSYC 4143 History and Systems of Psychology	
PSYC 4183 Behavioral Neuroscience	

PSYC 4193	Comparative Psychology	
Select three hours from one of the following:		3
PSYC 4083	Advanced Research	
PSYC 4283	Advanced Seminar	
Nine hours of electives and may be chosen from any psychology course in this catalog, with no more than a total of six hours in PSYC 206V, PSYC 207V, and PSYC 399VH combined.		9
A grade of "C" or better is required in all psychology courses used to satisfy the 33 hours of psychology courses. In addition, a 2.00 cumulative grade-point average is required on all work completed in the Department of Psychology.		
Total Hours		42-46

¹ This is usually accomplished through completion of a sequence of two language courses: 1013 and 2003.

Students who want to pursue graduate training in psychology are advised to begin preparations early in their undergraduate careers. Grade-point average, scores on the Graduate Record Examinations, effective communications skills, preparation in the natural sciences and mathematics, and research experience (e.g., honors project, directed readings, laboratory experience) are the major criteria considered by admissions committees. To gain this research experience students are strongly encouraged to take the advanced research course, PSYC 4083.

Students with applied, paraprofessional, or human-service interests who plan to enter the job market with a B.A. in psychology are strongly encouraged to take relevant courses in other areas of interest, including, but not limited to, anthropology, sociology, social work, human development and family studies, education, and business administration.

Students interested in business applications of psychology (e.g., marketing, management) are similarly encouraged to take related courses in the Sam M. Walton College of Business; minors are also available in several areas of business. For more information concerning psychology as a major or careers in psychology and related fields, please contact the Psychology Advising Coordinator, Memorial Hall, room 203.

Writing Requirement: Students majoring in psychology will satisfy the Fulbright College writing requirement by successful completion (a grade of at least a "C") in either PSYC 4083 or PSYC 4283, each of which requires a final research paper written in American Psychological Association style.

Psychology B.A. Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 87) in the Academic Regulations chapter for university core requirements of the program. Courses in psychology groups A, B and Capstone courses are listed after the program plan.

First Year	Units	
	Fall	Spring
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3	
Select one of the following:	3	
MATH 1203 College Algebra (ACTS Equivalency = MATH 1103)		
MATH 2043 Survey of Calculus (ACTS Equivalency = MATH 2203) ¹		

MATH 2053 Finite Mathematics		
MATH 2554 Calculus I (ACTS Equivalency = MATH 2405)		
Select one of the following:	3	
PSYC 2003 General Psychology (ACTS Equivalency = PSYC 1103)		
University/State Core Social Science Course		
1013 Elementary II World Language Course (or higher level depending on placement)	3	
General Elective	3	
ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023)		3
Select one of the following MATH (if still needed):		3-4
MATH 2043 Survey of Calculus (ACTS Equivalency = MATH 2203) ¹		
MATH 2053 Finite Mathematics		
MATH 2554 Calculus I (ACTS Equivalency = MATH 2405)		
General Elective		
PSYC 2013 Introduction to Statistics for Psychologists ¹		3
or PSYC 2003 (if not taken earlier)		
Science University/State Core Lecture with Corequisite Lab requirement		4
2003 Intermediate I World Language Course (as needed)		3
Year Total:	15	16

Second Year	Units	
	Fall	Spring
PSYC Course from Group A ^{1, 2}	3	
Select one of the following:	3	
PSYC 3073 Research Methods ^{1, 2}		
PSYC 2013 Introduction to Statistics for Psychologists ((if not taken earlier)) ¹		
PHIL 2003 Introduction to Philosophy (ACTS Equivalency = PHIL 1103)	3	
or PHIL 2103 Introduction to Ethics (ACTS Equivalency = PHIL 1003)		
University/State Core Fine Arts or US History requirement	3	
University/State Core Social Science requirement	3	
Advanced Level Elective ¹		3
Select one of the following:		3
PSYC 3073 Research Methods ^{1, 2}		
University/State Core Social Science requirement		
PSYC from Group A or B ^{1, 2}		3
University/State Core US History or Fine Arts requirement (as needed)		3
General Elective		3
Year Total:	15	15

Third Year	Units	
	Fall	Spring
PSYC Course from Group A or B (as needed) ^{1, 2}	3	
Select one of the following:	3	
PSYC 4083 Advanced Research ^{1, 2}		
PSYC 3000-4000-level Elective ^{1, 2}		
Science University/State Core Lecture with Corequisite Lab requirement	4	
General Electives	6	
Select one of the following:		3
PSYC Course from Group A or B (as needed) ^{1, 2}		
PSYC 3000-4000-Level Elective ^{1, 2}		
PSYC 4083 Advanced Research & PSYC 4283 Advanced Seminar ^{1, 2}		
Advanced Level Elective ¹		3
General Electives		10
Year Total:	16	16

Fourth Year	Units	
	Fall	Spring
Select one of the following:	3	
PSYC Course from Group A or B ^{1, 2}		
PSYC 4083 Advanced Research & PSYC 4283 Advanced Seminar ^{1, 2}		
PSYC Course from Group A or B (if needed) ^{1, 2}	3	
Advanced Level Elective ¹	3	
General Electives	6	
Select one of the following:		3
PSYC 3000-4000 Level Elective ^{1, 2}		
PSYC 4083 Advanced Research & PSYC 4283 Advanced Seminar ^{1, 2}		
Select one of the following:		3
PSYC 3000-4000 Level Elective ^{1, 2}		
PSYC 4083 Advanced Research & PSYC 4283 Advanced Seminar ^{1, 2}		
3000-4000 Level Elective ¹		3
General Electives		3
Year Total:	15	12

Total Units in Sequence: 120

¹ Meets 40-hour advanced credit hour requirement. See College Academic Regulations (p. 198).

² Meets 24-hour rule (24 hours of 3000-4000 level courses in Fulbright College), in addition to meeting the 40-hour rule. See College Academic Regulations (p. 198).

Group A

Select two of the following:

PSYC 3013	Social Psychology
PSYC 3023	Abnormal Psychology
PSYC 3093	Developmental Psychology (ACTS Equivalency = PSYC 2103)

PSYC 4063	Psychology of Personality
PSYC 4053	Psychological Tests

Group B

Select two of the following:

PSYC 3103	Cognitive Psychology
PSYC 4073	Psychology of Learning
PSYC 4123	Perception
PSYC 4143	History and Systems of Psychology
PSYC 4183	Behavioral Neuroscience
PSYC 4193	Comparative Psychology

PSYC Capstone Courses

Three hours required with a grade of "C" or higher.

PSYC 4083	Advanced Research
PSYC 4283	Advanced Seminar

Requirements for a Minor in Psychology

Minimum of 18 hours in psychology including:

PSYC 2003	General Psychology (ACTS Equivalency = PSYC 1103)	3
PSYC 2013	Introduction to Statistics for Psychologists	3
PSYC 3073	Research Methods	3

A maximum of three hours of PSYC 206V and/or PSYC 207V can be counted toward meeting the minor requirement.

A grade of "C" or better is required in all psychology courses used to satisfy the 18 hours of the minor. In addition, a 2.00 cumulative grade-point average is required on all work completed in the Department of Psychology. Students must consult with, and obtain the signature of, the Director of Undergraduate Studies in the department in order to declare a minor.

Requirements for Graduation with Honors in Psychology: Both the College and the Departmental Honors Program in Psychology provide undergraduate students with an opportunity to formally participate in scholarly psychology activities. Honors candidates carry out independent study and research under the guidance of the Psychological Science faculty and participate in special honors classes, seminars, and colloquia. Admission to the Fulbright College Honors Program is open to psychology majors with a minimum, cumulative grade point average of 3.5 in all coursework. Honors candidates must complete a minimum of 12 hours of honors courses, which may include up to 6 hours of thesis. In addition to satisfying the general college honors requirements, honors candidates in psychology are required to complete and orally defend an honors thesis based upon the independent study carried out in PSYC 399VH. To complete the required thesis successfully, students should choose an honors adviser as early as possible. An adviser should be selected, and an Honors Agreement completed, no later than the first semester in a student's junior year. Students must register for, and complete, a minimum of 6 hours of PSYC 399VH. PSYC 399VH may be taken for 1 to 6 hours of credit each semester and repeated for a maximum of 12 hours. Nine hours are ordinarily needed to complete the research project and to prepare the honors thesis.

College honors candidates must meet the college's requirements for an honors degree. Departmental honors candidates in psychology are encouraged to enroll in as many honors classes, seminars, and colloquia as possible, or as required by the honors program in which they are enrolled. Students graduating with honors typically graduate *cum laude*. Higher degree distinctions (*magna cum laude*, *summa cum laude*) are awarded by the Honors Council, recommended only in truly exceptional

cases, and are based upon the whole of the candidate's program of honors studies.

Psychology (B.A.) Teacher Licensure in Social Studies Requirements:

Please refer to the Secondary Education Requirements (p. 201) for Fulbright College Students.

Students wanting to teach social studies in middle school should consult with a middle level adviser in the College of Education and Health Professions.

Alwood, Nancy D., Ph.D., M.S. (University of Arkansas), Instructor, 2012.

Behrend, Douglas A., Ph.D. (University of Minnesota), B.A. (Kalamazoo College), Professor, 1989.

Beike, Denise R., Ph.D., B.A. (Indiana University), Professor, 1995.

Bridges, Ana Julia, Ph.D. (University of Rhode Island), M.S. (Illinois State University), B.S. (University of Illinois-Urbana-Champaign), Associate Professor, 2007.

Cavell, Timothy A., Ph.D. (Louisiana State University), M.S. (Texas A&M University), B.A. (Louisiana State University), Professor, 2002.

Chapman, Kate M., Ph.D., M.S. (Penn State University), B.A. (New Florida College), Teaching Assistant Professor, 2016.

Ditzfeld, Christopher, M.S. (University of Oklahoma), Instructor, 2011.

Dopp, Alex R., Ph.D., M.A. (University of Missouri), B.A. (University of Michigan), Assistant Professor, 2016.

Eidelman, Scott H., Ph.D. (University of Kansas), B.A. (University of Wisconsin-Madison), Associate Professor, 2008.

Feldner, Matthew T., Ph.D. (University of Vermont), M.A. (West Virginia University), B.S. (University of Wisconsin-Stevens Point), Professor, 2005.

Forscher, Patrick, Ph.D. (University of Wisconsin), B.A. (Macalester College), Assistant Professor, 2017.

Ham-Holm, Lindsay S., Ph.D., M.A., B.A. (University of Nebraska-Lincoln), Associate Professor, 2007.

Holm, Jeremy, M.A., B.S. (University of Nebraska), Instructor, 2008.

Lamm, Connie, Ph.D., M.A. (University of Toronto, Canada), B.A. (University of Waterloo), Assistant Professor, 2016.

Lampinen, James Michael, Ph.D., M.S. (Northwestern University), B.S. (Elmhurst College), Distinguished Professor, 1998.

Leen-Feldner, Ellen Winifred, Ph.D. (University of Vermont), M.A. (West Virginia University), B.A. (University of Notre Dame), Professor, 2005.

Levine, William H., Ph.D., M.S. (State University of New York at Binghamton), B.S. (DePaul University), Associate Professor, 2001.

Parks, Nathan A., Ph.D., M.S. (Georgia Institute of Technology), B.A. (University of Virginia), Assistant Professor, 2012.

Petretic, Patricia Ann Louise, Ph.D., M.A. (Bowling Green State University), B.A. (Youngstown State University), Associate Professor, 1990.

Steinmetz, Joseph E., Ph.D. (Ohio University), M.A., B.S. (Central Michigan University), Distinguished Professor of Psychological and Brain Science, 2016.

Veilleux, Jennifer Celene, Ph.D., M.A. (University of Illinois at Chicago), B.A. (Macalester College), Associate Professor, 2011.

Zabelina, Darya, Ph.D. (Northwestern University), Assistant Professor, 2017.

Zies, Brenda June, Ph.D., M.A. (University of Arkansas), B.S. (East Texas State University), Teaching Assistant Professor, 2005.

Religious Studies (RLST)

Nikolay Antov

Director of Religious Studies

503 Old Main
479-575-5882

rlst.uark.edu (<http://rlst.uark.edu>)

Minor Program Requirements: Students must complete at least 15 credit hours for the minor. Of those 15 credit hours, only 3 credit hours may be from the introductory courses listed below. The remaining 12 hours must come from upper-level courses (3000-4000) selected from the 3 areas of emphasis listed below. Students must take at least one course in each area of emphasis. A maximum of six credit hours from the student's major may be applied toward the minor. Students may petition the Director of Religious Studies to count toward the minor special topics courses or Honors colloquia not listed below but containing significant religious studies content.

Introductory Courses:

HUMN 2013	Introduction to Buddhism ()	3
JWST 2003	Introduction to Judaism	3
MEST 2003	Introduction to Islam	3

Areas of Emphasis:

History

ARHS 4843	Medieval Art	3
HIST 3003	History of Christianity	3
HIST 3033	Islamic Civilization	3
HIST 3083	Women and Christianity	3
HIST 3513	History of China to 1644	3
HIST 4043	Late Antiquity and the Early Middle Ages	3
HIST 4053	Late Middle Ages	3
HIST 4073	Renaissance and Reformation, 1300-1600	3
HIST 4103	Byzantine Empire	3
HIST 4323	Wars of Religion: From the Crusades to 9/11	3
HIST 4333	Modern Islamic Thought	3
HIST 4393	Early Modern Islamic Empires, 1300-1750	3
HIST 4493	Religion in America to 1860	3
HIST 4553	The Recluse in Early East Asia	3

Social Sciences

ANTH 3123	The Anthropology of Religion	3
ANTH 3213	Indigenous Peoples of North America: Anthropological Perspectives	3
ANTH 3263	Indians of Arkansas and the South	3
ANTH 3553	Religion in Latin America	3
ANTH 4093	The Archeology of Death	3
ANTH 4513	African Religions: Gods, Witches, Ancestors	3
PLSC 4593	Islam and Politics	3
SOCI 3103	Religion and Society	3

Philosophy/Literature/Languages

JWST 4003	Modern Jewish Thought	3
JWST 4013	Contemporary Jewish Thought	3
MEST 3003	Islam: Beliefs and Practices	3
PHIL 3203	Philosophy and the Christian Faith	3
PHIL 4013	Platonism and Origin of Christian Theology	3
PHIL 4023	Medieval Philosophy	3
PHIL 4303	Philosophy of Religion	3

Topics Courses/Seminars/Honors Colloquia: Students may also choose “topics/seminar” classes or an Honors colloquium in any Department or Program approved by the director as having a religious studies focus.

Social Work (SCWK)

Yvette Murphy-Erby, Director of the School of Social Work
Sara Collie, Graduate Program Director
Carly Franklin, Undergraduate Program Director
Ananda Rosa, Field Education Program Director

106 SCSW
479-575-5039
School of Social Work Website (<http://socialwork.uark.edu/>)

The School of Social Work offers an undergraduate major leading to a Bachelor of Social Work degree. The principal objective of the undergraduate social work program is to prepare students for beginning generalist social work practice.

Social work is the professional activity of helping individuals, groups, or communities enhance or restore their capacity for social functioning and creating societal conditions favorable to this goal. Social work is a gratifying career for people who care about others, want to relieve human suffering, like a challenge, and want their work to make a difference in the world. The profession is dedicated to assisting individuals, families, groups, organizations, and communities in reaching their full potential.

Social work is particularly concerned with achieving social and economic justice for vulnerable populations and respecting and valuing human diversity. The School of Social Work at the University of Arkansas reflects the profession's fundamental concerns in its educational goals and objectives. In order to achieve its basic purposes, the school faculty, students, staff, and agency field instructors are involved in a variety of teaching, research, and outreach activities.

Accreditation

The social work program is fully accredited at the baccalaureate and graduate level by the Council on Social Work Education (CSWE).

Criteria for Admission to B.S.W. Program and Professional Social Work Core

Although a student may declare social work as a major at any point, admission to the B.S.W. Program is required before a student is allowed to take the following courses that comprise the Professional Social Work Core:

SCWK 4073	Social Work Research and Technology I	3
SCWK 4103	Human Behavior and the Social Environment II	3
SCWK 4333	Social Work Practice I	3
SCWK 4343	Social Work Practice II	3
SCWK 4733	Social Work Practice III	3
SCWK 4434	Social Work Internship I	4
SCWK 4412	Field Seminar I	2
SCWK 4444	Social Work Internship II	4
SCWK 4422	Field Seminar II	2

Each student must meet the following minimum academic course requirements and complete the application process outlined below.

Minimum Academic Course Requirements

Cumulative GPA of 2.0.

Completion of the following 9 courses, each with a grade of “C” or better.

COMM 1313	Public Speaking (ACTS Equivalency = SPCH 1003)	3
ENGL 1013	Composition I (ACTS Equivalency = ENGL 1013)	3
PLSC 2003	American National Government (ACTS Equivalency = PLSC 2003)	3
PSYC 2003	General Psychology (ACTS Equivalency = PSYC 1103)	3
SCWK 2133	Introduction to Social Work	3
SCWK 3193	Human Diversity and Social Work	3
SCWK 4093	Human Behavior and the Social Environment I	3
SCWK 4153	Social Welfare Policy	3
SOCI 2013	General Sociology (ACTS Equivalency = SOCI 1013)	3

Completion of BIOL 1543/BIOL 1541L Principles of Biology and Lab or ANTH 1013/ANTH 1011L Biological Anthropology and Lab with a grade of “D” or better.

Students must have at least a 2.5 GPA in the ten courses listed above.

Application Process

The application process must be completed by the announced application deadline prior to the semester in which the student will enroll in Social Work Practice I. The application packet includes the following materials:

Application Form. This form becomes the cover sheet for the application packet. Application forms are available from the online B.S.W. Student Handbook (see appendices) or from the social work office.

Volunteer Experience Form. This form provides documentation of satisfactory completion of the volunteer experience assignment in Introduction to Social Work or equivalent and submission of a positive “Supervisor’s Reference Form” from the supervisor of the experience.

Personal Statement. This narrative statement should include: motivation for becoming a social worker; relevant work, volunteer or life experiences; strengths and limitations for effective social work practice; personal commitment and agreement to abide by the values and ethics of the social work profession; career goals and indication of fields of practice preference or areas where one would not feel comfortable working.

Ethical Principles/Guidelines for University of Arkansas Social Work Students. By signing this statement you are acknowledging that you have read, understand and agree to abide by and behave in accordance with the “Ethical Principles/Guidelines for Social Work Students.” This statement is contained in the admissions packet, and is available from the online B.S.W. Student Handbook (see appendices) or from the social work office. A copy of this signed statement will be included in the student’s advising file.

Two Reference Letters. The letters of reference will assess the applicant’s academic qualification, motivation and potential for success in the professional social work core. (See Appendices for additional details).

Copy of current transcript documenting the minimum academic course requirements listed above.

The above materials are submitted to the B.S.W. Program Director and reviewed by the B.S.W. Admission Committee. If the Admissions Committee has any questions concerning the content of the materials, the student may be asked to interview with a faculty member to resolve any questions or to provide additional information.

Upon completion of the materials review and interview (if necessary), the student will be informed in writing by the B.S.W. Program Director of his or her admission status.

There are three possible admission decisions:

Unconditional Admission: These students have demonstrated through their application materials (and interview, if required) that they have the motivation and potential for competent professional social work practice and that they agree to uphold and conduct themselves in accordance with the values and ethics of professional social work practice. In addition, these students have at least a 2.5 GPA in the pre-professional core courses and have an overall GPA of 2.0.

Conditional Admission: These students may continue in the major for a given period of time (usually one to two semesters) during which certain conditions must be met. Students may be admitted conditionally with a lower GPA than 2.0 overall, but the student must attain a 2.0 overall GPA during the time period required by the University for being removed from academic probation. Conditional admission related to non-GPA issues may be granted if the student agrees in writing to correct the concern. Examples of non-GPA concerns for which corrective action may be required include writing skills, assertiveness, stress management, or working with diverse populations.

Non-acceptance: A decision of non-acceptance will be made when the student is found to be unsuited for professional social work practice. There are two criteria for non-acceptance: 1) the lack of acceptable academic performance necessary to successfully complete the requirements of the social work program, and/or 2) the inability to demonstrate commitment to social work values and ethics as they are reflected in the "Ethical Principles and Guidelines for UA Social Work Students" document that is available on-line in the B.S.W. Student Handbook and included with the forms for applying to the professional social work core (see Appendices). A decision of non-acceptance will result in the student's inability to progress in the social work program. In the event of non-acceptance, assistance with a transfer to another major will be provided upon request.

Criteria for Retention and Continuation

In addition to the admission process, the B.S.W. Program also has requirements for retention and continuation in the major.

Retention

Maintenance of an overall GPA of 2.0.

Maintenance of a 2.5 GPA in social work courses.

Students must abide by and behave in accordance with the "Ethical Principles/Guidelines for UA Social Work Students".

Social work students should not engage in any activity or behavior which, according to university policy or regulations, would result in dismissal from the university community. Such activity or behavior includes, but is not limited to, sexual harassment, physical or sexual assault, and academic dishonesty. (See Undergraduate Studies Catalog for description

of Academic Dishonesty, and Undergraduate Studies Catalog, Appendix C: Student Handbook for details).

Continuation and Grading Policies.

A grade of C or better must be earned in all social work courses. If a student receives a grade of D or F in one of the professional social work core courses, the course must be retaken with a grade of C or better prior to taking the course for which that course serves as a prerequisite.

1. Once matriculated into the B.S.W. program, B.S.W. students who earn a D or F will be allowed to repeat this course one time. Students can repeat up to two different social work courses.
2. A student may repeat a course from which they earned a W no more than one time.
3. Any professional social work core course in which the student receives a grade of I (Incomplete) must be satisfactorily completed (with a grade of C or better) prior to entering the course for which the course receiving the Incomplete is a prerequisite.

Criteria for Termination

Students will be terminated from the B.S.W. Program for the following reasons:

1. Failure to maintain minimum GPA requirements (2.0 cumulative overall, 2.5 for all social work courses).
2. Failure to earn a C or better in a professional social work core course after the second attempt.
3. Engaging in any activity or behavior which, according to university policy or regulations, would result in dismissal from the university community. Such activity or behavior includes, but is not limited to, sexual harassment, physical or sexual assault, and academic dishonesty.

Students may be terminated from the B.S.W. Program for the following reasons: Engaging in any activity or behavior incompatible with the "Ethical Principles/Guidelines for UA Social Work Students" (available online in the B.S.W. Student Handbook and with the materials for application to the professional social work core; see Appendices). Such violations will initiate a review by the School of Social Work Student, Standards and Support Committee and may result in termination by the School of Social Work Director or a decision that continuation is contingent upon completion of a corrective action specified by the School of Social Work Director.

Requirements for a Major in Social Work

In addition to the University Core requirements (p. 97) and the Fulbright College of Arts and Sciences Graduation Requirements (<http://catalog.uark.edu/undergraduatecatalog/collegesandschools/jwilliamfulbrightcollegeofartsandsciences/>), the following cognate and major course requirements must be met. Bolded courses from the list below may be applied to portions of the university/state minimum core requirements.

BIOL 1543	Principles of Biology (ACTS Equivalency = BIOL	4
& BIOL 1541L	1014 Lecture)	
	and Principles of Biology Laboratory (ACTS	
	Equivalency = BIOL 1014 Lab)	
	or ANTH 1013 Introduction to Biological Anthropology	
	& ANTH 1011L and Introduction to Biological Anthropology Laboratory	
COMM 1313	Public Speaking (ACTS Equivalency = SPCH	3
	1003)	

ENGL 2003	Advanced Composition	3
or ENGL 2013	Essay Writing	
HIST 1113	Institutions and Ideas of World Civilizations I (ACTS Equivalency = HIST 1113)	3
HIST 1123	Institutions and Ideas of World Civilizations II (ACTS Equivalency = HIST 1123)	3
PHIL 2003	Introduction to Philosophy (ACTS Equivalency = PHIL 1103)	3
or PHIL 2103	Introduction to Ethics (ACTS Equivalency = PHIL 1003)	
PLSC 2003	American National Government (ACTS Equivalency = PLSC 2003)	3
PSYC 2003	General Psychology (ACTS Equivalency = PSYC 1103)	3
SOCI 2013	General Sociology (ACTS Equivalency = SOCI 1013)	3
One Statistics Course		3
Six hours of 3000- or 4000-level courses from AAST, ANTH, COMM, GEOS, HESC, PLSC, PSYC, SOCI and courses applicable to gender studies as approved by the School of Social Work		6
Six hours of a single world language beginning at the 1013 Elementary II level or higher. ¹		6
And 45 semester hours of social work courses including:		
SCWK 2133	Introduction to Social Work	3
SCWK 3193	Human Diversity and Social Work	3
SCWK 4073	Social Work Research and Technology I	3
SCWK 4093	Human Behavior and the Social Environment I	3
SCWK 4103	Human Behavior and the Social Environment II	3
SCWK 4153	Social Welfare Policy	3
SCWK 4333	Social Work Practice I	3
SCWK 4343	Social Work Practice II	3
SCWK 4412	Field Seminar I	2
SCWK 4422	Field Seminar II	2
SCWK 4434	Social Work Internship I	4
SCWK 4444	Social Work Internship II	4
SCWK 4733	Social Work Practice III	3
Two Social Work Electives		6

¹ World language courses at the 1003 Elementary I level cannot be used to satisfy any part of the social work major's six-hour world language requirement.

Students must adhere to requirements cited for each social work course. A grade of "C" or better must be earned in all core social work courses. If a student receives a grade of "D" in a core social work course, the course must be retaken with a grade of "C" or better prior to taking the course for which that course serves as a prerequisite.

Writing Requirement: Social work students complete the research/analytical writing requirement by passing SCWK 4073 with a C or better.

Social Work B.S.W. Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 87) for university requirements of the program. Core requirement hours may vary by individual, based on placement and previous credit granted. Once all core requirements are

met, students may substitute a three-hour (or more) general elective in place of a core area.

First Year	Units	
	Fall	Spring
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3	
MATH 1203 College Algebra (ACTS Equivalency = MATH 1103)	3

Year Total:	15	13
Total Units in Sequence:	120	

¹ Meets 40-hour advanced credit hour requirement. See College Academic Regulations (p. 198).

² Meets 24-hour rule (24 hours of 3000-4000 level courses in Fulbright College), in addition to meeting the 40-hour rule. See College Academic Regulations (p. 198).

³ 3000-4000 level social science electives to be selected from Sociology, Psychology, Anthropology, Gender Studies, Political Science, Communications, Geosciences, African and African American Studies, or Human Environmental Sciences.

Requirements for a Minor in Social Work

18 hours including SCWK 2133, SCWK 3193, and SCWK 4153 (required) and any other nine hours of social work electives. A student must notify the department of his or her intent to minor. The social work minor is not preparation for social work practice and is not recognized by the CSWE.

Requirements for a Minor in Child Advocacy Studies Training

The Child Advocacy Studies Training online minor program is designed to better prepare future child protection workers, law enforcement officers, and other child-serving professionals in child welfare. Students may only receive credit for the minor or the certificate below, but not both.

18 hours are required for the minor:

SCWK 3013	Child Advocacy I: Perspectives on Child Maltreatment and Child Advocacy	3
SCWK 4013	Child Advocacy II: Professional and System Responses to Child Maltreatment	3
SCWK 4023	Child Advocacy III: Responding to the Survivor of Child Abuse	3
Choose the three following courses:		9
SCWK 3163	On Death and Dying	
SCWK 3233	Contemporary Issues in Juvenile Justice	
SCWK 4143	Addiction and the Family	

Requirements for a Child Advocacy Studies Training Undergraduate Certificate

The Child Advocacy Studies Training online certificate program is designed to better prepare future child protection workers, law enforcement officers, and other child-serving professionals in child welfare. Students may only receive credit for the minor or the certificate, but not both. Admission requirements for the Child Advocacy Studies Training online certificate program:

- Meet the admission requirements for the University of Arkansas.
- Complete 60 semester hours of credit from a regionally accredited institution of higher education.

Course requirements for an undergraduate certificate in Child Advocacy Studies Training (CHAS) include 9 credit hours:

SCWK 3013	Child Advocacy I: Perspectives on Child Maltreatment and Child Advocacy	3
SCWK 4013	Child Advocacy II: Professional and System Responses to Child Maltreatment	3
SCWK 4023	Child Advocacy III: Responding to the Survivor of Child Abuse	3

Requirements for Departmental Honors in Social Work: The Departmental Honors Program in Social Work is an upper-division course of study with an independent investigation on a topic in social work. Students work closely with an adviser of their choice to define the goals of an honors project and to develop it to completion. They must take 12 hours (which may include 6 hours of thesis) in Honors Studies. In

developing the project, students are encouraged to take honors courses, participate in honors colloquia, and do extensive background reading. The honors thesis may entail a library research project, a social work intervention project to be conducted in the field, or a policy analysis project. A research study that requires original data collection and analysis is preferred. In any case, the honors work is a serious long-term undertaking that should have direct value in supplementing the student's regular departmental academic program. Enrollment in SCWK 399VH takes place after the student has done background reading and has actually begun a project. Students normally enroll in this course for three hours of credit. The course may be repeated for an additional 3 hours of credit if the student's project is an extensive one. Regardless of the type of project, it is presented in written form and defended at an oral examination before an Honors Council Committee. Projects of extraordinarily high quality may be designated High Honors by the Committee. Successful completion of the requirements will be recognized by the award of the distinction "Social Work Scholar *Cum Laude*" at graduation. Higher degree distinctions are recommended only in truly exceptional cases and are based upon the whole of the candidate's program of honors studies.

Allbright, Sara, M.S.W. (University of Arkansas), B.S. (John Brown University), Lecturer, 2018.

Atwood, Casey, B.S.W. (University of Arkansas), Lecturer, 2013.

Barnett, Tracey, Ph.D. (University of Texas at Arlington), M.S.W. (University of Alabama), Assistant Professor, 2018.

Sociology (SOC)

Anna Zajicek
Department Chair
211 Old Main
479-575-3205

Department of Sociology and Criminology Website (<http://fulbright.uark.edu/departments/sociology/>)

The Department of Sociology and Criminology offers a major leading to a Bachelor of Arts degree in sociology. Sociology is a comprehensive liberal arts degree that provides an excellent foundation and springboard for working in today's diverse social, organizational and business environments. The Sociology major provides marketable skills in research, theory, and data analytics and knowledge related to social institutions, interactions, cultures, social inequality, and organizations. We offer robust undergraduate internship opportunities (<https://fulbright.uark.edu/departments/sociology/internships/>) that help sociology students develop a better understanding of a prospective career and determine whether their interests match a chosen career path, while simultaneously gaining experience with professionals in the field.

The department also offers a major in criminology (p. 250), double major in sociology and criminology, a minor in sociology (<https://fulbright.uark.edu/departments/sociology/undergraduate/minor-in-sociology.php>) and a fully online minor in criminal justice (<https://online.uark.edu/programs/minor-criminal-justice.php>). Our students also may pursue a dependent major in sociology and African and African American studies (p. 212).

For requirements for an M.A. degree in sociology, including criminology concentration, see the Graduate School Catalog (<http://catalog.uark.edu/graduatecatalog/programsofstudy/sociologyandcriminologysoci/>).

Requirements for B.A. Degree with a Major in Sociology: In addition to the University Core requirements (p. 97) and the Fulbright College of Arts and Sciences Graduation Requirements (p. 198), the following course

requirements must be met. Bolded courses from the list below may be applied to portions of the University/state minimum core requirements.

Select one of the following:	3-4
MATH 2033 Mathematical Thought	
MATH 2043 Survey of Calculus (ACTS Equivalency = MATH 2203)	
MATH 2053 Finite Mathematics	
MATH 2183 Mathematical Reasoning in a Quantitative World	
MATH 2554 Calculus I (ACTS Equivalency = MATH 2405)	
ENGL 2003 Advanced Composition (see course description for exemption requirements)	0-3
Completion of a world language course at the 1013 Elementary II level or higher.	3
31 semester hours in SOCI courses, to include:	31
SOCI 2013 General Sociology (ACTS Equivalency = SOCI 1013)	
SOCI 3193 Race, Class, and Gender in America	
SOCI 3223 Social Psychology	
SOCI 3301L Social Data and Analysis Laboratory	
SOCI 3303 Social Data and Analysis	
SOCI 3313 Social Research	
SOCI 3423 Social Theory	
SOCI 4043 Seminar in Sociology	
9 hours from sociology 3000- and 4000-level electives	
Total Hours	37-41

Writing Requirement: To fulfill the Fulbright College writing requirement, each sociology major will submit, prior to graduation, a substantial research or analytical paper, with a grade of "A" or "B" from an upper-division sociology course (3000-, 4000-, or 5000-level) to their departmental adviser. Satisfactory completion of an honors project or a senior thesis may fulfill this requirement.

Sociology B.A. Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 87) in the Academic Regulations chapter for university requirements of the program. Core requirement hours may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute a three-hour (or more) general elective in place of a core area.

Year Total:	15	12
Total Units in Sequence:	120	

¹ Meets 40-hour advanced credit hour requirement. See College Academic Regulations (p. 198).

² Meets 24-hour rule (24 hours of 3000-4000 level courses in Fulbright College), in addition to meeting the 40-hour rule. See College Academic Regulations (p. 198).

Requirements for a Minor in Sociology: 18 semester hours in sociology to include SOCI 2013, SOCI 3313, SOCI 3423 and at least nine hours of 3000-level classes or above, of which no more than three hours can come from CRIM. A student must notify the department of her or his intent to minor.

Requirements for Departmental Honors in Sociology: The Departmental Honors Program in Sociology is an upper-division course of study based on independent investigation on a scholarly topic of sociological interest. To be eligible for sociology honors candidacy, students normally will have completed 28 semester hours and not more than 85 semester hours with a minimum cumulative grade-point average of 3.5. They must take 12 hours in Honors Studies, which may include 6 hours of thesis. In the junior year, three hours of directed reading, planning, or other work on a research problem should be selected from the following courses:

SOCI 399VH	Honors Course	1-6
SOCI 403V	Individual Study in Sociology	1-3
SOCI 4043	Seminar in Sociology	3

In the senior year, the student will complete an honors project for up to six hours of credit in SOCI 399VH Honors Course. This honors research project will normally consist of an empirical investigation but may, with the approval of the honors director and the other departmental representatives, be intensive library research on a topic. All candidates must pass an oral examination given by an Honors Council Committee. Successful completion of the requirements will be recognized by the award of the distinction "Sociology Scholar Cum Laude" at graduation. Higher degree distinctions are recommended only in truly exceptional

cases and are based upon the whole of the candidate's program of honors studies.

Sociology (B.A.) Teacher Licensure in Social Studies Requirements:

Please refer to the Secondary Education Requirements (p. 201) for Fulbright College Students.

Students wanting to teach social studies in middle school should consult with a middle level adviser in the College of Education and Health Professions.

Adams, Douglas James, Ph.D., M.A. (University of Arizona), Associate Professor, 1995.

Barnum, Anthony Justin, Ph.D. (Howard University), M.A. (University of Arkansas), B.A. (Hendrix College), Visiting Assistant Professor, 2016.

Bustamante, Juan Jose, Ph.D. (Michigan State University), M.S., B.A. (University of Texas Pan American), Associate Professor, 2012.

Drawwe, Grant R., Ph.D. (University of Arkansas at Little Rock), M.A., B.A. (Southern Illinois University), Assistant Professor, 2016.

Engen, Mindy Sue, Ph.D., M.A. (Pennsylvania State University), B.S. (Georgia State University), Professor, 2005.

Engen, Rodney L., Ph.D. (University of Washington), M.S., B.S. (University of Wisconsin-Milwaukee), Associate Professor, 2009.

Fitzpatrick, Kevin M., Ph.D. (State University of New York at Albany), M.A. (University of South Carolina at Columbia), B.A. (Susquehanna University), University Professor, 2005.

Gruenwald, Jeffrey A., Ph.D. (Michigan State University), Associate Professor, 2019.

Harris, Casey Taggart, Ph.D., M.A. (Pennsylvania State University), B.S. (Texas A&M University), Associate Professor, 2011.

Hearne, Brittany Nicole, Ph.D., M.A., (Vanderbilt University), B.S. (Texas A&M), Assistant Professor, 2018.

Holyfield, Lori C., Ph.D. (University of Georgia), M.A., B.S.E. (University of Arkansas), Professor, 1995.

Jackson, Brandon, Ph.D. (Florida State University), Associate Professor, 2013.

Koski, Patricia, B.A., M.A., Ph.D. (Washington State University), Associate Professor, 1984.

Morimoto, Shauna, Ph.D., M.S. (University of Wisconsin-Madison), B.A. (University of Pittsburgh), Associate Professor, 2008.

Paez, Rocio Alejandra, Ph.D., M.A., B.A. (University of Arkansas at Little Rock), Visiting Assistant Professor, 2018.

Park, Kiwoong, Ph.D. (University of Albany), Assistant Professor, 2019.

Sabon, Lauren, Ph.D. (University of Tennessee-Knoxville), M.S/M.A. (Marshall University), B.S., B.A. (West Virginia University), Clinical Assistant Professor, 2014.

Schwab, Bill, Ph.D., M.A. (The Ohio State University), M.A. (University of Akron), B.A. (Miami University), University Professor, 1976.

Shields, Christopher A., Ph.D., J.D. (University of Arkansas), M.A., B.A. (Arkansas State University), Clinical Assistant Professor, 2003.

Smith, Brent Lamar, Ph.D., M.S. (Purdue University), B.A. (Ouachita Baptist University), Distinguished Professor, 2003.

Thomas, Shaun A., Ph.D., M.A. (Louisiana State University), B.A. (University of Akron), Associate Professor, 2015.

Worden, Steven K., Ph.D. (University of Texas at Austin), M.A., B.A. (Portland State University), Associate Professor, 1986.

Yang, Song, Ph.D., M.S. (University of Minnesota-Twin Cities), M.A. (Nankai University, China), B.A. (Branch College of Nankai, China), Professor, 2002.

Zajicek, Anna, Ph.D. (Virginia Polytechnic Institute and State University), M.S., B.S. (University of Silesia, Poland), Professor, 1994.

Southern Studies (SOST)

Angie Maxwell
Director of Southern Studies
Old Main 506A
479-575-6007
amax@uark.edu

The Southern Studies minor is designed to provide students with a thorough, interdisciplinary grounding in the major themes, issues, and theoretical assumptions concerning southern history, literature, and politics. Students who secure a southern studies minor will be prepared to pursue careers in business, education, law, and in post-graduate work in history, literature, or political science, particularly as it relates to the Southern region of the United States.

Requirements for a Minor in Southern Studies: Students wishing to minor in Southern Studies must take SOST 2003 Introduction to Southern Studies, a 3-credit hour interdisciplinary course that explores the history, politics, literature, and culture of the U.S. South from the colonial era to the present. Students must also take an additional 15 elective credit hours (5 courses) from among numerous options listed below. Only 6 hours can count toward the requirements of another major or minor.

Select five courses:

15

AAST 3233	African American History to 1877 or HIST 323: African American History to 1877
AAST 3243	African American History Since 1877 or HIST 324: African American History Since 1877
AAST 4093	The History of African Americans and Social Justice or HIST 409: The History of African Americans and Social Justice
AAST 3293	African American Politics or PLSC 329: African American Politics
AAST 4383	The American Civil Rights Movement or HIST 438: The American Civil Rights Movement
AAST 4933	African American Political Ideology or PLSC 493: African American Political Ideology
ENGL 3113	Folklore
ENGL 3853	Topics in African-American Literature and Culture
ENGL 3863	Topics in Literature and Culture of the American South
HIST 4503	History of Political Parties in the United States, 1789-1896
HIST 4563	The Old South, 1607-1865
HIST 4573	The New South, 1860 to the Present
HIST 4583	Arkansas in the Nation * or HIST 338: Arkansas and the Southwest
HIST 4593	The Colonial French in the Mississippi Valley or WLLC 405: The Colonial French in the Mississippi Valley
HIST 4653	Antebellum America, 1828-1850
HIST 4663	Rebellion to Reconstruction, 1850-1877
HIST 4673	The American Civil War
PLSC 3213	The South and the Law: Race, Gender, and Citizenship
PLSC 3223	Arkansas Politics and the Nation ¹
PLSC 4333	Southern Politics

SOCI 3173	Latinos, Migration, and the U.S. South
SOST 399V	Special Topics in Southern Studies ²

Total Hours	15
-------------	----

¹ A maximum of 6 hours can be taken in Arkansas-specific courses.

² A maximum of 6 hours of SOST 399V Special Topics in Southern Studies may be taken.

Statistics (STAT)

Giovanni Petris
Director of Statistics Program
314 Science-Engineering Building

Requirements for a Minor in Statistics:

Coursework used toward the mathematics major may not be applied toward a statistics minor.

MATH 2554	Calculus I (ACTS Equivalency = MATH 2405)	4
12 hours of STAT courses, including 9 hours in courses numbered 3000 and above.		12
Total Hours		16

Theatre (THTR)

Michael Riha
Chair of the Department
619 Kimpel Hall
479-575-2953

Department of Theatre website (<http://fulbright.uark.edu/departments/theatre/>)

The Department of Theatre offers the Bachelor of Arts (B.A.) degree in Theatre, a broad spectrum program in the context of a liberal arts education, and the Master of Fine Arts (M.F.A.) degree in six concentrations: Acting, Directing, Playwriting, Costume Design, Scene Design and Lighting Design. (Please see the Graduate Catalog for information regarding the M.F.A. Theatre degree (<http://catalog.uark.edu/graduatecatalog/programsofstudy/theatrethtr/>)). Classes at both undergraduate and graduate levels are focused on providing a strong, professional orientation to theatre performance and technology in conjunction with appropriate research-based course work to address the required foundations in theatre history, dramatic literature and dramatic criticism.

The educational objectives of the Department of Theatre are centered on producing graduates prepared to enter the competitive world of professional play production as well as a variety of teaching and research fields. In addition a background in Theatre has proven to be a valuable asset to those wishing to pursue a wide range of corporate and industrial occupations.

The play production program is the "laboratory" for study in Theatre. To that end the department produces an average of 10 plays each year involving students in virtually all aspects of production. Auditions are open to all students on campus.

The Department of Theatre also supports course work in Dance, offering a variety of basic and advanced studio courses.

For requirements for the M.F.A. degrees in theatre, see the *Graduate School Catalog*.

Requirements for a Major in Theatre: In addition to the University Core requirements (p. 97) and the Fulbright College of Arts and Sciences Graduation Requirements (p. 198), the following course requirements must be met. Bolded courses from the list below may be applied to portions of the university/state minimum core requirements.

Three hours of any world language at the 1013 Elementary II level; and three hours of continued coursework in the same world language, or 3 hours of a different world language course. 6

A University Core fine arts course other than THTR 1003 Theatre Appreciation 3

Select one course from two of the following categories. These two courses must be completed in addition to coursework used to satisfy the University/state core. 6

HIST 1113	Institutions and Ideas of World Civilizations I (ACTS Equivalency = HIST 1113)
or HIST 112	Institutions and Ideas of World Civilizations II (ACTS Equivalency = HIST 1123)
WLIT 1113	World Literature I (ACTS Equivalency = ENGL 2113)
or WLIT 1123	World Literature II (ACTS Equivalency = ENGL 2123)
PHIL 2003	Introduction to Philosophy (ACTS Equivalency = PHIL 1103)
or PHIL 210	Introduction to Ethics (ACTS Equivalency = PHIL 1003)

Total Hours 15

All theatre majors must complete the following 31 hours:

THTR 1223	Introduction to Theatre ¹	3
THTR 1313 & THTR 1311L	Stage Technology I: Costumes and Makeup and Stage Technology I Laboratory: Costume and Makeup	4
THTR 1323 & THTR 1321L	Stage Technology II: Scenery and Lighting and Stage Technology II Laboratory: Scenery and Lighting	4
THTR 1423	Script Analysis	3
THTR 1883	Acting I for Theatre Majors	3
THTR 2313	Fundamentals of Theatrical Design	3
THTR 3001	Production Practicum (to be taken twice)	2
THTR 3683	Stage Management	3
THTR 4233	History of the Theatre I ²	3
THTR 4333	History of the Theatre II ²	3

In addition, all theatre majors must complete 21 hours from one of two concentration areas of study: Design and Technology or Performance. 21

¹ Students who have already taken THTR 1003 or THTR 1003H may substitute this course for THTR 1223 and must also complete one additional University Core (p. 97) fine arts course. Theatre majors may not receive credit for both THTR 1223 and THTR 1003/THTR 1003H.

² Fulfills Fulbright College writing requirement.

Writing Requirement: The Fulbright College research/analytical paper requirement for theatre majors will be fulfilled in THTR 4233 or

THTR 4333. Satisfactory completion of an honors project or senior thesis may fulfill the requirement.

Senior Capstone: All theatre majors are required, in the semester before graduation, to successfully complete the Senior Capstone, a faculty assessment of each student's accomplishments in performance and production.

Requirements for Design and Technology Concentration

THTR 2513	Drafting for the Theatre	3
THTR 3213	Costume Design	3
THTR 3733	Lighting Design	3
THTR 3903	Theatrical Makeup	3
THTR 4123	Rendering for the Theatre	3
THTR 4653	Scene Design	3
THTR 4833	Scene Painting	3

Requirements for a Major in Theatre: In addition to the University Core requirements (p. 97) and the Fulbright College of Arts and Sciences Graduation Requirements (p. 198), the following course requirements must be met. Bolded courses from the list below may be applied to portions of the university/state minimum core requirements.

Three hours of any world language at the 1013 Elementary II level; and three hours of continued coursework in the same world language, or 3 hours of a different world language course. 6

A University Core fine arts course other than THTR 1003 Theatre Appreciation 3

Select one course from two of the following categories. These two courses must be completed in addition to coursework used to satisfy the University/state core. 6

HIST 1113	Institutions and Ideas of World Civilizations I (ACTS Equivalency = HIST 1113)
or HIST 112	Institutions and Ideas of World Civilizations II (ACTS Equivalency = HIST 1123)
WLIT 1113	World Literature I (ACTS Equivalency = ENGL 2113)
or WLIT 1123	World Literature II (ACTS Equivalency = ENGL 2123)
PHIL 2003	Introduction to Philosophy (ACTS Equivalency = PHIL 1103)
or PHIL 210	Introduction to Ethics (ACTS Equivalency = PHIL 1003)

Total Hours 15

All theatre majors must complete the following 31 hours:

THTR 1223	Introduction to Theatre ¹	3
THTR 1313 & THTR 1311L	Stage Technology I: Costumes and Makeup and Stage Technology I Laboratory: Costume and Makeup	4
THTR 1323 & THTR 1321L	Stage Technology II: Scenery and Lighting and Stage Technology II Laboratory: Scenery and Lighting	4
THTR 1423	Script Analysis	3
THTR 1883	Acting I for Theatre Majors	3
THTR 2313	Fundamentals of Theatrical Design	3
THTR 3001	Production Practicum (to be taken twice)	2
THTR 3683	Stage Management	3

THTR 4233	History of the Theatre I ²	3
THTR 4333	History of the Theatre II ²	3
In addition, all theatre majors must complete 21 hours from one of two concentration areas of study: Design and Technology or Performance.		21

¹ Students who have already taken THTR 1003 or THTR 1003H may substitute this course for THTR 1223 and must also complete one additional University Core (p. 97) fine arts course. Theatre majors may not receive credit for both THTR 1223 and THTR 1003/THTR 1003H.

² Fulfills Fulbright College writing requirement.

Writing Requirement: The Fulbright College research/analytical paper requirement for theatre majors will be fulfilled in THTR 4233 or THTR 4333. Satisfactory completion of an honors project or senior thesis may fulfill the requirement.

Senior Capstone: All theatre majors are required, in the semester before graduation, to successfully complete the Senior Capstone, a faculty assessment of each student's accomplishments in performance and production.

Requirements for a Concentration in Performance

THTR 2483	Stage Movement for the Actor	3
THTR 2683	Acting II	3
THTR 3433	Stage Speech	3
THTR 3653	Directing I	3
THTR 3663	Acting III	3
THTR 4063	Playwriting	3
THTR 4683	Acting IV - Shakespeare Performance	3

Requirements for a Minor in Theatre: A minimum of 18 semester hours in theatre, including THTR 1223 or THTR 1003 or THTR 1003H. One of the following courses or course/lab combinations is also required: THTR 1313 and THTR 1311L, or THTR 1323 and THTR 1321L, or THTR 1683. The remaining hours must be selected from courses at the 3000- or 4000-level, the specific courses to be determined by the student in consultation with a theatre department faculty adviser. The student must notify the department of his or her intent to minor.

Requirements for Graduation with Honors in Theatre: Both the College and the Departmental Honors Program in Theatre provide undergraduate students with an opportunity to participate formally in creative and/or scholarly activities. Honors candidates carry out independent study and research under the guidance of the Theatre faculty and participate in special honors classes, seminars and colloquia. Admission to the Fulbright Honors Program is open to Theatre majors with a minimum cumulative grade point average of 3.5 in all of their coursework. Honors candidates must complete a minimum of 12 hours of honors courses, three of which will be THTR 399VH Honors Thesis. (THTR 399VH may be repeated for up to six of these 12 hours.) To successfully complete the required thesis, students should choose an honors thesis adviser as early as possible. An adviser should be selected, and an Honors Agreement completed, no later than the first semester in a student's junior year.

Honors candidates must meet the college's requirements for an honors degree. Students graduating with honors will typically be recognized with the distinction "Theatre Scholar Cum Laude." Higher degree distinctions

(*magna cum laude* and *summa cum laude*) are awarded by the Honors Council, are recommended only in truly exceptional cases, and are based upon the whole of the candidate's program of honors studies.

Theatre (B.A.) Theatre/Speech Teacher Licensure Requirements:

Please refer to the Secondary Education Requirements (p. 201) for Fulbright College Students.

Burrow, Jason E., M.M. (Ohio University), B.M. (University of Arkansas), Assistant Professor, 2015.

Cohea, Ashley, B.A. (University of Arkansas), Instructor, 2013.

Crabtree, Susan, M.A., B.A. (University of Northern Colorado), Instructor, 2016.

Dwyer, Mavourneen, M.F.A. (University of Texas at Austin), B.A. (University of Montreal), Associate Professor, 1998.

Frank, Kate L., M.F.A. (University of Arkansas), B.F.A. (California State University-Los Angeles), Lecturer, 2006.

Herzberg, Amy, M.F.A. (California Institute of the Arts), B.A. (Arizona State University), Distinguished Professor, 1989.

Hicks, Morgan, M.F.A. (University of Arkansas), M.A. (Missouri State University), B.F.A. (Arkansas State University), Assistant Professor, 2007.

Irish, Shawn D., M.F.A. (University of Arkansas), B.A. (Missouri Southern State University), Assistant Professor, 2013.

Jilka, Elizabeth C., M.F.A., B.A. (University of Arkansas), Lecturer, 2017.

Landman, Michael, M.F.A. (Columbia University), B.A. (State University of New York at Binghamton), Associate Professor, 2004.

Lane, Valerie Jean, M.F.A. (Pennsylvania State University), B.F.A. (Memphis College of Art), Instructor, 2008.

Lee, Jeannie A., B.A. (University of Arkansas), Lecturer, 2000.

Leftwich, Gail, B.S. (University of Arkansas), Lecturer, 1997.

Martin, Patricia, M.F.A. (Purdue University), B.A. (Rollins College), Professor, 1995.

Marzolf, Steven, M.F.A. (University of San Diego), B.A. (University of Wisconsin-Green Bay), Lecturer, 2015.

McKnight, Jennifer Ann, M.F.A., B.A. (University of Alabama), Instructor, 2015.

Meers, Matthew Thomas, M.F.A. (Indiana University at Bloomington), B.F.A. (University of Arkansas), Instructor, 2012.

Micheel, Tyler, M.F.A., B.F.A. (Dakota State University), Instructor, 2016.

Millett, Joseph D., M.F.A. (University of Southern California), B.A. (Union College), Visiting Assistant Professor, 2015.

Riha, Michael, M.F.A. (Indiana University at Bloomington), B.F.A. (University of Wisconsin), Professor, 1992.

Wade, Les, Ph.D. (University of California-Santa Barbara), M.F.A. (University of Georgia), M.A. (Duke University), B.A. (Tulane University), Professor, 2011.

Walch, John S., M.F.A. (University of Texas at Austin), B.A. (Colorado College), Assistant Professor, 2016.

Wilkerson, Weston, M.F.A. (University of Tennessee), B.A. (Texas A&M University), Assistant Professor, 2014.

World Languages, Literatures, and Cultures (WLLC)

Steven M. Bell
Chair of Department
425 Kimpel Hall
479-575-2951

World Languages, Literatures and Cultures website (<http://fulbright.uark.edu/departments/world-languages/>)

The world languages requirement among the basic courses is satisfied based on each separate department's undergraduate degree program. Students should consult their adviser to confirm the total number of courses needed to satisfy their departmental world language requirement. Students who, on the basis of prior knowledge of language, omit one or more courses in the basic language sequence (1003-2013) may receive college credit for omitted courses if they validate their higher placement by passing an advanced course with a grade of "C" or above.

Conversation courses (3033, 4033) and self-paced (correspondence) courses may not be used to validate such prior knowledge.

For majors in Greek and Latin, go to Classical Studies (p. 245).

For information on advanced degrees in world languages, go to the *Graduate School Catalog*.

Requirements for B.A. in Arabic

Requirements for a Major in Arabic: In addition to the University Core requirements (<http://catalog.uark.edu/undergraduatecatalog/academicregulations/universitycore/>) and the Fulbright College of Arts and Sciences Graduation Requirements (<http://catalog.uark.edu/undergraduatecatalog/collegesandschools/jwilliamfulbrightcollegeofartsandsciences/>), the following departmental and major course requirements must be met. Bolded courses from the list below may be applied to portions of the University Core requirements.

Choose one: 6

Two language-related courses of a single world language different from the student's major

Six hours from any combination of language-related area/ethnic studies courses, department-approved WLLC courses (such as WLLC 2413, WLLC 3173, WLLC 4023, WLLC 4033, or Classical Studies (CLST) courses)

Humanities Core ¹

PHIL 2003 Introduction to Philosophy (ACTS Equivalency = PHIL 1103) ² 3
or WLIT 1113 World Literature I (ACTS Equivalency = ENGL 2113)

Social Sciences Core ¹

HIST 1113 Institutions and Ideas of World Civilizations I (ACTS Equivalency = HIST 1113) 3
HIST 1123 Institutions and Ideas of World Civilizations II (ACTS Equivalency = HIST 1123) 3
Non-HIST social science elective in University Core 3

Arabic Courses

Complete 27 hours in Arabic courses 3000-level or higher with a minimum grade of "C" in each course. Required courses include:

ARAB 3016	Intensive Arabic III ²	6
ARAB 4016	Intensive Arabic IV	6
ARAB 4023	Advanced Arabic I	3
ARAB electives at 3000-level or higher in language, literature, and culture, selected in consultation with the major adviser.		12
Total Hours		45

¹ Honors students who complete the H2P Sequence (HUMN 1114H, HUMN 1124H, HUMN 2114H and HUMN 2124H) will have fulfilled the World Civilization (HIST 1113 and HIST 1123) requirement as well as the Arabic major's 3-hour Humanities core requirement.

² ARAB 1016 and ARAB 2016 or equivalent may be required prior to taking ARAB 3016.

Writing Requirement: The college writing requirement may be satisfied by a term paper or other written work submitted for an upper-division Arabic class approved by the chair of the department.

Arabic B.A. Eight-Semester Degree Plan

First Year	Units	
	Fall	Spring
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3	
MATH 1313 Quantitative Reasoning (ACTS Equivalency = MATH 1113) or MATH 1203 College Algebra (ACTS Equivalency = MATH 1103) or any MATH course numbered higher than MATH 1203	3

Requirements for B.A. in French

University and College Requirements for a Bachelor of Arts in

French: In addition to the Fulbright College of Arts and Sciences

Graduation Requirements (see under Degree Completion Program Policy), the following course requirements must be met. The list of University/State Minimum Core courses can be found here (<http://catalog.uark.edu/undergraduatecatalog/academicregulations/universitycore/>).

University/State Minimum Core 35

Six hours of language-related courses to be fulfilled by completing six hours of a single world language different than the major, or six hours from any combination of language-related area/ethnic studies courses, department-approved WLLC courses (such as WLLC 2413, WLLC 3173, WLLC 4023, WLLC 4033), or classical studies (CLST) courses. 6

French Courses (24 hours)

FREN 3003	Advanced French ¹	3
FREN 3113	Introduction to Literature	3
FREN 4003	French Grammar and Composition	3
FREN 4033	French for Oral Proficiency	3
FREN 4213	French Civilization	3
FREN literature courses 4000-level or higher		6
Any other FREN course 3000-level or higher		3

Additional Studies Requirement 55

55 additional credit hours required for the degree must include whatever coursework is necessary for the completion of an additional major or minor in any field other than French, or completion of the College Honors core. Within these 55 hours, also, 6 credit hours must be completed towards the University Residency Requirement, and 16 credit hours must be completed towards the 40-hour Rule. Any remaining credit hours can be completed as general electives or applied towards further additional minor or major requirements.

Total Hours 120

¹ FREN 1003, 1013, 2003, and 2013 or equivalent may be required prior to taking FREN 3003.

Writing Requirement: The college writing requirement may be satisfied by a term paper or other written work submitted for an upper-division world language literature class approved by the chair of the department.

French B.A.

Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 87) for university requirements of the program. The following eight-semester plan refers to both University Core and additional departmental requirements as presented above. Hours may vary by individual, based on placement and previous credit granted. Once all core and departmental requirements are met, students may substitute a three-hour (or more) general elective in place of a core area.

First Year	Units	
	Fall	Spring
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3	
MATH 1203 College Algebra (ACTS Equivalency = MATH 1103) (or any higher-level MATH course)	3	
FREN 1003 Elementary French I (ACTS Equivalency = FREN 1013) (or a higher-level FREN course, depending on placement in sequence)	3	

Or Additional Studies Requirement		
U.S. History University/State Minimum Core Requirement	3	
Social Sciences University/State Minimum Core Requirement	3	
ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023)	3	
FREN 1013 Elementary French II (ACTS Equivalency = FREN 1023) (or a higher-level FREN course, depending on placement in sequence)	3	
Or Additional Studies Requirement		
Science University/State Minimum Core Requirement Lecture with Corequisite Lab	4

Requirements for and Additional Major in French for Non-Arts and Science Students

Students in colleges and schools other than the Fulbright College of Arts and Sciences (Business; Education; Engineering; Agricultural, Food, & Life Sciences; Architecture) must complete 24 hours of coursework in French at the 3000-level and above. This is the same amount of coursework in French in the undergraduate major in French in Fulbright College.

The normal course sequence of FREN courses fulfilling the major requirements for non-native speakers is as follows:

FREN 3003	Advanced French	3
FREN 3000 or higher elective		3
FREN 3113	Introduction to Literature	3
FREN 4003	French Grammar and Composition	3
FREN 4033	French for Oral Proficiency	3
FREN 4213	French Civilization	3
FREN 4000-level literature electives		6
Total Hours		24

Substitutions for courses in this list can be approved by French major advisers (for example, for study abroad credits and transfer credits).

Requirements for B.A. in German

University and College Requirements for a Bachelor of Arts in German: In addition to the Fulbright College of Arts and Sciences Graduation Requirements (see under Degree Completion Program Policy), the following course requirements must be met. The list of University/State Minimum Core courses can be found here (<http://catalog.uark.edu/undergraduatecatalog/academicregulations/universitycore/>).

University Core	35
Six hours of language-related courses to be fulfilled by completing six hours of a single world language different than the major, or six hours from any combination of language-related area/ethnic studies courses, department-approved WLLC courses (such as WLLC 2413, WLLC 3173, WLLC 4023, WLLC 4033), or classical studies (CLST) courses.	6

German courses (24 hours)

GERM courses numbered 3000 or higher with a minimum grade of "C" in each course.		
GERM 3003	Advanced German I ¹	3

GERM 3013	Introduction to Literature	3
GERM 4003	Advanced German II	3
GERM 4213	German Civilization	3
GERM 3033	Conversation	3
GERM Electives 3000-level or higher		9
Additional Studies Requirement		55
55 additional credit hours required for the degree must include whatever coursework is necessary for the completion of an additional major or minor in any field other than German, or completion of the College Honors core. Within these 55 hours, also, 6 credit hours must be completed towards the University Residency Requirement, and 16 credit hours must be completed towards the 40-hour Rule. Any remaining credit hours can be completed as general electives or applied towards further additional minor or major requirements.		
Total Hours		120

¹ GERM 1003, 1013, 2003, and 2013 or equivalent may be required prior to taking GERM 3003.

GERM 5000-level classes such as GERM 5223 (Early German Literature), GERM 5273 (Enlightenment through Classicism), and GERM 5363 (Literature after 1945) may be taken by undergraduates with exceptional language skills after approval by the undergraduate adviser and a petition to the graduate school.

Writing Requirement: The college writing requirement may be satisfied by a term paper or other written work submitted for an upper-division world language literature class approved by the chair of the department.

German B.A. Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 87) for university requirements of the program. The following eight-semester plan refers to both University and major requirements as presented above. Core requirement hours may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute a three-hour (or more) general elective in place of a core area.

First Year		Units	
	Fall	Spring	
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3		
MATH 1203 College Algebra (ACTS Equivalency = MATH 1103) (or any higher-level MATH course)	3

Additional Studies Requirement	7
Year Total:	15 13

Total Units in Sequence:	120
--------------------------	-----

Requirements for an Additional Major in German for Non-Arts and Science Students: Students in colleges other than the Fulbright College of Arts and Sciences can complete an additional major in German by completing 24 hours in German:

GERM 3003	Advanced German I	3
GERM 3013	Introduction to Literature	3
GERM 3033	Conversation	3
GERM 4003	Advanced German II	3
GERM 4213	German Civilization	3
9 hours of upper-level electives		9
Total Hours		24

Students must also fulfill their home college's core and the degree requirements for the major in their college to be eligible.

Spanish

University and College Requirements for a Bachelor of Arts in Spanish:

In addition to the Fulbright College of Arts and Sciences Graduation Requirements (see under Degree Completion Program Policy), the following course requirements must be met. The list of University Core courses can be found here (<http://catalog.uark.edu/undergraduatecatalog/academicregulations/universitycore/>).

University/State Minimum Core	35
-------------------------------	----

Six hours of language-related courses to be fulfilled by completing six hours of a single world language different than the major, or six hours from any combination of language-related area/ethnic studies courses, department-approved WLLC courses (such as WLLC 2413, WLLC 3173, WLLC 4023, WLLC 4033), or classical studies (CLST) courses.	6
---	---

Spanish courses numbered 3000 or higher with a minimum grade of "C" in each course, including:

SPAN 3003	Advanced Spanish ¹	3
SPAN 3033	Conversation and Composition	3
SPAN 3103	Cultural Readings	3
or SPAN 3123	Spanish for Heritage Speakers II	
SPAN 3113	Introduction to Literature	3
SPAN 4003	Advanced Grammar	3
or SPAN 4123	Spanish for Heritage Speakers III	
Spanish electives (SPAN) numbered 3000 or higher ²		

Additional Studies Requirement	52
---------------------------------------	----

Credit hours required for the degree must include whatever coursework is necessary for the completion of an additional major or minor in any field other than Spanish, or completion of the College Honors core. Within these 52 hours, also, 3 credit hours must be completed toward the University Residency Requirement, and 13 credit hours must be completed toward the 40-hour Rule. Any remaining credit hours can be completed as general electives or applied toward further additional minor or major requirements.

Total Hours	108
-------------	-----

¹ SPAN 1003, SPAN 1013, SPAN 2003, and SPAN 2013 or equivalent may be required prior to taking SPAN 3003.

² Students considering future graduate work in Spanish are strongly advised to take both the Spanish and Latin American literature surveys (SPAN 4103 or SPAN 4113 and SPAN 4133 or SPAN 4193).

Writing Requirement: The college writing requirement may be satisfied by a term paper or other written work submitted for an upper-division world language literature class approved by the chair of the department.

Spanish B.A. Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 87) for university requirements of the program. The following eight-semester plan refers to both University Core and additional departmental requirements as presented above. Hours may vary by individual, based on placement and previous credit granted. Once all core and departmental requirements are met, students may substitute a three-hour (or more) general elective in place of a core requirement.

First Year	Units	
	Fall	Spring
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3	
MATH 1203 College Algebra (ACTS Equivalency = MATH 1103) (or any higher-level MATH course)	3	
SPAN 1003 Elementary Spanish I (ACTS Equivalency = SPAN 1013) (or a higher-level SPAN course, depending on placement in sequence)	3	
Or Additional Studies Requirement		
U.S. History University/State Minimum Core Requirement	3	
Social Sciences University/State Minimum Core Requirement	3	
ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023)		3
SPAN 1013 Elementary Spanish II (ACTS Equivalency SPAN 1023) (or a higher-level SPAN course, depending on placement in sequence)		3

SPAN 3000-level or higher elective	3	
Additional Studies Requirement	9	
SPAN 3000-level or higher elective		3
SPAN 3000-level or higher elective		3
Additional Studies Requirement		7
Year Total:	15	13

Total Units in Sequence: 120

¹ Heritage speakers may also take SPAN 2123 as an equivalent to SPAN 2013.

Requirements for an Additional Major in Spanish for Non-Arts and Sciences Students:

Students with majors in colleges and schools other than the Fulbright College of Arts and Sciences (Business, Education, Engineering, Agriculture, Architecture) can complete an additional major in Spanish by completing 27 hours of coursework in Spanish at the 3000-level and above. This is the same amount of coursework in Spanish in the undergraduate major in Spanish in Fulbright College.

The normal course sequence of SPAN courses fulfilling the major requirements for non-native speakers is as follows:

SPAN 3003	Advanced Spanish	3
SPAN 3103	Cultural Readings	3
SPAN 3033	Conversation and Composition	3
SPAN 3113	Introduction to Literature	3
SPAN 4003	Advanced Grammar	3
SPAN 4000-level	electives in literature, culture, or special topic	9
SPAN 4623	Advanced Proficiency in Spanish (or SPAN 4000-level elective in literature, culture, or special topic)	3
Total Hours		27

Substitutions for courses in this list can be approved by Spanish major advisors (for example, for study abroad transfers, and for students who are heritage and native speakers of Spanish).

The minor in Arabic has been added pending approval of the Arkansas Higher Education Coordinating Board.

Arabic: 15 hours in courses numbered 3000 or above. Specific courses required are:

ARAB 3016	Intensive Arabic III	6
ARAB 4016	Intensive Arabic IV	6
ARAB 4023	Advanced Arabic I	3

French:

15 hours in courses numbered 3000 or above. Specific courses required are:

FREN 3003	Advanced French	3
FREN 3113	Introduction to Literature	3
FREN 4003	French Grammar and Composition	3
FREN 4033	French for Oral Proficiency	3

In some cases, specific course requirements may be adjusted to the individual needs of the candidate with the permission of the French adviser.

German: 15 hours in courses numbered 3000 or above. Specific courses required are:

GERM 3003	Advanced German I	3
GERM 4003	Advanced German II	3
GERM 4213	German Civilization	3
Three Hours of Literature		3

Italian:

15 hours to include the following:

ITAL 3033	Italian Conversation	3
ITAL 3113	Introduction to Literature	3
ITAL 3123	Advanced Italian	3
ITAL 4033	Advanced Italian Conversation	3
Choose one of the following:		3

ITAL 3103	Italian Cinema
ITAL 3983	Special Studies

Spanish: 15 hours in courses numbered 3000 or above. Specific courses required are:

SPAN 3003	Advanced Spanish	3
SPAN 3103	Cultural Readings	3
or SPAN 3123	Spanish for Heritage Speakers II	
SPAN 3113	Introduction to Literature	3
SPAN 4003	Advanced Grammar ¹	3
or SPAN 4123	Spanish for Heritage Speakers III	
And one of the following:		3
SPAN 3033	Conversation and Composition	
or higher-numbered SPAN elective		
Total Hours		15

¹ Heritage Speakers may take SPAN 4123 Spanish for Heritage Speakers III in lieu of SPAN 4003 Advanced Grammar.

Spanish for the Professions

Spanish: Courses required are:

SPAN 3003	Advanced Spanish	3
SPAN 3103	Cultural Readings	3
or SPAN 3123	Spanish for Heritage Speakers II	
SPAN 4003	Advanced Grammar ¹	3
or SPAN 4123	Spanish for Heritage Speakers III	
SPAN 4333	Business Spanish I	3
or SPAN 4563	Latino Youth Biliteracy Service Learning Project	
or SPAN 4583	Advanced Spanish for Health Professions	
SPAN 3033	Conversation and Composition (or higher-numbered SPAN elective)	3

In some cases, specific course requirements may be adjusted to the individual needs of the candidate with the permission of the Spanish adviser.

¹ Heritage Speakers may take SPAN 4123 in lieu of SPAN 4003 Advanced Grammar.

Requirements for a Minor in World Languages with a Business Orientation

Chinese: Students in the Minor program in Chinese with a Business Orientation must complete 15 credit hours of upper-level Chinese courses.

Required Courses

CHIN 3003	Advanced Chinese	3
CHIN 3033	Conversation	3
CHIN 3103	Chinese Culture through Film	3
CHIN 4333	Business Chinese Language in Speaking and Writing	3
Choose one of the following elective courses:		3
CHIN 3983	Special Studies	
CHIN 4313	Culture and Society in China	

In some cases, elective courses may be adjusted to the individual needs of the candidate with the permission of the Chinese adviser.

French: Courses required are:

FREN 3003	Advanced French	3
FREN 3103	Cultural Readings	3
FREN 4003	French Grammar and Composition	3
FREN 4033	French for Oral Proficiency	3
FREN 4333	Introduction to Business French	3

Spanish: Courses required are:

SPAN 3003	Advanced Spanish	3
SPAN 3103	Cultural Readings	3
or SPAN 3123	Spanish for Heritage Speakers II	
SPAN 4003	Advanced Grammar ¹	3
or SPAN 4123	Spanish for Heritage Speakers III	
SPAN 4333	Business Spanish I	3
or SPAN 4563	Latino Youth Biliteracy Service Learning Project	
or SPAN 4583	Advanced Spanish for Health Professions	
SPAN 3033	Conversation and Composition (or higher-numbered SPAN elective)	3

In some cases, specific course requirements may be adjusted to the individual needs of the candidate with the permission of the Spanish adviser.

¹ Heritage Speakers may take SPAN 4123 in lieu of SPAN 4003 Advanced Grammar.

Japanese: Students in the Minor program in Japanese with a Business Orientation must complete 15 credit hours of upper-level Japanese courses. Required courses are:

Advanced Japanese

JAPN 3116	Intensive Advanced Japanese (or equivalent)	6
-----------	---	---

Core Requirements

JAPN 3033	Advanced Japanese Conversation	3
JAPN 4333	Professional Japanese I: Business Writing	3

Electives

Select one of the following:		3
JAPN 3983	Special Studies	
JAPN 4033	Oral Communication & Composition in Japanese	
JAPN 4213	Japanese Culture	
JAPN 4313	Language and Society of Japan	
JAPN 4343	Professional Japanese II: Translation	

In some cases, elective courses may be adjusted to the individual needs of the candidate with the permission of the Japanese adviser.

Requirements for Honors in World Languages: The Honors Program in World Languages gives students of high ability the opportunity to conduct independent research culminating in an honors thesis. In addition to satisfying general graduation requirements and all requirements for honors separately established by the Honors Council, candidates for honors in World Languages must:

1. Complete 12 hours of honors credit. One to six of these may be honors thesis hours; the remaining hours should be taken in disciplines chosen in consultation with the adviser;

2. Complete an honors thesis in the major field, and pass an oral examination on the thesis conducted by an honors committee, as evidence of substantial individual research skills;
3. Demonstrate superior competence in language, culture, and literature by achieving a GPA. of 3.5 in all upper-division courses submitted for the major.

Successful completion of these requirements will be recognized by the award of the distinction "Language Scholar Cum Laude." Higher degree distinctions are recommended only in truly exceptional cases and are based upon the whole of the candidate's program of honors studies.

World Language (B.A.) Teacher Licensure Requirements:

Please refer to the Secondary Education Requirements (p. 201) for Fulbright College Students.

Sam M. Walton College of Business

Mission and Objectives

Vision Statement

Through our teaching, research, and service, the Sam M. Walton College of Business will be a thought leader and a catalyst for transforming lives in Arkansas, the United States and the world.

Core Values

Excellence: We are driven to be the best in everything we do.

Professionalism: We operate with integrity, humility, respect, and Inclusion.

Innovation: We imagine possibilities, we create, and we inspire others.

Collegiality: We respect each individual, we value our differences, and we welcome all.

Mission Statement

The mission of the Sam M. Walton College of Business is to advance and disseminate business knowledge using a diverse, inclusive, and global perspective and to encourage innovation in our primary strategic endeavors: Retail, Data Analytics, and Entrepreneurship.

Facilities and Resources

The Walton College offers degree programs for undergraduate students and for graduate students at both the master's and doctoral levels.

The Walton College is housed in four modern buildings supporting on-campus programs. These attractive facilities provide technology-equipped classrooms and state-of-the-art computer laboratories for both business classes and individual use. The buildings also house faculty and administrative offices, an honors program study area with computer access, the George W. Edwards Jr. Career Suite, the Garrison Financial Institute, and large study areas equipped for individual as well as group studying.

The library of the college is part of the general University Libraries and is housed in Mullins Library. The business and economics collection comprises approximately 55,000 volumes and makes this library one of the best in the region.

Walton College also operates centers for research, outreach, and public service. Information about these centers may be found in the University Centers and Research Units section of this catalog. Walton College centers include the following:

- Applied Sustainability Center
- Behavioral Business Research Lab
- Bessie B. Moore Center for Economic Education
- Center for Business and Economic Research
- Executive Education
- Garrison Financial Institute
- McMillon Innovation Studio
- Supply Chain Management Research Center
- Tyson Center for Faith and Spirituality in the Workplace

Degrees Offered

Undergraduate students may pursue curricula leading to one of the following degrees: Bachelor of Science in Business Administration (B.S.B.A.), Bachelor of Science in International Business (B.S.I.B.). In each of these degree programs, the pre-business requirements must be completed before students may enroll in upper division business courses. Students in Walton College may pursue an academic minor in business or in the J. William Fulbright College of Arts and Sciences. Walton College also offers business minors for non-business students. Degree programs and minors are outlined on subsequent pages.

College Admission Requirements

All students admitted to the University of Arkansas, Fayetteville, are eligible for admission to the Sam M. Walton College of Business. Students will be required to follow the degree program requirements set forth in the catalog corresponding to the student's first semester in Walton College, not the first semester of enrollment at the University of Arkansas.

College Scholarships

High school graduates who expect to enroll in Walton College are encouraged to apply for scholarships made available to freshmen by individuals, business firms, and organizations. Also available to freshmen, regardless of degree program, are freshmen academic scholarships. Current Walton College students may apply for both college and departmental scholarships beginning in January of each year for the following academic year. Information on these financial awards may be

secured from the University Scholarship Office and the Walton College Undergraduate Programs Office.

Student Organizations

In addition to the general university student organizations, Walton College Student Ambassadors, Leadership Walton and a Business Dean's Student Advisory Board, there are several college societies open to Walton College students. These include the following:

- American Marketing Association
- Association for Information Systems
- Beta Alpha Psi (accounting honorary)
- Beta Gamma Sigma (business honorary)
- Enactus (formerly SIFE)
- Finance Club
- National Association of Black Accountants
- Omicron Delta Epsilon (economics honorary)
- Phi Beta Delta (international scholars honorary)
- S.A.K.E. (Students Acquiring Knowledge Through Enterprise)
- Society for Human Resource Management
- Students of Retailing Excellence (STORE)
- Transportation and Logistics Association
- Women Impacting Supply Excellence (WISE)

Eight-Semester Degree Program Policy

College Academic Regulations

Pre-Business Requirements

Students pursuing a degree in Walton College are classified as pre-business with an intended major until all pre-business requirements are fulfilled. The following policies apply to the pre-business program:

To be eligible to enroll in upper-division business courses in Walton College, a student must complete the Walton College computer competency requirement, ISYS 1123 or ISYS 1120, and maintain at least a 2.50 (on a 4.00 scale) overall grade-point average (GPA) in addition to completing the 31 credit hours listed below of pre-business core courses (or their equivalents), also with at least a 2.50 GPA. Further, a student must complete all courses offered to meet this requirement with a grade of "C" or better or the requirement for graduation. The pre-business core courses are as follows:

ACCT 2013	Accounting Principles	3
ACCT 2023	Accounting Principles II * students majoring in Accounting or Finance must complete ACCT 2023	3
	or MGMT 2053 Business Foundations	
COMM 1313	Public Speaking (ACTS Equivalency = SPCH 1003)	3
ECON 2013	Principles of Macroeconomics (ACTS Equivalency = ECON 2103)	3
ECON 2023	Principles of Microeconomics (ACTS Equivalency = ECON 2203)	3
ENGL 1013	Composition I (ACTS Equivalency = ENGL 1013)	3
ENGL 1023	Composition II (ACTS Equivalency = ENGL 1023)	3
MATH 2043	Survey of Calculus (ACTS Equivalency = MATH 2203)	3

ISYS 1120	Computer Competency Requirement	0
or ISYS 1123	Business Application Knowledge - Computer Competency	
MATH 2053	Finite Mathematics	3
WCOB 1111	Freshman Business Connection	1
WCOB 1033	Data Analysis and Interpretation	3

Students' records will be evaluated each semester to determine whether a student should be moved to a major and have pre-business classification removed. After completing pre-business requirements and being admitted into his or her major, the student is expected to arrange for a pre-graduation check by the Undergraduate Programs Office to ascertain remaining degree requirements.

Business Core Requirements

Students pursuing a degree in Walton College must complete the following business core courses.

BLAW 2013	The Legal Environment of Business (ACTS Equivalency = BLAW 2003)	3
ISYS 2103	Business Information Systems	3
FINN 3043	Principles of Finance	3
MGMT 2103	Managing People and Organizations	3
MGMT 3013	Strategic Management	3
MKTG 3433	Introduction to Marketing	3
SCMT 2103	Introduction to Supply Chain Management	3

Registration in Junior/Senior-Level Walton College Courses

Walton College students must complete the pre-business requirements prior to enrollment in junior- or senior-level courses in Walton College.

Non-degree seeking students and students enrolled in other colleges are subject to the same course prerequisites as students within Walton College. Specific exceptions to this policy must be addressed to the assistant dean for undergraduate programs in Walton College.

Restrictions on General Education Electives: Only three hours total of general education electives will be allowed in Physical Education Activity (PEAC) or Dance Education Activity (DEAC) courses.

Transfer of Credit Policies

In addition to the university policies controlling the granting of credit for course work taken at other institutions, the following policies apply to transfer work applied to any undergraduate business program:

1. Transfer students considering admission to pursue a major in Walton College must have completed the pre-business courses and requirements listed above and have a 2.50 (on a 4.00 scale) cumulative grade-point average in the pre-business courses and in his or her overall grade-point average. Transfer students will be classified as pre-business students until pre-business core requirements have been completed.
2. A pre-business and overall grade-point average for courses accepted for transfer by the University of Arkansas will be calculated and used to evaluate the completion of the pre-business requirements by students transferring courses from other institutions.
3. Unless exceptions are granted at the time of admission to the University of Arkansas, transfer courses accepted by the university will not be accepted by Walton College for degree purposes unless a

grade of “C” or better has been earned in each of these courses. (See the university Transfer of Credit page (p. 94).)

4. A transferred course cannot carry more degree hours than are available in a similar University of Arkansas course. For example, a four-hour principles of economics course transfers as three degree hours.
5. Business courses completed at the freshman or sophomore level at another institution will not count as equivalents of junior- or senior-level courses offered in Walton College (University of Arkansas), and no transfer credit shall be granted for any such course(s) in Walton College.
6. At least 50 percent of program requirements in business and economics must be taken in residence.
7. MGMT 3013, 21-24 hours of upper division courses required for the completion of the major, and 3-6 hours of additional, upper division business courses are required degree must be taken in residence at the University of Arkansas, Fayetteville.
8. Junior- or senior-level core courses in business and economics may be transferred from a school accredited by AACSB International.
9. Junior- or senior-level core courses taken at a non-AACSB International-accredited, four-year institution must either be repeated or validated by procedures specified and approved by the assistant dean for undergraduate programs.
10. Junior- or senior-level electives in business and economics taken at a non-AACSB International-accredited, four-year institution may be accepted in transfer as junior/senior business electives.
11. In cases of minors or transfer, students who take courses with different names but with similar content at different institutions or in different colleges within the University of Arkansas, may be allowed degree credit for only one of the courses (i.e.: principles of economics and agricultural economics). Students pursuing degrees and minors within the Walton College must enroll in business courses as designated by their program of study.
12. Courses taken at any higher education institution where the course content is remedial are not acceptable for degree credit.
13. The student should be prepared to submit course descriptions, syllabi, or other course-related information for transfer course work if there is any question as to whether Walton College will grant degree credit for such work.
14. Exceptions: All requests for, exceptions to, and variations from the rules, regulations, and requirements of Walton College and the university should be made in writing to the assistant dean for undergraduate programs of Walton College. Consult the Undergraduate Programs Office in Walton College for these requests.

Course Loads

The normal course load in Walton College is 15 to 17 hours per semester (and six hours per summer term). Students with a 2.75 grade-point average the previous semester may take a maximum of 18 hours. Seniors may take 18 to 19 hours, if required for graduation, during their final semester. Students on academic warning are limited to a maximum course load of 12 hours. University regulations on the number of hours allowed per semester are found in the Orientation and Registration section of this catalog.

Foreign Language Concentration

An undergraduate B.S.B.A. degree-seeking student may elect to substitute 12 hours in a single upper-level foreign language for 12-15 hours of the 12-15 hours required in the junior-senior business elective

block of courses for the degree requirements. Students who choose to use 12 hours of foreign language, but who are pursuing majors requiring 15 hours of junior-senior business electives, must take an additional 3 hour junior-senior business elective to satisfy degree requirements.

Double Major

A student may elect to obtain a double major by completing all required courses for two majors in Walton College (but not in two concentrations within a single major). The minimum hour requirement for a double major is 138 degree credit hours to include all requirements for both majors. If there are courses common to both majors, the department chairs involved will agree upon and specify additional requirements in lieu of the common courses. The junior/senior business elective block is reduced by three hours; however, choice of the junior/senior business electives is restricted to no more than three total hours from each department that offers the two majors. Students who have elected to substitute a foreign language course of study for junior/senior business electives must complete 12 hours of junior/senior language courses.

The student must notify the Undergraduate Programs Office in Walton College of intent to pursue a double major. All requirements for double majors must be completed prior to awarding of a degree.

Business Minors

The Walton College offers a variety of minors for students desiring specific knowledge in another area of business (outside their major) to assist them in their business careers. Students may elect to obtain a business major and a business minor by completing all required courses for both the major and the minor in the Walton College (but not a major and minor within the same discipline). Students must complete all requirements for both the major and the minor and may not use more than six hours of major courses toward minor requirements. If there are common courses to both, the department chairs involved will agree upon and specify additional requirements. Business minors require the completion of 15 specific hours of study and all upper level courses applied toward the minor must be taken in residence.

Students may elect to obtain multiple business minors by completing all required courses for all minors in the Walton College (but not minors within the same discipline). Students must complete all requirements for minors and may not use more than three hours of courses toward each of the minor requirements. However, if there are common courses to both, the department chairs involved will agree upon and specify additional requirements.

Students who desire to earn a business minor must notify the Walton College Undergraduate Programs Office of their intent to pursue a minor.

All requirements for the minor must be completed prior to the awarding of the student's undergraduate degree. All specific course prerequisites must be met. Each students must have a 2.00 cumulative GPA in the courses offered for the minor.

Additional Bachelor's Degrees

Students seeking a second bachelor's degree must contact the Undergraduate Programs Office to ascertain specific requirements. Degree candidates must meet the university's general graduation requirements. The university requires that 1) the student take a minimum of 30 semester hours over the requirements for the first degree, and 2) the 30 hours cover a minimum of 36 weeks in residency at the Fayetteville campus. Walton College also requires that the student complete all courses in the pre-business and business core and the major and any additional business requirements (if some of these have been completed

on the first degree, they are waived). It is recommended that any additional courses needed to finish the university's 30-hour requirement be junior or senior business electives. The second degree may be taken after the first is awarded, or both degrees may be awarded simultaneously after completion of all requirements for both.

College Graduation Requirements

- University Requirements.** Degree candidates must meet the following: the university's general entrance requirements, number of credit hours required in residence, and the "requirements for graduation," including the University Core American history.
- Hour Requirements.** Degree candidates must satisfactorily complete the total number of semester hours specified for the curriculum in courses approved for one of the majors outlined in the succeeding pages. No less than 50 percent of the total credits must be in approved subjects other than business.
NOTE: Not all courses offered by the university will be accepted for degree credit by Walton College. Courses falling into this category are ENGL 0002, ENGL 0013, MATH 0003, MATH 0001L, MATH 0002L, and MATH 0131L. Developmental courses are defined as 1) any course so designated by the university, and 2) any lower-division course taken after a higher-level course is taken. Credit will not be given for duplicate course work.
- Grade Requirements.** Students must earn a grade of "C" or better in all pre-business core course requirements. Each student must have a 2.00 cumulative GPA in each of the following areas:
 - All work completed at the University of Arkansas.
 - All courses specifically designated for the major.
 - All required business core courses and required economics courses.
- General Education Course Work.** A student's general education course work must satisfy University Core Requirements, additional college/program course-specific requirements, as well as these two area requirements:
 - Social Issues, Multicultural Environment, and Demographic Diversity, and
 - Micro and Macroeconomics. If a student has not satisfied these area requirements within the fine arts and/or social sciences areas of the university core, these area requirements must be satisfied through general education electives to allow students to complete degree requirements within the hours indicated above.

Courses that satisfy these area requirements are listed below.

NOTE that many of these courses will also satisfy University Core Requirements. Where possible, a student should select courses that satisfy both requirements.

A. Social Issues, Multicultural Environment, and Demographic Diversity

ANTH 1023	Introduction to Cultural Anthropology (ACTS Equivalency = ANTH 2013) (University Core)	3
ECON 3533	Labor Economics	3
ECON 3843	Economic Development, Poverty & the Role of the World Bank and IMF in Low-Income Countries	3
ECON 3853	Emerging Markets	3
GEOS 1123	Human Geography (ACTS Equivalency = GEOG 1113)	3

HIST 1113	Institutions and Ideas of World Civilizations I (ACTS Equivalency = HIST 1113) (University Core)	3
HIST 1123	Institutions and Ideas of World Civilizations II (ACTS Equivalency = HIST 1123) (University Core)	3
MGMT 4583	International Management	3
SOCI 2013	General Sociology (ACTS Equivalency = SOCI 1013) (University Core)	3
SOCI 2033	Social Problems (ACTS Equivalency = SOCI 2013) (University Core)	3
Any Foreign Language (University Core, if 2000-level or above, general education elective otherwise)		
Any Walton College study abroad course		
B. Micro/Macro Economics		
ECON 2013	Principles of Macroeconomics (ACTS Equivalency = ECON 2103) (business core)	3
ECON 2023	Principles of Microeconomics (ACTS Equivalency = ECON 2203) (business core)	3

- Enrollment Requirement:** Students must earn a minimum of 30 semester hours on the Fayetteville campus – this includes study abroad classes, online and courses offered through the Global Campus. Other courses paid toward Fayetteville campus tuition and fees may be used with approval. These 30 semester hours must include MGMT 3013, 21-24 hours of upper division courses required for the completion of the major, and 3-6 hours of additional upper division courses required for the degree program. Specifically, required junior and senior courses in business or economics must be taken at the University of Arkansas or at an AACSB accredited school. At least 50 percent of the total hours in business and economics must be taken in residence.
- Catalog/Curriculum Changes.** Business is a dynamic profession, and the college and department curricula are updated continuously to keep pace with changes in the business world. Students entering under this catalog will be required to comply with such curricular changes to earn their degree. The total number of hours required for the degree, however, may not be increased, and all work completed in accordance with this catalog prior to the curriculum change will be applied toward the student's degree requirements. Furthermore, courses incorporated into the curriculum at a level lower than the one the student has completed are not required for that student unless there are specific prerequisites. Students entering under earlier catalogs are responsible for completing the graduation requirements as published in the catalog in effect when they entered the program. Students having interruptions of their academic programs that exceed two calendar years must complete the requirements published in the catalog in effect when they re-enter the program. Exceptions to the graduation requirements must be approved by the assistant dean for undergraduate programs.

The Walton College offers an eight-semester degree-completion program. In each of the majors listed in this chapter, at least one eight-semester schedule is shown. Some majors offer several concentrations, and eight-semester programs are available for each of the concentrations.

See more about the university's Eight-Semester Degree Policy (p. 87).

Graduate Studies

The University of Arkansas offers the following advanced degrees in business: Master of Accountancy, Master of Business Administration, Master of Arts in Economics, Master of Information Systems, Doctor of Philosophy in Business Administration, and Doctor of Philosophy in Economics.

For further information about these programs and requirements for admission, see the Graduate School Catalog or write to the assistant director of marketing and recruiting, Graduate School of Business, 475 Willard J. Walker Hall.

Accreditations

The college has been a member of and accredited by AACSB International-The Association to Advance Collegiate Schools of Business since 1931. The accounting program was accredited separately in 1986 at both the bachelor's and master's level. The master's degree in the business administration program was approved in 1963. Accreditation by and membership in AACSB signifies commitment by the college to the goals of promoting and actualizing the highest standards of business education.

Below majors, concentrations and minors are listed the college's cooperative education program.

Majors, Concentrations and Minors

Majors with Concentrations

- Accounting (p. 412)
- Economics (p. 416)
 - Business Economics
 - International Economics and Business

- Finance (p. 420)
 - Banking
 - Energy Finance
 - Financial Management/Investment
 - Real Estate
 - Risk Management
- General Business (p. 401)
- Information Systems (p. 429)
 - Blockchain Enterprise Systems
 - Business Analytics
 - Enterprise Resource Planning
- International Business (p. 402)
- Management (p. 433)
 - Human Resource Management
 - Small Business and Entrepreneurship
 - Organizational Leadership
- Marketing (p. 438)
- Retail (p. 440)
- Supply Chain Management (p. 443)

Minors

For students majoring in a Walton College discipline, the following minors are available:

- Accounting (p. 412)
- Behavioral Economics (p. 416)
- Blockchain Enterprise Systems (p. 416)
- Business Analytics (p. 429)
- Business Economics (p. 416)
- Enterprise Resource Planning (p. 444)
- Finance (p. 420)

- International Business (p. 402)
- Management (p. 433)
- Marketing (p. 438)
- Nonprofit Studies (p. 444)
- Retail (p. 440)
- Supply Chain Management (p. 443)

Minors in the J. William Fulbright College of Arts and Sciences

Students in Walton College may pursue an academic minor in the J. William Fulbright College of Arts and Sciences. Academic minors usually consist of 15 to 18 hours of course work. The available minors and course requirements are specified in the Fulbright College section of this catalog. Students must notify the Undergraduate Programs Office in Walton College of their intention to pursue a minor as early as possible. Walton College will certify that the requirements of the minor have been satisfied by graduation and, with the assistance of the Fulbright College, will advise students on the requirements to complete a minor. The minor will be designated on the student's transcript.

Courses that are part of the University Core Requirements or the additional General Education Requirements or any other non-business course that is part of a student's course of study may also be counted for credit in a minor. For example, ANTH 1023 Introduction to Cultural

Anthropology, is a concentration in the B.S.B.A. social science block and can also be used to satisfy the requirements of the anthropology minor. Other courses in a minor can be counted as general education electives. Walton College economics majors in the business economics concentration or the international economics and business concentration may not obtain a Fulbright College minor in economics.

Business Administration Minors for Non-Business Students

Read about the options for non-business students to pursue business administration minors (p. 445).

Other Programs Internships

Internships are opportunities for students to gain degree and non-degree related work experience prior to graduation. It is a planned, progressive educational strategy in which the student obtains work experience related to his or her academic major or minor and career goals. Participating students earn academic credit for their work experiences and are always paid by their employers. Students can maintain their status as full-time students while participating in an internship, even if their internship requires they spend a semester working full-time.

Walton College students are eligible for academic credit related to an internship if they have 1) completed the pre-business core and have obtained at least 60 hours of credit, 2) a cumulative grade-point average of 2.5 or better, and 3) a grade-point average of 2.5 or better for the last full-time term completed. Students may receive one hour of credit per semester for a job that requires 12-19 hours of work per week or two hours of credit per semester for a job that requires 20 or more hours per week. A maximum of six hours of degree credit may be awarded as a junior- senior-level business elective. Students may utilize credit toward major or minor course requirements as approved. Full-time students who work 40 hours or more per week in an approved internship are eligible for three hours of academic credit per semester, or per full summer, provided they have a minimum GPA of 2.75, as well as having received a GPA of at least 2.75 in the prior full-time semester.

Students may seek either to qualify a job they have found themselves for internship credit, or they may seek an employment opportunity through the Walton Career Services, Willard J. Walker Hall 226. The employment opportunity may be either a full-time, off-campus work assignment that alternates with semesters spent on campus taking courses (an alternating internship), or it may be a part-time job undertaken concurrently with course work (a parallel internship). Once a student has been matched with an approved job, the internship coordinator, the faculty advisor, the student's work place supervisor, and the student work together to formulate career-related learning objectives for the coming semester of work. These objectives must be in writing and in to the internship coordinator or faculty advisor in order for a student to be registered for internship credit. At the end of each semester of work, the student is required to submit a three- to ten-page paper (depending on credit hours to be received) that re-states the student's learning objectives for the semester and discusses how the job experience fulfilled the objectives. The student is also required to submit an employer evaluation form, and the work supervisor is asked to submit an evaluation of the student's work.

For information on participating in Walton College internship programs, a current listing of internship opportunities, and phone numbers of people with whom you may discuss these opportunities, visit the Career Services

home page at [waltoncollege.uark.edu \(http://waltoncollege.uark.edu/coop/\)](http://waltoncollege.uark.edu/coop/).

Honors Program

Walton College honors program consists of two components: the four-year Walton Scholars Program and the Departmental Scholars Program. Students participating in the honors program will be eligible to graduate *cum laude*, *magna cum laude*, or *summa cum laude*. Students who do not participate in the honors program are eligible to graduate with distinction, a classification separate from the *cum laude* awards. Honors program students will receive priority for participation in the Arkansas Cooperative Education Program, SAKE, the portfolio management class, and financial support for study-abroad programs. They also have access to an honors study area.

Graduation with Honors

The bachelor's degree *summa cum laude* (with highest honors), *magna cum laude* (with high honors), or *cum laude* (with honors) may be conferred only upon those students who have successfully completed the Walton College Honors Program. Both Walton Scholars and Departmental Scholars are eligible for these designations. Students whose cumulative grade-point average place them in the top 10 percent of their graduating class but who have not completed the Honors Program are eligible for the designation "With Distinction" on their official transcript. Among those students completing the Honors Program, the designations *summa cum laude*, *magna cum laude* and *cum laude* shall be determined as follows:

- Top 20 percent of students completing the Honors Program: *Summa Cum Laude*
- Next 30 percent of students completing the Honors Program: *Magna Cum Laude*
- Next 50 percent of students completing the Honors Program: *Cum Laude*

No honors degree will be conferred upon a candidate who has not completed at least 50 percent of his or her degree work at the University of Arkansas or who, in the last four semesters of attendance, has a cumulative grade-point average of less than 3.00 or has received a "D" or "F" in any course in the last semester. Certain other requirements will be outlined on request by the associate dean for undergraduate studies.

Eligibility for the Honors Program

Admission will be offered to incoming freshmen with a minimum ACT/SAT score of 28/1240 or higher and a high school GPA of 3.75. Honors students are required to maintain a cumulative GPA of 3.50 with no grades of "D" or "F" in any course to remain in the program. All honors students are required to meet with the associate director for honors programs each semester to monitor progress of honors requirements. Students who maintain a GPA of 3.50 but do not complete honors requirements in a timely manner are subject to removal from the Honors Program at the discretion of the director of the honors program.

Requirements for Walton Scholars Program:

1. Complete 17 hours in honors courses with a minimum of 9 hours completed from the following honors business courses: ACCT 2013H, BLAW 2013H, ECON 2013H, ECON 2023H, ISYS 2103H, MGMT 2103H, MKTG 3433H, SCMT 2103H, or WCOB 1033H (excluding WCOB 1111H). The remaining honors hours may be selected from the University Core. Completing honors courses in the Fulbright College will fulfill this requirement. MATH 2564 may be used as honors credit towards completion of the

- 17 required honors hours. Students must complete a minimum of 12 honors hours within the first 30 hours at the Fayetteville campus.
2. Demonstrate proficiency in a foreign language. This requires 0 to 12 hours of course work. Students may demonstrate proficiency by completing the 2013-level course in any foreign language. Students whose native language is not English must complete a 2013-level course other than their native language from Arabic, Chinese, French, German, Italian, Japanese, Spanish or COMM 2303 and COMM 2323. Students must complete a foreign language or communications course within the first 90 hours at the Fayetteville campus.
 3. Students must also complete MATH 2554 with a grade of "C" within the first 45 hours at the Fayetteville campus prior to taking upper level business classes.
 4. Complete the following honors courses in Walton College:
 - a. Two 3-hour colloquium courses chosen from the following: WCOB 3003H (may be repeated for up to 6 hours of credit), ACCT 4003H, ECON 4003H, FINN 4003H, ISYS 4003H, MGMT 4003H, MKTG 4003H, SCMT 4003H, HNRG 4013H (or other honors colloquium courses (3000/4000 level only) offered in other colleges with approval of the Honors Director). The following courses may be repeated for up to 6 hours of credit with prior approval: WCOB 3003H, ACCT 4003H, ECON 4003H, FINN 4003H, ISYS 4003H, MGMT 4003H, MKTG 4003H, SCMT 4003H. At least one of the 3-hour honors colloquium courses must be from the Walton College. Ordinarily, any course outside the Walton College would count toward fulfilling general education electives. Additionally, one 3-hour honors colloquium must be completed within the first 90 hours.
 - b. A three-hour thesis (WCOB 4993H): The thesis is a major independent writing project under the leadership of a Walton College or University of Arkansas faculty member and arises from a research project, business plan, business competition, or internship.
 5. Complete an alternate honors capstone course MGMT 3013H Honors Strategic Management, which should be completed within the first 90 hours at the Fayetteville campus.

Requirements for the Departmental Scholars program:

Admission to the Honors Program as a departmental scholar will only be offered to current University of Arkansas students who have established a cumulative GPA of 3.75 upon completion of their freshmen year at the University of Arkansas. Transfer students may also apply upon completion of one semester at the University of Arkansas with a GPA of 3.75. All students must complete an application to be considered for acceptance into the departmental scholars program.

Honors students are required to maintain a cumulative GPA of 3.50 with no grades of "D" or "F" in any course to remain in the program. All honors students are required to meet with the associate director for honors programs each semester to monitor progress of honors requirements. Students who maintain a GPA of 3.50 but do not complete honors requirements in a timely manner are subject to removal from the Honors Program at the discretion of the director of the honors program.

1. Complete nine hours of honors courses to be selected from pre-business core or University Core. MATH 2564 may be used as honors credit towards completion of the 9 required honors hours.
2. Students must demonstrate proficiency in a foreign language by completing a 2003 course in any foreign language. Students whose native language is not English must complete a 2003-level

course other than their native language or a third language from Arabic, Chinese, French, German, Italian, Japanese, Spanish or COMM 2303.

3. Students must also complete with a grade of "C" or better within the first 60 hours at the Fayetteville campus and prior to taking upper level business courses.
4. Complete the following courses in Walton College:
 - a. Two 3-hour colloquium courses chosen from the following: WCOB 3003H (May be repeated for up to 6 hours of credit), ACCT 4003H, ECON 4003H, FINN 4003H, ISYS 4003H, MGMT 4003H, MKTG 4003H, SCMT 4003H, HNRG 4013H (or other honors colloquium courses (3000/4000 level only) offered in other colleges with approval of the Honors Director). The following courses may be repeated for up to 6 hours of credit with prior approval: WCOB 3003H, ACCT 4003H, ECON 4003H, FINN 4003H, ISYS 4003H, MKTG 4003H, MGMT 4003H, SCMT 4003H. At least one of the 3-hour honors colloquium courses must be from the Walton College. Ordinarily, any course outside of the Walton College would count toward fulfilling general education electives. Additionally, one 3-hour honors colloquium must be completed within the first 90 hours.
 - b. A three-hour thesis (WCOB 4993H): The thesis is a major independent writing project under the leadership of a Walton College or University of Arkansas faculty member and arises from a research project, business plan, business competition, or internship.
5. Complete the honors capstone course MGMT 3013H Honors Strategic Management, which should be completed within the first 90 hours at the Fayetteville campus.

B.S.B.A. Requirements

The Bachelor of Science in Business Administration (B.S.B.A.) degree is offered through an educational program in the business and organizational disciplines intended to prepare individuals to make sustained contributions to organizations and society in a global, diverse, and dynamic environment. To achieve this objective the curriculum focuses on developing an individual's interdisciplinary problem-solving skills, interpersonal and communication skills, ability to adapt to changing technology, spirit of entrepreneurial innovation, and ethical and professional values.

Walton College offers work in the following nine majors for the B.S.B.A. degree. Some majors have concentrations to allow additional specialization.

1. Accounting (p. 412) (ACCT)
2. Business Economics (p. 416) (BECO)
 - a. Business Economics
 - b. International Economics and Business
3. Finance (p. 420) (FINN)
 - a. Banking
 - b. Energy Finance
 - c. Financial Management/Investment
 - d. Real Estate
 - e. Risk Management
4. General Business (p. 433) (GBUS)
5. Information Systems (p. 429) (ISYS)

- a. Blockchain Enterprise Systems
- b. Business Analytics
- c. Enterprise Resource Planning
- 6. Management (p. 433) (MGMT)
 - a. Human Resource Management
 - b. Small Business and Entrepreneurship
 - c. Organizational Leadership
- 7. Marketing (p. 438) (MKTG)
- 8. Retail (p. 438) (RETL)
- 9. Supply Chain Management (p. 443) (SCMT)

Requirements for B.S.B.A. Degree

Students pursuing a degree in Walton College are classified as pre-business with an intended major until all pre-business requirements are fulfilled. To enroll in upper-division courses, a student must obtain at least a 2.50 (on a 4.00 scale) overall grade-point average in addition to the completion of all pre-business core courses (or equivalents), also with a minimum 2.50 GPA. Further, a student must earn a grade of "C" or better in each pre-business core course for admission into the major or for the graduation requirement.

A. University Core Requirements ⁴	20
American History or Government	
Laboratory Science (two courses with labs) ²	
Social Science (one course)	
Fine Arts and Humanities (two courses)	
B. Pre-Business Core Courses	31
ACCT 2013 Accounting Principles ¹	
ACCT 2023 Accounting Principles II ¹	
or MGMT 20 Business Foundations	
COMM 1313 Public Speaking (ACTS Equivalency = SPCH 1003) ¹

D. Junior-Senior Business Electives	9-15
E. Major Courses and Concentration Hours	21-27
F. General Education Electives ³	12
Total Hours	120

- ¹ Pre-Business requirement: These 31 hours must be completed with a GPA of 2.50, an overall GPA of 2.5, and a grade of "C" or better in each course before a student is allowed to take upper-division business courses. Students intending to pursue a major or minor in Accounting or Finance must complete ACCT 2023.
- ² Students majoring in Finance with Energy Finance Concentration must complete GEOS 1133/GEOS 1131L for one of their natural science requirements.
- ³ A total of 12 hours of general education electives are required for the Bachelor of Science in Business Administration (B.S.B.A.). General education electives should be non-business courses but may include up to six total hours of business courses and no more than three hours of PEAC or DEAC courses. Students may utilize general education electives to complete a minor outside the Walton College. In addition, these electives may fulfill requirements for Social Issues, Multicultural Environment, and Demographic Diversity if not otherwise completed in the University Core. Students majoring in Finance with an Energy Finance Concentration must complete GEOS 4253 as one of their general education elective credits.
- ⁴ The additional 15 hours required for University Core are met with the completion of Pre-Business and Business Core. These courses are denoted in bold within the course list.

In addition to the core courses, each student will complete the required pre-business and business courses, junior- senior-level business electives, and major courses as specified by each major.

Each student must have a 2.00 cumulative grade-point average in each of the following areas: all work completed at this university, all courses specifically designated for the major, and all required Walton College core and economics courses. Students must earn a grade of "C" or better in each of the pre-business core courses.

Online B.S.B.A.

The Sam M. Walton College currently offers three undergraduate online degree programs. Business students may pursue an Online B.S.B.A. or minor in the areas of Accounting, General Business and Supply Chain Management.

For more information, read more on the program pages:

- Online Accounting B.S.B.A. (p. 412)
- Online General Business B.S.B.A. (p. 427)
- Online Supply Chain Management B.S.B.A. (p. 443)

Online Minors for Business Students: Walton College majors may pursue online minors in Accounting (p. 414) and Supply Chain Management (p. 443).

Online Minors for Non-Business Students: Non-business students may also pursue online minors in Accounting, General Business and Supply Chain Management. For more information, visit the Minors for Non-Business Students page (p. 445).

B.S.I.B. Requirements

The Bachelor of Science in International Business degree is intended for students who wish to learn more about the international aspects of business. It provides preparation for a broad range of careers in business, including accounting, management, marketing, economics, information systems, finance, retail, and supply chain management. This degree is also well suited for students wishing to continue their studies in law, international affairs, or graduate education in business and economics.

This degree requires completion of the University Core and Walton College Core courses, as well as course work in international business, a single foreign language and an area of study related to that language. In addition, students must select a concentration in one of the following areas: accounting, business economics, information systems, finance, general business, management, marketing, retail or supply chain management.

Students pursuing a degree in the Sam M. Walton College of Business are classified as pre-business with an intended concentration until all pre-business requirements are fulfilled. For admission into the intended concentration, a student must obtain at least a 2.50 (on a 4.00 scale) overall grade-point average, in addition to the completion of all pre-business core courses listed elsewhere in the catalog (or equivalents), also with a minimum 2.50 grade-point average. Further, a student must earn a grade of "C" or better in each of the pre-business core courses for admission into the major or for the graduation requirement.

The International Business degree program has eight concentrations:

- Accounting
- Business Economics
- Finance
- General Business
- Information Systems
- Management
- Marketing
- Retail
- Supply Chain Management

In the eight-semester degree program for each concentration, the first four semesters of each of concentration are exactly the same.

Graduation Requirements for the B.S.I.B. Degree

Each student must have a 2.00 cumulative grade-point average in each of the following areas: all work completed at this university, all courses in the business core, and all designated international business courses/functional concentration/world language courses. In addition, students must earn a grade of "C" or better in each of the pre-business core courses.

Courses that are required in either Walton College or the international business core and also are required in one of the business concentrations cannot be used to satisfy both requirements. For example, students who take FINN 3703 to satisfy the finance concentration requirements cannot also use it to satisfy the international business requirements.

A. University Core Requirements	17
Not including contributing courses in the Business Core	
American History or Government	

Laboratory Science (two courses with labs)	
Social Science (one course)	
Fine Arts and Humanities (one course)

ECON 3933	The Japanese Economic System
ECON 4173	Nation Model United Nations
FINN 3703	International Finance
MGMT 4583	International Management
MKTG 4633	Global Marketing
SCMT 3643	International Logistics
(Other 3000/4000 level courses may fulfill this requirement if approved by the department chair)	

¹ Students pursuing a concentration in Accounting or Finance must complete ACCT 2023.

E. World Language Requirements (9 hours)*
Students whose native language is English or whose native language is not taught at the University of Arkansas must complete nine hours of university course work in a single world language — three hours of intermediate language and six hours of upper-division course work in communications and business language, or equivalent. Based on prior

knowledge of language, students may receive degree credit for courses if they validate their higher placement by passing the business language course (or equivalent) with a grade of "C" or above. Students with no previous world language training or only rudimentary knowledge of a world language will be required to complete up to nine hours of additional world language requirements — in addition to the nine hours of specified language. No degree credit will be given for world language courses below 2003 course level. Students may select one of the following language tracks:

Arabic

ARAB 2013	Intermediate Arabic II
ARAB 2016	Intensive Arabic II
ARAB 3016	Intensive Arabic III
Or Equivalent	

Chinese

CHIN 2003	Intermediate Chinese I
CHIN 2013	Intermediate Chinese II
CHIN 3033	Conversation
And any other Upper Division CHIN	

French

FREN 2003	Intermediate French I (ACTS Equivalency = FREN 2013)
FREN 2013	Intermediate French II (ACTS Equivalency = FREN 2023)
FREN 3033	French Conversation
FREN 3003	Advanced French
FREN 4333	Introduction to Business French

German

GERM 2003	Intermediate German I (ACTS Equivalency = GERM 2013)
GERM 2013	Intermediate German II (ACTS Equivalency = GERM 2023)
GERM 3003	Advanced German I
GERM 4333	Professional German I

Italian

ITAL 2003	Intermediate Italian I
ITAL 2013	Intermediate Italian II

Japanese

JAPN 2003	Intermediate Japanese I
JAPN 2013	Intermediate Japanese II
JAPN 3003	Advanced Japanese I
JAPN 3013	Advanced Japanese II

Spanish

SPAN 2003	Intermediate Spanish I (ACTS Equivalency = SPAN 2013)
SPAN 2013	Intermediate Spanish II (ACTS Equivalency = SPAN 2023)
SPAN 3003	Advanced Spanish
SPAN 4333	Business Spanish I

Students whose native language is not English but is taught at the University of Arkansas must select a third language from the list above or substitute six hours of upper-division English language courses (i.e., speech, writing, or U.S. literature), to be selected with the consent of an adviser and department chair. Those students whose native language is

not taught at the University of Arkansas will normally be required to select a third language.

F. Area Studies Requirements (6 hours)*

For students taking a world language, six hours of upper-division coursework in the J. William Fulbright College of Arts and Sciences are required. Domestic students can satisfy this requirement in one of three ways:

- Any upper division foreign language course,
- Minor in a foreign language, and/or
- Select upper division courses related to the world language to include:
 - Arabic** – any upper division course for Middle Eastern Studies (MEST) to include MEST 4003, MEST 4003H or additional courses listed under MEST in the university catalog
 - Chinese/Japanese/Asian Studies** – any upper division course for Asian Studies (AIST)
 - French** – any upper division course for EUST
 - German** – any upper division course for EUST Italian – any upper division course for EUST
 - Spanish** – any upper division course for Latin American Studies (LALS) to include LALS 4003, LALS 4003H, or additional courses listed under LALS in the university catalog.

International students may satisfy this requirement in one of two ways:

- For students who choose to take a third language, area studies requirements are the same as those for domestic students.
- For students who choose to take six hours of upper division English to satisfy their language requirement, nine hours of upper division coursework in the J. William Fulbright College of Arts and Sciences pertaining to the United States to include any upper division course for American Studies (AMST) listed in the university catalog.

G. International Experience Requirement

At a minimum, a student must complete a study abroad program approved by the Walton College of at least four weeks and six credit hours, or work abroad, or work with the international division of a domestic company as part of their program. Students are strongly encouraged, but not required, to seek job experience in a company located in a country related to their foreign language requirement. International students may elect to meet this requirement by working in their home country by obtaining prior approval from their adviser and department chair.

H. Concentrations (21 hours)

Students must take seven courses in one of the following concentrations.

- * Students may elect to substitute a Minor in Global Studies (Option 1 only) in lieu of the 9 hours of World Language and the 6 hours of Area Studies requirement for the Bachelor of Science in International Business.

Accounting Concentration

ACCT 3723	Intermediate Accounting I	3
ACCT 3753	Intermediate Accounting II	3
ACCT 3843	Fundamentals of Taxation I	3
Six hours Junior/Senior Interdisciplinary Electives		6
Choose two of the following four courses:		6
ACCT 3533	Accounting Technology	
ACCT 4673	Product, Project and Service Costing	

ACCT 4753	Intermediate Accounting III	
ACCT 4963	Audit and Assurance Services	
Total Hours		21

In the eight-semester degree programs of each concentration, the first four semesters are exactly the same. In addition to the coursework listed below, students must complete an International Experience Requirement. Courses in **BOLD** must be taken in the semester designated. Although other courses listed are not required to be completed in the designated sequence, the recommendations noted below are preferred.

Accounting B.S.I.B. Eight-Semester Degree Program

Students who wish to pursue the eight-semester degree program should see the Eight-Semester Degree Policy (p. 87) for requirements of the program.

International Business Minor for Business Students

The Walton College offers a minor for students desiring more knowledge in international programs to assist them with their business careers. The minor requires completion of 21 required hours of study (including equivalencies). The 21 hours include the following courses:

Select seven of the following:	21
ECON 3843 Economic Development, Poverty & the Role of the World Bank and IMF in Low-Income Countries	
ECON 3853 Emerging Markets	
ECON 3933 The Japanese Economic System	
ECON 4633 International Trade	
ECON 4643 International Macroeconomics and Finance	
ECON 468V International Economics and Business Seminar	
FINN 3703 International Finance	
MGMT 4583 International Management	
MKTG 4633 Global Marketing	
3 hours of Study Abroad led by Walton College faculty	
SCMT 3643 International Logistics	
Other – Department Chair approval needed	
Total Hours	21

Students must also complete six hours of intermediate foreign language.

Students whose native language is English or whose native language is not taught at the University of Arkansas must complete six hours of university course work in a single foreign language. Students who, on the basis of prior knowledge of language, omit one or both courses in the intermediate language sequence — at 2003 and 2013 level — may receive degree credit for omitted courses if they validate their higher placement by passing the business language course (or equivalent) with a grade of “C” or above. Students with no previous foreign language training or only rudimentary knowledge of a foreign language will be required

to complete up to six hours of elementary foreign language. Students whose native language is not English but is taught at the University of Arkansas must select a third language from the list below, or substitute six hours of upper-division English language courses (i.e., speech, writing, or U.S. literature), to be selected with the consent of the department chair. Those students whose native language is not taught at the University of Arkansas will normally be required to select a third language.

Students may select from one of the following language tracks:

Arabic

ARAB 2016	Intensive Arabic II	6
-----------	---------------------	---

Chinese

-----------	-------------------------	---

Students who desire to earn an International Business minor must notify the Walton College Undergraduate Programs Office of their intent to pursue a minor. All requirements for the minor must be completed prior to the awarding of the student's undergraduate degree. All specific course prerequisites must be met. Each student must have a 2.00 cumulative grade-point average in the courses offered for the minor. All upper level minor requirements must be taken in residence.

Accounting (ACCT)

Gary Peters
Department Chair
401 Business Building

479-575-4051

Accounting Department Website (<https://walton.uark.edu/departments/accounting/>)

The mission of the department of accounting is to cultivate an environment of educational excellence. We do so by pursuing the following endeavors:

- Providing a learning environment in which students interact with others to identify and solve accounting and business problems.
- Developing and disseminating knowledge that has the potential for significant impact on accounting, business, and education.
- Interacting with the accounting profession, the business and academic communities, and the community at large.

The department of accounting offers an undergraduate degree program in accounting and graduate programs at both the master's and doctoral levels. The department's programs are accredited by the AACSB – The International Association for Management Education, which ensures quality and promotes excellence and continuous improvement in undergraduate and graduate education. In addition, the accounting department offers courses in Business Law.

The objective of the B.S.B.A. accounting curriculum is to provide students with a broad overall education, solid grounding in the common body of knowledge of business administration, and exposure to accounting in sufficient depth to help them achieve entry-level competence for pursuit of a career in industry. The department also offers a five-year integrated program approach to receive the Master of Accountancy degree, which leads to the simultaneous award of the B.S.B.A. and the Master of Accountancy degrees. The integrated program is designed for students who wish to concentrate in accounting and obtain education in an accounting specialization. The objective of the integrated program is to provide students with advanced knowledge of accounting and business topics in order to obtain an accelerated position in accounting or help them launch a career in public accounting. Those students who are not accepted into the integrated program or choose not to enroll in the integrated program will be allowed to graduate with a B.S.B.A. upon successful completion of the B.S.B.A. degree requirements and Accounting Major Requirements.

Students may elect to pursue the B.S.B.A. in Accounting in an online format. Students must apply to the University of Arkansas, Office of Admissions for consideration and indicate their interest in the online program on the admissions application. Students are required to submit an application for admission, official transcripts (either high school or college transcripts or both), and a \$40 application fee.

Accounting Major Requirements

Course Requirements in the Major (24 hours)

ACCT 3533	Accounting Technology	3
ACCT 3723	Intermediate Accounting I	3
ACCT 3753	Intermediate Accounting II	3
ACCT 3843	Fundamentals of Taxation I	3
ACCT 4203	Fundamentals of Taxation II	3
ACCT 4673	Product, Project and Service Costing	3
ACCT 4963	Audit and Assurance Services	3
Select three hours from the following:		3
ACCT 310V	Accounting Internship	
ACCT 410V	Special Topics in Accounting	

ACCT 4003H	Honors Accounting Colloquium
ACCT 4703	Governmental/Nonprofit Accounting
ACCT 4883	Energy Accounting
ISYS 4213	ERP Fundamentals
FINN 3013	Financial Analysis
FINN 3623	Risk Management
FINN 3053	Financial Markets and Institutions

Maximum of 30 hours of ACCT courses in department (core, major, elective). More than 30 hours allowed if the extra courses are part of interdisciplinary minor or collateral track.

Total Hours

24

Junior/Senior Business Electives (12 hours)

Selection of electives should be made in consultation with academic advisers. Students planning on taking professional examinations should ascertain course requirements by examining authorities. Successful completion of a Master of Accountancy Degree from the University of Arkansas will qualify a student to take the CPA examination in Arkansas. B.S.B.A. graduates would need additional accounting hours and other courses amounting to a total of 150 semester hours to sit for the CPA exam in Arkansas.

The following courses are highly recommended to satisfy the junior/senior business elective requirement if not used toward the major: ACCT 310V, ACCT 410V, ACCT 4003H, FINN 3013, FINN 3103, FINN 3703, ISYS 4213 or any 3-hour Walton College Study Abroad Course. Students in the online program are encouraged to complete ACCT 310V, FINN 3013, ISYS 4213, or any 3-hour Walton College Study Abroad Course. No more than six hours of accounting may be in the major.

Accounting Students are encouraged to utilize ACCT 310V in the Spring of Year 4 for Internship Credit as a business elective (in combination with compressed sections of ACCT 4673 and ACCT 4963). To do so requires the student to defer 3 credit hours of General Education electives to an alternative Fall, Spring, or Summer semester. This also strengthens the ability of the student to transition into the Masters of Accounting Program.

Accounting B.S.B.A.

Eight-Semester Degree Program:

Students wishing to follow the eight-semester degree plan should see the Eight Semester Degree Policy (p. 87) in the Academic Regulations chapter for university requirements of the program.

Courses in **BOLD** must be taken in the designated semester. Courses in *ITALIC* may be taken in varied sequences as long as other designated requirements for these courses are met. Although other courses listed are not required to be completed in the designated sequence, the recommendations below are preferred.

First Year	Units	
	Fall	Spring
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3	
MATH 2053 Finite Mathematics		3
COMM 1313 Public Speaking (ACTS Equivalency = SPCH 1003)	3	
WCOB 1111 Freshman Business Connection		1

BLAW 2013 The Legal Environment of Business (ACTS Equivalency = BLAW 2003) ¹	3	
ISYS 1120 Computer Competency Requirement	0	
U.S. History or Political Science– University Core	3	
ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023)		3

Year Total:	15	12

Total Units in Sequence:	120
--------------------------	-----

¹ Must be completed prior to MGMT 3013.

² Must be completed prior to taking any 3000 or 4000 level business courses.

Students are encouraged to take the following courses to satisfy the junior/senior business elective requirement: ACCT 310V, ACCT 410V, ACCT 4003H, FINN 3013, FINN 3103, FINN 3703, ISYS 4213 or any 3-hour Walton College Study Abroad Course. No more than six hours of accounting may be in the major.

Accounting Students are encouraged to utilize ACCT 310V in the Spring of Year 4 for Internship Credit as a business elective (in combination with compressed sections of ACCT 4673 and ACCT 4963). To do so requires the student to defer 3 credit hours of General Education electives to an alternative Fall, Spring, or Summer semester. This also strengthens the ability of the student to transition into the Masters of Accounting Program.

Accounting Minor for Business Students

The Department of Accounting offers a minor for Walton College students desiring more knowledge of accounting to assist them in their business careers. The minor requires the completion of 15 specific hours of study with all of the upper division courses applied toward the minor taken in residence. The 15 hours include the following courses:

ACCT 3723	Intermediate Accounting I	3
ACCT 3753	Intermediate Accounting II	3
ACCT 3843	Fundamentals of Taxation I	3
Choose two of the following five courses:		6
ACCT 3533	Accounting Technology	
ACCT 4203	Fundamentals of Taxation II	
ACCT 4673	Product, Project and Service Costing	
ACCT 4703	Governmental/Nonprofit Accounting	
ACCT 4963	Audit and Assurance Services	

Students who desire to earn an Accounting minor must notify the Walton College Undergraduate Programs Office of intent to pursue a minor. All requirements for the minor must be completed prior to the awarding of the student's undergraduate degree. All specific course prerequisites must be met. Each student must have a 2.00 cumulative grade-point average in the courses offered for the minor. All upper level minor requirements must be taken in residence.

Admission

Students are admitted to the integrated program according to the following requirements. Admission is granted only for the fall semester; February 15 of the Junior year is the application deadline for those who wish to begin the integrated program the following fall. Students interested in this program must have completed 90 credit hours of study towards the baccalaureate degree (including ACCT 2013, ACCT 3723 and ACCT 3843) by the February 15 deadline.

Acceptance into the integrated program is based upon the discretion of the admissions committee. The committee considers the overall

quality of the applications, including the overall grade point average, the grades in ACCT 2013, ACCT 3723 and ACCT 3843, and the Graduate Management Admission Test (GMAT), as well as other relevant examples of academic ability and leadership. To receive serious consideration by the admissions committee, a student should have a minimum GPA of 3.0 within the applicant's overall university and accounting coursework. Due to the demand for seats in the program, the admissions committee selectively restricts admission into the program based upon the availability of instructional resources. Students must complete at least two long-session semesters in residence in the M.Acc. program.

Transfer students will be handled on a case-by-case basis.

Satisfactory Progress

Students are expected to make continuous progress toward the degree by completing required accounting coursework each semester. Students who fail to meet the requirements for the M.Acc. program must choose another major of study or finalize their B.S.B.A. in Accounting. Students will be notified before this action is taken and should meet with an academic advisor in the Undergraduate Programs Office upon notification.

Probation

A student is placed on probation if his or her grade point average in core undergraduate accounting courses falls below 3.00. Except with the consent of the M.Acc. Program Director a student on probation may not take graduate accounting courses.

Graduation

To receive an integrated B.S.B.A./M.Acc. degree, a student must have a grade point average of at least 3.00 in all coursework taken as part of the minimum thirty hour M.Acc. degree. He or she must also have a grade point average in graduate accounting coursework of at least 3.00.

Degree Requirements

The requirements of B.S.B.A./M.Acc. Integrated program are:

1. Undergraduate coursework
 - a. Complete the requirements for the B.S.B.A. degree requirements and Accounting Major Requirements detailed above.
 - b. Students are strongly encouraged, but not required, to participate in an accounting internship, ACCT 310V.
2. Graduate coursework

Students with appropriate backgrounds in business administration and economics and with an undergraduate concentration in accounting will be required to complete 30 semester hours of course work beyond the baccalaureate degree, at least 21 semester hours of which must be in courses reserved exclusively for graduate students..

All students must be enrolled for a minimum of 12 hours during consecutive fall/spring semesters. The student must be in residence a minimum of 24 weeks (see residency requirements of the Master of Arts/Master of Science).

A minimum of 18 semester hours of accounting are required, 12 hours of which are specified:

ACCT 5413	Advanced Financial Accounting	3
ACCT 5433	Fraud Prevention and Detection	3

ACCT 5953	Auditing Standards	3
ACCT 5873	Advanced Taxation	3

A minimum of six semester hours of the student's graduate program must be non-accounting electives.

The M.Acc. degree program does not require a thesis. Successful completion of integrated B.S.B.A./M.Acc program from the University of Arkansas will qualify a student to take relevant professional examinations.

For further information, write to the M.Acc. Adviser, Department of Accounting, Walton College of Business, University of Arkansas, Fayetteville, AR 72701 or contact the Graduate School of Business at gsb@walton.uark.edu.

Blockchain Enterprise Systems (WBLC)

The Walton College offers an interdisciplinary minor in Blockchain Enterprise Systems for business majors. Blockchains are currently used by many companies for applications ranging from strategic management of data to day operations to customer insights to retail analytics to developing and maintaining a competitive edge.

Minor in Blockchain Enterprise Systems for Business Majors

The minor requires completion of 15 hours of study with all of the upper division courses applied toward the minor in residence. Students who desire to earn a Blockchain Enterprise Systems minor must notify the Walton College Undergraduate Programs Office of intent to pursue a minor. All requirements for a minor must be completed prior to the awarding of the student's undergraduate degree. All specific course prerequisites must be met. Each student must have a 2.00 cumulative grade-point average in the courses offered for the minor. All upper-division minor requirements must be taken in residence.

Requirements for Minor in Blockchain Enterprise Systems:

Required Courses

ISYS 4173	Blockchain Fundamentals	3
ISYS 4453	Introduction to Blockchain Applications	3
ISYS 4463	Blockchain Enterprise Systems Development	3
Choose 6 hours from the following:		6
ACCT 3533	Accounting Technology	
ACCT 3723	Intermediate Accounting I	
ACCT 4963	Audit and Assurance Services	
ECON 3433	Money and Banking	
ECON 4433	Experimental Economics	
ECON 4633	International Trade

Total Hours		15

Economics (ECON)

Raja Kali

Department Chair

402 Business Building

479-575-ECON (3266)

Economics Department Website (<https://walton.uark.edu/departments/economics/>)

The department of economics offers two concentrations within the business economics major:

1. Business Economics
2. International Economics and Business.

The concentration in business economics is intended for those students who are interested primarily in business, but at the same time have a desire to understand the more advanced tools of economic analysis. Such a background is excellent preparation for careers in corporate research and planning, as well as careers with government and regulatory agencies, for graduate study in business and economics, and for law school. Students who want to pursue an advanced degree in business economics can, with appropriate planning, complete a master's degree at the University of Arkansas within 12 months after receiving a B.S.B.A. degree. Please see the economics department chair for more information.

The international economics and business concentration is intended for students who wish to learn more about the international aspects of economics and business. It provides preparation for a broad range of careers in business, including management, marketing, and finance.

It is strongly recommended that economics majors who plan to continue their studies at the graduate level take at least two semesters of calculus (MATH 2554 and MATH 2564) and linear algebra (MATH 3083). These courses will substitute for the math courses required within Walton College core (MATH 2043 and MATH 2053).

Economics Minors for Business Students

The Department of Economics offers two minors for Walton College students desiring more knowledge of economics to assist them in their business careers. The minors require completion of 15 hours of study and all of the upper division courses applied toward the minor must be taken in residence.

Business Economics Concentration

The major in Business Economics requires 21 hours of major and collateral courses in the discipline as well as satisfying the other requirements for the B.S.B.A. degree. A maximum of 27 hours is allowed in a WCOB major or discipline field of study (i.e., core, major, electives) unless the extra courses are part of an interdisciplinary minor or collateral track. See an adviser for selection of courses.

The courses required for the business economics concentration include those required in Walton College and Fulbright College. In addition, 15 hours of specified courses (listed below) are required:

Major Course Requirements in the concentration		21
ECON 3033	Microeconomic Theory	
ECON 3133	Macroeconomic Theory	
ECON 4333	Economics of Organizations	
ECON 4743	Introduction to Econometrics	
	or ECON 4753 Forecasting	

Nine hours of ECON 3000/4000

Maximum of 27 hours of ECON courses in department (core, major, elective). More than 27 hours allowed if the extra courses are part of interdisciplinary minor or collateral track.

Total Hours 21

Junior/Senior Business Electives (15 hours)

Economics B.S.B.A. with Business Economics Concentration Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 87) for university requirements of the program.

Courses in BOLD must be taken in the designated semester. Courses in ITALIC may be taken in varied sequences as long as other designated requirements for these course are met. Although other courses listed are not required to be completed in the designated sequence, the recommendations below are preferred.

First Year	Units	
	Fall	Spring
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3	
MATH 2053 Finite Mathematics	3

Total Units in Sequence: 123

¹ Must be completed prior to MGMT 3013.

² Must be completed prior to taking any 3000 or 4000 level business courses.

International Economics and Business Concentration

The major in International Economics requires 21 hours of major and collateral courses in the discipline as well as satisfying the other requirements for the B.S.B.A. degree. A maximum of 27 hours is allowed in the Economics major or discipline field of study (i.e., core, major, electives) unless the extra course is part of an interdisciplinary minor or collateral track. See an adviser for selection of courses. The courses required for the international economics and business concentration include those required in Walton College and Fulbright College. In addition, 21 hours of economics and business courses, nine hours of a single foreign language, and six hours at the 3000 level or higher in the same foreign language are specified, and six hours of upper division courses in the Fulbright College in an area of study related to the foreign language studied.

Major Course Requirements in the Concentration		21
ECON 3033	Microeconomic Theory	
ECON 3133	Macroeconomic Theory	
ECON 4633	International Trade	
ECON 4643	International Macroeconomics and Finance	
3 hours ECON Elective or Collateral Courses		
Select two classes (six hours) from the following:		
FINN 3703	International Finance	
ECON 3843	Economic Development, Poverty & the Role of the World Bank and IMF in Low-Income Countries	
ECON 3853	Emerging Markets	
ECON 3933	The Japanese Economic System	
Other courses may fulfill this requirement as approved by the Department Chair		
Total Hours		21

Junior/Senior Business Electives (15 hours)

Foreign Language Requirements (9 Hours)

Students whose native language is English or whose native language is not taught at the University of Arkansas must complete nine hours of university course work in a single foreign language — three hours of intermediate language and six hours of 3000 level or higher. Students who, on the basis of prior knowledge of language, may receive degree credit for courses if they validate their higher placement by passing the business language course (or equivalent) with a grade of "C" or above. Students with no previous foreign language training or only rudimentary knowledge of a foreign language will be required to complete up to six hours of elementary language — at 1003 and 1013 level — in addition to the hours of language specified above.

Students may select one of the following language tracks:

Arabic

ARAB 2013	Intermediate Arabic II	3
ARAB 2016	Intensive Arabic II	6
ARAB 3016	Intensive Arabic III	6

Chinese

CHIN 2003	Intermediate Chinese I	3
CHIN 2013	Intermediate Chinese II	3
CHIN 3033	Conversation	3

And any other upper division CHIN

French

FREN 2003	Intermediate French I (ACTS Equivalency = FREN 2013)	3
FREN 2013	Intermediate French II (ACTS Equivalency = FREN 2023)	3
FREN 4333	Introduction to Business French	3
FREN 3033	French Conversation	3
	or FREN 3003 Advanced French	

German

GERM 2003	Intermediate German I (ACTS Equivalency = GERM 2013)	3
GERM 2013	Intermediate German II (ACTS Equivalency = GERM 2023)	3
GERM 3003	Advanced German I	3

GERM 4333	Professional German I	3
Italian		
ITAL 2003	Intermediate Italian I	3
ITAL 2013	Intermediate Italian II	3
Japanese		
JAPN 2003	Intermediate Japanese I	3
JAPN 2013	Intermediate Japanese II	3
JAPN 3003	Advanced Japanese I	3
JAPN 3013	Advanced Japanese II	3
Spanish		
SPAN 2003	Intermediate Spanish I (ACTS Equivalency = SPAN 2013)	3
SPAN 2013	Intermediate Spanish II (ACTS Equivalency = SPAN 2023)	3
SPAN 3003	Advanced Spanish	3
SPAN 4333	Business Spanish I	3

Students whose native language is not English but is taught at the University of Arkansas must select a third language from the list above, or substitute six hours of upper-division English language courses (i.e., speech, writing, or U.S. literature), to be selected with the consent of the department chair. Those students whose native language is not taught at the University of Arkansas will normally be required to select a third language.

Area Studies Requirements (6 Hours)

For students taking a foreign language, six hours of upper-division course work in the J. William Fulbright College of Arts and Sciences are required. Domestic students can satisfy this requirement in one of three ways:

1. Any upper division foreign language course,
2. Minor in a foreign language, and/or
3. Select upper division courses related to the foreign language to include:
 - Arabic — any upper division course for Middle Eastern Studies (MEST) to include MEST 4003, MEST 4003H or additional courses listed under MEST in the university catalog.
 - Chinese/Japanese/Asian Studies — any upper division course for Asian Studies (AIST)
 - French — any upper division course for EUST
 - German — any upper division course for EUST
 - Italian — any upper division course for EUST
 - Spanish — any upper division course for Latin American Studies (LALS), to include LALS 4003 Latin American Studies Colloquium, LALS 4003H Honors Latin American Studies Colloquium, or additional courses listed under LALS in the university catalog.

International students may satisfy this requirement in one of two ways:

1. For students who choose to take a third language, area studies requirements are the same as those for domestic students.
2. For students who choose to take six hours of upper division English to satisfy their language requirement, six hours of upper division course work in the J. William Fulbright College of Arts and Sciences pertaining to the United States to include any upper division course in American Studies (AMST) listed in the university catalog.

Maximum of 27 hours of ECON courses in department (core, major, elective). More than 27 hours allowed if the extra courses are part of interdisciplinary minor or collateral track.

Economics B.A. with Emphasis in International Economics and Business Eight-Semester Degree Program

Students wishing to follow the eight-semester degree plan should see the Eight-Semester Degree Policy (p. 87) for University requirements of the program.

First Year	Units	
	Fall	Spring
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013)	3	
MATH 2053 Finite Mathematics or MATH 2554 Calculus I (ACTS Equivalency = MATH 2405)	3	
1013 Elementary II World Language course	3	
University/state core US history requirement	3	
ISYS 1120 Computer Competency Requirement	0	
COMM 1313 Public Speaking (ACTS Equivalency = SPCH 1003)	3	
ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023)		3
MATH 2043 Survey of Calculus (ACTS Equivalency = MATH 2203) ¹ or MATH 2564 Calculus II (ACTS Equivalency = MATH 2505)		3
ECON 2023 Principles of Microeconomics (ACTS Equivalency = ECON 2203) ¹		3
ACCT 2013 Accounting Principles		3
2003 Intermediate I World Language course		3
Year Total:	15	15

Second Year	Units	
	Fall	Spring
2013 Intermediate II World Language Course	3	
ECON 2013 Principles of Macroeconomics (ACTS Equivalency = ECON 2103) ¹	3

Total Units in Sequence: 120

¹ Meets 40-hour advanced credit hour requirement. See College Academic Regulations (p. 198).

² Meets 24-hour rule (24 hours of 3000-4000 level courses in Fulbright College), in addition to meeting the 40-hour rule. See College Academic Regulations (p. 198).

Economics Minor

The minor in Economics requires completion of 15 hours of study:

ECON 2013	Principles of Macroeconomics (ACTS Equivalency = ECON 2103)	3
ECON 2023	Principles of Microeconomics (ACTS Equivalency = ECON 2203)	3
Plus nine hours of upper division course work in economics		9
Total Hours		15

Students who desire to earn an Economics minor must notify the Walton College Undergraduate Programs Office of their intent to pursue a minor. All requirements for the minor must be completed prior to the awarding of the student's undergraduate degree. All specific course prerequisites must

be met. Each student must have a 2.00 cumulative grade-point average in the courses offered for the minor. All upper level minor requirements must be taken in residence.

Behavioral Economics Minor

ECON 2013	Principles of Macroeconomics (ACTS Equivalency = ECON 2103)	3
ECON 2023	Principles of Microeconomics (ACTS Equivalency = ECON 2203)	3
ECON 4423	Behavioral Economics	3
ECON 4433	Experimental Economics	3
Plus one of the following:		
ECON 3033	Microeconomic Theory	3
	or ECON 4743 Introduction to Econometrics	
Total Hours		15

Students who desire to earn an Economics minor must notify the Walton College Undergraduate Programs Office of their intent to pursue a minor. All requirements for the minor must be completed prior to the awarding of the student's undergraduate degree. All specific course prerequisites must be met. Each student must have a 2.00 cumulative grade-point average in the courses offered for the minor. All upper level minor requirements must be taken in residence.

Finance (FINN)

Pu Liu

Department Chair

343 Business Building

479-575-4505

Finance Department Website (<https://walton.uark.edu/departments/finance/>)

The academic mission of the department of finance is to provide an educational experience that:

- Stimulates student learning through open dialogue and informative discussion both inside and outside the classroom;
- Actively engages students in their own learning through problem-based casework, participation in real-world business activities, and internships in the financial community; and
- Prepares students to successfully meet the rigors of the challenging and diverse career opportunities in finance.

Students who elect to major in finance can choose from one of five concentrations: banking, energy finance, financial management/investment, risk management, and real estate. This choice should reflect the student's primary career focus and electives should be used to complement the coursework in the chosen concentration. Careers in finance that are analytically oriented will generally require proficiency in accounting, economics, and quantitative methods. In contrast, careers in finance that are sales or management oriented will generally require marketing and management skills. Finance majors are strongly encouraged to consult with departmental faculty advisers and/or the department chair in developing their curriculum.

Finance Major with Banking Concentration

Finance Major Requirements

Major Course Requirements

FINN 3013	Financial Analysis	3
FINN 3053	Financial Markets and Institutions	3
FINN 3703	International Finance	3

Maximum of 27 hours of FINN courses in department (core, major, elective). More than 27 hours allowed if the extra courses are part of interdisciplinary minor or collateral track.

¹ Must be completed prior to MGMT 3013.

² Must be completed prior to taking any 3000 or 4000 level business courses.

Finance Major with Risk Management Concentration

Finance Major Requirements

Major Course Requirements

FINN 3013	Financial Analysis	3
FINN 3053	Financial Markets and Institutions	3
FINN 3703	International Finance	3

Maximum of 27 hours of FINN courses in department (core, major, elective). More than 27 hours allowed if the extra courses are part of interdisciplinary minor or collateral track.

Junior/Senior Level Business Electives	12
Concentration hours	15
Total Hours	36

Risk Management Concentration

FINN 3623	Risk Management	3
FINN 4733	Life and Health Insurance I	3
FINN 4833	Property and Casualty Insurance I	3
Any two of the following courses, which are highly recommended, satisfy the 6-credit-hour interdisciplinary requirement in the finance major:		6

Accounting

ACCT 3723	Intermediate Accounting I
ACCT 3753	Intermediate Accounting II

Economics

ECON 4433	Experimental Economics
-----------	------------------------

Finance Minors for Business Students

The Department of Finance offers two minor options for Walton College students in the areas of Banking/Financial Management/ Investment and Insurance/Real Estate. The minors require completion of 15 hours of study with all of the upper level courses applied toward the minor taken in residence. The 15 hours include the following options and courses:

1. Banking/Financial Management/Investment		15
FINN 3013	Financial Analysis	
Select two of the following:		
FINN 3053	Financial Markets and Institutions	
FINN 3103	Financial Modeling	
FINN 3703	International Finance	
Select two of the following:		
FINN 3063	Investments	

FINN 3133	Commercial Banking
FINN 3603	Corporate Finance
FINN 4133	Advanced Investments
FINN 4233	Advanced Corporate Finance
FINN 4313	Advanced Commercial Banking
Total Hours	15

2. Insurance/Real Estate 15

Select five of the following:

FINN 3003	Personal Financial Management
FINN 3623	Risk Management
FINN 4733	Life and Health Insurance I
FINN 4833	Property and Casualty Insurance I
FINN 3933	Real Estate Principles
FINN 4413	Real Estate Appraisal
FINN 4433	Real Estate Finance and Investment
Total Hours	15

Students who desire to earn a Finance minor must notify the Walton College Undergraduate Programs Office of their intent to pursue a minor. All requirements for a minor must be completed prior to the awarding of the student's undergraduate degree. All specific course prerequisites must be met. Each student must have a 2.00 cumulative grade-point average in the courses offered for the minor.

Acrey, Cash, M.B.A. (University of Arkansas), B.A. (University of Arkansas at Little Rock), Clinical Assistant Professor, 2013.

Ashour, Samar, Ph.D. (University of Texas at Arlington), M.B.A. (Tanta University), B.S.B.A. (Tanta University), Clinical Assistant Professor, 2017.

Yeager, Timothy J., Ph.D., M.A. (Washington University in St. Louis), Professor, 2006.

General Business (GBUS)

Management Department Chair

402 Business Building

479-575-4566

General Business is the broadest major in Walton College. It is offered by the Department of Management, which also offers a major in management (p. 433). This online program provides the student exposure to all facets of the business process. Maximum flexibility is retained by the student. At the same time, careful use of general and junior/senior business electives allows the student to concentrate additional coursework in one or more selected functional areas.

The Walton College Online Bachelor of Science in Business Administration degree with a major in General Business is intended to provide students the opportunity to enroll in a four-year degree program online. In addition, the online degree affords students who have completed an Associate's Degree in Business or those who are near completion of their business degree, the option to complete a B.S.B.A. with a major in General Business.

Requirements for Online B.S.B.A. in General Business

Admission

Students must apply to the University of Arkansas, Office of Admissions for consideration and indicate their interest in the online program on the admissions application. Students are required to submit an application for admission, official transcripts (either high school or college transcripts or both), and a \$40 application fee.

Requirements for the Online Program

1. Walton College Policy for On-Campus Students Taking Online Courses

Any student pursuing an on-campus (face to face) undergraduate degree from the University of Arkansas may take up to 35 percent of the total credit hours of regular online (semester/summer) and self-paced online (correspondence) courses for degree credit. On-campus students will be restricted to 2 courses (8 hours) of online classes within their first 30 hours. WCOB 1111 Freshman Business Connection, however, cannot be taken online. Thereafter, students can take up to 12 hours of online classes per academic year. For students who have transferred academic credits from other institutions, the percentage of total credit hours obtained at the University of Arkansas through regular online (semester/summer) and self-paced online (correspondence) courses for degree credit cannot exceed 35 percent of the total remaining hours needed to complete the degree after transfer credits are accounted for. In addition, on-campus students cannot enroll in online courses unless they have a cumulative GPA of at least 2.0 (after their first 15 hours of undergraduate coursework) and they have no more than one outstanding incomplete in a previous online course.

2. Walton College Policy for Online Students Taking On-Campus Courses

Online students will be restricted to 8 hours of on-campus classes within their first 30 hours. Thereafter, students can take up to 12 hours of on-campus classes per academic year, but no more than 35 percent of their total credit hours on campus may be used in total toward their degree. Ordinarily, no more than 60 hours of coursework can be transferred from the online degree program into an on-campus degree program. Transfer credits for students who transfer into the online degree program will be evaluated the same as transfer credits for the on-campus program. For students who have transferred academic credits from other institutions, the percentage of total credit hours obtained at the University of Arkansas through regular online (semester/summer) and self-paced online (correspondence) courses for degree credit cannot exceed 35 percent of the total remaining hours needed to complete the degree after transfer credits are accounted for.

3. Online students will have priority registration for online courses.

For questions regarding the Online Degree in General Business, please visit online.uark.edu (<http://online.uark.edu/>) or contact the Undergraduate Programs Office at 479-575-4622.

Course Requirements

Students must complete the following 21 hours by selecting one, three hour course from each of the following seven groups: (Sequencing of courses will be determined by choices made)

Group 1

ACCT 3533	Accounting Technology
ACCT 3723	Intermediate Accounting I
ACCT 3843	Fundamentals of Taxation I

Group 2

ECON 3033	Microeconomic Theory
ECON 3133	Macroeconomic Theory
ECON 4333	Economics of Organizations

Group 3

FINN 3013	Financial Analysis
FINN 3053	Financial Markets and Institutions
FINN 3623	Risk Management

Group 4

ISYS 2263	Principles of Information Systems
ISYS 3293	Systems Analysis and Design
ISYS 4213	ERP Fundamentals

Group 5

MGMT 4243	Ethics and Corporate Responsibility
MGMT 4253	Leadership
MGMT 4263	Organizational Change and Development

Group 6

MKTG 3553	Consumer Behavior
MKTG 4233	Integrated Marketing Communications
MKTG 4433	Retail Strategy

Group 7

SCMT 3443	Transportation and Distribution Management
SCMT 3613	Supply Management
SCMT 3643	International Logistics

Maximum of 27 hours of courses in any one department (core, major, elective). More than 27 hours allowed if the extra courses are part of interdisciplinary minor or collateral track.

Junior/Senior Business Electives

Information Systems (ISYS)

Rajiv Sabherwal
Department Chair
204 Business Building
479-575-4500

Information Systems Department Website (<https://walton.uark.edu/departments/information-systems/>)

The curriculum in information systems is designed to prepare graduates for careers in solving business problems with applications of computer technology.

Graduates with a degree in Information Systems are sought by hundreds of companies for many different types of positions, such as programmer, analyst, database administrator, and web developer, among others. Graduates are now programming, analyzing and designing systems, consulting, teaching, and solving business problems across the country.

Three concentrations are offered:

- Blockchain Enterprise Systems
- Business Analytics
- Enterprise Resource Planning

The department also offers two minors: one in business analytics and one in information systems for business students.

Information Systems Major Requirements

The major in Information Systems requires 27 hours of major in the discipline as well as satisfying the other requirements for the B.S.B.A. degree. A maximum of 30 hours is allowed in the Information Systems major or discipline field of study (i.e., core, major, electives) unless the extra courses are part of an interdisciplinary minor. The Information Systems department encourages its majors to seek an interdisciplinary minor. See an adviser for selection of courses.

NOTE: Course requirements in the Information Systems major total 27 credit hours. Because of prerequisites, students should allow two full years (24 months) to complete this coursework. Prerequisites are strictly enforced.

Course Requirements in the Major for All Concentrations 18

ISYS 2263	Principles of Information Systems
ISYS 3293	Systems Analysis and Design
ISYS 3393	Business Application Development Fundamentals
ISYS 4283	Business Database Systems
ISYS 4363	Business Project Development
ISYS 4213	ERP Fundamentals

Note: These required courses represent a common body of knowledge for all information systems majors. Majors must select one of the following concentrations and must complete nine additional hours of coursework in the elected concentration.

Maximum of 30 hours of ISYS courses in department (core, major, elective). More than 27 hours allowed if the extra courses are part of interdisciplinary minor or collateral track.

¹ Must be completed prior to MGMT 3013.

² Must be completed prior to taking any 3000 or 4000 level business courses.

Business Analytics Minor

The Walton College offers an interdisciplinary minor in Business Analytics.

Analytics are currently used by many companies for applications ranging from strategic management of data to day operations to customer insights to retail analytics to developing and maintaining a competitive edge.

The minor requires completion of 15 hours of study with all of the upper division courses applied toward the minor taken in residence. The 15 hours include:

ISYS 4193	Business Analytics and Visualization	3
ISYS 4293	Business Intelligence	3
ISYS 4393	Seminar in Applied Business Analytics	3
Select two courses (6 hours) from the following:		6
ISYS 4213	ERP Fundamentals	
FINN 3013	Financial Analysis	
ECON 4743	Introduction to Econometrics	
ECON 4753	Forecasting	
MGMT 4243	Ethics and Corporate Responsibility	
MKTG 3633	Marketing Research	
SCMT 3623	Inventory and Forecasting Analytics	

Students who desire to earn a Business Analytics minor must notify the Walton College Undergraduate Programs Office of intent to pursue a minor. All requirements for a minor must be completed prior to the awarding of the student's undergraduate degree. All specific course prerequisites must be met. Each student must have a 2.00 cumulative grade-point average in the courses offered for the minor. All upper division minor requirements must be taken in residence.

Information Systems Minor for Business Students

The Department of Information Systems offers a minor for Walton College students desiring more knowledge of information systems to assist them in their careers. The minor requires completion of 15 hours of study with all of the upper level courses applied toward the minor in residence. The 15 hours include the following courses:

ISYS 2263	Principles of Information Systems	3
ISYS 3293	Systems Analysis and Design	3
ISYS 3393	Business Application Development Fundamentals	3
ISYS 4213	ERP Fundamentals	3
Select one of the following:		3
ISYS 4223	ERP Configuration and Implementation	
Any 3-hour Junior/Senior level ISYS course		
Total Hours		15

Students who desire to earn an Information Systems minor must notify the Walton College Undergraduate Programs Office of intent to pursue a minor. All requirements for the minor must be completed prior to the awarding of the student's undergraduate degree. All specific course prerequisites must be met. Each student must have a 2.00 cumulative grade-point average in the courses offered for the minor.

Sabherwal, Rajiv, Ph.D. (University of Pittsburgh), P.G.D.M. (Indian Institute of Management), B.S.E.E. (Regional Engineering College, India), Distinguished Professor, 2011.

Schuetz, Sebastian, Ph.D. (City University of Hong Kong), M.S., B.S. (University of Mannheim), Assistant Professor, 2017.

Serrano, Christina, Ph.D. (University of Georgia), B.B.A. (Armstrong Atlantic State University), Assistant Professor, 2011.

Setia, Pankaj, Ph.D. (Michigan State University), M.B.A. (Management Development Institute), B.S. (University of Delhi, India), Associate Professor, 2008.

Steelman, Zach, Ph.D., M.I.S. (University of Arkansas), B.B.A. (Northeastern State University), Assistant Professor, 2017.

Sykes, Tracy Ann, Ph.D. (University of Arkansas), B.S. (University of Maryland-College Park), Associate Professor, 2011.

Syler, Rhonda A., Ph.D. (Auburn University), M.B.A. (Columbus State University), M.S. (Kansas State University), B.S. (Middle Tennessee State University), Clinical Assistant Professor, 2016.

Venkatesh, Viswanath, Ph.D. (University of Minnesota-Twin Cities), B.E. (Bharathiar University, India), Distinguished Professor, 2004.

Weng, Qin, Ph.D. (University of Pittsburgh), M.S. (Virginia Commonwealth University), B.A. (Beijing Foreign Studies University), Assistant Professor, 2018.

Young, Amber, Ph.D. (University of Oklahoma), M.B.A. (Oklahoma Christian University), B.S.Ed. (University of Oklahoma), Assistant Professor, 2018.

Management (MGMT)

402 Business Building

479-575-4566

Management Department Website (<https://walton.uark.edu/departments/management/>)

Management is the force responsible for directing organizations toward goals or objectives. Therefore, the management curriculum focuses on the nature and capabilities of human and other resources, as well as how the manager plans, organizes, staffs, coordinates, and evaluates those resources in an organization and its environment. The study of management prepares men and women for positions of leadership in profit and nonprofit organizations of all sizes. Management majors gain insight and skill needed for careers as professional managers or as self-employed entrepreneurs. These skills include technical knowledge, communicative capacity, human understanding, and conceptual and problem-solving ability. Two majors are offered in the management department. Requirements of the management major are listed below. Find out more about the general business (p. 401) major.

Students may choose from among three concentrations:

- Human Resource Management
- Small Business and Entrepreneurship
- Organizational Leadership

Management Major with Human Resource Management Concentration

The Human Resource Management Concentration is designed to prepare students for careers in human resource-related occupations. Among issues and areas addressed are management-employee relations, quality of work life, compensation and other reward systems, organizational staffing, and training and development. The Human Resource Management track emphasizes the importance of integrating individual goals and organizational objectives.

All management majors must complete MGMT 4243 Ethics and Corporate Responsibility. An additional 21 hours of credit are required for students majoring in management. Six of these credit hours are specified in the concentration. Beyond this, students can choose from specified management and non-management courses in order to complete the requirements for the major.

Management Major Requirements

The major in management requires 24 hours of major and collateral courses in the discipline as well as satisfying the other requirements for the B.S.B.A. degree. A maximum of 27 hours is allowed in a management major or discipline field of study (i.e., core, major, electives) unless the extra courses are part of an interdisciplinary minor or collateral track. See an adviser for selection of courses.

Courses Required

MGMT 4243	Ethics and Corporate Responsibility	3
Concentration Hours		21
Maximum of 27 hours of MGMT courses in department (core, major, elective). More than 27 hours allowed if the extra courses are part of interdisciplinary minor or collateral track.		
Junior/Senior Level Business Electives		12
Total Hours		36

Management Major with Small Business and Entrepreneurship Concentration

The Small Business and Entrepreneurship Concentration is suggested for students who are interested in starting and/or operating a small business or independent company after graduation. The Small Business and Entrepreneurship focus provides excellent preparation for students wishing to obtain a highly integrated view of business operations.

All management majors must complete MGMT 4243 Ethics and Corporate Responsibility. An additional 21 hours of credit are required for students majoring in management. Six of these credit hours are specified in the concentration. Beyond this, students can choose from specified management and non-management courses in order to complete the requirements for the major.

Management Major Requirements

The major in management requires 24 hours of major and collateral courses in the discipline as well as satisfying the other requirements for the B.S.B.A. degree. Marketing Department Website (<https://walton.uark.edu/departments/marketing/>)

The Department of Marketing offers two majors leading to a Bachelor of Science in Business Administration degree: Marketing and Retail. Requirements for the Marketing major are listed here. Find out more about the major at the Retail page (p. 440).

The major in marketing is designed to prepare students for careers involving product planning, distribution, promotion, and pricing strategies in profit or nonprofit organizations. In addition to a broad overview of the marketing functions within organizations, students are provided with knowledge and skills in consumer behavior, marketing research, and strategic marketing.

Students majoring in marketing are actively subjected to problem-solving situations, both domestic and international, where a variety of contemporary tools are employed to stimulate the strategic decision-making process. Supportive disciplines with which the marketer should be familiar include psychology, sociology, accounting, economics, statistics, quantitative analysis, and research methodology.

The marketing major is intended to provide students with broad knowledge and skills in marketing applicable to a wide range of profit and nonprofit organizations.

Requirements for a Major in Marketing

The major in marketing requires 21 hours of major and collateral courses in the discipline as well as satisfying the other requirements for the B.S.B.A. degree. A maximum of 27 hours is allowed in a marketing major or discipline field of study (i.e., core, major, electives) unless the extra

courses are part of an interdisciplinary minor or collateral track. See an adviser for selection of courses.

Major Course Requirements 21

MKTG 3553	Consumer Behavior
MKTG 3633	Marketing Research
MKTG 4853	Marketing Management
Select four of the following:	
MKTG 3653	Category Management Topics
MKTG 4233	Integrated Marketing Communications
MKTG 4343	Selling and Sales Management
